Bro. John Hazeldine (left) Bro Dean, Bro. Greg Alford

Some carry this message into deepest Africa. Others go to Wellington on a cold wintery day, a southerly wind blowing! Just after brother Dean was baptised, a huge wave immersed them up to their necks. But they were rejoicing in The Lord as His Message was unhindered despite the rough seas [see photo above] and also seen on the happy faces from Petone foreshore! (Next page)

For the past four or five years, ever since Wellington has been without a resident pastor, Brother Greg Alford has been making trips there when invited. This was usually four to six times in the year. After the sad passing of Brother Lance, there were no men left to take up the responsibility of pastoring the little group of Believers.

Brother John Hazeldine has been left in charge and he has done a great job

in holding the group together and at each meeting he song leads, tells the children a story and preaches the sermon. What with setting up the necessary equipment and dismantling it after each service, our brother's faithfulness is certainly to be commended. May The Lord bless him.

Over the last seven months or so, The Lord has sent along some four to five new young men and also a new young sister. As these dear ones are becoming immersed in the revelation of the Message of this hour, they are growing in Christ. Just recently one of the new brothers received Christ into his life and Brother Greg was asked to go up and baptise him in Christian baptism.

Usually at precious times as this, the brethren from the surrounding fellowships i.e. Levin and Bro Barry Boyes' group, join the occasion. Brother Dean, who was to be baptised, invited his family and friends and we had about twelve

visitors come to the baptism on Petone foreshore. It was a cold, windy southerly blowing on that day, but the rain held off as Bro. Greg and the brethren went into the sea. It was great to have so many unbelievers there to hear the short Gospel message and to witness Brother Dean's baptism. Also Sister Bronwyn, while attending the Auckland Easter meetings, felt led

to be baptised with several others who Bro. Derrick baptised. So The Lord is working in the Wellington church. And we were pleased to have had a little part of what God is doing in their area. Please pray for them that The Lord will raise up a pastor to guide them on.

~Breakfast at McDonalds~

I am a mother of three (ages 14,12,3) and have recently completed my college degree. The last class I had to take was Sociology. The last project of the term was called, 'SMILE'.

The class was asked to go out and smile at three people and document their reactions. I thought this would be a piece of cake, literally.

Soon after, my husband, youngest son and I went out to McDonald's one crisp March morning. It was just our way of sharing special play-time with our son.

We were standing in line, waiting to be served, when all of a sudden everyone around us began to back away, and then even my husband did. I did not move an inch....an overwhelming feeling of panic welled up inside of me as I turned to see why they had moved.

As I turned around I smelled a horrible 'dirty body' smell, and there standing behind me were two poor homeless men. As I looked down at the short gentleman close to me, he was 'smiling'. His beautiful sky-blue eyes were full of God's Light as he searched for acceptance.

He said 'Good day' as he counted the few coins he had been clutching. The second man fumbled with his hands as he stood behind his friend. I realised the second man was mentally challenged and the blue-eyed gentleman was his salvation. I held my tears as I stood there with them.

The young lady at the counter asked him what they wanted. He said, 'Coffee is all Miss' be-

cause that was all they could afford. (If they wanted to sit in the restaurant and warm up, they had to buy something. He just wanted to be warm).

Then I really felt it - the compulsion was so great I almost reached out and embraced the little man with the blue eyes. That is when I noticed all eyes in the restaurant were set on me, JUDGING my every action.

I smiled and asked the young lady behind the counter to give me two more breakfast meals on a separate tray. I then walked around the corner to the table that the men had chosen as a resting spot. I put the tray on the table and laid my hand on the blue-eyed gentleman's cold hand. He looked up at me with tears in his eyes, and said, 'Thank you'.

I leaned over, began to pat his hand and said, 'I did not do this for you. God is here working through me to give you hope.' I started to cry as I walked away to join my husband and son. When I sat down, we held hands for a moment and at that time, we knew that only because of the Grace that we had been given were we able to give.

We are not church goers, but we are believers.

A true story that was sent to us. The lady did not wish to be named, but as they said they are 'believers' we thought it would fit really well in the 'Believers Newsletter'.

From the Editor's Desk

Greetings, Saints. These last six weeks have been particularly interesting with very rich blessings on the ministry. And most of us have been the recipients of those ministries. I'm thinking back to Bro Ron Spencer and Bro. Harold Hildebrandt's messages at the Auckland Convention and my wife and I have been playing the DVDs. We are so glad that these DVDs are available to those who were unable to attend those meetings.

Then no sooner was the Auckland Convention over; than Bro Vataliai Kau from Fiji travelled from Auckland down to Christchurch, answering invitations from various churches and he ministered The Word to them.

Our staff are presently collating a list of addresses of places of worship, contactable phone numbers and e-mail addresses and also the times of Meetings. Upon completion, this directory will be available on request.

Once more I have been blessed with the fellowship I have had these last few weeks with the ministering brethren and I thank you for your love and support.

On behalf of the Trustees, Brothers Ross, Adrian and myself, I wish you God's blessings.

Fresh Manna

26-1 Oh, Christians, be identified not as a hawk but an eagle. That hawk is soft; it'll come down. You never see a eagle doing that; he will never do that. He hunts his own food out of the blue. God's prepared him so that he can see it. He gets fresh manna, not something that's dead.

The Spirit Of Prophecy Part 2

Bro. Barrie Boyes

*Adoption 1. Placing 2. Manifestation 3.
Adoption Pg 103-104 Part 4*

Ephesians 1:8-9 8 Wherein he hath abounded toward us in all wisdom and prudence

9 Having made known unto us the mystery of his will,....

God since the beginning of the world, predestinated us to the adoption of sons. Now the whole creation groaneth, waiting for the manifestation of the sons of God.

"He made known to us the mystery." Get the holy spirit on you sometime, ... "The mystery how mysterious"... How it's something together, see the mystery of his coming 1, The mystery of his will 2, The mystery of us sitting together: 3 ... Its a mystery that's been hidden since the foundation of the world, waiting for the manifestation of the sons of God. ... It had to wait till this time.

Adoption Pg 108. Part 4 "Make known unto us the mysteries of his will"... Hebrews the 7th chapter. For this Melchisedec (now watch) king of Salem, priest of the most high God,...What's the mystery now? Here's the mystery, watch this. Who is this fellow making, knowing, the mystery of his will, this Melchisedec?

In 1965 Bro Branham brought the full revelation of Melchisedec into view in the message "Who is this Melchisedec" The Spirit of Prophecy reveals that Melchisedec comes into view three times and He always brings the mystery of His Will to his predestinated sons of God. Melchisedec first comes in view in Genesis 14:18-24. He brings forth

bread and wine the substance of Himself and reveals Himself as The Most High God, Possessor of Heaven and Earth - the Title Deed Holder:

"Who is this Melchisedec", second view.

Pg 14 We never heard no more of Melchisedec, because He became Jesus Christ. Melchisedec was the priest, but He became Jesus Christ.

Pg 24 Now we see Melchisedec and why that Mary wasn't his mother. That's the reason he called her woman, not mother: He had no Father, for He was the Father, the everlasting Father, the three in the one. ... This Melchisedec became flesh. He revealed Himself as Son of man.

Pg 32 That Melchisedec was flesh, represented Himself in a human body; and then later He was made flesh. And now tonight, He's the same, yesterday, today, and forever: Do you believe it?

Under the ministry of Brother Branham, Melchisedec comes into view for the third time as he reveals himself to us as his royal seed of Abraham.

Pg 22 Who is this Melchisedec but God? Now, we see here plainly the complete secret of our lives in journey, and death, and where we go after we die. Also predestination is in plain view here. Now, listen as we teach this closely.

Hebrews 8:1-2

1 NOW of the things which we have spoken, this is the sum: We have such a high priest, who is set on the right hand of the throne of the Majesty in the heavens;

2 A minister of the sanctuary, and of the true tabernacle, which The Lord pitched, and not man.

Greetings to all the lively stones of this spiritual house.

Brother Barrie Boyes.

Four Continue Missionary Work on Vanuatu

Solar Panels Installed. Brother Pethuel Tamga at Lombanga Village, West Ambae

Vanuatu

From the 2nd until the 13th of May, Brothers Johnny Dimov, Paul Moffitt, Adrian Gray and Justin Lane went to Vanuatu to continue the missionary work that has been in a progressive state since our introduction to the country in 2005. Bro' Paul, Bro' Johnny and Bro' Justin went to Malakula Island and Pentecost Island while I (Bro' Adrian) went to Ambrym and Ambae Islands. The time, money and spiritual input into this country is bearing fruits that have given the native people there access to the message where they can see the fulfillment of the Word unfolding in their own personal lives.

Over the past year I have written a number of articles on Vanuatu and the work that has been done there to the glory of God. But without the prayers and help of the Saints throughout New Zealand and Bro' Johnny's fellowship in Caboolture in Queensland, and from Phoenix in the USA, things would be vastly different

It is encouraging to stand in these pulpits that the Saints have made available to us and watch as the "lights go on in their hearts" and changes start taking place - some faster than others - but changes nevertheless.

Bro' Justin Lane came with us to do the electrical work in setting up the solar panels. These were such a problem for us getting them into the country with all the red-tape coming from the airlines. I wish to thank him

for the sacrifice he has made in building these systems that can be used for MP3 players, lighting and laptops. The generators that have been donated to these churches are in fine condition and used for the brethren's purposes only. They have all been serviced and were used by the three brothers as well as myself on this visit.

I was asked a question as to how long the electrical equipment would last under normal use. My reply was that the machinery will survive until the body change and after that the gear can fall to bits, rust and rot as we won't be here to concern ourselves with the inventions of man. But until then we'll be good stewards of what we have.

Next month Bro' Renato and Bro' Nahum go to Ambrym Island for 10 days to do building work on one of the houses there which will be of benefit to ministers passing through and also for storage of the church's tapes and books. Please pray that they will achieve their goal. Thank you to Bro' Paul and Bro' Johnny for the teamwork that made the visit to Vanuatu a collective success.

Shalom.

Bro' Adrian Gray.

Vanuatu Trip Continued

On May 2nd Brothers Adrian Gray, Justin Lane, and myself flew to Vanuatu to meet up with Johnny Dimov from Caboolture, Australia. We each were looking

The Three Musketeers, Paul, Justin, & Johnny

forward to the eleven days of travelling and ministry ahead of us.

Brother Adrian went his own way over there, leaving us three to travel to the islands of Malakula and Pentecost. We connected back with him again on the main island of Efate on a couple of different occasions.

Brother Johnny and I ministered over the pulpit and shared a lot with the Saints between services. The atmosphere amongst the people there made ministering to them very easy.

Brother Justin's contribution in the field of electrics and electronics was invaluable. Circumstances on a trip like this require much thinking "outside the box" and his constant inventiveness and creativity never ceased to amaze.

Highlights for me included seeing first hand:

1. The people's response to the Word of God as It was ministered.
2. The stability and spiritual growth in the church in Port Vila over the last couple of years.
3. The care, respect, and appreciation shown to the generators and other electrical/electronic gear that has been provided to the Saints and churches there.

God bless you all. Thank you for your prayers for us for this trip and your generosity to the Body of Christ there in Vanuatu.

Middle East: "A New Reality"?

Greetings once again in Jesus name, from the Middle East. We have just returned from another profitable outreach into Syria - our 5th. It was very remarkable indeed. The Word went forth with power, touching hearts that had not yet heard the restored, end time truths. Your prayers and support are greatly appreciated as the same Gospel Paul preached is being re-established in Damascus and other parts of Syria. This has also led to further opportunities to share the Word in other nations.

While we were in Syria we had the most unique and unusual experience of attending the debut release of the docu-drama on the life of the Apostle Paul. What is so outstanding about this film, is that not only is it sanctioned, but it is being promoted by the Syrian Government - which is Muslim. Leading Muslim Clerics were on hand for this event, along side Catholic Bishops, Orthodox Patriarchs and Evangelical Pastors. It was publically stated during the ceremonies that through this film and related events, the Government of Syria intends to show the world that Christians and Muslims can peacefully cohabitate together. Even more outstanding was the fact that every actor in this dramatic film - was Muslim!

Living here also provides us with a unique "pulse" on events. As much as I want to share some wonderful testimonies, I feel impressed to highlight some very important things currently taking place, which are lining up with great potential for the fulfillment of long awaited prophecies.

U.S. Senator John Kerry, the Chairman of the Senate Foreign Relations Committee, was quoted as saying in the article written by Meredith Buel in Washington on May 7th; "There is a new reality - moderate Arab countries and Israel alike are actually more worried together about Iran than they are about each other. As a result, they are now cooperating in ways that were unimaginable just a couple of years ago."

The Pope is mid way through his excur-

sion to Jordan and Israel. He is pictured here at the largest Mosque in Jordan where he spoke and prayed. We know that the

last great bastion or "hold-out" from the Pope's leadership – has been Islam. This is changing as the King of Jordan called on the Pope to help bring peace between these two great religions and stressed the "importance of co-existence and harmony between Muslim and Christian".

In fulfilling a campaign promise, President Obama just announced that he will be in Egypt on June 4th for his greatly anticipated speech of reconciliation with Muslims. The tide of tolerance among Arab/Muslim too is turning against zealots and fanatics like the Taliban and Hezbollah. This is evidenced by the Pakistani Government's new, "all out offensive" against the Taliban. Egypt too sent a strong message against extremist forces by recently arresting Hezbollah operatives that have been there for years.

In Iran too we see "reformists" gaining the upper hand in their upcoming elections. The campaigning in Lebanon for the June 7th election is also very revealing. Muslim's here are joining up with "Christian" parties to form a coalition. Whoever would have ever imagined it possible to see a billboard featuring a Mosque and a Church side by side captioned with; "Time for Change"?

As I sit here and write, I ponder the possibility that the stage is being set for "Peace, Peace" [1Thess 5:3] – right here in Lebanon, whose population is split almost equally between Muslim and Christian. The Pope's influence in Lebanon both politically and militarily – is unparalleled in the entire Middle East. If a peaceful coalition is attained here, the effects will be dramatic. The Pope will certainly be in a position - unlike anytime in history - to affect changes in Israel. How the world will marvel at the wonder of his recon-

ciling all three major faiths of the world and then positioning himself in the one location where these three great religions converge – Jerusalem. How close are we? Please keep us in your prayers as these events continue to unfold and as we boldly declare His Word.

God bless you, Brother Tony

Middle East: Peace, Peace, Peace?

How exciting it is to be living in these days as we continue to see events in the

world correlate with those in Scripture.

Pope In Al Asqa.

Any time a Pope visits the Middle East and especially Jerusalem, it is certainly noteworthy. Pope Benedict, the second Pope in history to visit Jerusalem, amazed the world last week as the first Pope to set foot on the Temple Mount, as seen here entering Islam's third holiest shrine. Is it any wonder that the objective of his visit to the Middle East was summarized by just three words: "Peace, Peace, Peace" ?!

Other incredible things are taking place that were 'unthinkable' just a short while ago. Israeli Prime Minister Netanyahu (an ardent opponent to granting the Palestinian territories separate State status) now appears prepared to reverse his stand as evidenced by this statement which Israeli Defence Minister Ehud Barak told Channel 2TV on Saturday, "I think and believe that Netanyahu will tell Obama this government is prepared to go for

Continued on Page 8

Overseas

a political process that will result in two nations living side by side in peace and mutual

respect.

This change is no doubt facilitated by the fact that a recent Israeli poll found 58% of the population supports such a venture for peace.

Shimon Peres summarized his recent meetings with King Abjullah of Jordan by saying "our talks were very constructive, friendly and warm" and that he "sees eye-to-eye" with the king, especially on his call for a swift settlement to the lingering Arab-Israeli conflict. "We want peace. We don't consider the Palestinians as our enemy, but our friends and neighbours." Peres went on to say, "We don't consider Islam our enemy."

Another fact that confirms the momentum building for prospects of peace in the Middle East is that an alliance exists "of 57 Arab and Muslim states that are willing to bury the hatchet and forget the past for the sake of future generations. The peoples of these nations are looking to Obama to deliver on their hopes for prosperity and peace. The only question is whether Obama can meet the challenge." The terrorist party, Hamas, has been stressing the point lately that they have nothing in common with the virulently anti-western al Qaida, as they endeavour to reach out to the West and Israel.

While the terrors and crimes of Islamic radicals cannot be marginalized, we must not lose sight of our focus in The Word concerning endtime events. If Islam or some Sheik truly were the embodiment of the antichrist, would not The Holy Spirit have directed His Prophet to identify such a threat? The Message is strangely silent on this point – with-

out even a hint of reference. As murderous as Stalin and the Communist regime was in the time of God's Prophet, The Word of The Lord to the elect then was ".Do not fear communism.." Are we any less discerning to demonize the wrong target today as was done back then? Without a scriptural identification, Islam is merely a "tool" in the hand of God to bring about the events that serve to facilitate the true terror – the beast behind the 'purple curtain'.

We experienced this firsthand in our detention last year with Hizbollah, who were more polite than the Chinese police and released us without harm. Recently the Bishop in charge of the exclusive Catholic TV station, Tele Lumiere, said on his weekly program in obvious reference to our work, "beware the dangers of the false prophet, William Branham's teachings." Our experience here is that Muslims are less antagonistic and more polite to hear the truth – than those of Catholic or Evangelical backgrounds!

Given these events and the fact that there are no established Message works among Nationals in the Middle East [except in one country – Iran], you can appreciate the immense challenge we face in preaching and spreading the Truth. As great as the challenge is, we endure and press on. The two messages "Life Story" and "How The Angel Came to Me" have just been translated into Arabic. We covet your prayers and support and invite you to share in our anticipation of what the future of this fledgling work may grow into. You can view a short video clip [on the following web site] of Arabic worship in the apartment converted into a place of worship where we hold regular services to strengthen and encourage the new believers.

See <http://endtimemissions.blogspot.com/>

Please pray for [redacted] from Egypt, with whom we shared the Message while in Syria. When finished, Amged remarked; "We need to talk some more! How soon can you come to Egypt?" How wonderful the hunger is of souls searching for truth – and of the truth that can satisfy!

TESTIMONIES OF PERSONAL BIRTH PAINS

By Brother Zanoli

First, I would like to thank all the brethren who generously donated funding for the restoration project on Vanuatu's island of Ambrym. Lord willing, Brother Nahum Gray, my boys Mariano, Enrico and I will fly off in June to have a good "kiwi scrub up" on the building mentioned.

When turning a chapter in our life's journey, we sometimes reflect on where we have come from, where we are at and where we are heading to - such as my family and I have experienced recently, shifting again to Cambridge. In these times it comes to my mind that "this world is not our home. We are just pilgrims in a foreign land..."

And as the scripture says: "The children of God are led by the Spirit of God". We are still holding firmly to this promise, and keep pressing on towards our final destination.

These are also times when we look back and reflect

on our testimonies and realise how personal this relationship with our heavenly Husband, the Lord "Mr" Jesus Christ and us, "Mrs" Jesus becomes. No church, ministry, or man-taught theological study could ever replace these testimonies in our own life.

My Wife and I thoroughly enjoyed all the young people's articles and testimonies in the recent Believers newsletters. Thank you! They are special gemstone evidences that God still "personally" comes and saves and reveals Himself with His sovereign amazing grace, not respecting a person's status, gender or theological knowledge and/or previous mental conception of the message they may have had.

It is one part of the drama to conceive, (as the baptism of the Holy Spirit or rebirth

Bro Renato Zanoli

is simply an awakening of our heavenly Husband's seed which was already in us, but dormant from before the foundation of the world). But then there is the other part, to bear this life and bring forth the Fruit (not fruits) of the seed that was freely given to us through love - because He first loved us!

Therefore this walk will come with birth pains, if we like it or not. And the very birth pains produce testimonies, which not all brethren around us, let alone people in the world may always understand, but only the one who personally bore the birth pain.

It always amuses me a little when unexpected events and people's personal testimonies stir the "pool of waters". This is nothing new, as the same happened in times past. That's why Brother Branham told us never to put God's Word in a box finishing it with a full stop!

It reminds me also of the incident when Jacob came back from the fields and was greeted by his wives, quarrelling over their husband's life-giving seed with "theological mandrakes".

But Rachel he loved first from the beginning, and she finally bore Joseph, Jacob's seventh son of his two wives.

Rachel's life became her personal testimony through birth pains, with previous barrenness and hardship.

This message is and will always be a love letter to the Husband's Wife. The drama we are currently in is a "family affair". The evidences (if there are any) of the baptism of the Holy Ghost become testimonies of personal birth pains.

God bless,

Bro. Renato Zanoli

An Extra From

The Auckland Convention

Brother Vitaliai from Lautoka, Fiji, attended the Auckland convention and then visited several churches around the country.

The Eltham Message Church was very pleased and blest to have Brother Vitaliai preach over the first weekend in May. He preached twice on Sunday and led a Bible study group on Monday night.

He and I took a drive around the mountain but never fully saw it!

Richard Oliver

Pastor Vataliai Kau visits New Zealand

Bro Vataliai Kau of Fiji

sage must carry evening results. The evening Message must sow evening seeds, not morning seed: Evening seed. Is that right? The midday scene – its seeds back there was denomination and it died, perished. But Evening time Message will show Evening time Light, will show Evening time results. The Evening-time Message – Jesus' time, midday message showed midday results. The beginning message showed the beginning result: made creation. He made His Son

It was a joy to have Brother Vataliai Kau visit us from Fiji on the weekend 25-26th April to minister to us and have fellowship. We did our best to keep him warm and Sunday came with the sun shining and a nor'wester! As our brother said, "for a poor humble Fijian". He also asked us what we considered the coldest months in New Zealand? So don't expect to see him around here in June/July.

Bro Vataliai's message was encouraging and he was in full flight, expressing from an overflowing heart, God's wonderful purpose for His Bride. His message was titled 'Morning – Mid-day – Evening', and he read from Brother Branham's messages: 1965 TRYING TO DO GOD A SERVICE – Jeff IN 65-0718M DOING GOD A SERVICE WITHOUT HIS WILL.

176 *Notice. God promised that He would bring His Bride out, what He would do: There would be a seed : there'd be a Light in the evening time: how He would do all these things, just exactly, and by the way that He original planned it in the Old Testament and the New Testament. And it isn't through denomination. It isn't through our system we're using today. We're just causing death. Put... People are...put their hands with it and die from it. See?*

177 *The Word , the evening Mes-*

in His own image in the midday. In the evening time He makes a Bride for it. See? What by? His Word. How did He form the earth? How did He speak it into existence? By His Word. Who was His Son? The Word. "In the beginning was The Word, and The Word was with God. And The Word was made flesh and dwelled.." How will He take His Bride? By The Word, not be a new cart, not by some theologian's idea, but according to His Word He'll identify Her. Don't put one thing to it or take one thing from It now. Leave It the way It is. See?

178 *The evening time. He promised He'd reveal- open those Seven Seals and show what them churches had missed back there. Revelations 10 and Malachi 4, Luke 17:30, He said He would do it, so let's not mix it up. Let's keep it right like that.*

Bro Vataliai continued his message by encouraging us to let God separate us from all unbelief, purge out everything not of God, that we might be perfect vessels by The Holy Ghost. We are to serve God's purpose – and only by the quickening power of The Holy Spirit in you – and not to let anything distract from the true Baptism of The Holy Ghost. That's the Token for the Resurrection and only by being birthed by The Holy Spirit will we make it.

Eve came when the Garden was set in order for the multiplication to bring FAITH,

'the attributes of God'. She was deceived in the true purpose. Satan hates God's Life and satan doesn't care how religious you are, how many churches you attend with all the mechanics of the Message. Unless the Life and dynamics are there you will fail.

Exodus 1: A Natural land to another natural land. Exodus 2: From law to the infilling of The Holy Ghost. "Ye must be born again". Exodus 3: It starts with The Holy Ghost in you for the rapture, the body change and the millennium.

The true Bride lives in liberty. Many, called bride, are bound by the traditions of the Message with NO Life.

Matthew 16: 16-17 *The gates of hell shall NOT prevail against it. All hell is against this Truth. The Bride is the mystery of Christ revealed today – and greater is He that is in you than he that is in the world.* 1 John 4:4.

The "Lap-over"

On the same Sunday that Brother Vatilai preached in Auckland, Brother Adrian Gray was preaching in Nelson on the subject, "Wisdom in the Time of the Lap-over". The day that Brother Adrian & Sister Mary were to leave us for Christchurch, Brother Vatilai was to arrive an hour and a half before their flight departure.

Seated at the airport during the "lap-over" between these two flights, as the two brothers briefly compared the subjects they had preached on the Sunday, we learned they had ministered on the same theme. As they briefly compared notes, we all rejoiced to realise that the same inspiration was flowing at two different places at the same time. Praise the Lord.

Needless to say, the ministry of both brethren was well received here in Nelson.

Israeli Innovation: Watering Fields With Dew

by Baruch Gordon

(IsraelNN.com) A new method for irrigating fields has been developed in Israel and will be presented at the upcoming International Agritech Exhibition 2009 in Tel Aviv.

The water crisis in Israel and throughout the world is expediting the development of technological solutions for reducing the amount of water used in agriculture. In the new method, dew that falls during the night is channeled and used to irrigate produce.

Normally, drops of dew that fall on a field would not reach a plant's roots since the small amount of water doesn't penetrate deep into the soil. But with the new technology, the drops of dew that fall all around the plant are directed to the few inches surrounding the center of the

plant so that the roots get nourishment.

The product was developed by Tal Ya [lit. Dew of G-d], an agricultural start-up company located near Netanya in Moshav Gan Yoshiya.

In a series of tests conducted by the Ministry of Agriculture and the [Agricultural Research Organization](#), integration of the new watering method saved at least 50% of water and fertilizer usage.

"Most watering systems spread the water all around the field such that much of the water seeps into the ground away from the plants' roots and much of the water evaporates," explains Avi Tamir, the founder of Tal Ya. "Our product both delivers the water right to the roots, and traps the evaporated water and recycles it back into the plant."

Since fertilizer is commonly mixed into the watering systems, reduction in water amounts is accompanied by an equal reduc-

Continuation of Watering Fields With Dew article from Page 11

tion in fertilizer. This fact represents significant savings for farmers in light of the sharp rise in fertilizer prices. It also reduces the pollution of ground water caused by excess fertilizer.

According to the developers, the financial outlay in purchasing the product is earned back in one season of produce.

The Tal Ya company will present its product at the upcoming Agritech 2009 Exhibition and intends to find a partner to market the prod-

uct in the Israeli and world markets.

The [17th International Agricultural Exhibition](#) will be held on May 5-7, 2009 at the Tel Aviv Exhibition Grounds. Two hundred and fifty companies will present innovations in agriculture and irrigation, developed both in Israel and abroad. Some 25 ministers and deputy ministers of agriculture from around the world will attend along with delegations from dozens of countries.
