To Kill and Then to Take Possession Sunday 2nd. February, 2003

*Our god is an awesome God,
He reigns from heaven above,
With wisdom, power and love,
Our God is an awesome God.*

Hallelujah! Our God is an awesome God. Blessed be his wonderful name. I want to greet everyone this morning in the precious, lovely name of the Lord Jesus Christ. It is a blessed privilege to be in his house. David said "I was glad". How many are glad this morning to come in his house? Amen. We enter his courts with praise; we come into his gates with thanksgiving, ministerial, royal priesthood. We can offer the fruits of our lips, giving praise and thanks unto him.

We have our dear brother Gregory Williams and his dear wife coming to dedicate their son this morning, Jeremiah Hosea Samuel, unto the service of the Lord. This is the first of Gregory's since he is here, amen. Since he is here in the assembly, two already since he is here in the assembly, praise God, amen, praise his wonderful name. Hallelujah! The Bible said, "As arrows are in the hand of a mighty man, so are children of one's youth. Blessed is everyone that feareth the Lord; that walketh in his ways; for thou shalt eat the Labor of thine hands. Happy shall thou be, and it shall be well with thee. Thy wife shall be as a fruitful vine by the sides of thine house; thy children like olive plants round about thy table. Behold, that thus shall the man be blessed who feareth the Lord. The Lord shall bless thee out of Zion, and thou shalt see the good of Jerusalem all the days of thy life." Psalms 127:3

*Lo, children are an heritage of the Lord;
the fruit of the womb is his reward.*

Let us bow our heads as we dedicate little Jeremiah Hosea Samuel to the Lord Jesus.

Thank you Jesus. Gracious God, we take these few moments for dedication this morning to dedicate little Jeremiah Hosea Samuel Williams, precious little Samuel, that you have given to the home of the Williams, Lord. Our brother Gregory and his dear wife with us, Lord, made this great decision to receive this great message of

Love that you have sent in these last days. This great capstone revelation of Jesus Christ that has come back to the Church to make a people ready for your coming. But, dear God, as they have embraced this great truth and taken this stand here with us in the assembly, Lord, we thank you for them father. For what a blessing it is to see the sacrifice that they make, the distance that they travelled from, their faithfulness Lord and their coming in the house of God to take up their position and their responsibility as believers. We pray that you will bless them and continue to bless them, dear God.

Lord make their home a happy one, may you supply their every need. May you continue to open up the Word and inspire great faith to them dear God, and let your presence, not only be felt, but be seen with them, that people will take note that they have been with Jesus. Grant it dear God.

Father, how we thank you father for the fine spirit that we see exhibited in their lives. Now, as they bring the little boy for dedication, we thank you for giving our sister a safe delivery. We thank you for sending this boy into this home at this time. We pray dear God, that the blessing that he is designed and intended to bring to them at this time, will be realized by them, as you will enlighten them as to the purpose of his coming. And they will be inspired Lord, through your grace and through the working of your Holy Spirit in their lives, to raise him for this purpose according to the glory of God. Grant it father. We dedicate him today for a life of service in the precious, lovely name of the Lord Jesus Christ. By faith we place him beneath the precious blood; praying that your blessing will ever be upon him and he will grow in grace and in knowledge of the Lord. And, dear God, he would, Lord, be a little token of your grace. And all those who see him and come to know him, Father, will see even from, Lord, a babe; as the scripture says: "out of the mouth of babes and sucklings you perfected praise and you have ordained strength. And you would see the hand of the Lord upon this child." Grant it father, as we dedicate little Jeremiah Hosea Samuel Williams to you in the name of the Lord Jesus Christ for your honour and your glory Amen, Amen. Praise his wonderful name.

We thank God for our precious brother and his wife. They seem to have taken a great stand of showing real willingness to serve the Lord and to walk in the truth. It is such a great thing.

Just coming kind of late, when I heard the song “Can’t You Hear Your Theophany Calling”. You know we are getting ready to leave on Monday, for Dominica, to go and just be about four days with the saints there to oversee things a little bit and talk with them: then to go to St. Vincent and be with the saints there. They’ve been calling for some time and see what we can help them with and then to spend couple days in Barbados then get back on Wednesday. So we are trusting in the Lord that you will also remember us in prayer with this: myself, Bro. Dasent, Bro. Steve Walters and Timmy. We will be there for a few days among the believers there.

It is certainly a time when things are happening in the earth, the things that the Holy Spirit is showing us in the Word to be among believers, especially the ones that are now raising up and becoming established, that they would know how to function. Should anything break out, anything happen, they would know how to move; what to do.

We are living in such an unpredictable time, uncertain times, but we have received a message, a kingdom that cannot be removed. While this world is again falling apart, God is gathering his people and raising them up in this great faith civilization, to walk in a world of perfect faith with him. And how we desire to see that become the portion, become the possession of every believer: the kingdom of God, the Word made spirit and life within you, the Holy Spirit living in the believer.

Let’s just bow our head as we pray one more time and commit this service into His hands as we look to Him this morning. Want to encourage you to believe. It is a great time to serve God. It is not a time to be indecisive. It is not a time to be wondering what is happening. God is giving understanding. The Holy Spirit is opening the Word; he is shining light. The call of the spirit is going out. God is looking, searching and seeking out the elected ones: those foreknown of God, foreordain to go in the rapture, quickening them and making them alive, raising them up into heavenly place. Today if you hear his voice, hardened not your heart, open your heart and say speak Lord, thy servant heareth.

I know he will not disappoint you. He is a faithful God; he is an awesome God.

Our Lord Jesus, we bow our hearts in your mighty presence. We come before your great throne of grace with thanksgiving and praise. We come confessing our sins Lord; laying aside every weight, knowing that this, Lord God, is a blessed privilege for us to be able to confess our sins and put it in the bleach of the blood of Jesus Christ, knowing that ‘he who covereth his sins will not prosper’. But if we are willing to confess our sins, you are just and faithful to forgive us of our sins. If we walk in the light and that light would come and shine and expose our sin and we receive correction and we would walk in that light, humbling ourselves under your mighty hand, the blood of your son, Jesus Christ, cleanseth us from all sins. And we have fellowship one with the other.

Oh God! We pray today Father as we see time running out. We see the time clock striking in this great hour. Remember the words of your prophet impacted by that great seven seal vision, when he saw the coming of the Angels, a blast that shook the earth, seven angels in the form of a pyramid. He is raised up dear God in that consolation.

Oh! God, and the Angel of God with the silver sword pointed back east, saying, go back east and open the seven seals for God. It will be told you what these things are. He was so shook, Lord, he came back to the Church, telling of the great fulfilling of these things and he begin to open those seals one by one. The most so sublime thing that ever took place, that which the lamb had died for. When the works of God were settled in the back part of Your mind before the foundation of the world and the names of the elect were put in the Lambs book of life, here was the time He is going to claim your purchased possession, Lord.

He said, “When you see the Son of man coming in a cloud, with power and great glory, look up and lift up your heads, you know that your redemption draweth nigh”. You will hear wars and rumours of war, earthquakes in divers places, men hearts failing for fear but even though all these things are happening, Lord, the end is not yet. These are the beginning of sorrows.

Oh God, we are so grateful you have taken us away from this trouble Lord, and hid us in the secret of your pavilion, in your tabernacle. You have set us upon a rock; we shall not be moved.

This great revelation of the rapture unfolding, breaking forth upon the hearts of your children, that you are letting them know that they are part of the bride. They are foreordained of God. They have that representation of predestination. They are knowing the Word by what is happening. All that you said, we see it happening in our very own lives father, taking out fears and taking out doubts, giving witness and confirmation, bringing an end of all strife. It brings a peace that passes all understanding and a love that passes all knowledge.

Truly Oh God, it has moved us to surrender our all, to come into submission to your revealed truth, be willing to be led by you. We pray dear God that that would be the portion of everyone that is desiring that today. We pray that the spirit of God would speak expressly. You said, you will write your laws in our hearts and our minds, our sins and iniquities you will be remembered no more, no man will have to say you know the Lord, for we will all know you.

Gracious God, this is that new covenant, this is the evidence as you write that name in our foreheads, as you identify us Lord by putting the seal of that covenant in us. Let it be father, this great Baptism of the Holy Spirit, this seal that speak of a finished work, a security of ownership. When these great plagues are falling, he says, “see that you touch not those who have that mark in their foreheads”, where your name is written. May we strive for that today, father, may your Holy Spirit minister to us in such a personal way.

Truly, Oh God, it can move us into a rapturing faith, a rapturing grace that will sweep over this Church. Faith, Oh God, being lifted up, will cause the sick to walk into healing, cause the blinded eyes to pop open and see that these things are faithful and true, recognizing their positions in the scriptures, oh God, would bring the Holy Spirit, Lord, in such a surge, moving into the hearts of every elected one dear God, not just move here, but move out in the islands where they are connected with us, where they are wired up father, by the same revelation. Oh God! I can see the revival breaking out in those places: the Holy Spirit make the Word personalized and make it manifest in their midst, that they see

Jesus walking amongst them. Grant it Lord. We commit all things into your mighty hands. We await divine leadership and direction in all that you will say and do. May you have your special way amongst us, may you meet the every need in the hearts of your believing children: even the strangers and visitors father. May, Dear God, you confirm your Word and make it real in our midst. They will recognize your presence, they will come to know you in the pardoning grace of this living Word in the name of Jesus Christ we ask these things, committing all into your mighty hands for your honor and your glory. Amen. Amen.

Praise his wonderful name. Lets just open up the scriptures this morning. I would like to open again in Revelation, chapter 6; also in Revelation, Chapter 13; speaking in the book of Revelation. Going back in the Old Testament: making these symbols plain; and we can see what it speaks of, what it all means. Revelation 6: verses 7 and 8: verse 1 and 2, when the seal begins to break, a white horse went forth; in 3 and 4 a red horse begins to ride; 5 and 6 a black horse and 7 and 8...

And when he had opened the fourth seal, I heard the voice of the fourth beast say, Come and see.

And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him.

And this is in the earth. This riding is in the earth and we are seeing what is happening in the earth. When we look this morning, we could behold that pale horse and we could see who sits on him. We could see the power behind that great move that is taking place which this horse symbolizes.

...and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

Power is given unto them over the fourth part of the earth to kill with sword. When you see people being killed with sword in this age, you know that that is in the Bible. When you see people are being killed with hunger, with famine, you know that is in the Bible. When you see people being killed with pestilence, you know

that that is in the Bible, and you know the book of Revelation is a book of prophecy. Seal not up the sayings and these things because the time is at hand. These things are for now; this is the day that we live in.

Revelation 13: I want to get the 10th verse. It's placed between the two beasts of Rev. 13. Rev.13: 1 to 8, speaks of the beast that came out of the sea. Rev.13: 11 to 18, speaks of the other beast coming up out of the earth. One beast out of the earth, one beast out of the sea, just where that angel came down - put one foot on land, one foot on the sea. Feet speak of possession; taking dominion over the powers in the earth, having that seven seals book in which the names of his elected are written. He has come to seal them up, he has come to gather them together, because these two powers, are the two powers that rise in this hour, that take control of the whole earth. Revelation 13: but this is a very unusual verse, it is placed between the two beast. Verse 10 says:

He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints.

Isn't that strange? That is placed between the two beasts. What is the purpose for it being put there? What is its connection with these two beasts? What is the relevance that it has? Because it is speaking of 'he that leadeth into captivity' and 'he that killeth with the sword'. There is a... these two powers are noted for leading people into captivity and these two powers are powers that kill with the sword.

That Roman power, Rev.13:1-8 is the Vatican. Rev.13:11-18 is the United States of America: two powers - a Vatican /Washington Alliance, a conspiracy in the earth; two powers that are going to rule the world in this hour; two powers that are in a union in this hour.

But notice what he says. In the midst he places it and says: 'he that leadeth into captivity, you will go into captivity and he that killeth with the sword'; because he gave them power to kill with the sword. He give them power, because they want to be like him, because he does kill with the sword.

How many know God does kill with the Sword? How many know God does kill with famine and pestilence? Sure he does.

God let them do it. Remember Satan; everything Satan does is only copying of God. May the Lord bless the reading of the Word. You may have your seat.

Before I leave for the few days, I feel kind of moved to speak a little bit. Posting the church, to keep your eyes focused on the modern events, and the reason why when we see these things coming upon the face of the earth, pray that you be accounted worthy to escape these things.

Don't get down the sides of the ship and sit down there while the storm is gathering. Don't fall asleep in the boat, don't try to evade the responsibility to go and cry out. You know what I am talking about, or you forget already? Alright.

Jonah, we were talking of Jonah's prayer meeting. The message was urgent, judgement was coming. He was given a commission with a resurrection Ministry to Gentiles, with a message of judgement. And so, we see all of that how it types the bride.

We went through that and then, the other prayer meeting; pray that you be accounted worthy that you shall escape when you see these thing coming upon the face of the earth. Because, like a snare, it will come and take the whole earth: like a trap that springs suddenly and the world is caught in the trap, only to realize that they wake up and it was a diabolical plan to snare them and to trap them and they never realized. It was so unsuspecting. It was a repeat performance of all diabolical cunning and cruelty, that when they were trapped into it, they didn't realize how they were taken. That if it were possible, then the elect would have been deceived, but the reason is because the enemy's scheme has been uncovered to the elect.

Seven seals have been opened so we can see what Satan is doing. Brother, he has satellites in the sky that he tracks everybody with; but God has the Holy Spirit, Amen. Glory! And this open Word that God tracks him too. Amen! Brother, God has given us an instrument that has uncovered his scheme since he said, "I will be like God in Heaven", all the way until he goes into the lake of fire. How he is working to come and sit over the Kingdom that he has built up on this earth to be worshipped as God.

A prophet with a prophetic vision tracking the Holy Spirit from glory, the Lord descending from Heaven, opening these seven

seals, uncovering the schemes of the enemy. He says, supernatural devils, unseen to the eyes, but we can see what they are doing because the seven seals uncover the scheme of the enemies. That's the reason he is howling. Amen! Because a prophet stood there and identified that very thing, where that virus had come in, Amen.

Brother, how it was a sexually transmitted disease that broke down the defenses back in the beginning. The Serpent passed it onto Eve through sex, she passed it on to Adam through sex. Is that right? And we are trapped in this sex thing all these 6000 years, but in these last days, the Holy Ghost has come; amen! oh thank you Jesus; to bring transforming power to put on immortality, to raise up a bride out of this world: glory be to God.

Brother, I tell you. You watch that denominational harlot. Her gates are the gates of hell. She lives with all these men committing spiritual fornication with all these nations of the world. Is that right? And she spreads her disease on them too, because inside of her comes all the abominations of the world, and she infects the kings of the world. Is that right? The whole world is under her witchcraft and under her spell.

She has an epidemic in the world. She breaks down all the immunity of the kings of the earth and the merchants of the earth. And now, she controls them. She holds them in a spell and under her power; yes sir! But that's Mystery Babylon. But heavenly Jerusalem, the lambs wife, brother, she has a repellent. She has an inoculation. Amen. Brother, God himself has come down, the great physician, this sympathizing Jesus and with the seven seal He inoculated a bride, He makes the church immune in this hour. Oh my! I feel like a missile went out there. My! I tell you, I want to speak to you this morning on:

'To Kill and then to take possession'. 'To kill and then to take possession' and for a little subject 'The Visible Methods of the Invisible Jezebel at work once again'.

You can't see her because she has many painted faces. She is hiding the real face behind the paint and she is projecting the painted faces. And while she is working a scheme in the world and the things of the world, people who don't realize that that is not the real face, that's only the painted face, because she paints her face for everything she wants to do. My! And so if you know her by revelation, you know her method of operation. Is that right?

How do you recognize the devil? You know his method of operation. How do you recognize God? You know his method of operation; His characteristics, His fingerprint, He's everywhere in His work. So is Satan's fingerprint too; so is Jezebel's fingerprint also. You better have some forensic thing with you here this morning. That you can have a microscope that you can watch the pattern in her fingerprint to know whose fingerprint that is.

Her hand is in politics; her hand is in finance. Her hand is also in religion. Is that right? Her hand is in the treasury, her hand is also, brother, in the senate, she is in congress, her hand is everywhere. It's being revealed to us who this woman is. It is being revealed to us that she will control the world.

I just want to; maybe, before I really begin; to lay down some of those things there, just to backup and read one or two things, a little bit here, out of the church ages book, page 234 – Thyatirean Church Age.

“Right here I will be getting ahead of myself and maybe I ought to reserve this for the message on the last age, but it seems just right to put it in now because it deals so clearly with organization and what is going to happen through it. And I want to warn you.”

Here is a prophet. He has opened the Church Ages. He comes to Revelation 13 and said, maybe I should leave this for the last age, you know, because I know in the Thyatirean Age, we're going to bring the Laodicean Age. But it seem so it is here, it is coming up, that woman Jezebel in the fourth age, in the Dark Age. He said, 'but let me give you a warning for the last age. I will show you what God is going to do through organization'. And he goes to Rev.13: 1-18 and reads the whole thing.

I just read verse 10, because that verse is a key. Verse 10 is a key: it ties the two. It ties the beast from the sea and the beast from the land together, and it tells you that they lead into captivity and they kill with the sword, and it tells you what God is going to do with them, which I will show you just now.

Let me get this background first; page 236 – The Church Age Book. This Chapter, (talking about Rev.13) *shows the power of the Roman Catholic Church*. Now this is not a theologian talking now and this is not some newspaperman, and this is not some little statement at the side. This is the Book of Revelation and this is the prophet who revealed the Book of Revelation to John. This is the

Seventh Angel Messenger who was supposed to come in the last days to uncover the Bible and reveal the hidden secrets that lay in the book. This is the one that told John, 'I will show you the judgement of the Great Whore', in Revelation 17. Amen.

So he said, 'this chapter, Revelation 13, shows the power of the Roman Catholic Church', and you know it is something today, you kind of see people, you know, they just can't seem to believe and receive and see through what a prophet says. They can't stand because their minds are so weak and so perverted, that they get bombarded continually with all kinds of organizational things, all kinds of media in the world and everything else. They seem to have no spiritual resistance when they get an onslaught of all the perverted manipulation of information to, brother, put a smoke screen and blind people from the reality. Yet they keep reading the seal book. The Prophet said, "Rome will take over the world, maybe next fifty years, I ain't know what is going on, and they fail to see the time we are living in", but watch.

He says, when you read that, it shows the power of the Roman Catholic Church and what she will do through organization. Remember this is the false vine; and I was thinking of that, many times Br. Branham says, look what they will do through organization, and you look in the world; you are not seeing organization doing anything. They are only on the radio begging for money; yet you are seeing the military might of the U.S.; yet you are seeing the political system. You are seeing the military operations and the person who doesn't have revelation; they don't see organization there at all, because organization means to preach as the Bible.

Friends they are Christians, so called Christians. They are the crusaders. They are the military Christians, so called, doing all that for God, in the name of God, because she is using religion and all these things to blind people. But it had nothing to do with religion. Because when seven seals open, it shows, it had only one true church and it was foreordain of God before the foundation of the world to be in that Church. And you could only get in that Church through the message of the messenger for the age and the other church is the false vine, is the tares that were planted in the earth. Is that right? Don't get confused with that. That's what it is. You have to see the world for what it is, because this is the deception in

the world today. And that's why I always say people, thirty (how much)-seven or thirty-eight years after the seven seals were opened, still don't know what the seven seals is. Their minds are trapped into a reference, a casual reference or two, back to the Church Age or back to something historical and think that was the seal back there, and they can't see the rider riding today.

All they know is they learn about God in History. It doesn't take the Holy Ghost to know that, it takes learning to know that. They learn God by what happened, but what is happening; it takes the Holy Ghost, present tense.

That's why last week, I was showing you all those nations are here on the earth, all those powers are here on the earth. The objective is the same on the earth. Satan's objective from heaven is still the same objective this morning; 'to be like God.' He is still building that Kingdom; he is still to be enthroned. He is still working everything to come there and sit above the congregation of the saints. So, when you see the Bible and you see what it is and it says don't be conformed to this world, because this world, this cosmos, is Satan's Eden. The Prophet tells us what it is. He says, America, Russia, England, the Caribbean, Germany, France is Satan's Eden, not Mars and Pluto, this earth.

Who's building this? He is the architect of this society, and it's being designed. Why? The rapture is not a thing just to go to heaven you know. The rapture is an escape from this world. It is an escape from judgement and destruction and persecution that the enemy is bringing. Because of how highly organized and how powerful and strong his control in this world politics and finance and economics and religion is today, they will be able to kill Christians, and brother, the world will applaud. You say, 'is that so'? Go in the book of Revelation, they were cursing God. The nations of the world were Blaspheming God. When plagues were falling on them, they were Blaspheming God.

See, you have to think the Bible, don't think your thinking, because that first thinking comes from your first birth and comes from this world. When you start to think the Bible; that is when the mind of Christ comes in. That is a sign that you have the New Birth and the evidence of the Holy Ghost is leading you into all truth, because seven seals come to open our eyes. To take the blindness, that education and religion and society put upon us to

veil us from God and give us a traditional religion that is dead and is a vain worship. But seven seals rip that away from us and the quickening power quickens us to realize that the God of the Bible is alive in the year 2003. He is among his elect. That's right. That's right, friends.

So Revelation 13 shows the power of the Catholic Church and what she is doing through the organization. He says, remember this is the false vine; let it name the name of the Lord. It does so only in a lie. He said, "though they talk about the name of Lord, they do it only in a lie." Man stand up in the T.V. and cry and say...and quote a scripture "and God and"...

Watch, its headship is not of the Lord but of Satan. Why? The Bible says the beast, the great red dragon that fought with Michael, that was cast out of Heaven, is the Scarlet Dragon, that red dragon that carries this woman. And that scarlet dragon, that red dragon is death which is riding on the pale horse, same person. It's the same one of whom it's said, "and I saw a star fall from heaven and to him was given the key of the bottomless pit", same person.

Under the seal, he was a rider on a horse. Under the trumpet he is a star that falls from heaven and to him was given the key of the bottomless pit. Under the vials, brother, here is the beast incarnate; here is a power that's carrying this woman. When you bring it together, you could understand what he is doing. That's why the spirit of wisdom and revelation is needed. The key lies in connectivity.

Isn't that what the chemist are saying? They have 1158 tapes, but when the spirit comes and gives you the key you are able to tie together, Amen. What did the son of man do when he came? What did the Seventh Angel do? He tied up the loose ends and brought it into the revelation of the son of man, the person. Is that right? Then he spoke it out on 1158 tapes, it ties together in him.

When he preach the bible, he did not preach like Luther and Wesley them. Brother, he saw the pattern, he saw the picture he knew everything - religion, politics, what was happening in the world. He went to the Bible and opened it up.

He said, 'I see Amos; he is coming down the road. He is coming down the road of Samaria, and the son is shining.' And he said, 'I see Elijah is walking down to the White House.' Amen. I see the son of man coming at the door of Simon. I see Elohim

come and turn his back to the tent and discern Abraham.' Is that right? What was he doing? He was taking the picture out and showing what was happening.

He was placing a church, and let them see the Bible is not the kind of book you think it is. There is a way man preaches it and there is a way God reveals it, and you have to have discernment to know the difference, because it's wisdom verses faith. That's an intellectual school of wisdom but when faith comes it unveils the mighty God before us. That's right, and so, as we look we realize how these things are taking place, my!

He says, its headship is not of the Lord, but of Satan. It finally ends up completely identified with the beast - talking about the Roman Catholic Church. It finally ends up completely identified with the beast. The whore, riding on a scarlet beast, distinctly shows her power is the god of force, Satan, and not our God, the Lord Jesus Christ.

This is not a Theologian who is trying to give an explanation in the bible. This is the one in the book of revelation, who is saying, 'John, you come, I will show you the Mystery of her,' and this is what he said, because he is the revealer. God is revealed by the mouth of his Prophets. Amos 3:7. "Surely the Lord God will do nothing, but he reveals his secret to his servants, the prophets." "In the days of the Voice of the Seventh Angel, when he shall begin to sound, the mystery shall be finished." That's right.

In verse 17, it emphatically shows (Rev. 13:17), it emphatically shows that she will gain absolute control of the Commerce of the earth. Not what you think, not what I think, not what your neighbour thinks, not what CNN think, not what NBC think, not what the White House say. It says she will gain complete control, absolutely, complete control, in the Bible. When?

The earth is to be burn after this Elijah, friends. This Elijah Message is to put on immortality under this message. We go up into the rapture so we don't get when that man sits on the throne. Under the fourth seal, the man is uniting everything together. That's why right now there is another uniting, an invisible union; the Bride and the word uniting together while that uniting is taking place. You get that?

So when you see.... you see where we are sitting. You see, as we can look and examine, as we watch around us and we see the

time clock striking the hour and we see the position in the nations, as we see the church in its condition, we know how to pray. We know what to pray for, because we could watch and pray and be made ready; knowing your Lord could come at anytime. Amen! because, like a snare, it could take the whole world. That's why the shipmaster comes looking: finds all the sleepers, gets them praying; gets them confessing, that's right.

God wants to move in a resurrection ministry, yes sir. In verse 17, it emphatically shows that she will gain absolute control of the commerce of the earth: for no man can buy or sell apart from her. This is borne out in Rev.18:9 -17 which shows her involvement with kings, princes, merchants. Which is the great manufacturing industrialized nation that produces in the earth today? You mean that she has control in them? That's where the power is. That's where they produce the goods. That's where they make a market. That's where the great manufacturers are. Is that right?

You see you don't just read and say, "Merchants". Everything you buy comes from a merchant, and everything you buy is manufactured somewhere, because God did not create it. It's something designed by man, for man's world; for this cosmos, something that was not in the original Faith Civilization; something that will end up in the Lake of Fire, but we are in this system. Amen.

Can we see what is happening? We see how it operates and God opened the word so we won't be slaves to this system. We won't be blinded by this system. We won't be controlled by this system. Something in us will be pushing us up. Something is saying, "I can come out of here. I am going to burst out of the pest house." The secret is in the Word that has come back in the last day. I have hid the word in my heart. There is a transforming power changing me.

I see faith come into my life. I see faith to tell the devil, Satan you are a liar. I see faith not to be intimidated. I see faith, I am not scared and frustrated. I see discernment and wisdom to say I know what you are trying to do. You are trying to destabilize my faith, you are trying to rob my peace; you think I am not a fighter. God trains me to recognize you devil. I know you. The weapons of my warfare are weapons of mass destruction. Amen!

Brother, that kind of weapon is not carnal. It's mighty to the pulling down of strongholds. Yes sir, Glory! My! Because shortly, Satan will be bruised under our feet. Satan will be powerless before us. He who will come to disarm us can't disarm us. Brother, we have a power over him to bind him in a knot. Amen. Yes sir! He who will come to put fear and intimidation, brother, he will not be able to put fear and intimidation upon us because we have a repellent of predestination.

Above all, taking the shield of faith, which is able...which is able...which is able to quench all, all... all...**A-L-L**, the fiery darts of the devil, because if the bridegroom hits on 16000kilo cycles; she must do the same. She is faith of his faith, virtue of his virtue, life of his life, works of his works. She is "him" revealed. That's what the marriage is. They are no longer twain; they shall be one. In that day you know I in you and you in me, and greater is he that's in you than he that is in the world. This is the knowing, this seven thunders is bringing us to this knowing. You shall know as you were known. Yes sir, Oh! Give him a handclap. That's our God, mighty in battle. Yes sir! The Lord God of Host amongst us... Amen! My, oh Halleluiah! Glory!

Lets move on a little bit again. He goes to Rev.13 then drops to Rev.18. He says, watch, Rev. 18. Merchants, Kings, all have to do with Rome and Commerce: commerce, trade, the world financial system, the stock market, buying and selling. Rev. 13 - talks about the buying and selling. Rev.18 shows the commerce: the control in commerce. So you could understand when he says buy and sell. A statement here, but over here he shows how she has control. He shows the things she is trading. It shows the wealth that's inside of her, but it show that city burning in 1 hour, because strong is the Lord who judgeth her; her sins have come up into heaven. Is that right? My!

Well if she's against abortion; trying to stop the war and bring peace, why has God singled all the judgement on her and not Iraq? Like God has his book mixed up, because we're finding out by the modern media, this is the symbol of Christianity. Then it's either the modern media right and we should throw our bibles in the toilet. God forgive me for saying that, but just to make a point. Just some people read this and almost believe and almost exalt the newspaper above this. And some little old journalist writing that

and a vindicated prophet with a pillar of fire spoke these things. Some people can't seem to recognize where authority is and what authority is. Those kinds are sick and weak and dead; because, they can't discern the body. You think them journalist and all them different newspapers are in the body? That is virus that has come to attack the body, friends.

This word is a body word, amen! this is a build up of a Word body inside of us. That's right, my! You know it is home time. 'Can't You Hear Your Theophony Calling You.' Can't you feel that crave. Can't you see them vitamins coming down. In Rev. 13:14 we learn that the beast spreads his influence through the image that was built for him. That is what we're supposed to learn in Rev:13. We learn that the beast, which is the first beast, Rome, spreads his influence through the image that was made for him, which is the United States. How many disagree with me? You don't disagree with me, you disagree with God. I am just reading the word of a prophet that had the spirit of infability upon him. That's what he said. He said this last day messenger will have the spirit of infability like He had on Paul. What spirit is that? That's the Holy Ghost. That's the God who knew everything when he stood there. Could tell your name, could tell you everything you like, past, present and future, amen. That's infallibility; hundreds and thousands of times and never failed one time: infallibility.

That's the same spirit that shows the sign, brought the voice of the sign. If the signpost is correct, how much more the city will be there that the signpost is pointing you to. Is that right? o.k.

Revelation 13:14, we learn that the beast spreads the influence through the image that was built for him. You mean when that next beast is talking; opens his mouth and starts to talk, that is not his voice? That voice comes from an influence. Isn't that strange?

When I open my mouth to speak, from whom am I speaking? I am not coming to manufacture my own thing. I am influenced by another power that already spoke, already revealed his will. I am an addict to him: compulsively given over as a slave to him, that he could express his will through me, that I don't have any will of my own; prisoners to the will of God, the revealed will of God, to say what has already been said. You say, you just saying that; that's the ministry of the Bride, Rev. 22:7- 'the Spirit and the Bride say come', and, what they say, was already said by the Prophet.

The Lord himself said...he said, "having a Shout, a Voice and a Trump." Not three different voices, the same one, same one, he has one voice. He can speak in a seven-fold way, sure He can. He can speak in a three-fold way, sure He can, but it's one voice. It is one word. You get that? It is one word, because the entire Bible, sixty-six books is the expression of one goal and one purpose that God had in the back part of his mind: One voice, one spirit.

The image that is made is a world-wide, ecumenical council. You mean that is Ecumenical Council? Sure it is. It is made up of Protestants. It's not... you see, sometimes you will watch a thing but God watches the origin of the thing, because no matter how much time it changes form and shape, it still is the same thing it was in the beginning. It's Pagan Rome still here? Well you believe Pagan Rome is Papal Rome still? It only changes its outward form, but it is still the same religion of Nimrod. You believe America started off as a Protestant for freedom of religion. It was a religious group of people who wanted to Worship God. Sure, sure it was.

Why do you think they talk about the principles in the Land of Freedom, and what we stand for, and justice, and equality, and all these different things, defending the people, why? Christian principles they are projecting, Christians principles they projecting.

Was it the tree of knowledge of good and of evil? Or was it just evil? It is a mixed tree. It's a mixed tree; had no life in it, but has knowledge of good and knowledge of evil, that's right. See? What we need is revelation. What we need is not just information and our own little self-styled, put together interpretation. What we need is the mind of Christ, that no matter what scripture, what form it reveal; only two spirits there are: God and Satan, only two Kingdoms, only two trees, regardless of how you see it, if you were not part of Christ, you're of the devil. Forget it if you are of the devil, forget it, that's it, have no in between.

There are two sections of the book. It has a place your name can't come off of under any circumstances. It has a place your name could come off. From the time you reject that word your name could come off, that's right too. Now, lets go on a little bit. You see these are points.

I am making points to show you; look what the system is. Look what the bible says it is. Look how it is being revealed in the end time, when the bible gives characteristics of what she will be:

what she will do; how she will work. That's what's put in the book. It does not tell you how much candles she lights a day, because that is not important. But it tells you – she's involved with the kings; she's involved with the merchants; she's controlling politics from behind the scenes; the things we need to know about her to escape her influence; that is told us. Those are the things we need to know. Look at this Psalm or quote.

“It is quite possible this union will come in order to stop the power of communism”.

Well communism has been broken for a while. Now it's changed to terrorism. First we had “Hitlerism”, then we had communism, fascism, Nazism, then communism and now we talking about terrorism: more isms.

You think it's different things? Oh! Huh! He could ride on a red horse, he could ride on a black horse, he could ride on a white horse. You think it's one suit of clothes he has on? When he could put on the mitre, and he comes with the staff, he could do that. When he could put on the battle fatigues, and the camouflage he put on that and come out with an Uzi too. It depends on what kind of hunt he's going on. Whether he's going to come in like a serpent; taking you by flatteries or he's going to use force and declare hot war and kill everything and break it up in pieces and stamp the residue; be the dragon. It depends on how he wants to move.

That is why I keep reading Revelation 6 over and over. I am not reading that for lack of scripture to read you know. I want to burn that inside of you all that that's the world today. That's the modern world today; that's the civilization around us; trying to shake you into the real world that exists out there.

“But since communism, like Nebuchadnezzar, has been raised up to burn the flesh of the harlot, Rome will be overcome and destroyed”.

Do you know, then, the two beasts in Rev.13, both of them will be bombed? How many know the bible shows a bomb for the Vatican? How many know God shows the prophet a bomb for the U.S.A.? And between there they will be killed with the sword. You see where the scripture is put there. How many know Rome went forth under the Nicolitians anointing, conquering and to conquer. How many know the U.S with the policy of what they

call “Manifest Destiny” (A belief strongly held by many Americans that the United States had a “God given or divine right” to expansion of its borders and to rule the western hemisphere).

They wage war- kill the American Indians, take the land. Sharp invented the rifle to kill the buffalo because they realize the buffalo was the source of existence. So they use science. You get what I am saying. Then they launch a chemical war on them too, whiskey. People are talking about chemical war, chemical war. Brother, we get an onslaught day and night with man chemical war; what they call Legal chemical war. You know how much whiskey kills. You know how much beer does kill. You know how much rum does kill; you know how much cigarette does kill. You know how much pharmaceutical drug does kill. That’s a legal chemical war on man, but legal, they are making money out of it. They are killing you plus they making money; and they putting legislation to defend it; and they say, ‘look what anthrax would do to your hand. Look what small pox would do to you, and it look so hideous. You ever cut open a man and see what cancer... cigarette smoking does to him.

The Prophet said when Yul Bryner, in the World Trade fair, 1962, saw that rat coming with all that cancer, he said, brother, in a couple days when they burn a couple smoke on that little rat, a laboratory rat, and they show what the inside of a man looks like who is smoking cigarette... After they make them billions, after they make the addicts, now they will sell a chewing gum or something to chew to get your mind off it. Make more money in a next place again. Invent something else in the Laboratory to counteract that. You don’t yearn to see what does be happening.

They could breed their own disease and then give you something to slow it down for a while and they tell you they have a cure. Build you up with a false hope; bombard your mind through advertisements. Give you some other thing and you start to take that and you get addicted to something else; making money in a next form, because that’s not eliminating the thing, so you’re taking this, trying to fight that, while you’re still paying for that, you’re paying for this too now. You think that happened by accident?

You see people drop a quote: “The prophet say, Satan build a world for legalized sin,” but they can’t break that down. They

can't open that; they can't interpret that, so it is just a quotation. But, when you see how they legalize sin and how the result of sin is death, you understand what is going on.

After they kill so much with carbon monoxide, respiratory diseases and all the different things and after all their Industries; it's chemical war on man and nature: spewing out all that toxic fumes and killing so much of people in the name of progress. And then, poor people have no money to get a lawyer in court, you have to die and they put you in a box and bury you, sure.

Civilization: well, if they don't want your mind on that; you will get to enlighten; then they will put enough football on T.V. and boxing and lawn tennis and everything also to drunken you with something else. So, you won't go and dig into this to see what they are doing. You want to live here, in this kind of world, this kind of exploitation and manipulation, this kind of deception? When we hear that a Word had come forth, when our eyes have been anointed and begin to see the schemes, how diabolically they use people and influence them; brother, I thank God for this message everyday.

God help me; try to read a quote and time is almost gone. Makes me wonder if I am doing the right thing now. "It has to be that way", he says. "Take note that everywhere the Romish Church went communism followed. It has to be that way, and let me warn you now, let me warn you, don't get thinking communism is your only enemy, no sir, it's the Catholic Church also and even more so.

Elijah warned them when he was preparing an altar at the evening sacrifice. That woman, Jezebel, has bewitched the nation, that's the problem. She got into the throne of the most powerful nation in the earth.

Let me tell you; you don't know this message, you don't understand anything that goes on in the world. And, if anything goes on in the world, you kind of see it looking ok. You're looking through your own human reasoning and not through the eyes of the message, because the eyes of the message unveil and uncover those things. And, if you can't see that makes somebody wonders if you're seeing God too, because you can't be seeing God and you're seeing that so. It doesn't work that way; because the same God whom you're claiming to see is who came down to unveil himself, to show you what that is.

Come out of her my people, be not partakers of her sins because her sins have come to heaven, strong is the Lord that judgeth her. She has destroyed the world with all her abominations, all her evil, all her sorceries, all her manipulation, exploitation, all her blinding the people is what she has done: all in the name of protecting humanity. And yet: and piousness, and... enslaving people more and more everyday, yes sir, watch now.

“Satan and his satanic religion are in both of these beasts”. What! This isn't me now I am quoting from the Church Age Book, pg. 236:

Satan and his satanic religion are in both of these beasts of Revelation 13.

As I was saying, Sharp invented the rifle, (science, technology) bring a weapon into the hands of a man to give him the edge in the battle for conquest of the land: to take the United States as their own land. So, they look and they find where their lifeline was. Their lifeline was the buffalo. They started to shoot the buffalo. He said, “all over the prairies were bloated corpses”. He said they, the Indians, were conservationist. They would kill for food, skin the thing, they use the hide for clothing and for tents. They would take the hoofs and make pots and pans and these things. It was their existence and it was economic sabotage in a primitive society, in a primitive world, that was now evolving back there in the 18th Century.

Before that, when Columbus and Pizarro and Cortez and them had come, well, they *‘weaponized’* diseases. A couple hundred men came off a boat and they meet a big, big, big civilization all in the Caribbean, all in South America, all in Mexico, all in North America, populated with people. They did not even know that world was in Europe, they thought the world was flat. When they arrived there, they came into a society that did not have diseases that they had in their old world. The people did not have any immunity for it, and these people were walking pestilence: pestilence on two feet. And they start to sneeze on people, start to intermingle with people; they start to give them clothing. And all of a sudden they realized people were dying left, right and around them; and a civilization that was in the millions and a few hundred people came, a boatload - expedition after expedition - leaving so much people decimated; tens of thousands at one time. And they

start to realize, we don't even have to use our little musket with our little fire powder and throw it down the barrel and get a shot off and then try to clean up the musket again. And then they realized people were dying left and right. So they realized, unknown to them, they had a more powerful weapon; that they could kill silently, swiftly and for which, because they had them diseases before, they had built up an immunity to the very disease they were carrying.

The historian says, when they came walking with the bible in one hand and the gun in the next hand, and all the big chiefs and warriors were falling down dead through pestilence and all kinds of things came out on their bodies, the people started to panic. Because now come those people, their holy men are not being affected, our medicine man here, dying with disease. Their soldiers weren't affected: our warriors dying with disease. After they realized it's something they were infecting them with. They started to take some dead corpses of the people, throw them into wells, hoping to poison them back, but they didn't know that those people were immune. Their bodies built up immunity against it, and so millions died of pestilence by a foreign invading people who kill out the natives of the land. Listen to me closely, and then occupied the land, and all the resources of the land became theirs. That is history in your history book; you could open any encyclopedia and find that.

You think some...why do you think diseases are being "weaponized" today? Because man has only to look back in history, a couple hundred years ago, and see how a little bag of soldiers who were infected with the disease could wipe out a civilization that was bigger than their own civilization. And in doing that, they could control all their resources of the land that the people who are destroyed, occupied and possessed. So man started to realize that diseases were the better things. That is the bomb of the future and that's why they are making all these weapons.

So watch and see from where these things originated. Watch and see where the first developers and the first users of these things come from, then you will understand the kind of world that we are living in.

Oh Brother! You see chemistry is a great thing you know. Now my understanding is opening a little bit, I wish I were a Chemist:

but I do mix the chemicals of the Word, so I'm into Chemistry too. I am into spiritual research here. I'm looking for a power here and I know it's in these chemicals, but I know if I could get the law of connectivity working, to connect it right, I will be able to harness that power and work with it. Because that is what the prophet was able to harness when the angel opened the scriptures to him.

When Jesus opened the word... that is why Jesus opened the Word to them too, and opened their understanding to the Word, and then It brought them into a hold of the power, to harness the power, and they wrote a book of Acts. That's right, because it comes from the Word. That's why he had perfect faith, because he knew what part of the Word he was. He knew He was the Word and that is why in each age had overcomers because the messenger was catching the revelation of the part of the Word for that age. You get what I am saying? That lifts us above coming to church eh. That puts us into a reality of something is breaking, something is going to happen here.

You know Samuel, at Mizpah, was saying, 'pour out water that you can't retrieve it'. Send that message to God. When you come to a surrendered life, you are sending a message to God. Samuel was offering burnt sacrifice, that was telling God, my head's on the altar, my inwards washed, my feet washed, I give everything to you without reservation, that was sending a message to God.

So when the enemy was coming, the enemy was coming at the wrong time because that was the attitude that God wanted to see in the people, so that He could come down and work on their behalf. You get that? And that's why they had an Ebenezer; they repossessed what was originally theirs that the devil had robbed them of.

An eternal life, fellowship, power over the earth of God, book of Acts was originally our inheritance, given to us that the devil robbed us of. Is that right? And they come into that before a King was raised up in Israel in the end of the Judges, when the church comes back into a unified condition.

Oh my! My! What a time we're living in, friends, what a place God calls the church to walk in this hour: to be awakened. Seven thunders opened the bible... was to wake up the bride, was to bring it to a super race, a super church. What makes her super, she's going to get a hold of something. He said, 'I know there is a

keynote to go in there. I'm tired tramping on this mountain; I want something more than that'. That's right, my! The invaders from the old world, coming into the new world, saw the explosion of a biological Armageddon. They saw people dying left and right, decimated by germ, by germ.

You see how man discovered that? So then, they take that germ now, and you could carry it into a laboratory and you could make that. You get what I am saying. Brother, just like we have this big building like this and you take this and you pull this apart. In one place you stack up all your galvanize. Next place you stack up all your louvers. Next place you stack up all your wood. Next place you stack up all your chairs, pull up all your carpet and everything and then you have all your material stacked out there that was once this house, connected together. Now it's disconnected, but you still have the same materials. You understand what I am saying? Then you could take that material and build something else with it instead of build it back in this design for this purpose. You could build something else, another design for another purpose.

That's why if you have oxygen, H₂O, one part of Hydrogen and two parts of Oxygen, that give you water. Well you could add something with that or take down one part oxygen and you could end up with Alcohol. Then you add something else to that and you move the Oxygen and you put Carbon, you end up with Carbon Dioxide. You get what I am saying, but Carbon Dioxide is CO₂ and water is H₂O. So you could reverse things, you could break down things, you could take away things and you could add things. That's what chemistry is, because God in creating, He put all that here.

So, that is what they're doing. They striping these things under the microscope and they're splicing in that with that, to make these viruses more aggressive and more hostile. Then they could put something in there to make it attack a certain part of your body. You think that's ole talk? Science has what they call, the ethnic bullet; a genetically engineered biological weapon, that could attack certain races, because they know different races have different immune systems, they have different D.N.A.

So they saw in the beginning, when they came here in the new world, they saw civilization, depopulated. These people's population was increasing, increasing, increasing, getting greater

and greater, so much of people. Next thing they saw a disease depopulate them and when they break them down to a minority group, they have no... they can't control, they can't fight, they can be no power, they become no threat. If they keep them there, they could use them to mine silver. They used to walk around here as warriors and big ball players and different things, big agriculturist. We will use them now as slave labour to dig silver mines. That is what they did.

How do you think that Mexico is controlled by the Roman Catholic church? How do you think...they are Aztecs and Incas, and you go down through Central America and you go to the Mayans. How do you think all those who went through all there are Catholics today? As the prophet said in the first seal; 'Pedro work for his money, he run down, he buy candle to burn on the golden altar'. How you think they get there? When the civilization was bigger than Europe and the same powers who did that in the early beginnings, by accident almost, they discovered the power of disease and then they started to weaponize disease and spread it deliberately when they saw the impact it had in the societies. That woman Jezebel, who the bible said, 'all the abominations in the world come out of'? Said, all the abominations, cigarette smoking and drinking, short pants, that is a few small ones. What's about the big ones? They control nations, control the economy, those kinds of abominations; that's on a different level, see.

I think it is grace that these things are happening in the world today. It's there. It's there in history and it's there in the Word. But it's how to connect it, how to place it? And when you see the Holy Spirit can show the things that are happening, in the bible, in the message.

The modern events, employing her tactics, working her schemes. Bringing a destruction on the earth, to control everything and everybody. Then you realize, brother, how we need eye salve. Are you still following me? Some of those kinds of things might shock you. But you know, all of you who went to school, in college, you know about Arawaks and Caribs. You all heard how smallpox killed a lot of them, but it doesn't mean anything. Then you're hearing 'weapons of mass destruction' today. He will kill by pestilence. He will kill by famine. How do you think they starved the Indians. They kill by famine, deliberate famine. They

create famine with weapons that they invented, while people have bow and arrow and these things. And then they drunken them with whiskey. Today you go in most of those reservations; they are a bunch of drunks. Still can't do without that whiskey. Same thing the Russians do with the vodka, Finland and all those countries around them, they control them with the Alcohol.

Don't you know that was the form of drugs they had back there? Make you an alcoholic, take your mind and put it somewhere else. Breakdown all your self-value and everything else, your self-esteem, bring you down to a, brother, a habit you can't break and shake; go to alcoholic anonymous, kind of suck different kinds of sweetie, so you don't feel for the alcohol. So, you can go home and beat your wife, commit domestic violence and mash up your home, go and gamble out your money on racehorses or something. What do you start with? Man manufacturing in a Laboratory, like angostura and like Carib and then putting it out their legally: bringing revenue with a chemical war on man and then the same people come around now and are talking about chemical war, put on your mask and this... give me a break.

Can't carry me back to that nonsense, it is exposed... it is exposed... evil. That's why Christians could die for the truth, that's right. That's why those martyrs there, brother when they saw cruel death, they said, 'I just see a mummy with her baby, belly get ripped open and they took that foetus and feed hogs. I see my father hang upside down; they stretch him apart limb by limb'. You think they cringe and they backslide and they fainted? No. They started to pray, don't fear him who could destroy the body, fear Him who would destroy both body and soul. Amen! And they, of whom the world was not worthy, lay down their lives for the gospel.

The corn of wheat had to fall to the ground and die to bring back a Church in the last days, with the same kind of life. And if you don't believe foxes-book of martyrs and things, how could you have the life that was in them, in you to face anything. You have to believe that, to show you were part of that same tree coming back, because that was in that tree. My God! I have to drop off some of these things here. They are minor. I want to move a little quickly. Some things happened this week: that's why I am going

here, in this message that has transpired, that I believe have great significance. That.... where this woman show her hand because you know how America; I have been preaching, move all those massive amount of arms; and we were back in Ezekiel, and Chronicles, and Kings showing how the King of Babylon and his army went up for the conquest. That's an army moving into the place: conquest is on their mind, war is on their mind. When you see in those days, you live in a little village as the prophet said, the woman wrote the song, "My Eyes has seen the glory of the coming of the Lord", she was going to hang out her clothes: that old southern woman. And here comes General Lee from the South, the confederates, and they were riding and brother they come thundering those hooves beat of the horses and here were men. Civil war in the country and they were riding pass her house, and the little woman went to hang out her wash clothes and she saw the general and his captains and the army going forth. Brother, she raised her hands and she began to get inspiration and sang, "My eyes had seen the glory of the Lord," because she, in that little picture, she saw Revelation 19: 'and behold he comes on a white horse and the Army of heaven is following him, and he comes to judge and make war and he said he has loosed the fateful lightning of His terrible swift sword'. Brother, his feet were tramping out the vintage where the grapes of wrath are stored. And she began to sing that song and she wrote that song the prophet said. Brother here, maybe because back there you see we live in a country where we don't see war, we do see military parades.

When they had the little coup there in 1990, brother, you saw a little disturbance; they get checked, the winds got held back quickly. But now when we look, we see things moving in the earth and you realize the kind of economy, the kind of money, the kind of resources, the kind of personnel, their attitude and the frame of mind to get them in that condition. And, they have been putting their armies in position. Catch this. The last few weeks, looking to start war, they say, 'we're not going to start war, we're watching, we want to send a message that we mean business'. Yeh! But you spend hundreds of millions into the billions of dollars to amass that army and move it and deploy it and before you could even do that, emissaries had to go forth first; diplomats, to make diplomatic relations to sign deals. 'We're going to give this much aid. We

want to use your airport as a place to operate from. We want to use your place as a transit point to bring alms and food and ammunitions and medical supplies. We want your army because you're strategically placed. We could come from the north and they wouldn't be able to attack us because they have most of the big tanks stationed there. But if we get into your country, we will have advantage over the battalions that they have down there,' and men went and they do all that.

Before they could even move the armies in those places, before they could move the battle ship, they say, battleship, you stay out. There, do not come here. They need you back there, so you visit one or two ports, show your military presence because we want you close when the action start, we have the backup we need.

When you're doing that, war is already predetermine, because this is not war games now, this is not badjohn talk now, this is; 'the line is drawn in the sand'. That's why we don't feel the heat yet, because people operate by hindsight. I say, that is the problem with people; they have no foresight to see something in the making. So when something happen they say, "Oh God! If ah know that storm was coming, I would ah buy a candle, I would have buy tin food. Oh! God if ah had money in meh pocket, I would ah pass by the store and it was late", but you're hearing the weather report you seeing the papers and you wouldn't do anything.

The prophet said, "How much lives you save by warning and people obeying and giving heed to the warning so they could prepare before the storm hit. Yet so much people find themselves in so much catastrophe, because after they were warned they took no action. "On coming storms of judgement", I'm quoting. That's why Jesus told the parable about the man who built his house on the rock. He knew the storm was coming and he knew when the storm came, he was right in the hurricane belt and if he was in the hurricane belt he had to build with a certain kind of foundation. He can't build like if a man is not in a hurricane belt, he's in a hurricane belt. He has to build with a strong foundation. He's on an earthquake fault line; he has to build with flexibility in his building.

When you don't understand where you are and what environment you're in and what you can expect to happen and how vulnerable you are in the event that something does happen, you

think you could build properly? If we have to be built up into the stature of a perfect man; build the living tabernacle of the living God, when all hell is going to come against you in this age, when Satan is uniting his powers, think of how we ought to build. Think of how we ought to be built up in this holy faith. Amen! Think of those kinds of wise master builders.

That's why, he says, when these plagues begin to fall, you better watch and see the church. You better have an immune church then. I was telling you when you see the shaking coming; these medical institutions and these places; you better have some faith for divine healing, especially if you don't have money to be running by the doctor, because firstly, they're going to destroy you economically if you lack discernment. You develop a drug habit and you're only paying for your drugs, but this time it's not the man in the corner hiding there and he has his stuff in the wall. He goes in his cabinet or he sends you to his pharmacy and you don't feel any sense of guilt when you're dependent on that drug habit, because you call it medicine. It's made in a lab the same way and it controls people the same way, sure. It's just what you want to think or how you want to see it and you're only seeing that because of how they present it to you. That is right. That's why you can't beat faith. You have it all the time, every time; you're connected with the Holy Spirit. Amen! Yes sir, you can pray, you have access, have a channel. You find like he isn't around, you lift your hands up as an evening sacrifice. You open your mouth, and at the time of incense you begin to call upon the name of the Lord. You begin to get in an atmosphere for the Holy Spirit to drop down; you just say Jesus and you watch Him come on the scene, amen!

You talk about Him and He comes among you, amen! Things happen, friends, and when you see that, you realize; Lord, thank you for these keys, thank you for the laws, thank you that I am a creator, I can change the atmosphere. I could start to get in a realm that I could control things around me, I don't have to be frustrated. I don't have to be bombarded in my mind, amen, because there are so much of things and things are changing so fast.

So when I saw these things happen this week, I had no thought on preaching. I am just a watchman in the tower; I'm watching things happening. I look out in the telescope and see something happening. I look there in the microscope in the Word and I see the

Word promises certain things. I look and see the colour there and identify the ones that are moving. I look here and see these are the ones to move.

You know something is happening. And, after they put all these things in place, then they start to face some obstacles for war, because France rose up and says, 'we don't think it's time for war.' Germany rose up and says, 'we don't think is time for war.' So, what is this, what's this happening? Then people all over Europe start to rise up; all kinds of movements, placards, everything going; there is no imminent threat, bring proof, why war, there must be other options. And the beast starts to get uneasy, and the beast says, wait until the U.N. Inspectors are finished. They need a year to finish.

All of a sudden something happens out of the blue. The head of the United Nations Inspectors change his beat, change his mood, change his voice. From the time that happened the president of the United States goes straight, and it is all timed, because right after that comes the Annual State of the Union Speech. He stands there and begins to speak to the United States and begins to speak to the army and begins to speak to the Iraqis and he begins to speak to the world, because it's being publicized worldwide.

After that speech it still leave France and Germany are in a funny position. They have to veto this thing, because that's the law of the United Nation Security Council. If you go in there and cause trouble or any damage is done, then your president or somebody, could be tried like Milocvic, for war crimes or something and find yourself like Pinochet. Like how they had it that time and you know being arrogant and just using your own way and not taking advice. And they have a mandate as to how these things should be done. That's why we set up this United Nation, you know, to oversee these things. We can't just run off like a loose cannon. So they faced some obstacles and all of a sudden after that speech, eight nations, Wednesday, that's Wednesday gone, they made the speech. Thursday morning, eight nations, the leaders of eight nations come and in Europe signed a letter and endorsed "go for war". We're backing this thing. Then yesterday you see the shuttle blow up, coming back to earth.

Now watch, it has been a very remarkable week, the things that happened. Why this sudden turn around? Why men and leaders...

when they check the leaders of these nations. Listen, when they check these leaders of these nations, Spain, Britain, Italy, Poland, Hungary, Czech Republic, Denmark, Portugal, eight of them rise up in the face of France and Germany and they signed this thing to give support. Hear what the article says, 'in a broad statement supporting the United States in its effort to strip Iraq of weapons of mass destruction, eight European leaders signed an up-head article, publicly calling for unity within the U.S. position, further shifting the Global political calculus toward support for war.'

'The article which was published in the Wall Street Journal Thursday, was signed by the Leaders of Spain, Britain, Italy, Poland, Hungary, Czech Republic, Denmark and Portugal. It comes in the wake of public rebukes delivered by France and Germany, that had given hope to the anti-war movement through Europe.'

This whole anti-war movement arise saying, 'no war, we against war, we against war, they will turn the world into upheaval, this thing start too loose, too much people going to die innocently. Because you are not going to fight the Iraqi, you will be killing the Iraqis citizen and everything else'. And people, you know, different groups, talking different things. But watch; diplomatic relations were made long before, for the places to surround the nation. So they get position in nations where they surround this nation, but to get the thing vetoed in the United Nation Security Council, you can't get it vetoed, because some of the main ones stand up there. All of a sudden, when it seemed like a stalemate, and this thing is kind of weighing down: this anti-war movement wants to take over; whoever pushed the button, whoever pulled the string, whoever called upon the nobles and the elders, whoever instructed whom; because Europe is the beast that came out of the sea and the other one is the political power, the military might who is being let loose; because they give their strength and their power to her; she traps them in her death trap. She controls the economy now. Now she expresses her will through them. The lamb speaks with the voice of the dragon and all of a sudden, it seems like their hands are tied. I am going to read this for you and then I want to read a scripture with that.

That's why I am saying, this invisible woman; her methods... that's her methods. She has a way when she wants something she

plans a time and a schedule. Except God doesn't push her back she could manipulate the machinery and things around her to get it done. You say what's that brother. To show you the might and the power of the system and to show you how strong her control is, the prophet said, 'right now you can't envision how strong the control of the Roman Catholic church is in the nations of the world'. He said, 'but at the opportune time, you will see how exactly strong that control is.'

I am not in a wondering state with these things you know. I'm talking about scriptures, I talking about seven seals. That's why I say I will read from the Seven Church Ages book for you. 'It comes in the wake of public rebukes delivered by France and Germany that have given hope to the anti-war movement throughout Europe and it comes after a string of developments in just the last few days'. It was Wednesday the man gave the speech, today is Sunday. 'Just as President Bush was coming under enormous pressure to turn back or at least hold off for months, chief United Nations weapon Inspector, Hans Blix, delivered a surprisingly tough report on Iraqi co-operation, because he said we haven't found any smoking guns, we are a year inside of here. 'What happen to the U.S. you all hold off, relax yourself. What happen? You all are warmongers? Let us do our work.'

All of a sudden this man swings around 360°, these people are observing that. They observe that, but they are just speaking observation. Motive and intent, they don't know. Maybe they might have to interview him. That is how a Journalistic mind works. I am not dealing on that level. I am dealing with this level here, because the America I am looking at out there is America in Revelation 13: and the Europe I am looking at out there is Revelation 13. If you don't look at that as Revelation 13 two beasts, then, what I am saying don't really make sense to you. You will talk CNN and NCB and Fox News and different things and TTT and T.V.6. But if you are looking at Revelation 13, you are seeing two beasts, one out of the sea and one out of the earth, and you see that they are going for a resource. The nation they are going after, they get that resource. Their problem, as far as energy, is settled. They will be really in the driver's seat. Plus, beside oil, Mystery Babylon wants ancient Babylon, because that's where ancient Babylon was. Ancient Babylon was right close, because

where the Tigris and Euphrates flow out, were tributaries that flowed out of Eden. You get that! Go back in Genesis 2. It flowed out of Eden into the Persian Gulf. And in 'Feast of the Trumpet', he said 'a religious group was trying to get back to Eden and was kind of bound and couldn't let loose.' You have to find a way to let loose. And out of that Euphrates river, spiritual now, Papal Rome, where she bound by Christian principles, come angels out of that, and the angels that come out are the four angels to whom it was prepared to kill; these angels were slaughtering angels inside there. She was let loose through them. Now watch, Revelation says, 'the Kings of the earth give their strength and their power to her'. She has drunken them with the wine of her fornication. I give the orders, you do the work; you are my dogs. I breed you for hunting.

A hunter will take his time and walk and sit under a tree. He will not move until his dogs bark, you know. You think he will run down to chase four dogs? One dog has gone so; one dog has gone so, one dog...from the time that dog barks he knows that is a key. This one barks, this one takes off, because he knows that bark: he has found something. And from the time they find that, if they are hunting a possum or whatever it is, it's on the tree there. Those dogs don't bark at the wrong tree, you know. They know what's in that tree. You think they don't know what's in that tree. You think they don't know if they get that spoil, then that hunt was worth it. You think they will spend billions of dollars to amass an army and deploy them for nothing? It had to be something to generate a million times of what they are putting out, because it's an investment... it's an investment.

Think friends. Think on this level here. We are in the book of Revelation. These things don't be preached. These things we read in the papers and everybody's talking.

I am trying to bring to you what I am seeing. They say, 'just as President Bush was coming under enormous pressure to turn back, or at least hold up for months, chief United Nation representative, Inspector Hans Blix, delivered a surprisingly tough report on Iraqi Co-operation'. Then President Vladimir Putin, that is the Russian President, publicly softened his position against war. Russia and all of them realize now; from the time this man has turned around, these fellows are getting the O.K. to go in. If these fellows get the O.K. to go in and they take over all the oil fields, we will get left

behind. We can't even have a say because we didn't go on the hunt. We don't know which side of the fence to stand on. Should we go, shouldn't we go? We are watching France, we are watching Germany; do you think they'll attack? We are not sure if they will attack. Next, they move in, eliminate this man and bring this nation under control. It is a plan to kill and then to possess, to kill and then to possess. After you kill, you occupy and you control. That's the plan.

A tough speech by Secretary of State, Colin Powel; he was joint Chief of Staff back there, when they had the war in the Gulf some years ago. He is the Secretary of state, the same man who came down here and said when he is planning all the high things in the Pentagon he listens to Sparrow singing about all those filthy songs and how he gets charged. He is able to think well on world policy. Eh! That is the truth, the man set up himself. Whether it is a public relations gimmick or what, but that is what he said, I am just quoting what he said.

Now the leaders, after he gave the speech, say 'European Economic and Political leaders followed by Mr. Bush's statement, state of the union addresses, laid out a U.S. rational that has been seen as missing'. Now the Leaders statement threatened to isolate the Germans and the French, both within Europe and the United Security Council. Now it is a kind of chastisement for them. When these men write their letters and they sign it, they don't even bother to inform Germany and France; they ignore them afterwards. You all are giving trouble. Somebody pushed the button and got eight. They come out openly, after that speech Wednesday and they decided that, that is the stand that they making.

Let me quickly try to run through some of these things here. Spain and England were the two principal ones behind this move. Now the whole move is, the thing has to be vetoed. In other words: that's the point I want to make when I go to the scriptures, in other words they need witnesses. They need to have; because of laws and certain things that they have that govern the keeping of peace in the world and security and going to war; certain processes that you have to go through for it to be recognized as, you did that because that was eminent. You couldn't do anything else, so nobody is going to argue.

You see how Russia send that nerve...that gas they send, kill all those Chechens in Moscow recently. Nobody could figure out what kind of gas that was. They came out with a weapon that killed all these people, and everybody kept quiet, because they wanted to understand: what kind of gas is that? The people didn't smell anything, didn't feel anything. If you don't have that kind of gas you get concerned, you know. Because of the situation, they could not storm the place with guns. So that is: people develop things and they have it and when certain things are needed, they can bring these things out. While all the time they stand up, saying, 'you have guns in your house, you have so and so in your house', you don't even have 10% of what they have you know. But, you are a threat.

In other words, this world is being designed for two, and we don't want five and six players, and we don't want any four who doesn't have our ideology, causing problems. So if we disarm everybody, then what we have will protect us from anybody else and will give us superiority to control them. This is the head of the world... This is the head of the world.

That's why when the time comes and you and I are given a mandate, you want to operate as a church. Go down there. The Archbishop and the Hindu man and the Head of the Muslim Organization are having their meeting tonight and they are going to screen you all and find out if your doctrine, you know, can be tolerated or not. And we will give you an option. Either you trim off some of it, tone it down and get yourself aligned or when you start to operate, you operate under this clause and now you report to these authorities. That is exactly what is coming, that is exactly what is coming. When you reach there, you are not going to be telling me, 'Bro. Vin, give it a second thought nah boy. I mean the Lord have you working through this, after all, you know'. You can't tell me that you know. Even though they take you first and they can't take me, you can't say, 'no, no I am not one of them'. You have to say, I believe in the original apostolic doctrine. I am not a heretic. I am not a crazy man, I am a sane man, I am a law abiding citizen and I've been laboring day and night to get hoodlums, drug addicts, people out in the world who want to cause damage to the society, saved and serving God and making a good... I preach, I don't work with eye service, I preach 'go and

give Caesar what is his own'. I pray, pray and line up and live right, don't commit adultery and these things, sure. Love one another, I preach. And if somebody persecute you, rejoice and be exceedingly glad for that and pray for him. That is what I preach. So, I can't be a heretic for preaching that.

Maybe you will tell me Brother Branham was a white man that they sent there to exploit black people and some kind of fiction thing he did and this thing of angels really wasn't so. Then, you are talking to the wrong man.

You see the thing is, he came and has gone and what he gave to us we needed him to bring what he was sent to bring and that is why when the messenger delivered his message, we didn't need the messenger around in that sense. If God wanted him around, he would still be around. But the thing is, the Word inside of us is a Word that opens this Bible; makes the bible live. So, we don't have to hide behind 'the prophet say well, well ah, he is a prophet, you know, you all believe in prophet,' and try to explain Amos 3:7, no no. You will say, 'you are the Roman Catholic Church. Let me show you in the bible here, that you are that woman Jezebel. And, give me your Catholic Bible, let me read from that', sure. It's inside of there.'

Like Stephen before the Sanhedrin; he was telling them the truth, but they stoned him and they gnashed at him and he was the first martyr there, that's right. Now we are not trying to be fanatics. I am not trying to preach extremism here, you know. Don't take me for preaching extremism here. I am not preaching extremism here, I'm not preaching a wild radical business. I am preaching sane things. Now, that is why I am saying I believe this and I understand I believe doesn't mean just go to church, believe means conviction. Is it right, is it wrong, that's it.

I don't want to become part of this world if I could escape to come out of this world. I have seen an opportunity to escape and I have found it worthy to escape. I don't want to be part of a system that persecutes people and lock them up for nothing; and then blackmail them and then distort the media: throw out a story and then cover it up. I don't want to be part of that system. I don't want to be part of a priest system that's not in charge of anything here, with an altar boy in the back. I am not part of that. What! For Bread and butter? no. You have to do some bioengineering on me.

You have to get this DNA out of me, and if you could interfere with that D.N.A. then you will have to put me six feet because when you start to interfere with D.N.A...

What we are standing for is righteousness. What we're standing for is not a water down, diluted form of a Jesus added on with Mary and putting the pope inside and colour it up with the world council of churches, no. We say Jesus, and Jesus alone. Only one true and living God, that is what we are on. I don't know about inciting people, I know about preaching faith. I know about opening the bible, opening the Mystery, the revelation that has come in the last day. Seven thunders that opens up this last book of Revelation to show to us the two spirits in the last days and to discern and withstand the anti-Christ spirit. That is what I am talking about. And if Saint Paul was here and Saint Peter and Saint William were here, they would all be saying the same things, because when I preach, I preach out of the books they wrote. That is their words. That's right. It just falls my lot to take those things that are happening and show them in the bible. But if he were here, he would have said it himself.

Another observation they made was that all of the eight people who signed; catch this; the eight Leaders of the eight countries, seventy to eighty percent of the population are against you going to war. So, they don't understand it. They say, how come, which politician is going to side with something to damage his reputation when his whole country, almost, in turmoil and against going to war. Yet you sign this thing, 360⁰ turn around and eight of them sign this thing to smooth the way for war. In other words, somebody provided the witness they needed to veto the thing they needed vetoed to go forth to war.

Who could provide witnesses of that caliber? Who could buy men in such high positions? Because, it is not ideology; no man changes ideology today for tomorrow and color it with speeches and say, 'am, well you know the United States saved us from Hitler and the United States saved us from the Communist, so we will have to stand with them'. This is what they said; this is what the Leaders said. They made the French and Germans look bad, who were kind of indecisive, because like you all are the big ones.

Czech Republic, which used to be Czechoslovakia, they just made it Czech Republic recently, a couple years ago. I went there, when it was Czechoslovakia, think. So if the US wants to act without the United Nation, the influence of the Security Council and that of France will be diminished. And if France weren't part of the coalition, it would have no voice in the post war settlement of Iraq.

Responding Wednesday to President Bush's State of the Union speech, French Foreign Minister, Dominique de Villepin said on the television that he was delighted that Mr. Bush promised that the United States would supply new evidence of Iraq's weapons programme to the Security Council on February 5th, next couple of days. When he saw that eight of them signed, he realized, oh God! We are going to be left behind. We were slow. These smaller nations have risen up and are becoming main players. He changed his speech immediately too. He says, 'Oh, we are delighted by the speech, we are going to consider this thing again because he said on February 5th, we would have more evidence. How that thrilled us to hear you say that. We are ready.'

You know what the Prophet said about the United Nations in 'What shall I do with Jesus called Christ'? He said it's a rubber balloon, it's a big bunch of hot air. Let me read for you what Nelson Mandela said day before yesterday: 'Former President Nelson Mandela yesterday call U.S President, George Bush, arrogant and short sighted and implied he was racist for ignoring the United Nation in a zeal to attack Iraq. Mandela urge the people of the United States, to join massive protest against Bush and called on world Leaders, especially those with vetoes in the United Nations Security Council, to unite and oppose him. While he is saying that, and you know he is a powerful voice, because after 27 years in prison, and by God's grace I was on that island. Nelson, you know what they call the island out there.

We went out there with Bro. Becket, took us on a tour and we went right in the cell where there use to be, else everything in the cell and saw the condition of the place. And when he went out there he became the statesman of the world, Time man of the year, and everything else. Won the noble peace prize and all kinds of different things, I think. I may not be sure, check back there. But, I know of all his touring around the world and he became so

influential. Then he stepped down and gave over to them because he took the country through the crisis and handed the mantle of the Leadership to Mbeki. Mbeki said, 'it is the big nations that develop Aids in the laboratory and test it on people in Africa'. When he said that Brother, they came down upon him in such a way; shut him up. He had to apologize and get quiet. But watch it. Hear now. This man is not President anymore. Watch how he is speaking; he has influence so he is urging the people in the United Nations Security Council, to veto that thing. When he was looking for one or two to veto it, you get eight at one time approving.

Britain and Spain two former Colonial powers that cross the seas and everything, colonize the nations, control them; but we were under both Spanish and British Colonization ourselves as a nation, if you don't know Trinidad History, West Indian History.

'One power of the President who has no foresight and cannot think properly now wants to plunge the world into a Holocaust', Mandela said, in a speech to the International Woman Forum. U.N Weapons Inspectors said Monday, 'they needed more time to determine whether Iraq', that's Monday they were saying that. By Wednesday this man turned around 360⁰, they say they wanted more time to determine whether they had weapons of mass destructions. Now, they have them you know, don't feel they don't have them. They have them inside of there, but this is the point I want to make to you. This is not about that. I want to get to my scriptures just now. You will see many countries, including France and Germany have signaled their unhappiness with Bush's Iraq Policy. All this Mandela talking, Monday they needed more time to determine whether Iraq still had weapons of mass destruction. Meanwhile, Bush weighed, setting a dead line for Iraq to prove it had disarmed.

'A noble peace price winner', yes, 'Mandela has repeatedly condemned U.S. behaviour towards Iraq in recent months and demanded Bush respect the authority of the United Nations. His comments yesterday though were far more critical and his attack on Bush far more personal than in the past', and they quoting him, 'why is the United States behaving so arrogantly', he asked, 'all that Bush wants is Iraqi oil', he said. This is a former President. He accused Bush and Prime Minister Tony Blair of undermining

the United Nations and the United Nation Secretary General Kofi Annan who is from Ghana.

‘Is it because the Secretary General of the U.N. is now a black man?’ He’s looking at it from the racial aspect, ‘they never did that when the Secretary Generals were white’, he said.

Mandela said that the United Nations were the main reason there has been no world war III, and they should make the decision how to deal with Iraq. ‘The United States who dropped bombs on Japanese cities of Hiroshima and Nagasaki, had no moral authority to unilaterally police the world.

If there is a country that had committed unspeakable atrocities in the world, it is the United States of America. They don’t care for human beings’; he said. Brother, that man don’t have the holy ghost, you hear how that man is talking, that man don’t even know Revelation 13 and hear how that man is talking, he just knows some politics in the world as a past president. He just knows international affairs, as a lawyer, brother, who stood against the apartheid system, was lost in prison for some 27years, he came back out from the dungeon to the throne like Joseph. Brother, he became so popular, went around the world and everything else, then hand over to one of the members of the party there and that is the one who is running the country today.

This is not a sad journalist talking today, this is a man who was involved in politics and International affairs, this is a man who knows when to send an army to war and these things and the reason and how the politics play. They understand the United Nation Security Council and these things.

Like the brothers in Zimbabwe, Jeremiah, Bro. Gee and all of them, brother, back there, Bro. Goodwin and them where we go and Bro. Sokosin who came here. You read in the news about Zimbabwe, but they almost going to famine, you know. Why? Because they have a Prime Minister who said, all these hundred of years, while a few people in the minority controlling all the land, we have poor people who are native all their lives, can’t even get a place to stay and some lands. He wants them to listen to his policy and they don’t care about his policy. He is just a man there from the bush who raise up and wants to talk as if he has the insolence to challenge a big nation like us, who colonize you all. What he thinks it is at all. Brother, they put sanctions to stop cricketers from

going there. All kinds of politics to break that because that used to be part of Rhodesia. When Bro. Branham went there, Ian Smith... and Bro. Branham talking, Prophet visits South Africa, the kind of things he saw. They call them cafers and they would drive the car over them and everything else like they have no soul at all. Bro. Branham had to stop the car and rebuke the man, shake up the man, sure. When he met those things there, they didn't want the meeting go on there amongst coloured people and he went out there because he said, 'that's where God sent me.'

Then, when the system fell, I remembered when we went in 1984, Bro. George Martin carried us to a place to get something to eat. All of a sudden, people walked out and said, you all can't come in here. You saw the evidence of it, even when I went there in 1984, I couldn't get a visa in Trinidad. Brother they stop you from coming. When they had the whole thing with Sobers, Burnham and Dr. Eric Williams and all kind of things, bring a whole hurrah in Trinidad. So God had it, they never stamp my passport; they give me the Visa on paper.

I walked up right up to the man like that...I don't want to go into that. I testified about that already. That will just detour me and rob me of a few minutes. I want to move on. I could tell you that after the service. You see it's an evil world we live in. The world has become more evil because this is the end time now, where she is pulling everything together, she's assembling the parts, she made all the parts and she had them there but now she is uniting. She is assembling them together. And then people realized the real world that is coming into being and look how this man spoke out against those things.

Now quickly, lets turn to 1st Kings 21. I am going to read then close, make a few comments on that, then to close. My! Sometimes I feel the church needs to really hear some of these things. That's why I take the time to put it to the assembly so at least you know. And you will know when you hear things. You get out to the work place, and people talking and different things; you will know what is coming out from the scriptures. You know what the Word says. You know where these things fit up in the Bible. You don't get caught up in the political whims and fancy of people because America is in shadows and type in the bible. That's Ahab, Jezebel is in shadow and type in the bible. The Roman Catholic

Church, that's Jezebel. Over here is a beast out of the earth and a beast out of the sea, so it unfolds what they're doing, how they operate, and so that's what we're going now, to see, 1st King 21 quickly.

If you remember my message on 'Extermination for Expansion', those things have been on my mind very strongly, in these present times again. So let's just look and see some of it here, some extermination for expansion. The expansionist that is working through diplomatic channels, judicial channels, working in different councils, to bring about their achievements, their own designs and desires that they have. A Vatican / Washington Conspiracy to kill and take possession, in order to control the resources of another:

And it came to pass after these things, that Naboth, the Jezreelite, had a vineyard, which was in Jezreel,

Now I preached this in 'Micah Seven Seals Vision' and I dealt with Israel with Naboth with the land of his fathers. I am not so much, looking at that. I am looking at Jezebel's methods of operation. I am focusing on Jezebel's methods of operation when she wants something that someone else has and how she is able to work her way to get these things. Though she is not visible yet her designs are here, and it is put in the bible so you could understand how she operates. God wanted you to know how she operates, so He put it in the bible so you will know how she operates.

..hard by the palace (or close to the palace) of Ahab, king of Samaria.

And Ahab spoke unto Naboth, saying, 'Give me thy vineyard, that I may have it for a garden of herbs, because it is near unto my house: and I will give thee for it a better vineyard than it; or, if it seem good to thee, I will give thee the worth of it in money'.

And Naboth said to Ahab. The LORD forbid me, that I should give the inheritance of my fathers unto thee.

Here is Ahab having a desire for something and he reaches an obstacle. He becomes frustrated that he cannot get his way. Relate that to what I was saying just now. They get stalled, they had to

wait for months or abandon the whole thing, and all of a sudden it had a turnaround. Nobles and elders and everybody start to move to approve the thing, so they could go to war, watch.

And Ahab came into his house heavy and displeased because of the word which Naboth, the Jezreelite, had spoken to him; for he had said, I will not give thee the inheritance of my fathers.

This man defied him and he couldn't handle being defied. It seemed like his will was going to remain unfulfilled. The ambition that he had and the plan that he had, he thought he would have gotten it easy. He hit an obstacle.

And he lay down upon his bed, and turned away his face, and would eat no bread.

But Jezebel his wife came to him, and said unto him, why is thy spirit so sad, that thou eatest no bread?

And he said unto her, because I spoke unto Naboth, the Jezreelite, and said unto him, give me thy vineyard for money; or else, if it please thee, I will give thee another vineyard for it: and he answered, I will not give thee my vineyard.

The man was defiant against him and he could not handle the man's defiance. Therefore, he is frustrated; he can't eat. He can't sleep. He is just boiling up and eating up himself. So Jezebel found out what had him so frustrated; this big Ahab, who is the King, who has the army, who has all this, but Jezebel is the power behind the throne. Ahab is only a figurehead. Ahab married Jezebel for political expediency. He needed her wealth to secure his kingdom. It was a political maneuver. She didn't become an Israelite she had her avowed intentions of turning Israel away from God. Isn't that right?

And Jezebel his wife said unto him, dost thou now govern the kingdom of Israel?

Have you lost elections, are you just a man on the side now? Have you forgotten your citizenship, or are you the one ruling the land? You mean to tell me the king, you are the king and some little person there wants to defy you and you get frustrated? You make me think you have a big coalition of armies surrounding you. I don't know it's one man out there defying you. You see the man

have resources you want and you can't go and take it. The man is defying you and you get frustrated. Now this story is in the Bible. This woman ends up in the New Testament. And this woman is the woman in the time of Elijah, when Israel's history is repeating itself in America. So this is not a little plaything here. God put the things about the woman that will be relevant for the last days.

Arise, and eat bread, and let thine heart be merry: I will give thee the vineyard of Naboth, the Jezreelite.

You cool yourself, bathe, put on your pajama, wriggle your toes, read the evening papers. Leave it up to me; it's a piece of cake. I am experienced in this. My father is a murderer, I'm drunk with blood, I am not going to lose here. You're too soft; your conscience bothers you. Maybe a little thing of George Washington and them still hanging around that sometimes you get confused; Abraham Lincoln and them. You read up so much history books that it confused you. Leave it up to me. You are not ruthless enough for this modern day. You lack aggression. You're too soft. You're a pipsqueak. What you need is a backbone with steel. It is a good thing you're not in charge and I in charge. It is a good thing you only smile on T.V. and shake baby's hand and talk bold, really depending on my strength.

So she wrote letters in Ahab's name, and sealed them with his seal, and sent the letters unto the elders and to the nobles who were in is city, dwelling with Naboth.

What is she doing? She is using diplomatic channels, she is organizing allies, and is forming a coalition. If they were writing in today's language that's what they are saying. We are going to build up a coalition, organize some allies and take it on a diplomatic front first. We are going to send the emissaries to stir up the leaders and the nobles to let them know our intentions. We are going to do some power brokering; and make some bargain for them because we are the architects of the new society coming and they will be players. We will remember they assisted us when we needed some help in going forth to reshape the world and bring a 'New World Order'. That is what they did with Pakistan, that is what they did with Afghanistan, that is what they did with all those countries when they went out there. You know war is still going on

out there heavily? But you don't see it in the news, they don't want to show those things, you think soldiers have come out today. Up to yesterday some big thing blow up and all kind of things. Sure.

Control of information, keep the public sedated in what they want them to see, other images. Listen. So she wrote the letters, seal them with the seal; that is the Royal insignia, the seal of the U.S.A. in reality today, this is in type.

And she wrote in the letters, saying, proclaim a fast, and set Naboth on high among the people:

(That doesn't mean put him on a scaffold and give him honour. That means prepare a trial and try him, that means call him to trial that's what it means).

And set two men, sons of Belial, before him, to bear witness against him,

You see what it means to set him on high? Put him in the witness box, indict him. And according to Deuteronomy 17 and Leviticus 24, before we could really kill him, we need to get two or three witnesses to establish it is the truth. We need this thing vetoed. You get what I am saying?

What is it for? - The man's vineyard, the man's resources. But we're not going to quarrel over land, no; we're having a trial. We're showing this man is a blasphemer. We're showing this man only looks like Israelite, talks like a patriot. But this man has other aims and objectives. We'll get men to sanction that and to bear witness against him. Why? What is that going to do? The penalty for violation of those laws was stoning to death: when you're going to bomb a nation, in other words, rain missiles upon them until they are exterminated - modern language. You start to stone them, that is bombing raids, you know, that is missiles and a hail of missiles raining on this piece of earth until they bomb this man back to the stone age, until this man is exterminated. That is the penalty. They have to prove he violated this law that demands this penalty, but it has to look like a trial where this thing is investigated, approved, and witnesses come up with the evidence. Who's doing that? This is Jezebel's plan; this is this woman's method. You can't go and bomb people just so.

You have a United Nation Security Council saying, 'Security Resolution 1441', they call it. And for people to invoke that, you cannot veto that. That is what Mandela said, 'I want those nations

in the U.N Security Council to veto that'. They get eight to approve. Not two and three, eight turn around like that. Watch.

After she wrote the letters, after she contacted the nobles, after she negotiated with them, after she told them the part they were going to play and how to do it, she said, all right, we're going to make it look religious. Proclaim a fast, like there was some national calamity coming. When you see a king proclaiming a fast and elders are proclaiming a fast; that is because there is some impending threat or disaster. Get the nation under prayer, a time of tension, you will get the ministers to organize prayer meetings and pray for the nation. Pray for this.

*And set Naboth on high among the people:
(Bring him to trial) And set two men...*

This is the plan, she is executing it before him, she is instructing them.

*...to bear witness against him, saying, Thou didst
blaspheme God and the King. And then carry him
out, and stone him, that he may die.*

In other words, rain down missiles upon him until he is exterminated. Today they would say, evidence from intelligence sources; secret communications, statements by people now in custody; have implicated this man has terrorist links. They will say evidence from intelligence sources we can't divulge in order to protect the people who divulge this information, and we have some people who defect, also, tell us what takes place. Jezebel had to make this thing look convincing. Remember the verdict was already predetermined, you know. The thing is, we had to kill Naboth to get this. If he doesn't die, we don't have it. But if we kill him, we can't just kill him, we will look like Barbarian and we are bound by Christian principles.

Jewish... Deuteronomy and thing, that Word will come back and condemn us. We must work according to the Word. Otherwise we're full of lust and greed. So we can't make it look like lust and greed, that we want people's resources. We have to make it look like this man is not too much of a patriot, and this man is a potential threat, and this man is different things. But even though we say that and the news say that, that still doesn't move the man. The man could only be moved by law. So we have to bring the man to trial before the world. We're going to send in Inspectors to

unearth evidence. We're going to get a few defectors and we will get satellite shots and different things, and we would accumulate this evidence, process this evidence and bring it to the world. When he gives this speech in these high powered places, then through a diplomatic channel, we're going to get support. This is what is happening here: nobles and elders. Look, Verse.11.

And the men of his city, even the elders and the nobles who were the inhabitants in his city, did as Jezebel had sent unto them,

She said I would give to you. How will I give it to you, Ahab? Watch me work, you can't. Your brain is so shallow, you're going to two hundred and something years old. Leave it up to me, I have experience in this. I was wounded in the head close to death and I live and I have come back and I feel strong. Look how I rise today. See.

...and as it was written in the letters which she had sent unto them.

They proclaimed a fast, and set Naboth on high among the people.

This is calling the trial

And there came in two men,

And all of a sudden one who was anti, turn around immediately, 360° and you have quality witnesses, these are nobles. But they're nobles that could be bought, with infidel minds, children of Belial, refine and cultured but reprobates. For money, women and popularity that is how people sell out secrets, national security for their country secrets and things. They sell it out to China, sell it to Russia for money; drive a better station wagon, build a better house, though a whole nation could be destroyed. Sure.

As I said we had these kinds of things already, you know. For a little prestige, a little pat on the back, stand up and say something in front of a Church. Yet you don't care if you wipe out or destroy a whole work of God, selling yourself to slavery.

And there came in two men, children of Belial, and sat before him;

What are they coming to do? They're coming to approve the thing, according to Deuteronomy 17 and Leviticus 24, they're coming to approve the thing so he could get, Naboth could get stoned; a raining down of missiles upon him.

And there came in two men, children of Belial, and sat before him; and the men of Belial witnessed against him, even against Naboth, in the presence of the people, saying, Naboth did blaspheme God and the King.

This man has to be dealt with, this man is defying God, defying the King. This man doesn't have any tolerance and consideration for other people. This is a man that we don't need. We need, like we need a hole in our head. Get rid of this man. Man say he veto that, he veto that, their witnesses, all arranged by Jezebel.

Then they carried him forth out of the city, and stoned him with stones, that he died.

Execution of the penalty after the thing was approved. The slaughtering angels could be let loose, because the thing get sanctioned, as it say, 'it smooth the way for the war to take place now.' That is what happened this week here.

And it came to pass, when Jezebel heard that Naboth was stoned, and was dead, that Jezebel said to Ahab,

Notice, all that time, Ahab is doing nothing and Jezebel, like she isn't doing anything. 'You see this elder, he started it'. He got the next elder, they say, the man in Spain got a hold of Blair in England. The two of them were the principle men. They started to call up different ones and start to... and eight of them, the U.S. were kind of baffled. They say, how come, man, we were in a monkey pants, [tight spot] how we come out of this. He said, Wow!

It appeared in the wall street journal. When they saw it and started to call up these men now, they said, we were listening we were receiving. So you really moved us with that speech and we're standing behind you. They went out and said, praise the Lord. You saved us from 'Hitlerism'; you save us some communism. How can we not stand with you now?

And they were surprised, they didn't do a thing and they came out of it and they got their will. They got what they wanted because somebody was able to take leaders out of the European Union, the beast that sitteth upon the waters. These agree and have one mind. These give their strength and powers to the beast. I hope I'm making sense. They that leadeth into captivity shall be lead

into captivity. They that kill with the sword shall be killed with the sword, and then after I want to get to Rev. 19.

But Rev.19, there is one coming and he will kill with the sword, smiting the nations with the sword of his mouth. Is that right? He feeds them to fowls of the air and the beast of the earth. Is that right? Come to the supper of the great God. The same thing hell and death had power to use, this one comes now to wage war on them and he's using the same things. You're getting that? I am finished, just reading through the scriptures here. But these points have to be made so when you listen to the tape you're really going to get it good; if you're tired in your mind already.

And it came to pass, when Jezebel heard that Naboth was stoned, and was dead, that Jezebel said to Ahab, arise, take possession of the vineyard of Naboth, the Jezreelite, which he refused to give thee for money; for Naboth is not alive, but dead.

Imagine when he... that thing appears in the wall street journal. He sat down there, like he worried, worried, worried. I smooth the whole way for you to go. Arise and go. Take it.

And it came to pass, when Ahab heard that Naboth was dead, that Ahab rose up to go down to the vineyard of Naboth, the Jezreelite, to take possession of it.

*And the word of the LORD came to Elijah, the Tishbite, saying,
Arise, go down to meet Ahab, king of Israel, who is in Samaria;*

Look how God was seeing what was happening. The conspirators were able to achieve their objective. It took the form of a public trial. It involved witnesses with evidence. The charges laid appeared to be proven; making way for the stoning of Naboth; raining down missiles until they kill him. And that was the penalty for such crimes as he was tried and found guilty of. But the real objective behind all the charade was what? It was a shrewd plan to possess the man's resources, and so he goes to possess it now.

And thou shalt speak unto him, saying, Thus saith the LORD, hast thou killed, and also taken possession? And thou shalt speak unto him, saying, Thus saith the LORD, In the place where dogs

licked the blood of Naboth, shall dogs lick thy blood, even thine.

And Ahab said to Elijah, Hast thou found me, O mine enemy?

What it means there is, you are not here on a social visit: that look on your face. The way you're watching me, it's like you are seeing right through me. He said, you found out my scheme, but this; nobody knew this. How did he know this? I have the newspapers blasting this thing back and forth. I have all the T.V. Channels bombarding people's minds. How did you know this? He said, I am watching the Word. I don't listen to that, I am watching the Word. He said, I have an information super highway, God comes down and talks to me. He said, I am God's Angel on earth. I have an angel who ministers to me. Oh My! Think. He said, 'before you could do your nonsense, I would be raptured out of here too'. Yes Sir!

Have thou uncovered my scheme; in other words, my diabolical plan to fool the public by making my objectives and my purpose appear to be legitimate and for the sake of justice. While all the time the real intention was for the possession of the resources that belonged to another. Not for justice but it had to appear like justice, have a trial, get witnesses, bring evidence, get the thing approved. O.K. the law is passed, it is smooth, we could rain the missiles now, and we can execute the penalty for this kind of crime. Elijah said, 'I have found thee.' I have found thee.

And he answered, I have found thee, because thou hast sold thyself to work evil in the sight of the LORD.

Remember Elijah told Gehezi, 'didn't I go with you'? He said, you didn't think I go with you, brother. He said I went with you man. He said I could stand up here and look in the Word and see them things and not see you? You mean you could hide from me? Oh! Don't fool yourself man. I will laugh and smile to make you feel that you're fooling me, and you know what that does to you in the end, that just make you see you don't mess with God.

So, Elijah said, 'I found you, because you know what? You sold yourself. In other words, you sold yourself like a slave to work evil because of your ambitions, the lust and greed inside you, to become a slave, a puppet to go after your ambitions.

Behold, I will bring evil upon thee, and will take away thy posterity, and will cut off from Ahab him that pisseth against the wall, and him who is shut up and left in Israel.

And will make thine house like the house of Jeroboam, the son of Nebat, and like the house of Baasha, the son of Ahijah, for the provocation wherewith thou hast provoked me to anger, and made Israel to sin.

And of Jezebel also spoke the LORD, saying, the dogs shall eat Jezebel by the wall of Jezreel.

Rev.13:10, both of them that lead into captivity, will be lead into captivity, both of them killed with sword, shall be killed by the sword. One bomb for the Vatican, in an hour destroyed, one bomb across the United States, was debris. Ahab and Jezebel, why? Their schemes in trying to fool the world, politicize the nations, seduce them, drunken them with the wine of her fornication, manipulate the information system, mess up people's minds with all kind of propaganda and everything else and make a smoke screen for their evil intentions. But Elijah, remember Elijah had the seals. God pulled the seventh one and showed him that seven thousand won't bow down on their knees before they go into the rapture. Remember Elijah saw the judgement coming upon them. Sure. He had the seals. Watch Elijah with the seals here. Telling him the fowls of the air and the beast of the fields would eat you and the dogs will eat Jezebel, the dogs will eat your blood.

1st King 21:24.

Him that dieth of Ahab in the city, the dogs shall eat; and him that dieth in the field, shall the fowls of the air eat.

Well that's how Jeroboam and Baasha, in the last days he will kill them with what? 4th seal; sword, famine, pestilence, and the beast of the earth.

Rev. 19 – Come to the supper of the great God, call to the fowls of the air. Come to the supper, there was none like unto Ahab, which did sell himself. Get this.

But there was none like unto Ahab, who did sell himself to work wickedness in the sight of LORD,

Rev.13 - There is none like Rev.13, which did work wickedness in the sight of the LORD.

...whom Jezebel, his wife, stirred up.

Who stirred him up? Jezebel.

Rev. 19: God comes back to judge and to make war the same way. Same way they destroy, God comes back to bring judgment upon the same system, destroying them the same way. He that liveth by the sword will die by the sword. The sword proceeds out of his mouth. Fire proceeds out of the mouth of Moses and Elijah. Where did the spoken Word come from? a mouth. What shut the Heaven in the time of Elijah? A word from his mouth. What created the squirrels? A word from his mouth. What brought the pestilence in Egypt? A word from Moses mouth. What brought the darkness? A word from Moses mouth. What turned the water into blood? A word from Moses mouth.

Oh! My. I tell you the bible is getting a certain way. I tell you we are living in times here friends, but didn't he promise it will open wide before your wondering eyes; and he who is edified and purified by the spirit is made ready for the coming of the LORD.

To kill, he gave them power to kill and then to possess, occupy control. Then he now comes afterwards to judge and make war. You kill by the sword, I will kill you by the sword. You fed people to the fowls and the beast of the fields, I will feed you to the fowls and the beast of the field. For God keeps all of his laws.

You pass judgment on a man and do this to control people's resources and you set yourself up and kill anybody who don't buy and they can't buy or sell except they take your mark. He said, I will cast you alive into the lake of fire and the rest I scatter there and the fowls of the air and the beast of the field will feed upon you. But blessed are they who are called to the marriage supper of the lamb. When the marriage of the lamb is come, there is a marriage and a marriage supper before there is a supper of the great God. Both of them are in Rev.19; a white horse that came forth and a Ministry of the Word that went forth. A horse with a military prance and the armies of heaven were following; heaven was following life while hell was following death. Is hell following death this morning? Then heaven is following life this morning.

What is heaven? Heaven comes from the Word. The heavens declare the glory of God, the firmament shows His handy work.

Day unto day uttereth speech. Heaven was the first Bible, friend. Out of there, a rider was going to come forth. And while he was riding, he saw those men mixing those chemicals in test tubes and he cried out, I'll ride this trail once more and the earth shook. All those bio-engineers and bio-technologist are breeding diseases in Laboratories: disease by design, to scatter on the nations. But in this ride, there will be an immune church in the last days, inoculated with the baptism of the Holy Ghost, riding in this hour. Amen!

And this Great one: this isn't the one in Rev 6:1 and 2 friends. This one is the one that a sword comes out of his mouth. Amen! Behold I come quickly and my reward is within me, to give to everyman. This is the kinsman avenger, coming on the scene here. This is the Lion of Judah, King of Kings and Lord of Lords coming here. Glory to God! His vesture is dipped in blood, and His name is written on His thigh and his name is written on the foreheads of the armies that follow him. Hallelujah! And they are called chosen and faithful, Amen!

They were called, they were chosen and they are faithful to the very calling. They see their names in the book. They know they are part of the mystery. Amen.

What an hour we have come down to? Oh! May God help us in this hour, amen, to see the day friends, to see the hour. My! I thank God that God's satellite; God's channel is still working. They can't shut it down yet amen! He could transmit in this hour still, Amen, and brother, wash our minds from all the bombardment and all the misinformation, amen, and disinformation also, to hold a people in ignorance.

But arise and shine your light is come and the glory of the Lord is risen upon you and it shall be seen on you. It will be seen on you, friends. Oh! Thank you Lord.

Lets give a wave offering, amen, Oh! Thank you father. We praise your mighty name oh God! We stand in awe; we stand in awe of your great mighty presence, the unveiling of the scriptures, the opening of the Word, the revelation of your will and your purpose. Lord God, You're posting us in the right time and season that we are in, to see the modern events being made clear by the vindicated prophecy. To see the diabolical plan Lord God, how this invisible woman behind her paint, Lord God, yet her finger print is

visible, because we see it in the bible, we see it in the present day we see it in the same line of action. Oh God! Trying to possess the resource of another, setting up a system of misinformation to kill, working through diplomatic channels, bringing false evidence and everything else, so that they could express their will upon people and rain down their missiles. Oh Hallelujah! Hallelujah!

God, let your church be so spirit filled in this hour. Let your elect be so inoculated, immunized dear God. Open the understanding of your children, let the light shine, may the spirit of wisdom and revelation in the knowledge of Jesus Christ, as Paul say how we ought to pray for that.

God when we come in our prayer meeting, how we ought to pray that the eyes of our understanding be enlightened, that we will know the hope of our calling and the exceeding greatness of the riches of the ones who believe. That we will know that we have crossed over in the Ephesians since the opening of the seven seals, sons and daughters of God coming to be placed positionally in their inheritance, adoption time, Father, Oh God, where they could stand with all things under their feet. Lord God let them know what their land marks are. Oh God! Know what their inheritance is. Nobody could move their land mark. Nobody could rob them of what is theirs Father. And the same way we see Lord, in the spiritual realm, demon powers trying to move us and possess our inheritance and take our resources, using all kinds of things in the courts of the mind; bringing all kinds of imaginations and vain things to destabilize our faith, to rob us of our peace, dear God.

Lord God, we know decisions are made in the mind, Father, but we pray that that Goodman of the house, faith, Oh God, will say, 'shut up reasoning, shut up imagination' and pull down every strong hold and bring every thought into captivity to the obedience of Christ. The weapons of our warfare are not carnal.

Dear God, we will know how to unleash those weapons Father, that could destroy the works of the devil, oh God, that could tie him in a knot father, that could open the prison doors and loose the captives. Those that you have shut up from this faith dear God, Hallelujah! But Lord God, faith has come.

Lord Jesus and here the Holy Spirit, after faith is come, oh God, is revealing these things. Taking us from under the law, that

we may receive the adoption father, that the spirit of adoption come into our hearts and cry Abba Father.

Oh God! Like Naboth in our inheritance dear God. We know we will be persecuted too, Father, for these things. We know this message will place us back in the promised land, oh God father. How the enemy would want to take our buildings and take our lives and take our jobs and take the food off our table.

They're already taking the medicine and everything else that you put there Father, Lord trying to bring a pressure, a frustration upon the people. But we see you meeting the challenge. When the enemy comes in like a flood dear God, you will send the spirit of revelation, oh God! Prevailing power to open the word, to bring a charge of faith, dear God. Release an eagle anointing, cause your church to rise and shine. We see the glory of the Lord moving upon the church, dear God. This is the hour, this is the day Father. Lord, help us to work with these chemicals of the Word, oh God, Father. Help us to take these things and dear God be able to go forth in a victorious life, in an overcoming life where you can prove your Word by believers. May you grant it father.

We thank you for every brother. We thank you for every sister. We thank you for every soldier standing at their post of duty. May this morning we be sensitive and put on the whole armour of God, buckle the armour tight Lord, because we see we are living in dangerous times, we see how close it is Father.

We see how strong the control of that Jezebel System is in the world: how she controls and rules in the affairs of the politics and the Religion and the finance, the judiciary and everything of this world. How she works in the European Union and the Security Council and the government of the United States and all these things because that Iron was in every toe, that Roman influence was in every toe, Father.

In that fourth kingdom, that Rock cut out without hands, came and smote the feet and so we know, dear God as we see, Lord God even Eastern Nations and Western Nations couldn't unite. But then, dear God, we saw Father, how the iron began to pull them together, Lord God, because they have their purpose, they have their schemes. Dear God, when we see these things happening, how we want to hasten to the refuge. How we want to hasten to the hiding place, Oh God, to be locked away in that secret place of

the Most High, to abide under Your wings under the shadow of the Almighty.

God may you help us today, Father, that dear God, we could feel the strength, power and might moving in the inner man, Oh God, building us up in that holy faith where we can walk with steps of confidence, steps of assurance dear God. Father may you grant it. Grant it, dear God, grant it Lord.

Bless your children Father; let that sealing angel move Father. We see the slaughtering angels working the schemes, being let loose by permission, you're letting it be done Father, and Lord we know you would not do that except that revelation didn't come, except that angel is not in the church where it is you say, that you touch not them that have that mark. And dear God, while we sit under these messages, this is the time when you are writing that name. This is the time when this is happening. Oh God, may we be sensitive to the one in the midst, to have the ear to hear what the Spirit is saying to the Church, Oh God, that discernment of spirit, to discern the body of Lord. Hallelujah!

Make us an immune church, Father. Inoculated Lord, where we are protected and preserved, where we have the repellent, where the Leadership of the Holy Spirit in our life is clear. Where the voice that speaks in the inner man is distinct, is a scriptural voice. Where we are not walking under the influence of imagination of vain fables, some idea of somebody, but dear God when you speak, you speak from the Bible. It brings the message, it brings back to remembrance what the prophet said. Oh Jesus. We see the evil, the hypocrisy and the pretence that's being projected. Yet we see the evil diabolical plans at work, just like the bible said. Daniel saw how that beast was destroying wonderfully, devouring the whole earth and breaking them in pieces, stamping the residue. Causing craft to prosper, breaking the economies of nations. Economic war, no more in an infant form, no more in an amateur form, but Lord on a global scale. They become so highly advanced. They become so refined in their ways to kill, in the ways to manipulate and extort and exploit. Who is able to make war with the beast.

But in Revelation 19: we see One coming to judge and make war. We see him on a white horse, Chief Authority from the west, the Supreme authority, The Head of the body, the King over the armies. We see them uniting father, God they weren't riding on a

gray horse. They weren't hybrid, nothing. It was pure white, apostolic Word. No creed and dogmas broke into it, it was the original colour.

So dear God may we stay on this pure white horse. Remember they had a dream, men were trying to breed the white horse to a black mare and the prophet cried out, 'don't you do it!'

That horse has to remain pure if there is to be a second ride. Thou must prophecy again, eat the book, we found it in Ezekiel. We found it between the 6th and 7th trumpet, in the book of Revelation. We found it over in Kings, here. Lord, help us, that we can see and understand Father. Our eyes of understanding would be enlightened, and as Your church, You told them when Titus was coming, see that you remain not in Jerusalem. The time is come, we will be compass with armies. Let not your flight be in winter, they will dig a hedge. They will get around the city. Woe unto you in those days, woe unto the paps that give suck. He that is outside the city don't come back. He that is on the rooftop, God, you spoke to them. Let not your flight be in winter, neither on the Sabbath day, because you've given them national signs. You saw the winds of judgement, the slaughtering angels to be let loose and You were warning them. How being warned when the son of man stood here in human flesh, warning the church, telling us Ezekiel 9 will repeat itself again, telling us the days of Elijah will repeat itself again in the last days.

Lord we are seeing it Father, may we be sensitive dear God. We know how to move, Josephus said, not one of the Christian were caught in there, because the Holy Spirit bought back the Word of the son of man to remembrance. The sealing angel had sealed them up. The Holy Ghost got them before Titus came. Oh! God, here it is again Father. May we be sensitive, may we walk with understanding, may we be sincere and true.

As you look among us today, those unseen eyes, eyes like a flame of fire. He said, I am He, who searcheth the reigns in the hearts to that Thyatirean age, at the prophetess Jezebel. Just like Elijah said, I have found you out, because that Word had searched them, found that discrepancy down in the spirit, hidden away, evil intentions. But the word is quick and sharp and powerful, a discerner of the thoughts and the intentions of the hearts. You scan them by the X-ray of the Word and You see the hidden things that

they try to veil and camouflage with a false countenance. God, I pray You wash us, wash our inwards with water.

Let us not walk in the council of the ungodly, let us not stand in the way of sinners and sit in the seat of the scornful. Let us take our sides with Jesus Christ, the Word. Let us not be hybridized Lord, because nothing hybrid will be able to stand this onslaught. They will lose that immunity through hybridization.

They don't have to be babied and patted and pampered, that's not the Bride, Father. That's a hothouse plant. God make us thoroughbred that you could trace our pedigree to know that we are original.

Grant it Father. Bless Your children. Strengthen Your church; move them up into this sphere. Continue to unfold Your Word, make the way clear for us. Help us to yield, to trust You, to believe You, to obey You, that You can lead us into such a filling and refilling and outpouring of Your Holy Spirit, where it's not us that live but Christ that lives in us.

Grant it Father, we commit your people into Your hands and we ask these mercies in Jesus precious name. Amen.
I stand, I stand, in awe of you...
