June 2012

Dear and beloved Believers in JESUS,

Warmest Christian greetings in the most precious and wonderful name of our Lord and saviour Jesus Christ

Thanks Lord Jesus Christ for His tender mercy and amazing grace because we are not serving Him but he is serving Himself through us we are only vessels of God. He has chosen us to spread the message of hour in this Islamic country of Pakistan and this Message is working amazingly in the lives of the believers in the various churches who have accepted this Message. We wonder ourselves how these new believers come in contact with this Message throughout the country, we are receiving the calls and invitation to visit from people we don't know and never met in our lives. Halleluiah and praise and glory to Lord Jesus Christ for His wonder working power.

Report from Lahore City:

Pastor Akram Roshan and Ps. Javed Barkat called me from Lahore city and gave me very good report

Lahore City

about Lahore Church and response after the meetings in Lahore last month. He told me some new families are fellowshiping with us and some brothers and sisters are getting water baptism in the name of Lord JESUS Christ. Most of them were Catholic, Salvation Army and some Pentecostals but when they heard message of the hour it hurt their heart. They are leaving their denominations and accepting Lord Jesus Christ as their personal saviour and have desire to know more about the Message of the hour. Pastor Akram requested me of a tank for water baptism because they don't have water baptism tank. He said that I want to build a water tank for baptism at my home so please help me financially. So I am looking forward to send him money for this great and important need for the kingdom of God in Lahore city. Please keep this request in your prayers; we greatly and highly appreciate your precious prayers.

Pastor Akram Roshan is a young married man and very zealous for the ministry of Word, he is very hard worker and has great desire and too much burden to spread the End time message of Prophet William

Pastor Akram and Ps. Javed Barkat are praying after baptismal service in Lahore City.

Report from Mardan City:

I have received Phone call from Pastor Samuel Joseph who is ministering in extremist and fanatic Muslim dominated tribal areas in the city of Mardan, Swat and Batkhela in Khyber Puktun Khawa province. He told me on phone we got great response by your last month visit to us, he further said after your preaching we got very good result and seven people Baptized in the name of Lord Jesus Christ and one new family joined our fellowship. That family was trinity believers and very much against the oneness faith but by the grace of God, He opened their heart and revealed them the revelation of Jesus' name and they are now message believers please keep them in your personal and social prayers. We are greatly appreciated to you for your kindness and precious prayers.

Report from Karachi City:

Brother Silas Masih is a young boy and his father is denominational Pastor since many years, Brother Silas came to me with many questions about the ministry of Brother Branham as last Church age messenger and serpent Seed. He said I heard from my dad but when I heard about you I came to you please tell me about the ministry of Brother Branham why you call him the Prophet? Can you please explain me serpent seed also? So first of all I told him the ministry of prophet William Branham from the book of "How the Angel came to me", he blessed and impressed too much by the

ministry of Brother William Branham he said it was amazing and wonderful ministry, Then I gave him answers to his questions and gave him Serpent Seed Book of Prophet William Branham in PDF format in Urdu language which I have translated and very soon by the grace of Lord Jesus going to print. Praise, glory and honour to His blessed name! AMEN

After one week he came to my church after Sunday service, he came to me and said I have read Serpent Seed book which is extra ordinary and blessed book to me and I never read a book like this before in my life. He asked me more books of Prophet William Branham I gave him some English books and some Urdu books of Brother William Branham we are very thankful to Lord Jesus who is providing the Eagle's food in this Islamic country of Pakistan. We the Believers in Pakistan are very thankful and appreciate to all the Saints around the globe those, who are sincerely and faithfully Praying, Sacrificing and supporting us for the Ministry of the Word with this End time message in this country.
