

Third Exodus Assembly

God's Eden  
And  
Satan's  
Eden

Pastor Vinworth A. Dayal  
10<sup>th</sup> March 2004

**God's Eden and Satan's Eden**  
**Wednesday 10<sup>th</sup> March 2004**  
**Grenada**

Oh let's sing it again; let's worship him tonight. What a joy you should sing that with Amen!

(Congregation sings)

*From the earthly to the heavenly*

Blessed be His wonderful name, Thank you Jesus. You know there is something about worshipping God. In the Bible, God gave them the clothes to clothe the worshipper in; God gave them the water to wash the worshipper in. God gave them the blood to cleanse the worshipper; God gave them the oil to anoint the worshipper. God showed them the provided way that the worshipper would come.

Blessed is he whom thou chooses and causes to approach unto him. Oh praise awaits thee in Zion! Amen! Even when they came at the altar of incense, the Bible says that God gave them a formula to make the incense that they should offer unto him. And that no body else other than those priests, should have that incense. Is that right?

And when you see God in a certain season, give you the Word, give you the song, give you the anointing of the spirit Amen! That when you come. You don't just sing any song; you sing the song God wants you to sing in a certain season. That's right? In the Bible, three times man had to appear before God. At Passover, at Pentecost and at Tabernacles. Is that right?

It was feasts; appointed times, that they would come before God and when they came at Passover God said you bring this, when they came at Pentecost God said you bring this, when they came at Tabernacles God said you bring this, Amen! He had specific things for the worshipper to bring, as God had blessed them. Is that right?

How many know they have cultivated within themselves? They grew their pomegranates, they grew their olives, they grew their grapes, they brought their fruit. They brought their wine, they brought their oil, they raised their lamb, and they brought their lamb at Passover. They raised their wheat, they brought it. Is that right?

At Pentecost they made their wave loaves and they brought it by the grace of God. Oh blessed be His wonderful name!

What God had blessed them with, how He revealed himself to them? What He provided for them and then He brought them His provided way. Then God can accept their worship, and then God came down. Is that right?

Did Cain try to worship God? Did God accept it? (Congregation answers no!) Was it God's provided way? Was it what God required? (Congregation answers no!) No! You have to bring what God requires; you must come God provided way. You must bring what God revealed to bring. You must offer it the right way. Is that right? And then God answers back, then God answers back tonight.

Oh! I just love Him tonight. You love him tonight? How many glad to be in the house of the Lord tonight? Oh my! Blessed be His wonderful.... Let's just sing that again 'from the earthly.' That is a song God gave you in this season to sing and worship Him. Amen! To open your mouth and...

How many know the Bible says when the Lamb opened the book they sang a new song? They couldn't sing the new song before the book was opened. But when the book was opened; they had to sing a new song. They had to sing what he was doing. Is that right? Amen!

God wants present tense worship. Because if it was Passover, you sing Passover songs. If it was Pentecost, you sing Pentecost songs. If it was Tabernacles, you sing Tabernacle songs. Amen! You must be in the season with God; you must worship God in season! Hallelujah! Why? It is not just singing. It's creating an atmosphere. It's singing and creating the atmosphere of what God is fixing to do for you.

What is happening to you. What you are walking into. What you are being anointed with. And He hears the worshipper coming under the approach; He hears the bells and the pomegranates. And God comes down over the mercy seat. Is that right? That God and man can meet together in that cloud. Glory be to God in the highest! Oh my! 'From the earthly'.

[Congregation sings Chorus:]

*From the earthly to the heavenly*

The Bible says a building of God, a house that God built in other words, a building of God. He is an architect. Is that right? He designed it; He made you what you are. He built you in a certain way. Amen! For a certain purpose. Glory be to God!

The Bible says a city whose builder and maker is God. And a city is made up of many buildings. Amen! And you are lively stones that are building up this great building of God. Amen! This great eternal city, here we have no continuing city. Because the houses we live in, just like the natural houses, they get old after a while. Is that right? They always need repairs. Is that right?

Brother rats come in and eat the cupboards and everything else. Amen! Cockroaches running all through the house. Is that right? The roof needs fixing sometimes; the windows break. Amen! The cold draft of the air comes in. All kind of things. Amen! You have to change the flooring board you have to paint up the walls everything. And the same way this old house is beginning to lean, the pillars.... Amen... begin to hold up. Amen!

The windows, the Bible speaks of this in Ecclesiastes; describing the house. It's falling apart! This old house is leaning. But I am getting ready to move to a better home. Amen!

Leaving is on my mind, lately I've been thinking... Amen... with leaving on my mind. Oh my! Leaving friends, 'From the earthly, to the heavenly. From this body, to my theophany. That's a mansion, he has built.' Amen! For each and every one of us who were in his thinking before the foundation of the world.

You are the attribute expressed in flesh, and the Holy Spirit has come to quicken you and raise you up. Aren't you happy that God has come to you and begin to reveal to you this body isn't the end of you when this goes friend?

O my! You're moving to a better home. He's raising you up. Seven Thunders, a message showing you how to make that move Amen! Preparing you for that move, lifting you up so that move could take place. And that move is the move of God in your life. Is that right? And what a great move it ought to be in the believers in this hour.

Oh! The moving of the Holy Spirit! Oh my! Moving in the hearts and the lives of his children. Quickening them through faith, rapturing faith. I'm happy for that. It's my joy. Amen!

We live in the greatest age; we get to preach the greatest message. Amen! God did not put us in Luther's time, or Wesley's time. He put us in the new moon. In the new moon, that seven trumpets Amen! Brother that's when they blew that first fold of the seven feasts.

There are three great feasts in the seventh month you know that? Trumpets, Atonement and Tabernacles. Is that right? A three-fold ministry of his coming. It started with the gathering and it ended up in the Tabernacle. Oh! Glory be to God in the highest! God laid these things out in the Old Testament. And here the Jews... Amen! They didn't even know.

They're still blind to Passover. They're still blind to first fruits; they're still blind to these things. Like the unleavened bread, and Pentecost. It took place. And they looked at him on the cross and didn't know that was the body being broken; the bread being broken, and the wine being poured when his blood was shed.

They saw the wave loaves being burned is the natural Tabernacle. But when the Holy Fire of God came upon the hundred and twenty they didn't recognize. Here was the spiritual thing happening. A church. Amen! Two loaves. Glory be to God! And then, here we are, in this hour, the Gentiles who recognize those things now they are blinded.

They come back for the last three feasts. Feast of the Trumpets; to gather, to recognize your day and your message. And that has rapturing faith laying in that message. Is that right? That is when the jubilee is sounded in the Day of Atonement. That is when the scapegoat goes with your sins far away. Is that right? . That man looks out there and sees that goat going. Amen! And his sins were put on that goat. Is that right? He stands justified like he never did sin. The sins are gone. Amen!

And then that priest blows the ram horn, seven blasts, and they leave the walled cities and they go back to their inheritance; back to their original beginning. Oh my!

And here the Gentile world who recognize the first four feasts are blinded and the Jews are blinded. But these last three, a three-fold mystery.

The rapture is a revelation, only for the Bride; only she recognizes, that seven blasts of the trumpet gather the Bride

together. Amen, glory be to God! And brought us to what? Recognize your day and your message. The real atonement.

We see the High Priest, the same one that went in, come back in like manner. Is that right? The same one that went, come back in like manner. On the Day of Atonement they saw it coming out of the Holy of Holies, where the seven drops of blood were sprinkled. They saw their sins go away. Is that right? Oh my! Then they begin to get ready for Tabernacles friends, that's why that's a mansion. You are changing Tabernacles; He's built for you and me. That's a mansion he's built for you and me.

Oh! I'm so glad I am on route tonight Amen! I've got my road map, I look at my gauge, my tank is full. Amen! The Holy Spirit gave me a clean vision; He gave me a good wife. Amen! Brother, He put some unleaded inside of there 'ain't gonna smoke up the place.' Amen! A power to travel. Amen! Glory be to God!

We are heading for our destination friends, Amen! Heavenly Jerusalem, a city whose builder and maker is God. Here we have no continuing city, and here we have no continuing king. But there is a land, where there is a King, without beginning of days or ending of life. There is a city with buildings that could never grow old. Hallelujah! That's the Bible story. That's the mystery of God come back, while the earthly church...brother, who's going to go through tribulation. Amen!

They are looking around there and they are just trapped in organization, still in the time element. But the Bride, under the baptism of fire in the eighth day, she passes from one condition. She passes from the Laodecian age to the Bride age. Amen! She comes to the eternal church age. No more time elements for her brother! Amen!

She know she possess eternal life right now. Only she has eternal life, that's why she recognizes her position in the Bible. When she sings, she sings of the God who is present, leading her by the power of the Holy Spirit! My, What a great thing, what a great thing!

Where the Bride is walking in this hour, we rejoice in that, this is a time to rejoice. Let us be glad and rejoice. Why? The marriage of the Lamb is come. Brother, you have to have new garments for your marriage. Is that right? Oh my! The wedding day coming, you have to get special garments, just to match the Bridegroom's

own. Is that right? And Bridegroom's own is full of glory and your own is full of glory too. Amen!

"You shall walk with me in white." Like on mount transfiguration. Is that right? His garments were whiter than any fuller's soap can wash it. What it was? He passed into the robes of immortality. Glory be to God in the highest! Not some white drill that you go and buy down the road, in some store, with some earthly tailor have to cut and sew, with some earthly pattern brother. No sir! But garments of celestial light, clothed in light and immortality.

Oh my! I am happy tonight, I'm so happy tonight, Amen! To know I am a Christian, Amen! He made me a Christian. My name was in the Lamb's Book of Life and if you're not one tonight, you say brother I realize you're talking about another kind of Christian. You're not talking about a Christian who is just going to church, who does join church and whose name's in the book. I realize you're talking about something else. I want to be that kind of Christian.

You can be that kind tonight Amen. You are in the right place tonight to get that kind of experience. Hallelujah! You can walk in here a denominational Christian and walk back out a Bible Christian tonight. Is that right? Just open your heart to the Holy Spirit. Say, speak Lord thy servant heareth. Amen! And watch His word has transforming power. Amen! He is the same yesterday today and forever. Let's bow our hearts and commit the rest of the service into His mighty hands.

Lord, we thank you tonight. What a blessed privilege to be gathered in Your house, and to be able to come into Your presence. To sing with understanding, as Paul says. To pray with understanding, Oh God! Because the Son of God has come and given us an understanding.

The entrance of these seven thunders... Your revealed word for this hour; the present truth, Lord has illuminated us. It's a lamp unto our feet and a light unto our pathway.

To which we do take earnest heed, as we walk the path of life. The path of the just, that shines unto a perfect day. And, as the day star dawns in our heart and this new day, breaking all around about us; And this light breaking between mortal and immortality, between a dying world of corruption, and a bright new shining day.

We hear the voice of the Holy Spirit saying Shalom! And our voice answers back. Oh God! In praise and thanksgiving, Father, Oh God! Because you are the author and the finisher of our faith. "It was love that drew salvation plan. It was grace that brought it down to man. The mighty gulf that God did span at Calvary."

We saw this great revelation that Abel had. Oh God! To worship you in spirit and in truth, coming, having access through the blood of the slain Lamb. Oh God! What a faith it brought. It was caught up into Enoch's life. Hallelujah! From the worship to the walk where he walked with God and was not. Hallelujah!

We see that same revelation of Paul come back in the last days and revealing the time and season. An Ephesians at the end of the age. Oh God! And to get a Bride, in order for the rapture. And we see this happening and breaking. Oh God!

Lord a glorious church, washed, with the washing of the water of the Word. Without spot or without wrinkle. We thank You Father, that this is the hour dear God, that this is that hour. And we pray that You'll make it so real in every heart, Lord Jesus. That it would inspire them to walk, as the songwriter said 'Just a closer walk with thee. Grant it Jesus is my plea. Daily walking close to thee. Let it be.' Oh! Let it be, let it be, let it be.

Let it be Father, even as we'd sit in Your presence, to hear Your word tonight. As that spoken word would come forth like a spray, spraying upon this church, spraying all around about us. May we sit under the atmosphere and the anointing of the spirit of the living God? And may the Word that is being ministered, Lord, guide our souls into faith that we have never known.

Open up our eyes as You open up the vision that we might see, and see plainly and may You bless each and everyone. Oh God! And whatever need that we may have whether it is material, spiritual, physical needs, financial needs or our body in healing. Or Lord we just need some money, like that time when You needed money, oh God, to pay the taxes. Or whatever is the need for the money today. You had a way You could provide it, Father. Whether it's food, You had a way. You showed you could provide it. Whether it's healing for the body, you had a way. You showed that you could provide it. And You are the same Jesus, in our midst tonight.

We believe with our heart, and we confess with our mouths, you said we shall never be ashamed. Let that be the portion of everyone that could believe that and confess that tonight, in the name of Jesus Christ.

Remember your children out in the islands may the Holy Spirit minister to them also. And oh God! May faith... because we know without that it is impossible to please You. And especially in this hour, let us live by the faith of the Son of God. Let us not be shut up from that faith.

He said, after the Son of Man; the seed has come we are no more shut up unto the faith. Faith has been revealed, and oh God, now we can enter in and live and walk in that faith. Let that be the portion of every believer tonight. Bless us all together as we sit in Your presence, get honour and glory. Bless the Word to our hearts, in the name of Jesus Christ we pray. Amen. God bless you. You may have your seats.

I want to just share with you one of the services from Grenada. We were looking at one from St. Vincent last week and this is 'ah' a message entitled, 'God's Eden and Satan's Eden.' And it's some of these things we may not in a little while from now be able to have the opportunity to speak directly to you. But as you hear it, it ties in with the things that are being ministered. And it sort of makes the picture clear for you, and moves your faith up into that place, where we need to be in this time.

It's a great time, I am just looking at some things there and I do not want to you know... Preaching is a funny thing you know. You could just come in a pulpit and preach, but then, when your mind and your heart and your inspiration is leading you one way, you do not want to come and preach if you are not ready to preach, in the place where you are at. So I am just, sometimes keeping you in remembrance and keeping you moving on.

And then as the Word breaks and God anoints you to be able to know how to minister it in a way it can help the church, and move the church where the church ought to be, that's what we are trying to do. And we just pray that He blesses you tonight in His presence and in His service and fill your heart with good things and...

The Bible said, "A good man out of the good treasure in his heart bringeth forth good things. An evil man from the evil treasure bringeth forth evil things." And I trust that the Word of God is

good to you, you can recognize it. You can identify; that's the Word, that's the spirit, and it becomes a lamp unto your feet a light unto your pathway.

God bless you and God bless all the strangers and visitors in our gates tonight. And may the Word of God edify you and strengthen you is my prayer as we turn over to the tape.

[Tape begins]

Almighty God is here to meet with us. We are gathered here. God didn't gather us here to deal with somebody outside of here. God brought us here and we come to meet with him here. And if our hearts and minds are focused here. Let the Holy Spirit give to you what you have need of Amen!

So glad to see you and see all of you and the Purepe family those that are here we so appreciate you. Amen. Our dear brothers, sisters, and they who are gathering over there in Carriacou also. We wanted to be with them and we just couldn't and it was difficult for them to come. But we trust by God's grace to at least sit down with them over there one day and open the Word and talk with them, and pray with them, and encourage them.

We're certainly longing to see their faces after quite some time. But nevertheless we are happy and we are glad for all of you in the house of God. Precious brother here, last tonight he was so happy. He was telling us...forty-five years...and one day he says God touched him and we were so happy for him and what God has done for him. And for what He's done for each hungry heart may His name be praised. Amen! We believe we shall receive. Amen.

Let me just read a couple Scriptures quickly, and get you off your feet I would like to read in Isaiah. Isaiah is a miniature Bible; Isaiah has sixty-six chapters; the Bible has sixty-six books, and Isaiah goes from eternity all the way to eternity and He covers everything. Brings in John the Baptist. Brings in Jesus. Brings in the New Heaven and the New Earth. All these things in the book of Isaiah.

But we would like to read in Isaiah chapter 14. To see, something that gives us an insight into what caused the great fall in heaven. And what causes all the trouble on the earth for man. Isaiah chapter 14 verse 12. You have it. Amen. I'm still hearing some pages turning. Isaiah 14 verse 12. Isaiah was speaking here to the king of Babylon. But in that king of Babylon, Satan was veiled

in this man. And so Isaiah is not talking to the king. He is talking to the Lucifer in the man.

*How art thou fallen from heaven, O Lucifer, son of the morning! how art thou cut down to the ground, which didst weaken the nations!*

He's asking the question

*As thou has said in thine heart, I will ascend into the heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the side o the north:*

*I will ascend above the heights of the clouds; I will be like the Most High.*

Five I will, I will ascend, I will sit, I will ascend above the heights of the clouds, I would be like the Most High God

*...Yet thou shall be brought down to hell, to the sides of the pit.*

What a great thing that is. 2 Thessalonians chapter 2.

That was what caused the fall. These were the thoughts; these were the ambitions of Lucifer. And when he went forth to carry out his plan. Breaking the unity between God and the angels. He was cast down, out of heaven. And then he was in the Eden of God. You know that. Ezekiel 28 tells you that. But here we want to look at something in 2 Thessalonians 2, and that's this hour we are living in.

1 Thessalonians 4 tells you about the rapture. Chapter 5 gives you some exaltation and chapter... 2 Thessalonians 1 picks back up from 1 Thessalonians 4 about this great vision of the coming of the Lord. How He shall appear with His mighty angels in flaming fire in heaven and so on, which we have seen in the cloud in this day. And now in the very condition of the people, and what is going to happen.

2 Thessalonians 2:1

*Now we beseech you, brethren, by the coming of our Lord Jesus Chris,*

He had went to prepare a place for us and is coming back to receive us.

*...and by our gathering together unto him,*

And that was the shout that gathers us for the coming of the lord.

*That ye be not soon be shaken in mind, or be troubled, neither by spirit, nor by word, nor by letter as from us, as that the day of Christ is at hand.*

*Let no man deceive you by any means: for that day shall not come, except there come a falling away first,*

And that is literally, 'The Falling Away' first. And the word falling away is a word means 'apostasy'. Unless there is, 'the apostasy'. And apostasy is a departure from the original faith. Wilful departure. We will not serve God.

We don't want the Word. We want, the organization. Because they didn't have the love for the truth. Because they didn't want the Word. God will give them a strong delusion to believe the lie and be damned by it.

That's this generation. They have fallen away from the faith. They don't have apostolic faith and apostolic doctrine. Because there is only one Lord, one faith, one baptism. You know that. So Paul is saying that, there'll have to come a falling away. He said let no man deceive you.

*Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and the man of sin be revealed, the son of perdition;*

And perdition is hell. Son of hell.

*Who opposeth and exalteth himself above all that is called God, or that is worshiped; so that he as God sitteth in the temple of God, showing himself that he is God.*

So Paul was saying, it is coming, this man of sin; this son of perdition, will sit in the temple and be worshipped as God. And this generation is the one who will worship him, as God. Now what is that showing you there? Isaiah 14 shows he had a desire to be like God. To be worshipped like God, to exalt himself above the things of God.

2 Thessalonians 2 shows you he will achieve that.

Lucifer will achieve that. That is fulfilled in this hour when the world has rejected the truth, the light. Gross darkness on the earth and upon the people, but you! Arise and shine, your light has

come. And the glory of the Lord is risen upon you. You know that. I'll just... to save a little time I want to drop down to verse 9.

*Even him...ok verse 8:*

*And then shall that wicked one be revealed,  
whom the Lord shall consume with the spirit of his  
mouth, and shall destroy him with the brightness of  
his coming,*

That wicked one, see that wicked shall be revealed.

*Even him whose coming is after the working of  
Satan with all power and signs and lying wonders,  
And with all deceivableness of unrighteousness  
in them that perish, because they receive not the  
love of the truth, that they might be saved.*

*And for this cause God shall send them strong  
delusion that they should believe a lie,*

And that word there is literally, 'the lie' which is the same lie he told Eve. Because how did the human race fall? Eve believe 'the lie.' How is the whole church world deceived in the last days? They believe the lie again. How was Eve deceived? Satan was in the serpent and perverted the Word. How is the world being deceived today? Satan is in these false anointed ones, preaching a false doctrine deceiving them again. Is that right?

*That they all might be damned who believed not  
the truth, but have pleasure in unrighteousness.*

So when they talking about saving the world for Jesus, and saving the nation for Jesus, that is contrary to the Bible. The Bible said in the Word they would be deceived. Not saved. Revelation 12: 9... Revelation 12: 9... Let's take from 7, get back to Lucifer again:

*And there was war in heaven; Michael and his  
angels fought against the dragon; and the dragon  
fought and his angels,*

*And prevailed not; neither was their place found  
in heaven.*

*And the great dragon was cast out, that old  
serpent, called the Devil, and Satan, which  
deceiveth the whole world:*

So the whole world is to be deceived. 2 Corinthians 4 tells you 'The God of this world blinded the minds of the people.' See.

*That great dragon was cast out, that old serpent called the devil and Satan, which deceiveth the whole world;*

He gave them one kind of music? He gave them a kind of clothes, he gave them a certain kind of food, he gave them a certain kind of transportation, he gave them a certain kind of communication, he gave them everything in a perverted form. Thinking they are making progress. But he has actually kept them living by the tree of death. Which is death. Which is to be separated from God. And they refuse the tree of life, which is the Word of God that gives life.

*...He was cast out into the earth and his angels were cast out with him.*

Revelation 13:8

*And all that dwell upon the earth shall worship him,*

Talking about the beast.

*...whose names are not written in the book of life of the Lamb slain from the foundation of the world.*

*If any man have an ear, let him hear.*

All those whose names are not written in the Lamb's Book of Life will worship the beast. Satan said, I will be, worshipped like God. I will be exalted, so the Bible in Thessalonians. 2 Thessalonians 2 and Revelation 13 shows that Lucifer, will actually, build his kingdom, and be enthroned as God, and be worshipped as God, in this generation.

That must happen before the Lord comes. Amen! When you look out there if you can see a nice beautiful world that you want to be part of; watch yourself. The Bible said don't be conformed to this world. Be transformed by the renewing of your minds. To be conformed to this world is to become Satan's subject.

May the Lord bless the reading of His Word. You may have your seats.

I have a subject here; I am trying to work my way towards it, and to, sought of build up a little more on what we have been speaking. The first night I was speaking to you, how... out of in my fathers house are many kinds of mansions, and I heard you singing and the atmosphere was so nice. And you know it just seems like

your mind is now so focus and you are now getting in the spirit. And that is what the prophet said.

You go in a place you start a meeting. The first day you try to get the people minds in a channel, to look in a certain direction. Second night they begin to... you know kind of break through little hindrances. And then the third night they begin to see what you are talking about. By the time they get into the spirit settle where the spirit can really begin to move, and bless, and the supernatural can really work among them, the meeting is over and you have to go to a next place. See. So I was telling Brother Ellis, I said we started...we're ending up where we should to be starting.

I heard them singing about how we are changing robes, and things that are to be. You're in the atmosphere... your mind and you spirit, and your confession, and your expression, is in that place. And if I was a denominational believer I'd walk in here and say, 'what those people singing? What those people talking about?'

But if I am a believer, I could say, like these people are conscious they're getting ready to leave. They're going in the rapture. These people... like seven thunders utter their voices to these people or something. Like they're knowing how to prepare to leave this earth. Because that's their confession. That's what they're singing about; that's the atmosphere around them. So that's the way it should be.

So this morning I would like to speak a little bit on '**God's Eden and Satan's Eden.**' And speaking a little bit to you about the tree of life and the tree of knowledge of good and evil, these two Edens and these two trees. Now God created His own Eden and God was the life in the midst of His Eden. Just like God created His own church God is the very life in the midst of His church.

A man is not the life; God is the life. God is the source of life. God is the Word. God is the spirit. And the church lives by the Spirit and by the Word. God's power saves them. God's power heals them. God's power opens the Word to them. God's guiding light guides them and these things. See. God is perfecting them. God is giving them faith to believe him. God is giving them virtue. God is giving them a new nature.

God Himself, He is the way, He is the truth, and He is the life. He's all things to His people. So when God created the world, the

first Eden, God Himself was to be the Sustainer. He wasn't just the Creator He was the Sustainer. He sustains His Eden.

They lived by... the light of the world the sun, the s-u-n in a type of the s-o-n of God, who is the light of the world. The rain that comes and waters the plants and makes it grow, is a type of the Holy Spirit. The former rain and the latter rain. Is that right?

The seed that is planted is a type of the Word. It brings forth after its kind. The lion is Christ, the lamb is Christ, the bullock is Christ, the eagle is Christ, the dove is Christ. You look in the creation. God is revealed in His creation. Is that right?

He is the morning star. That's right. The fairest of ten thousand, He is the lily of the valley; He is the rose of Sharon. So God created a creation that reflected Him. And that's why, the more we would look into God's creation, we see the work of the Creator. And the work of the Creator would reveal the one who created that work, who did that work.

A man's character is expressed and featured in the man's work. That's why somebody might try to impersonate it. But if you examine it closely, and you know the man, and you know his style, and you know his way, you'll know, where that thing originated. Is that right? You see motor cars, there, each one have the name of the company that made it. Whether it is a Toyota, whether it is a Nissan, whether it is a Mercedes Benz. Why? The sign, the trademark, carries the engineering, the workmanship, the knowledge of mechanics and these things; the performance of the vehicles.

You watch a painter who paints something, or a musician who composed a song, or somebody, or some composer creates some masterpiece, a musician like Beethoven or something. You can hear the piece of music if you study it, and you know the man's style, you could know that's a Beethoven piece. Because you know it, you watch the paintings and you know that's Picasso, that's Van Does Burg that's one of those great painters – Rafael. And you know the man's brush marks, and you know the colours the man uses, and you know how the man paints his shadows. You can look at these things.

A man who could make furniture and so on. Then you look at it and... You know... like how even the musical equipment it carries its own name, its own brand because that's a certain concept, that's

a certain design. Before it came into expression, it was in the thoughts of the person, who had the design. And then the thoughts became manifested, and they produce something.

If fallen man does that. How much more God the Creator? Could you imagine that? How much more God the Creator? Why are you different? Why are you unique? Why are you different in ways to the next person? Why are you in the same family, born in the same family, but yet each one of you are different? Why? God made you different. Amen.

He is a God of variety; He wants each one special. He doesn't want a next one to feel like they're just ordinary; He wants us to feel special. He makes us special.

And so God is the Sustainer. He created His Eden and He was the tree of life in the midst of the Eden. Satan always wanted to be like God. Satan came into God's Eden, saw God's children in God's Eden, brought death to God's children, and brought death to God's Eden. Because he was the tree, of knowledge of good and evil. He was the tree of death. So these two trees, symbolic of God and Satan.

How many know David said, a man is like a tree planted by the rivers of living water? How many know the Bible said that you are the fruit of your mother's womb? How many know John said, the axe is laid at the root of every tree that doesn't bring forth fruit it will be hewn down and cast into the fire?

He was talking about people. Not botany life trees. Is that right? You talk about your family tree. Jesus said He is the Branch; He is the Root and the Offspring of David. He is the Root and Offspring. Because in David's family tree, Christ is the origin of that tree. And then Christ came through David lineage, as a branch in that tree. So don't be confused with trees.

You know if you come from the organization, maybe your mind full of organizational things. And they kind of tell you well that is a tree and a man went like he was picking a guava and ate it. And they think it's an apple, and they eat the apple and then.... Look at computer there. It has an apple with a bite on it. Why? It represents knowledge; Information age. See, man thinks of it. All these things testify of what we come back to. It's an Eden friends.

God created in... How much days? In six days. Six days he laboured and rested on the seventh day. And a day with God is a thousand years. Six thousand years man's civilization has evolved.

Can you imagine that? Satan from the fall in the beginning... six thousand years Look at the world that we live in today. At one time it was an agricultural society, and then it became an industrial society.

Could you remember the days when people used to wash? And they went down by the river with their load of clothes, and they went down there and they took the clothes in the river, and they washed it in the river, and they beat it on the stone. Is that right? Then they threw it on the tree branches. To do what? To bleach it, in the sun. And then they took the old coal pot iron and they ironed it.

But look what the industrial age has done. The industrial age gave the woman a washing machine, it gave her a dryer, it gave her nice bleach in a little bottle that she goes and buys and she bleaches the clothes. It gave her a nice electric iron with spray, with steam, with all kind of different things.

Think of in the agricultural age, man want a... winter is coming, because through the fall the seasons change. Then what happen? Then man comes now and they kill the sheep. Or what it is. They take the wool. They notice the sheep had good nice fur, good wool to keep them warm, so they put on the sheepskin.

But look what the industrial age has given man. They took the same fibers from the wool, and they gave you a worsted, wool suit; three piece. And you go and you watch it hang up there. Think of, the old piece of sheepskin, prophets and they, wrapped in sheepskin. To, watch a man in a nice three-piece suit and a silk tie, with a nice cotton shirt, with a nice leather shoes.

Well the leather and the wool come from what? Animal life. The cotton comes from what? Botany life. So the man is clothed with by-products from the animals and the trees. But when you look at it, it looks so classy. You don't think is animals and trees that have the man looking nice like that, or the woman looking nice like that. Why? The age has changed.

At one time they couldn't produce that, in the agricultural age. But scientist... Man broke into a realm and they began to invent

and they began to develop things, and they began to refine things. And they admire their wisdom, and they admire the knowledge.

And they said, my! We are progressing. And they began to rise up things. Man used to ride the old donkey. Remember the days? Some of you older people rode the little donkey carrying the little bunch of wood, and the man went to the grocery with the big straw basket.

You went to the grocery with about two dollars and you came home with more goods than you could carry. See and then how many remember the days when we use to have this big round penny like that? [Brother Vin demonstrates.] The copper penny and these things, and when you had pence and shillings under the British system, see.

We saw that then, our fathers and they had known more of that than us. Because when we came in things began to change. Now these young ones coming up now are coming into a change again. Because we did not have computers growing up and our fathers could not conceive that kind of thing. But all these little children; video games and different things and computer games and everything else.

People sit down there with remote control and they only changing channels and doing that type of thing. You see all them little school children with cell phones. Brother, our fathers didn't even have a big telephone in the house much more a cell phone.

A couple years ago if you had a phone other than the big phone in your house and they give you a portable phone it was something big about this. [Brother Vin demonstrates.] Just a couple years ago. In the motorcar... and you pull out this thing to talk to somebody with. Then. Now the cell phones and they come that small. [Brother Vin demonstrates again.] Is that right? What is it? Progress from the tree of knowledge; from the tree of science.

I want to bring some of these things for you this morning to show you how the world has changed and man have not realized that the world has changed. That's why they can't perceive heaven. Because all of this was designed to trap the mind. To hold them here a prisoner. And earth in the last days, becomes a prison planet. And Satan becomes God on this earth. And the whole world is deceived. He gave them religion, he gave them sports, and

he gave them these things. And you can see right now how it is happening.

Jesus said don't be caught in the cares of this life with surfeiting and drunkenness. They have them drunk on sports. You are getting twenty-four hours on ESPN. Football, American football, rugby, soccer, baseball, cricket, everything you know... basketball, everything. And they just have their minds going. They could... they drunk with sports.

They see some earthquake in some place some great crisis happens war breaks out somewhere. Man they don't have time to listen. That is politics, that is too high for their minds. They want excitement; they want 'The Terminator.' They want... you know some kind of... big adventure movie or something; 'Spiderman' or some kind of thing to blow their minds. Fiction! Why? Because they have been caught up into that. And the reality around them means nothing.

But does that hinder God from bringing his word to pass? [The congregation says No!]

The elect who was dead in sins and trespasses you hath he quickened. He comes to you and He quickens you and He opens your eyes and He says, recognize your day; recognize your message. Look at what is happening, look at the time clock. See where we're at, see what is coming to pass. And then you'll start to realize, oh God! I am privileged.

Lord, as it was in the days of Noah; they were eating and drinking, marrying and giving in marriage; and they knew it not, until the floods came and swept them away. And as it was in the days of Noah, so shall it be in the days of the coming of the son of man. Is that right? It's the same thing.

The world's caught in the same place. And that's why faith is in the heart of the believers. Something is quickening them and raising them up. You have a power to press against the current. The current is sweeping the world because they don't have faith. But they'll start to realize now faith is the supernatural; faith is the substance of things hope for. Faith is the sign that you are a part of God, because the world lives by wisdom, but the believers live by faith.

By faith Abel, by faith Enoch, by faith Abraham, by faith Noah, by faith Isaac, by faith Moses, by faith you,

Amen! Hallelujah! You're catching the same kind of faith. So you can look away from the world and look away to Jesus Christ. That's a great thing. Amen. That's a great thing.

So we were talking about in my father's house are many kinds mansions. Then I began to speak to you about the key to the door of immortality. I showed you what kind of man God made in the beginning. I showed you that man from the beginning was put into the body of flesh. I showed how that man ate from the tree of knowledge; how death came. How that body went back to the ground, as dust thou art and unto dust thou shall return. And then, how Jesus Christ came.

We looked at it last night. To destroy death; to bring many sons back unto glory. How this mortal must put on immortality again, see. Because He abolished death and He had brought immortality and life to light. We talked about the body which Jesus had; how it went through the wall, the speed of it. He could appear and disappear. He could ascend into heaven and then...

The Bible tells us in Philippians chapter 3: 20 & 21.

You will have such a glorious body. Now aren't you glad when somebody, some family comes from away or something, and they bring you a beautiful nice dress from another country? Maybe far nicer than the ones you have here in this country. Oh, you wear it with pride, you wear it with dignity. And you get a nice suit or something. My, you come in that nice suit there and you feel so good because it came from away. You go in every store here in the island and you can't find one like that. And you just feel special.

Why? You get a real nice suit from another country. What about... He promised a body now, from another country. You bear the image of the earthly; something that man doesn't have on earth.

Every man is in a pest house; every man is in a body come by lust and sex. But you are going to have and immortal body. You are going to have a glorified body. Think of it; and that's what He promised. Glory be to God! My! My father's house has many mansions; I've prepared a body for you. We are changing robes; I'll put off the old man; I'm putting on the new man.

You know anybody who is properly dressed have three... God is perfected in three; and you have three 'ah' sets of clothing. First

you put on the under garment, you don't put on the over garment first. You could imagine a man trying to dress hurry for church, putting on his suit and the pants and realizes 'hey', "I had to put on the under garments." Suddenly..." I would put it on over this." He'll be crazy... because... he'll be a laughing stuck they'll say that maybe this man loosing his marbles or something, you see.

So, you realize, the first garment to put on is the inside garment, then you have a garment over that, and then you have your outer garment.

See! So it's the same way that man is a triune being. He is body, spirit and soul. But when God start the Holy Ghost that changes the man... doesn't come in the body, it comes in the soul. God doesn't try to change the man body, and leave him in that old nature.

Adam wanted to eat, but the soul was already fallen and he wanted to eat from the tree of life. And God shut the tree of life, lest he live forever in this body. No sir! So God now, by the Holy Spirit, God clothe the inner man. Then we hear, we have a next body; if this earthly house be dissolved, you have a next one waiting. A theophany. It's called theophany. Amen! A celestial body. A body in another dimension. Glory!

Then, you have this body that is to be changed. We who are alive and remain. When that theophany comes to this body, if you are alive.... If you die you go to the theophany; this body goes in the grave. But you have another one waiting. But if we who are alive and remain, that theophany would come to this body; it will change this body and raise you up into a glorified condition.

Once that come upon you friends; you'll be travelling at the speed of thought then. You know... we were talking about how fast light is last night. Light is a hundred and eighty-six thousand miles per second; but thought is faster than light. The speed of thought you just think it and you're there.

My! Think of it! Jesus told Mary, "Touch me not. I'm not yet ascended to my father in heaven. Go tell my disciples, that I am risen, and to meet me in Galilee." And while she was running, going to tell them. The Bible said, and Jesus stood there and said, "all hail!" and they grabbed him by the feet.

He went to heaven that fast and came back. Oh my! Glory be to God! Speed friends. He was so fast; he came right through the solid wall.

We went into that last night. How science, trying, to increase the speed. So they came from one horse, man used to ride a horse... maybe... he used to ride, he used to walk first. They find he can't run fast, he saw something running faster than him, a horse. Horse power; had more speed than maybe himself. So he said I'm going to get that horse, he started to use the horse for transportation. Man had a donkey had slow transportation, man had a horse had faster transportation.

Then, he realized that wasn't fast enough, so he wanted a motor car. So he invented a motor car and they said the motor car has so much.... What? Horsepower. Is that right? They said the car have so much horsepower. So now we have about ten horses in a can, and they going a little faster. So then he came from there now to airplane. That was too slow on the ground for them, they wanted to move.

He can't cross the water with that so they move into the airplane age. But then the airplane age they're still flying around here; where little storms do have to bring them down. And they have to go and wait in an airport until the storm passes. But then, the astronaut...

The plane only goes about 800 kilometers. When you go on them 747, you go in them intercontinental places, you travelling about 850 to 875 kilometers per hour. But then the astronauts do 17,500 miles per hour and that is as far as they have reached. So man is still in the baby stage of this science. It took them six thousand years to reach there. You get what I'm saying?

But Enoch before two thousand years had passed; he had moved into another dimension. Oh my! Without any horse; without anything. Elijah moved into another realm. Is that right?

Jesus ascended into heaven, and they beheld him going up; picked up in a cloud, another kind of transportation. That's the kind that'll take us in the rapture.

So if you want to go to America you have to know your transport that taking you there. How many know... You had to wait for your transport this morning. You say the van's coming to pick you up at such and such a place and bring you... Is that right? It

tells...you knew what time your transport was coming and you knew how to recognize your transport, didn't you?

You who came to church this morning, you recognize your transport. And if your transport was passing you, you would have had to make some noise and say; "look me here, look me here. You didn't see me. How you could pass me like that." I was waiting here for you. Well if you have to know your transport to bring you to this destination.

How much more you have to know your transport that is going to take you there. Is that right?

Now these are not points to just rejoice in. These are points to say; Oh God! Then, do I know my transport? How do I wait for that? How do I get connected to that? How do I get closer to come under the influence of that? Lord teach me, Lord open to me, Lord show me, because I am bound for the rapture.

And now what these messages are doing for me. It's showing me how to prepare for the rapture. The message was to show us how to prepare for the rapture. Where are we going? How are we going to get there? What will take us there? What conditions we ought to be in, to go there?

We are understanding these things. And then, if that is being revealed to me, then I know I am going. Why would God tell me all of that and I'm not going? You get what I am saying? And it's right in the Bible, it's not out the Bible, it's in the Bible. But it is the way man reads the Bible; they couldn't see it. Because it was hid in the book. But in this hour the Holy Spirit wants to come down now and make it plain.

Let's study a little bit. Turn with me in your Bible to Genesis. We want to read a little Scripture.

I notice last night, it helped you when you were reading the Scripture. The first couple of nights I was kind of preaching and saying things, and I notice when you focus in the Scriptures... sometimes you believe me. But when you see it written in the Word, you believe it more. Because you see it there for yourselves. And then once you see it there you yourself could go back and study it.

Let's go in Genesis 2. Let's start there Genesis 2:7. God had put spirit man into flesh in the terrestrial body Genesis 2:8.

*And the Lord God planted a garden eastward in Eden; and there he put the man whom he had formed.*

[Fixing his location eastward in Eden].

*And out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food;*

Semi colon. See! It changes the subject now. First it talked about botany life; growing out of the ground. But now this is a tree that doesn't come out of the ground now. Because it is not an earthly tree.

*...the tree of life also in the midst of the garden, and the tree of knowledge of good and evil.*

These are two different kinds of trees. One is life and one is knowledge of good and evil which is the tree of death. Verse 15:

*And the Lord God took the man, and put him into the garden of Eden to dress it and to keep it.*

*And the Lord God commanded the man, saying, Of every tree of the garden thou mayest freely eat:*

*But of the tree of the knowledge of good and evil, thou shall not eat of it:*

Because God didn't plant that in that garden. Because God knew he was in the garden. God permitted him to be there because man hath to be tempted. To see what he will choose. See God gives every man....

Catch this! God gives every one of us free moral agents. The tree of life and the tree of knowledge of good and evil were not for Adam and Eve alone.

Every human being that is born into the earth, is confronted with those two trees. Man's either going to live by the tree of life, or he's going to live by the tree of knowledge of good and evil. If he tries to go to the tree of knowledge of good and evil, he'll die. But if he lives by the tree of life then he could never die. Because that's life, and that's not talking about a... Let me say this;

There are many kinds of life. David said thy loving kindness... Is what? Better than life. So if loving kindness is better than life, and Jesus Christ is the life. Is loving kindness better than Jesus Christ? Is that what he's saying? No! It's telling you that there is more than one kind of life.

In other words, Lucifer lives... right now; he may be living for billions of years maybe. Because, he was in heaven. When he fell and came on the earth, he existed long before he came on the earth. Is that right? (Congregation says, Amen).

Then he is going to be in the lake of fire, until he is annihilated. And maybe he'll spend millions of years in the lake of fire, until God decides enough is enough, where he doesn't exist anymore.

But he doesn't have eternal life. You get my point? Methuselah lived nine hundred and sixty nine years. He had human life. That is the longest human life in flesh on the earth. Lucifer is here six thousand years already and more, on earth, and before that he was in heaven. And he doesn't have eternal life. You get what I am saying? Alright!

So there is more than one kind of life. So you see, you can't be just babies in the Word now; you have to come up a little bit and see. Remember the angels that fell going to perish too. Remember people who follow him God give them strong delusion to believe 'the lie' and be damned by it.

But those who have the love for the truth would be, saved. But those who didn't have the love for the truth would be, damned. So he says, God is going to put them in hell. And he will destroy them with everlasting punishment; everlasting fire. Well, if there is going to have everlasting fire, everlasting could be millions of years. But everlasting is not eternal. Only God is eternal.

Hell was, created. That means it had a beginning. Anything... now catch this! Anything that had a beginning must have had an end. Only that which has no beginning, has no end.

Abraham met a man who had no beginning of days or no ending of life. He had no father, he had no mother, he had a power; a power of and endless life, a life that can't end. So if you have eternal life; eternal life is not a feeling.

And that's where many Christians, when they remain shallow they can't come into real faith. Because eternal life... You have to be conscious. "Do I have eternal life?" You know we kind of believe in the gift of eternal life and say, well you know, I believe God gave me eternal life. What kind of life you have in you now?

If you don't have eternal life in you now, you can't overcome. If you don't have eternal life in you now, can't know the things of God. You have to have eternal life. Because the Bride of Jesus

Christ is eternal. The Bible says you were chosen in Christ... Ephesians 1:3 – ‘before the foundation of the world.’ You were chosen back there. Then the Scriptures said, God told Jeremiah, “Before you were formed in your mother’s womb I knew you, and I sanctified, you and I ordained you to be a prophet.”

So part of him existed somewhere. Your body came from your father and your mother. Your father had a sperm, your mother had an egg, they came together in holy wedlock, and they produce the body. But your father and mother couldn’t produce a soul. They could only produce a body. You get what I am saying? The soul came from God. You believe with your soul; you don’t believe with your body. Your body is see, taste, hear, smell and touch. Five senses, to contact this earthly world. But the soul that sinneth shall surely die. The soul that believeth shall surely live. You believe with your soul. In the soul is either faith, or unbelief. So if there is something in you making you believe the Word of God, then that soul had a representation somewhere, before the foundation of the world.

Those whom He foreknew He did predestinate. Romans 8:29-30. Those whom He predestinated, it’s them He called. And you are the called according to His purpose. Those He called He justified, and those He justified, He hath glorified. So you’re going to come into glorification. Once you were back there, you would come into glorification. You’ll come into immortality. You will come into this body we are talking about.

Now, why are you here? Because God foreknew you. How did you come here? The message called you. So the thing has already started. You know you were foreknown, you know you were predestinated, and you know you were called. Why don’t you have any condemnation anymore?

Why? Because you know God has forgiven you. The Holy Spirit has come upon your life. Is that right? And He had begun a work in you. And now this morning after He did all that for you these last couple nights. He’s telling you about the glorification. He’s telling you about the glorification because that is the next part for you to come into.

You’re not trying to become predestinated, you’re not trying to become foreknown of God, you’re not trying to become justified. You want to come to glorification. And He died, to bring us back

to glory. Is that right? The glory of the Lord is... risen upon you. Your light is come. And the light of this glorious gospel is shining in your heart. Isn't that wonderful? Okay.

So this tree, God said don't eat of it. Now Genesis 2:25. Let's get down to it. Trying to... now I'm picking the places you notice; but some of the in-between you would know it and you should refresh your minds with it too. Genesis 2:18.

God said that it is not good that the man should be alone. I'll make him a help and that is where God is bringing the Bride out but Genesis 2:25 is where I want to get to.

*And they were both naked the man and his wife  
and were not ashamed.*

What kind of world was this? They were naked and not ashamed. In that world, this kind of clothes did not exist yet. This is man-made. Let me get you quiet, and I want you to think. If you can't see Genesis, forget trying to see the rest of the Bible. Because what you're coming back to is Genesis. What you fell from is Genesis.

Why Jesus had to come and die? Is to bring us back to this. What we lost in the fall is written here in Genesis. When we see what God made us, we know what we're supposed to be. We understand why, even though our minds can't figure it out, because that would take revelation. We understand why we have the crave and we're not satisfied in this world. Why we're missing something.

But when you see what He made you to begin with, you'll say... or... that is missing I should have had that in my life. That's why I'm hungering for that. That's why I can't be satisfied with that, because that is not the real thing. God has the real thing. That is only a substitute. You understand what I am saying?

You can look back and see what He did. Now let me draw something to your attention. Some of you who were in denomination. You didn't hear denomination preaching from Genesis and Revelation. You know why? These are the two books that exposed Satan.

This is the book of beginnings and this is the book of the end, where it shows his destruction. So if you can't understand Genesis and Revelation.... Because Genesis starts with the paradise of God and revelation ends with the paradise of God. Paradise lost and

paradise regained. And through the whole Bible it tells you of the coming of Jesus, the Holy Spirit coming after He died, and the church being built up, that He is going to take back there. That's the Scripture!

And here we are now; the book is opened and we can go in Genesis and see the kind of world that God made. Now, we like this world, because we born here and this is what we know as home. But we grow to a place the Bible tells you don't be conformed to here.

Confess you are a pilgrim and a stranger. This is not the place you're born to live in. And it's conflicting. Because... Why do I feel attached here? You know why? Because this body comes from the ground, this is part of the creation; the soul is part of the Creator. So part of you pull towards God and part of you pull toward the creation. So there is a struggle inside of you.

But then the Holy Spirit comes in now to make you a new creature, to quicken you and raise you up a little higher. And by revelation you begin to see beyond this world, back to the real world. And when you see the real world, you see why you are going to be changed, and why this world is going to be changed?

Because God would not let a perversion replace His original. He just allows it and permits it for a space of time to prove certain things. Because if God can't turn it back, then the devil wins. See!

So God is going to turn it back. If the devil bring us in this kind of body and this is not the body we're supposed to come in and we have to stay in this body, then the devil win.

But if Jesus Christ died and rose. And when He rose, He came in a new body, then we know it is just a matter of time, when these things are going to happen. And then the Bible shows us this is the time, this is hour. The last sign before the change, has already come and shown us, and proven to us, get ready for the change.

And God opened up the seven seals to give faith for rapturing grace; faith to be changed. To prepare, to leave this world. Because the earth is to be burnt after this Elijah. And we must go before this earth is burned. Is that right? Abraham and Sarah were changed before the earth burned. So we are back to that kind of time and place

Let me spend a couple minutes here to show you the civilization that God made. Genesis 2:25.

*Adam and Eve were naked, and didn't know it they were not ashamed...*

The Bible says also

*...when their eyes were opened and they knew they were naked;* they didn't know they were naked all the time. They couldn't lust at each other. It didn't have that. They were veiled with the Holy Spirit.

Listen to what the prophet said here on a message. Satan's Eden. He said, now watch in closing and hear this now. How much are like that man and his wife, both in God's Eden without one stitch of clothes on them, and knew it not. Why did they not know it? For they were veiled to their senses of nakedness, by the holy veil of the Holy Spirit. They could look right at each other and they didn't know that they were naked. They were veiled with the Holy Spirit, of holiness. They were veiled.

It's a holy veil God had on their eyes. They were both..... One was man and the other was woman, and they did not know that they were naked. Because the holiness of God kept their eyes veiled. Notice God hid their conscience from sin by the holy veil.

Now think on these things. These are such divine things to think about. They were in a world that had no sickness; they were in a world that had no sin, they were in a world that had no death. They were in a world that didn't need telephone. You know why? They had a communication. They didn't have to see each other to stand up here and communicate. They could communicate wherever they were .Even though they are apart from each other.

I guess Eve had her cell phone turned off when she was talking to the serpent and he made her take it off. Hear something. Elisha in the Bible, knew what was happening in the king's chamber. Is that right? And the king of Syria said, somebody's spying on us; we have a double agent in here. He said no, no... It's a man, Elisha, he does see what you thinking in your bedchamber. Nothing's hid from this man. And he is revealing all your secrets to the king of Israel. And that's why they're ambushing you every time and you can't win the war.

Today.... now, you'll have to have a spy satellite and you'll have to have equipment to eavesdrop and you'll have to have Hubble telescope and different things to do that, right? But back

there... this man could look and see those things. So what it was? They had a communication system.

Daniel, in Babylon, when the king dreamt something and couldn't remember it, and no one could tell him what it was, Daniel saw over the dream .You ever thought of that?

You know when you're dreaming is like you're watching a television. You know that? Because, you're seeing images, and you're hearing voices. But you're not awake, but it is really a subconscious thing.

Now when you're sleeping, these eyes lock off, your ears lock off. Somebody walk in that room you don't even know who walk in the room. But you're in a dream, and you sound asleep in your dream. And you see a dog, a black dog running you down. He's ferocious and he is aggressive and you could almost see the long fangs that are about to jump on you, like it wanted to rip out your Adams apple; your windpipe out, or something. You're on the bed going... [Brother Vin makes a demonstration]

And you're running, you're in convulsions and when you wake up you're sweating.

Now what eye are you seeing that with? And what ear are you hearing that with? That is in the subconscious, that is in the subconscious. So what you're seeing and hearing, affecting your emotions. That is why when you see a man watching a television there, and he watching boxing and he saying, hit the man, hit the man. And he is shadowing and you standing up there and you watching and you laughing at the man.

Look how he got involved in that, or somebody got locked into something. And somebody comes in that room and he doesn't even know who that person is there and they're so glued. Now, we are conscience and sub-conscience; there is another part of you, when you go to sleep and this first conscience goes, there is another part of you that goes somewhere.

There's a different kind of seeing, and a different kind of hearing, because man is made for both worlds. So when this king dreamt this dream, he got up he couldn't remember his dream.

As I always say, It's like you have a monitor and a video machine and when the man... You could tape the program unto the video and when the program's done and gone, you could pull out

your video and play it back, because you taped it. That is what you do with services and these things.

Well when he got up he could not remember his dream at all. In other words he got up with a blank tape. He knew, 'I saw some things' but... like he did not have the tape press on record. So when he got up he couldn't remember nothing. I explain it to you, because it's easier for the human mind to understand it in an electronic form.

But Daniel knew, some station had to transmit that, because that man was not a transmitting station he had a receiving set. So Daniel knew which station that was transmitted from. And Daniel got a rerun of the same program. You ever see people have a rerun of a program? They say we showing back this Wednesday, and we showing back this on a next night and they show over the same thing.

Well Daniel sat down somewhere and saw over what this man dreamt. Now when this man dreamt it, they scrambled it. Because the man could not understand it. Is that right? But Daniel now gave the man the interpretation of what it meant too. So that means; what that man's dream was stored up somewhere, to be replayed. You could figure out that kind of God?

Well, this is the Bible we're talking about you know. You see, the only world... we have to come out of, is this world. We have to come out of this world of sense.

So Adam and Eve; they didn't need any of these kind of things. Transportation; He could appear and disappear; he could have changed dimensions. Why? He was built for two worlds.

Let me ask you a question. When the whole earth is going to be burnt up to be a New Heaven and a New Earth, and millions of miles high, you know, the entire atmosphere and everything. Where is the Bride going to be? In a next dimension, in a next dimension. So that means, we'll be in a New Earth for the millennium. We'll step into there after the white throne judgment; we'll step into a next dimension.

Then this whole place will burn up and then we'll come back on it. That's right! Didn't the prophet and they go in a next dimension? Aren't they going to come back here? Didn't Moses and Elijah come back and talk to Jesus on mount transfiguration?

You have to start to get ready because we are coming back to the golden age. You have to start to realize that; what is man that thou art mindful of him. To see what God made us friends. Man, when he was made in the beginning he was made in the image and likeness of God. He was an amateur God. That's what God made perfect men and perfect women in the beginning. That's what God made us. Right now we're in a fallen condition

But a Word has come, and there is a promise for this hour. That is why the Word has come to get us ready to come back there. You believe that?

The same way you believe you came to church and going back home. Believe that you are going to the marriage supper and come back in the millennium. That right! Because that is more real than this. You aren't even sure to get back home. You understand what I am saying?

But the Word of God can't fail. So this is more positive than that; yet you take it for granted. You tell your wife, or your children, or your friends; you will see me later. 'I am coming back. When I come back I would do so and so.' You say 'I left my food I would finish cook it when I go back home or whatever.' And you have your plans. And you take it for granted, and you're cool. And you believe it in your heart. And you see no obstacle. Well don't see any obstacle in the Word; the word is surer than that.

In this world (in Eden), they had no Kentucky fried chicken. Man didn't need that kind of food. It had no barbeque pit, in Eden. Man did not have that kind of food. Adam and Eve didn't know about wares and cutlery set and knife and fork you know. Eve didn't need a stove; she didn't need that kind of thing in Eden. That world didn't exist.

It was a world higher than this world. They didn't need any hospitals in that world. There were no graveyards in that world. There were no undertakers in that world, no motorcars to pollute the place. There were no toilets in that world. You mean man eating everything, sleeping, and don't need them things.

What kind of world was that? It was a higher world than this world. They didn't need clothes; they were veiled with the Holy Spirit. And they look at each other they see each other robbed, each other looking robbed to one another but no not these kinds of clothes robed with the Holy Ghost. My... ooh!

In that world, they didn't know sin. They didn't know evil; there was innocence. They couldn't think a bad thought; there was innocence. Now we're getting somewhere. There was innocence. They didn't know what sex was.

They were in a next realm, oh my! How many know in the resurrection, we would be like the angels. All the sexual organs will be gone. When man thinks... well that is life and he can't get out of that; and he only chasing women and women chasing men, and they do not know what to do. And their life full up; they can't see their life outside of that.

Could you imagine, how strong the devil grip is on that life? And if we get raised up in our thoughts, to see... Look where God is bringing us, look at the joys, joys unspeakable and full of glory. Heavenly joys where man would love his sister women will love a man and it would not be Eros love.

You know in English, when we say love, a person say I love you, that could mean anything. In the Greek, there are three words for love: Eros love, which we get our English word, erotic from. Lustful love. Then it has Phileo love, like a man loves his wife and his children. And then there is Agape love, which is the love of God. God's own love.

God Himself is love; the Holy Ghost. That kind of love is what they were in. Filled them and clothed them; that kind of love, divine love. So in divine love they are not thinking of coveting and using one another, because they knew each one is God's creation. Their thoughts were far elevated above that. And in that realm, they had not clothes; this kind of clothes; but they were clothed with the Holy Ghost. You get it!

The glory they were enshrouded with is the Holy Ghost. And they were robed with the glory of God, a garment of light like Jesus on mount transfiguration. His garment was as white as light and they look at each other and that's the way they were. But then Genesis 3:7... Their eyes were opened and they knew they were naked. Why? The robe left them. Now let's read that in Genesis 3:1 quickly.

*Now the serpent was more subtle than any beast of the field...*

After they tell you they were naked and they didn't know it and they weren't ashamed. It says

*Now the serpent was more subtle than any beast of the field which the Lord God hath made. And he said unto the woman, Yea, hath God said, ye shall not eat of every tree of the garden?*

*And the woman said unto the serpent, We may eat of the fruit of the trees of the garden:*

*But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it lest ye die.*

*And the serpent said unto the woman, you shall not surely die.*

See, he's deceiving the woman here. He is twisting the Word of God. Because God said, we read it in Genesis 2. The day you eat you shall surely die. He said you shall not surely die, the serpent said to the woman you shall not surely die. He was lying to her.

*For God doth know that in the day ye eat thereof, then your eyes shall be opened, and you shall be as gods, knowing good and evil.*

*And when the woman saw that the tree was good for food...*

What happened right here? He persuaded her; he convinced her. She started to see the same tree that first she was saying; the day we eat we die... He said no, you will not die then she started to see the tree was good for food. He changed her thinking concerning the Word of God. He changed her thinking. She started to feed on what he was saying. And she left the Word of God, to feed on an interpretation of the Word of God.

Now watch what going to make them loose their robe. Watch what is making them loose their robe. They are eating their way to death. What is the eating? They are feeding on a false word, they feeding on a perverted word, because he said you shall not surely die. He added to the Word of God and it was no longer the original word of God. Because God said you shall surely die and he said you shall not surely die. He added NOT to it, and he perverted it.

Because the Bible said you can't add one word or take away one word. But the serpent added. So Satan knows how to bring death. He injects his thoughts into the Word and it brings death. He turned the truth into a lie. By adding his own thoughts to the Word,

he made the truth a lie, and a lie have a lot of truth. Now watch this now.

*For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.*

*And when the woman saw that the tree was good for food, and it was pleasant to the eyes, and a tree to be desired and to make one wise...*

A tree to be what? A tree to be desired to make one wise. She wanted knowledge, she wanted wisdom; he is offering her wisdom, and she is going to leave the tree of life, to take knowledge. She is coming from innocence, to knowledge. The kind of world it was; was in innocence. It was a faith civilization, believing what God said, and living by what God said.

Now she was going to live by something other than God's Word – ideas of men. What is man living by today? Men's thinking, men's ideas, men's science, men's education. Where are we getting our learning from? Send the children to school, teach them this, and teach them that, by the time they come they don't believe in God anymore more. They believe in evolution; they believe in something else. They believe some man find some bone and they're trying to disprove the Bible.

It's six thousand years; they say no, that bone is so much millions of years old. See, they say no, no, we're going to mars if earth is destroyed. We're going to go to mars and live on mars. So we are going to colonize mars. Man's wisdom.

We are going to give you better food just now. We going to make a bigger potato, we going to restructure the genetic formula of the potato, and we are going to bring something else. And then... What's happening? It's breeding all kind of diseases in man.

We are going to give you processed foods. You're going to go in the grocery buy it out of the freezer, freezing there for the last month. You're going to put it in a microwave; you're going to 'nuke' it. And you going to put it on your table and eat it instantly.

We're going to make it modern. But it is killing them; it is killing them. You understand what I'm saying? We're going to breed a sheep, with a goat, and call it jeep. They do it. I'm talking about in science too. And we are going to give you this kind of meat and then it starts to back fire. Women start to get broad in the

shoulders and narrow in the hips. Men start to get narrow in the shoulders and broad in their hips. Exactly right!

It starts to pervert the human body. Long ago when they use to have boxing and knock down was a round; they had one hundred and twenty five (125) knock downs when Corbett fought Fitzwilliam. You know about one hundred and twenty five rounds (125); today they have to put on big boxing gloves and fight twelve rounds, and a man can't go any more than that. And men getting brain concussion and everything else. And man has become weaker. They said this man Corbett could have hit a horse a cuff and knock it out, cold, with his bare hand. Those men were strong.

Today a man playing cricket gets one lash, they have to rush him to hospital, brain concussion. Man, the generation becomes.... The Bible said it becomes what? Weaker but wiser, weaker. Look at the life span of man today. Back there had no hybrid food. Back there you were eating the raw grain. Today everything is hybrid; nobody is planting food any more. Hardly; everything is imported. They make a chicken it is only breast and thigh. The chicken could hardly stand up. Think of it. They restructure it. God didn't. They restructure the fowl just to lay, and lay, and lay, and lay, and they call it a layer.

They're destroying God's creation. Because people multiplying too fast so nature aren't growing the food fast enough, so it's causing farming. So they found a way to speed up the growth of the food, to meet the demand. But all these are signs of how the world is destroying. But they are bringing it out like education. They are bringing it out like a better medicine. Take this pill;

Now for every little pain they have all these little drug stores, these chemical companies and so on; pharmaceutical companies. They are multibillion-dollar industries. You have to take this pill for that in the morning, take this pill for that in the afternoon. You get a little pain or headache take this pill over here. You want to do that, it has a pill for that; you want to flush out your system, take a pill for that.

Long ago, your grandmother and your mother knew every bush in the yard. But they don't know it any more; the next generation doesn't know it any more. They know the pharmacy. Run down to the pharmacy, then the man gives it some scientific name.

A doctor gives you a prescription like that, and charges you sixty dollars. And then you go and take some drug and the expiry date gone and it backfires after a time. And all kind of different things; and you don't even know what you are taking, and it has side effects and every thing else and they're still selling it. What is it?

It's this kind of world. But it comes so nice, in a nice package, in a nice box, it's advertised nice on TV. Brother! The salesman in a nice suit and with all this classical language, to sell it to you and so on and they put it out there.

And then you see the picture of this muscular person and they doing all kind of these different dynamics, and they say you see the kind of power this thing is giving you. And those women, they picture some slim woman there, say look how fit she is by what's in this tablet. Boy! She never took one of them tablet not one day in her life. They use her face to advertise the thing and deceiving people into buying it because the whole world is base on deception.

But the message has come to wake us up. To say look what is happening around you. It is death. Because the organizations are telling you the same thing... You are a woman of God and God is going to use you mightily like he did in the Bible. Like Deborah you are going to go out and lead your nation. And God is empowering women, and women thou art loose.

And they going out and preach and say God is going to use you sir. You're like Moses you are going to come to deliver your people from bondage. Sir, you're like Elijah you are going to call down fire. Sir, you over here like Gideon, you are going and fight. Brother and they charge them with all kind of different things.

The churches doing it; the businesses doing it; everybody's doing it. And deceiving everybody. That's the world, that's the world. Now watch, here we see this woman she being deceived and verse 6. (Genesis 3:6-7)

*And when the woman saw that tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her; and he did eat.*

*And the eyes of them both were opened, and they knew that they were naked; and they sewed fig leaves together, and made themselves aprons.*

*And they heard the voice of the Lord God...*

Oh I'm reading too fast...

*And when they recognized that they were naked they sewed fig leaves together, and made themselves aprons.*

When that glory left them, Adam said, 'Oh God Eve! What happen to you?' She said, 'Adam... What happen to you?' Next thing the both of them were covering themselves. Something happened to them that had never happen to them before. So now they said, 'Oh God! What will we do? God coming down this evening.' Because God used to come down in the cool of the evening. They said, 'God coming down this evening we have to hide, what will we do?'

I guess was the woman, she gave the man to eat, she was done in charge already. She said... Don't mind that sisters. [Brother Vin speaks to the sisters.]

She said... Adam look, that fig tree is the right thing. They start now, to plan... We have to cover up, we have to cover up and hope God doesn't notice. That's the plan. They weren't thinking about confession. They weren't thinking of saying... Oh God we break your Word Lord. Lord, we've sinned look at the problems we get we ourselves in. Lord we're so sorry!

Instead of doing that; the first thing was, hide your sin, cover it up. That is still the nature of man today. Fallen man and fallen woman still thinks the same way, hide it. Adam was the first tailor, and Eve was the first seamstress. And they had the first garment industry, and they had the first unisex clothing. They invented clothing.

Now first we saw God's clothing; they didn't know they were naked. That glory left them. Now we see another type of clothing coming in. You catching the thought? Another type of clothing coming in. From a supernatural clothing, now they're going to a temporal clothing. A botany life clothing and they using human wisdom how to sew it. How to stitch it up, how to fix it to cover.

They made... what? Aprons that would cover the places that causes them to be embarrassed. They covered the places that the sin was committed with.

When God brought judgment, what did he do? The same place she tried to cover, He said in sorrow you're going to conceive. The punishment came where the sin was. You get that? Watch this now.

Now the world is changing here now, this is the change. They came from innocence to knowledge. But where did they get the knowledge from? Where did the death come from? The death came by the knowledge and the knowledge came from the tree of knowledge. And the children which were born were born from the knowledge of that tree and they born dead.

And until the tree of life come back. 'I am the bread of life and he that eateth of me shall never die.' Until that tree of life come back and made available to man, man was trapped in death, man was trapped in a perverted body, man was trapped in a perverted nature, man was trapped in a perverted world.

What is the rapture? Getting us back to the original world, getting us back to the faith civilization. Getting us back to the civilization where we don't need this kind of transportation, this kind of clothes, this kind of food, this kind of house, getting us back.

All of this came by the tree of knowledge. Because man fell from life to death. Man fell from health, to sickness. Man fell from youth, to old age. Man fell from light, to darkness. Man fell from a divine nature, to a carnal nature. Man fell from the realm of eternal life, to temporal human life.

The world fell from a faith civilization, to a science civilization. The world fell. Here was the first industry coming out, man making clothes. So clothes wasn't invented for the weather as yet. Clothes weren't invented for fashion yet. Clothes were man's attempt to cover his sin. You get that?

Now let us find out now, when God came down, and they were clothed. Let's see if man can solve his problem. Let's see if man by his human wisdom can do something to get God's favor and please God. Let's see how God would respond. Because right now he's asking... Eve how it look? She said I have to take up your fold a little bit. You want a fold or you want it hollow bottoms. And he

said... am Eve I find... you know... it isn't looking good on you, put some gathers in it or something or kind of put two darts you know and take it in a little bit. And she said, 'How it looking now?' And she said, 'boy it looking good.' He said, 'girl you looking good.' And they held each other's hand and they walked out to wait for God.

God coming down now in the cool of the evening look at it now verse 8 now:

*And they heard the voice of the Lord God walking in the garden in the cool of the day: and Adam and his wife hid themselves from the presence of the Lord God among the trees of the garden.*

Before they use to go out to meet him, happy, like we come in church. Why do we come and we sing and get in the spirit of worship? Why? So God could come down, and you could have fellowship with God, and God could speak to us.

You see how people who stay away from church are those who are running and hiding from God. You start to hide. Instead of going out to meet Him with expectation... now they hiding. Why? Sin brought condemnation in their hearts and no blood was shed to cover that sin as yet. So they're thinking you could get rid of sin by being a good seamstress and tailor.

Clothes don't cover sin. You ever see all them catholic priest with them big nice cross in front here. All those different things that they go out with. And all those Anglican priest and they look so holy and they do their thing there, and they say their amen. And they do all their different rituals. And next thing you hear Anglican man marrying... The bishop of the Anglican church is a confessed homosexual and Catholic priests are a bunch of paedophiles.

Religious clothes don't cover sins friends. Look its right here, back in Genesis. Right in the beginning of the fall. It's still the same today. Because I am going to show you that the world has made a cycle. After six thousand years in Satan's Eden the church is naked and doesn't know it too. It's a complete perversion.

You know the Bible said that... We will read it just now. Adam and Eve in God's Eden were naked and didn't know it. And in Satan's Eden they are naked and they don't know it too. It is a complete perversion, after six thousand years.

Brother, I am so glad the Seven Seals opened. How could we know these things in denomination? You look in the Bible and you see the reality of the hour we live in and what is happening, and exactly where we are going. That's why we know these promises are sure.

*... And Adam and his wife hid themselves*

So the first emotion man manifested after the fall was... Fear. Perfect love... They had perfect love, they had perfect life, and they had all these things and they had no fear. Now fear came in now scheme came in, by trying to cover their sins. Now they're hiding from God, hoping God didn't find out.

Now their knowledge of God got corrupted. They failed to realize you can't hide from God. God must know where you are. You get what I am saying? But they thought now they could hide from God. Because even their thinking got perverted. You could imagine after six thousand years what that thinking become? Think of it. This was a couple hours after they got themselves in trouble. Maybe. He gave them enough time to sew their clothes. And then God came down and they were hiding.

*And the Lord God called unto Adam, and said unto him, where art thou?*

*And he said, I heard thy voice in the garden, and I was afraid...*

Fear... *I was afraid because I was naked and I hid myself and he said who told thee that thou were naked?*

Because God they were naked and not ashamed and they didn't know that they were naked. But their eyes became opened and they got to recognize their nakedness. You get that? So God is saying, 'how do you know you're naked? Who told you that you were naked?' And watch the question now.

*Hast thou eaten of the tree, whereof I have commanded thee that thou shouldest not eat?*

In other words only eating out of that tree could get you naked. He said so who told you that you was naked? You eat from the tree? Because God knew the day you eat from that tree you're dead. So now they are naked and ashamed. First they were naked and not ashamed. Now they are naked and ashamed. Now catch this now, they were trying to cover...

Now get this here. They were trying to cover the outward man. The covering they made could only cover the physical man; it couldn't cover the inward man. So when God came he said I was naked and I hid. No, you wasn't naked you was covered with fig leaves that they made to cover themselves. So he was conscious there was still a nakedness. Even though he was covered outwardly, there was still a nakedness in the presence of God.

You ever see a man come in church with a three-piece suit. Brother, hat, hang it up by the door, walking stick, two tone shoe, sit down there with a big Scofield Bible. Sit down there and that word starts to come. Woman come with big nice hat, face painted and nice dress, high heel shoe matching everything, scarf, gloves and all.

And then that Word starts to come. Brother, she sit down there and realizes she's as naked as naked could be. That man realizes he is as naked as naked could be. When the spirit of God drops down in there, the Word – quick and sharp and powerful, sharper than a two-edged sword. It goes pass that human body down in that soul and starts to bring that sin out. You'll see them same people their tears wash that paint off that face.

Brother, they not studying all that gloves they run to the altar and kneel down there and began to cry for mercy. That's right! Well when God drops in that place, they realize that's why you can't make impression in God's presence you know .You don't want to be no pretender, no hypocrite, you want to come to God sincere. You want to get before God and open up your heart and say, Lord help me. Lord I confess my sin, because he'll blot it out, but you can't hide it. They were trying to hide it.

Now watch, so the thing was... You watch animals; you ever see a peacock or any one of them chickens when it's born. When it's born it has no beauty it's almost naked. And then you see it begin to get covered with a glory. You think of a peacock the most beautiful bird maybe you could see, and poor little fellow when he is hatch out of that egg, he is as naked as naked could be, almost. And as he begins to grow he comes with a glory.

But where is that coming from? Inside out. You watch the beautiful leopard, with all those nice spots on the fur, or the tiger so beautiful. The zebra when they are born they don't have all

those spots and these things. But as they start to grow it start to come from the inside out being expressed.

Well Adam and Eve had the glory from the inside that came out. Where is the Holy Ghost in the believer on the inside coming out. You could look on a man's countenance and see, boy, your face look so clear there is such a sparkle in your eyes, there is such an atmosphere around you. Why? Because the Holy Ghost from the inside begin to enshroud the whole person. And you see somebody who is beaten up by sin in the world, brother you look at them battered and bruised. Sin leaves its marks on them.

But watch when the Holy Ghost comes in that life, He begins to transform it, that face lightens up again. Brother that person... Sometimes you watch a person who may not be the most attractive person and the Holy Spirit get in that life, brother they get beautiful. There is something about them, there is an attractiveness that comes and the spirit of God in their life brings in them it's something. See God in that life. Now watch .So verse 12:

*And the man said, The woman whom thou gavest to be with me, she gave me of the tree, and I did eat. And the Lord God said unto the woman, What is this that thou hast done? And the woman said, The serpent beguiled me and I did eat.*

I want to drop down quickly to verse 21. Don't be frighten I am not going to keep you long, and my time is up already. Just to read one or two Scriptures; I'll try to read them fast. Verse 21:

*Unto Adam also and to his wife did the Lord God make coats of skins, and clothed them.*

What it tells us here? First they were clothed with a glory. Now catch, first they were clothed with a glory it left them. They took fig leaves and they manufactured a covering. They tried to cover their own sin. But watch what God does. God took that away from them He took away what they tried to do for themselves.

Man cannot save himself. By no works is a man justified. A man can't be justified by his own works. So what God did? God slew a lamb, and took the coats of the skin and covered them.

What was God saying? God was showing them you lost this supernatural robe, this supernatural glory. Because you ate from the wrong tree. Because you ate perverted word, you lost your

glory. You fell from life to death; you forfeited faith to live by wisdom from the tree of knowledge.

He said but through the death of a slain lamb, the real covering is going to come back to you one day. God killed a lamb and took the coats of skin and put it on them. It could only cover the outward man. But it was a substitute saying the real Lamb of God will come one day, and the real Lamb of God will be slain one day, and the life, the Holy Spirit that is in the lamb will come back on the believer.

And when He comes He would go to the soul, the inner man and change you from the inside and start changing you from the inside until the very body is changed on the outside. God changes you soul first. Then He would change your body after, you are changed from glory unto glory that's the inner man.

But the outward man is in the twinkling of an eye. In a moment in a twinkling of an eye we shall be changed. But the inward man is a process from glory unto glory. You are changing. You are being formed in the image of the Word. My! So here God is killing a lamb. Why? Because without the shedding of blood there is no remission of sin. So God showing them he has a way to meet their needs. You get that!

God is showing he has a way to meet their needs. The first effect of their disobedience was what? Self-consciousness. Hey, we are naked. Self-consciousness. You ever see people so self-conscious today. And instead of seeking God and confessing their guilt they attempted to hide it. Because they were conscious something had gone wrong.

But instead of seeking God, they attempted to remedy their own situation. There is a way that seems right unto a man but the end is death. The carnal mind is enmity with God. Their minds had already become perverted by eating from the tree of knowledge. Because why? They didn't partake of the truth. Was a lie they partook of... You shall not...

When you partake of a lie, you get corrupted. You ever see people manufacture a lie, to deceive; say I will tell a lie you corrupting yourself. That is what corrupted the whole human race that is what brought the fall in heaven. Lucifer lied to them to in heaven, and then he lied to man on earth. He is the author of the

lie, and the lie is just twisting the truth you know. The lie is not no big outright....

The lie is just twisting the truth. And why a person does lie? To justify themselves; to justify themselves. Put the blame on somebody. Well, the woman you gave me, she said well the serpent beguiled me. He put the blame on her and she put the blame on the serpent. Nobody wants to acknowledge it; they run to remedy their own situation.

Don't let these things trap you, don't let these things rob you. Understand, this is what took them out, if we are getting back in we have to conquer these things. This is what took them out. Now watch. So shame and nakedness is always associated in the Bible. Is that right? So God now is giving them coats of skin and that had a promise in it.

Because one day the Lamb of God, was going to come. And when he came, and was slain a coat came for the church. The church was robed in the Holy Spirit. That when you look upon a brother and sister you'll see that Holy Ghost anointing in their lives. They're veiled with the Holy Spirit. You see that consecrated life, you see that separated life from the world. You see that confession that we're pilgrim and stranger, you see that upright life,

What you see? A person, brother they're seeking that continuing city, they're already raised up to new life.

*And the Lord God said, Behold, the man is become as one of us, to know good and evil...*

What does He mean? The man has become one of us to know good and evil. They knew evil up in heaven. Sin started in heaven, because the same one, who was doing the evil on earth, had done it in heaven before it came on earth. So in heaven they knew good and evil, because they had to cast the devil and his angels out. Because the same thing he tried to do in heaven he is doing now on earth and is being successful with it. Look.

*...And now, lest he put forth his hand, to take also of the tree of life, and eat and live forever:*

*Therefore the Lord God sent him forth from the garden of Eden, to till the ground from where he was taken.*

*So he drove out the man; and he placed to the east of the garden of Eden cherubims, and a flaming sword which turn every way, to keep the way of the tree of life.*

I want to drop over into chapter 4:16 because chapter 4, 1:15 tells you after we see perverted clothes; we see perverted religion perverted worship. Okay let's read verse 4:3

*And in the process of time it came, to pass, that Cain brought of the fruit of the ground an offering unto the Lord.*

*And Abel he also brought of the firstlings of his flock and of the fat thereof.*

Genesis 3,4.

*And Abel he also brought of the firstlings of his flock and of the fat thereof. And the Lord had respect unto Abel and his offering;*

*But unto Cain and his offering he had not respect. And Cain was very wroth and his countenance fell.*

God is rejecting this man's worship. God is rejecting this man's approach to God. God is rejecting this man's concept of God, and his concept of worship, and his concept of religion. God is rejecting it.

So watch now. First we had the truth perverted, right! Then we had the clothes perverted; they made their own fig leaves to replace, to substitute the supernatural robe, the Holy Spirit.

Now we have the worship perverted. You see what is filling up this earth; perverted clothes. You ever see perverted clothes in the street? You see it every day, woman in shorts, woman half naked.

Is carnival season you see all kinds of crazy things. And man sit down and designing that and some people doing that, and they wearing these things. You are seeing perverted clothes, you are seeing perverted worship. All over the land littered... with churches, and organizations, and interpretation, and ideas, and cults and everything else. Throughout the earth there is perverted worship that God still rejects, perverted word being preached and deceiving them the same way. And then you are also seeing the perverted clothes.

Watch everything being perverted. Why? Because they have moved from faith to wisdom. But notice they are not bringing any new things. The new things that they are bringing they are taking the original things and perverting it. That is the point I want to make.

God gave man the truth but they end up with a lie. He didn't bring up his own lie you know, he took God's Word and perverted it. Then God had a true way for Adam and Eve to be rid of their sin. He killed a lamb. So Abel coming with a lamb but Cain doesn't want to bring a lamb he bringing something else. And he is perverting the right way.

God had them robed with the Holy Spirit but now they're going with the knowledge, which they got from the tree of knowledge. To sew their own clothes expecting God to accept it. And God dressed them God said you can't dress yourselves, I have to dress you!

How many people want God to dress them? How many know Eliezer brought garments for the Bride? How many know it is granted that she should be arrayed in fine linen? How many know He said come and buy of me white raiment? God always dresses his people; from Genesis to Revelation God's dressing his people.

Friends, Solomon said; "There is nothing new under the sun." That's why all we are doing... the deception is being uncovered to us, we see the enemy schemes and the original things are being given back to us and we're saying, yes Lord! Thank you for it! Yes Lord thank you for that, thank you for the new body, thank you for the new transportation, thank you for the new channel of communication Lord. Thank you for the new robe Lord.

And we're giving up all the old robes, we're giving up the old nature and we'll get the new nature. Old things are passed away and all things becoming new. Is that right?

But the things that are becoming new are the original things coming back to us. Isn't Christianity practical? Look how practical the message is. It's not any kind of weird, funny super-duper nothing. Its real things, and it is being proven by the Bible.

Oh how we ought to have faith in the Word of God. So after God rejected this man's worship and he refused correction [Genesis 4:16] God put him out. God marked him. You know that

God put a mark... He was the first human being that was marked and verse 15 tells you.

*And the Lord said unto him, therefore whosoever slayeth Cain, vengeance shall be taken on him seven fold. And the Lord set a mark upon Cain.*

This was the first marking of a human being. How many know there is a marking in the last days? How many know it's the mark of the beast? How many know Cain was marked because he rejected the true revelation? The God provided way. He refused to bring the lamb.

God said do like your brother and he refused to do that. And when he rejected the truth he was marked and separated. How many know when this denominational world; they didn't have the love for the truth, God gave them a strong delusion? To do what? To believe the lie. Is that right? And be damned by it.

Cain wanted the lie more than the truth. So God marked him and separated him, in Genesis and in Revelation in the last days. All those who have the marked of the beast will worship; who? The beast.

Oh my! I could be back and forth friends. Look at the things in the Bible here. It's so real; we have a foundation for our faith. We have not followed cunningly devised fables. We are not trying to hope we are right. It's the Bible being revealed to us. We have been established in the Word of God.

So when we talk about glorification, this is not a strange fictitious thing. No! We are coming in there, the work is being done and we are being raised up there. There is a way back.

*And Cain went out from the presence of the Lord and dwelt in the land of nod on the east of Eden. And Cain knew his wife and she conceived and bore Enoch and he builded a city [that is another one not the Enoch who was translated this is Cain son] and he builded a city, and call the name of the city, after the name of his son, Enoch.*

What are you seeing there, Industry, Industry. They started to build houses, they started to build banks, they started to build discos, they started to build restaurants. They were building a city. A city has transportation systems. A city has food plants, city life.

They have places for pleasure, places for different things – casino... everything. They built a city. What were they doing? Changing the civilization, changing the civilization.

But what is he building it with? He is taking God's creation. He is cutting down God trees, he is pulling up God's minerals, and getting the steel beam and different things. He is mining the earth and making clay, he is taking resin from the plant and making paint, he is changing the world through science and technology. Through industry, he is bringing on a new world different to the one that existed before.

And what did God do with it at the end? A flood came and destroyed it. And as it was in the days of Noah, so shall it be. But the righteous was taken above the judgment. And come back in the new earth after that world passed away. That world they built passed away.

You believe this world is going to pass away too? And we are going to come back in the faith civilization. God is going to turn the earth back to its pre-industrial state.

So now in the city they had clothes, they knew to make that. They had the lie and they had false worship, they knew how to present that. Then they started to invent transportation. Then they started to develop communication, all from the tree of knowledge.

Look how refined it has gotten today. I am finished. I'm making a jump, I am going to make a jump but if I leave you out I leave you out but I am making a jump here. I think the background is laid out, I think you see it.

A little quote here. He said, in a message called 'Jesus Christ the same...' He said, "We are speaking on the subject of achievement and God provided way. And I was telling the ones that were in the class that men are trying to achieve something for themselves.

Listen. Men are trying to achieve something for themselves. Always. Something that they can say, 'I did this or I did that'. And we were talking on the subject of how wonderful it would be, if the news will flash all over the world. In a moment time, if people could find a way to control the rain; put it on the crops or take it off the crops, or how that if they could find a medicine somewhere that would cause a old man to return young, and a woman back young and live forever.

Why, they would send news everywhere. They are trying to achieve that. But! it's already been achieved. Christ did this for us, He is God's achievement for us and we must believe him. In other words they were trying to make fig leaves clothes and God had killed a lamb to give them clothes, a real robe. They are trying to build a city and God promised them a city. You get what I'm saying? They are trying to find life extraterrestrial life. And God has promised them I would prepare a place in heaven for you and I'll come and receive you.

But they don't want to go that way. They want to go with the rocket they made. They want to see with the telescope what they invented. God said I'm going to give you telescopic vision. You get what I'm saying? Because they can't seem to stop living by the tree of knowledge, and come back to the tree of life.

Everything is in the tree of life. The tree of life produced the Eden. But they are trying to get to the Eden from the tree of knowledge. What are you trying to achieve?

We were talking the other night and some of the brothers were talking about business and so on, we have a few business brothers here, and eventually it reached the place where it was asked and I said the Bible said God gives man wealth. He said man don't get wealth for themselves, God gives man wealth. You see everything God has promised but God has a provided way to bring you into what he has promised. And there is only one way provided by God for everything.

There is a way that seems right to a man, but that is death. But Jesus said, 'I am, the way, without the way there is no going, without the truth, there is no knowing, without the life, there is no living. Amen!

So what is God trying to do this morning, bring us away. Now listen I'm closing here now. God is trying to bring us away from the tree of knowledge, back to the tree of life. The tree of life was sealed up with cherubim. But Seven Seals; the cherubim came and made known this tree. Seven voices thundered, four cherubim opened Seven Seals and the truth is released to us again. And he said go now and take it and eat; Man was saying don't let no man put his hand and take and eat. But the end of the book Revelation 10: 8-11.

He said, go and take it now and eat, and that Word is going to change you. Those Seven Thunders is going to show you how to be changed. It's going to bring you back to power over the earth. It's going to bring you back to dominion. It's going to take you from this dimension and bring you back to another dimension. Take it and eat it now.

It's come back to us because the tree of knowledge of death was in God's Eden, and in Satan's Eden the tree of life has come down in Satan's Eden. You get what I am saying? Revelation 10; He has come down in Satan's Eden. And Satan is saying to his people, 'Of all the trees you may freely eat.' Eat from the Baptist tree if you like Baptist religion, eat from the Seven days tree if you like this, eat from the pleasure tree over here, eat from the political tree if you like that. Eat from the sports tree if you want that. Of all the trees... Because this is a scientific Eden.

You ever hear them talk about power plants, and nuclear plants, and processing plants? Well that is the plants in his Eden. It's an Eden of science. It's an Eden. God had an Adam and an Eve that was married in that Eden. And Lucifer, he as the man of sin, the pope and the World Council of Churches, his false Bride in this Eden.

Adam and Eve were in God's Eden. And Satan has his own Eden for six thousand years with his own Adam and his own Eve. And they have political power, religious power. They have dominion in the affairs of the earth, they have economic power, and they have nuclear plants, processing plants. You know all the different kind of motorcar plants, all kind of scientific plants that they have because it is a scientific Eden, with death.

Everything that they have came by wisdom. They have a communication system that comes by death. They have a transportation system; it kills more than the weapons of wartime kill in wartime. Their inventions of peacetime.

Motorcars in Trinidad kill about two hundred and twenty five to fifty every year. That is motorcars; we are not talking about murders and thing yet. I don't know how much it is in Grenada, but I know they have some crazy drivers over here just like us. Then the carbon monoxide and all the diesel fuel; the amount of respiratory diseases; People breathing in all that dust, and all that fog, and smoke, and everything else.

And those industrial countries where they're spewing all their toxic waste into the atmosphere. In Mexico City they said; which I have been there, they said breathing the air in Mexico City is equivalent to smoking two packs of cigarette a day.

When I was there I was almost so nauseous. I had to go and preach; one day I remember just driving around about forty-five minutes in the city. It is so big! Over twenty million people in the city itself, to get to the place where we were going to preach. And by the time we got there I had to go and stick my finger down in my throat to vomit, to go and preach. So nauseous; and they took a test and put a bird in a cage, and they put him down there, in no time; in less than a few hours the bird was dead. In Mexico City. These are facts friends; this is documented stuff. And I'm giving you a first hand witness.

So look, Adam tried to clothe himself to get back in God's presence. Cain tried to build his own religion to get back God's blessing. Asa, in the Bible with the diseased feet and the woman with the issue of blood, spent all their money on doctors and medicine to get well, and it couldn't get them well. And one touch from Jesus she was well instantly.

Man trying to search for the things of God by science. But God has a way to bring it to them. Jesus showed us a body, that didn't need clothing from this science civilization. I showed you last night. They took him off the cross naked. He left the body; was he moving around naked? Did he go up in heaven and put on clothes and come back? Said, wait, wait, wait. Let me see what I am going to wear this Easter. I suppose to wear something nice. Am... You go in your wardrobe and pull out something.

When the saints die and they leave their bodies here, and they dress up the bodies in nice suits, and put it in the caskets, and the angels carry the soul in the bosom of Abraham. Do they go over there and get a robe? The angel says what size are you? You are large, you are medium and they give each one of them a robe? they have some robes manufactured up there. They have a robe manufacturing company up there in heaven. No it's the Holy Ghost.

They're in that theophany the robe friends. You look there, and there is no nakedness. See and that's what we coming back to. And Jesus showed us that glorified body does not need clothing from

this science civilization. Elijah ate a cake the angel gave him; one cake, and he went in the strength for forty days. You know how much Kentucky you have to eat to go in strength for forty days.

What kind of... an angel cake... a man goes in the strength for forty days. If you get that formula, the world problem for food is over. Could you imagine? You eat once for forty days a little cake and some of that water. Think of it.

Abraham saw Melchizedek, and when he saw this man's house; this man was not bound by time and space. This man was not bound by dimension. This man can't get old. No beginning of days, no ending of life. Abraham looked at his own body getting old and childless. He said no I want a mansion like that.

Melchizedek said it has a city, upstairs full. He said you have one there. Abraham started to look for that city. Abraham said I don't want to live down here no more. Here we have no continuing city. I seek a city whose builder and maker is God. In my father's house are many mansions. 'I have a mansion there just over the hilltop, in that bright city where we'll never grow old and someday yonder, I'll never more wonder.' Amen! 'But walk on streets of gold.' Think of it friends!

My. Enoch, Elijah and Jesus showed us transportation that they did not invent in this world yet. That kind of transportation; the tree of knowledge knows nothing about it. You get what I'm saying? Enoch went up without any backpack, without motorcar, without plane. Enoch just kept walking and started to walk on air. Peter and walked on water. Jesus started to open up a science far beyond the tree of knowledge. Elisha had a communication system that Digi Cell and Cable and Wireless and them don't know and will never ever know. You get what I'm saying?

Moses and Elijah display their weapons that Russia and America with all their arsenal will never know. Elijah said if I'm a man of God let fire come, and man with his latest military equipment was dropping dead. And they stood up there speaking the word. Moses had a one-man invasion with the spoken word; flooded Egypt with plagues. Think of it.

So their clothing, their food, their house, their transportation, their weapons, their communication, their medicine; from the tree of life, is far beyond what they know from the tree of knowledge friends.

Jesus called Lazarus from the grave, a man who was rotten, stinking. And by a word, called that man back. And that man's house started to repair. But to show you the difference, he still had to go back and die. And when he came he couldn't move through the clothes. He said loose him and let him go.

But Jesus when He rose, he moved right up through the clothes. Amen! Now if you believe the Bible, all these things that we crave after in this world; if you understand what I said in the last ten minutes here. All the things we crave, transportation, house, communication, medicine all these things. Clothes, food, I'd show you in the Bible there is a higher one than the world know.

So there is a greater civilization somewhere. That is where we were in the beginning. And that's where God is moving us. Now, we don't have to wonder what heaven is going to be like. Because look... As I said, with the woman beating the clothes by the river and throwing it to bleach there. Look how she's taking care of them clothes today.

She has moved up into another realm. Science, from the tree of knowledge has raised her up, that while her clothes are washing, and brother, while her food is baking in the oven there. She is on the computer doing something else; doing letters and e-mail, and she is watching something on the television there on the news on CNN and she is like this. Back there the woman had to walk miles for that water. Now the water is right in the house.

She put on the thing here, she put that in the microwave she 'nuke' that when the husband comes home. And she give him that cold food hot as hot can be, smoking hot right there in a couple seconds. Science raised her up like that. And it looks great, and they say, my! we are progressing we don't want God. Look it at us are better people today. But look in God's word; everything they do God has a supernatural one to that. They are only bringing forth the perverted by the tree of knowledge. Because the tree of knowledge is a mixed tree, it's a perverted tree; it's a tree of death, but the tree of life is Jesus Christ.

Satan said I will be like God; I will have an Eden. He took six thousand years and he has an Eden. And he gave them all these things. Then what about God's Eden. Now the time has come, God is going to burn this earth and take you out. That is why he has come to you friends.

So what is the rapture? It is just an escape from this, this is death. This is death. The rapture is taking you back to that faith civilization.

Let's stand to our feet. We are going back to Eden. It has been nice to be with you, to talk to you about some of these things. I trust that it will cause you to reflect. Sometimes, we are in certain conditions, we go through hard times. And we get taken up with the food, and we get taken up with the clothes, and we get taken up with the house, and we get taken up with the car, and we get taken up with the telephone bill and you know all these things. And it's such a pressure. Those who have to pay a rent, you have to pay for that telephone bill. Because he has enslaved them in his Eden. And they have to work hard and they have to mortgage their property sometimes, to get a little transport. To get this...

Enoch didn't have to mortgage one thing to go up. Elijah didn't have to mortgage one thing to go up friends. You know why? because all this was achieved already on Calvary, in that slain Lamb.

Cain tried to build a religion, but already had a religion there in that slain Lamb. Adam, tried to make clothes, but they had their clothes in that slain Lamb. They wanted communication; they had communication through the blood of that Lamb, fellowship through the blood. It was all achieved in Christ; nothing could be added to it. His work was complete.

And everything we lost; joy, they have headphone on their ears, CD in the car, while they jogging they have on headphones, while they in the car they have music, while they in the house they have big stereo set. You know why? Because they're sad. They want joy, they want a melody.

Adam used to walk out there and that elephant came out with his trumpet, brother those nightingales came together and started to sing. The canary said, 'wait nah' after the nightingales it's me, you hear. I have my special this morning. Brother all them different birds lined up to sing. Then they get a mass choir in Eden.

And then you see the Shekinah glory the pillar of fire came down and started to move among them. It was so beautiful, a civilization that God has. I go to prepare a place, that same place friends that he had prepared in the beginning, that had to be removed because man fell, is to be restored to us again.

Another civilization. And we have received another life by a new birth. And we'll receive another body in the resurrection, to go there. God has made these things complete. We are understanding today, it's not a religious thing; it's not trying to keep our religion but is walking in obedience. It's walking with faith trusting our Lord Jesus Christ who has done these things for us.

Take these things in your heart. Some of you older ones, our dear sister here, sister Primus, you know she maybe one of the eldest among us. And you could imagine when this word came to them and they saw it they said 'wait nah.' God is going to change me back young; I would never grow old again. Brother, some of these brothers who loose your hair and the best thing to do is to shave everything clean. So it kind of blend in, and then that become even little fashionable today too.

So all of us shave down low, but the thing is if I have good hair, I wouldn't have anybody shaving it over there, by the grace of God. It's waiting for you, because the hairs on your head are numbered. If he did said counted you would have known how much you had but when he said numbered you know which one you loose is waiting there for you. God made you so specific. Brother the food we're eating today we get to find out this isn't good, and this have that in it, and this getting you sick, and this is a problem you know.

And the things you drinking here now everybody want bottled water. Because what's coming through the pipe you could hardly get... It's poisoning the system, all kind of disease moving through these things. The food we buy there; sometimes we like the pork. You know man would judge your meat and drink and then they'll tell you how much worm it has don't matter how much you boil it still has thing inside of it. Put it under a microscope you'll never want to eat it.

But you see friends, when we come back to this Eden everything would become perfect again. I'm so glad that God made a way for us to go back. I'm so glad we have a hope friends. You know we're not just going to die hopeless. We are heading somewhere by the grace of God. And today is a day to make and investment. Today is a day, while you're in the soberness of your

mind and the Holy Spirit is close to you, and the truth has been opened and became clear and stimulates you.

Remember, you may live for a hundred years you may live for a thousand years this truth that I preach this morning as long as it has a world it will always be the truth. Because it's in the Scripture. So if you see it and you say, my! That's truth; it's making sense to me. Now I understand what's going on, I see how the world is fallen. I see how the world has to be destroyed I see how the world will come back in a new world. I see why we have to get back there It's not no vain thing, it's a real thing.

And I used to think heaven is some kind of fantasy thing. No it came so real to me today. Then, don't leave this out of your life, make this the main thing in your life, because this will determine where you spend eternity. This will determine your eternal destination. This is the grace of God friends. Some of you have been in organization fifteen, twenty years and you have never heard things like this in fifteen, twenty years. Sometimes in one, or two services you hear more than you heard all the years you sit down in denomination.

You know why? Light has come, God's grace to us. And God... Think of it, the President is not here this morning, the Prime Minister is not here this morning, and the big businessman is not here this morning. But God called you and God gave this to you, and God is showing you how sure a foundation you have for the things that he has promised to you.

Let us look towards him this morning; in the soberness of your heart you make it yours. You can make it yours; you can claim it and you can say Lord I receive that, I don't just believe it. I don't just agree with it but I receive it Lord, and I'm making it mine. I'm taking it into my heart, and thy word have I hid in my heart Lord.

Lord, let these things govern my life and influence my life. Let these things give me direction in life now Lord, because I understand what the world is. It appears so beautiful, it has such a pull, such an influence that sometimes I want to be conformed to it. But Lord I see now you're giving me faith to look beyond this world, and look away to Jesus. To look to that new world where there are no graveyards, there are no wars, and no diseases, and no pestilence, and no farming. There is no crime, and there is no murder, and no rapes and these things.

There is a real world coming; we are coming back to an Eden again by the grace of God. Let's bow our heads and close our eyes. I'd like to invite our precious brother Steve to come and pray at this time. Blessed be his wonderful name! Let's just stand friends and you in your heart you want to rededicate your life to the Lord.

Let's stand to our feet. Trust that that was a blessing to you tonight and stimulated your faith and gave us great expectations to what God has in store for us amen. As the musicians come; 'no I don't deserve a mansion, I was born a sinful man, no I don't deserve a mansion, but Jesus built a home for me in glory land'

You know when we think that... look what these scientist have done. They raised the people up to live on a higher level. The woman no longer has to go by the river with a basket of clothes. She no longer has to be spending all day down there by the river bank, beating them on the stones and throwing them on the trees. And to bleach them right in her own home, nice appliances, washing machine, dryer, nice electric iron. She is doing her work, and while the clothes are washing there she could be doing something else.

What if she didn't believe in the scientist when they broke into that realm? And they begin to unfold that mystery and they begin to change the way she would wash clothes. What if she said no, no, no, that thing might shock me, and I don't believe that might wash the clothes clean and she had doubt? But they didn't, they believe the scientist.

The scientist realized so much more could be done if they could take them from down by the river bank, and give them something else. That while they are cooking they could be washing at the same time. And while they're cooking and washing they could be doing something else too. And it raised them up and empowered them, because the scientist saw that there was a way they could unlock. They got a key. And that key of knowledge; they were able to raise them up to live in a higher realm.

Think of what the church was in Luther's time and in Wesley time. But God didn't want to leave the church walking where Luther walked. God didn't want to leave the church walking where Wesley walked. Because God saw a church in the last days; a super-race, a super church as she nears the head stone.

And a spiritual scientist got a hold of the mystery to open up the Bible to empower a church and give it faith; to bring it back like it was in the apostolic days. In a place where sin can't stand amongst them. A sin free church. And to think when they began to open that by revelation, and bring that under the anointing of the spirit and give that to the church...

In Luther's day a man was only justified, but in Wesley, Wesley found a way to justify and sanctify the man. The Pentecostals found a way to justify, sanctify and give the man a new birth. Think of it. But God have found a way through a prophet opening up the Bible, to bring us all the way back to a new body. Do you believe that tonight? Then believe you're scientist, believe you're scientist. Hallelujah!

Luther came out of the laboratory with chemicals and he said this discovery had been made we no longer will be doing penance. We no longer would be kneeling down on the floor. He took the communion that they had some little old wafer and some old grape juice and he dashed it on the floor. And he said this is not the body and blood of Jesus Christ. I found a way; a new and living way. The just shall live by faith. We'll come into it, and the church believed him.

Some stayed in Catholicism. Their children still in Catholicism tonight. But Luther unlocked a way to freedom. Sadist men just came once and they came out. The just shall live by faith and they marched on. Look where we are marching in the light tonight, look where the light has unfolded to tonight. Think of it.

They had the true word, they had the true clothing; they had the true worship. And then they end up with a perverted word, a perverted life, a perverted fellowship, a perverted worship, All these things is still here perverted. But in the last days, God brings back a true word, and a true word bring us back to a true worship bring us back to a true walk, and in that true walk like Enoch walked friends, something is happening.

Oh my! That we are right on our way back and science is trying to find that tonight and they can find it. But among the believers... Fear not little flock it's the father's good pleasure to give you the kingdom. Oh my, let's lift our hands let's praise him around the building. Isn't our God wonderful tonight! Father, we love you, we

thank you, it's a little past time, dear God, but we know time shall cease for the Bride.

Oh God, this great word this Holy Spirit Lord has come back in the last days among the believers who can believe and act. Hearing and recognizing and acting upon the word, oh God! A miracle is taking place, oh God! A paradox is being performed and we thank you for that tonight Lord.

We thank you that you have given us faith to believe, and to rise up and ascend in a higher order, we love you tonight for the great things you have done for us and that you are doing Lord, Truly you achieved all these things. It's not by might, or by power, but by your spirit. We only have to believe and receive what you have already made available and given father. Oh God! That we can live in your provided way once again. May you grant it tonight make it real in every heart Lord, we ask in Jesus name. Amen. Hallelujah. Oh my 'I was lost but Jesus saved me.'

[Congregation sings]

*No I don't deserve a mansion I was born a sinful man.*

Aren't you happy for that tonight? Oh Lord, we thank you, we thank you, we thank you, how we appreciate your great grace. To see what is happening in this hour, to see what this light is unfolding to. To see where we are heading dear God. Oh to see what our destination is.

Thank you Jesus! Every head bowed and every eye closed. We'll like to call brother Rawle Watson to come, Amen. Pray ask God's blessing and dismal. We so happy to be in his house God bless you for you patience tonight, to sit down and soak up the word of God, amen. May he continue to build your faith and the strangers and visitors thy word have I hid in my heart, David said take the Word into your hearts; this engrafted word that is able to save your soul. Check it in the Bible and see if that is the Scripture. Then God is shining light to you, making this hope a reality. Oh let's just open up our hearts; let's unite our faith, as our brother would pray.

May God bless you, you may have your seat let us slip across to your brother and sister and tell them God bless them. Amen. 'Heaven sounding sweeter all the time seems like lately I just can't get it off my mind some day I'm going to leave this world behind'

That isn't any fairytale now; the faith is rising in our hearts. May God bless you and see you on Friday Lord's willing. Amen. Remember to keep praying for the services, especially when we see the Holy Spirit would come close and do things for us, we want to be sensitive; we want to be able to lay open before him. We want to be sensitive to do what we can do, to make his presence come and move amongst us in a closer way in a deeper way in every life.

And may he bless you and give you your hearts desire and keep you close to him and just fill you with his love and lead you in a plain path is my prayer.

*Lately I can't get it off my mind,  
Someday I'm going to leave this world behind,  
Heaven's sounding sweeter all the time,*

Oh, sing it in worship unto him.  
*Heaven's sounding sweeter all the time,*  
[Congregation continues to sing softly]

He's just some twenty feet from you in another dimension in a slanted place that the scientist can't find. They're looking on mars for it but its right here. But God is moving a Bride in that place. It takes faith it takes the dove to lead you into that place.

*I can't get it off my mind  
Someday I'm going to leave this world behind  
Heaven's sounding sweeter all the time*

With one heart and with one voice let's sing it one more time  
[Congregation continues to sing]

[Bro. Vin speaks]

And let him keep speaking that to us our Lord Jesus and let his Holy Spirit keep drawing us God bless you.
