...I need

Amen. Let's sing it with real faith.

He is all I need.

He is all I need. He is all I need.

Jesus is all I need.

Oh, let's lift our hands one more time unto Him.

He is all I need. He is all I need.

Jesus is all I need.

Oh, hallelujah!

He is all I need (hallelujah). He is all I need.

Jesus is all I need.

Oh my, when we have a revelation, He is everything. "I AM that I AM. I'm whatever you have need of. I'm your Healer. I'm your Provider. I'm your Saviour. I'm your Deliverer, tonight." Amen. He is all that we have need of.

Let's bow our heads and close our eyes. We stand in His Presence. If you have a special request upon your heart tonight, if you've come into the house of God with a special need, and as we begin to worship Him and sit there and the Holy Spirit is ministering to you through song and your heart is being drawn into His Presence; your faith is telling you tonight, "Ask and it

shall be given,” if you are this close to Him tonight, why don’t you receive. Why don’t you believe; reach out and touch Him. You can have what you need, tonight. Oh my, if you have a special request, lift your hands if there is something that you are believing on Him for.

There are many here tonight; I also have written requests: *Prayer is requested for Sis. Majorie Cadogan who is suffering from bronchitis.*

Prayer is requested for Sis. Claudia Peters in Grenada, who is experiencing pregnancy problems. That is our sister who was here amongst us, and she had to go back because her husband is really from that place. She is one of the sisters who is from McBean. [A town in west-central Trinidad –Ed.] And she... We try to keep in contact with her, sending tapes for her. And she has sent this request here, (amen,) that we would pray, so we want to believe for her.

Bro. Carlyle Peters is requesting prayer for his two sons, John and Michael, who are at home suffering with headaches and stomach pains. Also, prayer is requested for Bro. Reuben Nunes who has pains in his left knee. Sis. Judy Ross is requesting prayer for a friend whose son John – the same little boy who was in service, in San Fernando some weeks back. And they are in the United States and he is going to be undergoing surgery tomorrow. We want to remember him also.

We have a couple notes of praise right here that can encourage our hearts to believe. Bro. Gary Ritchins, his little boy and his mother are there in the United States, he sent a note of praise here, tonight. He would like to praise and thank the Lord for healing his child David who was paralysed. Prayer was offered for him on Monday and by Wednesday he was fully restored. We’ve been communicating with him back and forth on behalf of the little boy. Each morning he’d call, keeping me informed as to his condition and development, and here tonight, a note of praise is here.

Also, our Sis. Donna Granger was testifying to me after service last night, she had a big cyst there, and God just delivered her from it. You know, earlier in the day, I believe she told me she was listening to one of the tapes on *Inside Life*, and she was hearing the Word saying that if you would fully surrender and your entire being be consecrated to God (amen) there is nothing that God would withhold from you if you are in His Will. And right there in the service last night, she was there and hearing the Word speaking things along a similar line and just believing God, and the Holy Spirit just moved upon her. And she didn't even understand what was going on at one time, but after she realized the cyst burst and she just passed it out completely.

The doctors told her it was going to cause some problems and these things, but she was so happy last night (amen) to be delivered from it. And it just shows that while we sit here in the Presence of God, the Holy Spirit knows your condition. He knows what you have need of, amen. You just have faith and believe God, and whatever you ask tonight, God is able to give it unto you. Amen? When we realize we are in the Presence of an all sufficient God, a miracle working God, (amen,) a God Who could meet whatever need you have tonight, He is all that we have need of, whether it is healing, whether it is salvation, whether it is a domestic problem, a spiritual problem, whatever it is; a financial problem, (amen,) it is not beyond Him, tonight. Let us have faith and believe God. Amen?

Almighty God, we stand here in Your Presence tonight, Lord, singing this song, acknowledging, You are all that we have need of. You are the great Jehovah-Jireh, the great Jehovah-Rapha, Jehovah-Nissi, Jehovah-Tsidkenu, Jehovah-Raah; oh God, Jehovah Shalom. Lord, as we stand in Your Presence, knowing that every compound redemptive Name is in that Name of our Lord Jesus Christ, and here we are gathered in that Name tonight. You said, "If two shall agree as

touching anything it shall be done.” Or, “If two or three are gathered together in My Name, there I am in their midst. I Am That I Am. ”

Oh, blessed be Your Name, Father. What we bind on earth is bound in Heaven and what we loose on earth is loose in Heaven. So many needs are in the midst of Your people tonight, but so many times You have moved down in sovereign Grace and met every need, and brought great joy, and deliverance, and comfort, and release to Your children that would stand in the need of prayer, believing, expecting, reaching out by faith and touching You, as You invite us to believe and come boldly before the Throne of Grace. “You shall obtain mercy.”

Father, as we stand here in Your Presence tonight, Lord these requests that have been read, I lay my hands upon them, and together with Your children, believing tonight, one heart Lord, one soul before You, in the Name of Jesus Christ, I pray that every need written out in these requests here, that represents, Lord, Your sick and needy children, in the Name of Jesus Christ, may You touch them Father. May You meet every need. May You fill every prescription here tonight, just as they have need of; just as they’ve asked, believing tonight. May You grant unto them these requests, Lord. We believe it tonight, and we ask for it to happen in the Name of Jesus Christ.

These who have lifted their hands with an unspoken request, Lord, You know what they have need of. As You look into their hearts tonight, and see that faith Lord, unadulterated faith believing Your Divine Promise, expecting Lord, that You Who are true to Your Word, as You see the faith in their hearts believing these things, Lord, You would grant it unto them. I pray that You would grant it Father, in the Name of Jesus Christ.

Oh gracious God, in this time of need, so many situations confront Your people. And Lord, the pressure is mounting daily from the enemy using, Lord, the

power that is under his control in this system, the systems of this world, to make it difficult for Your children. You said it was going to be like that; there is going to be a Squeeze that will come upon them. You promised Lord, that You would be here amongst us to take care of every situation, to lead us and guide us, and to bring us into the fulfillment of every Divine Promise. Lord God, we would possess every gate of the enemy by the faith that You would release unto us. I pray tonight, in the Name of Jesus Christ, that Lord God, they would lift up every gate and march on to their objective tonight, as the Holy Spirit would stand here to minister the Blessing unto them.

Father, tonight, as we gather here in Your presence to hear Your Word, Lord, may You speak to us. May You open our understanding. May the entrance of Your Word bring Light; give an unction, oh God, to proclaim Your Divine Truth tonight, that You have sent forth in this Hour to prepare and make us ready for Your Coming.

Lord God, if there be strangers and visitors amongst us, if there be those that may be hungering and thirsting after righteousness, may the Spirit of the Living God move upon them Lord, and deal with their hearts and bring them under the convictions that there would be such a deliverance taking place in their lives Father; Lord God, they would come to a full surrender to serve You and to live for You in this Hour. We know the Doors are fixing to close Lord. Soon Lord, there will be no more mercy: "He that is filthy will be filthy still; he that is righteous will be righteous still." So I pray tonight, that the Spirit of the Living God will move in such a way in this service. Lord, if there be one, that they will not leave this place until they have surrendered their lives unto You and come to a true identification with Calvary. We pray and we ask these things to Thy Glory, in Jesus' precious Name. Amen.

Amen, let's turn our Bibles to the Book of Joel, Chapter 3. Also, Revelation 16.

Joel Chapter 3, verse 2. Maybe we can read from verse 1; not verse 2.

¹ For, behold, in those days, and in that time, [specific days; specific time,] when I shall bring again the captivity of Judah and Jerusalem,

² I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will [judge] them there for my people and for my heritage Israel, whom they have scattered among the nations, and parted my land.

Verse 9:

⁹ Proclaim ye this among the [Nations]; Prepare war, wake up the mighty men, let all the men of war draw near; let them come up:

¹⁰ Beat your plowshares into swords, and your pruninghooks into spears: let the weak say, I am strong.

¹¹ Assemble yourselves, and come, all ye [nations], and gather yourselves together round about: thither cause thy mighty ones to come down, O LORD.

¹² Let the [nations] be wakened, and come up to the valley of Jehoshaphat: for there will I sit to judge all the [nations] round about.

¹³ Put ye in the sickle, for the harvest is ripe: come, get you down; for the press is full, the [vats] overflow; for their wickedness is great.

Let's just turn to Revelation 16, verse 13.

¹³ And I saw three unclean spirits like frogs come out of the mouth of the dragon,

and out of the mouth of the beast, and out of the mouth of the false prophet.

¹⁴ For they are the spirits of devils, working miracles, which go forth unto the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty.

Same thing we read in Joel.

¹⁵ Behold, I come as a thief.

Right in the midst of it, He injects this – His coming like a thief.

...Blessed is he that watcheth, and keepeth his garments, lest he walk naked, and they see his shame.

¹⁶ And he gathered them together into a place called in the Hebrew tongue Armageddon.

I'd like to read one more Scripture. Revelation 17, verses 12 to 14.

¹² And the ten horns which thou sawest are ten kings, [who] have received no kingdom as yet; but receive power as kings one hour with the beast.

¹³ These have one mind, and shall give their power and strength unto the beast.

¹⁴ These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

Let us pray one more time.

Our gracious, heavenly Father, we pray dear God, that You would grant us grace sufficient tonight, to expound and to express to the hearts of Your children, things Lord, that are coming to pass and are in the process of fulfillment even in this present Hour, Lord, making real to us the lateness of the Hour that we are

living in, how far advance we are, and how the Church that has been called out and set aside, and being prepared for Your Coming ought to lift up Her head and be looking up, Lord, seeing that the end of all things has come.

May dear God, You grant us the grace. You said, come and buy of You eyesalve that we would see; our eyes would be anointed. Anoint our eyes, tonight. Let us look and see. And in seeing, understand, and in understanding Lord, be made ready, separated totally from the things of this world, unreservedly unto Thee; that, Lord God, You might make us ready for Your Coming, You might so fill our hearts with Your Holy Spirit, and our lamps with Your Oil. Oh God, "It is lamp trimming time," Your Prophet said. May we wake up Lord. May our lamps be trimmed and filled with Oil in this Hour; that we could go out with You. We ask it in Jesus' Name and for Your sake. Amen.

You may have your seats. I want to take for a little title, "**THE DESTRUCTION OF THE PRESENT DAY MONEY SYSTEM.**" THE DESTRUCTION OF THE PRESENT DAY MONEY SYSTEM. And for a subject, "**Beating Plowshares Into Swords.**" Because we see in the Scripture here... And this will be like a little teaching so I will, kind of, go slow and take my time. Because, you know, on Thursday nights, when we come in we are a little tired; we are in the midst of the week with work and different things. And some people kind of hustle in and they would barely get in on time and these things. We don't want to make that a habit, and we don't want to make that our standard, but we kind of understand that people do have responsibilities and they do get into some unavoidable situations at times. But by the grace of God, we still want to be in early, half an hour and pray, and really feel like when we are here on a Sunday morning, the first thing we come out for the day, by the grace of God, as much as we can do it.

You know, we've been speaking on many things and covering quite a wide amount of Scriptures, from Genesis to Revelation, back and forth over the last few days. I myself can barely keep up with it, and hold it all in my mind together. And I kind of wonder too, sometimes, you know, "How will the people make out if they are not able to hold it long enough before them?" And I just trust that you are the kind of people that love to do homework, and you'd get home and you'd read over the Scriptures, and you'd study it, and you'd meditate upon it; that when the Word is being ministered to us in the assembly here, we take it back home and we study it, and meditate upon it, and see what the Holy Spirit is trying to communicate to us.

Because, let me tell you, if you don't do it you are not going to get it because it is in the Bible. And if you don't really love reading your Bible and meditating upon It, then you wouldn't know anything about the Message of the Hour. Because the Message of the Hour is the Bible revealed, and it is needed to study the Word. Because, as the Prophet said, "In this Day, the Devil could come with ninety-nine and ninety-nine hundred percent of the Word, so you have to know the Word." And knowing that it is a prophetic Message, that we are a prophetic Bride, and it is an Eagle Age, then you look for people who would really have the ability to see. And they just love to get in the Word, because when we begin to get in the Word and get anointed with the Word then we begin to see. And if you don't really see, well then, you are just stumbling around in the dark. And a life like that wouldn't have much influence.

So, it really takes pain to study the Word, because when you casually read the Bible you don't really get anything out of It. And when you really begin to wait upon God, you'd find that the Spirit would draw close to you. When you get all quiet to yourself, and you get in the quietness you could communicate with the Holy Spirit. That is why the Prophet said, he was just like an

isolationist. He said, he'd just go out in the woods there and he'd stay out there and wait upon God to hear God's Voice. And sometimes we are in the midst of a multitude of a lot of things and we try to keep reading the Word as much as we could, because we develop a practice in doing it. So we just, kind of, maybe, take a read in the morning; take a read in the evening sometimes to keep the reading habit. That is good to keep the reading habit but it is not too effective for studying, because you are going to be in the practice of reading. But to study, you really need to sit down and really get in the Spirit of the Word.

When you see, sometimes you come home at night, and you are a little tired from your job and can hardly concentrate, don't just keep in that trend and say, "Well, I am so tired these days I just can't do it." Start to look within yourself and try to find a way that you could master that situation. Because if you keep on for three or four weeks you know what is going to happen. You are going to find yourself filled up with your job, all these things become predominant in your mind, and then you are not in any channel to get any inspiration, and the Scripture is far from you – the Word that is being preached. When you do come to service, you can't really relate to it; you can't really grasp it. And the things that are being preached, it is halfway impossible to understand anything about it if you are not really studying the Word.

If you don't have time to really be reading the Message and keeping your minds fresh in the things that are being taught in the Message, the realm that we are preaching these things from, you really are not going to get much out of it. And you are going to find yourself wanting people to come down to your level and just talk things, 'Peter, James and John,' that you could communicate with. And when you hear something that you know about, you feel happy and say, God talked to you. And when you hear something that you don't know

about, you say, “I didn’t get anything in service. I didn’t enjoy service.” So, you measure God by what you know. But God doesn’t live in the realm of just what you know. Do you see what I am saying? And if God stays in the realm of what you know, that is not progress. Do you understand what I am saying? That is not progress. You limit God to what you know, and anything beyond what you know you don’t care. And some people, they don’t really care to know something more than what they already know if they have a lazy spirit.

So in studying the Word, it takes pains. Because I think a Christian, when you look on your shelves at home, and they are printing books in Jeffersonville every month, and shipping out box loads of books every month and it is being distributed to you every month, let me tell you, your shelves are expanding. Some of you right now, your shelves can’t accommodate the books you have now. Years ago your shelves might have accommodated it, but these are more and more books. And then, if you just get a joy in packing up books, packing up books, and you start to find new space to put more books, and you are not really reading them and you are not really hearing the messages, then something is wrong. Do you understand what I am saying? So, you need to read the Word and pray.

I just want to give you a little exhortation, because outside of that... Sometimes you say, you were kind of busy. Sure, you could be busy, but the thing is, there are ways to keep in tune with things. There are ways to keep in the trend that you are in. And you find, you don’t have much time; try to keep nursing on what is being communicated to you. Don’t go and tune in yourself to something else, because in doing that you are opening up your world more and you will have less time to control what you already have. And when you open up yourself to more things then you make it more difficult for your own self. So then, you are going to find yourself with just little bits and pieces studied – you

read a verse in this thing here; you read a verse in that thing over there. So, you read for the week, but nothing you read for the week ties together. Nothing you read for the week and studied for the whole week has come together to give you a deeper understanding on any particular subject. So really, you didn't really benefit from what you studied. And that is why, in studying, you stay with one thing. Stay with it! And by the time a week passes, you'll begin to take a hold of what you were studying, rather than you trying to grab five things and you end up with none. You know little or nothing about each one, because the time it would take on each particular subject you can't give it the attention the subject deserves. Certain types of subjects you could give attention for an hour or so. Certain subjects take months. Certain subjects take years. See? But it depends on whether you are looking to see an increase; you are looking to see results from what you do.

Now, if you are doing something objective-mindedly you would be looking for results. If you are doing something without an objective in mind, you don't really look for results; you do things to pass time, you do things for fillers, you do things trying not to stay idle. But to get results, you have to do things with an objective in mind. Do you understand what I am saying? And you find when you do things... Sometimes some people, they think they are kind of scared that they are going to be left behind, so they try to grab and study this, and study that, and study that, and study that, and study that to know a lot of things. You don't know the Word so. [meaning 'like that' -Ed.] The Word is Jesus Christ. And when you start to stay with one part of the Word, from that one part now, He will tie all the rest together. And that one part may look simple, but that one part is connected to the whole, and the whole comes right back to that one part – any part.

That is why some of the things we've been studying here, when we were in the Book of Esther and picked

up the mischief of Haman, all right there, we saw the diabolical plot of the enemy, and the Squeeze, and the Bride, and the Power, and the Third Pull, and all those things right there. Then we left it. Then we moved, we kept on studying, and we came back to the Book of Kings and we saw Adonijah, and the same plot to become king, and the same things again. We came right back there again. Then we went over to Isaiah and met Lucifer up in Heaven, and we came back to the same five 'I wills' again. And we went back to Nimrod and we came back to the same thing again. Because it was just two spirits coming all the way down.

So at whatever point you intercept them it is still the same two spirits with one objective each. So any part of the Word will tie the whole Word together. See? And it is two Mysteries: the Mystery of God and the Mystery of iniquity gradually unfolding itself as it comes down from Genesis to Revelation. And that picks up every subject, whether it is about the Blood, whether it is Redemption, whether it is healing, whatever it is; whether it is dispensation, whether it is the Church, whether it is the Millennium. Whatever subject you take in the Bible it is going to come back to the two spirits. It will come back to what Lucifer had in his mind and what God had in His Mind. So you need not worry. See?

The thing is, you just go and stay with the Word and get into It and you are going to find out, when things are being ministered to you it is just throwing light on what you already have, because the Word has already been shown to you that it is one Word unfolding. This Word, from the time It started here amongst us, It never stopped. And that is why I believe it is a perfect continuity from 1965 to 1989. That is my revelation of God. It didn't stop in 1965. 1965 is Jesus Christ yesterday. Sure, we looked at that, but that tells us where we are. See?

So when we look, our expectation, our faith, is zeroed in now. See? Because that was supposed to bring us

down to the Resurrection, and that is where we are coming. That is where we are walking and coming down. See? And all those things that... You see, when the Holy Spirit picks up a subject there—like we had those Seven Trumpets and we began to come through, and began to pick up the earth and all those things, and all the Redemption, and when Elimelech's inheritance stayed there and it suffered, and how Ruth came in and all those different things, and we picked up those things in types all through the Bible. See? Then we took those things. And in-between those things, when we came down to Matthew 24, look at how many things we picked up right there, with the Ministry of the Son of Man, and the Resurrection, all those things; how they took place with the elements being disturbed – you know, Matthew 27, when the earth went into convulsion and so on; the great earthquake and a Resurrection took place, and seeing it in type, how it is going to come back. Then we went back to St. John 11: *The Master Is Come And Calleth For Thee* – how He was coming down to the Resurrection, walking with them, gathering the living ones first, and going for the sleeping ones. Exactly.

It doesn't matter what side of the Word you pick up, whenever you take a certain part of It, some is going to show you the spiritual side with the Bride now, and some is going to show you what is going on in the world. Because either place tells you the time. And when they come together then it places everybody positionally where they are.

How are we so sure that the Bride is ready to go? Is the world in a certain condition? Is the Church in a certain condition? Is Israel in a certain condition? Is Russia in a certain condition? Is the world in a certain condition? It must all be there. It is a picture, and everything must be in its place.

That is why these things, when you look, it is nothing farfetched. Sometimes you look in one particular angle.

A lot of people come with a one-track in their thinking, so then, when another angle opens up, which is just another part of the same picture, when you look at another part of the same picture then you'll realize now, why the Bride is going up; why God is doing this here amongst Her. Then you can relate to things that are happening among you with a greater awareness. Then you can really focus right into it. Then you will know why you need to really expect, and how to discern and recognise what God is doing. Because on the other side, you are seeing what the enemy is doing. See?

Because what is the use that we are so certain we are going up. But here, we can see exactly why we need to go up right now. Here we can see if God is talking about the Third Pull and the Spoken Word and these things, we'll know why we need to have faith now, because we see how close the Squeeze is. It is coming to where you can't buy or sell, and that is to meet that challenge.

But if you are not so sure that the Squeeze is coming, though I tell you about faith day and night, do you know what is going to happen with you? You'll be comfortable at your job; you are getting a promotion. So, those circumstances and what looks like blessings there, have an influence upon your life and your mind, and now you are seeing that you can have more things in your home for your family, now you can travel a little bit; now you can do this and the other. So, that is why, when someone tells you about faith for the Third Pull, that doesn't make any real sense to you. Because your situation is at the best it has ever been. Because, it had a season when you anointing faith for the Third Pull when they go to lay you off. Do you understand what I am saying? But when they keep you on and they give you a promotion, you are talking about flying out [Travelling -Ed.] now, and you are talking about this, and you are talking about extension of your home, and you are talking about changing your car. Do you see what I mean?

So you find out, the only thing that stays those things is when you come and get a revelation of the spirit in the.. [blank spot on tape -Ed.] ...like an anointing upon you, and you say, "The Third Pull is going to happen anytime now." Brother, they are tying up that World Council and bringing down things. Maybe they have things right there that need to be fixed. Because remember, certain demons have to come upon them like they said in Matthew 26, they said, "This Passover. We should kill Him in this Passover." And they conspired. And right there, Jesus walked into the house and sat down and ate, then the sister walked in with the alabaster box and started to anoint Him. And the Bible said, "When He understood it, then He said, 'This is for My burial.'" [St. Matthew 26:10-12 -Ed.] And just as He was saying, "This is for My burial," brother, some demons were anointing some priests to kill Him. And He had just preached, "When I go into Jerusalem, brother, all kinds of things will happen to the Son of Man. He is going to be delivered into the hands of sinful men." So when Pilate's situation came, He could have stood right there and be under the Scriptures and say, "Like a Lamb dumb before His shearers." Because He had just prayed in Gethsemane, "Now is My Hour come." So everything, religion, politics, the Word, the social life, everything was tying together, every Scripture was in place; He knew where He was at.

Here, the Hour that we've come down to, we've been bringing those things... Look, since I came back there in January, and we started *The Four Stages Of Restorations* and brought the Church right up to the place. It is all in the Church and the Church and the Church and the Church, bringing it right up until we came into the singling out the Bride unto the Perfection – the stage of Perfection where the Super Church is Himself revealed, bringing it to oneness. He and His Bride have become one – Super Sign. See? Then inside of there, "Now we are the sons of God," and these things, bringing it right down to the Bride for four months. And

right there the Holy Spirit picked up the message, *Greatest Battle Ever Fought*. [1989-0510 -Ed.] And when we struck, *Greatest Battle Ever Fought* inside of there, God took it from Heaven, the first battleground, then brought it down to the second battleground. And up to now I haven't come out of the second battleground, yet. Because when we came to the second battleground and I struck the message, *The Opening Up Of The Fourth Dimension For The Mind Age* [1989-0604 -Ed.] I began to show how it is one people and one language; then that started a whole thing. Until last week there, Sunday, I preached the message there for you about *The True Spiritual Representation Of Today's Scientific Achievement*, [1986-0625 -Ed.] (right?) and showing what is happening right now. And that was just a furtherment coming off of those things, because once something begins to break and we begin to see what is happening, and showing how we'll even be travelling at the speed of thought... See. It is what we are coming into – the last frontier of transportation. We are not going to have anything... Because it is an Astronaut Age. Brother, they came out of the spaceship but they had a backpack to move around. We don't need that backpack. Amen. See. They have a power to quicken them and raise them up beyond the law of gravity – break that law of gravity. You have a Power to raise you up from, 'dead in sins and trespasses,' into Heavenly Places; brother, take you beyond the law of sin and death, amen; take you beyond the sin-barrier into a world of Perfect Faith.

Then, from there, well, last night I just spilled over a little bit and gave you a little bit in talking about dreams and showing... I did that more to try to help some understand what I'm bringing, about images, voices and these things – the subconscious man. And right there, I found out, Sunday and Wednesday, how many people are only conscious of see, taste, hear, and smell. Because when the Word gets there, I mean, it is in a realm now, where we are talking about experience.

We are talking about being conscious of your experience. And, you know, it means to say, unless you aren't watching your life and when you go through things—you watch how they are happening in your life from day to day.

Apart from reading the Word... Sure you read the Word and these things, but then remember, your life is part of the Word too. You see. And we took all those things about dreams last night [The Reality Of Dreams - 1989-0628 -Ed.], almost every dream, and showed there is so much of the Word that speaks of it – from Abimelech, who had a dream, and Jacob who had two dreams, then Joseph had two dreams, and Pharaoh who had a dream. Then, we came down there to Nebuchadnezzar who had a dream, and Solomon had a dream, and all of them. God was talking to them all the time. And each dream was revealing different things, showing that when God brought those things to them it was for a purpose. It has a reason He was doing it that way. See? Then, how God communicated His Word by vision, by dream, and by the Urim Thummim. He had three ways to communicate with people, and He still does it. The Prophet said, “This is the Urim Thummim today.” He said, “We live in three realms. There is one by vision.” A Prophet breaks into that realm by vision: “THUS SAITH THE LORD.” He said, “We live in a realm of revelation.” Is that right? Sure.

I remember years ago in the Message, when we came in the Message, and we were talking about revelation, a brother said, “A minister teaches but he can't get any revelation. Bro. Branham already got all the Revelation.” And this brother now, he said, “How are you talking about revelation?”

So I asked him; I said, “How do you mean nobody could get a revelation?” Because what are these things I'm getting? So I asked him, I said, “What is revelation?” I said, “Do you know what revelation is?”

He said, "Well I haven't got the quote on it yet." And he was a minister. A minister I am talking about. He said, "I didn't get the quote yet, on what the Prophet said a revelation is, yet." So right there, it made me realize what was going on. He didn't know what he was talking about to begin with. It was a blind, deaf, dumb, and dotish man trying to teach me about God. If you don't have a revelation, then what are you preaching by? It shows God doesn't communicate with you at all. So, why do you think God put the Holy Spirit in us for? What do you think the soul in you is for? Why do you think God said, "To him that hath an ear to hear"? What do you think that is for? You see. So then, we realize that it is so important and it is so necessary.

You know, we here in the assembly, we look at the Message in Its fullness. We try to, by the grace of God, as best as we could. Look at the Message in Its fullness and see all that is spoken for this Day. And especially when you look at Scripture being fulfilled, you know that there are things that take a period of years before it is completely fulfilled. "Behold I send you Elijah the prophet." Brother, that started in 1909 and wasn't fulfilled until 1965 for us to understand the Scriptures fully. You see. Because he was born and foreordained to be a Prophet before he was in his mother's womb – that attribute of God, Elijah, and that written record of Eternal Life, "Behold I send you Elijah." That was the written record of that Eternal Life, and that was expressed in flesh. And Charles and Ella Branham came together to form the body. And that Mystery began to grow up there in the earth before it was publicly identified and vindicated to the public. But it was going on; unfolding. Alright.

Well, when you start to see the Word, that is like when he said, "A virgin shall conceive." From the time the Angel came to Mary, that Scripture started. "The woman's Seed will bruise the serpent's head." From the time she received visitation, that Scripture had already

begun and wasn't completely fulfilled until Jesus bruised the serpent's head on the Cross. So it is the same way when we read things in the Message, we don't say, "That isn't fulfilled yet, and that isn't fulfilled yet," and think that is for somewhere far down the road. When you break into the realm of the Word, you start to see all these things all around you, brother, forming, becoming a picture before your eyes; developing like a photographer in his darkroom and the image is coming onto the paper, forming there. Oh, we've heard about Armageddon, but the images.

How could the Prophet say, "The nations are uniting now, for Armageddon." All this uniting time and sign. The Eastern world is uniting, the Western world is uniting; the League of Nations [A worldwide intergovernmental organisation whose mission is to maintain world peace -Ed.] is uniting. He said, "What is it for? For Armageddon." [1963-0818 The Uniting Time And Sign paragraph 89 -Ed.] Look at how many years have passed. But what is happening? That spirit, when it hit the earth and started to bring that unity in that realm, he saw unto what end that spirit was bringing them together for. It is just a development. The life had already started but it was adding cell upon cell, upon cell. Doing what? Building an image. Oh, the image of Armageddon is down in the valley of Jehoshaphat; it is down in Megiddo. 'Jehoshaphat' means, where the Lord will judge them. Do you See? So then, that is the image that is going to be developed. But all now, it is like a mosaic. You see all those little parts are coming together, coming together. The armies are coming together. The nations are coming together; the church has a role in it. Do you see? Then the nations have rejected the Message wherever the Message went so they could be counted as fodder for the atomic Age. Then people turn down the Word daily and are becoming part of the lost, part of the rejectors of the Word, who are rejecting mercy so they could go into judgment. It is all happening everyday! Sure! See? It

depends on how you look, and when you are looking, what you are seeing.

That is why, sometimes in preaching these things, we can misunderstand it and think, "You know, he is talking about something way down the road." No, I'm not talking about anything down the road; I'm talking about what is happening now. The same way I'm saying, my body could be changed too, and I'm going to be in the Millennium, I don't see that as any far, far thing down the road. When my body changes, what do you think, the Millennium is still down the road somewhere? I will be in Eternity, then. There is no time with me anymore. I can't be thinking time thoughts in an Eternal Body. Do you think the Bride will be in Heaven and saying, "But wait, three and a half years hasn't passed as yet?" Do you think it'll be that kind of thing? It doesn't have time there. The Prophet said, "Right now we are earth bound in our thinking. So we are, kind of, thinking like that here, in a humanistic way." When you understand that, and you see your Body... Let me tell you, that is why it is good to know where God took you from, because when you know where God took you from, hear this, you know Quickening Power has quickened you and raised you up.

When you read the Word that says, "If the same Spirit that raised Christ dwells in you, It shall quicken your mortal body," and your change has already started, and your body has already turned heavenly, that is real to you; you can say, "Amen, amen, amen," because it is real to you! It is not a quote, it is not a thought; you identify with the experience! When you see the Spirit comes upon you and quickens your mind to the Age (amen) and you get into a place where a prophetic Revelation starts to break on your soul, (amen,) and you start to see what that Prophet was talking about, and begin to get under the inspiration of it, you could say amen to the Word, because you can see the Holy Spirit is here, doing the very thing! Amen.

Then the Word starts to become alive. Let me tell you, all... Do you know what is the Word becoming alive? Everything the Word speaks about, you begin to recognize it and live in the consciousness of it. That is the Word becoming alive. Because what is revealed to you, you live in the world; you live in the picture. You know where the dog is, you know where the cat is, you know where the tree is, (sure!) you know what position the sun is in, you know where you are standing, you know what you are wearing; you are in the picture. Do you think it is you alone in the picture? Are you trying to see yourself... And that is why half of the time those identifications miss because you are not seeing the rest of the picture. It is a whole picture. You see.

Now, watch. It has things the Prophet spoke for the Age. It has things he spoke for nations. It has things he spoke about the church world. It has things he spoke about the individual. Sure. It is all there. Sometimes you try to take something for the Age and you start to try to bring that to pass within yourself; that is for the Age. That will take a process. Oh, you may be getting a measure of experience, but you can't draw anything from God, as far as God is concerned, because it takes a lot of other people to go together with that. See? Sure.

Brother, when we follow the Word and see how God has brought us step by step... And, you know, I've been trying to hold that before you, when I saw how it was one language and one people. And I know... That is why I said, "I was breaking into something," under the inspiration of that Scripture being revealed to me. And I know it is now. And I saw the Prophet, like in the tower of Babel, but those Messages, it seems, like: that was quite in 1958 he was speaking that. But, you see, during that time the Ecumenical Move was picking up momentum. And Pope John 23rd, in 1948 when Israel was back in the homeland, is when he started saying, "That we all may be one," and that spirit began to move. Oh, they started to get together and began to break

down barriers, began to get into more fellowship, and began to stop being so hard and dogmatic, and opened up and these things. It was a reshaping of the religious world. It was a restructuring of the religious system, because the plan was to bring it to one religion. See?

Then, when you look and see... They said, "There has never been an interest as it has been recently in media properties." All of a sudden everybody is trying to move in to get a hold of media properties. And, I was preaching... I didn't even know—I wasn't aware of it and I was preaching here, and I said, "God disrupted their communication system." Because to me, language is a type and it is a shadow, and it is only indicating a greater reality. And, you know, something keeps coming to me how that fourth dimension, the communication systems, how they've linked up the whole world and are bringing it so close. So when I saw that I said, "No, it has something there. It has something there." Then the Scripture struck me, where they were going to send it around the world.

Now, watch something here. The Bible says, "These ten kings have one mind and they shall give their power to the Beast." [Revelation 17:12-13 -Ed.] It is a picture of a world state again. Because those ten kings, those Ten Toes (see?) that Iron is in, right down in every nation, she is going to have control. And you watch and see how they talk about it there. So I was watching that and I said, "That communication – it is something about the communication system." And, you know, the fourth dimension to us is more than just communication. Because, when we began to see Sunday there, look at what began to open to us. Right now, images come through it at the speed of light. And because it comes at that speed, it breaks all time zones, showing then, that they'd try to find a way to send our bodies. But they can't do it.

So there was a time they sent our bodies by horse and buggy. Then, it wasn't fast enough because the world,

the things that were needed, maybe for business, for certain needs in nations, different things, cities, they needed a faster measure of communication and a faster transportation system. Because you can't wait to send a smoke signal; sometimes the breeze could come and blow the smoke signal. Sometimes, you can't wait to send a pigeon with a message because someone would shoot the pigeon. Do you understand what I am saying? You can't wait to tell a man, "Okay, take a horse like Paul and ride. Ride through..." How far are you going to ride with your horse to carry a message? But look how the communication system has developed. And look how they are sending messages at the speed of light now. See?

Then, you see transportation now, is coming up too, but not at that speed of communication. But it is coming up. But then, as I was saying last night, those things are in the Word, laying in the Word, but they never meant anything to any other Age which was not that scientifically developed. Because they never even thought that they could have seen the moving from a horse to a man who is going on another planet, in a horse and buggy Age. Who was going to visualize that? Whether you were religious, or whether you were scientific, they couldn't even see it. But in this Age when scientists are pulling out things, God has the Word there to meet it. Because the Word has to meet the challenge in every Age. When they are trying to use all this to put pressure on the Bride, God says, "No. We have Things to handle that too." When they bring out all their armies, and you fear them who could kill the body, God says, "Don't even fear them who could kill the body; fear Him Who can destroy both body and soul. Don't fear that; we have Things to handle that too."

Until a Prophet came in this Age—he began to go to the Word and brought out things in the Word that science is trying to probe into. And he showed us how close they reached. He said, "Give them a chance, they'd

find God before the church.” Because the church sat down back there, only religiously, trying to build big buildings, trying to put in stained window panes, trying to get men in clergy collars, trying to be pious, trying to congregate people, and not really getting into the Word. He said, “If you give science a chance, science will find God before the church.” Because the things Einstein [Albert Einstein, a German physicist –Ed.] was talking about already. He said, “If the man only had the spiritual application, the man wouldn’t create squirrels only; he would create worlds too.”

So then, we realize there... As I said, we are talking about going to Heaven, and it shows that many of us, many times, we talk about going to Heaven, but do you know what happens? Half of us never even thought about how we are getting There. Sure. Half of us never thought about how we are going to get There. I mean, if you die we will put you in a box [Coffin –Ed.] and the angels will pack your soul away. But then, if you stay alive, then you will have to be able to move into it when the time comes. See? And that is why the Spiritual revelation, what It does, it is a Key for a Door. And when a certain Door needs to be opened, God gives revelation to unlock that Door.

Because remember, there was a time when those men [Astronauts –Ed.] used to go out there and they had a big, long cord, a safety cord to tie them onto that mothership, and they won’t go out there otherwise, you know. Do you think they do that now? They’ve passed that. They tried out something and it worked, and they are out there now, with that kind of confidence. And as fast as they discover a thing and it works, they move with it. And they are not afraid. “We prove it, it is working, and we have it, and if the economy could make it available to everybody, we will commercialize it and everybody will have it too.” Sure.

Let me tell you, so many things have already been discovered, but they don’t know how to market it yet, in

a mass way for everybody to have it. But it is not that they haven't reached there yet, you know; they have a lot of things already. Brother, you see Dick Tracy, [1990 action crime film based on the comic strip character of the same name -Ed.] and those fellas used to walk around and they were watching there, and they had a little screen and they were talking on the thing. Hear this, that wasn't anything hard for them you know.

As I showed you the other day, long ago you had a big gramophone in your house, a big record like this, [Vinyl disc- Ed.] and different things. Now you have it in your pocket; now you have it in your watch. Little music—you have a small tape like that, playing. They brought it down right there – the same thing. Brother, you see a man come into your house, he would have to, maybe, break down a wall for the gramophone and all, and put it in a corner. See? One big, big box like that. Now everything is in your car; all around. On your head, you are walking with it. Now they have it where you can go in water to bathe with it. Sure. They are not waiting on anybody.

Do you think they'd say, "When we get the gramophone, we don't want anything anymore about music." Do you think science stays like that? It is a bunch of halfway intellectual believers; brother, some little thing they broke into, and they are done with it: "Yes, I see that." You haven't seen anything yet. Amen. Brother those things have to be developed and refined, and developed and refined, and come down to a place, brother, where every expression has you! You stand there in full control. Amen. And with God's things, you never stop learning because God's Things are Eternal. God's Things are Eternal.

You know, I was thinking about this little thought here, as I made mention of it, THE DESTRUCTION OF THE MONEY SYSTEM. (I thought I had my... oh yes, I got it.) THE DESTRUCTION OF THE PRESENT DAY MONEY SYSTEM. Now, you think about it. We know it

will change one day, the same way we know that our bodies will change one day. Is that right? Sure. The transportation system will change for us one day. Our bodies will change for us one day. The world system will change one day, and the worth of the money system will change one day also. We will not be here when it changes from paper to gold but it will be changed, too. But the same way the world is already changing... I mean, who have eyes could see the world is falling apart and is going through birth pains, two birth pains, and is in labor already for one last birth pain to bring a New World. So, if a man says, "I don't see the world changing," he doesn't have revelation. The world has been baptized and sanctified already, and is in birth pains. Is that right? Sure. When you know what to look for – the symptoms.

Now, that is why he says, a doctor examines a man and finds the symptoms and he [The Prophet -Ed.] examined the world, the earth, this civilization, and he saw it is in birth pains, and there is only one more pain to go through. Now, the same way when we look at ourselves, we see the change has already started, because the first change was an inward change, from glory unto glory, adding Word upon Word before this body changes around it. And this body has already turned heavenly and has come into obedience to the Word to prove that the change has started already.

Well, for the changing in the world, the money system is changing too. But if you don't know what to look for and see how it will bring on the new system, to you there is no change going on and it is somewhere way down the road. See? But what I'm trying to bring to you, is to show you how the groundwork is being laid right now, for the destruction of the present-day money system.

Maybe I should just read a quote a little bit to give you that to start with. I thought I had the quote written down, but it's on page 314 in the Seven Church Ages book, where he said, this present-day money system is

going to be changed. Because what Rome is going to do, she is going to call in all the paper because she has been acquiring all the gold for some time now. And she is going to call in the paper and change the present-day money system and will demand gold. And with no gold, the system falls. And the Jews' money will be trapped and Rome will rule the world. All right. [An Exposition of the Seven Church Ages - Chapter 8 - The Philadelphian Church Age -Ed.]

So then, if there is going to be a day that the dollar will really die... The dollar has been very sick, the dollar has had some hard collisions, the dollar has been under a kind of, brother, an oxygen tent and life water, and the dollar has been on medication, financial medication by the financial institutions for the longest while. And, the dollar is crippled and, brother, could hardly move. It is sick and dying, and there is going to be a day that the dollar will die. And the thing is, because the dollar is no longer powerful and strong, and can't command trade and these things as it used to before—they know it has been weakened, and if you have a weak thing, you are going to replace it.

Sometimes you have a pillar that is rotting in your house and you want to move it, and it could cause the whole house to collapse. So you bring in architects, you bring in contractors, you bring in engineers, because it is such a main post that is holding up that structure; brother, one bad move could cause the whole thing to collapse and cause chaos. So you have all those minds studying angles, and where there is pressure, and where less pressure is, and what could take the strain, and substitutes, and different things. Some are saying, "Move out some of the things in the house and lighten the load." Some are saying, "Put some reinforcement." A lot of ideas, but it is because the structure is in danger of collapsing.

But all the time, behind it, brother, somebody has a remedy for the situation, but they are waiting until the situation becomes so chaotic that they could move in

and give the remedy, when everybody will grasp for it and receive it with gladness as a deliverance out of a situation. And mind you, the influence is that the people who have the remedy helped put up that post too, you know. [Bro. Vin chuckles -Ed.] So it is not like somebody on the outside who isn't involved in world commerce and trade who is coming in; it is somebody who is there but is waiting for the convenient time. For the Bible tells us that Rome holds the wealth of the world. Is that right? Sure. Every Bible reader knows that. Okay.

If it is going to come to ten kings giving their power to the Beast, and you can't buy or sell, which is commerce and trade, except you have the Mark of the Beast, then that would be a situation by itself. And you know, right now, you see, the influence upon the region here, it is demanding, the conditions are demanding that all those heads of the region come together. And that is why they always have these summits. As I said, "We've come to the place of the skull again." Do you see? It has no further stage than that. And they are coming together, because they are in the third world, [Developing countries -Ed.] and brother, if they have to come out from being third world and come to where the superpowers and they are, then they have to develop to that stage. All right, and they need help from that world. And that is the world where the financial strength and support and things are coming from. So what is going on then? You find that you now, who is employed here in this system... This system is like you are in one part of a wheel and that wheel is a part of another bigger wheel, but, you see, you are only made up to see the first wheel. So you see your system and feel that you are isolated from the rest of the world, and think that you are in Trinidad here, and the rest of the world has nothing to do with you, because you are only seeing as far as your job and your company.

Sometimes you can't even see beyond your own company, which is just part of the economy of the

nation. You can't even see that wide. Do you see? Then you rise with that company and you are watching, 'my service, and my different thing, and how long, and I and the boss are good friends'; and your world revolves around that there. But then, your boss may have a boss and your friendship doesn't have any weight with your boss' boss. And your boss' boss has somebody to take your place, and your boss, who is your friend, can't really help you there. Some of those kinds of experiences wake up people to realize the world is a little bigger than the nest. [Bro. Vin laughs -Ed.] Do you know what I'm saying? You know, the little bird in the nest, right, first he is in the egg, then he is in the nest; that is the big world. One day he flies out from there and he realizes it is a bigger world than that nest. Alright. Well, what is happening, I am trying to take some of you out the nest these days to let you see how big the world really is.

So you find out there, something is happening. And when we struck that Scripture there, in Genesis 11, oh my, I tell you, things just started to happen. And in the natural realm, when they are drilling for oil, they know when they hit a good well. Do you see? And when we struck that Scripture there, Genesis 11, with the whole earth, one people, one language and these things, something started to happen. Instead of me looking at the Scripture, I started to see things on the outside because this Scripture is speaking something for the last days. Then I started to bring those messages there, by the help of the Lord, showing *The Mighty Hunter, Nimrod, In The Twentieth Century*. [Nimrod, The Mighty Hunter Of The Twentieth Century - 1989-0607 -Ed.] There is a Mystery Babylon today. There is a Mystery River Euphrates today. There is a Mystery Nimrod today. He is a Mystery hunter today. He has Mystery traps today. He is catching beasts today, because 'beast' represents nations. He is fighting wars on the battleground. He has a desire for

conquest, but it is a different type of conquest. It is trade wars and all other kinds of wars. See?

So when we began to move into that realm, we began to see, "My, it has something happening out there. It is a reality." And those things began to show: look how rapid... Because, all of last year we stayed there from February, the end of January, until December watching those Seven Trumpets unfold, unfold, unfold, unfold, continually until we came to the end. And I preached *The Signs Of The End Of The World* and these things. [What Shall Be The Sign Of Thy Coming And Of The End Of The World? - 1988-1204 -Ed.] Then I came and brought the part with the church all the way up, and struck this place here and God began to reveal the religious, revealed spiritual, revealed political, social, and all these things, showing how Hell is coming upon the earth, all these things; Satan's kingdom taking over the world. It just began to uncover, uncover, and showed all these other Scriptures sliding right into a place that is going to bring some very definite changes as we go into the 1990s.

Let me tell you, the whole world out there is anticipating as they enter the 1990s. Brother, science is looking for new frontiers. The economic world out there, they who control trade and these things, are looking for different things. The society is changing because of the development of technology, the availability to market it now, and all these things. See. Everything is a whole change until all those people, they are already foreseeing the year 2000, what the world is going to be like - man moving up there, and flying saucers all over the place, revealing extra planets. And they are getting ready to go to Mars just now, and they are building the space station, and star wars. My! Because it is like they are on the home stretch, which they are, on the home stretch; everything is coming to its end. And brother, when it comes to the end, things pick up with momentum to bring the crash.

What do you think brought the crash in the days of Noah? Brother, they were coming along until they split the atom, started to build the pyramids, all those different things, and started to shoot into outer space knowing it had no rain out there; they laughed at Noah's message. Do you see? That wasn't even feasible to begin with because their test had already proved that, so they didn't have to listen to any 'quack' prophet. And they were speeding, accelerating and going on. It had things that they can't even reproduce here yet. Brother, when you see that... Then finally, 'wham!' – an explosion happened and it threw the earth out of orbit, and the whole system came crashing down. Sure.

Then, here it is again, coming right back. Brother, they felt like they saved everything. Because at the turn of the twentieth century with the chemical age, chemical revolution, industrial revolution... Remember, it is from horse and buggy to astronaut they came into this era. Brother, they are fed up with the moon. They are fed up with the moon now. See. They want new frontiers. It is an acceleration of everything. Right here, in the midst of all that, when they take the 'speed' [Methamphetamine - a drug -Ed.] and they can no longer even think sanely—look at the kind of murders that increased; look at the insanity that increased. Sure, everything began to pick up, pick up with rapidity. Whatever is deteriorating, is deteriorating rapidly. Whatever is escalating, is escalating... Look at inflation and these things; how it has all picked up. Look at how you are working and your money could hardly do anything. Look at the cost of things. Look at the pressures. Look at how many homes are going apart. Look at the drug trade; how it has taken over. It started like a little cloud over there until it covered the whole land. Look at the schools; where they have reached to now. Sure.

Brother, moving in here with that kind of speed, right inside of there, the Holy Spirit is going to have a people,

still – still and aware and not caught up in... In all that is changing around you, you are right here, in control, walking with God at God's own pace, in God's own time, God's own route, (amen!) not being pressured by any current, any situation, nothing in this environment; walk under the control of the Holy Spirit, let me tell you, with "THUS SAITH THE LORD" or keep still, in harmony in the midst of it all, walking there. Brother, whether the dollar gets the final heart attack and it is crippled and it is already getting extreme uncton, (amen,) it isn't even bothering you. Amen. Hallelujah! Because you break into another realm. Sure. Whether the dollar's funeral is going on and they are saying, "Dust to dust and ashes to ashes," for the dollar, (amen,) brother, you'll be walking in another realm by the grace of God.

Now, it is very interesting to know how the Prophet, who was a seer... One of the things that always struck me with the Message over the years, which we laid very heavily on when we came to those Seven Trumpets, was those Seven Visions the Prophet had. And God showed him Hitler, [Adolf Hitler, a German politician and leader of the Nazi party – Ed.] Eichmann, [Otto Adolf Eichmann, one of the major organizers of the Holocaust –Ed.] Mussolini; [Benito Mussolini, an Italian politician and journalist –Ed.] Stalin, [Joseph Stalin, a Soviet politician –Ed.] and those fellows. Then he saw science increase; rising after World War II, making the world scientific. Then he saw the immoral conditions coming until the women will come back to a state of almost complete undress. Then he saw the rise of the Catholic church in America, and then he saw destruction, annihilation – the atomic bomb. See? And one of the things there, knowing that was a direct vision from God, in that third vision, it said, "Facism and Nazism will be swallowed up in Communism, and watch the king of the North. " [An Exposition of The Seven Church Ages (Chapter 9 - The Laodicean Church Age) page 321 –Ed.] You see, those things in the Message are things, down through the years, I've travelled with, and ever so often I observe things out there as it develop. In other

words, I am following the trend of many things out there. And as they begin to develop and change, I look and see how God has been dealing with us inside of here. And every time, when those things happen out there, we are going through these experiences here, and God gets into that Word and brings things out of that Word to show and reveal what is happening out there, so we can be correctly placed to know that we are in step. Because it is a great symphony and we have the Sheet. He said, "It is like *Peter and the Wolf*. [A Russian symphonic fairy tale for children -Ed.] And it is not a bunch of rattling noise; brother, if you are in the Spirit," he said, "you will know every junction, every beat, and every change, because it is a great Drama being played out."

That beautiful woman in America, she was going to try and get the king of the North. See? She wants the king of the North, because she rose in America already. And he spoke about the invasion of the USA and the overthrow of the American government; that has already taken place. A lot of people in their minds are looking for a Catholic President. Ahab wasn't a Catholic; he had a Catholic wife who controlled the nation from behind the scenes. Do you understand what I am saying? Because there are people, they don't want anything to do with Jezebel. They say, "You are the king here; let me talk to you." It has men like that.

He says, "Go and tell my wife."

He says, "I don't want to tell your wife anything, let me talk to you. You and I are two men and we can't talk? What are you sending me to your wife for?" Alright.

Sometimes, when you don't understand things in the home; when the man is trying to tell you to go to his wife, he is trying to tell you who the boss really is. But some men have their pride in their way of doing things. Do you understand what I am saying? And people, you know, they want to meet President Bush. [George H. W. Bush: 41st President of the USA -Ed.] They don't want to have anything to do with the Vatican and to go to the Pope and say

this; they want President Bush. Alright, if it pleases you, because of your ideology and your own nation and all your high rankers in your government, who feel that you shouldn't go to the Vatican and if you are to do any talking then talk to the man in the White House, well, go and let it be photographed, let them put you on the television worldwide, showing that you went to meet the President of the United States. But the truth and fact is, you are dealing with the Catholic church.

Because, let me tell you, if that hasn't happened then Elijah hasn't come yet, you know. Do you hear what I am saying? If that hasn't happened, Elijah hasn't come yet. Get your picture right. Don't have the cow eating grass in the house. When Elijah came, he said, "Look who has wormed her way into the White House. Look who is in control – Jezebel religion; hybrid religion." He said, "When that happened, the Holy Spirit said, 'Go to the Book of Revelation,' because look what is happening there, right now. We are coming down to Revelation 13 – the Beast rising out of the earth and these things." See. He said, "Those two powers," *The Third Exodus*, [1963-0630M -Ed.] "are growing right now" Pharaoh, Rameses; and Moses. But Moses isn't here. So you mean if Moses isn't here, the Exodus isn't going on? It is a Spiritual Exodus – Moses, the Word. Amen.

See, the Power of the Holy Spirit that is here is becoming greater and greater and greater in the Bride, and that spirit of the antichrist is becoming greater and greater and greater in the systems of the world. Both are coming to their head, (see,) to a great showdown. It is coming up. Just like the life that came through the stalk. It didn't stay in the stalk; you can't call the life 'stalk' after a season. But it is the same life; it is moving on, keep moving on, coming to its Head. Do you see?

So, here, we know that he said, "They have been acquiring all the wealth of the world." Because in the Seven Church Ages Book (I'll give you this quote here: page 341 and 342), he said,

[You] *talk about wealth in the church — why there never has been such a show of wealth. The beautiful sanctuaries are multiplied in number as never before.*

You watch, maybe a certain company that has four or five buildings in Trinidad, one in Arima, one in Port of Spain, and one in San Fernando, and you say, “Boy, that is a big company. They have big offices in each place.” The Catholic church has big buildings all over! So if you judge it by a big building in one place, and a big building here, and if you say, “Boy the staff over here is about five hundred”... Every time they have mass in each one of those places, it is close to about two thousand and more. Do you understand what I’m saying? So get the picture.

The various groups vie with each other to see who can build the biggest and loveliest. And they build education centers worth unestimated millions, and those buildings are used only an hour or two a week.

Money has poured into the church until different denominations own stocks and bonds, factories, oil wells, and insurance companies. They have poured money into welfare and retirement funds.

Do you think when they own the oil wells, and the bonds, and the stocks, and the retirement funds, and the factories, and the insurance companies, do you think they call it, ‘The Roman Catholic Insurance Company’? Or, ‘The Anglican Insurance Company’? They don’t call it that. So half of the time, when you are relating to a name, a brand name, you don’t know who is the head and the power behind it. When you say, “Not me. I don’t have anything to do with any Catholic church. I have my things down in so-and-so company,” you don’t know what is going on. Do you understand what I am saying? Just call it whatever you want to call it: left, front pocket; right, front pocket; left, back pocket; fob [A small pocket -Ed.] fold secret pocket; secret money belt with special compartments. But it is all on one man, you know. He has all the money here. He says,

“Well, I have twenty dollars in this pocket; I’ll take it and put it in my back pocket,” so the back pocket has sixty dollars now. They say, “The left, front pocket has gone into receivership – bankruptcy. This other company bought him out.”

As I said the other day, all the money is still on the planet. They didn’t carry any money into outer space or to any new planet. It is just shifting around here, on the planet. But it has so many different routes and so many places it is passing that after a while you get confused trying to follow it. Sure. So it causes a big complicated system: Who has it? Where is it? This company swallowed that company; this company... Let me tell you, they create companies to devour the companies they already have and built for so long. Sure. While you are thinking, one add one equals two, and two add one equals three, do you think it is so slow they are doing mathematics? They are in another realm. Alright.

He said, *Do you know that religion today is known as big business? It is an absolute fact that they are placing business managers in the churches to take care of finances.*

There are radio programs, television programs and numerous church endeavors that are costing millions and millions of dollars. Wealth pours and pours into the church, the membership increases along with the money.

Alright, listen to this now. He was talking about the Vatican.

It says, [The Vatican Billions, by Avro Manhattan -Ed.] *“The Vatican has billions of shares in the most powerful international corporations, such as Gulf Oil,* [A major American global oil company from 1901 until March 1985 -Ed.] *Shell,* [A global group of energy and petrochemical companies -Ed.] *General Motors,* [An American corporation that designs, manufactures and markets vehicles, parts and sells financial services -Ed.] *Bethlehem Steel,* [An American steel and shipbuilding company -Ed.] *General Electric,* [An American technology and financial services company -Ed.] *International Business Machines,* [I.B.M - An American

multinational technology company. -Ed.] *TWX*, [Time Warner Inc. - A media and entertainment company -Ed.] *etc.*" I shouldn't be quoting this; talking about present tense things. [Bro. Vin laughs -Ed.] That is all I have access to for now, so I'll tell you. Bring it up to today and you'll know what is going on. If I had access to better than that I would have told you.

So notice something. Something is happening in the world, as I said. The dollar is dying, it is weakening daily, and there is a need for the reorganization of the money system. Every country is feeling it - brother, foreign debt; all kinds of debts that each person has. Sometimes, you know, it has one or two people in the home...

They had a little story in the newspapers a couple days ago, where a little ten year old girl was owing her teacher four dollars and committed suicide. After they assessed the situation, they said, she couldn't handle the stress, couldn't relate to it emotionally, and didn't know how to deal with a situation like that. So, she was trying to 'break biche' [To miss attendance at school, deliberately and without a proper excuse -Ed.] and different things, because she was afraid to go to school to give the teacher the four dollars. Do you see? And she committed suicide.

When you watch countries that are owing billions of dollars in debt and there is no way to pay it... Now, what is happening is—we don't even try to put our minds there. And I'm not telling you to put yours either. I'm not even trying to put mine, because it staggers the imagination. You can't even hold that to start to relate to it, but the thing is, it exists. So it gives you an idea. If you have about four families or ten families who are borrowing money among themselves, then after a while, this one is borrowing from this one, and borrowing from...

I have so many problems right here in the church. Sometimes this one wants to borrow money from this one. They come and say, "So-and-so borrowed my money." Alright. When you investigate them, this fellow

is owing about four people when they went to borrow from that one, and never told them that they were in four sets of debt. So the person who was lending thought they were in their first debt, only to realize they couldn't go back to the 'old companies' because of threats, insults, embarrassments, slander, or whatever. Now, after you do that to about three or four people, the situation gets very complex. Let me tell you, you want to stay away from that as far as ever. The Spirit says, "Owe no man," [Romans 13:8 -Ed.] from the pulpit. Do you understand what I mean? It could get complex.

Then put that in the world and put it into billions now. And from the time they say, "Okay, we have to reschedule your debts; we have to talk about different things. You have to do so and so; make certain changes here in the country. You have this drug trade going on. You have to get so-and-so out. You have to do this here. You have to bring in this. You have to allow us to come in, ever so often, here." Next thing, they start to take over the running of the country. The reins of power are no longer in your hands; it is in the hands of the debtors.

Like I showed you the other day, when you go to borrow something from the bank, they'll say, "Bring your mortgage here. Bring your deed for that land. Bring this for that here; we'll lend you this on that." After a while... Some of the time, they may lend you and they already know what is going to happen in the economy, and they know what is happening in your company because your company is on a higher level in bankruptcy with them too. So they know if you would be out of a job in the next two weeks. And they are dealing with you right there. They know your deal will fall through and they'll hold all your property right there. Do you understand what I am saying? When they start to gobble you up, the next thing, they are controlling you; they own you.

If that is going on with individuals, then it is going on like that with nations. But they are letting you run; you are having your elections, “Have your elections. Have so and so, and do this. Have your press here,” you know. They have everything, and they have you closely monitored because they have people who are specialists to monitor, observe you, and keep you streamlined just how they want everything else.

That is why, in the church here... I’m going to show you this, and I want to bring it in a way, personally, in your own home to show you. Something is going on in the world today called ‘restructuring’. It is two words that came up, especially in the communist world, one is called, ‘Glasnost’ which means, openness; freedom of speech – give the people more liberty to speak. Because they have a state press, one state voice and they control all the information that goes out to the people; they regulate the flow of information and they keep you ignorant or aware – whichever state they want to keep you in. How aware they want to keep you, they’ll keep you. Alright. But now openness; you can report on everything – a freedom of information. The next one [word -Ed.] is called, ‘Perestroika’ which means, restructuring – economic restructuring. And it is a great sweeping change taking place today. They say, “Calling for new thinking.”

Watch my text here. I’m going to show you it is something in the Bible. It says, [Joel 3 -Ed.]

*⁹ Proclaim ye this among the Gentiles;
Prepare war, wake up the mighty men, let
all the men of war draw near; let them come
up:*

*¹⁰ Beat your plowshares into swords, and
your pruninghooks into spears: let the weak
say, I am strong.*

Why was that taking place before they came to the valley of Jehoshaphat? Revelation 16 says, “I will gather them and bring them down here.” But Revelation 16

says, it is three unclean spirits coming out of the mouth of the Dragon, the false prophet and the Beast, that is deceiving the kings of the earth to gather them together for the battle of the great Day of God Almighty. It is a religious deception, forerunning a political uniting. Do you understand what I am saying? And when they begin to unite together, Revelation 17 says, these ten kings, who they gather for the battle, have one mind, and they'll give their strength and power to the Beast. Alright.

They gave it to her. And the Beast is going to use their strength and their power to make war against the King of kings and the Lord of lords. But before it develops to a place where they fully give support to the Beast, It says, "*Beat your plowshares into swords and your pruninghooks into spears.*" Now, 'plowshares' and 'pruninghooks' are symbols of industry. Plowshares are what you work in your fields with, and pruninghooks are used when you are reaping your crops. But swords and spears are symbols of the military. Now, to beat your plowshares into swords... In other words, take up your tools that you work your garden and plant your land with, which is the economy, the food for your nation, (see?) your industry; and change the shape of it into military. It is the stockpiling of arms – the arms race; armament. In other words, it is the stockpiling of weapons though it is sacrificing the economy for the military. It is that kind of policy.

Now, a blacksmith is one who takes the plowshare, which is steel, heats it up in the fire to get it red hot, takes a hammer and beats it, and beats it, and beats it, and changes the shape of it into a sword. It is the same piece of iron; just a different shape. When war was over, in Micah and Isaiah, it says, "Beat your sword back into a plowshare." Heat it over and beat it back into a new shape, because you are not going to fight war now; you are going to rebuild the economy. Now, that has been the policy of the communist countries, until today,

they are in such a bad economic situation, their people are in poverty. And it was said that through the viewing of the lifestyle of the western world, and seeing images of wealth that is so much beyond their own boundaries, brother, it began to stir up a dissension. They began to protest and revolt, and it caused internal problems because they felt that they were being imprisoned and suppressed while their country was studying stockpiling arms and arms and arms and arms, trying to keep up with the West.

Now, they realized that they had problems on their hands in that communist world; while they were trying to stockpile arms, there was one causing craft to prosper. Do you understand what I am saying? He was going to cause craft, all kinds of businesses, to prosper. And America who is the leader of the democracies of the world, industrialized democracies... Then what began to happen?

Do you notice that as soon as China did that, America began to call on all those other nations to freeze trade; close up the banks, loans and everything. Then, even Japan, who had a little ticklish problem, had to go and have special talks with America to find out how to deal with the situation. That is what is happening. It creates such a condition that the ones who are controlling the wealth of the world, the one who is controlling the trade and all these things, for them to come out of that situation, they have to bring their money into the world market. See? They have to bring their money into international financial organizations, and they have to come into trade with the rest of the world. And to do that, you find that it is those nations who are already controlling it, will have to open up for them to really come in.

The Bible says, "These five kings...": Russia leading the Eastern nations, and America leading the Western nations, which was Eisenhower and Kruschev – the Iron and the Clay... Alright. Way back there, when it was

identified, these two spirits are still there. Just like how John Kennedy [John F. Kennedy, the 35th President of The USA –Ed.] isn't there, but the spirit is still there, alright. And what is actually happening is, they have to give their support to the Roman system. And the Bible says, "Those ten kings will be in one mind." What is going to bring them into one mind?

Right now, they are talking about 'new thinking'. In other words, "Start to think like the West." Democracy, freedom of the press, restructuring the economy; open up now so other big companies in the US can come in and set up business and these things, boost the economy and create more jobs for the people. But there is one who is controlling the trade – the one who causes craft to prosper. And here, in the Book of Joel, it shows the situation that will develop.

Now, I'm going to pick it up on Sunday because the time is up already. But follow me with my Scripture here, so you could go home and you could study a little bit, and when we come on Sunday morning we could really look at it.

They were changing the shape—they began to change the shape because they ended up with only spears and swords, and no plowshares and no pruninghooks – the biggest army in the world, with the most missiles all over the world: air missiles, sea missiles, land missiles; conquered most territories in the world since World War II, and with the worst economy, almost like a Third World country. See. And it started there in Russia, where their leader came out and began to call for reforms. They began to use the very press to undermine the influence that Stalin [Joseph Stalin, a Soviet politician who ruled the Soviet Union from the mid-1920s until 1953 –Ed.] and all those fellows had. Sure. They began to show up all their evils. Brezhnev [Leonid Brezhnev: A Soviet politician who led the Soviet union as General Secretary 1964 to 1982 –Ed] became a clown, sure – all those great leaders who the West had feared while they were going on with this arms race.

As the Prophet said, "Only one percent were communist." The people were glad; they were being freed up now, they could eat this and eat that, they could travel, they could come out and different things. And it was winning the confidence of the West that they wanted to open up to bring them into the World Order that is being controlled by the Roman Catholics.

Now, we are going to Poland in July to have some meetings there, with the brothers from Russia, Czechoslovakia, and Romania. All those countries are coming there for the meetings. And a lot of those churches are underground. And it is on a holiday, this time of the year. And every year they have different brothers who go in.

I met this brother in... Maybe I can close with this little testimony here. I met the brother there, in Germany, when we were in Norway. You know how God moved for us to go to Norway at that time. Bro. John Chacon went up there and he had this tape, and he left with the brother, on *The Seventh Dove Came In Unto Us At Evening Time* [1986-1126 -Ed.]. And the brother had heard that tape and it so struck his heart that he called up one evening and asked if we were going to come to Norway. Then we went up to Norway and had the meetings. And God had this brother from Germany, who had travelled up into Norway and he was there in the meeting. And when he heard the Word, he arranged and flew us over to Germany, set up meetings in his church, and then took us into other parts of Germany for meetings also. While we were there, there was this brother from Poland. And this brother from Poland was able to come out and visit the brothers, because he came to meet them to get some help in spreading the Message into the communist countries in there, because it is all on one landmass. And while they went in there, this brother asked him if he was going to stay and meet us when we came there, because he had told

him, he was up in Norway, he heard the Word, and it would be very good for him to come and meet us.

We were there in West Germany and we met the brother, and we spent, maybe, about five or six days together, going around to different places. And he took back the messages that were preached in West Germany, because he said, there were some English speaking brothers in Poland and he was going to get them to translate the messages, and he would have liked for us to come there. Well, about two years passed and I never heard from them and never really kept any contact or so. Then, a couple months ago is when a letter came and the brother was saying, now the time was right, they had the meetings arranged, and the brothers would be coming; if we were going to come.

We ran into so many problems trying to get a flight confirmed to get out there. And what happened was that the brother from Germany called back, and look at what was happening. Now, all of the time, while those things were going on, I was preaching here in the Word about Nimrod and all these different things. I'm even going through my mind, I said, "But, Lord, some of these things, it seems, you know..." I know ninety percent of the people maybe don't even hear the world news, or even know or keep abreast with those things. And most of the preaching right now, is coming in those areas, bringing those things, showing exactly where those things fit. And here when the Bride is ready to go, and things that we may have in our minds as Scriptures to be fulfilled down the road, are already rapidly being fulfilled. And look where everything is – just sliding into place.

As I was showing you right there, with all this 'Perestroika' and 'Glasnost', and all kinds of different things with the restructuring of the economy, are exactly right here in the Scripture, just before they come to the valley of Jehoshaphat, which is Armageddon. And that deception is going on now. Because when I was

preaching on, *The Battle For The Mind*, [1989-0608 -Ed.] I took Revelation 16 and showed you the word that came out of the serpent's mouth that went into Eve's mind and deceived her, is the same thing that came out in this Hour deceiving them right now, again. Exactly. And I'm showing you here, on the other side of it, what is happening.

Well, when the brother called from Germany, he said, "Look, those brothers from Russia and different places would be coming for the meeting, and the brother wants to know definitely, if you all will be coming. Because if you all are not coming, we would have to try to make some other arrangements to get somebody else to come."

I told him by faith, I said, "Look, tell the brother we are coming," I said, "Right now, there is a little problem with the airline, but as soon as we could get the tickets confirmed I am going to send a telegram."

During that time, Poland had elections. They had elections in Poland, free elections for the first time, I think, since 1947 or some time. They had free elections in Poland. And it was something I've been watching in Poland, because you've heard me preach about Poland; a communist Pope from Poland, and other things before. As I always say, "Rome has on her Russian evening dress and her Russian perfume, because they are trying to woo Russia. They already have America." You have always heard me preach that.

So you see, as I said, it has things that I'm looking at and watching. And when that happened... Recently, both leaders from the Union and the Government went into the Vatican. Then the Pope went into Poland and chastised the communist government too, because he is the real power in Poland, because of the multitude of the people. And the multitude of the people were behind the labour Union. And the first thing, when they agreed with the elections, that they were calling for, was the legalization of the Roman Catholic church in Poland,

because it was a whole move – to move in and take over. And they were going to give this man a courtesy post, which was to make him President – the present leader of the communist government. Do you see? Because the people showed, openly, that they already decided that the government will not be a communist government at all. And that shook up the whole communist world because here, in Russia, it started – talking about reform; reshaping the economy. What was it doing? It was doing that because it was time for them to give their support to Rome. They were coming to give their support to Rome for economic stability, because it is the Beast that causes craft to prosper.

Also, when that happened... And I saw what was happening in the elections there. Then they had this... Maybe I can just read that for you. They had this thing where after the elections, in the next month, it says,

Chancellor Helmut Kohl, [that is from West Germany], will visit Warsaw late next month. President Bush who warmly applauded last week's elections is due to visit Poland next month. Bush had earlier outlined some of the economic steps he intended to take among them; eliminating tariffs on selected polish imports, stimulating private US investment in Poland, working with the Paris clubs and debt rescheduling and encouraging the international monetary fund to grant standby credits to Warsaw.

Let me tell you, he is going to pull them out of a hole. But America is in the most debts, but they are the voice for Rome. And that was the move Rome wanted to make to take Poland. That is what happened. Because the first thing they called for was the legalization of the Roman Catholic church. Now, watch.

Then in Russia, with their system with the economy... Now, every one of those places in those communist countries, their problem is their economy. In other words, there are no plowshares and no pruninghooks; there are only swords and spears. That is what the

Scriptures says, "Beat your pruninghooks into spears and beat your plowshares into swords because God is bringing you to the valley of Jehoshaphat." But who is deceiving them? The Dragon is deceiving them and gathering them, and they are coming in one mind, and they are giving their support to him. But their support to him is going to end up being what? Him, controlling the world's trade and commerce; that you can't buy or sell. So, do you see what is happening? It is the economy. It is all there, and it has been such a well orchestrated move. The timing has been perfect, and they are falling in step, in the rhythm as if they rehearsed it too. Let me tell you, they are falling into place as if they rehearsed it. That is what I was saying while I was preaching the other day, and maybe, some of you didn't understand what I was talking about when I said, "The chase is on and they began to smell blood. And it is an excitement, it is an atmosphere because the hunter begins to smell the game." Those hound dogs are on the trail, and brother, the tension, the pressure, they are actually cornering them now for the kill; taking them over.

We took right here, I think it was last Sunday, not this Sunday, the Sunday before, about how right in America, they've got them in the trap already: Senate, treasury, everything, (see?) schools; everything – they took it over. And here, in the midst of all that is happening, when these things were being revealed, I said, "But Lord, all of this is happening in Poland. And the country where it is happening, where it is the people's experience and daily lives, and in the communist block where it is going through the whole change, here, the Holy Spirit, just before going in there, opened up all the Scriptures and showed Light on those things." Because in those countries there are only two powers: the Roman Catholic church and the communist power. They don't have any of those small churches – it is nothing; it has no power inside of that. The Roman

Catholic church is there because of how many years they have been there. They were there long before the communists came into power. See? They've tried to muzzle them and control them. But, you see, it has come to the place now, where they have to come, not for military; they are coming for the economy. That is what they are coming for, and that is what Rome is controlling.

Right now, also, right there in Europe, by 1992 they are hoping to make it one state, and one currency – one bank. Do you know what is happening? It is coming to the place because that is going to eliminate all the control of trade by Japan and America, and the control of the money inside of there. That is why I am saying, the groundwork is being laid for the destruction of the present day money system. Because the old world is where the new world comes from, and the new world was formed because they fled Catholic persecution to go there. Do you understand what I am saying? And they are just reuniting them here now. Everything is coming right up.

You as a believer, let me tell you, we are waiting here with the Token in our hands, all prayed up and packed up. You might have some peanuts in your hand but it is time to throw your peanut away, you know. I said, "The flashing red lights of the sign of His Coming." And these things here are already moving into place. We'll pick it up a little more on Sunday because the time is gone.

They had to come and start to beat... They said that they had to start to beat back some swords. First it was armament; now it is deployment. Do you know what it is? It means: pull up a few swords and spears and beat them back into pruninghooks. And they began to take a lot of the big industries, where they were producing nuclear weapons, and started producing food – pasta, and different places. Sure. It is right there. And they quoted the very Scripture and said, "It has caused a very

quirky situation trying to beat back the spears into pruninghooks.”

A pruninghook is only a symbol that speaks of industry; the economy. And that is how the Squeeze is going to come on the Bride. You see, we talk about ‘Squeeze and Squeeze’ and the Third Pull, but I’m trying to show you, when those pressures start here, and these people are under debt here, to the IMF [International Monetary Fund –Ed.] and all of this, and they are owing money out there, then a certain work pattern—everything has to start to fall into it, it has to be structured and streamlined in a certain way. And that is where you, the workers, start to feel the pinch, because you think maybe it is something happening right there, but it is because it is moving in now, for a control – complete control.

He said, “Then, when the pressures start to come down on the little groups, to get them to go into the system, if they want to buy or sell (see?) they will have to become part of the World Council of Churches, otherwise, they will have to close down.” Brother, that is where—he said, “When the press comes down, you watch then.” [An Exposition Of The Seven Church Ages (Chapter 8 - Philadelphian Church Age) page 314 –Ed.]

I told you that many of you, when they start to bring on pressure, lay you off your jobs; it is getting worse and worse, you are seeing more and more what is happening; the kind of spirits that are loosed... Let me tell you, politicians, little politicians there, who are trying to get into politics or who may try to get into power for some personal motive or something, they have nothing. They are being swept aside, and parked up, and becoming history like everybody else.

It is two powers: one through the system and one in the Word – Moses and Ramses. And both are growing – the Holy Spirit in the Bride and the antichrist spirit in the system, and it is coming to a head. And brother, let me tell you, they know everything about us because

they have your file of your children in school, they have your file on your job; they know how much they are paying you, they know how long they've employed you, they know they can lay you off, they know what they can pressure you into, they know who's work they can make you do, and make you do three people's jobs for the same pay. They know everything about you; do you know about them? Do you see what I am saying?

They could close you out and lock you off like that, had it not been for the grace of God to stand there and keep you right there for a witness and a testimony. But because He doesn't want to leave you out there any longer, He will let them close you out, just like the system pushed Him out too, and He was on the outside and couldn't get back in. The same way He was rejected and smitten, He said, "You will be rejected and smitten too." So, it is nothing to be frustrated about. Let me tell you, when these things come in, it is to force us upward; it is to push us upward. When we see all these things happening and moving in, then the Day of Redemption is near. Be filled with the Spirit tonight. Get your lamps trimmed and clear.

That is why the Holy Spirit came in, way in there, and said, "Get your families together. The Hour is come; the Token must be on display. Get your homes together, get these things together; do these things," by a revelation. "Get the Token applied; get your children under the Holy Spirit." Sure. Because, what is coming... You know, if you still have the same old mentality, you are running to the pastor with your problems and you are running to the deacons with your problems. Do you think they don't have problems too? Everybody has the same set of problems. The Word that is coming to us is for us to be able to learn to fly – set our wings in the air current and He will take us higher. Because the Hour is going to be here—I mean, we are here to help you as much as we can help you right now, but the Hour is going to be here when you will be on your own, *until* the

unity of the Faith, *until* the knowledge of the Son of God, unto a Perfect Man – ‘*until*’. See? Then you stand there with your Lamb; your household under the Token. And God promised when it gets real dark and gloomy, there’ll be a Man. He said, “Fear not little sister; there’ll be a Man here, Who can turn on the Light.”

Brother, I believe that with all my heart. When I see these things happening, and I see how we are moving right into that place there, going in there, I know what it is going to be for our brothers and sisters up there. Let me tell you, when we met the brothers and them, they had six books alone in their language, in Poland. Six. We have hundreds. Six books alone they had, because they had to smuggle it out of Poland after they translated it, carry it to Holland... [Blank spot on the tape -Ed.] ...when they came to Germany that time, it was because the brothers were going to collect money from the brothers in Germany, the churches in Germany, to buy a diesel car for them so that they would be able to go through all the different communist countries spreading the Message and strengthening one another, because it was just a few of them inside of there. Because if you go into Europe and those places, the churches are small. Do you know why? Because the Life had passed through there already, and had gone to the West now. Do you see? In Luther and Wesley time, the churches used to be packed back there, but it is down in the West now. Yet those brothers are standing there, in the midst of the might of the communist power and the Catholic power, standing there with the Word, trying to do everything with six messages, (brother,) on fire for God. Amen. May God help us by the grace of God.

Pray for us. The time is coming closer when God is going to make a real move, because this is the time when nourishment is to be ministered to the Body. This is the time when... What we are talking about here, we are looking at it from a distance; they are in the midst of it. The things we are talking about, the changes and

the restructuring and the changes of their lives, they are in the midst of it. The suppression they knew for years, they now can stand up on the street corner and talk openly, and talk about the government, or politics or something. Before, there was a fear of being thrown in jail, to even walk around and talk about Christianity in a big way and these things. Sure. To see what the system has come too, but brother it just means, any day now.

Let us bow our heads and close our eyes.

I think the picture should be getting clearer and clearer to you. All these things are showing Light so you can see the Hour; you can see the time that we are living in. And may it cause you to lift up your head and look up. Maybe the musicians could play that for me softly: *“Nations Are Breaking, Israel’s Awakening, the signs that the prophets foretold”* [#667 - The Day Of Redemption - Songs That Live -Ed.]. We want to pray at this time. If there is one who wants to be remembered tonight: “Lord, remember me. I still have my home to get in order. Lord, I still have my life... Lord, I’ve seen tonight, so many things going on and where I need to be in this Hour, when I see the lateness of the Hour. I look at my own life; see where I need to be ripened under the Word, being formed into the Image of the Word, (amen) – taking full control.” We want to be able to stand.

We also have a request here for Sis. Joy Bynoe, who was hospitalized this evening, suffering with severe abdominal pains. We want to remember her also. If there is one, maybe who isn’t even a Christian and they’ve seen the Scriptures and the Hour, even the modern events that are making clear the vindicated prophecy, seeing all these things sliding in and what it is coming too, and they don’t want to play church, they know that something is missing in the systems of the world, the denominational systems, and there is a hunger in them for righteousness, and God in some way might have touched their hearts tonight, attracted their

attention, and they want to see more of this, look at It a little closer, draw closer to It and want to be remembered in prayer, why don't you lift your hand – if there is one. Amen.

Just let us have Him in our hearts at this time; think upon Him, as we pray and look unto Him, knowing that He is here. He promised. He so wants to do it – meet every need that we have. He wants to take us out of every situation that is so uncomplimentary to His Word and where we should be as Christians in this Hour. He so wants to help us; that we can take full control of every situation that stands before us and be a real Christian, living by faith, looking to the Unseen, marching onward Christian Soldiers having the victory in this Hour. Oh, that is what He desires for us. That is why He said in His Word, “Shine the Light. His Word is a lamp unto our feet and a Light unto our pathway.” May His Word illuminate your understanding tonight. The Bible says, “The entrance of His Word giveth Light.”

Oh gracious Father, tonight as we sit in Your presence here, looking to the Scriptures and seeing Lord, how these things are so real, right before our eyes in this present Hour. Lord, had it not been for Your grace, we wouldn't be able to look and see and recognize, even to see the development of these images showing the lateness of the Hour, showing how far advanced Your program is; showing that the Church cannot be here any longer. Everything is in place, Lord. Everything is deteriorating rapidly, daily, to give birth to another system. Lord, we see the effects of the changes coming in already. It is time for us to be changed in our bodies to leave. Oh God, it is a great Hour of change. So much change is taking place. How I pray Lord, that Your Holy Spirit would just deal with us. Take the shackles off our minds. Anoint our eyes with eyesalve, Lord; cause us to see. Let us not be shallow, but take us deeper: “Oh, deeper yet we pray, and higher every day,

and wiser blessed Lord, in thy precious Holy Word.” [#81
- Songs That Live –Ed.]

Oh God, let the Church of this Hour stand, Lord, anointed, commissioned, under the power of the Spirit; walking Lord, with a Divine Revelation, with a clear consciousness as we go forward to fulfill Your Will, to finish these works; say, “My meat is to do the Will of Him that sent me, and to finish His work.” Let that desire, let that passion burn within us, Lord. Lord, like the Prophet said, “Like Amos, coming there with a message burning in his heart, narrowed those eyes.” Oh God, he could have diagnosed the condition that the world had deteriorated and rotted into. He saw the pleasures, he saw the sins; he saw the symptoms of a nation that had rejected God. How we see the symptoms of a world that has passed Redemption. How we see the characteristics being identified of Hell being created. How we see Lord, the changes taking place; identifying to us that it is time for us to go. Oh God, may we begin to feel the power in those wings, Lord. May we feel the breeze of the Holy Spirit moving upon us, sweeping over us; lifting us up, Lord.

Gracious God, even these that lifted their hands tonight, as the Word shines forth upon them tonight, shining deep down into their hearts, and they, sitting there in their seats, with thoughts racing through their minds, pictures flashing before that sub-conscience, they see things that need to be rearranged in their lives. They see things that their attention needs to be focused upon. They see things that need immediate attention. Lord, some see where they have neglected. Some see a need for You. Some see the need to sacrifice and move up Lord, and be in harmony with Your Holy Spirit. Even some here tonight, Lord, that You would flash and show them Your Word unveiled. Take away the denominational veil that blinds people today from the revealed Word, the mighty God present among the people; they can look and see Lord, modern events being

made clear by the vindicated prophecy of a vindicated Prophet You have sent in this Hour to turn the heart of the children back to the Faith of the fathers – the Message of preparation so She can know how to prepare in this Hour for great translation Faith, to escape the snares of this world and not be caught unawares.

Thank You for the Pillar of Fire – the Light that has come to show us where we are going. May we ever keep close to You and follow in step under the Divine leadership of the Holy Spirit. Lord, lead us in our homes. Let there be a real restructuring in our homes. Let the inspiration of the revelation of Your Word come and give us wisdom Lord, so we can have real financial management; not find our homes in financial chaos, and not to find, Lord, spending in things that are only being consumed upon our lust – things we don't even need. Sometimes we are trying to live above the very standard of what You've provided for us, and not even being taught the lessons that You want to teach us, Lord. Sometimes we get ourselves into so much debt; just like some little Third World country, we become like a 'Third World Christian.' But Lord, through the wisdom and revelation, and the leadership of Your Holy Spirit, may, through the application of Your Word, we see our homes set in order, running by the Divine provision of the Holy Spirit – contented; seeing the power of God, Jehovah Jireh, moving on the scene.

Seeing, Lord, the atmosphere in the home, not full of tension and strife and these things like the world, but a sweet Spirit of peace and prayer; of joy and gladness. Seeing a proper government in the home – the father and the mother over the children in the household and the responsibilities, Lord. Seeing proper relations established with the neighbours. Oh God, we can go on and on, Father. Let us be the way You want us to be, Lord. Let us truly live by the Revelation and power of Your Word, in this Hour. We come humbling ourselves tonight unto You, asking Your great Holy Spirit to lead

us and guide us. Wipe out every smokey lampshade tonight. Refill us Lord, with more Oil. Let our wicks, Lord, be trimmed tonight. Let the lamp burn brightly by the Oil of the Holy Spirit and the fire of Your Word, giving Light for those that are around us to walk in. Oh, may we be filled with the Spirit Lord, our lamps trimmed and clear, looking up knowing our Redemption is near tonight.

As we leave this place to go to our homes, Father, go with us; watch over us. Take these things Lord, and help us to study it out. Show us, make it more real, and take us deeper into it; that we would not only be able to teach ourselves, but to teach others also, and save others from this wicked and untoward generation, and the wrath of God that is fixing to be poured out upon this world. Let us be real witnesses of You in this last Hour, Father. Let us stand holding a true testimony, giving every man a reason of the Hope that is inside of us. You said that it is going to be a quick, short Message that will shake this world; then Your Bride will go to meet You. Oh God, You just have Your way. Thank You tonight for all things. We commit everyone into Your hands, in Jesus' precious Name, amen. Amen.

Nations are breaking, [#667 - Songs That Live -Ed.]

CHORUS

*... your lamps trimmed and clear,
Oh, Look up tonight.
... your redemption...*

*Nations are breaking,
Oh, this one's going off the scenes.
Israel's awakening,
Oh, The signs that the prophets foretold;
The Gentile days are numbered, not many more days
to go.*

*...Gentile days are numbered, with horrors...
Oh, we read about it every day*

Eternity soon will unfold

Oh, if you believe it, lift your hands and sing it.

The Day of Redemption is near,

Oh, the end is come saints. Soon we will leave this world to go with the Lord.

Men's hearts are failing for fear,

Oh, but His Church tonight.

... be filled with the Spirit, saints.
