FALLEN MAN'S SEARCH FOR EXTRATERRESTRIAL LIFE

11th September, 2015

SEATTLE, USA

Bro. Vin A. Dayal

Excerpt:

Now the highest realm of thinking in the world, in the natural world, secular world, is those scientists looking out there trying to solve this equation, this mystery of life and civilization and different things, and with trillions of dollars they started. And they talk about alien contact and alien abduction, and people... You know, SETI – Search for Extra-Terrestrial Intelligence: “Is anybody out there? We are from Earth. We are a friendly civilization. If you get this message, we are trying to make contact with you. We would like you to respond.” What is it? Deep calling to deep. Man, something in man; they look around the Earth, they’re looking for life somewhere.

They watch the galaxy – “What is all of this? What goes out there? Heaven declares the glory of God but what is it? How did this come? And then this earth is so small in the midst of all of this and we have life here. Could it be?” They want to make contact. (Page 32)

FOREWORD

This is a sermon preached by Pastor Vin A. Dayal and is published through the freewill offerings of the members of the Third Exodus Assembly.

It is intended to edify the reader and make clear the Bride-Promises of God, which were revealed through the ministry of God's Prophet-Messenger, Bro William Marrion Branham, for the Elect in this Day. It is not meant to promote any special doctrine or person, save, the Lord Jesus Christ and His Divine Word.

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

FALLEN MAN'S SEARCH FOR EXTRATERRESTRIAL LIFE

BRO. VIN A. DAYAL

Praise His wonderful Name. I almost felt in my mind like I am waiting for an interpreter. [Bro Vin laughs -Ed.] I'm certainly happy to be here with you tonight, and I'm always thankful when God makes a way for me to pass this way. I just believe that part of my life for quite a few years has been up on this West Coast. I came up the first time in 1983; came up through Seattle and then went into Canada; that was February 1983 and then came back in April with a big busload of believers. And from that time all the way until 1999 and—so I believe a very special part of my life, my ministry, has been in these parts.

And then I think it was 2007, I was supposed to go to Australia; I was in Tucson, Arizona. I wasn't feeling healthy and strong enough after the meetings there. I just made a turn and came up this way and preached to the little group and I have been thinking that God Who planned our lives and orders our steps, divinely ordains these things. He just knows how to work His will out in our lives and bring us to the place to recognize that our life, our earthly journey is meant to glorify Him, to fulfill His Word.

And then coming back this time, I came back from Lithuania. I was tired, weary. I have been busy all year since from December, travelling maybe about five, six times or more already; and then going to Lithuania and coming back I said, "Well I think I may have to bypass this part of the trip." Didier and I had spoken about coming up some time, either September or October. I told him. I said, "Most likely it will be in September." But then when I came back, I was so tired I said to

myself, I don't want to call him and tell him. I said I would kind of wait and see how it is because you are waiting; you want to be led. You want to do things because not always when you are feeling strong is when you need to be in the service.

Jesus, tired, weary in the boat, sleeping; not really sleeping, the Prophet said. Knowing the oncoming storm was going to take place, and He was just taking His church through something to make known to them the value of He Who was in their midst; that they could wake Him up and watch Him master every circumstance.

And, you know, so I waited. I said, "Well let me see how this is going to turn out." And then I told Bro. Neil, I said, "I think I might bypass this part of the trip, you know and stay home and get some rest." And then I got up one morning really early and the Spirit was just moving and I thought, "Well I am going to do this." I just felt I could see myself here, to keep that word.

Today we sat there having some fellowship and the Spirit just went in such a Divine place; like if the clouds rolled back and we began to move into another Realm. And I began to think in my heart as I came back to the hotel and I went in my room. I said, "Lord, You were really pleased when I said in my heart that I want to keep my word."

I began to think of Lyle and Banks Woods on the boat. They just said the right thing. And Hattie in the house, she said the right thing. Sometimes you say something that pleases God. You do something – no big thing; simple but it's the little things that God looks at.

And when that happened, you know, I just desired that I could feel that relaxed here, tonight, like I was today in the house. I told him, I said, "You know, at present, where I am, I'm not really looking for the big preaching, but maybe to talk to you a little bit about this Supernatural World, this Realm that we have been raised up to live and walk in."

I think that was the last thing I preached on when I was here the last time – *Called To Live In The Realm Of Revelation And Vision* [2014-0705 -Ed.]. I like the song tonight, you know, *we gather around His table, our hearts*

were burning – it's Luke 24: the men on the road to Emmaus. This great Melchizedek Who came down in this Day at Evening Time with Bread and Wine for Abraham's Royal Seed; He who said, "If you open the door, I would come in and sup with you." Supper Time, Evening Time, when God is raising up a church from the dust to the stars; from terrestrial to celestial and glorified.

And to think that this open Book, this Word, as the Prophet said, "It's not a man we are feeding on. It's the unfailing Body-Word of the Son of Man." It's Christ Himself, the Tree of Life, the Bread of Life, this One Who has come down among us.

When we can visualize what entrance has opened up to us through the opening of the Word and with the opening of the Word an access was given where we could enter in there. And that Word has creative Power, whatsoever we have need of tonight. That now, healing to the Bride of Jesus Christ who has been called out and shown her position in the Word, and is walking with this revelation of a Spirit-quickened faith, quickened and raised up, She has faith for divine healing. She has evidence that She is going to have faith for this body to be changed.

As the Prophet said, "If the Church doesn't have faith for Divine healing;" and there are increases in things you need healing for: sometimes, maybe it is a little headache you have, it is a little toothache or something. It's kind of small, but it could start the faith growing, then you could kind of come up a little higher and then maybe you start to come in the realm of the bear and the lion – some life threatening disease; something the doctor says: "We can't do anything for you."

And inside of there that little faith that you start to walk in—as Bro. Branham said, he said, "The faith that is going to put you in the Rapture is the same kind of faith you get up in the morning and you press that light switch and the light goes on. You get in your car and you turn your key and the engine starts." He said, "You do that, but really that's the sub-conscience at work because you're not thinking what you're doing." There is

no mind battle there to say, "Would the light go on? How can I be certain that the building is connected to the transformer and there is electricity in the building that that switch is going to go on? How come this car is not going to stay here and can't move and maybe have a dead battery or something wrong with the engine? Why am I expecting to turn this and drive out of here?" And you don't think about it and you do it and it becomes ordinary and sometimes you fail to perceive in the simplicity there.

But when the circumstance comes now, your mind is so sensitized to that – Satan, what the doctor says, and what you're looking at, and how you feel in the body, then that begins to paralyze that which you would normally do. Like Paul, he just shook the viper in the fire and went picking up more sticks. And they stood there waiting for him to fall dead and realized the man couldn't fall dead because it was that simple, because he had the Word: "You must bear witness of Me in Rome." He hadn't reach there yet. He was told, "All these that sail with you in this ship, I have given to you." Fourteen days and fourteen nights they couldn't see a star or the sun or the moon. And God said, He said, "But the ship would be broken up and you will be cast on a certain island." So Luke said, "We came to the place where we thought there was no more hope." They went like into despair in the ship and then Paul stood there and said, "Be of good cheer. Be of good cheer."

When you have a man in the midst with the Word that can say, "Be of good cheer. The Angel of God Whose I am and Whom I serve spoke to me this night. The One Who said, 'Lo, I am with you always. I will never leave you, nor forsake you. I will be with you and in you; even to the end of the Age.'" This One Who goes with the Church living under the leadership of the great Jehovah, this Pillar of Fire, this Extraterrestrial Intelligence that came down to earth and condescended in this Day that the people failed to realize Who was here amongst us.

They say, "Yes, I see a light, but it's just a light." No, that is the very Light that came down in the form of a dove and began to coo in Genesis 1. When the Spirit of

God moved and began to speak all the way to the end of the Book; that is that One. The Book is really about Him, friends. He is the principal Theme of this entire Bible; this One that is with us here tonight.

What a feeling in our hearts when we could just draw a little close. Everything would just be alright no matter what the circumstance is; whatever storm in your life, could move back. Whatever thing that threatens you, your existence and wants to bring you to a premature grave; whatever thing that is trying to paralyze your faith and bring fear and uncertainty and indecisiveness; all these things – when you could just move out of the humanistic realm, the realm of the mind and the battleground there, and get into the place where, in your heart you know, greater is He that is in you than he that is in the world; this One, this Mighty God that we serve tonight. I want to encourage you to believe Him as we go to pray. Let's just bow our hearts in His Presence.

Gracious God, we are thankful tonight – thankful for Your Divine Presence, thankful for Your nearness, thankful Lord, for the privilege, the opportunity that You have given unto me to pass by this way, one more time. What a great thing, Lord, that You have done in our lives, Father, when way before the foundation of the world, You looked back there and You planned our lives.

Dear God, on earth You caused us to meet in this dimension of time, and there was an affinity Lord; something when we begin to cross paths with each other and life began to connect with life and faith began to connect with faith, and our spirit began to bear witness with the spirit of our brothers and sisters that we are the children of God.

And Lord, when this great Word thundered forth in these last days, Seven Voices to gather the Bride of Jesus Christ together from all the ends of the earth, dear God, that where the Carcass is, there will the eagles be gathered together. As the song said tonight, "*We are gathered around Your table,*" Father.

And Lord, we look to You, the One with the Bread and the Wine, this great One that came down from that Heavenly City to Abraham; Lord, God, who was putting

his life in jeopardy, going from Dan to Beersheba, from one end of the county to the other to deliver his lost fallen brethren, the battle before the communion, the time of the slaughter of the kings; spoiling principalities and powers one more time. Seeing his kinsmen, Lord, being rescued and coming back with his kinsmen and all their possessions; it was something, Father.

How You can in Your Divine Mind lay out these things in the Scripture that our lives would fulfill all these things in this Hour; in this evil day, when we see the world filled with darkness, and the sins of Sodom, and the evil is gaining momentum upon the face of the earth. But how You are drawing nearer to Your Elect, Lord; how every one of them is on Your Mind. We believe that even tonight; not just only You know the names of us who are gathered here, but You know the very hair on our heads; they are numbered. There's nothing about us that You don't know.

And You planned a time like this that we could be gathered together, coming into Your house, entering into Your courts with praise and Your gates with thanksgiving; coming Lord, and expressing our faith in worship, in song, worshipping You in Spirit and in Truth, and in anticipations of what You will do and how You will move, that this Dove will lead the eagles tonight, into a faith we have never known.

Oh God, may You do the exceedingly abundantly tonight. May You take into consideration every need in every heart where Your children, oh God, their faith being stimulated in their hearts, and they sense Your Presence and they come with an expectation. They know that You are a God that it is impossible for You to lie and they are persuaded that Your promises are yea and amen.

And so we ask tonight, Father, Lord, You will minister unto each one and You will give them what they have need off. May you drop the extra handfuls where they are needed tonight. And Lord, You know how dependent we are upon You – wanting to be so yielded, so submitted, so surrendered that we can move out of the way that the Holy Spirit could move in like it was today

around the table, oh God. That was a natural table, but here we are, Lord. How much more You can do it with Your believing children gathered around.

Bless this household, Father. Bless Your servant. Bless all the helps, everyone that is here all connected; they that couldn't be here tonight. Take into consideration everyone wherever they are. May the grace of the Almighty God, this all-sufficient grace, just move in our midst tonight. Let us see Jesus unveiled, the Mighty Conqueror unconquered by traditions; the same yesterday, and today, and forever! In speaking distance, in hearing distance.

Let the ever-present Water from the Rock flow out, dear God and bring a refreshing into every heart. Will You do it, Father? We pray and we ask it tonight with conviction, with faith knowing that You are faithful Who promise, and You know the motives and the objectives in our hearts.

Remember the words of Your Prophet, "When our motive could be right and our objective could be right and we can have faith, that You will give us those things that we are asking in prayer. Hallelujah! Like Job had that channel of communication; how he could move out and the Spirit of God move in, so dear God, move us out, Lord, and may this Angel of the Covenant move in and overshadow us. And let this great Divine Light be reflected from Your Throne into this congregation, into the hearts of your believing children. Let this Quickening Power quicken their hearts and minds to Your promise, to the things that You have spoken concerning them.

May You grant it, Father. In the Name of Jesus Christ, we give You thanks and praise as we wait upon You. May You get honor and glory and may everything be done according to Your Divine approval this evening. We thank You in advance for what You will do because we believe that we have received what we asked for; You said we shall have it. Amen and amen. Praise His wonderful Name.

Praise the Lord. I would like to invite your attention this evening to the Book of St. John chapter 1. So bear

with me if I go a little slowly. I'm trying to preach some things that I have been breaking into and I still yet need to get definitive with it. But it is something so glorious in my heart and mind and I just felt today, when I came up and was sleeping there; came in last night, late and travelled all day to get here. Then you know, the jet lag, I got up so early. It's just like something started; a transmission started. So things like these I would keep and preach at home; but because I am home here too, I feel that there are believers gathered around that have faith in this Solar System. Amen. Don't let my terminology confuse you but I am seeing something.

You know, in every solar system there is a sun and what makes a solar system: there are planets that revolve around that sun and that sun is a life giving power!

For the Age, we have had that, like in this great Solar System of the Bride around the world, but in this little Region in that System, you gather around a ministry and the Light is coming forth to quicken seed in the earth, [Bro Vin points to his body -Ed.] and there is a transforming power in every seed that is in that earth, (amen) and there is a great spiritual evolution coming up in the lives of the believers. And this great thing that is happening, you know, we need to be so aligned with God and to have this Light taking all the darkness, the ignorance, the misunderstanding out that we can—because light brings life, you know. Amen. Light brings life and God always begins His work with light. Amen.

So I want to read out of John 1 and I want to call it **“FALLEN MAN'S SEARCH FOR EXTRATERRESTRIAL LIFE”**. Fallen man is searching and they can't find anything, so they start to invent all kinds of things to give the impression that they're making contact with extraterrestrial life and that they are going to be able to work in a closer way with extraterrestrial civilizations and these things, and they have the people, because you see, man cannot admit his failure. And like the Prophet said, when he was on the death walk, he was bluffing his own self, (even believers do that too) and saying, “Bill, you aren't lost. You are too good a hunter. You aren't

lost.” But he was lost as lost can be, (see?) going to his death, you see.

And sometimes things are like that but then this grace of God comes down and I pray that this grace would just come down tonight and would just move our soul into... if you are spiritual—I believe you are spiritual astronauts. I believe you have a base here and I believe you are getting ready for migration. You are preparing for migration to an Extraterrestrial Civilization, a Parallel Universe. In this earthly journey you come to realize you come from another world. See? It's a different kind of species.

So, St. John 1, verse 1:

¹ In the beginning was the Word, and the Word was with God, and the Word was God.

² The same was in the beginning with God.

³ All things were made by him; and without him was not any thing made that was made.

⁴ In him was life; and the life was the light of men.

⁵ And the light shineth in darkness; and the darkness comprehended it not.

⁶ There was a man sent from God, whose name was John.

⁷ The same came for a witness, to bear witness of the Light, that all men through him might believe.

⁸ He was not that Light, but was sent to bear witness of that Light.

⁹ That was the true Light, which lighteth every man that cometh into the world.

¹⁰ He was in the world, and the world was made by him, and the world knew him not.

What a condition the world had gotten into, because there was a time when Adam would wait for Him. In the cool of the evening He would come down. From the very early beginnings, down through the Old Testament, He came down but the Age had come to such a place that

this One was in the world. They had religion everywhere – Sadducees, Pharisees, the Sanhedrin, the Essenes, the Stoics, the Greeks. They had all kinds of philosophies and everything else.

And He was in the world, this One, down from His glory had condescended and was right amongst them doing things and they could not perceive it. They couldn't recognize it. They didn't know how to relate to it. He was pointing it back in the Scripture showing them the time and the season and what these things were prophesied to be done; yet, the Presence was unrecognized.

¹¹ He came unto his own, and his own received him not.

May the Lord bless the reading of His Word. You may have your seat. God bless you this evening. Praise the Lord. It is such a great thing. I would like to continue to read a little bit again, just take my time, you know. I just want to make it like a little fellowship. These kinds of things I believe there are certain things you can get preaching and then there are certain things you have to talk with the believers, you know. You see the songs we were singing, they were walking and talking, you know. They were just walking and talking and then they stopped and He moved as though He was going to go on and they constrained Him, "Abide with us." And when they constrained Him to abide, here He comes in and He begins to sit with them and then when He broke the bread, their eyes became opened, and they realized here they were communicating with Him, unconsciously.

They thought it was a stranger and it was not a stranger and their minds were back in the past. They couldn't move away from what happened on Good Friday. They saw Him killed. They saw Him, dead. They saw the body taken down and washed and wrapped in linen and put in the tomb and all these things.

And here, Sunday, they are walking there but there was no consciousness that something had already happened. Resurrected saints were all over the place appearing. He had taken the keys of death and hell. He had come up. He had opened the prison doors and led

captivity captive. Great things that since from the very beginning, these all who died in faith, they had gone to sleep believing that He was coming, and then the Hour had come when Paradise was fixing to be emptied out. And their minds were just taken up in the present happenings – the Squeeze that was coming upon the nation, the rejection of this vindicated Word, the darkness that fell upon the religious systems that was anointing them to say, “Away with Him! Crucify Him! We have no king but Caesar!”

And now the church world and the Roman power were moving so much closer and the Church didn't have the perception. They had seen Elijah. They had seen John. They had seen the Son of Man revealed. They had seen Jesus. They were in the Message of the Hour. They followed Him and it unfolded down to that place. The mighty Angel had come down, broke the seal, and the objective was to raise that body into glorification in the Sunday – to quicken it and raise it up into glorification in the Sunday.

Sometimes it shows what a place we ought to be walking in. It was the Sunday. The Sabbath, the seventh day had ended and the new day had dawned. And at that time, the darkest time when you are separating light from darkness and a new day was coming on, Extraterrestrial Intelligence came down to unseal the Word. The fullness of the Word was sealed up and the coming of that Angel was coming with one specific purpose.

And with the unsealing of the Word, this Word-Body was going to be raised up into glorification. They had left that dimension; Paradise was there, appearing; there was shaking, great Earthquake was shaking the place. There was such a shaking on that Good Friday. And then Easter, there was another shaking again. It seems that nature was fixing to take a big tumble.

You know, sometimes we are in the Word and we're walking in the Word—You know back home we've been having these services after 40 years of the Ministry and these things. We thought the service was going to be a weekend. I thought it was just going to come and have

the weekend and now it's maybe thirty-something going on, forty services, almost. And we discovered so many things that God had done, that we stumbled over. Because many times while you are in it, just like those disciples, great things were happening on their behalf, great things were being done, but the human mind is influenced by what they are going through personally.

Peter had his problems. You know, John and they had their tempers to deal with, you know. Everybody, you know, who was trying to make a living; and Matthew had to leave his job, you know, and so many things were going on. Judas, you know, after a while started to get disillusioned. And you know, it began to drop down in the financial realm and he began now to try to get material gain and make some money off the world and these things, you know. And it seems like three and a half years had taken a toll upon them.

Everything was so Supernatural and all of this had happened, but there was no real personal life in the Word. The great rejoicing was around the Word Himself but yet they couldn't see themselves in the Word, and because of that, they couldn't really follow Him in the Word as they should.

So He is preaching, the Son of Man is going to go into Jerusalem and be delivered into the hands of sinful men. They're hearing these messages, but they think He is talking about something else and they're not giving attention to detail. And they were so taken up with the love for Him, when He began to speak like that, Peter said, "Don't talk like that! I am here, me, Peter. I will die for you. I would not let anything happen to you!" You could see the zeal and the enthusiasm to protect the Word.

Carnal man wants to defend the Word. You see this type of thing in the Message, you know; so much of it, believers, because they haven't walked far enough. They haven't gone close enough. Their thinking is not filtered enough. They haven't been raised up high enough so it is just more association: church services, mighty works, things being done. But for four thousand years, they had waited for that Promise: the woman shall receive a

Seed and the woman's Seed will bruise the Serpent's head.

And then here when the thing started, when Gabriel came down and overshadowed the virgin; and now the woman had received the Seed. And from the woman receiving the Seed, to the woman's Seed bruising the Serpent's head, it was going to take thirty-three years to live out this mystery. And from the virgin receiving the Seed and becoming with Child of the Holy Ghost, to Him bruising the Serpent's head on Calvary, He was going to live out the entire mystery; all thirty-nine books there, the Old Testament. "Lo, I come in the volume of the Book. It is written of Me." He took the Law and the Psalms and the Prophets and all Things, He said, "Search the Scriptures; they testify of Me."

And so they're there. Now that, what had happened there, is what really repeats again in this Day because the second Eve fell just like the first Eve. 2nd Corinthians 11: as the Serpent beguiled Eve, so do these. See? He said, "Repent and get back to your first Love from where you fell; and if you overcome you would eat of the Tree of Life." Just exactly what was in the Garden because the second Adam was put to sleep, the Bride was taken out. By Water, Blood and Spirit, she is born fresh from the hands of God, the continuation of the New Creation.

God had changed the world around them and they didn't realize it. The old Jewish system was going to be obliterated from the face of the earth. It was shadow. It was a substitute. It was given to help them understand the reality that Moses saw in Heaven to be represented on the earth. So Moses brought it in shadow on the earth: an economy, Judaism, an Aaronic order, a priest. One man was the priest, one man had the animal sacrifice; the tabernacle was one that was made with hands. They had the holy days and all these different things and all the system and all the order of these things; and the priest had the special clothes they wore for certain occasions. Then they had the songs that they sung for special things taking place.

And it all became so natural and humanistic and routine and ritual and they get so conformed into it, that

they failed to understand this thing was finished because all of that was gathered up into one Man. He was the Lamb, the Lamb of God. He was the true Tabernacle that God pitched. He was the Priest after the order of Melchizedek, King and Priest. He was Eagle, Lamb and Lion; Prophet Priest and King. Here He was standing there. He was robed with this immortality, with this immortal Life and this immortal Light. And He walked amongst them, veiled behind human skin and they couldn't understand that they were in a time of transition.

God had sent the spirit of Elijah, a prophet-messenger, to forerun the first Coming. "Behold, I send My messenger before thy face. What went ye out to see – a prophet? I say more than a prophet." He's a prophet-messenger there with the spirit of Elijah. He was going to turn them from the substitute to the substance, from the shadow to the substance, from the shadow and type to the reality. He was going to bring the change. And when he pointed to them, "Behold, the Lamb of God That takest away the sins of the world," they didn't catch; not *cover* their sins, *take away*.

They failed to understand This was the Seed. This was the Messiah, the Christ. *In the beginning was the Word, and the Word was with God, and the Word was God.* [St. John 1:1 -Ed.] And the Word was made flesh – He tabernacled Himself and He came down, this great Elohim Who had changed to Melchizedek. As Elohim He thought everything. The Word was forever settled right there. He never had a new thought after that about anything.

As Melchizedek, He began to speak His thoughts, express His thoughts. He was moving towards flesh because the Lamb was slain before the foundation of the world. There is nothing shown in the Bible before the foundation of the world, other than the Lamb slain and the names written in the Book. And that there is in the Mind, when He was the self-existing One. You see?

His whole plan – He saw Himself in flesh but He's slowly unfolding this because this is necessary. This is not supposed to be a fast thing. This is on earth where

His attributes, His eternal attributes whose names are in that Book, redeemable attributes of God, are going to come portion, by portion, by portion, in their designated time, in their designated season – the Word predestinated to a Word allotted for the Hour, a portion of Word and they are going to come with the potentials to operate this Word. And that Word is a written Mystery, sealed up, that It could only be opened when that life who it is speaking of—That is a record of Eternal Life; when that Eternal Life comes on the earth, they would be led by the Spirit to quicken that Word and bring It to life in the course of their journey. And every one of them in the course of their journey receives Extraterrestrial Intelligence.

In our Family, from the very beginning, we have Extraterrestrial Contact: communication, visitation, relationship with Extraterrestrial Civilizations. Adam used to receive One from another World. He used to come down.

Abraham had One come down from a City, King of Righteousness and King of Peace, without beginning of days or ending of life and begins to talk to Abraham; and begins to give him bread, begins to give him wine, and begins to open the mystery that was in the back part of His Mind when He was the self-existing One. And He is coming down; He is coming down.

He comes down to Moses. Moses had an encounter on Mount Sinai. From birth it says, “By faith, Amram and Jochebed not fearing the wrath of the king, they took the child, three-months-old and they put him in the ark and put him out in the Nile because they couldn’t hide him anymore.” But they understood. They did that with faith. That was their faith – by faith! It was an act of revelation; something happened. The Pillar of Fire hung over the crib and this father and mother standing there, saw that Light come through the window and hung over that crib, and Amram told Jochebed, “Did you see what I saw?”

She said, “I did not only see it; I felt it.”

He said, “Do you think this is God’s witness and confirmation that *this* is the one we are praying for, the

deliverer; that God told Abraham in the fourth generation after that time is run out—And these prayer meetings we've been having all over, in every community, as this oppression is coming harder and the task-masters are making it difficult for the elected people who have a Promise and are under expectation that they would go out in an exodus – so do you think this is it?”

They began to recognize the Word in infancy. They didn't even see him put the hand in the bosom and pull it out and it turned into leprosy. They didn't see him throw the rod. They didn't see him speak for flies and flies came. They didn't see him create and bring food for them. They didn't see these things. Yet they had enough experience [to know –Ed.] “It's the time. It's the season.”

They are a family... Joseph's prophecy, “The Lord will surely visit you and bring you out.” And so Joseph said, “And when you're going, take my bones with you.” And they knew when they went into that time and this new Pharaoh rose up – You know *Third Exodus*; [1963-0630 a.m. –Ed.] you know the message, right? And laws begin to pass and things begin to move, all of this is the Word moving.

And so while they were there, they watched all this and they knew something was happening, “We have entered into a new place when that constellation came together; when this witness came on the earth and that mountain was waiting for Moses.” Moses had a constellation. Moses had a mountain and Moses had a witness at birth because God was making a pattern for the second Exodus and the Third Exodus; and God was laying it there.

So God is seeing the substance and He must make the pattern correct. And so, He designs a man's life to live out this mystery, to teach the believers who will be living in the Day of the reality when the prophesied Promises are coming to pass, how to examine it; to know what to look for, how to identify it, to know the time, to know the season, to know how it would come. Because why? There would be a record in the Word to go back to and see if the two dovetail.

So that's why God, in writing the Word, didn't just write anything. It's specific things that are being put there because all Scripture is being given by inspiration. It's for doctrine. It's for teaching. It's for instruction that the man of God would be thoroughly furnished unto all good works. It's being put there. It's a Divine Word that could only be opened by the Holy Spirit. And that's why Jesus gave the Promise: the Spirit of Truth is going to come to lead us and guide us into the Truth.

And when things begin to happen we are already trained to the Word to know: Take it back to the Word. Take it back to the Word and see if it fits in the Word and brings the Word to light. It must go back in the Word, it must fit in the Word and it must bring the Word to light, and it must be the continuation of the same Scripture. And when we see this, we can realize, "Look how God is doing this."

Just let me read. I'm moving on a little bit so I can keep your thoughts connected as well.

Matthew 1. So watch. We are looking there at John speaking of the Word, the condescension of God, because John 1:14 says, "And the Word was made flesh and dwelt among us." But John was taking us back before the beginning, he said, "In the beginning was the Word." But the Prophet said, "But before a Word was a thought." So it shows He had thoughts first. *In the beginning was the Word* but before the beginning, the Eternal Spirit, He had thoughts.

So here now, in Matthew, it brings us from way before the beginning. The Word was made flesh, but now it is going to open a little bit of the mystery of how the Word became flesh. See? How the Word became flesh, because when It is coming, It is coming according to a prophecy, a Divine Promise. The first prophecy given after the fall was: And the woman shall have a Seed and the woman's Seed shall bruise the Serpent's head – Virgo. And that mystery begins to unfold of the virgin. And he's going to go all the way to Leo the lion. And so, here is Jesus now, He is—that Word is being made flesh and we have the record of it here.

Verse 18, Matthew 1:

Now the birth of Jesus Christ was on this wise: When as his mother Mary was espoused to Joseph, before they came together, she was found with child of the Holy Ghost.

What is Child of the Holy Ghost? This is Life not coming from human contact. This is Extraterrestrial Life. This is Life from another World, coming here into the stream of human beings.

¹⁹ Then Joseph her husband, being a just man, and not willing to make her a publick example, was minded to put her away privily.

²⁰ But while he thought on these things,

Thinking about how to put her away, "I have to do it right. I don't want her to be stoned. I don't want her to be exposed. I love her. She hurt me. She put a big dent in my pride. She humiliated me, you know. What are my children going to say?" Because he had children from his first wife; Jesus had foster brothers and sisters.

And so, here now is a situation like this and he decides, "Well, I am not going to seek any revenge. I am mad. I am vex." You know, "How could she do this to me?" You know, "And I put so much of trust in her. Maybe it wasn't the will of God. I get her with those big, starry eyes and that smile." And you know, "This young girl and the family," you know, different things, "now I am heartbroken."

And he was having his own problems but yet inside of there, he wants to manifest some dignity. "You know, I am a man of God. I don't want any..." In Trinidad we use the word *bacchanal*. [Bro. Vin laughs -Ed.] That's a French Creole word or something, you know. He said, "But we don't want to create any scandal. We don't want to have—so I am just going to do this expeditiously. And you know, God give me the grace and the strength; I am going to do this." And while he thought on these things...

²⁰ ... behold, the angel of the Lord appeared unto him in a dream,

What a place of the sub-conscience. Once it says *dream*, that means the first conscience was locked off; it's the sub-conscience. The Angel of God coming to the attribute because that sub-conscience is in the soul. That soul is the attribute. That is the real you and it comes from Over There; you come from Him. And this now is advance communication system. On Earth there isn't that kind of system.

Today you can send a text message when you are communicating. You can send a video-graphic. You could send a music file. You could send pictures. You could do a lot of things. You could send a live piece of video file. You could use communication because science has broken the seals on the Tree of knowledge and brought out these wonders.

And so, man now, in this science civilization, you know, they use these things, but they use it without consciousness. It's just a device in their hand and mentally, they get themselves kind of astute to using it and so on; but they don't understand the kind of seals that had to be broken on that Tree for scientists to unlock a way to raise man up. Because what is it? The soul of man is calling for communion. See? From communion, you get communication. Communion is fellowship. Two people can start to fellowship now and start to talk and chat, and you know, they have this and you know, they're sending pictures and they're communicating.

Things – You used to have to travel to go by somebody: jump in your car, go and see auntie there. Take a day off from work and go up there and carry the pictures and show her, her grandchildren, and you know, "Here is your grandson [that was] born and different things." Now they can stay right at home and just e-mail that straight there. And they don't have to travel because they can send these photos in another way.

And communication has evolved to a place where scientists who are unlocking this way—that didn't exist but they visualized the thing before it happened. And then they got a hold of the key to open up that way and then bring a people to live and operate in this level of

awareness and consciousness. And they empower them by putting these technological wonders into their hands, a device that they could do so many things. It puts so much power into their hands. See?

So you could imagine, here when the Angel came, He is sending a vision but He doesn't need a camera. They're streaming this service tonight. They're doing different things. They're recording that. This is going on here via camera and then digitally, it is sent out in different places and so on. You know, and then people in different places could sit where they are and see it. And who is driving their car can put their phone on the dashboard there and they're driving. They can't be here but they want to be connected to the service and they are going there and these things. It's happening.

Well this Civilization was so high that some Things were being transmitted; information to bring settled peace, to cast out doubts, to bring stability, to give faith and anchor his soul; but it is coming through dreams. You see, dreams is a powerful tool. You see? And all these video files didn't come off of dream. You see, you watch that if you're conscious like this here, but that is something that took place. Let us say, it is something that happened in another place and you're not there in that locality. That happened on another day in the past, two weeks ago, but now it is forwarded to you. It comes to the future and you are watching it right here and you are in a world here.

Now when you see a dream – you see, the Church should be so sensitized. The Church thinks of that as: "What is a dream? That is nothing." A dream is nothing? If a dream is nothing and a dream is so far more powerful than e-mail, video conference, FaceTime. A dream is more powerful than that! Because the camera captures audio and video, seeing and hearing, image and voice. All learning come by seeing and hearing. You take in knowledge through your eye-gate and your ear-gate and it is stored in your sub-consciousness, in your memory. And you have a certain amount of gigs [gigabytes –Ed.] up here [Bro Vin points to his

head -Ed.] to process that data and analyze it. Do you understand?

So God designed us to receive dreams, visions, revelations. Through prayer, we send out things because when we go on the Other Side through meditation – Think on these things, as a man thinketh in his heart, so is he. “Meditate in the Word, Joshua, day and night. Don’t turn to the right or to the left, I will prosper you; I will give you good success.” Success in what? Possessing your inheritance, living in your inheritance, taking down the strongholds of the enemy, putting the feet on the neck of all the enemies against whom you fight. Meditation – powerful! Let the words of our mouth and the meditation of our hearts be acceptable in Thy sight.

The Angel says, “Your thoughts speak louder in Heaven than your words on earth.” It starts to awaken the eagle to another World, to another Realm, to another Civilization, to another kind of Communication. Then speaking – powerful. Think.

We have a church there and about eight little groups in the Caribbean. I got It off a tape recorder, big Wollensak, German-made tape recorder, so I wrote out the quotes by hand. We’re not seeing Bro. Branham, we’re not hearing him, we’re not hearing anything live; just audio. And those words, Spoken Word, coming from that mouthpiece of God: a man aligned to Extraterrestrial Intelligence, a man receiving all of this from another Civilization, another Universe. And he is a secure channel and the Things being transmitted to him, nobody can hack into that system. He is walking linked to Omnipotence and Omniscience. He is walking in a place, a world of perfect faith. Specially designed revelations opened up to him about his life in the Bible from Genesis all the way to Revelation to bring clarity on his mission and purpose in life.

He was dropped down into earth. Charles had a sperm and Ella had an egg; it produced a body. They couldn’t produce a soul, only a body. Charles had the sperm and Ella had the egg. They come together in holy wedlock; conception took place in Ella’s womb. That was

the building site for a terrestrial body, that the one who is coming from the Eternal thoughts of God – special design, special make up and everything, God allots a time to be born and a time to die. God put the sign of the birth and put the sign of the death and God put the life's journey in the seven mountain ranges and everything. And God put all the shadows and types and this is intelligence from another Civilization.

When God begins to decrypt these encrypted mysteries and shine light on it, he begins to know as he was known; and the more he begins to know, is the more he begins to come into a place of perfect faith until he was in a world – he was no longer in the eggshell seeing through a little crack and wondering, “What kind of a world is beyond this?” He is no longer in the nest realizing there is a bigger and better world than inside the eggshell; but now he is flying. He was flying. He flew into Durban, South Africa. He flew across into Bombay, India. He flew down into Mexico. He flew up into Finland and these places. And wherever that eagle was flying the Power of God was being manifested because this man was in contact with Extraterrestrial Intelligence.

You see the Message church—a lot of church people today have the Message. And the Message is: church and, “Bro. Branham says, and Bro. Branham says, and you know he says.” And we use this to tie people, hold people, suppress people, you know, to show we're saying what the Prophet is saying; all these kinds of different church gimmicks.

There are religious men that come from the organizational realm, where there are all the different forms of life: animal life, botany life, bird life, everything. You see? And the Pentecostals come over here with their tongues into the Message – a Beast, more subtle, a link between animal life and human life... God's life; a spirit coming after Adam's bride.

And here today, so many are mesmerized and they get into routine and ritual of church services. They get into a form of a church-type environment, where you don't have to learn the Spirit of God, you don't have to be

taught the ways of God. People are trying to operate the works of God, He says, "But they do err not knowing My ways." To know His ways is to know His Nature, to know His plan; to know the mystery why He is doing it that way. What is He trying to achieve why He is doing this, why He is doing this? He says, "And I swore in My wrath that these exodus people who came out and drank water from the rock and ate manna that fell from Heaven, and got healed under the Brass Serpent under the great healings that were going forth, will not enter in. They will never know about placing and position and warfare and taking your inheritance. They will never come into those kinds of places."

Are you following me so far? I want to stay in a way to talk to you a little bit because it's some very Divine Things coming out there, you know. You see it's grace coming down because of your faith, because of your respects, because you are trained to the Word, you see.

But watch... So that dream – the Bible said He appeared in a dream, the Angel of God – communication on another level, no camera or anything, beyond hologram. And through video and audio in the sub-consciousness the problem was being fixed; God, fixing us while we sleep. Sometimes, you don't understand.

I used to remember, you know, like sometimes, you know travelling for people whose ministry is like ours, are travelling back and forth from many different places. What happens is, after a while all your files kind of get mixed up, you know. "I know this person's face. Where are they from? Were you from there?"

"No, no, no."

"Oh yes, I'm mixing you up with somebody from another country, another place."

Because you see, all of this data and all of this traffic in the mind, you really have to have secretaries to file that and to get it properly organized. Because when you are having your own trials and your own testings too and you are going through different things, you know, sometimes something jumps over here and something comes over here and then sometimes now, you are making connections. "Hey, that experience in that

country when I was preaching that message, I saw the Spirit do a certain thing. And then I was preaching that same message over in another place; it was different." And then now, civilizations change.

You go to North America or Europe, this is high civilization. You get down into the jungles of Africa among the pygmies or up among the Eskimos there in the Igloos and these things; it's a different kind of civilization.

You see – Let me drop this in right here. You see the universe, the whole universe, fallen man is searching for extraterrestrial life. Because tomorrow I want to show you, they are searching and they can't find anything and they will not find anything because they don't have the right conception of what they are looking for, so they don't know the nature of what they are looking for, so they don't know where to look and how to look. When you're looking for anything you have to know.

I'm just in my foundational reading here to really get going. But I'm trying to show you that when this was coming all the world, the known world there of where the Jews were, they were looking for this Messiah. And when this prophet-messenger, this forerunner of the first Coming—just like we had a prophet-messenger with the spirit of Elijah fore-running the second Coming, when that comes that grips the attention of the world. That news travel fast.

So it's the same way, like with John, that news started and then all these church people were looking and observing. They were watching for this ministry to rise. "Messiah will come one day. When the Messiah comes, we will be delivered; when the Messiah comes, He will bruise the Serpent's head; when the Messiah comes, He will be a prophet like unto Moses. What great things He will do. When the Messiah comes, His Name is Wonderful Counsellor, the Prince of Peace. I tell you, lives will be changed when the Messiah comes." So this was the hope. They were looking for this with expectations.

So when John came on the scene now, they hadn't a ministry like that for years. And the Bible tells you—the

history says he went in after Zacharias and Elisabeth died; he went into the wilderness at nine years. And the Scripture now says, "And he stayed there until the day of his shewing"; Luke 1:70 [1:80 -Ed.] until the day of his shewing. In other words, God had him hidden away like God had the Prophet hidden away in Jeffersonville. He had him hidden away in New Albany and those places, but knowing the Hour was going to come one day, He'll light the lamp and put it on the lampstand to give light to the whole world; he'll stand there.

And so while he was hidden away, it was just a few people getting some benefits but God was already foreseeing that there was going to be twenty-five thousand that was going to benefit and thirty thousand in one prayer, one altar call. That kind of benefit was going to come. While here, he goes down by the car to a family, he goes down over here in Milltown with Bro. Hall, he goes over here; just ones and twos were getting something there, you know, because it's hidden away until the day of his showing. But to bring the day of his showing the Angel of God was going to meet him in the back.

Like when the Angel met him, He said, "You will know Him by the sign of a dove coming down on him." That isn't written anywhere in the Bible, but he was getting something personal; a secure channel. He was getting some insight into this, because he doesn't know who he is either. He himself doesn't know who he is but he knows, "My ministry, in the days of my ministry on the earth..." And as John had to be on the earth when Jesus came, because his ministry was to introduce Him, so this Seventh Angel will be on the earth at the time of this Coming of Revelation 10:1 when He comes down with those Thunders, with that open Book; this Seventh Angel will be on the earth at that time. Because his ministry is to wind up the New Testament through Seven Church Ages and introduce the Messiah, as John wound up the Old Testament and introduced the Messiah. And John brought an end to the day of shadow and brought them to the substance. They had to turn the corner and he brought birth pains on the Church to recognize. And

when he identified Him only an elected group could see and grasp what was taking place.

So all these things that are moving... God in this universe, when God made the Earth—the Earth is a mystery of God. The Earth is designed with the intent to reveal the Invisible World. The things that are not seen were made to be understood by the things that are seen. And every form of life and every habitat that was given to them is like a life form in a civilization on the planet.

Now think of what I'm saying. Because He made the fish for the water; He made the animals for the earth; He made the birds for the air. Each one of them has their domain. He designed that fish with a body to live in water. And He made all species. Fish migrates. He put birds in the air and there are birds that migrate too. There are animals and certain ones that migrate too like in the great Serengeti, [a national park in Northern Tanzania - Ed.] the migration of the animals and all these things.

Now all of this, everything, every realm—because Adam was given what? Dominion over the sea and over the earth, and the beasts of the field, and over the fowls of the air. And the Spirit is marking out the life form and the environment, because Earth was the headquarters of the whole universe. Everything that man is trying to find out in the universe is really on Earth. And the mystery to search to come in contact with extraterrestrial life, which there is Extraterrestrial Life, a Parallel Universe; there is a place when you leave here where you go. Heaven is a real place. It's a civilization. There are all forms of life there: it has prophet life, it has evangelist life, it has singing life, it has all the different species that was on earth. Death doesn't change your nature, only your dwelling place. See?

So this world that we're looking at, I want to show you that churches on the earth, countries—you go in Botswana, in the jungles of Africa you meet the Pygmies. These fellows are short. They have bow and arrow. You go out in the Amazon, in the Tropical Rain-forest you meet people inside of there, some of them never even saw civilization. They live in a world there. They could run up a tree that you can't even imagine a man could do

that. They could tell every sound of every bird and everything that moves and they know what time of the day everything is going on. That is a world they live in! They know the creatures that are inside the earth, in the hole, when they come out and what they feed on and what kind of tree they go to. And they could walk in there and see every track and know who was here, which kind of beast was just here. It's a world.

Then you come into a civilized world where a man is driving a big BMW, you know. He's driving here, a three-piece suit, you know, special designer clothing and you know, going up in a restaurant, in a revolving restaurant, in a penthouse maybe about sixty floors up and that kind of thing. It's all kinds of species. Then you have the Mafia. It's a another kind of world and culture and civilizations, all kinds of spirits; it's all there.

Now each one has its life form. When you get into the religious realm, you have from Hinduism. You have people in that form of life – life forms in that system, religious system, that galaxy. Bro. Branham said, "I went in that galaxy." He left Jeffersonville and got in a jet and flew into another world he had never seen. He only read and saw one or two pictures, but his path in life's journey as a spiritual astronaut was to get into the most ancient civilizations. When he got out there, he saw man, he said, writing with their eyes on a beam of steel. Read it in the message. He said they were walking on hot coals, on a bed of nails laying down and levitating and these things. When you see those kinds of things.

Then he goes into Africa with the witch doctors; they could cast spells. He goes into Europe; those men have a science in that civilization there. They're casting spells and cutting feathers and calling three holy names and bringing a storm to blow away a tent that could hold maybe fifty thousand people. Ten thousand ran to the altar when those spirits were defeated because of one with Extraterrestrial Life from Above. There is a form of extraterrestrial life from beneath and when they meet on that battleground there...

Yet people are looking and not understanding because their eyes are not trained; civilization has their

minds focused out. So they're seeing, "Oh, a church meeting. Oh yes, yes, this evangelist, he's from America. An American evangelist is preaching here tonight." You know, and they're there. "I'm going to the meeting. I heard this man prays for the sick and he knows things about the people's hearts. I want to go and see this." But they're not understanding it's a world. It's powers at work.

You hear the Prophet say many times—he says, "There are evil angels and good angels in this room right now and it's a great war." He said, "You believers pray." You see? He said, "If you only know what is happening." He said, "There is a black streak. That demon is calling upon this demon for help here so he can stay in this body. He doesn't want to be cast out." And then he is working now and that Extraterrestrial Intelligence is opening up that Realm to him; opening up the database on the people who is standing before him, their lives, and bringing it up, the past things that are recorded in God's great Library. And God puts that film on rewind and he's seeing this woman, "Yes, you have had five operations. Yes, so and so and so... And that doctor, a heavysset doctor, a German doctor, yes, he cut you bad and... Are those things true?"

She says, "Yes."

He says, "That was not me saying that. I have to play back the tape; that's why we have this recording. But whatever That said was the truth."

Because he knows this One Who came to him is from a far advanced Civilization. You too. You too. [Bro Vin points to the congregation -Ed.]

You see, it's the same Message you know, but sometimes certain things have to turn to the right angle and then you see it and it comes alive and you realize this is not church we're talking about. A Bride, spiritual astronauts are given prevailing Power, Divine revelation and a certain surge of the Holy Ghost for those eagles to set their wings and go pass the clapping of the hands, pass the joy of the saints, pass the rhythm of the music into the Supernatural Realms and begin to bring down these Secrets of God to get a church. The operation of

moving a Bride from flesh to Word and then to change dimensions, this is going to require contact, communication, visitation and relationship with Extraterrestrial Intelligence.

This is what science is looking for. They have the big Hubble telescope. They have Kepler telescope and they have it out there going around the solar system and the other one is going into edge of space looking to other galaxies. And they are looking there and they're trying to analyze all this data and you know, they're sending out the unmanned space vehicles, you know, out there—'Mariner' and 'Curiosity'. They go on Mars and they're taking the pictures; they're bringing back samples of the soil and men in the laboratory are checking every rock, piece by piece. They break it down to square inch to find some microcosmic life that existed somewhere in a germ, because they have such powerful microscopes and they understand certain life forms; how you can't even see it. You can't see a germ of life, a sperm that comes from the father and goes into the mother, and you have to look at that under a powerful microscope that is amplified so many times. And then now, they're looking inside of there and seeing the design of God and that DNA inside of there. And then they sequence that human DNA and then they begin to go back in the ancestry and see the heredity of that person.

You could imagine when you come to the gene of God and you see that Divine heredity, that Divine ancestry; to see all that is in God, all that came down through and manifested the Word, that you, the attribute in the fullness in this Hour – all that God was He poured in Christ; all that Christ was He poured in the Church and this is the Hour for the full manifestation, the complete victory to conquer death and all these things. And God is moving a people up into this kind of Realm. See?

And when we look in there and we begin to watch this life, how this is happening... Church service handicaps us in a really bad way. Church service has the form and routine to make it a ritual, and then that ritual becomes a chain upon us and we get enslaved and tied to the system. That is like how they do the experiment on the

animals. You know, they lock up the dog and then now they're coming with the red plate with the chow. So when that dog comes, he gets it. Every time that door opens and the man comes with the chow, after three, four days he sees that red plate, he can't tell whether it's cyanide [poison -Ed.] or whatever it is, you know. To him, he gets by routine to expect when that door opens, that man comes, has this red thing in his hand, and they get them conformed to these things.

But you see, the sons and daughters of God have to be led by the Spirit. And so, we have to at some stage in our journey look in the Book of Acts and see how church was there because that is a pattern. See? And the Hour we're living in, when this routine and ritual break down, some of us who conform to that, we will be so out of it because we do not know what to do, because we normally drink our coffee, put it in the cup there; that drink for the road. We're going to stop there and pick up some donuts at the place. We're going to come down to church. [Bro. Vin laughs -Ed.] We're going to come in there; we're going to take our seats; we're going to sing here and we're going to do this here. And when that is taken away from you you'll be like, "What should I do? I can't gather. I'm not seeing the song leader. I'm not seeing the minister being introduced. I'm not seeing this going on."

We have to be walking in a place. And Bro. Branham said, "Do you notice all these great things He does is when I'm alone out in the woods and different places, not in church?" You see, he had to operate in a system there to bring the Word and so on. But the thing is, we have to grow to the place to know some of these things were temporal things. We have to find the way that is more effective. We have to find the way that the believers can get quality and get the best when they're in the right atmosphere.

And sometimes, God says, "Go to Sportsman's Hollow. I'll talk to you there." God told Jeremiah go down by the potter's shop. You can't be in the same location all the time for God to talk, because sometimes God wants to talk in different places where certain things are

happening there. Like when He went by the market He said, "Now watch here." And by the temple, He said, "Watch these two men praying." He said, "Listen to the prayers." He said, "Don't pray like this one; pray like the other one." He said, "Who do you think went down more justified?" Then He watched them giving. He said, "Who do you think gave more – this widow with her two mites and this man put his big offering?"

He was passing them in places to observe things, to see things, to teach them things, because those places, those things could be—He had them in the mountain. He had them in the boat. He had them by the seaside. He had them in the country. Do you understand what I'm saying? And this is why when ducks, a church finds its place and a church understands how God deals with them, the church moves in that channel because they're conscious on the Other Side they are gathered together. They're not just attending church and system and church system. The Word and all where we're going, that is fixed; that is opened to us. Paul said: Identify... This one is ordained to take you through. This one has a Word to prepare you for migration to an Extraterrestrial Civilization, a Parallel Universe.

So the Holy Ghost... We were talking about the science there which is science off the Tree of Life. See? Watch how when men bring theirs off the Tree of Knowledge they have to give you a device in your hand. But when God is appearing to you from the Tree of Life it's something right into your heart, because you and Him are linked together. You're walking in these three dimensions, but you're linked together with God. Enoch walked with God before the translation.

Walking with God – seeing Him when you're out on your job, seeing Him when you're shopping in the grocery, seeing Him when you're making your cake, seeing Him when you're washing your clothes and getting rid of the stains, and you have your tub of bleach, and seeing God everywhere; when you mixing your meal and your oil together and you put it into the fire; seeing Him in all these things in a reality because God designed our lives to communicate certain Truths to us, because

certain activity puts our mind into a certain atmosphere where reception could be clear without static.

Have you ever seen sometimes, the reception isn't coming through because it has a lot of static and the picture is fuzzy and you can't make out what is going on? And then you get the antenna adjusted correctly and then the picture is clear, and then you understand the transmission. You see this is an Hour of Divine communication... of Divine communication.

Oh, I'll never finish. [Bro. Vin laughs -Ed.] This is the problem with me. When you start to talk about this here, you know, it's just... I'm going to close. I'll leave it up to your Pastor, whatever he wants to do. I can't even read the Scripture yet.

I want to show you fallen man searching for extraterrestrial life and how redeemed man has found the Secret of Extraterrestrial Life. Because why? We know where to look, we know how to look, and we know the characteristics of Extraterrestrial Life. God is identified by His own characteristics. You see? The Prophet taught us... You see he taught us so many things, but it's the application. See, everything has an application to it: how are you going to use this, where are you going to use this Truth; why is this particular Truth given to you, what circumstance, when you get confronted, you know which key to use, which part of the Word you have to go to, to deal with this circumstance? You see? It is not just taking in knowledge; the Power is in the application.

Sometimes, somebody gives you a recipe for a cake and that is maybe a twenty-five fruit cake. So that is twenty-five different fruits or whatever it is. And that is a certain cake and you make it a certain size and you bake that a certain way. Then somebody now can take every bit of that measurement like a cake, and on top it looks like a cake recipe but under it is a recipe for a nuclear suitcase bomb. When it says two pounds of this, that means uranium. When it says and so many drops of this, that means some special chemical. Do you understand?

Just like music. Music is a language. You write music and it has seven notes. And then you have this; you're looking at a mysterious language of music. And a man walking around with a big violin case and you say, "Let me see that. Are you a musician?"

"Yes."

"Play something."

On top he takes it and he plays something but under there, every note is tied to a number. And how do they call the word? Algorithm? Is that the word they use? Okay. So when you take this now in military application, that is a bomb. That is the secret to make a bomb encrypted and on top it looks like a cake.

That is why the book of Ruth and Esther and Daniel and all these things, on top it looks a certain way but embedded in there are Hidden Secrets. The Book of Exodus looks like a story and a history of Moses but when you open and decrypt those mysteries that is something present tense happening here now.

Now you see, that's a different kind of thinking. And this is where from the eyes we've come to the Intelligence, we've come to the Intelligence; we've come back to the Thoughts of God. And this is the Secret – *This*, in the back part of God's Mind is deposited into your heart. But it comes...you take in things and don't even know what you take in. But the One Who puts it in you and the One Who planned your life, when that time comes now, He brings back this to remembrance but now He's teaching it to you on another level in your own life.

You take it in and thought it was a story. You know, and Ruth, you know, she comes here, and Naomi and you say, "I love that story. You know, that story touches my heart, because you know, that kind of daughter-in-law, mother-in-law thing, you know." And you kind of say, "Well, I have a good mother-in-law and I am glad for my mother-in-law." And you know, but inside of there is something more than daughter-in-law and mother-in-law, you know. [Bro. Vin laughs -Ed.]

You know, it's something more than somebody in poverty, you know and then comes and lands this 'big

fish'; marry this rich man, this big, land owner. And somebody with a little love story and a little sentimental, you know, kind of romance anointing upon them, they are kind of glad, you know. They get excited with something like that, you know.

But beneath that, you start to go through certain experiences and the Spirit starts to teach you further on the Truth. Did you catch that? He starts to teach you further on that same Truth and now it's application into your life. You say, "Yes, Ruth had to humble herself here in this season. But she had to anoint herself and wash herself and dress herself; and she had to take instructions here, because this is going to bring the transition and the change from beggar to wife, to joint heirs. And this is the season God is moving you now to a higher realm of existence where you're going to come into Power. You could start to write the cheque: "Speak, Queen Esther even to half the kingdom." Not the bondmaid down there, you know. So when it comes with application in your life, it goes out into another Realm.

To follow me is a hard thing, you know. You have to have a certain—Bro. Eddie used to always say that. He used to always try to get the people—he said, "To follow this brother..." You see, sometimes, I have my own language I talk. It's a pictorial language, but in everything I am in the Scripture every step of the way, you know. I'm in the Scripture and I'm bringing out this with application. Because that same Angel is the One That hung over the Prophet, It is the same One That is with the Bride; That's the Holy Ghost.

He said, "The Holy Ghost has come down in the form of the Angel of God." The Angel of God is nothing different to the Holy Ghost, because that's the Holy Ghost. The Holy Ghost is not just some breeze, you know. He said, "There is the Holy Ghost standing in the corner; the Angel of God." Do you understand? Because this is the One Who opened the Scriptures. This is the One with the open Book in His hand. It's God we're dealing with. He is the Creator. This Angel Moses met said, "I AM. Go tell them I AM that I AM, the Eternal," an Angel in a bush was telling him. Then Paul said, "The

Angel of God whose I am and Whom I serve.” [Acts 27: 23 – Ed.] See?

You see this is the Age we've come down in the unveiling of this Extraterrestrial Life, this Extraterrestrial Intelligence. This One, we know how to approach Him. He wants to make contact. Oh God! I'm feeling so... My! I can really take up what the Pastor said, you know, about the watch, you know, because you see the thing is I want to show you man – it's always God searching. It's Extraterrestrial Life searching for man; not man searching for Extraterrestrial Life. It's there I'm going. It's there I'm going to try to show you, you see? And show you how we're walking; you see we're walking in a realm.

Now the highest realm of thinking in the world, in the natural world, secular world, is those scientists looking out there trying to solve this equation, this mystery of life and civilization and different things, and with trillions of dollars they started. And they talk about alien contact and alien abduction, and people... You know, SETI – Search for Extra-Terrestrial Intelligence: “Is anybody out there? We are from Earth. We are a friendly civilization. If you get this message, we are trying to make contact with you. We would like you to respond.” What is it? Deep calling to deep. Man, something in man; they look around the Earth, they're looking for life somewhere.

They watch the galaxy – “What is all of this? What goes out there? Heaven declares the glory of God but what is it? How did this come? And then this earth is so small in the midst of all of this and we have life here. Could it be?” They want to make contact.

I'll read my Scripture and finish. So the Holy Ghost appeared; the Angel of God. Matthew 1, verse 20.

²⁰ But while he thought on these things, behold, the angel of the LORD appeared unto him in a dream, saying, Joseph, thou son of David, fear not to take unto thee Mary thy wife: for that which is conceived in her is of the Holy Ghost.

He is conscious, “I saw an Extraterrestrial Being. I never met this Man before, but it seems like He knows

me and it's like I know Him. But it's like I don't know Him from here; [Bro Vin points to his head -Ed.] I know Him from inside. [Bro Vin points to his heart - Ed.] Something... Could this be the great Jehovah God?" "What did He look like?" Mary said, "What did He look like?" when he went and told Mary, "Mary, the Angel of God appeared to me."

She said, "What did He look like?"

He said, "Two hundred pounds of olive skin complexion; a big man."

She said, "That is the same One that came to me. That is One that overshadowed me."

He is linking them together. He is moving around fixing things. He is fixing things. He is moving among the Elect. He is dissolving his doubts. He was the closest thing to her and she was the closest thing to him, yet he could not see the Word being fulfilled. The emotions had his mind in a mess so he can't see Isaiah 7:14, can't see Isaiah 9:6, can't see Genesis 3:15 coming to pass, can't realize election, calling, predestination—can't see it!

He was in an emotional tantrum. He thought his relationship fell apart and he thought, "Well, look where I ended up now." He was kicking himself. He was vex, he was going through all these problems in the mind. And when this happened, "Quickly, he took her and married her to be a shield," the Prophet said, "to her."

And as that baby started to grow, the laws started to pass, and then she was great with child. And the Roman power brought down—they had everybody...a census, worldwide census on everybody. They could track everybody. They wanted everybody to go to his birth place. They wanted to know where everybody was. They had all the different things, that Roman power. And here the Elect of God, God was moving them into more prophecy. From that one prophecy, they went into another prophecy to Bethlehem, "Out of thee shall come..."

And while they were doing that, there were men under Supernatural guidance travelling, coming – a two-year journey. By the time they reached there, He would be

two years old. And these men were watching the stars in the heavens. They weren't on Earth, you know. They were out there in the galaxy, in the universe, and they were catching mysteries from those stars that something on Earth was about to happen – just like now... just like now... just like now.

That is why we want not just contact; we want communication. We don't just want contact and communication; we want visitation. We don't just want contact, communication and visitation; we want to stay under this influence. We want to stay linked. We want every move that we make, we're under the Supernatural guidance where we are directed.

And the Angel said,

21 And she shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.

22 Now all...

Now this is a key Scripture right here.

22 Now all this was done...

All this—the Angel came and visited Mary; she had that. She went up in the Hill Country and what Elisabeth said, the Holy Ghost fell; what happened to Zacharias, his tongue got loosed; all these things. And then comes down here and now the child is growing, and now she and Joseph are moving into the place; all this was being done. This was a chain of events over a nine-month period. All this was being done – all those Scriptures coming in, and the Angel of God moving them and working amongst them. See?

22 Now all this was done, that it might be fulfilled which was spoken of the Lord by the prophet,

And the Lord spoke by His Prophet (Revelation 10:7, Malachi 4:5) many things concerning this Bride. This is the Secret—as Christ was in Mary, the Word is in the Bride. So He was linking us to watch here in the Scripture. And then Revelation 12, and when she was travailing in birth and pained to be delivered, the tale of the red dragon was pulling down the stars from Heaven and casting them down. The tale—not that he has a long

tail; the tale he told, sweeping and moving stars out of their place. And then he was going forth to devour the Man child. That was his intention, just like in the Scripture.

All of that is coming back and it is happening and the process is unfolding, because the Roman power is there, the kind of evil, Herod is there. See? And Caesar Augustus, the Roman power, setting out their laws over the people on the earth; it's there. The Angel of God working among the elected believers is there. The Scripture is our road map and the Angel is our Guide. And He's guiding us through the secret passages of the Word under Divine leadership, bringing us into the place where these prophesied promises could be fulfilled; interpreted in our lives. Just like the Angel did it in the one-man Scripture, now the Angel is doing it in the many-membered Body. The same Spirit that was with the Prophet now it's, "And the Spirit and the Bride...", the Second Fold of the same thing.

I know you all are astronauts. I know you all are eagles. I don't think anybody's plane is bumping around here, tonight. And you know, you fasten your seat belt, you know, and we can't serve any hot drinks right now because we are in a turbulence, you know. I know you all are flying above all those problems. You are flying above all those mind battles. Amen. That was the Pentecostal Age back there. Amen. Brother, I tell you!

²⁴ Then Joseph being raised from sleep did as the angel of the Lord bidden him, and took unto him his wife:

²⁵ And knew her not till she had brought forth her firstborn son: and he called his name JESUS.

Like the Angel revealed. See?

Matthew 2:1-

¹ Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold, there came wise men from the east to Jerusalem,

² Saying, Where is he that is born King of the Jews?

Now these men were coming from Babylon. They were coming from the East... coming West – westward leading, still proceeding, guiding us to that Perfect Light. They were coming and they were under Supernatural guidance. And these men, what were they doing? They were searching for life. Now let me close on this point here.

In Matthew 2, verse 2, it says, “Where is He that is born King of the Jews?” This is the first question in the New Testament, in the first Book. The first question in the Old Testament is Genesis 3 – God searching for man: “Adam, where art thou?” This is man searching for God: “Where is He born King of the Jews?” Man searching for Extraterrestrial Life.

They knew this Life. This Extraterrestrial One had come down on Earth for redemption. They knew He had become flesh. You say, “How could you say that?” Because they came with gold, frankincense and myrrh. And this Supernatural guidance brought them to the Word made flesh and then they began to get transmission from that Extraterrestrial Intelligence saying, “Don’t go back to Herod.” It was the same One Who was giving transmission here because they had a receiving set.

Do you know what Bro. Branham said about the Seventh Seal? “Don’t try to interpret this.” He said, “He will make it known to you when you have reason to see it. He will send it to you.” Like how they send a message; a radio sends out a signal. Well, how do they contact extraterrestrial intelligence? They send out radio signals.

Then they use—travel through Unmanned Space Vehicles. And then sometimes, they go up there also in the shuttle, the spaceship. Then also they use these things to take photographs: the Hubble Telescope and Kepler Telescope, and they’re taking all these photographs. So all of these things, they’re trying, the Hubble telescope and Kepler telescope together didn’t take anything like George A. Lacey took right in Houston, Texas. [Bro. Vin laughs –Ed.] He found the Extraterrestrial Intelligence there, the Creator of the universe, the Logos,

the Pillar of Fire—*Who Is This Melchizedek?* He found this One that created the world, the galaxies, the universe. What a place!

So we see fallen man on planet Earth. These men studying the universe, studying the mysterious heavens, which declare the glory of God. It was uttering speech to them. It was showing knowledge to them and they began to recognize, look at the birth path and they had a key to find what to bring to worship this One. They started to understand. They started to break into the Mystery of Who He is and why He is coming down. Oh my! They knew that this was His Eternal purpose and plan of redemption; His Eternal Power and Godhead. Paul said, "The things that are not seen were made to be understood by the things that are seen, even His Eternal Power and Godhead."

And here they were searching now for this Extraterrestrial Life because the gifts they brought, they had to find the right thing; but watch what happened. Some politics got in and they went off course. Some human understanding, they dropped down in the humanistic realm and they took their eyes off of that Divine Leader, that Supernatural Guide that was guiding them to their destination. And when they took their eyes off, they ended up with Herod. They ended up with killers of the Word; and they were being seduced by killers of the Word. Watch.

These men were astrobiologists. Do you know what astrobiology is? I can't go into it right now. It will take me—I'll punish you because I see some of you are really tired. You all had a hard day. I know how Friday is, the whole week's load comes down on you. Tomorrow you will be good. Maybe we will have a little fellowship tomorrow, sit down and talk somewhere or whatever; but I do not know what the plan is. But I just have this inside of me; it wants to come out. [Bro Vin laughs -Ed.] You see?

But this One had come down from another Civilization. Down from His glory...what condensation...born in a manger, to His own a stranger. He was in the world, this Extraterrestrial One,

Extraterrestrial Civilization and Extraterrestrial Life, Extraterrestrial Power; He was walking on the water. He's speaking to the storm. He's touching the leper. He's just speaking a Word and the dead in corruption is coming back out. They can't understand, "What is this? What kind of thing is this? What kind of laws of physics is this? A man walking on water? How do winds and waves obey a man? What kind of Word is this being spoken?" It wasn't just inspired teaching. It was the creative Power of God through the Spoken Word also. See? It was something.

They understood that this Extraterrestrial One had come down to make contact. He Who had been making contact had come down to visit and He put on a robe of flesh. As Bro. Branham said in *Unveiling Of God*, to be understood by the cobbler, to go by the farmer to sit here, because He's so mysterious up there as Elohim and Melchizedek. He can't come down in that form because they wouldn't understand Him. The Civilization is too high for carnal man so He decided to come down. He came down in flesh like a man with dust on His clothes sitting down with sinners, eating and drinking with them; and the Pharisees and they were getting trouble and said, "How could this man be God? Seraphims will have their wings over their face in God's Presence! Look at Him. That can't be God there." They couldn't understand God's great Mystery of love expressed, God coming down. See? What a thing, friends! What a thing!

They knew He had come down for Redemption. He come on planet Earth. When He left that Civilization, He left all Jupiter, Mars, Venus, Pluto, out in the Pleiades, out on Orion. He left all those places out there and He came down to Earth, and He came right down to a little piece of strip of land called Palestine and He came down inside of there.

He came down through a little village girl, you know, with a carpenter husband, you know, and He's coming down there and He's growing up and He's watching things through the eyes of a child and He's coming up; and He knows the time is going to come He will have to

go into His ministry, because He knows the mystery of Daniel Seventy Weeks. He knows how much is fulfilled. He knows when is the time to be baptized to make it three and a half years. When He was twenty-nine and a half years here He comes. See? He knows everything is in time.

Then John had to be in prison, and when John went in prison then He moved and He went over into Naphtali, land of the Gentiles, (Galilee is land of Zebulun) to fulfill Isaiah's prophecy. And there out of darkness the light began to shine. And now that is Genesis 1 all over again. Here is the Son coming forth. Here is the Word and the Power of God coming forth; the Kingdom of God is at hand. See? And it was moving. Something was moving, but behind what looked ordinary like a village man and these things, it was the greatest Mystery of God, to see it.

And that's the thing with the Message church-world today. They don't know what they're looking for. They don't know how to recognize it; they don't know what.... They're moving into the Pentecostal circle: a convention with this, and this with that, and a special speaker here, and this here; and they're trying now to find their way and there is no road-map. There is no Supernatural Guide. There is no interpretation of the Mystery. The Word is not personalized in their lives. They don't know the channel of communication. They're not linked; it is all mental, humanistic.

Nice men, great men, but they have reached the place where they had to break into something else. They're in one place so long; tired tramping on that mountain. He said, "I have to get down and see an opening of Jordan to bring you into a New Land, a New Day where you come to live in the Holy Ghost, (see?) where the Captain comes down and the Intelligence takes the headship over His Church: 'I am come as the Captain' where circumcision goes forth in a church, and the diet is changed with circumcision and they went on the mature grain and they come into the meat that belongeth to them that are of full age."

And the church that is moving in the journey can see these junctions. The church can understand in their

midst what has been happening amongst them. It is imperative! Do not let these things pass through you. Do not miss these things. Break into the place to understand the Message of the Hour is something beyond what people have in their minds.

The first set of people to be alive and changed into immortality and come into glorification on the Earth, is going to be us; not even going to the grave. We have to understand these things lay in the Message. It must be opened and then an entrance ministered to come in to live and walk in union; invisible union, uniting time and sign, the Head and the body linked together. They must understand these things. Praise His wonderful Name.

In Genesis 3, as I said, it was God searching for fallen man on planet Earth. Now man is searching for extraterrestrial life on planet Earth. They look, and these scientists, all these great learned men looking out in the universe. For the last fifty years or more, more than that; they said after 1947 all these things started because you know why? Extraterrestrial Intelligence had come down to a prophet and started to open Scripture and show him his life and teach him the Bible another way. He started to decode things and show him his life in the Book, and started to go with him in the meeting to bring back the ministry of Jesus Christ, the reincarnated ministry of Jesus Christ on the Earth. And every move was fulfilling that mountain range, where it's going to come where time runs out on that last mountain before we go into the Other Country and Eternity sets in. Desert after that; there are no more peaks. What will the Church be like in this Hour, friends! What will the Church be like in this Hour! See?

It's not man searching for God; it's God searching for man. It wasn't Adam searching for God. It was God searching for Adam. It wasn't the eagle in the barnyard searching for Papa Eagle. It was Papa Eagle flying; Quickening Power moving across the Earth searching for him. This is what is happening; moving down, letting out those Seven Screams and begin to lead him to discover he was built to possess a law to fly.

He had the law to fly and never knew. He had no teaching how to operate in it. That is why he couldn't get in the right diet, because the voice he's under has him in a manure pile eating worms and cockroaches. You should be to glad you are sitting under the full Seven Seals Mysteries of God opened up in this Hour. Praise His wonderful Name.

Let's just bow our hearts for prayer and call the Pastor.

Father God, we are thankful tonight for this little talk in Your Presence, Lord desiring that You would draw near and how You are so near, Father. Lord, it's because of seeing the time has run out and the people are tired and dear God, they have had a long week working, laboring for their families and come in tonight. I just pray, Father that Your Holy Spirit will write these things in their hearts that even while they drive on the road, they lay in their beds, they get up in the morning, they begin to meditate on these things, thinking on these things Father, breaking into another Realm right here Lord, into a channel, their souls being stirred into a Divine channel where the transmission comes from the Holy Spirit: celestial Light from a celestial World shining into their souls; oh God, moving them into realms of faith, making them sensitive and raising their level of awareness that they could see and understand the moving, the goings of the Spirit in this Hour; how You are going ahead of Your people, how You are leading, how You are working Lord and so linked up with You Lord, walking in that Realm, in that world of perfect faith in a perfect God Who made a perfect promise in His perfect Word. May You grant it, tonight.

May the sweet Holy Spirit, the Angel of God, this One that we look to, this One Who has led us into a faith we've never known, Lord, I pray that You will make these things so simple, so personalized Father, that they will look at their own lives in a deeper way. They would look at the working of the hand of the Almighty God Who ordered their steps, Who planned their lives, Who predestinated their experiences, Who marked out their lives in junctions! And as a church, how You have led

them Father, how You are bringing them, oh God, that they could be sensitive to these Divine workings of the Spirit of God and not stumble over the simplicity of it, but Lord having the token to examine it and recognize how the wise could miss it by a million miles.

But Lord, when the tender hand of God – like Your Prophet in that vision in Finland was about to walk away after he preached about the vision, made the people write it in their Bibles, testified about it, under expectation for it, and now he was in the place; he was in the land. The scene was there and Lord, his heart was so emotional when he saw the little boy had died and the next one rushed to the hospital. And being a father with a young boy back in his homeland, it grieved him to see that happened, Father. But as he goes to walk away, he felt something touch him. It must have been the hand of the Lord—Somebody touched me, oh God!

He turned around and he saw those lapping mountain ranges and that Quickening Power quickened his mind back to the vision. He recognized he was in the midst of it. It was happening, a present tense happening! Oh God, he straightened up. His soul was so aligned. The surge of the current of the Spirit exploded in his soul. It was a situation under control. He said, “If this boy doesn’t rise in two minutes, run me out of Finland. I’m a false prophet.” He was so certain of God because he had seen the vision. He was under expectation for the fulfillment but now, he was in the unfolding of the vision in the present tense.

God, this is what it has been for us Father, Lord under this Seventh Seal vision in this Second Fold and where we are walking Father – Your Bride, when the Spirit of God, the Dove has come down, the Angel of God directing our paths. You said, “Acknowledge You in all our ways You will direct our paths.” We trust in the Lord with all our hearts and lean not to our own understanding; but in all our ways we acknowledge You. Oh God, may You grant it tonight. May You grant it, Father.

Give each one his portion tonight, I pray. Draw that soul closer to You Lord, Lord God where this Word is,

Lord, moving and stirring their hearts Lord, to see the kind of walk You are calling us into to walk in the realm of revelation and vision, to walk in this close union, this sweet communion with You, Jesus. May You grant it, Father. May You grant it tonight, I pray. Seal up these things in the hearts of Your children, bring them back to remembrance and teach further on these things for the glory of God we pray, in the Name of Jesus Christ we ask it, tonight. Amen and amen.

God bless you, as Bro. Didier comes. Oh my, I just wish I could have gone on a little more but too much – when you're eating, you eat too much sometimes. It is good to eat and digest and eat again. Amen. You know a brother like Bro. Raymond they put a whole seven course, you know. When you see things to eat so, you don't want to get away from that table. It's like the power of all that food there pulls you to the table and glues you to your seat, you know. Somebody has to come and help lift you off and take you off. Amen.

Come, my brother. Praise His wonderful Name.

I just love the Lord, tonight. I just wanted to talk to you a little bit and share some of these things and just creaming off the top. As I was said, some things that I'm looking there; just the same message, same revelation we preached down through these years. But now it's more in season when the whole world is desiring and craving contact, and communication, and visitation. And when you see that is happening in the natural realm, you know what is happening in the Supernatural Realm.

Praise God. Amen. Thank You, Jesus! Praise God
