

Third Exodus Assembly

The
Realisation
Of This
Insane Age
Pt. 2

Pastor Vinworth A. Dayal
9th January 2005

The Realization of This Insane Age Pt. 2 **Sunday 9th January 2005.**

*Then we who remain,
Shall be changed in a twinkling of an eye.*

Now let's us try this verse

*Right now we are groaning,
The whole creation is moaning,
Waiting on our Lord
To claim what He has restored,
Can we confess it?
We are His purchased possession,
By His Blood of Redemption,
We are a new creation,
Through His divine revelation.*

*The trumpet shall sound, (Oh my)
And the dead shall rise,
And our Lord will be waiting in the skies,
Then we who remain, shall be changed
In the twinkling of an eye.*

Praise His wonderful name. We certainly would like to greet all that is gathered in his presence today, in the precious wonderful Name of our Lord Jesus Christ. Such a blessed privilege to come and to worship God in these closing days of time, amen. Aren't you thankful for truth? Aren't you thankful to know that the promised light has come? That even though the hour is so dark, the Bible said "rise and shine thy light is come." It shall be light at evening time friends. And what a beautiful thing it is to have light in darkness. Amen! You can never over emphasize the value of what that is.

When we see the world in its condition, we see the formal church and their condition. We see the Bride and her condition. Amen. We see what God is doing. He sent a Message for

preparation. There are a people who had been enlightened, that they know that the hour has come. The Rapture is on. The Bride is being gathered. Is that why you're here? God is gathering his people. Amen. Blessed be his wonderful name.

Was that a promise in the Bible? 'The Lord himself shall descend from heaven with a shout.' It's a uniting time. Can you see nations uniting? Can you see churches uniting? Can you see in the political realm, in the religious realm, even businesses uniting? Amen, but while all that uniting is taking place, there is another uniting. Amen! The Bride is united with the Bridegroom. The Bible said, 'let us be glad and rejoice for the marriage of the Lamb is come.'

That is the greatest uniting, God and man is uniting again friends. How many know he prayed, "Father they may be one as I and you are one." Did Jesus pray that? Amen! Here it is happening in this hour. Blessed be his wonderful name. That's a great thing cause when there is union, there is life. Amen! Even this little couple here, that stands here, one time they were as a young man, a young woman in the Assembly, sitting down there, came and was married, they came into union, then there is life, and now they come for dedication. Blessed be his wonderful name. That's a wonderful thing.

Brother and Sister Hugh Morales come to dedicate their little baby boy, Malachi Joseph. Amen! Malachi my messenger, Joseph he shall increase. God increases friends, amen. From faith to virtue to knowledge, temperance and patience, godliness all these things coming right up, bringing you in the very image of Jesus Christ. God's increasing, amen. He shall increase. Amen. God is not in the subtraction business. God is in the addition business. That is what Joseph means. (He shall add, he shall increase) He shall increase you, amen.

You started off, you come along. You just had maybe, you know, I'm a sinner, but then God increased that. You know there is a way to take you out of sin. Then God increased that. Then he wants to come and live in you. Amen, then he placed you out in service, and he is increasing you all the time. Amen. And you are adding every Word until you become the very expression of all of his Word. That is a great thing this morning. Amen. Like to read a little scripture for dedication here.

Says, 'lo children are a heritage of the Lord and the fruit of the womb is his reward.'

God has rewarded them. People going to all kind of doctors, doctors taking all kind of tests. People looking through microscope, people trying to, you know, try to do things. People try, who give up trying to going to the adoption agency. People, you know, just spending money. People buying children illegally at the side from who trafficking in children and everything else. But when God can reward you. Sometimes people don't just want cars and houses, a mother wants, a woman wants a child to embrace in her arms. She wants to bring forth something for her husband. And that kind of desire becomes intensified sometimes. How many remembered the quarrel that Jacob and Rachel had? He said "Am I God?" She couldn't have a child and she provoked him and tried everything else, you know, to get a child and then the Bible said, 'God remembered her'.

So there is something in a woman, God makes her up to be a mother. A little mother, here she is, when she was small playing with little dollies, and so on you know. Getting the bottle and mimicking everything else around them. Getting a little stroller and pushing them around the house and you watch her and say. 'One day she will be a little mother'. Amen. Today, here God gave her conception, she come into her own child, she has a husband, she didn't get it out of wedlock somewhere, is that right? She didn't get it outside there. She didn't come with somebody else baby. How many know in the Bible a woman tried to steal another woman's baby? She so wanted to be a mother and raise a child even though she couldn't take care of one. She killed her own but she realize "oh God, it happened because I'm so slothful and so negligent, my child get killed." But that motherhood is so strong she went after the other woman's child.

Motherhood is a powerful thing friends but how nice it is when you get it God provided way, you are just coming with it because he is blessing you. You are happy. Aren't you happy? Amen! Praise His wonderful name.

Blessed is every one that feareth the Lord and walketh in his ways. Thou shall eat the labour of thine hands. Happy shall thou be, and it shall be well with thee. Thy wife shall be like a fruitful

vine by the side of thine house. Thy children like olive plants round about thy table.

There is so many Psalms David talked about his desperation. He talked about his praise and worship before God. He talked about so many things. But in this Psalms here he is seeing the blessedness of fruitfulness of marriage, of a home, of a family. And God even take it and put it down here, in the Psalms. You see even that, God mind is upon us. Amen!

Behold that thus shall the man be bless that feareth the Lord. The Lord shall bless thee out of Zion. And thou shall see the good of Jerusalem all the days of thy life.

You know when you think that sometimes, some of us who didn't know the truth and our parent, you know, hadn't the blessings that we have had to have truth. And so they carry us by the priest and he took some water from the font and sprinkle it upon us and called it infant baptism. And sprinkle the child and they say they have a christening. David Beckham christened his child and the godfather was a homosexual, renowned world openly declared, out of the closet, homosexual. They make him the Godfather of children. You understand what I mean?

But here it is, we can see the beauty and the simplicity that in the Bible they brought children unto Jesus that He should take them in his arms and bless them. And that's the Bible. And if Jesus was here, he is the same, yesterday, today and forever, he will take the children and bless them because he knew God's provided way. And what he did was an example for us. Joseph brought his children to Jacob his father for him to lay his hands and bless them. Is that the Bible? Hannah took the child to the priest and offered it up onto the Lord there. All these things are scriptures in the Bible that we see and so God even mindful of the little ones, shine back the light on these things and throw light upon the scriptures so that we will not come with tradition in this great age.

In this age when he is coming for a people whom he had blessed, whom he had called, whom he had chosen, and who is to reflect his will, and to express what his economy and his kingdom is. And we are privilege today to be children of God walking in light. Blessed be His wonderful name. You might have gotten the wrong christening, but you could have the right baptism this

morning. Is that right? You can get the right baptism this morning so if you kind of missed it there and you get all bent out of shape and can't re-live back your life because you get christened when you were small. But you're grown up now you could be baptized.

For that is just until they come to the age of accountability. At this age babies can't repent and baptism requires repentance, so they are dedicated into the service of the Lord, and placed there under the Lord's care, until they grow to the age of accountability, when they come they can make their own decisions. And that is at the age of twelve. So if you pass twelve and you have not made that decision, realise that, not just God wants you, Satan will try to get you before God could get you.

And that is why it is a battle, and that is why you get there under a struggle. You want to give your life to Christ, but there is so much of things now you're entangled in the affairs of this life and that's the fight of the enemy. The greatest thing you can do is for your Creator to live in you, because the reason the devil is fighting after you, he desires to live in man, just like God. But the only thing he can't create. So he will find anybody who's confused and he gets to them quickly, as a matter of fact, he lays that confusion all around your life. He holds you in darkness; he desensitized you to the things of God. But we don't want to be like that, this morning. You too can be dedicated, by offering yourself a living sacrifice. Amen! That is why we are here in the house of God. That's God provision for us. Aren't you glad for that? Amen! Blessed be his wonderful name.

Gracious Father, we thank you dear God for this young man, his beloved wife. The stand that they have taken, oh God, remembering how they came here, not knowing you nor your ways but there was a desire in their hearts, that even though the mind was not illuminated the heart had a hunger for God. And we are grateful for that Father, oh God, that you could do these things. Lord, and they sat there and they grew in the understanding and then they got baptized and they waited upon you Lord and got things in place for the marriage. Today they are fruitful, and no doubt they come back in your presence with joy and thanksgivings, Father. Not as a ritual for dedication but with a joy for the grace

and blessings of God, coming dear God to offer up the first born from the womb back unto you.

And to know it is a blessing a man-child that opened up the womb. Oh God, this is a great blessing Father. The dear wife can present her husband Lord with a child of his own seed. And Father I pray in the name of Jesus Christ, today this little boy, Malachi Joseph, that has been brought here in your presence to be offered up unto you for a life of service. Dear God you who joined this couple, you who called them to serve you and you who have given them this great blessings; Lord Jesus, would now inspire them today to raise this child for the glory of God, in the name of Jesus Christ. It is new role for them as parents, Father. But we know, you the great parent know how to reveal yourself in the lives of your children.

And dear God that you would do that and by your divine understanding and revelation, they will understand Lord, this little boy, how you have designed him, and what you designed him for and they will know how to raise him for the glory of God. And Lord we know that in this vocation, Lord Jesus they will grow stronger in their faith and the knowledge of you, because everything that you give to us, is that you might make yourself better known to us. That we might take the place you ordained for us. And so I pray you bless them in all these things.

And now may you bless little Malachi Joseph as we offer him to you for a life of service. In the name of Jesus Christ may you bless him and may you over shadow him with your divine presence. We commit him into your mighty hands, keep him in peace and safety under your blood Father. May your presence and your protection ever be with him and may he live to your honor and your glory and to the blessings of his family, in the name of Jesus Christ we now dedicate him to you for a life of service, amen.

Amen! Praise His mighty name. So nice that the parents could be happy, a new born boy, it's always a joy for young parents, new parents. And this is the way that God designed, this was the very commission in the Garden of Eden. Though they come a little different today, but Jesus Christ died to make provision so they could come back in the original place. But while we're in the testing ground these things are preparations for the world we are

going to by God's grace. Amen. You love Him? Praise His mighty name. We have a prayer request here for a young boy, I will like him to have that now as we sing. Let's just sing 'God is moving, God is moving, signs and wonder.'

This boy will need a little touch, the son of our Brother and Sister Adrian Harangee, requesting prayer for their son Anton who had been hospitalized for an inflamed kidney, but they allowed him to come out for a couple days, they're running some tests on him, kind of swelling and they don't know if the problem is with the kidney. And so they called and ask that prayer could be offered for this young boy.

And any one else who needs a touch from God, while there is faith and while believers are here. Because this also is the Bible. The Book of James where it said here in Verse 14 Chapter 5.

Is any sick among you? Let him call for the elders of the church, and let them pray over him anointing him with oil in the name of the Lord.

And the prayer of faith shall save the sick.

The anointing of the oil almost any one can do that but the prayer of faith that goes with that, that is going to take the Holy Spirit and we believe that is what elders in the house of God have. That is what God gives them, that make them elders not just being in the church but He gave them faith, a revelation. And then knowing that elders will be used in this type of service, because it is written in the Bible here; that it is required of elders to anoint with oil and pray the prayer of faith. And so God promised that will bring deliverance. And if they have committed sins they shall be forgiven them and so God is faithful.

So we want to pray and just help me and unite with me for this young boy, you know. Praise his mighty name. Lord Jesus as we the church of the living God that gather here today for service and knowing our gathering is unto you because you have called us and revealed yourself to us, and you have instructed us that we should gather Father and you know that we will have needs in our midst because you are the one who ordained the path that our life takes in this earthly journey. But dear God you gave promises because of different junctions and when we'll have these circumstances we don't have to fear. That is why you give us your promises Lord.

And so dear God, here is a situation, our young brother Lord of a believing family, their young son, Father who had been hospitalized with this kidney problem but dear God you even work in all these things that allowed him to be here today. That the doctors will release him for a couple days, and the alertness of the parents to bring the boy up in the house of God that prayer could be offered when we will be gathered in your presence.

And now I lay hands upon him, he has been anointed with oil. and together, we the church of the living God unite, creating such a wall of faith round about him. In the name of Jesus Christ we take authority over this devil, Father that is trying to afflict the kidneys of this boy and in the name of Jesus Christ, we rebuke this devil, Satan depart from this boy! Take your filthy hands off of him in the name of Jesus Christ!

And Father we ask your quickening power will move upon his kidney, dear God, you will heal him and make him well for the glory of God. As we the church of living God believe and ask for this blessings for this boy! May he be released from this condition and be restored back to his health and be well for the glory of God, that your name will be magnified and that faith of your people Lord, will be inspired to know that you are the living God in our midst, in the name of Jesus Christ we pronounce your blessings upon him for the glory of God amen! Thank you Jesus. Thank you precious Lord.

Just believe Him as you stand here in this part of the service. Is there anyone who is sick right here in their body? Just lift your hands, if you are sick in your body. Almost all of you look like physical sickness. Praise his mighty name! Would you help me with your faith? Some of you have strong faith right where you are standing here. Some of you are believers, just praise God. One here is a young lady who used to be among us as a child growing up and she is badly afflicted, I talked with her recently and I trust that you all will believe together here with us, amen. I will reach out my hands over you all and these brothers standing around you and the church. Faith is all around you this morning so just believe, with all your hearts. Just, shut all unbelief and fear and doubt and reasoning from your minds right now, just push it back. As this great wall of faith is being created around you, because we

gather here as believers in the presence of the living God who is not far away.

But who promised that where two or three are gathered together in his name there he is in the midst. And healing is a finished work and no man has power to heal, you know that. Gifts stimulate faith but your faith is tied to a finished work on Calvary. And this is what goes into operation and this overcomes that defeated enemy every time. Because that work is where he was stripped of all power and the price for your sickness was paid. Now believe with all your heart. And those of you who might have a need and standing there, out in the side rooms, out on the outside, in the building, even you, believe him right now. Because this is a spiritual thing, we can link up with faith in a union right here, standing upon the precious infallible Word of Almighty God.

Gracious Father, we stand Lord, as believers- a believing church that has been taught, that has been trained, that you have blessed, that you have revealed to us Lord it is thy faith, the power of true confession and Lord God you have shown to us the approach when it comes to healing. And dear God even as we stand here, in James 5: 14 these who have been anointed with oil and the elders, standing here, four of us dear Lord, that is double confirmation oh God. Oh God and so we believe with a believing church for all of these Father! And God, we know that faith in one heart is more than sufficient, but dear God when believers can stand united in love and consideration for those who are sick amongst them, sickness is defeated! And we drive it back! Satan you are defeated! We rebuke you! Come out of these people! In the name of Jesus Christ take your filthy hands off of them!

And Almighty God may your quickening power move, dear God, the spirit of revelation into the hearts of these. May their faith be anointed. May the Word tie their soul to the finished work and may they walk out of this condition as that faith wax strong as it draws virtue. And may they be healed in their bodies. May they be quickened in their souls, and may all sickness leave them completely and be well to live for you and to serve you and to magnify you with a healthy body in the name of Jesus Christ we ask it. Thanking you for your grace Lord. Thank you Jesus.

Let's lift our hands and praise him. He is faithful, He is a wonderful God. Faith in God can move a mighty mountain; faith

calms a troubled sea. Faith makes the desert like a fountain. Faith is our victory! Amen! Believe with your heart; confess with your mouth, you shall never be ashamed. Thank you Jesus! We appreciate your grace and your power and your presence and your faithfulness to your promise, and the responsibility as a father over your children, a husband to your wife, the bride of Jesus Christ and the provision that you have made. We thank you, Lord, blessed be your name!

Now dear God lead us in your Word, bless us in this service. Supply every other need through your Word. Both spiritually build us up, let there be such deliverance. Let there be such awakening and realisation in the hearts and minds of this evil age that we can flee it and flee to the refuge. Oh my God! We could fight the fight of faith in this hour and fulfill your Word.

And all our brothers and sisters out in the region may this blessings, may this presence move through oh God again Father. Even when they would sit around, Lord God, the recorded version of this very meeting in your presence with your people here. And not only that but may they have a very visitation from you, this morning where they are gathered Lord. To minister unto them also and let great faith rise up in their hearts and dear God may they become sensitized to the living presence among them in this late hour. That we could rise up Lord and take a rigid stand for you, that your will could be done in our lives, we thank you for these things, in the name of Jesus Christ we pray. Now lead us and direct us in the path of service in Jesus Name, amen. God bless you.

Glad to see our Sister Shabazz out. She had this operation recently, God bless her. So glad to see her in church and all the strangers and visitors may God bless you. I see Bro. Rawl and his brother and his family here, may God bless them and may every one that has come in the house of God for His help, His blessing may you find it. And as you who feel impress in the spirit of God in your own life in this Age, at this time, you who want to draw closer, you who want to be more fill with the spirit, you who looking for deliverance, you who halting between two opinions, may God be gracious to give it to you. You who have decisions to make and need his wisdom, you who are at a place where you need lead leadership in your life, may he give it to you. Amen! You who are seeking a mate and you have to wait a little bit, may he

gives you patience to wait. You who, you know, trying to go your own way to get things done, may he take you out of your way and may he give you faith to believe in Him that He will make everything all right for you. Just trust him and walk sometimes amen! And do what you have to do also. Amen!

Is that all right? Everybody feel fine. Amen! Let's just open up the Word and I will like to invite your attention to the Book of Galatians. I will like to read back there where I read last week but I will like to add a little more with that and go Ecclesiastes 9 and that may suffice and maybe Jeremiah 5. And we take a little reading out there first. Then I will get you in your seat and I will continue on.

Galatians 1, Ecclesiastes 9, Jeremiah 5. Just one verse, two verses out of here, I will like to take a little reading. I so enjoyed the service on Friday and it was just such a tremendous blessings. I believe you know, not so much that you want to preach but you have so much you want to say, when the presence of the Lord in your midst. For when the Lord can breathe in his Word through the Word, that's what is important. I could stand up here and talk all these things and not anointed, not directed, not inspired and the spirit of God is not there it will just be something mental. But when the spirit of God is there you can just say 'Good Morning' and that lightens up somebody's day amen! And so that is what we need, the Holy Spirit and he promise to be with us and that is what we so desire to want to have him in our midst.

I feel so naked without him because I have no ability of my own. I depend upon him. I struggle when he is not around I'm so glad that he is a good God that cares for us. Galatians 1 and you remember what I have been speaking on 'A Woman in Travail' and then *The Conspirators and their conspiracy and the Realisation of this Insane Age.* And I'm continuing on that, focus, *The Realisation of this Insane Age. Part 2*, this morning.

Galatians 1, I am going to read out of verse 3.

*Grace be to you and peace from God the Father
and from our Lord Jesus Christ.*

Paul was writing to the Galatians, remember the Galatians, the book of Galatians was that they were trying to go back to works. To do something to feel justified before God and to become accepted before God and to see some success in their lives and

Paul come and say “Oh foolish Galatians who have bewitched you, you can’t do anything, it is not by your might or by your power, Jesus Christ had done something for you. Learn to line up with what God had done and work with what God had done than struggle with your own self.” So that’s why this greeting is this way.

*Grace be to you and peace be from God the
Father and our Lord Jesus Christ
Who gave himself for our sins.*

Because they were trying to do something for their own sin, to justify their own selves.

That he might deliver us

So he starts really to tell them it is Jesus Christ who gave himself for them. They couldn’t do anything for themselves to come out and it is he who did that. Because he was determined to deliver them.

From this present evil world.

And that word is really... there is two words that are used, one is eon and one is Cosmos. But this is Eon here, because it is a time word, speaking about the age, defining the spirit of the age that makes it evil. So evil world, in the sense of how the age is evil because there is certain evils of this day. In the last days, they will be heady. In the last days they will be high-minded. In the last days they will be lovers of pleasure; in the last days will have a form of godliness but denying the power thereof. In the last days they will be rich and increase in goods and saying I have need of nothing and their self-estimation, the sins of the age, the evil of the age that make them reject him. He spewed them, because they are lukewarm, he spewed them out of his mouth, you see. That is the spirit of the age.

Is not like in the age when they walked out in the arena and gave their lives because they love God so much. Today if they get persecuted for wearing a long dress they rather wear a short one, they pull it back. Back there they get persecuted for that, brother they stand firm, nothing shake them and they were willing to give their lives and all, back there they beat the apostles. Somebody criticized you beat you for the gospel you hide your Bible in a bag you don’t want to come out and serve God. Back there they come back, they prayed, they rejoiced for suffering persecution for Jesus

sake and they get filled with the Holy Ghost and they went back out and preached with boldness again.

But this Age is a characterless age that is why Boaz is looking for character in the field. Eliezer sweat it out to find character at evening time. Because this age they want more clothes on the outside to look good outside but have no character inside. This world they are on an outward show to please one another and impress one another, that is the spirit of the age.

Our Lord Jesus Christ who gave himself for our sins that he might deliver us from this present evil world.

You're in this world you need deliverance. You born in this age you need deliverance from this age.

According to the will of God and our Father.

That's the consolation right there. He gave himself for us according to the will of God. It was God's will to deliver us from the Age. And God saw what it was going to cost to deliver us. And God became flesh and give his life. No man take my life but I lay it down. That is why the judgment is so harsh for this age because look what God was willing to do to get you out. And if you refuse that look what you're turning down. You get that? That's the reading of that scripture right there. If you can read the Bible, not like a newspaper to catch what the Holy Spirit say there. That's the embodiment of what he is saying right there.

To whom be glory forever and ever. Amen

Ecclesiastes 9: verse 12

For man also knoweth not his time.

That is the thing about man, he cannot recognize his day, he cannot recognize his message, he doesn't know what time he is living in.

Ecclesiastes 5. I thought you will find it when I called all three, you look for one and you wait.

For man also knoweth not his time; as the fishes that are taken in an evil net, and as the birds that are caught in the snare; so are the sons of men snared in an evil time.

In an evil age, in an evil day.

When it falleth suddenly upon them.

Man knoweth not his time. They don't know what kind of world was prophesied in the last days when everything will be deceived. That if God didn't send a prophet to open the Seven Seals to see what kind of world we're living in Satan's Eden, we wouldn't even know how to come out of it. You get that?

*For man also knoweth not his time as the fishes
that are taken in an evil net.*

How many know there is an evil net today that had taken the world? Yes it is called the Internet, World Wide Web. That is right.

And as the birds that are caught in the snare.

Birds that are caught in the snare
*so are the sons of men snared in an evil time,
when it falleth suddenly upon them.*

Do you see why now he had to give his son to deliver us out of this evil age? Because the world, this time is a snare taking people, unsuspecting. Why? Because man knoweth not his time. They can't see the insane age; they can't see hell is being created. They think the world getting real nice and it has plenty things to do and enjoy. They think the world is a real big pleasure place, a big arcade to enjoy themselves. They don't know hell has come here. They don't know it is a prison house, it is a cage. The world, Babylon has become the cage and before you can get in the cage you have to hunted and trapped before you can get in the cage. And what it said here. 'Men are snared; men are taken in an evil net, in an evil time because they don't know the time. But he gave His son to deliver us from this present evil age'.

Jeremiah 5 verse 26

*For among my people, are found wicked men;
The conspirators and their conspiracy.
They lay wait, as he that setteth snares; they set
a trap, they catch men.*

That is how the world end up in the cage. That is how they get in the debt trap like the creditor had trapped the widow and her two sons into the debt trap to take them into captivity. You get what I am saying?

They lay wait, as he that setteth snares.

He said it has people sitting down and thinking, in big board meeting they call them executives. They call it micro

management. You understand what I m saying? And they sitting down there but is man-setting snares. By the time they done, they're ruling you with the rigor - the taskmasters. They break your spirit and you can't serve God, you're trapped in a system, building up a system for Pharaoh. And Moses come and you down in the brick pit, only making brick, you can't hear what the prophet saying. And you know Egypt under judgment and that whole world falling. You get what I'm saying?

They lay wait as he that setteth snares; they set a trap, they catch men.

Men taken in an evil net, men taken in snares in an evil time.

As a cage is full of birds so are their houses full of deceit. (A cage full of birds so are their houses full of deceit.)

Therefore they are become great and waxen rich.

How they come rich and increase in goods and have need of nothing? How she become deck with pearls and precious stones? How she comes to a place so rich she'll control the wealth of the world? Is Babylon going to control the wealth of the world? Is evil men in secret society there, all those Knights of Columbus and those C.I.A., Illuminati and all those people. All those arms of the Vatican, all those Jesuits who infiltrate the world. Has Roman infiltrated the world, and use kings and merchants in her deadly schemes? How do you think those corporates take-over? How they buy out countries and manipulate countries and their resources?

They set business snares. They lay wait for them, they know how to read the economy. They know how to watch the stock market? They know how to manipulate and falsify their balances by deceit. They know how to take the poor and needy. They know how to reduce people to poverty who have something and scheme them out of what they have. They know how to put pressure and arm wrestle in those big corporate meetings, to make people restructure their economy and these things and then they become rich and you become poor. Then you become their slave and they become your master. You getting me? You thinking with me?

I could preach a little I love Lucy, Jesus Message you know. May the Lord bless the reading of His Word; you may have your seat.

You know you look at the Word friends and I tell you. You know right now my heart is so burdened, under a lot of pressure because I'm trying to go against the current. I'm trying to go upstream, I am seeing a promise and every inch of ground I have to get I have to fight for it. And sometimes when I see the necessity to have certain things now! You have a lot of people who say, 'well God promise and God will give it'. Because they don't know their time and season. They don't know to travel the next part of the journey without that. Then they can't face what will be there and they have to fight battles here to acquire that to walk into that next phase. And they have to lay aside certain weight and sins they travel with. That when they reached a next junction they can't have that weight and sin there. You get what I'm saying?

But you find a lot of people don't live their lives that way, because they in a kind of generalized God. Well if God say so and God will do it and they go along there. But you see the prophet, he was watching the signs, he was reading the handwriting on the wall. He was watching the symphony of the God's Word. And when he used illustration like that, he was saying we are at this junction, it is a change of beat, we must have this now. And people couldn't see it. If they're not in the symphony they can't see any junction. So they don't see any need to change and do that. They find they getting success here, they're prospering here, they do this here. You get what I'm saying?

And this is where when you are a prisoner to the Word and you're living your life for the Word. Sometimes your own human mind will tell you 'you're unreasonable you're a fanatic.' But you see, in the long run you know what age you're living in, and you know the end of the age, and you know the results at the end. You get what I'm saying? And you know what the age is going to come to. And that's why; God gives us a Message to make us look forward. Not just present and backward but to look forward. To see what's coming. To see what it is. And God gives us a Message that can reveal to us, time and seasons. God throw light on times and seasons, why? So we can understand the purpose of God for 'to every purpose under heaven is time and season.'

A woman may have her clothes to wash and she in the rainy season and she gets some hours of sunlight. And if she doesn't realise and she get a space where it have water in the pipe but if

she stick to her routine and realise oh no, no I wash on Thursdays. And she don't realise, water going regularly, they're shutting it off. And it is not available as it used to be, because they have to distribute water in other places, and she doesn't realise the weather, all nature taking a tumble and the weather is not reliable as it used to be. You have freak weather you get what I am saying? She has to know I have to get out my human programme. I have to be sensitive to my opportunity. Things haven't shut down my opportunities but now I need to be flexible and be able to adjust, to utilize the privilege that God makes available to me.

And this is the same way with the church. You're in places, and sometimes in a spirit led life, that is why the Bible said 'man that is led by the spirit, that's the man that God works with, the believer.' Every believer has to be spirit led person. The man that is born of the spirit, he is a spirit led person. He is like the wind that bloweth he can't tell where it is going and where it is coming from.

But we're living in an age that structures us, to hold us in the time element and we get a Message to tell us we're outside of the time element. You have to keep your balance. You have to know to manage your time, but at the same time you have to learn that time equals opportunity. And when the opportunity for certain things that God wants to gives you come and that conflicting with another time you have to learn how to get from God because God is expecting to be sovereign and supreme in your life at that time. Because he is not coming to work with you, you are working with him. And you can't explain to him "but God you know and I can't do that now Lord." Because he knows the future and when he makes that move for you he knows that is the best time for that. But you look in your reasoning and you see that is going to upset your plans. That is going to unset your programme and then you find out "nah I can't cooperate with that." Because that conflicts with your programme, but you're not sensitive to know, I am set in my ways. And am not really sensitive to the leading of the Holy Spirit. I am not enquiring further to see the mind of the spirit.

And that's why sometimes we have to make certain moves because you can't relive your life and you can't regain a lost opportunity, when you have a time to do something. You had a time to get married and that girl was waiting there all those years, you talk to her and she is there. She said I will wait for you so and

so and so and you dilly-dallying and you drag your foot and do this and you don't want to be a man and you don't want to rise up, you just carefree and careless. And then she realize, you are a dead end street, and she has a life to live. And she has a future, and she has more faith than what you're exercising there. And she realize you're already showing you are going to tie up her life. And she gets out of that one-way street, that dead end street rather and she gets on God Street and you missed your opportunity friend. You by pass the vision.

Because you know why? You didn't do anything, you sit down there when you were suppose to be moving and the vision by pass you and went. You had an opportunity and you didn't capitalize on the opportunity. This is the way people in their lives with God, they can't relive things. Sometimes you say when I was in school they offered me a job "but you know I really don't want to take that job, you know. Because you start to think of "boy all the pressure and I had an interest down here, other than what I was working there and what my responsibility was, I had a next interest. And I kind of stay back hoping this. And I missed the leading of God."

Do you know you can miss the leading of God? How many knows God told the prophet preach and don't stay and eat and drink here. Is that right? But you know man talk him out of the will of God. How many know man talked Balaam out of the will of God? How many know man gets in a place where they think they have the franchise on God and not knowing God giving them opportunities? Because those places it takes faith to walk in the will of God. It takes trusting God. And then afterwards, sometimes people could get in a grouse and get bitter, get in a dead end street and start to blame people and find that God so hard.

Like all these people here saying 'what happened to God? Here you have hundreds of hundreds of thousands of young girls in prostitution and brothel, in slavery, they create the country with an image and a commodity of sex tourism. And it get so powerful it pulling so much of money in that economy and they develop those beaches and they make them a little paradise. And they have all those young girls and they shoot them with hormones and things, their mind haven't even get to that level yet but they're controlled by people who have organized prostitution and these things. And

when God sweep away tourists and suck away all those people and these things, they start to say "oh God how could you do this to us?" You get what I am saying?

And those things, that is legislations. That is man sit down and decriminalized prostitution, decriminalized homosexuality. That is university wisdom, how to develop the country? Like what Barbados want to do right here.. They want to decriminalized homosexuality and prostitution. Why? Because they too is a tourist industry, right here, next door in the Caribbean. But this is the kind of world they creating. And the big powers who have restructured the world make all the islands who have nice beaches and tropical climate, they used them for tourism. Casinos start to spring up; they get cultured with lottery and whe whe, for that. And then they bringing in, they build nice big airport so they can bring in big carriers. And they fix up their harbor so you can bring in the big steam ships, the big cruise liners.

Then they equate, if they get a European thing they euro strong. How much revenue that is when you sign contracts with the big liners that can bring two thousand passengers. You get what I am saying? And they spend so much of money and then it look like your country is developing, nice hotels, and nice malls, nice things. You think that is for the local people? They're getting trapped in that. That is to bring in and when the people come, they don't have to descend to a lower order. They can come in your country and find the same standards that they want and the same pleasures to enjoy. And when they start to increase the nightclubs, don't you know they have to look for young girls to put in there? You think every body come looking for hippopotamus and rhinoceros? They want young deer.

And what is happening? This is architects building a new society. This is big international bankers and the architects of the new world order are telling you your country will have to diversify now and develop you economy for tourism. And then when your business going bad you have to get on to Latin America which is nearby to you and get some high coloured Columbians and Venezuelans and different, some more variety of the species. And then the people in Woodbrook complaining, car parked all in front of their houses, two men walking out drunk together, in car parked

up in front of their gates. It used to be a residential area. And people start to say “but the world bad eh. You ain’t see thing?”

And they make it some little political issue, some social issue and they trying to get a placard and wear a tee shirt and take a march around the savannah to fight that. And after a while they get frustrated for the cause because the authority can’t have no ear to that cause because they watching the kind of revenue coming into the country.

And then the more the cultural scientists sit down and analyze the carnival. How can we make it more attractive? How can we make it? Because we find some people come down here, they find the tents and them a certain way. Or they find the shows and them, they don’t feel safe. And sometimes they want to get involve in the mas too. So we have to bring out the bands now a certain way. And bring it more appealing so we draw more crowd and we keep the reputation because if somebody else, Rio starts to do up theirs and in France they start to do up theirs and the London carnival and Nottingham Hill and them start to do up their carnival then you will loose your rating.

That you haven’t enough sensuality, you don’t have enough pleasure and it has a shortage, you know of amenities that they come for. And so they went off on that time of the year, they hold back the money to spent in a next month when London having their carnival. Or they find Barbados better, so then you have to study how yours is operating to equip with Barbados. See why they pulling a big piece of the crowd and then you have put out some of the same kind of food on your table, to buy into that market. Because the men who sit down there, calls that market strategy. To boost your low income and to bring an upsurge in that economy. He has a degree for that. But he is not educated, he has no intelligence. I should say he is educated, he has no intelligence.

Education only teaches you to perform a task. And outside the box of that task if you can’t think, you’re a robot. That is why the school system designs to cram, cram and cram, cram, cram. Learn Spanish, learn this, learn this Math, learn this and they train them to pass a test and when they come out that is what they know. You talk in that little box they know that. And they get a job and they teach them one or two function to operate this pump ... do this, do that, do that, write this, take this sheet, put this date, put it on this

computer, put it on that file and that is that. Then they come out there. While they walking around proud in their heart they have this degree, that degree, they have that degree. Brother and some little old girl with Aids, in hot pants in a party with a wet tee shirt or something throw all that down the garbage dump. You get what I am saying?

Am I talking fiction? What am I talking about? *This Present evil Age*. You think it just come so? I'm trying to show you, it is constructed. I'm trying to show you why the prophet said education is of the devil. He said, "I don't mean illiteracy, you have to learn to read and write but then you need the spirit of God to apply knowledge." You need the spirit of wisdom and revelation that think beyond the robotic stage of your life. Because all that education is only the aerobic stage of your life.

When you walk in the world now, you need discernment, you need to know who I am, what was I made for, what time I am living in. What are the plans of God? What are the morals I should have? What give me favour with God? Because in the end when the time come and it run out on earth and you're getting ready to go down, brother if you know Jesus Christ that was a wasted life.

Because all that a man do to build up a system, brother they say the economy bad they sell that out, they have to diversify and become something else, they get a bulldoze that and make it a playground, an amusement park. And that was your life, and that was your big commitment. That was your big job. And that was your position. And that's, what you went to work for. And that is what you labored for and that is what you resisted God for. And a next man come and buy it for a few dollars and bulldoze that place and make it an amusement park. Because they say the economy bad, that business is not working any more.

Why? Because life to you was just robotic, because your education influenced you. Friends learn as much as you could learn, but make sure you're fill up with the right things. Make sure you fill up with the things that that knowledge will produce a faith. Any knowledge that doesn't produce a faith. Any knowledge that doesn't make God's face clearer to you, any knowledge that doesn't reveals God purpose for you in life, you have wrong knowledge. You have useless knowledge. When you have that

knowledge in you when you doing a work in a place, brother even what you're doing in that function you will see God in it. You will see God in it. You get what I am saying?

They can't trap you and enslave you because you're governed by another knowledge. But who design the education system? The educational system is to fit the world that it is designed for. It is a part of the brainpower to run... it is the software to operate the system. So you need that kind of education to operate in a certain type of world. Why do you think we have to die to our own thinking and the mind of Christ has to come in? Because if that doesn't comes in we can't get in the next world at all. What if you only have denominational knowledge? What happens? God by - pass you like in this age. You'll turn around with that denominational knowledge and reject the Word and call God the devil.

Didn't the Jews do that? Haven't denomination rejected the Word in this age? Claiming to be Christian when the Word said they were not even a Christian to begin with. Then can you see those kinds of snares? What level those men thinking on? Is that human knowledge? No that is supernatural knowledge they have. Coming from a supernatural devil. A far more highly civilized being. Because they're really building a civilization. A science civilization. You think that?

What was I preaching Old Years night? "***The Conspirators and their conspiracy.***" My! Satan is building a kingdom just like God is. Turn with me. I will like to go to a next scripture, Revelation 18. Let me get Genesis 10 first, Genesis 10:8-12 and Revelation 18:1-5. Oh my! Brother I tell you! This is the result of evening light friends. Had you been an organisation I would have been looking to get a Doctor of Divinity. I would have been trying to get my Phd. and wear my turn back collar and every time I advertise in the paper. I put Doctor before my name. And then you would have had a classical group of people who would have looked at you and kind of say "our pastor is better than that pastor. That other pastor haven't got his degree as yet, but our pastor got his degree. So we more secured because we have a certified pastor." You get what I am saying?

You would have found a basis to have a little pride about your pastor. That is where a lot of people get their pride from for their

pastor, out there. Our pastor does be on the T.V. and the radio. That's right. That's why when you get that educated you look back and say, those Message people backward. They backward, like Oral Roberts and them used to say Brother Branham, do like Oral Roberts the man loss all the crowd, they say the men get up there and get tie up. You should read some of what the historians and the contemporary people for this age looking at Brother Branham in the light of the other evangelists, they see him as such a failure and so inadequate and yet every move is Jesus had to thin down the crowd and we see the Bible, the Bible, the Bible. You get what I am saying? And when the leader of those things die, you tell me, you show me one, that the work got greater after the leader die. You don't have it.

This get greater after the leader died. This thing produced ministers that could put them with all their degree to sit down at their feet and learn. Genesis 10: verse 8. Trying to bring a little setting here of this text for you, to show you how this age is cultured it is called an Eden. He said Satan is building this. Building a kingdom, building a world, the cosmos. When the Bible speaks of a world we don't realise what the Bible calls the world. What we call the world and what the Bible calls the world is two different things. Because when the Bible speaks of a world it is so specific, order, and arrangement, principalities, powers rulers of the darkness. It present an organized world, in the realm of military, in the realm of politics, the realm of science, the realm of medicine, in the realm of education, in the realm of sport, in the realm of communication, an organized world, so highly organized. Why? There is a super intelligence behind it. Satan.

I will be like God. I will build my world and men is being anointed with this super intelligence. And the only way for God to combat that is God has to come down and bring a super intelligence for us also. And the wisdom of God turns the wisdom of the world to foolishness.

Genesis10 Verse 8.

And Cush begat Nimrod: he began to be a mighty one in the earth.

He was a mighty hunter before the Lord: wherefore it was said Even as Nimrod the mighty hunter before the Lord.

Three times here, it tells us a mighty one in the earth, a mighty hunter. And even in Moses times when Moses was writing Genesis his reputation had still existed in the earth, after all that time. Think of it. After six hundred years after the flood the man reputation was still on the earth until it said;

Even as Nimrod the mighty hunter before the Lord.

And that word 'before the Lord', Nimrod before the Lord, is speaking of in opposition to the Lord. Putting himself before the Lord. This is the spirit of exaltation. This is a spirit that wants to exalt itself above the Word. This is a spirit now that wants to put aside the Word to establish their own thing. But it tells us this man was a mighty hunter and you notice in the Bible from the few illustrations I read out of Jeremiah 5 and Ecclesiastes 9; hunter is being used in setting snares and traps, its religious connotations in speaking about people. Snaring people, they catch men. Because for a little subject I have '**Hunted, captured and caged, in the prison house.**'

The world has become a cage and before it can become a cage and a hold of every bird and a habitation they had to be hunted, they had to be snared and then they had to be caged. That is why there is a battle in your mind. You understand that? When you lose the battle, when you get deceived, and you get in the trap, you come into the cage. Why? You loose the battle in your mind. Eve started to see the tree good for food. He manipulated her senses. He laid a trap; he got her across the line of the Word. He brought her from innocence to knowledge. She was stalked.

You ever see young girls get stalked. Fellow see you taking that maxi taxi one day, two days three days the fourth day he stand right there. "Let me take a walk with you nah, so where you going? Where living sweetie pie? So you don't want to talk to me eh?"

See! She is trying to resist that. First she says, but down inside of there she likes that attention. Oh but she kind of look at him with a little contempt because he isn't dress too well. But she kind of figure I can get better clothes than that on him. Because he kind of cute I like his nose, and he has curly hair. Stupid! She is already hunted, she's stalked.

Next day she stands up there, he is right there again. He has a nice little pen, she doesn't know if he picked it off somebody, but

he's giving gifts now. He is a wise man and he said, "you know the wise men bring gifts." Ooh! She said "he talking Bible." She kind of say "well he has some potential." "So when you carrying me to church with you?" Next thing Cosby walking with Zimree. She bringing Zimree to church. Hunted, stalked, then in the trap.

And the beginning of his kingdom was Babel.

And Erech, and Accad and Calneh, in the land of Shinar.

The beginning of his kingdom was Babel.

And out of Babel come Erech and Accad, and Calneh. The beginning of his kingdom was Mystery Babylon! And out of her the great whore, comes Lutherans and Methodists and Baptists and Jehovah Witness and Seventh Day Adventist. And he was building cities after cities after cities. When Babylon was first built it was first called 'the gate to heaven, the gate of God.' But after the overthrow when he tried to build the tower, and God confounded them it was called 'confusion.' And then it was known as confusion all the way afterwards.

But first when it was built it was called the gate of God, because it had the woman seed, the impersonation woman seed building this. 'The Hunter' giving them a religion, giving them something. Giving them a misinterpretation of the promise. You get what I am saying? He went forth conquering and to conquer. He went forth with sayings that become a deed and a doctrine. And he becomes the false prophet of that doctrine. Then he become the beast, he had an empire under him. Nicolaitanism, Balaamism and then the doctrine of Jezebel. He built an organized religion. Then the whole world had to bow to that. He built the cage. He built the cage.

He changed the world because after the flood you see Noah plant a garden, the next time you see something he built a city, this man built a city, what you seeing there. What you seeing there a man is going forth now to change the world the way it was. What did Cain do? Went forth and changed the world, the way it was. You see Abel a shepherd and Cain rejected the truth, went out of the presence of God. And then what did he do he begin to mine. He begins to build cities. You're getting me? I want you to listen to me.

What is going to happen? He now is going to bring man to a different.... To live in a different way than they were designed to

live in. Listen close, someone is getting a thought to restructure, reculture, refocus, change the way of a person life by giving them a life style that seems more upgraded and better than what they were in. He is a hunter; he is going to bring them to that kind of cage, a pleasure cage, a fashion cage. In that cage has fashion until everybody outside of that cage look old fashioned to you. Isn't that something?

Everybody outside of that cage look like an odd ball. Because in that cage you can party, in that cage you can sing anything you want to sing. In that cage you could be funky. You get what I am saying? In that cage you can serve God today and you don't have to serve him tomorrow. In that cage you can hug up God and you can hug up Lucifer. In that cage you are being stripped of principles. And you become one that blows in the wind. You have no conviction, you have no morals you have no principles. You go with anything; you get talk in anything in that cage. Because in that cage it is designed to take those things away from you. And make you easy to be manipulated, easy to be manipulated. Now watch yourself while I am speaking.

You will find out if you have been stalked already and you been caught and if you are in the cage. You say what you mean? You could be in this church and be in the cage? This is a building, this is wood and stone. The only way you can't be in that cage you have to be in Christ, through the baptism of the Holy Spirit. He has to get justify, sanctify and get the Holy Ghost to get you because that is the way you come in. and by the time he get justify, sanctify and fill with the Holy Ghost he become your brother. So he can't come in here, because you are in the place where he is sealed out. But if you're just in this church, sure! You can be in the cage.

Because this church is a building. It has many people who have buildings and preachers and congregation and talk about the Bible and talking about God. You don't get caught in that kind of thing. Right now this morning it has people talking about God, right now it has man preaching and sweating for Jesus. Sweating in the spirit. Right now it have church taking out their kerchiefs and waving, because they're singing Christian lyrics with the same thing that they singing outside there as the whole country getting in the carnival fire. And the anointed ones out there catching the

inspiration and bringing their fresh fire for 2005. You get what I am saying?

You see why my battle hard? You see the fight I'm fighting? You see what I am trying to stand and hold friends? If you believe God sent me I'm looking for people to stand with me you know. I am looking for people to fight this fight you know. God start to talk to me this morning about something. And then I said I want to have Youth Services again. Because I have so much of them here, they all in between I can't afford to put up the tent and pay that kind of money to rent the tent for them. Then they down here and they could take half an hour and then they're tired and they then they can't really catch half of the things. Then it frustrates them.

And right among them there is so much gifted ones. And so much deposits of eternal life. But they need the water to come down and get right down to the seed to germinate it. So if I can develop that untapped resource that is inside of them. You hear how I thinking about it? Because I want to fight, this fight. I need an army to fight this fight. When God tell Gideon after he blow that trumpet and gather them he was getting an army ready for a battle you know. Against three powers, you know. That was devouring their increase over and over and keeping them into famine you know, and having them living below their God given privileges. When the angel came down, he came to quicken them to recognize they can do it and he could do it as one man. He had to get people to believe that God sending him as he sent the prophet.

Because God said, "have not I sent you?" And he sitting down there saying "you know when the prophet was here, if God be with us then where are all the miracles? What is this here?" Now I am not trying to point you backwards you know. Your eyes must be on the prophet, you know that? And when I talking, I'm not showing things about myself you know. Because none of these here. Who is Brother Branham to them? They know this man from the States of Kentucky? They know what cherry pie is? How many of them ever eat cherry pie? They know what red hots... is? They don't need that.

They need to know "Brother Vin. God sent you too. You meet God too. That same God with you too?" That is what they need to know. They need to know; what in you that make you stand so?

Why you have that conviction you have? We went around some other Message church and see. Why you not like that? I only hear about thirty-two years ago, you're standing. And since I growing up I know you the way you are. What is it that you meet? What it is that have you so?"

I want to tell them about the cause that I'm standing for. You know why I standing so, because I saw those angels that came to that prophet. I saw God sent a prophet I saw seven angels came to that man. I met that God who sent that prophet. That is why I'm standing so. And that is why I could preach this Message that way! That is why I could make the sacrifices I'm making. I want you to know that that same God is here. And I want you to know. I want to get you to believe in this cause.

When they're going to have revolution in the natural, you think a man come and say Che Guevara, Che Guevara, Che Guevara, he dead and gone. This man is going to lead the people into battle and their life is going to get shut by the system if they are going to overthrow the government. So they want to know ,you know what you're doing? Don't give me a book on Che to read, you raise up to continue Che's work. That is what Fidel Castro was, and they believed in Fidel that's right. And he had a revolution.

And that's why I want to have a young people service. I mean service for everybody but designed to make, to get the church sealed. This is not just for young people service you know, this is to get the church sealed. The unsealed ones sealed. This is to minister, to usher them into the same faith. To live and walk in the same sphere, to see with the same vision. That the feeling I have in my heart about this Message and this conviction, they could have the same feeling in their heart, with the same conviction about this Message. Because if I stand up here and I don't have the faith to walk there and tell them about Brother Branham they could never get there. I have to have that faith, to walk in there otherwise the Word I'm saying is a dead empty educational Word. But if that Word is alive in me and quickened in me then that same God has come, and when I speak that Word it just as on the lips as it was on the prophet. Because the Bride under her Messenger will have "thus saith the Lord." She will be the final voice; the same spirit and the Bride will say the same thing!

That's where I want and some of you elder ones here I'm expecting you to understand me and this Cause in this church family here. In this move of the spirit here that we begin to fight our battle in these places, to release from the cage and the power of the cage builder. And set eagles free who are trapped and can't break those bars of that cage. I will get to it just now.

One of the saddest sight is in Cincinnati I was thinking that, Brother Joe, Cincinnati is one of two city in the whole world, build on seven hills. Cincinnati Ohio and Rome, and Rome, Mystery Babylon, is the one that have the cage, where I'm reading. In her is found the blood of the saints and the martyrs. I was thinking how God used Cincinnati, where he saw the eagle caged in the zoo because Rome has the cage, Babylon is the cage. And he said "oh God I want to free it if I had my hacksaw, I wished I could buy him I want to pawn my Ford to get him out of that cage.

Later on he see in this dream, he saw the people behind big bars in a cage called the House of Hell--The Prison House. Crying for deliverance! When we started 1978, we started to go out, beyond our doors, that was the cry; Sister Ann Marie got the dream. She heard them in the house of hell crying 'we want to be delivered.' That is from the cage friends that is what I am bring to you here. ***"The Cage, the Realisation of this Age."*** this whole Age has become that cage. This whole Age has become a world designed to hold you here! It's a kingdom, it's a prison house and the man here doesn't open his doors. But there was a mighty angel with a strong voice come down and said, ***"Come out of her my people!"***

A mighty angel come down and when I get to that you see how it tie together. Where this is friends? You think on what I said a little while ago I slipped that in. Because that is in my heart behind my preaching, but I let what in my heart, making me preach what I preach come out. So you can understand me and my objective and my motive, and what I'm trying to achieve. And why I am doing what I am doing, because sometimes people can misunderstand you and then they're more trying to analyze you so when you open your heart to say 'this is why I am doing that.' Then they understand, then they understand what you mean. And what it means to you to get that done now.

Like the woman I talked about who's washing the clothes. Man knoweth not the time that is why they get in the snare. Man

knoweth not their time, when you see these things begin to come to pass look up and lift up your heads, you're not of the night you're of the day. When you see the birth pains! The labour! You know what we're talking about. Let's get the feeling of it. I am trying to catch the feeling I'm not trying to get to knowledge part of it. I want to get the feeling of it, because if I can impart the feeling through what I am saying then we will have the same spirit here. Then with all that spirit pooled together it will get concentrated. Directly to the bars of those cage to bust that thing! And we will see deliverance. Why?

Why the Son of Man come back in the Age of the cage? To deliver us from this present evil age. Only this age he is called the God of the Age. And this age he had blinded the mind of the world, from the cage. But in this age, we have one who says 'come up a little higher.' And begin to show us, the Millennium is coming, look how over six thousand years he had built his Eden. Look what is happening, the psychiatrists don't have the answer for what is happening. The psychologists don't have the answer for what is happening. The rehabilitation centers don't have the answer for what is happening. The denominations, don't have the answer, the politicians don't have the answer for what is happening. Social workers don't have the answer for what is happening!

The answer to get out of here is the Message. Because that day has come like a snare upon the whole world, but you'll be counted worthy to escape that which is coming! Because like a snare it will take the whole world! And that escape is the Rapture, the Rapture is the only way out. And that had started with the Lord descended and another Mighty Angel come down whose glory lighted the earth! And a Voice on the earth was saying 'come out of her.' Because that One come down to this one saying, "deliver the people." He said Jesus was standing there with a rainbow light around Him talking to me. God and his prophet was outside the cage. Revelation 3; 20 he was outside the cage. They put him out. He was outside the cage! Revelation 10; 1 the Rainbow Covenanted One come down. He said "oh God how to deliver them?"

"Speak it! I will give you a mouth." Seven Thunders uttered their Voices, I will unlock their minds, I will bring such revelation,

I will give them faith to rise up. Because faith is the victory that overcometh this world! God has a plan but we have to understand God's plan. When we understand God's plan we know God's provided way. The way he wants to bring the deliverance, so we will not be trying bush bath. You get what I am saying? Little calabash and aniseed and spring water. No, no! God has a provided way; you start to understand God's way. You're lining up with the Word. Oh my! Jesus!

Revelation 18 to Genesis 10 you see where this mighty one, this hunter went forth. Babylon in the Old Testament, Babylon is in the middle of the Bible that same Babylon. You remember in Daniel? The beginning of the Gentile dispensation. Babylon was the head of gold. A great kingdom was doing what? Ruling the whole world. Israel was in the cage, it went and hunted Israel, it captured it, like it captured the other nations. Is that right? And it brings them in that cage. And when they came in that cage what did it do? It forced them to the worship of an image. Is that correct? But there is a supernatural something happening.

God took Daniel out of the cage. God took Shadrach and Meshach out the cage. The influence of that cage, he delivers them from the present evil Age. It doesn't mean he take you out of the world and put you on a next planet but he separate you from that influence and the power of that influence from around your life. Amen! So you're in the world but you're not of the world.

Revelation 18. Now Revelation 17, is the great harlot you know that? This is between the Vials, Revelation 16 is the Vials, and Revelation 20 is the Millennium. 17, 18 and 19 is a mystery put there. 17 is the great whore the Catholic Church who drunken the whole world, seated on the scarlet colored beast, the God of Force, Lucifer. The power that carries this woman, Mystery Babylon. This is the same religion of Nimrod. You know, I am going to show you that. Nimrod religion was intermingled with Christianity. The mysteries of Babylon went to Pergamos and from Pergamos it went to Rome and the religion of Nimrod is still here, Pontiff Maximus is still here! The cage is still here! Babylon is still here, the hunter and his arts of deception, and his methods of manipulation, exploitation and hunting and capturing and caging is still here!

Revelation 18 shows God delivering out of there. She has the whole world drunken in surfeiting and drunkenness and the cares of this life, but God came and took some out who is worthy to escape the cage. God is taking out of the cage. We don't have to sit down there "what can we do? We try to." the prophet had to walk away from Cincinnati, and leave the eagle in the cage and just tell a sad story about an eagle he couldn't get out of that cage. But when he came to the end of his ministry and he saw the people in the 'house of hell,' the voice burst up that cage and the ones who had to be delivered came out.

You get what I am saying? We don't have to try the hacksaw blade. We don't have to pawn the Ford this morning. We have the same thing that could burst up the cage that anyone is caged with. There is a chain around some lives have them there. Satan said "you are going to stay there and this is where you are going to serve me there. You will be my comedian, you will be a clown, your whole life will be spent thinking about jokes. And out of your mouth will only come all kind of joke to make people laugh. You will be a clown." You know you could make pulpit clown too. You know that? Yes sure! That is why God has a sense of humor but he is not in the clowning round business.

When you get in the presence of God you know God is a Holy God. You know God close, you know God serious, you know God is all powerful, you know God has all love. You know God has understanding. You know God has all willingness to help you out of your condition and the thing is when God stretches out His hands to you God is expecting you to put out your hands and receive His deliverance. Revelation 18 watch! Revelation 17 is Babylon.

And after these things I saw another mighty angel come down from heaven, having great power; and the earth was lightened with his glory.

Because John had wondered with great admiration, when he saw this woman how she drunk with the blood of the saints and the martyrs. How she's ruling the kings of the earth, how she's riding this scarlet colored beast. How she had the whole world under her control. He marveled! And that angel with the Seven Vials said "come I will show you the great whore and so" and he showed it to him but now John is seeing after he saw her, he's seeing a mighty

one coming down from heaven. The Lord himself descending. Whose glory lightened the earth.

*And he cried mightily with a strong voice, saying
Babylon the great is fallen, is fallen and is become
the habitation of devils and the hold of every foul
spirit, and a cage of every unclean and hateful bird.*

What did Jeremiah say, “As a cage is full of birds so are their houses full of deceit, therefore they have become greedy and waxen. For my people are found... Among my people are found what? Wicked men, they lie in wait and he that setteth snares, they set a trap they catch men”

And here now, Nimrod was a hunter in the natural Babylon. And that is how he captured them. He was the first one that changed the world by war. He took his military prowess and he captured nations and he conquered people and he subjects them to his system. What is happening today? But watch now!

But here we are seeing mystery Babylon. One is Genesis, one is Revelation, notice that. I show you Babylon in the seed book, I show you Babylon in the harvest. Genesis is seed. Revelation is harvest, one is the first book in the Bible, one is the last book in the Bible. And I show you what Babylon has become. Nimrod was ruling the world back there; he got the whole world to become what? One language and one speech, yet conquering everybody. Now watch it here, because Babylon is the beginning of the Bible the middle of the Bible and the end of the Bible. There is a reason for that.

So the prophet said “it have to be in existence today.” That is the great thing with Revelation! Revelation this Book of mystery, this Book of prophecy, this Book that reveals the end time, reveals that there is a system on the earth this morning that has caged up the whole world. And how come the world doesn't see it? How come the world believes that is Christianity? How come all the nations, that is what they recognize as the authority for Christianity? The pope in the Vatican. Even Israel said that is the leader of all Christianity. Think of it! Then if that is so friends, are they not caged?

Now remember eye salve; in that cage gross darkness come upon them. In that cage, to get in that cage the god of this world, what? Blinded them. When they captured Samson, did they hunt

Samson? Did they capture him? Did they cage him? Did they take his eyes out? You're getting somewhere? You're getting somewhere, you're getting somewhere. Let me convince you this morning. You will let me convince you? Am I not speaking the truth? Am I not bringing God's Word? Am I making up this?

This is not about me. I am trying to tell you hear what God says. God is giving a revelation about his Word, hear why a prophet was sent. Look at the condition of the world, this is not about you sitting down there and watching me and then say "eh hear what he saying." Understand what I am doing, understand what I am saying, is either this so or this is not so. Either this is so or this is not so. Then if this is so, then look how strong that control is. Jesus never argues with him when he said I will give you all the kingdom of the world, it belonged to him. Umm! The whole thing flashed there. But that is to go a next way, that is just for me.

This angel came down with glory lighten the earth. Was there something in this day that went into Africa, the Dark Continent, went into India, the land of paganism and thirty three million gods, that went into Mexico among the Aztecs and the Incas and them and all these ancient civilization? Then went into Europe, into Germany and into the Scandinavians, Norway and Finland and those places. And then went all over United States and Canada, the civilized places of the world. Science and education, cultured refined people, the heights of civilization. And did God shook it?

Did God shook it everywhere and show that the Bible is still true and there is one true living God, his name is Jesus Christ, and a prophet there proclaiming that Word. That the dead was raised eight times and hundred of thousands was healed and saved and millions was witnessed to by the power of God and signs on the earth, in the heaven. Shook medical science and all these things and manifested every sign in the Bible. That glory filled the whole earth, that glory lightened the earth friends. But did they accept that light? Did they come to the light? What is the condemnation? Light came and they reject it. Then could you reject light and stay in light?

They went into darkness, gross darkness upon the earth and upon the people. And look what the earth has become today. But that light did once shine. That light did once shine. That light

found a place to lodge too. That light found a place when the world would not receive it. He said if you wouldn't receive it I will go on the highways, I go in the by ways, I will get the harlots, I will get the publicans, I'll bring them to the kingdom of God!

Stalin knew about that, when he healed Congressman Upshaw, Stalin new about that, King George knew about that. Nero, India knew about that. He went into Africa, Ian Smith and all of them knew about that. Is that right? They knew about it around the world. But then what did they do? They rejected the light. They came out the light; this it is the light that lighteth all men, who came into the world. He came unto his own his own receive him not. The light shone in darkness and the darkness comprehended it not. They rejected the light! They turned it down! So they could build the cage. So they could build the cage.

And he cried mightily with a strong voice saying;

With a strong voice, that voice brother when he spoke, he spoke to the storms. He spoke to California "Los Angeles you are going to the bottom of the ocean!" That voice stop the.... "Storm go back where you come from!" That voice was so strong it created. That voice challenged all those religious leaders "get your Bibles and come and stand here in the presence of The Pillar of Fire."

That voice stood down there in that meeting and those men claiming they are F.B.I came, and those backslidden Methodist preachers. He said, "if I am a soothsayer and you have the truth you come to the platform, and if I am a soothsayer I fall dead if you are the soothsayer you fall dead." They found them running out. Telling you those girls were so frightened, they got healed, they said "oh Brother Branham, Brother Branham, please you know, the F.B.I. want to expose you, the F.B.I. coming to expose you."

He said, "honey, the F.B.I were in all my meetings. Captain Ferreira, I had him down there in the shooting gallery on his knees, praying to receive the Holy Ghost. He said, "He was an usher in my meetings." He said, "I have nothing to be afraid of." He said "you see him as a healer last night, come tonight honey you will see him in battle." He said "you will see him in battle."

When Doctor Best and them in Houston Texas there, January 1950, brother they come against him there. And they try to destroy him and say oh he claimed to be a divine healer. And brother he

tries not even to go and fuss there and the Holy Spirit “what you doing here? Go up there.”

Billy said, “daddy I thought you said you’re not going you’re going to fuss with those men?” He said “I am not going to fuss I am going to guard the Mercy Seat. Said God tell me go up there.” Come in the meeting, he said he sat down with a big overcoat, hat, dark shades and sitting down inside of there. Because he just want to come and observed. And after Brother Bosworth tied that old Baptist unbeliever, theologian in a knot.

He said “I think Brother Branham is somewhere here. Maybe I will ask him to come and close the meeting.” Oh my! He came to the platform. He said, “friends, you know, I came here, and I never claimed to be no divine healer.” He said, “Because I think people misunderstand that I wouldn’t call, my dear, Brother Best here, who is claiming me to be a divine healer.” He said I don’t think you will call him a divine savior because he preaching salvation. I am preaching healing why should I call myself a divine healer. Jesus Christ did both. He is the Saviour and the Healer.” And he said, “How many people here was healed in the meetings? And how many here are Baptist? And how many here are from Doctor Best church?”

Oh my! Hundreds and hundreds were raising up their hands here. Sometimes we have a bad minister there, have the church strangled, and carrying on using the pulpit for politics and all kind of things. Because they’re living like a parasite off those people. That’s right. And then, after that came, brother he stood there, and here come that Pillar of Fire coming down and the man took the picture. And the only supernatural being examined by the F.B.I. that they looked all around there and then they take all the tests and then they authenticated it. The examiner of questioned documents George J.Lacy had to authenticate that that was a supernatural being that struck the lens. Because the prophet had told them about that Pillar of Fire that was the one that was doing the healing, doing the discernment in the meetings. He said, “I am one just standing close, but he is here.” Then the camera caught it, and it was shown there.

Oh my! Not just that there, but when he came with seven angels, up twenty-seven miles high far above moisture. Moisture only exist up to nine miles, here is three times that. And a cloud a

supernatural cloud, photographed and sent all around the world. God was shaking the world; the glory was lightening the earth. And one on earth, reflecting the voice of the heavenly angel. That heavenly angel. Revelation 10:1 coming to the earthly angel, Revelation 10:7 in the Age of Babylon. What for? To call out from the cage. To expose the cage. To expose, what did Elijah do? Expose Jezebel. What did Jezebel do? Bewitched the nation and put everybody in the cage. And killed the prophets and caged them up in Baal worship. Is that right?

But Elijah came to bust that cage! And take those eagles out! Halleluiah! Oh my! Can't you see the Bible? Can't you see the hour friends? Let us be like Elijah. Let us be a witness in this hour friends. Young people let us be like little Elijahs, and Micaiahs. Let the spirit that is on me come upon you. This is the spirit you need friends. Let me tell you, you can't sit down there and want to serve this God I am talking about, with your spirit. You have to get the spirit on me that I am talking about to serve this God. Because this spirit come off of that spirit. That's right.

He was the Head it comes off the Head and come down in the body. And this spirit here comes down on the rest of the body. Otherwise you have your own spirit you live in defeat. When I say go right you can't go right you're getting a fight with that. When I say go left, you kind of want to reason why I should say go left. You're still in your own spirit. Let this spirit come upon you. Let the symphony come on the spirit of the director, who is in the spirit of the composer, then you watch God do things amen!

Then you watch a church, eagles that are not in the cage they can fly! Come fly with me this morning! Fly in these places in the Word. Fly in the power of God! We are not of this world. In times past we walked after the course of this world. Course is the same word there like age. The spirit of the age. World is Cosmos. The world highly organized and it's evil spirit that organized it in a form to trap and cage and hold captive the inhabitants of that world. But a new birth put you in a new world. And you are no longer an inhabitant here. You are pilgrims and strangers here, not an inhabitant.

Ooh! I can take a walk, I feel to go for a walk here and come back. Oh my! Jesus. I am going to close. For all nations, they have become the cage of every hateful, unclean and hateful bird.

That's devils, that's evil spirits. People in that cage are possessed with spirits. They have a drinking spirit, they have an alcohol spirit, they have a promiscuous sex spirit. They have a lying spirit, they have a deceiving spirit, they have a pretending spirit, they have a religious spirit. They have a jokey spirit. They have all kinds of spirits in that cage.

She is the mother of all abominations. That cage is full with children of disobedience. No way you can be a child of obedience and be in that cage. We walk after the course of this world, under the influence of the prince of the power of the air. But then God rich in mercy come down. Revelation 18:1 come down, whose glory lighten the earth and quickened us. And raise us out of the cage. And raise us up far above the cage into heavenly places where the cage had us dead in sin and trespasses! Religious even! But we come up to a place we start to know our position. We start to understand our power; we start to learn how to release our power. How to use our power because we born with a hidden power inside of us!

Verse 3; (Revelation)

For all nations have drunk of the wine of the wrath of her fornication.

See! Her fornication, her breaking up of the Word of God, to give you a creed and a dogma, to water down your spirit to take away your conviction. To make you a good mixer and not a separator. To make you a compromiser that is why people feel they all good, until they get in the presence of a Holy Ghost filled man with the Word of God. When you get there, your nakedness that you try to cover with a fig leaf comes out so fast, you take off and run and hide. That' right.

It happened in the Garden of Eden, the first time, when they thought they were well covered up. They were trying to cover up sin, but when God dropped down there, brother they ran for their lives. They said, "we were afraid we were naked." God said, "Who told you, you were naked?" And how they were naked, after they went and make fig leaf and make apron and cover up themselves? And then they look at each other and thought they were so good. No, no. Something came down. Something came down.

Let's try to finish out this and close.

*And the kings of the earth,
First watch the progression here,
of all nations, have drunk of the wine and wrath
of her fornication, all nations then the kings of the
earth have committed fornication with her.*

Then kings of the earth. The leader, the leaders of all nations.

*And the merchants of the earth, are waxed rich
through the abundance of her delicacies.*

And watch the business sector, watch the political sector, the kings of the earth. Watch the business sector, the merchants, watch her. The religious realm! You get what I am saying? She has the whole world friends.

*And I heard another voice from heaven; saying
Come out of her my people, that you be not
partakers of her sins.*

Come out of her my people. What did Jeremiah say *'for among my people are found wicked men. They lay in wait as he setteth snares. They set a trap, they catch men.* My people is among all this. My people is among all this. And God is saying what? *'Come out from among her my people'* God had people in that cage. Brother Branham these are good people but they're trapped in here, they can't come out. The system has them there they can't come out

*And that you receive not of her plagues
For her sins have reached into heaven and God
hath remembered her iniquities.*

That word habitation it means to dwell. A habitation, a habitat, see, to dwell, to settle. The word prison, to hold, hold the hold of every false spirit, it is a word means prison, prison. The prison, so that dwelling place, that habitation is really a prison. They living in a prison and don't know it is a prison. Because they never meet a prison like that. It's designed like an amusement park. But it is really a prison; they kept drunk with a false joy but is really a prison. A caged bird! Why are they thinking so? Because they're drunken, they're drunken with a certain wine from a certain cup.

She mingled it, she has them hallucinating. You get what I am saying? They're living in an imaginary world. They're living in a fictitious world of illusion. They're living in an unreal world. The drunkenness has them seeing so. Their vision get blurred, they

don't know what they're looking at. They're looking at the pope there; Satan and they're seeing this holy servant of God. Look at this church the great whore, who is the mother of all harlots and mother of all abomination of all the earth. And that God is going to kill and they looking at it as the great church of God. They're drunken.

They are under a delusion. The wine we get didn't drunken us that way, it gave us stimulation, it opens our eyes to see the truth. God has wine and he has wine. When the woman at the well got wine her eyes opened 'come and see isn't it the Messiah.' When Phillip got wine he went and call Nathaniel 'come and see, is he who Moses spoke of.' They were seeing the scriptures coming to pass. They get this wine and they start to see Satan as God. And his whore as the virgin bride.

They say "all religion nice and isn't it a great thing the whole coming together? Oh that is wonderful, really I have to support that. Time to get rid of all these little cults who criticizes religion." You get what I'm saying? He said they will kill you thinking they're doing God a service. Didn't they do Jesus that? And he said if they called the master of the house Beelzebub won't they call you too? And if they hated him they will hate you too? That's right friends.

Because world embodies the idea of time. When it embodies a body of time it is called 'age.' The present evil age. You see the Gentile world was divided in time. You get that? Times of the Gentiles. You have Babylonians... in that age the world is characterized by a certain influence and a certain spirit that conquered the whole world and bring it to that spirit. Medes and Persians that was a spirit that they conquered the whole world and bring it to that spirit. Greece they conquered the world and bring it to that kind of spirit. Just like how we had Seven Church Ages and each age, God was identifying the condition of the age. Is that right? Each age had it own character is that right? Each age has it own spirit. And each age was rebuked for its own sins. And each age is complimented for the good things in the age too.

When you're dealing with time, when you get the morals and character like Paul said in the last days. He showed the spirit of the Age. They had doctrines of devils, they had seducing spirits. They will depart; they make people depart from the faith. They

have itching ears, heaping teachers to themselves. They will ever learning and not able to come to the knowledge of the truth. He is doing what? Identifying the spirit of the age on people. It says Laodicea people's rights watch that spirit dominating the age. Age of banking and commerce and money and plenty. Watch that kind of spirit in the age. Is that right? That is the age.

Then the world now. When the same word world is not about time but the system now. Cosmos! The meaning there is little different. It speaks of order, it speaks of arrangement because cosmos when we say world but world is abstract in your mind. But the word there speaks of harmonious arrangement. We put this here because we want that here. It is being fixed that way. It speaks of constitution, the lust of the eyes, the lust of the flesh, the pride of life.

This world is designed for unconverted people so they have to have things for the lust of the eyes. That is why it has over two hundred and eighteen million pornography sights on the Internet. They set a snare that little children click here, click here, and click here. And they're in the sewer. And they can't come out of it. And if God is going to give them a wife one day, they see her as something to exploit and experiment their filth with. Because that is what filled up their mind. They can't treat her like a lady. You get what I am saying?

Who designed the world to put all that there? The world, he built an Eden. To build a house it takes a plan, to build a city it takes a bigger plan. To build a nation it takes a bigger plan. To build a world, a kingdom, then you have to fix everything. They don't have enough amusement, some still sober, and they have to find more amusement to keep them drunk. Some their constitution so strong, they can go twenty hours and they're still up going. They say we need to give them sports, twenty-four hours day. Say we need to give them five hundred channels. Click, click, and click, click, click, and click here. Like a zombie, no time to pray, no time to read, nothing to get constructed and seek God, nothing at all they're trapped, trapped!

While they thinking it have things to see to enjoy themselves. They don't know somebody put that there, for them to see, to hold them. They think they're getting a privilege to see not knowing

somebody put that to lure you and trap you. That bird is not seeing the cage and that bird isn't seeing the snare and the bait.

When a man put a trap it has to have a bait, to lure you to the trap. And the bait has to be something that will attract the thing that is hunted, to be snared. So if you're going to trap a rabbit, you have to know what a rabbit like to eat. If you're fishing for a fish you have to know what kind of bait will attract that fish. If you going after a certain kind of animal you know where he is feeding, you have to know how to come on his trail where he leaving his footprints. You have to know to pick up his stool and see if it is warm to know if it just dropped, that means he is nearby. When he's nearby you have to watch the time of the day, and you start to understand what time of the day he moves around to feed. So tomorrow you already have all that knowledge about him.

Why do you think they have you with a credit card? Buy this, buy this, do this, do this. They're learning you and they're getting a trail for you. And they start to know what you like. Why do you think they have poll conducted to see; what selling, what is top ten, what here, what here? To understand the appetite of the people and what is having influence upon them. To know how to put more, to hold them in the market. But in the world the people he manipulating to do that they call them 'we are studying the market to make our company bigger and more successful and so our workers will get an increase of the company. And then they will have room to progress in the company.

And you say oh praise God that is nice productive thing whew! This is a good thing to work with. No you have been enlisted as one of the hunter dogs because he is going after prey and he has you in his kennel and he didn't give you those courses for nothing. Those courses were dog training. I hate to burst some of you all bubble. But you know is the truth I am talking. When this gives you pressure it shows you're being manipulated to love this world and you haven't really separated from it and you aren't just using it, you're starting to become an inhabitant inside of it!

You have your own conscience to deal with that is you and God, I say what God have me to say already. But I think this is to show a man what taste is in his soul whether he is a thinking man and he has a holy man taste. Because if his thinking is not filtered, by the Message of the hour and the opening of the Seven Seals that

shows to us this Eden and the architects and the builders and what stage it reached at. And he is coming to enthrone as God because he has blinded and drunken the whole world and he has them caged up and the Message with a strong voice saying ‘come out of the cage!’”

Because he sent the Son of Man to deliver us from this presence evil age. From under the influence of the god of this evil age. Who had led them into apostasy and the rejection of Jesus Christ because of conspiracy is strong and the people are increasing continually unto Absalom who has stolen their hearts. Oh give him a handclap!

That’s the Word of God. Oh I feel that’s the Holy Spirit. I feel that strong voice is echoing again. God is busting up that cage, God is freeing eagles! Oh my! We are free from the chains of any man! We are free from the system! We are free from the depth of Satan! Let’s us rise and shine! Let’s us get up in the realm of God. Let’s move into a greater faith! Let’s take a stand for this Word! Let’s be determined in our heart today we’ll be tied to the Word; Let us refuse to play church! Let’s wake up and know the day! See the snares! Oh my! Let’s stand to our feet.

Oh my! We are free from the chains of any man! Oh thank you Lord! Halleluiah! Halleluiah! Halleluiah! Glory, glory, glory! Oh my! Where’s Michael? Michael use this mike at the side. Let one of those boys take that bass guitar. No you don’t lead me you just come along with me. Amen

Freedom from bondage,
What would you choose today?
A free man forever
Or a servant to the grave?
You can have a life anew
I know God will see you through.
He is calling a bride unto Himself.

We are free
From the chains of any man,
We are free,
And freely we can stand,
Before the world and its religions,

And boldly testify, that we are bought
With a price.
His blood has been our sacrifice,
That makes us free for the marriage
Unto him.

Revelation 17, she drunken the world and the kings and the merchants, and the people. Revelation 18 God came down in an evil day in a dark age when, gross darkness on the earth. Arise and shine. The greatest light that ever shone Amen! And then what happened 'come out of her' a Message of deliverance, Revelation 19: the marriage of the Lamb. Taken out of the cage, to go into the Marriage, into the Rapture. Revelation 17, 18 and 19. He said watch it there, after a mystery have been uncovered a voice come down. After that voice comes then watch God taking her out. Oh my!

He said "I was in the Cincinnati Zoo I was hearing that thing such a racket. I wonder went down to see what, may be, some animals fighting. He said it was no animal fighting, it was a big eagle there in a cage. The devices of man, the wisdom of man. He said the cunningness of man, had built a cage and went after a hunt, to catch this bird. And shut him up in a cage and now they had him trapped.

And he laid there, he wasn't made for the ground. Oh my! And the poor chap he knows here is not for me! He looked through those bars and he saw that blue sky he saw the other eagles flying there. He said he ran from one end of the cage and he hit against that cage. He rocked back come again in a next prayer meeting start to pray, hit that cage and fall back. Oh my!

Trying to make a stand on the job, hit that cage! He is looking for a way out. He is looking for a way out. And he said, "I stood there and I studied him as I watched him." He said, "the blood was running down his face." He said, "his eyes were all battered, his feathers on his face was gone. They lay all there on the floor." Because he refused to be caged, he refused to be caged!

He refused to be part of their system. He wanted to live for the desire that was in his heart. He was born a special bird, he wasn't no corbeau, (Vulture) oh some owl or kiwi inside of there. He was a heavenly bird to live up in the rock! In no other cage, had any

body trying to get out. But in his cage he wanted to come out. He was trying to bust out his cage.

He said, "I wish I had my hacksaw blade." He said "I stood there I walked around until I went to the people and say will you let me buy him? Would you let me buy him? I want to pay the price. I will pay the price I want to take him out of there." They say "no you can't buy him." He said, "with tears in my eyes I walked away so broken, so grieved!"

And he said the voice of God spoke to him. He said the Holy Spirit came and spoke to me and said, "You have seen sadder sights than that." He said, "You have seen sadder sights than that." He said, "Where Lord?" He said "when I see a son of God drinking, when I see a son of God smoking, when I see a daughter of God painted up in shorts and cutting her hair and living below her God given privileges. When I see a man that God called to be a man and a woman that called to be a woman and a person that God called to be a Christian and he said they can't walk in that, they caged. And they can't break through to take that position. He said I see a sadder sight than that."

My Ford and my hacksaw won't do good for them. But God according to his will, he sent Jesus Christ, who gave his life that he might deliver us from this present evil cage, evil age, evil cage! This organized world with the rulers of darkness, to keep us under the control and keep us drunken and make us children of darkness. Where the principalities and powers in the realm of politics and military, business.

Then all the pleasure, the realm of religion to hold them in superstition, to keep churning out of the seminaries, more and more Bible school. Rickies in the pulpit, men without character trying to handle the Word of God, preaching a social gospel. Taking away the days of miracles and all these things. And preaching them into unbelief, sin in the pews. Holding the world like that, highly organized.

Highly organized, but when God get you out of the cage you put on the whole armour. And you get ready to go into battle against that evil system. Against Nimrod system, against that evil system that is in the earth today. Oh my! I am still in my introductory stage with these things. But you're getting the picture; you're getting the picture. And my brother, my sister if you are seeing

these things, for the Bible talks about the cares of this world. Take no thought for it Jesus said. It talks about the sons of this world is wiser than children of light, than his own children. They go out there, the people in the world, turn around and manipulate sons and daughters of God. Have them following them under evil influence. When they should be the ones with the truth could help them out of the cage.

What kind of Christian you want to be today? They talk about the rulers of this world, if they had known, the Lord of glory they would not have crucified him 1 Corinthians 2. It talks about the wisdom of this world is the foolishness of God. This world has it wisdom, this world has it rulers, this world has his sons, this world has its cares. It talks about the fashions of this world; don't be conformed to it. And be squeezed and shaped into the mould until you can't tell the difference, you're reflecting the cosmos.

It talks about the character of this world, this present evil age. It talked about the god of this world who has blinded the minds of the people. You see the world is? It talked about the corruption that is in the world. Peter said you need the divine nature to escape the corruption that is in the world. It talked about the defilements of the world and the rudiments of the world that defiled so many. How Balaam got defiled by the word of Balaak and them. How Elvis Presley and all of them got defiled by the world, went out and use the gift for commercial out there.

Worldly lust, the lust of the eyes and the lust of the flesh this is the world John said it will pass away. And which world you are reflecting, when that pass away you pass away with it. Lot wife was looking back into a world that was judged. She was being taken out of the cage and she was looking back at the cage with glamour. And when that world passed away she passed away. And when she was passing away in that world; and a new world and a new age was dawning for Abraham and Sarah, and they start to feel it all over them. Sarah's old age pass away and she passed into a new body. And Abraham's old body passed away and he passed into a new body. Because you are going to reflect what world you are in friends. The people in Noah world, passed away when that world past away. But Noah received something, a mystery that took him above the world. And those who went with

him went above that judgment too. Remember, remember, the
Realisation of this Insane Age.

Let us sing this little song. Let's start with the chorus "*We are free.*"

*And we are free
From the chains of any man,
We are free,
Oh we have been made free friends
And freely we can stand
Before the world;
The Cosmos and all those denominations
and its religions,
And boldly testify, that we are bought
with a price.
His blood has been our sacrifice,
That makes us free
For Revelation 19, for the marriage
for the marriage unto Him
We are free
Purged and born again,
So rejoice that in our day, the price for
Freedom has been paid.
Who the Son has set free
Is free indeed.*

Oh you sing along is 461

*Through the seven ages of the church,
Like servants unto man,
enslaved by vain traditions,
And a world of self made plans,
Would we ever be made free
Or be granted liberty
Or be forced to serve the systems
round about us?
But the Bible tell about (Revelation 18)
A seventh year release
Where the masters free their servants*

*If they choose to be set free,
And at the dawning of the day
They could go on their way
Or take the mark of bondage ever
to be a slave.*

*Freedom or bondage?
What would you choose today?
(Think about it! A free man forever
Is that your choice?)
A free man forever
Or a servant to the grave?
You can have a life anew
I know God will see you through,
He is calling a bride unto himself.*

You want to come out of that cage today friends? That voice is speaking you want the house of hell to give way from around your lives. The people were crying, “we want to be delivered. We want to be delivered”. Is that the cry? Those who cry for it, he is going to give it to them. Those who don’t cry, he can’t give them. You cry for it.

*We were bought with a price,
His blood has been our sacrifice
That makes us free
For the marriage unto him.
We are free,
Purged and born again,
So rejoice that in our day, the price for
freedom has been paid.
Who the Son has set free
Is free indeed.*

*oh our name is something different now,
Sing that, no more slave but son, Hallelujah! Daughter.
Our life is not our own,
We’re united with Jesus Christ,*

*And Jesus Christ alone,
And there's no man can take His place*

Let that man of sin know that your worship is for one, that's the Lamb of God that taketh away the sins of the world. No man of sin sitting down there exalting himself above the Word and wants worship friends, God forbids. Let the devil know that he is a liar. And is going to the lake of fire. Amen! And you take a stand for Jesus Christ today. Hallelujah!

*We are free,
Likes eagles in the sky
We are free
So spread your wings and fly,
Don't look back, don't turn around,
To Christ we're heaven bound.
Who the Son has set free
Is free indeed.*

Oh sing it, sing we are free again.

*We are free
From the chains of any man,
We are free,
And freely we can stand
Before the world and its religions,
And boldly testify, that we are bought
with a price.
His blood has been our sacrifice,
That makes us free for the marriage*

Put your wedding bands upon you. Make your vows to him today! Tell him you love him. Hosea, Saviour took his wife out of the slave market. He restored her to her rightful place. He washed her and cleansed her. He bought her out of that bondage.

*Unto him.
We are free,
Purged and born again,*

*So rejoice that in our day, the price for
freedom has been paid.
Who the Son has set free
Is free indeed.*

*Oh our name is something different now,
Our life is not our own,
We're united with Jesus Christ,
And Jesus Christ alone
And there's no man can take His place
There's no church we'll have to face
Because the voice of God is speaking
Now through us*

*We are free,
Likes eagles in the sky
We are free
So spread your wings and fly,*

Spread your wings and fly, fly or die today! Rise up above this world, rise up in the faith, into the power of God. Set your wings in the power of the spirit. Don't look back friends, hallelujah don't turn around, to Christ we are heaven bound.

*Don't look back, don't turn around,
To Christ we're heaven bound.
Who the Son has set free
Is free indeed.*

*We are free
From the chains of any man,
We are free,
And freely we can stand
Before the world and its religions,
And boldly testify, that we are bought
with a price.
His blood has been our sacrifice,
That makes us free for the marriage*

*Unto him.
We are free,
Purged and born again,
So rejoice that in our day, the price for
freedom has been paid.
Who the Son has set free
Is free indeed.*

*That makes us free for the marriage
Unto him.
We are free,
Purged and born again,
So rejoice that in our day, the price for
freedom has been paid.
Who the Son has set free
Is free indeed.*

*We are free,
Likes eagles in the sky
We are free
So spread your wings and fly,
Don't look back, don't turn around,
To Christ we're heaven bound.
Who the Son has set free
Is free indeed.*

(Brother Vin. Prays for the believers who came and stood before the altar as the musicians play “*We are free.*”) Oh let’s us sing softly “*We are free*”

What a mighty God we serve friends, what a wonderful God. What a wonderful God. To deliver means to rescue, to rescue to deliver that is what the gospel is. A rescue, an emancipation from a state of bondage. Amen!

Not a removal from the world but a rescue from the power, from the grip and the defiling influence of this present evil Age, this Satan’s Eden. Oh my! May you desire that today. This evil age is where the prince of the power of the air. That word ‘evil’ in Greek is a world call *Pone rosé*; there is another word for evil also, which is *capos*.

But capos is used when it speaks of the man, who is content to perish in his own corruption. He is a sinner he knows he is going to hell, he is just going to have his way and go down. That is a capos man. But pone rosé, this evil age this pone rosé, age is a man who is not content unless he is corrupting others. As well as drawing them into the same destruction with himself. That is what the word means.

He is delivering him from a world that is not contented to be destroyed but is trying to use all its power, all its evil, its cunningness to take others and bring them down into the same destruction and corruption as itself. That is the character of Satan friends. That is what Paul describes this age, 'a pone rose age' this present age is not contended to perish in its own corruption but it seek to draw all men down with it to its own inevitable destruction.

And present is in contrast to future. There was a past world that was destroyed by water, there is a present world that will be destroyed by fire. But there is a future world where we will be in the presence of God. There is a past you and there is a present you and there is a future you also. Where you have no sickness in this body, no mortality, no corruption. This corruption will put on incorruption this mortal will put on immortality. That's his promise today. Would you receive that, you love him.?

Turn around to your brother and sister say 'let us press the battle. We are determined to press the battle. Let's take a stand, there is a cause. There is a cause, let's make a stand. Youth Service Wednesday, we begin Wednesday I want all you young people. Come out with me gather around me stand ... I want you to help me I want you stand with me in this fight. I want to evangelize this place with young people.

I want to see this year, many of them get fill with the Holy Spirit. If not all of them. I want to say all of them! I don't want to say some of them, God will give me what I ask for, so if I say some and God want to give me all. I don't want to, when he say shoot shoot three arrows, when I could shoot all the arrows amen! Hallelujah! I want my ministering brothers to stand with me. I want the workers to stand with me. I don't want you to come and look at me I want you to become a worker in the church. I don't want you to sit down and find fault and criticize if I'm doing a

good job or I'm not doing a good job. I want you to say brother I'm with you in that. Brother I'm standing with you brother.

You will see me out there talking with them, you will see me in conversation, you will see me sitting down next to them and you will see me getting down in prayer with them, amen! And when I can see that I know you understand you get in the same spirit too. And that is what I'm expecting. Let's break all barriers. Let's pull out all stops. Let us do this thing in this church family. Let's not leave one hoof behind.

Let's come let's use our influence. We had a deacon meeting the other night we sat down there and we were talking until after half past one. I said look at this where you're going to find men in this country or around this region who is sitting down this hour of the morning when they have other things they could have done, depriving their own selves, coming out together trying to think of taking what little substance they have, what little time they have and try to use it for the advancement of the kingdom of God.

And I believe when you have objectives and motives like that. You could have faith. Because your objectives are right because why? You know you are justify in asking what you are asking for. Because you know that's the will of God. If it is God's will to send his Son to die that you may be delivered. Then it is still God's will, then we as members of the body who that deliverance is working through, by and through the members of the Bride. That's what he is asking. He said "come and become a co-worker in this plan of redemption to finish this work, to go hunt our lost fallen ones."

Sometimes we think they out in the region, sometimes they're quite out in Africa, sometimes we think they are in Russia, they right here among us. In the benches we shake their hands, we talk with them. But you know something we stand up and watch them sometimes friends, I say let's come, I say let's pray, you believe this Message. I'll say let's put our belief together in one basket and let us take that belief and channel that belief in a positive direction.

Let's see where have a need, let's see a life that has a need, let's see a place that has a need and if we are believers. Stop walking around and saying we are believing and I have the power of God and I have the revelation. Let's take it and say I have a little

brother here, I have a little sister here, I have a friend here. I have a little one here I will like that influence to use in a way in a channel in a divine, under divine leadership where God can take that and at the end, lives can be won for him.

And you tell me if you could find a better way than using the Holy Ghost to save other people. I believe that is what it was given for, to finish the work that he started. Is that right? That is what the Holy Ghost is given for. Oh praise his mighty name. Let's bow our heart as Brother Melville come and pray and ask God's blessing and dismissal. All around the building wherever you are in the last moments we have the time to pray. In the side rooms, in the back rooms wherever you might be, be sincere in your heart now.

And let us as a people sensitized, under the Message this morning; the presence of God is still here. Seeing that God is willing, he is willing and not only willing he is able and not only able, he is related and not only related, he is interested right now and he is seeing every one of us right now and you could say "Jesus I am one, I am one, I didn't go up in the line but I'm one. And would you help me? Lord I'm standing here for my brother, Lord I am standing here for my unsaved sister, standing here for my unsaved father, standing here for my unsaved mother. What ever it is right there, he will hear that also.

Let's believe. Faith can change things friends. Let's unite our faith. Brother Melville prays. Amen! Let us try to be out Wednesday, pull out all stops, its important, we want God to bless us, we have to move in God's time. You have to beat the iron when it s hot, you have to make hay when sun shines. You can't fight the battle when is not time to fight the battle. Wash the clothes get adapt, these clothes have to get wash, water locking off, you get a little space for water, restructure your programme; it is not going to come under convenience. Because God has a reason for doing it the way he wants to. God bless you. You may have your seat. Hope you enjoy the service; we love and appreciate you amen!

May he give us a great time Wednesday night.
