*...feeling in the air,*

*Keep your eyes upon the eastern sky*

*Lift up your head,*

*Your redemption draweth nigh.*

Oh, let's try the first verse. Years of time have come and gone.

*Years of time have come and gone*

Since I first heard it told

*How my Jesus would come to earth again*

*If back then it seemed so real*

*Then I just can't help but feel*

*How much closer*

*His coming is today.*

Oh, everyone singing.

*Signs of the times are everywhere. Hallelujah!*

*There's a brand new feeling in the air*

*Keep your eyes, hallelujah, upon the eastern sky*

*Lift up your head,*

*Your redemption draweth nigh.*

Hallelujah. Father, we thank you tonight for this blessed privilege to come and assemble in Your House. Coming, dear God, with the understanding of the lateness of the hour that we are living in as your Holy Spirit, dear God, has moved in such a way to sensitize us and to awaken us, seeing that you have described the time by sign.

At each junction, dear God, you do things to keep this reality alive within our hearts, because we know, dear God, when that end of time seal begins it's a total secret. The world in gross darkness, judicial blindness striking them, oh God, to fulfill the Scriptures; a world groping in darkness, groping in insanity, but the dawning of this great new day, the signs of the time everywhere, we can read the handwriting on the wall that we can be posted.

Dear God, we can get in the rhythm of this great symphony of your Word as it comes to it's great climax in this hour, a sign of a

sin-free Church coming into fulfillment, Lord, even as it is written there will be a glorious Church without spot, without wrinkle, the Bride, the Lamb's Wife, the City built foursquare having the glory of God that nothing which is defiled can enter in.

Gracious God, how it behooves us to look into our own hearts tonight and take inventory, oh God, to know Lord, that you spoke to us concerning these things down through the years, but as the day advances, as time is quickly running out, the gospel will leave the gentiles and go back to the Jews. The tribulations will begin to fall and many of the gentiles will wonder how come that they are still here when all these things are taking place, saying, "Wasn't there supposed to be a rapture?"

The prophet warned us, something so great and mighty will move right through us if we don't have the token to examine it, it will pass through us, Lord. And he told us about God being revealed in simplicity, hiding himself in humility. Nine out of ten times they're praising you for what you did or what you will do, but stumbling over the simplicity of your Word coming to pass, despising the day of small things.

You came in secret, you entered the temple; the fullness of the glory of God veiled behind human skin, the great river flowing out, that you could say, 'He that is athirst let him come and drink.' You showed to us these things in St John, Chapter 7. You showed to us, dear God, in this hour of the coming of the Son of Man, when you come like a thief in the night, when you come in secret, dear God.

Oh gracious Father, we pray tonight that your Holy Spirit would continue, dear God, to open these divinely revealed mystery truths, realizing, oh God, that how down through the age they knew a time like this was going to come, when the Holy Spirit would speak expressly, when the hidden secret of redemption that had to wait until the days of the voice of the seventh angel to be sounded, to be opened.

Now we have done gone forty-two years pass since the coming of that angel, Father, since the opening of these great hidden things, dear God, and we have seen the world slip into such a condition.

Violence filled the earth, the end of all flesh is come; the second woe is passed and behold the third woe cometh quickly.

The flashing red light of the signs of your coming, while we look around in the natural realm and see all the natural signs – Churches uniting and armies uniting, it's a reality, Lord. Nations uniting, then dear God, there's another uniting taking place; an invisible uniting - the Head coming to the body baffled the world, and they don't know how to look and what it means.

As you told your prophet, 'turn it to the right angle' and he saw the Head of the Church, the great Headstone, Zerubbabel on the earth, hallelujah, announcing 'Behold, the Bridegroom cometh!' There's a man here who could turn on the Light, the greater than Solomon is here introducing this One to us, who came to be Lord, and Ruler and Master of our lives. Who came to have the pre-eminence and the oversight and the leading.

Write these things in our hearts, Lord. Keep us awakened to these truths. Keep us influenced by this divine influence. We see oh God, with the pressure of this age, and so many, oh God, under the effects of this pressure cannot seem to stay anchored as they should, Lord.

How we pray that the great Holy Spirit would so tie the souls of your children to this great absolute, no matter how the storms rage their anchor will hold within the veil. Hallelujah! We could labour to enter in there, Father, where we know 'There is now no condemnation. It's not by might or by power, but by Your Spirit.' Christ in us, walking in our feet, speaking through our lips, believing with our hearts. God, every move expressing you.

Take full charge of this Service tonight. Remember your children out in the region, dear God. So many times, oh God, we would pray and we ask that You would be close to them, that You would minister to their needs, because, dear God, we are mindful of how they need to be visited, and to have time be spent with them and to not just be there in the flesh, but when we are there we could be so linked up with You, and Your Holy Spirit could flow through us to make the visit meaningful, to make it profitable beyond getting in a plane, dear God, beyond being there in a human way, though all these things have a blessing in some way or the other, but God, to see them in the condition. To see them walking in the fullness of what is taking place.

We desire this for all of us tonight. We ask that you remember the sick and the needy ones among us, oh God. Let there be no

schisms, nothing in our midst that would hinder them from receiving the blessing.

Nothing to hinder our prayer when we would pray, that we could walk with You, and know we have this great favor that whatsoever we ask on their behalf, this great love in our hearts will project out, Father, and Lord you will come down and give the blessing.

Lead and direct us in what we should say and do, tonight. We give you honour and glory. We commit each and every one into your mighty hands for the remaining portion of this Service. May it be to our edification, Father. We pray and we ask it in Jesus' Name. Amen.

Amen, praise His wonderful Name. God richly bless you, tonight. We just would like to open up the Scripture a little bit again and like to read over in St Luke Chapter 12 took that little bit there on Sunday morning, we had that together with Matthew Chapter 16 and Jeremiah 8 and Isaiah. Speaking of **KNOWING OUR APPOINTED TIMES**. Amen.

Luke 12 verse 54.

*And he said also to the people, When ye see a cloud rise out of the west, straightway ye say, There cometh a shower; and so it is.*

And we have seen a great mighty Cloud rise out of the West in this hour, and we know that there was to be a shower, showers of former rain and latter rain to come.

*And when ye see the south wind blow, ye say, There will be heat; and it cometh to pass.*

You see the sign in nature, you see the law of God in nature at work, you know it's designed in this way so it could be read and understood. It could be predicted, and those who understand these laws and those who study it, they can know how to plan and prepare successfully.

So Jesus is showing them that, how they do that in the natural, you say something, you see the sign, you speak. Like Bro Branham saw seven angles coming in a blast in the form of a pyramid. He says "Is this my second climax? Is this the Message that was prophesied on the river? Is this those thunders coming forth? Could it be my brethren? Seriously think."

He had seen the sign and He spoke, and so it was. He came back around and say “What was prophecy has become history.” So it was the same law for the natural. He saw a cloud rise in the west, he went forth and spoke. He knew when there was to be a Message. The latter rain was promised. There is to be former and latter rain come together in the same season. He say:

*Ye hypocrites, ye can discern the face of the sky  
and of the earth; but how is it that ye do not discern  
this time?*

We must be able to discern the time. We must be able to discern a man’s spirit. We must be able to discern the Body of the Lord. These are things, we must be able to discern between good and evil.

The Bible tells us about all these discernments that get your senses exercised that you can discern good from evil. It say, ‘Discern the time, discern the Body of the Lord. For this cause many are sick and weak.’ Discernment of Spirit, the prophet tells us, discern a man’s spirit.

May the Lord add his blessings to the reading of his Word. You may have your seat. I’d like to drop over in the 19<sup>th</sup> Chapter, 19<sup>th</sup> Chapter of St Luke. Luke 19 and verse 41.

*And when he was come near, he beheld the city,  
and wept over it,*

*Saying, If thou hadst known, even thou, at least  
in this thy day, the things which belong unto thy  
peace! but now they are hid from thine eyes.*

*For the days shall come upon thee, that thine  
enemies shall cast a trench about thee, and  
compass thee round, and keep thee in on every side,*

*And shall lay thee even with the ground, and thy  
children within thee; and they shall not leave in thee  
one stone upon another; because thou knewest not  
the time of thy visitation.*

They were promised to be visited from on high. They were promised that the Dayspring on high was going to visit them. They were promised the Seed that was promised Adam and Eve in the Garden, they were promised Abraham. They were promised David was going to come. They were given a promise that Moses say, ‘The Lord, thy God, will raise up a prophet like unto me.’

They were promised by Isaiah, the forerunner was going to be the voice of one crying in the wilderness, who was going to introduce this Messiah to them. All these things were promised them, and yet when it came they failed to recognize this promise had been fulfilled. They failed to come into the place and the condition where they were going to receive the blessings that this promise was designed to bring to them.

Sometimes when you read these things you realize how you can read things in the Scripture, because these people, if you were dealing just with the Scriptures and you would ask them, “You believe Deuteronomy 18:15?” They say, “I believe it with all my heart.” “You believe Isaiah 61: 1 and 2?” “I believe it with all my heart.” “You believe Isaiah 43?” “That’s the ‘Thus saith the Lord’ of a prophet.” “You believe Genesis 3:15? Heaven and earth will pass away?” They will say, “But that Word will never pass away.”

Sometimes we fail to realize reading the words of the prophet, believing it, knowing it’s the inspired Word, it is the Scripture, but seeing it coming to pass is a different thing to that. Seeing it coming to pass is a different thing. The satisfaction is not just, “the Word said it and so it must come to pass.” That is not the satisfaction, because the Seventh Day Adventist was teaching, before the prophet came on the scene, Elijah was going to come, but when the real Elijah came and identified himself in the Scripture and God vindicated him, they didn’t believe it.

The Sadducees and the Pharisees were telling Jesus’ disciples, they said “Elias must first come. How you could say that man is the Messiah?” He say, ‘Elias is already come, and they did unto him whatsoever they listed.’ They believe Elias was going to come and they were looking for Elijah to come, but they didn’t see it fulfilled. They see the man, but in their mind “that don’t mean that.” And because that don’t mean that it went right through them, and the Word was fulfilled and they were still looking for the Word that had become history, they was looking at it like a prophecy, still.

That’s why in the Message today; we have about, maybe sixty percent of the people who are confused. “Is the seventh seal opened? Is the seventh seal revealed? Is Bro Branham going to

come back and open the seventh seal?" Why? It happened and they couldn't recognize it.

Then the prophet tells us, you must have the right concept of what you're looking for so you will be able to recognize it when you see it. God is identified by His characteristics. So, if you looking for God, you must know something about God, when He promises something, how He works in bringing it to pass. And to every thing there is a time and a season, and to every purpose under Heaven, there is a time and a season. So God has a way that He makes known things in each age to the people.

One of the great things we have in the Message is the Pillar of Fire over the Prophet's head and the Cloud up in the sky. Those are the two great things that Message believers, in trying to convince people we are living in this hour, that is promised in the Bible, they say, "Look, the Pillar of Fire was photographed, and never seen since the early Church for two thousand years, and appeared back in these last days, and whenever it appeared in the Bible it came for an exodus, so there has to be a going out of the people.

And look this Cloud; it was not a water vapor Cloud, the Scientists are the ones who say it is twenty seven miles high in the sky, three times where water vapor does not exist. Water vapor is about nine miles; this is twenty seven miles in the sky. And then here you see that we have this and the Scripture says "When you see the Son of Man coming in a cloud with power and great glory."

Well many of the pictures that you see artists paint, Jesus is sitting on a Cloud and the cloud is coming in the sky and all around Him is angels. But when we see Jesus coming in a cloud its nothing like what the artists paint. And even if you read Revelation 10, it says 'Another mighty angel come down' but when you reading the Book and you seeing the picture he's talking about seven angels. So you could debate and argue, this one angel and seven angels, and a mathematician will tell you, "Look seven: one, two, three, four, five, six, seven. Look one." They see seven, but when they see seven we see one. Why? Because you have to see it by revelation.

Now, you see, this is what I'm trying to show you. You see, many times people say they believe something, but they don't know why they believe what they believe. And they don't have

the ground for the faith in it, because it's not just believing and saying "Well I think that really is God coming there, you know. I won't let a person change my mind about it."

But then if that don't influence your life every day, and you realize since that appeared the end of time seal started and is a secret, and only the elect know what is going on since that time appeared, and that was the opening of the seventh seal, then you would not be living in expectations, you would be going along with the picture, and when somebody asks you what the picture means, you give your explanation of the picture, and you leave the picture February 28<sup>th</sup> and you leave the picture with the prophet when he went to Arizona, but where is that One? That One supposed to be with the Church because the prophet is not here. Because when the Master came, if that was the coming, He came to the living ones after the Voice announced "Jesus is coming."

So, your ground for what you believe, when God now is still unfolding and unraveling this mystery coming down because the revelation is progressive, it's not a historical thing like, you know, "That was really clouds, so those clouds evaporated. Maybe the clouds formed the face for a season." That wasn't water vapor. That was the glory of a being. That was God taking a form – en morphe in the Bible, so when you go back to the Bible with that, that is Scriptural.

When you go back to Exodus with that, He appeared in a Cloud, a Cloud came in the tabernacle, and that Cloud was symbolic of the presence and the glory of God. Amen? And when you go through the Old Testament every time you read about Pillar of Fire and Cloud it's the same word. And when they say 'Jesus was caught up in a Cloud, a Cloud received Him out of their sight' it's the same word. And when they say 'We will be caught up in a cloud to meet Him in the air', it's the same word throughout the Bible.

It's a man who was in contact with the unseen world and when the time came for the fulfilling of things He was receiving something that the understanding of was in another world. And so these angels were ministering Spirits, which is the Holy Spirit ministering. Because he said "Each day one of those came and opened the seal." He said "And I sat there in the presence of this Light" because they were revealing. It was the time of the

revealing, and this is the Word of God coming to the prophet from God so he could become the mouth piece on earth to declare the will and the thoughts of God, but this is how it is happening.

But it is happening in a form and in a manner because that is how it is described in the Bible. That is how when Moses was getting the Word, a Cloud was coming. He was caught up in a cloud, and he came back out with Word, Word of the will of God that was not previously known before that cloud came and before he went in that cloud. And God had to keep the pattern.

Because for us to understand that is repeating again in this day, and so if that was a shadow we could look at the shadow and see the unchanging God in the unchanging continuity of His Word, Jesus Christ the same yesterday and today and forever, and then we can see He made a pattern of this day so we will know how to prepare and follow, and know what kind of results it will bring us. It will take us to a promise and place us in an inheritance.

So, if we are not coming to a promise and we are not coming to a knowledge of our placing and begin to live in that position, what is the reason for the picture? It's just to tell you that the prophet had an experience. You understand what I'm saying?

Now that's why, in following these things, this, with God, geography doesn't matter in the sense of, we are gentiles, we are not being dealt with no certain, certain piece of real estate, and God has His children scattered everywhere, and the Holy Ghost comes to them and gives the revelation. So we could be under a tree by the road and cars passing fast, that don't stop God from bringing the revelation if we are the elect, because He reveals His Word in the time and season.

So there is no valid ground for wondering, or could it be, or could we really have this great eternal God who made the heaven and the earth in our midst very close opening His Word. The only validity you could give to that is your unbelief. Because if you could stay here and be healed, you're accessing a supernatural thing from another realm, from that living God.

If you could love somebody and forgive somebody in your own self you don't have that, you were born a sinner. If you have the Holy Ghost you came in contact with something from another world that came inside of you, and did a miracle by changing you from what you were to what you are.

And if you go in the Bible, revelation supposed to follow that, because when the Spirit of truth comes He leads you and guides you into all truth. You understand? But somehow, it's like people wonder, "Could that be, could that be, could that be, I wonder?" And that's just unbelief. That has nothing to do with faith, because we are in the age when it's promised everything shall be revealed. Everything shall be revealed to the elect of God.

If we are Baptist and Methodist then we could wonder why we getting this, but if we are part of the Bride, we should not be wondering. Every time we get it, it should give more security and more confirmation and greater witness and greater rest and greater peace and show to us that God doesn't lie. His Word is really true, because this is what He promised.

And this is where you see sometimes, the reason for this is because of where we live. Could you imagine, you ever watched the geography of the size of Israel? You ever watched the size of the City of Nazareth in the days of Jesus? And if you measure it even today, to see whether it was bigger than Princes Town? And the planet didn't shrink, you know. The planet was still the size, the mass of the planet earth is, but in that little village they knew, that man was walking there, that was the Almighty God who was promised four thousand years in the Garden of Eden in flesh like a carpenter.

When they looked at Him in the boat there, they know that man sleeping right there, that is Jehovah who created all this. They had to believe it the same way. Remember it had no Hoffman's Head picture to say it looking close you know. You still, today could say "You could see Him, He looks like Hoffman's Head and He's in flesh." You could say "Nah, I remember how Hoffman's Head is, the Prophet says he resembles Hoffman's Head."

You know Him by His characteristics. You know Him by His characteristics. Because let me tell you, if you are a believer, if you are a child of God, nothing outside of you makes you child of God. It is a little spec, a little grain of eternal life inside of you that recognizes this God, in whom is the ability to hear from this God, who gave you the potential to create a world and go and live on it. Amen.

How many believe you have the potential to create a world and go and live on it if you are a son and daughter of God? How you

could have that inside of you and then wonder about the things of God? Because the way you say amen sounds like you conscious, you know what the Holy Ghost is. Like you conscious you know what eternal life is, like you know Scripture in the Bible.

Then which is the greatest day to believe? The greatest day to believe is when God is fulfilling His Word. When you were a sinner and you trying to go to Church, you trying to believe and you sick and you heard somebody talk about healing, and there is a God, and you believe there is a God somewhere and you're trying to believe and you don't know how to believe and you don't know one Scripture and you don't know anything about atonement and approach to God, nothing at all, but you see you go to Church, you go in religion, you go in a place that they call, you know, a Pentecostal church or an Anglican church or a Baptist church. Then you came and got saved and you walked in the Message ten years, twenty years, thirty years – all these years you hearing about God, and the approach to God, the atonement, and 'Come with boldness before the throne of Grace, you shall obtain mercy and the High Priest can be touched by the feelings of your infirmities', and you hearing all of this, then what that should do to you as a believer after twenty years.

Because your children, those who are parents here, have children, your children is twenty years and twenty five years and they born in your house and they grow up watching you and call you mummy. They don't get mixed up with a next parent thinking that is their parent, you know. They don't get mixed up with their parents' voices when they call home on that phone, you know.

If a natural birth associated with sin and death and came by sex and is a fallen birth, perverted birth that made you a sinner, not a believer and you can't get tied up with wrong voice and wrong face and know who your daddy is and claim on your father and your mother, then if the moon could give you light and that is a shadow of the sun, what about if you had the sun, how much light you would really have?

And if a perverted birth could make you have that kind of confidence, what about when you get a new birth? So you see how faith is a thing it's not to bluff, it's a thing you possess. Because the same way, I'm not trying to see you or hear you. I'm looking in the seat and I'm seeing who is sitting where, tonight, and I'm

seeing the colour of your clothes and I'm not confused with what colour of clothes you're wearing. And I'm not confused that this one looking like this one. I could see you and look at you.

Well, if I can have that discernment standing here, looking there and having confidence that because my sense of sight is operating, and my sense of hearing is operating, and I get those senses by my first birth, and faith is a sense that comes into operation when you get the new birth, because it's not a sense of your body or a sense of your spirit, it's a sense of your soul, and when that soul is quickened that sense comes into operation.

Then you are not trying to believe God. You are not hoping and wish you could believe God, otherwise I would be trying and struggling to hear you and see you, but I could look at you and see you. So its the same way, if you are quickened by the Holy Spirit to grasp and believe, these things are real to you, though you read in the Bible and it happened to Abraham thirty-six hundred years ago, you can believe that Word right there. You can know exactly we are right between Genesis 18 and Genesis 20, here. God is going to come back around. We're going to be changed. Amen. We're receiving faith to judge Him faithful. Genesis 22 – the Promised Son, the corporal body will be on the scene! Why? Because we can look and see the continuity of God in the Bible!

What about when the prophet went and took Abraham coming out of Babylon and say "Look, Luther coming out by faith here," Sardis Age. And Abraham killing the turtledove and the heifer and the ram and these things, he say "Look, Wesley here with the Message of the Blood - sanctification. He say "When God came to Abraham, I'm El Shaddai in the form of a nursing mother – the Pentecostal age, the baby drawing life from the mother, bringing circumcision, putting the 'H' in." Then he said, "Look God in a man like a prophet, to discern the heart at the end of the Pentecostal Age, the Son of Man being revealed" and Jesus said, 'Even thus shall it be in that day when the Son of Man shall be revealed again.'

And he proved to us that from Luther to this age which was 1520, Luther and here at 1965, he's still introducing them and showing that sign. He is showing the Bible keeps that perfect continuity for over four hundred years, stage by stage, revealing the life of Abraham.

Then you think God is going to turn off and deviate and abandon that programme? That's how when you know the Word you are waiting for the revelation. Abraham sat in the door waiting for it. You see sometimes people don't know certain things are revealed. You are walking waiting, watching. Simeon, waiting to see the Lord's Christ. They, in the upper room waiting for the promise. Down in Egypt they counting their time and they waiting to see the deliverer appear on the scene.

But they know the vision is for an appointed time. Bro Branham, all these years, thirty years, waited for a Message; because when the angel said "Your Message shall forerun the second coming," he said "I know the healing revival was great, but it never hit the spot. I want something deeper than a healing revival. I'm looking for a Message, The Voice of the Sign, something to be revealed to bring the Church back to its origin." He's looking for it.

What are we looking for, in this Church? Are we looking for something? What has been the preaching all down through these years? "Come to Church, get a programme, go home, do this, try to dress right, live right?" We have been preaching of the promise. We have been coming inch by inch, step by step, and the Holy Spirit opened the plan of the Bible from every shadow and type, from Genesis to Revelation.

You know what kind of grace that is, friends? Not just the Message, from the Bible! God showed to us what the prophet was looking at, to know that the words of the prophet were exactly according to the Scriptures. Amen. Even to find Him in the Bible in places He never even introduced Himself. But then we can see the age and the time, because He say every shadow and type in the Bible is unfolding that seventh seal! That's right.

What a confidence, because an oath of confirmation does what? Brings an end of all strife. Confirmation gives rest and peace and anchor! And when God gives you a sign of confirmation, it rests you and God loves to do that! Amen. So His children would not be frustrated. He doesn't want them distracted. He doesn't lead them in their own human minds, to try to hold their minds together, He puts things in their lives. He reveals things. He deals with them in ways.

If they're insecure and don't know the love of God, and think that God shouldn't love them up so much, because they think God kind of short-up on things, so He has to give things sparingly. If God keeps giving them, then they say, "Father, you want to make sure I stay focused, I stay locked in, I stay moving in the rhythm of the Word, that I have no doubt, I have no fear. Like you interested to bring me to a perfect faith, or what? Like you don't want me to worry no more, or what? I hear under my sign I supposed to worry, but like you don't want me to worry? Like you put me under another sign, a super sign! Amen! My!

What did the prophet say the opening of the Seventh Seal was for? To take the fears and the doubts out of the Church! How did God take fear and doubt out of Gideon in the days after the prophet, at harvest time, before the ministry of the Sword of the Lord? How did God take fear out of him? Confirmation. Confirmation. Signs, is that right?

How did Esther get faith in the days after the rejection of Vashti when Hatach was reiterating the words of Mordecai before she went and manifest to half of the kingdom? Amen? How? A revelation came to her. Go and tell her "She come to the kingdom for such a time as this."

She understood her time, she understood her season. She understood her position, she understand her purpose. She understood what Haman wanted to do in the political realm. She understood how Vashti got rejected in the religious realm. She understood in the spiritual realm that Revelation 10: 1, Ahasuerus and Revelation 10:7, Mordecai and Revelation 10: 8-11, was her! She understood, and she was out of step and then she got in the spirit of the director, hallelujah, who was in the spirit of the Composer, amen. And then she got in the rhythm of the symphony, the music sheet, because the Composer is Revelation 10:1 and the director is Revelation 10:7 and the music sheet is Revelation 10: 3 and 4. Amen! Glory!

And the director, Revelation 10: 7, amen, He was putting her in the right swing, and he had a wonderful help – a eunuch who had no seed to plant, no seed of his own. Hallelujah! A sign from heaven bring that. A sign from heaven bring that. Those things could not be previously said that way, but a sign from heaven brought that. A **Supernova** – that the glory she threw out form

into a ring, form into a ring, the last woman. And today I learnt something new about Esther. She is the seventeenth Book in the Bible. Hallelujah! She is the seventeenth Book in the Bible. Oh my.

How thankful we are. No matter what side you go, see, because God knows how to speak, how to anchor, because His Word brings faith. 'Faith comes by hearing and hearing by the Word'. And faith is a victory, and Christ is revealed in His own Word. The Word you hear is revealing Christ. You're hearing the Thunders, and He is those Seals. He was those Seals and He is those Seals, and revealed Himself in those Seals. He took the Seals off of Himself and brought Himself into plain view to show it is He, Himself. Amen. Praise His wonderful Name. My.

Look at those Jews here, quickly. He is speaking to them and He is telling them they did not know the day of their visitation, amen. He gave them a national sign here, the prophet says. Verse 43, I read it already, but I just want to point it back to you.

*For the days shall come upon thee, that thine enemies shall cast a trench about thee, and compass thee round...*

He is unfolding the military strategy Titus was going to use to take the city. He knew the slaughtering angels were going to come for rejection of the Message. He know the wrath of God, the Vials was going to be poured out upon them, because they held to the substitute that Elijah was trying to get them away from and bring them to recognize the Lamb with seven horns and seven eyes. And the builders rejected the chief cornerstone just like they rejected the Headstone in this day. It's the exact, same pattern.

And watch Jesus, knowing that Isaiah had prophesied that they were going to be blind. In another place in John 12 He say 'Well did Isaiah spake of you having eyes you can't see.' Just like Bro Branham spoke to this Pentecostal Age, it was a judicial blindness. God had prophesied that blindness would be a form of His judgment upon them. Just like the Laodicea church will be blind wretched and naked. In the day when the greatest light came, they ended up being blind.

Just like the Jewish Church, in the day when the greatest light came. He said, 'He made their table a sneer.' The table that was

designed to be a blessing turns around to be the very thing which condemns them. Think of it.

That is what happened in this day, friends. That's why when that happened he preached **Token**, and said, get under the Token of God, everything will perish now, because after gross darkness is death - the last plague. And he had to move the elect and separate the elect. Just like God with Noah, had to move them into the ark.

Just like Ezekiel 9, the sealing angels had to come and seal them away before the slaughtering angels came, just like its happening now. And when the Church is just coming to Church and don't understand the programme for the age, and don't see how for the last forty-four years, from the descending of that mighty angel, how the programme is unfolding step by step by step and the world is sinking deeper in darkness. Demon powers are feeding upon those bodies out there and the Holy Spirit is right there in the midst of those in the ark, speaking to them about a world that they're going into.

If you had understood **On The Wings of A Snow White Dove** and **Sirs Is This The Sign Of The End** last year, to understand these mysteries and then to see this sign in the sky, it would have been normal for you, if you understood all that. Because what was the purpose of coming down and blessing with the dove and opening the thing beyond what we had had for all the years talking about it? And then coming back to **Sirs Is This The Sign Of The End**, and then God giving inspiration and put the supplement out, and prove and show the things. And then came when this year started and began to break open this mystery of Jerusalem and talk about the end of time seal, and then began to show to us and prove to us at the same time look what is happening in the earth.

And this is what I want to make a next step from **Knowing Our Appointed Times** here tonight and show you a little more. It's not make up it is God. We sing, "The Light has come to show where we are going. In bridal step along the way we are treading. The revealed Word has shown us our placing". It's not a song, friends, it's a happening! It's a happening! "Oh, Lord, my God, thy Word is a lamp unto my feet." The angels came with what? The keys to open the third pull, to open the Word, that's the opening of the Word, to reveal the hidden truth, to reveal the plan

of God. Open the rock beneath the rock that we might see Jesus and His programme.

Then Old Years Night, God came right there, **Hidden Manna**. The Seventh day manna came on the sixth day. Capped off the year, and keep walking, understanding. And when you know that, I say you can't stay away from Church. You don't forsake the assembling of yourself, because this is showing you much more the day is approaching.

This is when high time we awake out of sleep! It's nearer than when we first believed! And the frightening thing is, look what is happening. Look what is happening. It is going on, and only those who know in their heart, the one shall be taken. Where Lord? Where the carcass is, where the carcass is. The others have nothing to examine it. They could only talk what they learn, because it has nothing in them to know the Word by what is happening. Eternal Life is knowing the Word by what is happening. Oh my.

Drop over into Chapter 21, verse 20. He is still speaking about that sign, a national sign, a sign to do with the armies, this city that is marked out for destruction for rejection of the Word. This is what He is laying out. This is what He is laying out.

Verse 20, St Luke 21:

*And when ye shall see Jerusalem compassed  
with armies, then know that the desolation thereof is  
nigh.*

Not Capernaum, no, no, no. It was a history of Ezekiel 9 repeating again. The Babylonian power had come, destroyed Jerusalem, destroyed the temple, burn the city. Now the Roman power was going to come, destroy Jerusalem, burn the temple and scatter the people, same way the Babylonian power did. You understand?

This time they come back now to rebuild the temple again, but not to be scattered any more. Not to be scattered any more. Solomon built the temple to worship God. Jerusalem was destroyed and burnt with the temple and the people scattered, taken into Babylon. The other ten tribes long before had been taken to Assyria. Then they came back, they rebuild the temple and then Titus come, burned the temple, burn the city, scattered them again, then they came back again, first time after seven decades, second

time after seven church ages, when the gentiles run out. Watch the patterns of the Bible. They came back now.

Because, remember, what happen to us in the spirit form in Ezra and Nehemiah happened to them in the natural form. They're building back a Jerusalem, they're building back a natural temple. See, but the elect is the one who is going to get the revelation and know it's not that temple, and it's not that city, because that is called Sodom and Egypt. That is Hagar in bondage with her children, if you know the Bible. Amen?

You know, we say these things so normal, but these are mysteries that people trying to probe and understand. Look, when you see the armies around Jerusalem, in other words, just like He told the prophet, "Watch the King of the North. Watch how Fascism and Nazism will be swallowed up in Communism. Watch how Communism is raised up as a tool to destroy the Church that rejected the Messiah, so Titus was raised up to destroy the Church that rejected the Messiah., and watch the Messiah, while He is there giving the people in that day: when you see that happening, when you see war breaking, when you see that Roman power coming you're going to know the time of the desolation is at hand.

You didn't know the day of your visitation. Elijah visited you, the Son of Man revealed, the Holy Ghost came. It was happening in your midst, the Word opened, but you didn't know it. They were saying, "But that is Joseph and Mary's son. They were locked in the humanistic realm, yet the elect was catching the revelation.

*Then let them which are in Judaea flee to the mountains; and let them which are in the midst of it depart out; and let not them that are in the countries enter thereinto.*

*For these be the days of vengeance, that all things which are written may be fulfilled.*

*But woe unto them that are with child, and to them that give suck, in those days!*

The things which He emphasized, 'Woe unto them that are with child, to them that give suck.' Look at the things He is touching on, to a nation who was blinded and was influenced by the church world, and failed to see the fulfillment of the prophesied promises.

When you read the history of it now, it says, they stole into one another's houses and stole their children and they ate one another children. Watch the things He is touching on, 'To them with child.' People ate their babies and all to survive, when Titus starved them. They say they ate the grass, they ate the bark off the trees, they ate their leather belts, they ate their shoes, anything that would digest, they ate and when they had nothing else to eat, they ate one another's children. That is the history. And go back in the Old Testament in Deuteronomy, it tells you, God say when you forsake Him this is what will come upon a nation. And God keeps all of His laws and this is what comes back in the last days, for there is nothing new under the sun.

*... for there shall be great distress in the land,  
and wrath upon this people.*

Why this people? The measure of judgment comes because of the measure of Light given to a people. 'This is the condemnation, Light is come.' It's a great thing to rejoice in revelation and plenty Light, but 'To whom much is given, much is required.' Privilege and responsibility go together. 'To them that knoweth and doeth not shall be beaten with many stripes.' You know these things. These are principles, because God doesn't just play with giving people Light. When He gives you Light its people who are called for special service.

*And they shall fall by the edge of the sword...*

The prophet say, and this time the atomic power. Back there, by the edge of the sword, this time by atomic power.

*...and shall be led away captive into all nations:  
and Jerusalem shall be trodden down of the  
Gentiles, until the times of the Gentiles be fulfilled.*

*And there shall be signs in the sun, and in the  
moon, and in the stars;*

'And there shall be signs in the sun, and in the moon, and in the stars.' Now we see it in the Bible. Nobody didn't go and look for it. We read it, but people don't look for it, but He said its going to be there. You know why? Because since in Genesis that is how He set it. The God who knew the beginning from the end, that is why He wrote the whole plan of redemption in the twelve signs of the Zodiac.

You know after I preached this yesterday I got an e-mail. Somebody gave somebody in Italy my e-mail address. They gave them the Church e-mail address not my personal e-mail address, and Sis Carol knows that because she is a witness, she can testify this is the truth. She forwarded it to me. The person is one who studies the things in the stars and he wrote me saying "People tell me you are a brother who know these things and studies these things, and I would like to know you, talk to you closer." And he gave me the different links to him.

I say, "But look at, this is strange. I preach on this in this season and this is from quite in Italy in Cecily and he is writing there." So I say "God, I don't know this person. I don't even know who gave him this," but you see just like in Brazil here recently, just let me drop this right in here.

We're there, God gave me a way with that, you see. And we were in Joao Pessao and the Pastor there is a brother called Caesar Augusto, and after the Services he was so affected. That's the service you saw where the Pastor was on his knees, there, you know, worshipping after the Word went forth the night, when I was speaking about the dove in that Service, and the next day, the day after that they wanted to take us for a little sight seeing, and there is a doctor brother, a surgeon, and he is a top surgeon in his state there, in his region in Brazil. He does cosmetic surgery. People with no nose, who born deformed and defective, and you know, cleft palette and these things, he makes back all this.

So this brother had this house by the sea and they took us there to spend the day, have a little barbeque, you know. So, while we were going in the car now I'm talking with Bro Caesar, you know, and I'm trying to get to know him a little better, because, you know first time...I had known him before, just meeting him in a minister's meeting. I had preached in the Church and the Word so affected him and during those days we became real close. I was mentioning that when we were looking at the slides.

And now going in the car I started to ask him little questions and so on about himself and talk to him. And quickly, you know, I was into his life, because it's a way God gave me. You know, I know things like that.

So, I started to talk to him and when I started to uncover things he was so amazed, and so we went by the doctor now, and the

doctor came you know, and he is there and we're talking with him, and then he opened his computer and he began to show...Because he was in the Services too and he was really moved so he asked for us to come over, so he could give us a little entertainment.

So while we were there now, he opened his computer and he began to show us some paintings that he had painted. I mean outstanding. So I say, "Did you look at some picture and paint." He said "No." I said, "You didn't look at anything to paint this?" He said "No. This is just inspiration." He painted this since he was a little boy. I mean, it's the kind of scenes, you know, nature scenes, and early in the morning about four o'clock, and you know, things like going into a forest and different things. You know, the contrast, and all the different things, you know, to bring it out. And he had about three or four of them on his computer. He says he sells them sometimes, and some he keeps and different things.

And, so we started to talk about his father. His father used to do a little painting and sculpturing and different things. So then while we were talking like that now, you know, he started to tell me a little about his work that he does. Well, that very same day he had to rush out to an emergency. A little baby, less than a year, got burnt up and they had to go, and he had to sort of repair and reconstruct this child. And then he was showing us some pictures of some people he did surgery on recently.

And he was telling us sometimes he is so anointed when he is doing this thing, and he is so skillful, and how he was sitting down there without a job. He say, "Look at me today." He say, you know, I am just a man like him. They want him out maybe in the Capital, other big cities, and he is just sitting down there and with this gift."

So while we're there talking, you know the Holy Spirit...just talking and fellowshiping and then went straight into the man's life and began to put the man's life together. This is a big, renowned surgeon. And the brothers could testify. We sat down there, the man was like a child, and the Holy Spirit, the Word was just coming out and unfolding the man's life. And I begin to show him, I says, "The reason, this painting and your work as a surgeon, you paint these things out of your mind, you could hold that image when God reveals it to you in your mind's eye, and you have that inspiration, and it takes you a little while to paint that painting, and

you can paint it just right holding that picture and not having a picture before to look at.” I say “That’s a make up and that’s a design in your life, and that is why when you look at a child, or disfigured or something, or missing certain features, or if they’re deformed, you can see the lines and you can hold the picture to reconstruct the face and build back certain places.” And started to show him his life. And then went down into the man’s birth sign and into his life.

Well, he got so moved. And then through the Scripture I started to show him now down through the Bible, you know, people who are gifted and have an office, how many times this is the way their life is because their life is different to other people. And I began to show him Joseph and Samuel and different things in the Bible like that going through, how, you know, God has to work with that gift.

Sometimes He has you alone for a season, aside there. And in those things I was telling him some of my own life and own experiences, not as I am telling him my life, but he doesn’t know, because I know how, when you have a ministry and sometimes, like the prophet said, “Look at Joseph, he has a vision that could save the world, and he is locked up in a prison.” He said, “What’s he doing in a prison dealing with people like that?” But that is the very gift that brought him out to the throne. And that was the very gift that caused him to end up rejected and put in the pit and sold into slavery and go into Egypt and everything else.

Because one minute the gift stirred up jealousy and envy, and next minute the gift opened people’s eyes and brought a great blessing and saved them too. But he was not responsible for either one. But it’s a person with design and make up. And the man was so moved, he got up there and said, he said, “You prophesied over me. You prophesied over me.” And then he had to rush out the evening to do the surgery, and then he came back. He knew we were leaving the next day, and he came.

He drove from way out where he was there with his wife to come to be with us to have a little meal before we leave, and he was so moved, he said, “Whenever you come back, you have this place here, you come and stay out here,” you know, because of the blessing.

And I'm thinking and said, "If this man knows me, maybe some years ago...I was telling some of the brothers, I said look at you all sitting here at this man's table, in this man's special resort villa. I said you can't even get close to this man if you are a patient or different things. I say, here it is, and this man is here. How the Bible says, your gift brings you before great men.

And how even Jacob when he blessed pharaoh, you understand? Because they're under that atmosphere, when the man started to hear the wisdom of God like that. And I am conscious; I have nothing to do with this. It's coming out, because you can't bring it out if you're not anointed. And then if you don't have keys to go into the man's life, what you're saying will have no meaning to the man. He wants to eat his food, but the man sitting down there and can't eat his food, the man's food getting cold on the plate.

God has a way how He does these things, friends, and that's why, you know, when we look and we see these things opening here. And it says:

*And there shall be signs in the sun, and the moon, and the stars...*

And I say we don't even look to find these things.

*...and upon the earth distress of nations, with perplexity...*

These are end time signs that Jesus is pointing out to His Church that it will have these things.

*... the sea and the waves roaring.*

I picked up this Scripture in 2004 December when the Tsunami struck there, and twelve countries were so devastated after that earthquake that was so powerful, that shook the planet! And I preached and showed you a woman in travail, and how since 1964 when God shook the earth by a tremor though He didn't unbalance it, here He came back forty years after and did the same thing there.

*Men's hearts failing them for fear...*

The prophet said this is the heart attack age.

*... and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.*

*And then shall they see the Son of man coming  
in a cloud with power and great glory.*

This is what we were talking about a little while ago.

*And when these things begin to come to pass,  
then look up, and lift up your heads; for your  
redemption draweth nigh.*

And that's why these signs will continue unfolding, unfolding, unfolding because look even after the Pillar of Fire and the Cloud came down, He was seen again. After the rainbow came down, It was seen again. After the dove came down, it was seen again. I could testify to that. That's right.

And then when the signs in the heavens and the earth and these things started to come up, He still testifies to it too. I can't claim that, but I can testify to what He is doing. I can't claim it as a human ability and a human knowledge. I could testify to His grace.

Because if you're driving along the road and going, journeying to a destination, without knowing your signs, you wouldn't know your junctions, you wouldn't know the road, you wouldn't know how close to your destination you are, but these things are put there so the traveler on that road can know how they are traveling on the road.

And the road we are traveling, God has to mark this way out for us, because you have a time to be born, a time to die, a time to grow up, a time to come into adoption and placing, a time to be justified and a time to be sanctified and a time to get the new birth and a time to grow up and be formed into the image of the Word and a time to be changed in your body. Is that right?

He said 'At the last trump you shall be changed.' You can never get it before that time. It has to coincide with the last trumpet. 'The dead in Christ shall be raised incorruptible.' He laid it out in the Word. And that's why when we see these things...Didn't I, for the last three/four years prove back and forth to you that the Book of Genesis, in the Days of Noah, in the Days of Sodom are the only two places in the entire Book of Genesis where it record time by day and month and year.

And I said that was for a purpose. Abraham knew the year, Abraham knew the month, Abraham knew the season, Abraham

knew the sign that the promise was going to come to pass. Noah knew it the same way, and the world knew it not.

And I showed you that after twenty-four years, in the last year Abraham got more revelation on the promise than he had for twenty-four years. And I showed you after one hundred and twenty years of preaching Noah, in the last month or so got more revelation than he had for the one hundred and twenty years of preaching. And I showed you how it was a time here that the revelation is increasing because the world is becoming more evil and you find people find it harder to rise up and do something for God.

Because to really move and do things for God, like God called you to do, you have to be inspired, you know? You don't get up in the morning and decide to do that, you know? Because when the devil starts to throw obstacles in your way, you can't move, but when you get inspired you don't care how much obstacles there, you're perseverant in spite of all obstacles because you know you have 'Thus said the Lord, you have the will of God. You know the plan of God, and you know you are called to do what you do and you can speak and go forward.

You tell me another way, 'why cry, speak' is applied? Joshua was fighting the battle; Moses was leading the people to the promise. They were anointed and commissioned men in the course of duty facing obstacles. Their ministry was invested with authority, because the work that they were called to do was not completed, and God was showing them they needed to utilize the training that He gave to them and the authority He invested in their ministry.

That's the Bible. So it's not like, "Boy, when the squeeze comes we will speak the Word, boy." What if Trinidad sinks before the squeeze comes, and now we have to speak and do something? You understand what I'm saying? Because when you say the squeeze, it isn't here, and everything's going up everyday, except people's pay?

You see, its how you're seeing. You see, but this kind of seeing, you have to be talking with Him all the time. And your mind has to be on His Word all the time. Its not when you say, "Well let me go and see if God will tell me something." No, no. Enoch walked with God before he was translated and he was not.

Noah walked with God before he went in the ark and was raised above the judgment. It's a daily walk. It's walking with Him everyday. This is the union. This is the hour, friends, sweet communion, close communion.

So, look, He says here, how there will be men's hearts failing them for fear. Fearful things coming, fearful sights in the sky causing men to fear.

Now, let's drop over quickly. One more Scripture I'll get, and I want to read couple things and then we are finished. Let's drop over into 1 Thessalonians 4, 1 Thessalonians 4. You know it's such a great thing when we can see how these things were taught in the Scripture. And I want you to hold that there, because Sunday in speaking to you I was showing you how God is saying to them, through Jeremiah how the stork in heaven knoweth her appointed times.

He is telling these people here, they couldn't discern the sign of the time. He said, "But the stork and the crane and the swallow and the turtledove, they know their times. They know their times of coming and going."

And then we find out also, He say 'The ox knoweth his owner, the ass knoweth its master, but Israel my people does not consider.' So He is trying to show, when you're living in your provided way you know these things, because you don't have to train the ox to know its master. You don't have to train the swallow to know when it's coming. They knew it, they know when the storm coming.

How many remember when the Tsunami was coming, and all the nations with all the great, big things to sense earthquake and all different things, they couldn't even pick up the thing, yet all the animals had already left and went on the high ground already. And when the thing hit and the flood was sweeping people left and right, they could hardly find any dogs, any animals, nothing around because the animals already picked up that long before.

How did they know judgment was coming? And the prophet tells us over and over about in India there when he was having the Meeting and the earthquake shook the wall and before the earthquake struck, how all the cows and the birds flew out of the wall, and the cows went away from the wall. And he show to us, look how they have that sense.

Well, that is what God is talking about. And remember when He said ‘Go to the ant, thou sluggard, consider her ways and be wise, which having no guide, overseer or ruler, no pastor, no deacon, no trustee, no evangelist, provided her meat in the summer and gathered her food in the harvest.

He say, how long will thou sleep, oh sluggard, when will thou rise out of thy sleep? He is saying look at the ant. She knows winter, she knows summer, she knows the season, she knows to prepare the food, she knows what is coming. They co-operate, they have unity.

You see the bachac everyday, you step on them and yet they working and they united. And yet you with your insecticide spraying them out and you’re in strife and contention with brothers and sisters, and you see two of them carrying a load two hundred times the size of the two of them, and they have no placard, they have no strike, they aren’t creating any disturbances, and they aren’t saying they can’t do it because more ants should have been out here helping. You don’t see that at all.

You see commitment, you see loyalty, you see involvement, you see participation, you see willingness, you see determination, you see perseverance.

Now that’s sounding humorous, but that is Proverbs, that is Isaiah 1, that is Jeremiah 8 and in these places God’s talking about ants, God’s talking about ox, God’s talking about ass, God’s talking about crane, God’s talking about swallow, God’s talking about stork, God’s talking about turtledove, and every time he’s relating and saying ‘But look at my people, and look at my people, and look at my people, and look at my people, and look at my people.’

God is saying, I expect my people to know their time and season. I expect my people to know their signs. I expect my people to be under expectation. I expect my people to move when they see the sign to move. He say, “But my people don’t know the time I’m coming, they don’t know the time I’m going,” you know.

When you see these things, friends, and you have...you want personal life in Christ. You don’t just want to come to Church; you want something deeper than coming to Church. You want a place to walk with God. You want a place to know the ways of God, and God showing you, you mean a swallow, a crane, a turtledove, an ass, an ox, an ant, God’s comparing you with them

and saying you don't have revelation like them, yet you are the last thing God made in God's image and likeness and gave you dominion, yet Jesus Christ came to die to redeem man. Yet the new birth is to bring us back to live in God's provided way, yet God trying to show to us how they could read things and move in time and season and provide and overcome and these things only because they stayed in the way God make them to function. And then God would not relate us to them if he did not put them there to teach us, that their life holds a lesson and a mystery for us.

The prophet taught the mystery of the rapture and the swarming before the rapture and going to the land and predestination and election and design and position, all these things. And gifts and calling out of a duck; out of a duck that born to be a drake with a certain honk, with a ministry to gather the others, with a leadership ability to find the place with the food, with a knowledge of the mystery of the sun and the moon and the stars, to navigate to find the place.

And he preached that to show those denominations that they are the only ones who don't know their leader. People who thought they were the Church and were doing great things, he was showing them.

You see how God is the same God? He did that in Jeremiah, He did that in Isaiah, He did that with Solomon, and He came around with the prophet and did that same thing. The prophet says, "God, why you have me studying this eagle? You want me watch him, you want me study him." Then he came and preached a Message to the Church.

1<sup>st</sup>. Thessalonians 4, quickly. I'm going to pick the places because the time is running out. Verse 15.

*For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep.*

He is talking about the coming of the Lord, here.

*For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first:*

*Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord.*

*Wherefore comfort one another with these words.*

So he's talking about the coming of the Lord, here and how the Church can be comforted. And he is opening to us how the coming of the Lord remain a three-fold mystery: He will descend from heaven with a Shout a Voice and a Trump, and then he goes on. He says:

*But of the times and the seasons, brethren, ye have no need that I write unto you.*

Here, because Jesus spoke, I just read here where Jesus is speaking to them, all the signs that are going to come in heaven, all the signs in the earth, all the signs in the sea, all the signs on land, all the signs in the nations: national signs, heavenly signs, earthly signs, signs in the moon.

And when God came in this day, He gave us earthly signs, He gave us signs there in the earth and showed us signs in the nations, signs among the...Communism and all these things that were taking place in the earth. He gave us signs that were taking place when the judgment sign came down. He gave us signs in the heaven when the pope went and the sun was blacked out, and all these things he came and preach on, because he had to preach on those things because Jesus told him these signs is going to come

He say, "Did you notice when the seven seals opened what followed?" He say, "Watch the Messages that came. **Flashing Red Light Of The Signs Of His Coming, Uniting Time And Sign,**" you see. He said "All these Messages were bringing out that we are in the end time, because when the seals opened that angel said 'Time shall be no more', showing that we are come down to the end time, and if we are in the end time, end time signs must be there.

So when the seals open, he went and began to pick up all these end time signs. He said let me show you now the **Flashing Red Light Of The Signs Of His Coming.** Let me show you the **Uniting Time And Sign,** all these signs that are taking place. Then he began to give national signs. He said, "you watch

Communism, that is a tool in God's hand." Those ministers saying, you know, fear Communism, he said "Don't fear that, fear Romanism."

He begin to show signs in the Church, then it came and the moon blacked out just as the pope was going. He say, "First time for two thousand years, the ancient enemy of the Church going to Jerusalem, the ancient seat of the Church." He say "That has never happened before."

In his own life and ministry he say "Watch Graham. Since Jesus, we never had a minister who went to the world, a great minister whose name ends with h -a -m." He say "We had Knox, we had Finney, we had Moody, we had Sankey, we had John Smith, we had all these people," he say "None ending in h -a -m," he say "And now in this last days we have a ministry that is shaking the world, Billy Graham." And then he say, "But notice he is only six letters, a sign to the world."

He say, "But look, with Abraham, according to the Bible, and he goes into numerology. He say And watch, Abraham was seven letters, and when that angel came before the promise, God changed the name."

What were these things for? To place a Church! And what kind of sign did Abraham get, that one there? He said a sign of knowing the secret of the heart. He is laying out this to an age of the end time before it gets burnt, before the elect catching a Message and how these things are happening, back there in Genesis and back here in Revelation in the last days.

Remember, all of this behind this was to show you it is normal to see what we seeing, because it is in the continuity of the Bible, it is according to the promise, its in the time and in the season, and it's a sign concerning the Bride, because it only one woman on the face of the earth that is built foursquare. Only one Church that is going in the rapture, it's that one He died for that is foursquare. The Messenger came to that one.

The end time Messenger that open the Book of Revelation told John "Come, I will show you the Lamb's wife." And that was coming when this revelation is being made known. Now I want to show you here. He say:

*But of the times and the seasons, brethren, ye have no need that I write unto you.*

We talk about knowing the appointed times. So I come back to this now. The end time people in the hour of the coming of the Lord will have to know their times and their season. There is no other way to know your time and your season, but it being identified to you by something in the Scripture. God describes His time by sign.

*But of the times and the seasons, brethren, ye have no need that I write unto you.*

*For yourselves know perfectly that the day of the Lord so cometh as a thief in the night.*

The appearing of the Supreme Judge at the end of the seventh age, the wigged judge, robed, who had an opened Book, and who convened His court. How you know we're in the Day of the Lord? How you know it came in? Did we have a sign? Did he have a personal sign when the priest handed him the Book. Did he have a personal sign? Did he go back to the Bible and show Jesus, when He went He read half of the Scriptures and the priest handed him the Book? Did that have to do with the Day of the Lord, the Day of Vengeance?

When that Cloud turned, did it have to do with the sign of the Day of the Lord? How you know we're in the day of the Lord? Is He going to be wigged with a white wig? The sign of the Son of Man coming in the Clouds of heaven, and then come to the Ancient of Days in the investigation judgment, the judgment is set and the Books are opened.

Was there a sign of angels coming in the clouds? Did it come to the son of man? Did Abraham see angels coming? And did it come to the Supreme Judge? Was it in the Investigation Judgment? And did He open the Word to Abraham? And did He give them personal signs too - according to the time of life Sarah will have a son.

And one little, old, woman unbelieving for twenty-four years, who couldn't grasp the faith and break into the supernatural with all those women on the planet, because she was elected and she was identified with God's prophet she got that sign.

Why is that hard to believe, because He Himself told her "Is there anything too hard for the Lord?" I'm trying to show you, behind saying these things, is not guessing you know, its working with Bible laws, with Message and Bible. It's not trying to tell

people “Believe that, believe that” because it’s you saying it. You are saying, “Does God do this? Is this promised in the Bible? Is this a way God deals with believers. Did the believers in every age have this?”

And then I’m reading for you, and I’m showing you, and this is the age He promised all these signs. Not down through the age, end time, end time!

*For you yourselves know perfectly that the day of the Lord so cometh as a thief in the night.*

He is talking about the coming of the Lord. When the coming of the Lord started to unfold, did it unfold into the mystery of the Day of the Lord and the Supreme Judge? When He opened the Book, the Sevens Seals, was it seven angles and the angles themselves were the wig? And that was the fulfillment of **Sirs, Is This The Sign Of The End?** And was it a heavenly sign? And did it go in the magazines and the newspapers, but was it being revealed in the tabernacle?

If the Bridegroom hit sixteen cylinders wouldn’t the Bride do the same way? Isn’t she walking in the same footsteps? Isn’t it the same angel?

*For when they shall say, Peace and safety...*

Are they talking about peace and safety? Are they talking about peace and safety? Is that the two watch word for the war on terrorism? Peace and safety?

*...then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape.*

Are they talking about missile shield defense? And Poland, which is the Catholic nation...how many remember in 1989 – **Traps of the Mighty Hunter, Return of the Global Village.** How many remember it’s a Vatican/Washington alliance? How many remember Poland was Russia’s biggest ally that was de-Communized by the labour union?

How many remember it was President Reagan who officially, when he came into power, established diplomatic relations, that fallen star from Hollywood, with the Vatican? All those things we went through!

I have an article here, where Poland, and how many remember that when that happened? When Lech Walesa in Poland, he made

the Catholic church the official religion of the nation? And how many remember when I was preaching there at the time of the breaking of the wall? I was preaching there in .....in Peter Snegal's Church. And they gathered from Russia and Hungary and Romania and all those places and came there, and I started to preach about what was happening, and those secret agents were right there in the place. I had to go in the village in an office and give up my passport, and then preaching the night there in the Service, and the brother was so scared, he said, "You can't say these things here!"

Then the next day I say, "But these things going on in you all country, in you all region." I say, "This not going on in my country, I'm seeing it, and God send me here!" He said, "Well, you have to preach it!" Then I started to preach those things. And then out of those Meetings the brothers in Lithuania, who have the whole work in Russia and Siberia and those places there where Bro Malcolm is right now preaching up there with them. I took him there some years ago, and I baptized the two of them there, the two ministers there when he heard **The Master Is Come And Calleth For Thee**, that was the last Service, and he says, "Many people come here, but when I heard you preach I saw the style of the prophet, when I heard you preach **The Master Is Come And Calleth For Thee**." That's right.

And you go to Lithuania and Latvia and Belarus and Russia and find out how the work started. That's right, and all those places God sent us preaching these unsearchable riches, and they know these sayings are faithful and true.

*But when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape.*

Now, how many know a woman with child will have her hour of travail? And that is sure. Whether she knows her time and her season of giving birth or not, she will have that hour of travail, it's a certain thing. Even though she will say, "I will have no pain when the child is due." When that child is due that travail will hit that woman and she will go into distress, because that is a law of God.

But the woman who knows her time and season, and who understands her signs; she will know what to expect when that time comes. You understand? So He is showing, when these things begin to increase in the earth, it will be like a woman in travail.

A woman in travail is a woman with signs. For a baby to be born the doctor tells the signs. The doctor knows if the baby falls into position. The doctor knows if the water bag bursts. Sometimes he knows when its time for it to come, he induces labour and all. He clips the bag to start the process. That's right.

So what about the Church travailing in birth and pain to be delivered, to give birth to the man child? What about you, who say you conceived years ago, and Christ in you is the hope of glory, Christ being formed inside of you? It will keep on forming without giving birth?

How many knows that after Christ was formed in Mary, quickly came the King's commandment? Then tell me if these are more intimate signs. These signs are just signs telling the time in a general way, but these signs are signs in the life. When Jesus understood it and the woman anointed Him, He said "This is unto my burial," and then He started to pray a certain way. Then He started to agonize a certain way. Why? He was following the Word in such continuity, and still stood up there and said, "There are some things concerning me that still have a fulfillment." Even down to crying out "I thirst." to fulfill the last few prophecies on the cross. He was so conscious of all things that is written of Him.

Then how could we go along with a church life and a Service life? Paul is saying:

*But of the times and the seasons, brethren, ye have no need that I write unto you.*

If you're looking for the coming of the Lord and you see He's already descended from heaven with a Shout and you know some where by the time of the Trump, you're supposed to be in contact with your theophany to put on immortality, because it's taking that to get you out of here, to move from this dimension to the next dimension, then a Message opened up something to us, teach us about dimensions, teach us about theophanies.

Wasn't Elijah going down to the rapture, the catching away? Did he not know it? And while they talked and they walked, the

whirlwind just moved through and they were separated? And Elijah was gone? Is that right? And while Jesus was talking on the Mount of Olives the Cloud received Him? Is that how it was?

Then where are we walking? Tell me where are we walking? Tell me where our consciousness ought to be? I think I am preaching sane. I think I am not trying to scare the people. I think believers who walk in this Message, and who walking under this revelation, brother, when they hear these things, they're hearing the symphony. They can hear "Look where it's going, look what is happening, look what these things unfold down to? Look how clear that revelation came out." You understand?

Following the signs, following the dove, following the Holy Spirit moving through the Word.

*But ye, brethren, are not in darkness, that that day...*

What day? The Day of the Lord. Because why? You know the time and seasons. You know how to identify it. Remember Paul told the Thessalonians in 2 Thessalonians 2 where he continued on the same revelation. He said, "Remember when I was there I told you these things out of the Book of Daniel with the man of sin, how he shall be revealed, and how he will be destroyed with the brightness of the Lord's coming and by the Spirit of His mouth, and these things'?"

And Paul had already taught them, so these people he writing to...And how many know Thessalonians was the first Book out of all the New Testament, and that is where it start with the seventh seal, the coming of the Lord? That's right.

Didn't Jesus teach all these things? Remember Paul is a minister preaching here in the days after the Son of Man, you know. But didn't the Son of Man when He was on the earth give out all these signs. Didn't He take Matthew 24 and open the seals? Didn't the mighty angel come and He opened the Scriptures and opened their understanding? That's right.

So, if I'm like a minister here preaching and keeping you in remembrance, shouldn't I say "You should know the time and seasons." Didn't he teach **United Time and Sign**? Did he preach **Is This The Sign Of The End, True Sign Overlooked, Super Sign, End Time Seed Sign, Harvest Time, It Is The Rising Of The Sun, Christ, The Mystery Of God Revealed, The Token.**

Didn't he teach us all of these things? **Flashing Red Light Of The Signs Of His Coming?** He taught us.

So, its not I have to keep that burden. I mean as a minister I could be faithful to reiterate and keep you in remembrance, but if you are a believer in the prophet, and a believer in the Message, when you hear the Message and you say you believe the Message, what was all those Messages about? What was it trying to do, not show them the end time?

*Ye are all the children of light, and the children of the day...*

What day? That day, that day. What Light? The evening Light that is promised - the opening of the Seven Seals, because the Lord descended from Heaven with a Shout. Children of the Day, the eight day - recognize your day and your Message.

*... we are not of the night, nor of darkness.  
Therefore let us not sleep...*

I just read for you Proverbs 6, where He says:

*How long wilt thou sleep, O sluggard? When wilt thou arise out of thy sleep?*

He say, "Look at the ant. The ant, consider her ways." He say, "My people don't consider," He say, "But you, consider her ways, which having no guide, overseer or ruler provided her meat in summer and gathered her food in the harvest."

She knows her seasons, she knows when to gather, she knows when to store. She knows when winter's coming, she knows when the season are changing. He says, I don't have to tell you about times and season because you're greater than an ant, you're greater than a stork. A stork is just a type of you. Is that right? The birds are a type of us. The ant is type of us, because man was the mystery of God and all these other creations is the attributes of God, showing what a man is.

Let the musicians come, for me.

*For they that sleep sleep in the night; and they that be drunken are drunken in the night.*

*But let us, who are of the day, be sober, putting on the breastplate of faith and love; and for an helmet, the hope of salvation.*

*For God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ,*

So, here we are seeing the prophecies, when they are saying peace and safety, sudden destruction cometh. We are seeing the prophet giving us the end time signs. I want to read back one of the quotes I read for you Sunday, where he says:

*His signs are in continuity with the time. The signs are right with the Bible. The signs are right in the moon. The signs are right in the sky. The signs are right on earth. The signs are right in the church. We can look around the church today and see the sign is just right for Him to come.*

*His signs always forerun His events. He always foreruns His events.*

*It always has been; it never has failed, and it never will fail. If we just follow the continuity of God's Word, we will never fail either.*

*Just follow the continuity of it for this age, watch what takes place. We'll go straight home too one of these days.*

**Uniting Time and Sign.** We went through there. I read for you how Jesus gave them signs, national signs. You will see the armies encompassed. This is one of the great Messages here; after the seals opened he was dealing with the signs and the time. This is the forth seal. Forth seal is uniting time, armies uniting. You're seeing it happening? Churches uniting? You're seeing it happening? Seventh seal, the Bride and the Word uniting. You're seeing it happening? Sixth seal, the weapons that will burn the earth, just like atomic power throw it out of cater and brought a flood, a disturbance of all nature, to bring the end of all flesh, after the elect had moved into the ark, and the doors were closed and lifted up.

Are you seeing the Lord's vengeance? You're seeing the sign - the priest handed him the Book? You're seeing the sign of the Cloud turned? You saw the sign of the rock thrown up? You seeing the sign now, the king of the North and the kings of the East? You know they are prophecies in the Bible?

When you trace back the Day of Vengeance in Jeremiah 50 and 51, is that vengeance on the beast and his kingdom? Is that on mystery Babylon? Is Babylon the worldly cage? Does the Book end with Babylon and Jerusalem? The mark of the beast and the seal of God?

Then if that is happening, and who you think is behind that missile shield? Like I show you just now, why do you think Poland is supporting the missile shield in Poland and the Czech Republic? The Catholic Church is afraid, because they know they are Revelation 17, but they don't want the world to know they are Revelation 17, so they keep trying to mess up people's minds all the time and project themselves as God.

But, the same way you know yourself in the Bible, they know themselves in the Bible; because it only has one place could fit that city on seven hills. Only one system has the blood of the saints and the martyrs of Jesus. Only one controls the kings. Only one has those official colours of purple and scarlet. Only one of them has the riches of the world. Only one of them has to do with princes and kings and the nations of the earth, and the merchants of the earth, only one.

It's in Revelation 13, the beast that came out of the sea. They know. And they know and they fear they're going to be burnt. And they see a nation rising up that fit prophecy, too. They're seeing it so they want the shields put up there. And the Polls and they are saying, "Yes, put all the nukes in our land." And you know what Russia say, Russia say "If you put that missile shield there, we going to put our nukes straight towards Europe."

They're not putting it in America, you know, they're putting it in Europe. America wants to put it in Europe. If America knows they're going to be burnt under the seventh vision, you see that one isn't written in the Bible, the prophet said that one. But as far as he's concerned, they crucified the effects of that, but the one with the Catholic Church, that's written in the Bible. It will burn in one hour. Only atomic fire could burn that place in one hour.

This is the hot thing on the table right now. And the Holy Spirit...not even looking at that, but that was going on, and the Holy Spirit, while we're in Jerusalem, I'm preaching about the City that's built foursquare and all these things. That and this sign in the sky, both come right in.

And then I went through and I said, "Look, how could a Church like this come through last year and year before, 2005, Easter Sunday morning, right here, when the Spirit dropped right in there and then brought all those Messages on the Resurrection through that whole year. And then went to the Congo, 2006, sit

down in the Church for three months and didn't preach, waiting for a direct Word from God, after that year was so supernatural, the one before?

And then came right in the Sunday morning and started on the Book of Ruth – **The Sickle, The Fan And The Garner**. Then went down to Arizona and came back – **The Loosing Of The Raven And The Dove**.

Think, friends. Then started this year, then ended up with **Sirs, Is this The Time**. Even before that we were in **Christ Is The Mystery Of God Revealed** - the three-fold mystery in the back part of God's mind that angels nobody never knew, bring it right down to the seventh Seal **Sirs, Is This The Sign Of The End**, then came back, and the Spirit went right back to pick up these things in Jerusalem and open it beyond what we went into in 1999, and then coming in the Convention and spoke so expressly, so precisely, and laying the Word out so close.

This is what you sit down here for the last three years. Go in the library. Tell them to print it for you and sit down home and see the things that have been spoken to you in your midst. And then you judge for yourself and see if you receive, if you understand, if you're in the Spirit of what is going on, and if you walking under the influence of what is happening.

And right in there, 2005, we went to Brazil, August, three months. Because all this was opening, so much after fourteen years and God began to make a move there. Went back the December, went back 2006, come back. The brothers came in 2007, January. I've just come back again, from six cities, again, sharing the things, sensitizing people that we are at the time of the end. We're coming down to the finish.

He said:

*Nations are breaking, for the time now that we see that— that they're supposed to do this. We're in the process of national disturbance. We see the nations are breaking relationships. Year by year, we find this nation being swallowed up in Communism; this one being swallowed up in Communism. And right here in our own nation, it's honeycombed with Communism, and it will take over. See, it'll do it, no way of stopping it.*

We were right there in the airport going to Brazil and I showed Bro Steve and them. I said, "Watch, we come through a line here,

somebody check us here. We walk to that young brother there, somebody check us there. We walk to by Bro Bowen there, somebody check us there. You're seeing the person check you here, check you there, check you there. You're still in a straight line. I said, "You see this? This is what I saw when I was in the Communist county back there in the 80's." I said, "This is what I saw."

Bro Branham said "They're honeycombed with Communism." You don't hear them preaching Communism, you know. You don't hear them saying we are Communism, you know. They say Democracy! Democracy! Democracy! But they operate with all the principles and everything of Communism – Police state, take away their rights, subject the people, put pressure on them, and the people are not conscious they're in a Communist state. All the methods that Hitler used with the Third Reich is what they come back and implementing right now, exactly the same thing. All the laws of surveillance and everything, they pass. They could tap any phone, e-mail, everything for fear. National security – peace and safety, peace and safety.

*The same reason that you couldn't stop Titus. The people have rejected God and His Word. So they're going to do it, and we see it right in process.*

He said "We see it right in process." He meant he. He was seeing it in process, because the Book was opened to him, and he was preaching **Uniting Time and Sign**. When the forth seal opened, he saw all religion, politics and these things. And nobody was using the word globalization as yet. This is 1963, but then we came into an information revolution age of globalization. And from the time you hit there, and the Holy Spirit comes **Traps of The Mighty Hunter, Return Of The Global Village**, way back in 1989, there, after the Trumpets opened.

The Holy Spirit so gracious, dropped the Word down in there, so we will not be left without understanding. It makes me grateful in my heart that the Lord doesn't leave us guessing. Because in this kind of hour that is getting so dark, when you go to pray, you say, "Father, You showed us this, and You spoke to us about this, and You identified to us we are here. And we approach You on this basis, because we see how You do this before that even came

out. You did this and You confirmed that was You leading us in this way.” That’s right.

Then the Spirit came, Three Revolutions – Agricultural, Industrial and Information. Where did those things come from? But all those things came to identify and prove that the things that are happening under those seals...

Then what about 2001, when the towers fell, **The Day The Towers Fell**. And go back to the prophecy in Isaiah 30 and see what it said, “And her light shall be like the light of the moon, seven fold.” And the teachers and they, the light will get so bright. And you go back and listen and see if the prophecy and these things are coming to pass. And watch when the nebula show itself. See how bright it is.

It is easy to say these things to the Church, because you preached all this, and all the people rejoiced and all these things, and right there on that Message, **America’s Apostasy**, I showed you how the Philistines were controlling the mines to keep Israel and they as an industrial power. And what is the big thing right now? They want Iraq to be armed and become a nuclear power. They want to control the monopoly on the uranium and these things, so that they can dictate to you and they can tell you what you can have. And if not, they put sanctions upon you.

Look at the comedy going on in our nation. It’s a comedy and a tragedy at the same time. You laughing and you want to cry at the same time. It’s so hopeless. All who opening Bible in one hand and talking. All who quoting and different things, then you coming out with dancehall singers from Jamaica and all kinds of dotishness. And people want to stand up and argue with me inside of here, who could do what, and who have right, and who could follow who.

Thank God, God cut me out of that nonsense. That is atomic fodder. That is buzzards. Buzzards! Not eagles, friend. Eagles are way up here flying high, flying from that filth and foolishness. And the people who are doing that have PhD and LLD and QSD. And they went to University, and they trying to bring a society that is going to have...That is one pack with fifty-two jokers. Don’t waste your time with this nonsense.

We are not of the night. They that are of the night are drunken and asleep. We are of the day and we are sober! God separated

Israel from Egypt. Put Israel in Goshen there, under the light and under the blood and left the rest groping in darkness with death striking them. That's where it is, friends.

*They're right now uniting. You say, "Brother Branham, is that true?" They're coming to the battle of Armageddon;*

Watch it quite there. He said, they are coming to the battle of Armageddon. You know why? He's watching the Scripture and they have to fulfill their part as we have to fulfill our part. That's why he could speak it, because the Word was identifying, he came to judge the quick and the dead.

*...exactly what they will do. See? And they're uniting for that right now. That's why we got the U.N. and everything we have.*

*The Western World's uniting against the Eastern World, Communism and so forth;*

And you see it all come back again. You see it all come back again.

*...it's all uniting together. The churches are uniting together. Everything seems to be uniting. Uniting, uniting themselves together, we see that.*

And we see a sign of MWC922 uniting with the Red Square nebula. I choose to say the Red Pyramid nebula in the sky. And they say first time an image like that was ever photographed. The symmetry of it, the lines are foursquare. And they tied it to 1987, the **Supernova**. And both of those two things, a people on earth is connected with the two at the same time the two are being discovered.

There is such a people – the same time the two are being discovered. That cannot be disputed. That is exactly what happened. That is not an invention, that is not a make up, that is what happened.

I had one thing I wanted to get to; I want to read for you. He says,

*They could not compare, as they do today. They couldn't do it before.*

*It's just now that they could do it. Notice he said, "heavenly signs, heavenly signs."*

*Science and national signs... Now they got..*

Hear the prophet now interpreting fearful signs in the heaven. Hear the prophet interpreting it. He says:

*They could not compare, as they do today. They couldn't do it before.*

*It's just now that they could do it. He said, "heavenly signs, heavenly signs."*

*Science and national signs... Now they have a great sign in the sky today.*

*They have astronauts and everything. It brings them fear. They don't know what time they could send up something like that and just drop these bombs, and we'd be no more. See? Now that's the signs that they got, fearful sights in heaven. See? They got them, atomic missiles and everything, all kinds of signs.*

Which I went through with you – brighten the arrows, missile and shield. And that's what they're talking about – Missile and shield for the defense from the missiles. And that is the fall of Babylon; that is the vengeance of Babylon for what they did to the Church.

Under the four seals you see what they did to the Church. But at the end of the fourth seal, when the seven decades run out the mighty angels descends to an eagle prophet to bring them back to the land of their fathers, that Jerusalem will rise again and Babylon will fall. And we see the signs, and he said what? "It brings them fear."

*There's not no trust among them; and everyone's scared of the other one. That's a fearful sign.*

Russia is scared that if they build that shield all their nukes will be pointed to us. America is scared. The Vatican is scared. "Put up that there. One in Poland, Poland, we have the full say in Poland, so we will get the Polish president to come to the White House and say he supports the missile shield."

And Russia, who is raised up and God will put it in their heart to hate the harlot and to burn her with fire and eat her flesh. Like Jehu destroyed Jezebel. I don't know if you remember my Message, **The Anointing of Jehu**. You see.

*Science and man and nations have produced the fearful signs in the skies.*

Science and man and nations have produced the fearful signs in the sky. We went through that with **The Lord's Vengeance of His Temple**.

*And there's been a heavenly sign given. Now, they got a sign in the heaven too, a fearful sign, a man in a astronaut; might have an atomic missile, and could drop and destroy the whole nation. So, you see, that they got a sign, but that kind of sign makes them scared.*

No trust among them, fear. Each one puling apart. Each one don't trust the other one.

*They're uniting together, putting their powers together. The free world, they're putting its power together. The Communism putting their power together with Russia. But each one's scared of the other one.*

It's like he's preaching today, 1963, this is 2007, forty-four years ago. It's like he's watching Russia, he's watching America, he's watching what happened with Europe. It's like the news they're making today, is what he talking about, here.

*Each one's scared of the other one. See, it's a fearful sign. That's right. That's national sign.*

Watch the son of man in this day giving us a national sign. Jesus say when you see the armies compass, He said "You didn't know the day of your visitation." Watch now, that was the edge of the sword, this time atomic fire.

*But the Church has received a heavenly Sign: an Astronaut! Jesus Christ in the form of a Pillar of Fire, and what does It do? Does It bring fear?*

*It brings love, brings a uniting to one another, a feeling for one another. It brings the Love of God, oh, uniting us and brings us, the Body of Christ, into unity.*

What does that rainbow coming down do? What does that Cloud coming down do? What does that Pillar of Fire coming down do? What does that dove and this revelation coming down do? It brings love. "Oh God, I love You Jesus. I'm so sinful and still you come so close to me. Lord, I'm so unworthy and still you show me these things." It brings love. And others He showed Himself to feel the same way. And then there is a uniting. The unity of the one God in the one Church. Spiritual astronauts.

We have a heavenly sign, too. **God's Astronauts and His Space Program.** We went through these things.

*...a feeling for one another. It brings love, brings you a uniting to one another, a feeling for one another. It brings the Love*

*of God, oh, uniting us and brings us, the Body of Christ, into unity as a Bride. That's what it's doing now, this great union.*

It's a sign in the sky showing us and bringing love. Heavenly Jerusalem having the glory of God - the river of God flowing out of the throne of God from the City of God. But they're talking about a missile shield in the sky, too that is bringing fear, that is bringing insecurity and they're trying to do it for peace and safety. 'And when they shall begin to say peace then sudden destruction.' That is what they're saying now, but they're seeing sudden destruction in that enrichment, in that uranium, in that nuclear reactor.

They say "We need this because those rogue states may fire one at us and we could be no more, so we need to put up the shield." But it is that woman who doesn't want to be burnt. It is that woman, she wants to kill Elijah, but she doesn't know Jehu's anointed to kill her. She didn't get Elijah; Elijah was taken up, a type of the raptured Church into glory, but Jehu is not going to miss. He's not going to miss.

He turned and said Bidkar, you all, he's talking to those eunuchs up there. "You all, who's with me? Whose side are you on? Talk fast! Face my wrath or throw this woman out throw that window." Remember when I preached **The Many Painted Faces of Jezebel**? She was doing her last paint job. She was doing her last paint job. But this woman doesn't have paint, friends. She is clean. The countenance, the glory of the one on the inside is shining out of that countenance, by the grace of God.

You love Him, tonight? Amen. Let's just worship Him, tonight, amen. Oh, thank You, Lord. Hallelujah! Thank You, Jesus. Praise your mighty Name, Lord. Hallelujah! Glory be to God.

Open our eyes, Lord. Open the Scriptures, open our understanding, Lord. Keep breaking the bread in a way, oh God, that releases this anointing into our souls, that we could be so quickened and be raised up in such a place that we can walk without doubt, without uncertainty, without fear, dear God. Perfect faith in a perfect God, who makes a perfect promise in His perfect Word, with rivers of virtue flowing out through us.

Oh God, take the make belief, take the fears, take these things away from us. Like Sarah, we want to judge you faithful tonight.

Hallelujah! Lord, God, your Holy Spirit will do these things quickly in our midst, Lord, that we could be ready, oh God, as we see the time clock striking the hour.

Oh my. My, my, my. I wonder if we could sing that song. 'Time clock striking the hour.' We used to sing that long ago. I don't know if people still remember it. If they have it in this book, even. If they have it in this book, could somebody tell me quickly? I know Ken; he is one of those old time song leaders. He might be the quickest one to tell me if it's there. Is it there? Its not there? Then...somebody said something? What? Forty-five? You found it Sister Anne?

The Holy Spirit dropped that down right there, whole Church looking for it. Forty-five is 'I will rejoice.' Forty-eight, amen. Praise God. I'm looking at "T", Time clock. She got it. Like Mary Magdalene, she saw it when the great servants of God around couldn't see it. He appeared to her in the song, there.

The time clock is striking the hour  
Jesus will soon descend  
Clothed in garments of power  
The reign of sin to end.

When we think of these things, you heard what it said? The reign of sin to end. No more sin will reign in our mortal bodies! Amen Hallelujah! No more! Hallelujah!

*The time clock is striking the hour  
Jesus will soon descend  
Clothed in garments  
Clothed in garments of power  
The reign of sin  
The reign of sin to end.  
Then will this anthem be ringing  
Then will this anthem be ringing  
Like to a mighty flood  
Then 'round the throne we'll be  
singing  
Glory and praise to God  
Oh my, that sounds good, let's sing it tonight.  
Glory, glory to God,  
Thus will the ransomed sing  
Glory, glory to God, the everlasting King*

Oh, praise Him, tonight  
*Praise Him, hallelujah,  
To that eternal sphere*  
Oh, we are waiting  
*We are waiting for our translating*  
The time is near  
*The time is near*  
In those bright mansions supernal  
*In those bright mansions supernal*  
Oh, think of that theophany, tonight  
Death cannot enter there  
Ages on ages eternal  
*His likeness we shall bear*  
*There will the once broken hearted*  
*Rest in the Spirit know*  
Sorrow forever departed. Oh my.  
Gladness shall overflow  
Oh, praise Him, tonight. Glory!  
*Glory, glory to God,*  
*Thus will the ransomed sing*  
Oh, glory!  
*Glory, glory to God, the everlasting King*

Oh, praise Him, tonight. Lift those voices. Sing those hallelujahs.

*To that eternal sphere*  
*We are waiting for our translating,*  
*The time is near.*

You believe the time is near? It's nearer than when we first believed. Amen. It's high time that we awake out of sleep, friend. It's nearer than when we first believed. Let us put on our breastplate of faith and love, amen. The amour is light, amen. Let us press on forward in this hour.

We see fearful signs in the sky, yet we see a heavenly sign, a uniting sign. Oh my, while the world is uniting we see the other uniting, that Jesus Christ coming down among His Bride in this hour bringing love and unity while their heavenly sign is bringing fear, fearful sights in the sky. Oh my. My, my, my.

I'd like to call Bro Hayden Stewart to come, amen, close with a word of prayer, tonight. Hallelujah! Praise His wonderful Name. Hallelujah! Thank You, Jesus. Hallelujah! You just have a prayer in your heart, as our brother would pray, and we would rally around that prayer together. Offering up our prayers together.

Oh God, You just ask for what you have need of. Whisper, breathe His Name in prayer. Hallelujah!

[Bro Hayden prays.]

Could we all say, Praise the Lord? The Light has come to show us where we are going. Could we all sing that as we go? God bless you. Remember the Prayer Service Friday. How we need to pray. How we need to assemble together and pray. May there be a hastening to come up into the house of God and to prayer, and I trust that we certainly would have a time to pray on Friday.

You pray that God just send down His Holy Spirit in such a way that there would not be one among us that would be not sealed, because to go in, friends, you must be sealed. You must be birthed, and the Holy Spirit is looking for hearts that are hungering and thirsting. That is crying out. Amen. Those that are desiring this more than anything else. Those that have faith. Those that obey the Holy Spirit. God gives the Holy Spirit to them that obey Him. Amen.

The Light has come.

God bless you.
