*Excerpt:*

In other words, science blundered into God's laboratory. Science discovered that there is a dimension here that things are being recorded; that they can channel things and they can transmit things around the world. But we find out from the Word, the reason God made that dimension is because that dimension is where God records everything that takes place and that is what is going to play back on the Day of Judgment...*(Page 9)*

.....

That fourth dimension, it picks up what is going on in the underworld. It picks up what is going on in this earth. It picks up what is going on in the upper world. It picks up everything. That's the all-seeing eye of God. God has a network and God has a group of angels called the watchers and they watch everybody on earth. *(Page 28)*

While we remain with our heads bowed and our eyes closed, while the Holy Spirit can brood upon us, while in His great August Presence, He can sweep over our souls, lifting our faith, our expectations into such a place where whatever we have need of tonight, as we stand in His Presence, that we can receive it. We can bring our hearts, our minds into harmony with His Word. As we come yielding submitting ourselves to the fear of God, knowing that it is by Divine promise we are gathered here together; an appointment that has been appointed for us that He would come and meet with us even as He promised in His Word that He will do it. Blessed be His wonderful Name. What a blessed privilege it is to know that we can gather like this in the Presence of the Living God with faith, faith that God has given unto us; that we can look to the Unseen and see the invisible God standing here, hallelujah; the Mighty Conqueror in plain view. Thank You, Jesus.

Almighty God, as we bow our hearts in Your Presence, tonight Father, we confess that Thou only art the True and Living God and besides You there is none other. We know not of any other, Father. But we are so thankful dear God, to know that You the great God of Heaven and earth Lord has so loved us that You would condescend like this to meet with us, knowing dear God, that even

as we gather together like this that we are a needy people and we have need of Your help.

And as we come tonight drawing nigh unto Thee oh God, with grateful hearts and Lord as we feel Your sweet Holy Spirit, it lifts our expectations. It reminds us oh God, of so many wonderful things that was done for us down through the years; just to breathe Your Name in prayer.

Just walking in this evening when Your son dear God, was giving the testimony Lord of how his daughter was healed yesterday just as we bowed our heads and prayed. Only to find Lord his wife was waiting at home with gladness in her heart to share the good news with him, that immediately after prayer was offered, the baby was well and resting Lord so comfortably; to know dear God, that You are so near to us. "The Word is nigh thee even in thine mouth," You said. We don't have to go down in the deep to try to bring You up Lord or go up into Heaven to try to bring You down, but even as we gather here tonight Father, knowing that we stand here beneath the shed Blood of the Lamb of God. And to know dear God, that we are justified by that Blood. We have peace with God through the Blood of Your Cross. Hallelujah.

We can stand here dear God, knowing that if we would make our requests known unto You, You are here dear God to receive them and to fill our every need oh God, that we would have because You know our hearts. We will not ask anything Lord that would be amiss consciously, but whatever we ask dear God, would be something to help the cause of Christ or help a son or daughter of God or someone in need; Lord, help in some way that it might draw a soul closer to You that we can serve You and truly represent You in a better way. And Father, even that gives us confidence to know dear God, that if our motives are right and our objectives are right, then faith is a channel to operate through that we know

we would receive what we are asking for, for You would not withhold any good thing from us.

Dear God, even this request, Sis. Israel Lord, losing her glasses dear God and believing this evening that You know where it is and that You can restore it for her. It reminds me, oh God, of that time when those men lost that axe head dear God, and quickly they came to that man of God and they asked the favor. By Your Divine grace Lord, that law of faith brought them into a realm where You performed the Supernatural. You caused iron to float. The waters gave up the axe head and it floated back to the top dear God, to show that You are God and You are interested in even little things like that, Father.

And here dear God, no doubt Lord, we see the similar type of situation and how much more, dear God, because she needs that glasses even to help her read. Oh gracious God, and to know that when we stand before You Lord, we can ask these things having the confidence dear God that we have the petition that we desire from You. And Lord, she said it is lost somewhere in the Diego Martin area. May You dear God, restore it unto her. Surely You are more than able to do this for her, Father. And we ask oh God, even according to her faith as she would believe Lord that Your grace would be extended unto her, to even encourage her in a greater way to believe in this Hour for all Thou hast promised.

And Father, tonight as we assemble ourselves here dear God, we are looking forward for You to speak to us out of Your Word. And as we come in dear God, You know how we hunger and thirst after that Word, Father. It's more than life to us, Lord. Lord, we don't just take it as a little ordinary service or not just coming, oh God, to have our knowledge increased, but Lord we are taking it that faith comes by hearing and hearing by the Word. And oh God, to know that dear God, that that is what we need in this Hour – faith, faith sufficient to please You; faith to overcome, dear God; faith oh God, even for

the Rapture. Lord God, You sent Your Word in this Hour to do that very thing.

Lord, we pray tonight that we would hear directly from Heaven Lord; that the Word would be so clear, so real, so personalized; It would be so relevant to us Lord, that dear God It would inspire such great faith in our hearts. Like it is written of Enoch – he had this testimony that he pleased You before he was translated. God, may You gave us that same kind of faith we pray.

Bless each and every one that is in Thy Divine Presence. May You meet every need in the midst of Thy people tonight! Just lead us and guide us in the paths of service. Get honor and glory to Thy great Name. Bless all that are assembled here, Father. Dear God, may at the end of the service that when we would leave this place, Lord God, may there be such a joy in our hearts to know dear God that we were able to come into Your house and dear God sit at Your feet and leave with something eternal. Grant it oh God, we pray. We commit ourselves into Your hands now, thanking You in advance for all these things we asked for, for we believe that we have receive them, in Jesus' precious Name, amen and amen.

Amen. I would like to invite your attention to the Book of 2<sup>nd</sup> Kings tonight. We would like to read from chapter 6. I want to welcome everyone in His Presence. I trust you feel well and you are happy to be in His house tonight. It's truly a time we all want to draw close to the Lord and we see more and more the lateness of the Hour, and that God would speak to us. May His Word just bring such a faith in our hearts and we are desiring for an increase of faith. We know that we believe, we know that we have faith but we desire more faith tonight. Amen? Faith that would cause us to look to things that are not seen. But that is what real faith does. We would not be murmuring of our experiences, our problems, our burdens but we would be just

rejoicing, praising the Lord, marching forward; having the victory. 2<sup>nd</sup> Kings, chapter 6, verse 8.

*<sup>8</sup> Then the king of Syria warred against Israel, and took counsel with his servants, saying, In such and such a place shall be my camp.*

*<sup>9</sup> And the man of God sent unto the king of Israel, saying, Beware that thou pass not such a place; for [there] the Syrians are come down.*

*<sup>10</sup> And the king of Israel sent to the place which the man of God told him and warned him of, and saved himself there, not once nor twice.*

*<sup>11</sup> Therefore the heart of the king of Syria was [very] troubled for this thing; and he called his servants, and said unto them, Will ye not shew me which of us is for the king of Israel?*

*<sup>12</sup> And one of his servants said, None, my lord, O king: but Elisha, the prophet that is in Israel, telleth the king of Israel the words that thou speakest in thy bedchamber.*

*<sup>13</sup> And he said, Go and spy where he is, that I may send and fetch him. And it was told him, saying, Behold, he is in Dothan.*

*<sup>14</sup> Therefore sent he [there] horses, and chariots, and a great host: and they came by night, and compassed the city about.*

*<sup>15</sup> And when the servant of the man of God was risen early, and gone forth, behold, an host compassed the city both with horses and chariots. And his servant said unto him, Alas, my master! [what] shall we do?*

*<sup>16</sup> And he answered, Fear not: for they [who are] with us are more than they [who are] with them.*

*17 And Elisha prayed, and said, LORD, I pray thee, open his eyes, that he may see. And the LORD opened the eyes of the young man; and he saw: and, behold, the mountain was full of horses and chariots of fire round about Elisha.*

Let us pray.

Almighty God, we know that this is Your Word. Heaven and earth will pass away but Your Word would never pass away. You said let every man's word be a lie but let Your Word be the Truth. We believe that It is the Truth. We acknowledge that It is the Truth. And as we sit here tonight, we look for the Holy Spirit, the Spirit of Truth to come and take these words.

Lord, just thinking today, Thou knowest Lord, of how I was just wondering the simple way the Bible is written Lord, but that has been Your greatest secret. How You have hidden Your Word Lord! How the great things that science is looking for, man is probing over, Lord it was laying in the Bible Lord; to know dear God that these things that even we who read as Christians, Lord but yet still not fully able to understand or perceive the realities. Even tonight we pray and ask for revelation, that the Spirit of Truth Lord, would open the Word and inspire It to us Lord, and cause us dear God to grasp these unseen realities; the Eternal things Lord that would cause us to live closer to You. Grant it oh God we pray, as we wait upon You now. For we ask in Jesus' precious Name, amen.

God bless you. You may have your seat. I would like to take for a little title tonight, **"THEY WHO ARE WITH US."** And for a little subject, **"Looking At The Unseen."** And you know whenever I think of the Unseen and looking at the Unseen, it carries me back to the beginning of my Christian experience, because you all know my testimony. That was the message that I heard first: *Looking To The Unseen.* [1950-0816 -Ed.] And I preached *Looking To The Unseen, Still Looking To*

*The Unseen*, [1<sup>st</sup> and 5<sup>th</sup> July, 1984 -Ed.] and I'm looking at the Unseen, and I just believe on the Unseen. Amen.

And you think of these things, you know we are going to see the Lord Jesus one of these days. It's the joy of our hearts, we who live for Him that we will see Him one of these days and we'll talk to Him, we'll worship Him. We worship Him now in Spirit but how much greater reality it would be when we actually see Him with these eyes – *look upon His face; there to sing forever of His saving grace.* [Song #664 - Songs That Live -Ed.] But how we thank God for the revelation that that is a promise in this Hour that we can draw faith; that we can receive strength to live for that great Hour.

And as we gather in here tonight, we who are Christians, we are looking at that great Hour. And I asked the brothers to give out to you this little chart [Worlds Seen And Unseen chart. -Ed.] that I drew and I have many things that I would have liked to put into it but decided not to do it because I don't want to make it too complicated by putting too much of details and then it would confuse some as to all what is there and what we are really trying to focus our attention upon. So what we are going to do is, while we study the next few messages, we would maybe try to put in certain things in there and as you study and what strikes you and what you see goes in there, it can help you that you can understand the Word of God in a greater way.

And if we had a blackboard I would have tried to do it but seeing the distance from here to the back, it would be very difficult to do that so I thought it best that I just draw this little chart and give it to you. You could keep it in your Bible and you study when you go home. And I've been preaching the last two messages *Worlds Seen and Unseen.* [24<sup>th</sup> and 28<sup>th</sup> March, 1993. -Ed.] And this is a little chart here dealing with the Seven Dimensions and there are many things that might make you wonder that I have here on the chart, but we have the Realm of Mortal Beings that we can see that where the three

dimensions are: light, matter and time. And then I have the fourth dimension spanning right across the entire chart because we would like to maybe speak a little bit on that tonight, so it would help you understand. And then some of the Scriptures that we would look at maybe you can feel free if you would like to write it in there, you can do so to maybe help you get a clearer picture.

Then above the Realm of Mortal Beings we have the Regions of the Blessed, the Realm of Immortal Beings. That is where those theophanies are and that is the place where we call 'beyond the curtain of time'. And I put a little line in there and I put a little quote on that line from *Adoption* page 4 paragraph 25, where the Prophet used a terminology – he says, “The dividing line between mortal and immortality.” And then above that I put another line in there because there is another dimension still beyond that because when he went there he looked for Jesus and he didn't see Him and they said, “He is a little higher up.”

How many doesn't have one of these, let me see? Just raise your hands quickly. Just pass them around quickly those who are there. Just raise your hands and the brothers would bring one for you. Just raise your hands so we can see who needs one. Look there are some – Bro. Lindsay and Sis. Althea here. Does everybody have one now? Is anybody still without one? Sis. Charmaine in front here. Amen. Alright.

And then above the Regions of the Blessed, we have the Regions of Angels and above that God. And then below the Realm of Mortal Beings we have the Region of the Lost, Region of Demon Spirits and then Hell. And notice at the side I put the Bottomless Pit because it goes down in three realms there, that bottomless pit which we have been preaching on that the last couple of services as well. Now I put a couple of quotes here and there is some space where you can write in more quotes and more Scriptures. I left that there so as we

go along whatever we pick up we can just kind of put it in ourselves.

So this little chart is not my imagination. I'm just trying to illustrate in a visible way what Bro. Branham explained in these quotes here, which I have; I can read it for you if God would permit tonight. But there is something that I am looking at and I would like to spend a little time on tonight which is on that fourth dimension because, you know, the Prophet made a remarkable statement. He said, "God is omniscient. He is infinite. He cannot add to His knowledge. He sees all things and He knows all things. If a flea bats his eyes," he said, "God knows that." He said, "But God is not omnipresent. He's not like here, there and everywhere all over the place, because He is a Being and He lives in a certain place. But being omniscient is what makes Him omnipresent."

That is why Jesus could have told Nicodemus: The Son of Man Who came down from Heaven, while He was ascended up into Heaven and Who is in Heaven right now and is with him right there on the rooftop. And he wondered, "How are You in Heaven now and You could be on the rooftop talking with me?" You see? But the thing is, I want to show you something – that this fourth dimension is not just in this world here. Because God has an original purpose for the fourth dimension, and even though science discovered it, God hasn't changed His purpose of having the fourth dimension.

In other words, science blundered into God's laboratory. Science discovered that there is a dimension here that things are being recorded; that they can channel things and they can transmit things around the world. But we find out from the Word, the reason God made that dimension is because that dimension is where God records everything that takes place and that is what is going to play back on the Day of Judgment.

There are some people right now their record is going around just—he says like a little noise, “Goo, goo, da, da.” There isn’t much on it. But then there are some when they come to the age of accountability, then all that they do is on that. Then there are many people in the world who have not yet repented (so it is all there,) and they died and it’s going to play back on the Day of Judgment. Every man will see themselves. He said even the very thoughts that you think would be right there as well.

So we realize if that is so, science discovered it. They don’t know what it is there for but we find out that is why Moses could write Genesis. Moses lived about twenty-six hundred years after Adam was created and then—because the first two thousand years was the flood, and then Moses was about six hundred years after the flood. And then Moses was writing and he said what Eve and the Serpent was talking about. Moses put down the conversation. Moses said the Serpent walked up to her and said, “Yea, had God said you shall not eat?” And Moses said what she answered and said. Is that right?

Moses said what Abraham said when he was going up the mountain. Because Moses wrote the first five Books of the Bible and for him to write Genesis—he wasn’t even born yet. Is that right? So then it was recorded that Moses could see back somewhere and since certain parts of it wasn’t just like history, God was even giving the conversation, God was even giving the time of the day, God was giving the hour; God was giving certain events that was happening round about. So Moses was writing all these things in detail, and for him to write it then he had to see it, amen – how God put Adam to sleep, and out of Adam’s side God took a rib out. Moses was seeing that. And then when she was brought to Adam, Adam said, “This is bone of my bone.” He even heard what Adam said, that he could write it down. Alright.

Now that is still there today. Do you know that? Do you know God didn't destroy that? That record is there. That is why when God wants to show it back, God can show it back. So we realize then that science has discovered that dimension but they have not realized why God created that dimension for, so man is misusing it; man is perverting it. But we find out that is how God would communicate His Words to His prophets. That's a dimension. That's a channel of communication and that is what they discovered it can be used for today, and that is what they use it for, but they communicate their own thoughts and their own ideas and these things; but we find out that that is recording every single thing that takes place in God's creation.

You know if you take a movie camera—how many ever saw a picture underwater? Sure. Why can you see it? Because somebody is going underwater with a camera and photographs what is going on under the water and you see it. Somebody goes up into space—Some of you may have never seen it but I've seen films, what the astronauts actually took of themselves while they were in space and how it is transmitted back and everything else. So what I am saying is, whether it's in the sky, whether it's on the land, whether it's under the water in the sea, if man can take a camera and channel that thing into a circuit and transmit it to any part of the world, it shows that all those things are there and it's being recorded.

And that is why I put that fourth dimension all the way across from Heaven right down to hell because that is how God knows every thought that Satan is thinking. Do you believe that? That's the reason he's howling. His scheme has been uncovered. How did Isaiah look at the devil and say, "How art thou fallen from Heaven, oh Lucifer?" And Isaiah a prophet could tell him. He said, "Do you know why, Lucifer?" He said, "I'll tell you why. Though I was a thought in God at the time, I could still tell you why you fell." Why? He saw it in a vision.

He said, "Because thou said in thine heart." Do you get that? So Lucifer's thoughts in his heart was even recorded.

God's Word doesn't lie, friends. It's there in the Bible. It's there for It to be inspired to us to catch the reality of the Word. We heard the Prophet made statements sometimes. I know we kind of don't accept it. We don't know what he's talking about. We can't accept it. But let me tell you, when he speaks, that's why I believe the Word because I realize what he's saying is in the Word and whatever he speaks is because everything is in the Bible. That's why he said, "You can't get anything outside the Bible. It's already in Here. He said he was sent to reveal what is in the Bible.

Look at God! God was showing John what Satan was going to do in a certain generation before that generation of people was even born. Do you know that? How could John in AD 95 see that in the Dark Ages Satan would have killed sixty-eight million Christians with the sword when those people wasn't even born yet? They were in AD 95. Is that right? The Dark Ages was from 606 to 1520. But because it was in Lucifer's heart, because he had a plan to do it, God was uncovering what was there. Is that right?

Because remember, God is omniscient. Satan is not omniscient. Satan doesn't know everything. That is why he said, "If I speak it, the devil will know it." He said, "He's trying to get a hold of that Secret. If He had made Satan omniscient, He'd have made him infinite. He can't be God. He's a creation. He doesn't know all things. Amen. That is why in the beginning he was stumbling around Jesus: "If Thou be the Son of God, let me see. Some great thing came down there and a Voice said, 'This is My beloved Son' by the bank and different things but I don't know; I'm not too sure about this Fellow yet. But if Thou be, do that let me see." He couldn't get Him to do it. Amen. So you see then what was happening.

Now I want you to see then, as we look into this thing that is happening, I was speaking to you about how the key was given and I told you I will try to open that and we'll look at it and see. And on Sunday we were trying to look a little bit at the time when the pit was being opened and the time that hell was being created on the earth. And we found out at that time that it was being done, that was the time that God ordained a Prophet. So God didn't leave it for me to figure out because I'm not a prophet. God didn't leave it for you to figure out because you are not a prophet. But God had a Prophet who was sent to reveal the entire Bible, and God gave him the experience. Amen.

He went to the Word and saw that that was in the Word. Is that right? And when he saw that that was in the Word he said, "Hell is being created on the earth now." He started to talk about when hell is opened up and the devil came out with all those mysterious things and he said look how radio and television is producing it right now and look how it is bringing the people to a hideous condition in this insane Age. And we could hardly make head or tail of what he is talking about. But he's in a next realm and it takes us years and years growing up and God is dealing with you and you are having experiences with the Holy Spirit and God is opening the Word and then you begin to see what He's talking about, when you have reason to see what He's talking about. Amen. He makes it plain that you can see the Hour that it has come to. Amen.

And, you know, that is why you see back there when the Lord opened up all these things about the Seven Vials and the Seven Trumpets and these things, to some people they may wonder and ponder. You see, but it was an opening. It was sealed up in the Message of the Hour. And it was sealed up. It was condensed. It was not just explained either. It was there and it took the Holy Spirit to tie the Word together. Not just to give knowledge friends, but to bring us to the consciousness

of the Day that we are living in and what is happening on the earth.

And that is why it's a sad thing when you see that people can't get revelation; when you see people's minds are so modern and their lives are so not in contact with the Supernatural that to them life is just this natural world. It is hard for them to believe that that is happening. But let me tell you, that is not happening now. That was happening way back in Heaven when Lucifer stepped forward there to try to build a bigger kingdom than Michael's, and then he was cast down. That was the very purpose of the fall – because he found a way to inject himself into the human race. And that is the very thing that he started when Cain went forth and built the first city. He started to work through science and civilization to try to bring it to pass.

And that never finished because when Paul came and Paul was on the earth about four thousand years after the fall, God could still give him a vision and show him two thousand years coming down the road in this Age how Satan would come to that place and the man of sin would sit in the temple and be worshipped as God. Because God was letting us know this is not fiction. Amen. Hallelujah. What happened in Heaven, what happened in the Garden, what happened in the middle of the Bible, is continuing on and will come to its fulfillment in the last days.

And here we are living in the last days and it's whether we can accept. Sometimes it hurts our feelings if we are caught under some of the influences. We say, "I have to give up that, I like that." We don't know why we like that. We like that because we are anointed with a demon. See? Because we are caught between the influences and we are battling that thing in our mind and we are trying to give it up but we don't have the strength. A power keeps pushing it down upon us. And unless we get genuine revelation to take the Spirit-Sword and cut you away from that (amen) and raise you

up a little higher; unless you are really anointed by the Holy Ghost, your whole life will struggle in that until it drags you right down.

Why do you see young girls virgins, and before their wedding comes, they have lived with three or four men? Why do you see that? What drags them down from morality into immorality? Why? What makes them descend from a lower order? That was not their first estate. They fell from their first estate. They looked back at an act. They looked back at an incident but what about when the influence was in the spirit realm before it comes in the flesh realm. What about when it came and started to anoint them as thoughts? Is that right?

Look at James 1 – the course that sin takes. It comes as a thought. When lust is conceived it bringeth forth sin. When sin is conceived it bringeth forth death. Is that right? Separation from God. Amen. And then you get to realize what people are up against. See? But then in their mind they say, “I’m fighting with this. I’m getting those thoughts. I’m getting those thoughts. I’m getting those thoughts. I don’t know but it’s like I’m going crazy.” And they hope the thoughts leave. And it’s a dark spirit oppressing them. Like Jesus saw it over Peter. He said, “Satan is trying to sift you like wheat but I’ve prayed for you.” Amen. He said, “You need the Holy Ghost, boy.” Amen. Hallelujah. Glory.

And that is why people today they are being caught up into an intellectual realm and they are not coming to the Spirit realm. They are caught up trying to learn the Message rather than come into the New Birth. And when they try to learn the Message without the Holy Spirit, they put a carnal interpretation to the Word and they go into sin and they find themselves weak and powerless. Amen. But God wants to reveal His Word. Why? Because upon this Rock I will build My Church and the gates of hell shall not prevail against it. It was built upon spiritual revelation. Amen. And you don’t

have to fight up for that. You only have to ask the Father: "Give us this day our daily Bread." Hallelujah. Not the natural bread, the Bread that you have to live by. The Bread of Life is He that came down from Heaven. If you eat you shall never die. Amen. Glory. And every day, every day He allots that Word for you to feed upon that Word; amen, to live by that Word. Glory. And it's a very tremendous thing.

Now in our Scripture here we look at Elijah—Elisha rather, and it's a time of war. You see, the Bible says the king of Syria warred against Israel. And I was thinking today, just thinking about some of these Scriptures like this with the axe head that He made float in the first seven verses of chapter 6. I was thinking about that tonight while praying for the sister's glasses, how God knew where it was and God knew when to bring it up, but God brought it up by a Divine way. And He made one to float.

And I begin to think about the military today. You could imagine the military. Do you know how many submarines and nuclear subs and these things that they have out there in those oceans? Do you know all this big thing that they are fighting for to control territorial waters and these things and especially that North Atlantic area up there? Why? Because the whole nation could be in danger if they don't know what is in those waters; the billions and billions of dollars that is spent in just trying to control what is in those waters and keep it under surveillance. The same way like what they did with the air space – to know who put what satellite up there. When the Russians went up there, what did they go up there for? Did they launch anything? What went up there? To spy it out constantly.

Because in war like it was here in the Bible—And I was thinking too about these people who are searching for sunken treasures. You know there is a man called (I don't know if I call the man right,) Jacques Cousteau.

The man's whole life is spent searching under the sea. And I was thinking I said, if they had the science that Elisha had, a farmer – a farmer had known laws how to bring up things that was sunk beneath the waters. And I began to think right there, I said, you know that is a principle. The Prophet said, "How would those scientist today like to find out how Elijah could eat one cake and go in the strength of it for forty days?" He said, "How would they like to know that today? What atom did he let loose there?"

And I started to think you know, God took these great mysterious things so far above what we know in this big civilized, scientific world and it happened among little farmers, little ordinary people back there down through history. And it's hidden in little stories that when we even read the stories, it's juvenile. We call it a miracle and we don't even think about it. But this man made iron float. And we were talking about some of these miracles, how they exist. It's the science of a higher civilization. It is science yet undiscovered and unknown in this civilized world.

Now I want to show you something. This Elisha was a farmer and he was called under the ministry of a prophet, Elijah, you know that. But Elijah was not just an ordinary man. He wasn't just a religious man. He was a man who was an associate with the unseen world. He was a man, angels used to appear to him. He was a man who could disappear and then appear again. He was a man who outran a chariot of horses. And they saw things in this man's life that today they would have called an 'obeah' man [West Indian term for a sorcerer -Ed.], a mystic or some strange man or something. But we find out the thing was—even the man's name means, Jehovah is my strength; that this man was in such close contact with God; that this man, God used to communicate with this man by visions.

Now I'm laying that kind of background to show you that Elisha was called under that kind of ministry. Now

I'm saying it so because I believe we have not been born by somebody's theology. We have not grown up under some denominational influence. Brother, we are called under the influence of a man who lived close to God that God used to appear to him every day almost and talk to him face to face; a man that God took in those worlds and brought him back. Amen.

If you understand what you are called under then you start to keep your eyes on that man. Everything that man said, you better walk close behind that man. You've got to put your foot in the same steps the way he put his foot because we understood he was led by an Angel. Amen. He was sent to open up a way to take a people out of this Age. Amen. His Message is going to do it. It's laid out here for us. Now to me, that is what the Message means to me. Sure, he blasted denomination. That was just to make us not get the wrong influence. I'm not going to spend all my time glorying over denomination is false.

But this man Elijah, Elisha saw this man call fire out of the sky. He saw this man stopped the heavens and then give rain that it didn't even give before. He saw this man open back the heavens and it rained in abundance and watered the whole land. He saw this man caught up into heaven without seeing death and went into a next world. Amen. And he became so obsessed under that man and that man's influence; he became so obsessed under that man and under that man's influence that brother, he had no ambition for anything else.

He said, "I want the same Spirit in me. I want the same Spirit in me. The Spirit you have I want that Spirit." He said, "If you see me go, you'll get It."

And from that moment he kept his eyes upon him and he never took his eyes off him. And the Bible says even when he went, Elisha saw him go. Amen. Hallelujah. And friends, let me tell you, that was put in the Bible there. Then we see this man who was a farmer because

when he was called by that prophet, he was a farmer trying to earn a living. He was toiling in the hot sun with twelve yoke of oxen. He was trying to catch the rains in time; to have his fields plowed up. He was not a great supernatural person, but whatever he was born with, it was going to develop under the influence of that prophet. Because he didn't apply for the job. He didn't try to go and live close to where the prophet was living. God in the prophet told him, "You go by that field and you will find him plowing there. Call him." Amen. Hallelujah. "Anoint him!" Hallelujah.

No wonder he said sometimes, "I'm saying things in the tape to go in the foreign countries. It will fall in the hands of the predestined. Amen. Hallelujah. I remember when I heard the message, *Looking To The Unseen*, I said, "Oh God, somebody is talking to me. Amen. That man is a Prophet. My! Now I'm not trying to say I am Elisha, God forbid. I'm Bro. Vin in Trinidad, in Abel country. But what I am saying is, I know I am passed forty and I know so many people and I meet so many people in my lifetime, yet that is my influence – that man; his Words. Hallelujah. There is something that I feel my life was born on the earth to cross paths with that. Amen. I feel that the thing I longed for in my soul about Heaven and Eternity as a little boy looking up in the sky, that man's Words, opened that door to take me There. And I'm resting on that Word tonight to take me There. Hallelujah. Because I believe he had THUS SAITH THE LORD. I believe Almighty God ordained him as a mouthpiece – in the days of the Voice of the Seventh Angel when he shall begin to sound, the Mystery in this Book to bring you back to the Word and immortality, shall be revealed. Amen. That is what I tie my soul to. That is what I live for day by day. Hallelujah. Oh my!

But look at Elisha in the Bible – he's called in a strange time. It was Israel's midnight hour. Because Ahab's kingdom was fallen and he came into union with

Jezebel. It was a political maneuver to secure his kingdom. It was the midnight hour. There was no real witness for God in that hour. Men had fled. Men were hiding. The prophets were hiding in caves being subsidized by the State. No man dare stand in the open and preach against that Jezebel religion.

All of a sudden a man comes down from Gilead, (amen, hallelujah,) walked into Samaria (amen) and said, "No dew will fall until I call for it." Glory. Oh my! It stirred the people. Amen. They never saw anything like that. They were accustomed seeing all these men in their old robes, but look at a bald-headed man, hairy, with a staff in his hand, (glory) walking down there with his eyes gleaming full of the Glory of God. Hallelujah. Why? He had THUS SAITH THE LORD. He said, "As the Lord liveth and in Whose Presence I stand." He spoke where he came from. He revealed in Whose Presence he lived. Glory.

And that prophet, the Bible says Elisha poured water on the hands of Elijah – close association. He wasn't just ministering to him. He just wanted to be around him to get one word that fell from his mouth (amen,) because he was calling for something Eternal. But he knew God had an order. He knew God had a system, how God brings His Word out, so he wasn't going to try to fumble around somewhere and end up with some false business. He knew that that was a channel of communication. Hallelujah! When you want to hear what Jehovah is saying, it comes through that man. Amen. Hallelujah! He felt privileged to be in association with a place and a man where God's inspiration comes to.

It isn't anybody just talk out of their head, but when they speak they speak the Word and the Word becomes clear. Let me tell you, that is a strange thing in this world today. That is a rare thing. Amen. That isn't on every street corner. That's a rare thing. Glory. Some of us behave like if that is on every street corner and in

every church you could find. That's a rare thing. Amen! Yes sir! An open vision is a rare thing. It takes God to speak to open those Seven Trumpets. It takes God to speak to reveal a new name. It takes God to speak to open those Seven Vials. It takes God to speak to interpret the unknown language. It takes God speaking from Heaven. Amen. Glory. It takes God to speak and say all that – a dying Star in 1987 that the astronomers found in the sky and point in the Bible. Glory. It takes God to speak and reveal Genesis 10 and 11 and say the Global Village is coming back. Paul says, "I believe it shall be so even as it was told me," (amen) because it's according to the Bible. Oh thank You, Jesus. Amen.

Elisha, he walked under the influence of that prophet, and he knew that prophet lived in a next world. Oh I tell you, I can't help but just sit down read those prayer lines these last few days; read how he explained those visions; read how he talked those things. Why? Because he was saying it for a purpose. There is going to be a people who are made up a certain way; it will mean something to them. Oh, we heard the Doctrine. I know the Doctrine. I learnt it back and forth. I could explain it. Amen. But there is a next realm beyond that Doctrine, (amen; glory be to God; amen) where a man links up with omnipotent; where a man expresses the thoughts of God, amen; where ministering spirits come and minister unto him. Amen. Hallelujah. Glory. A next realm that when God is doing something major, God could drop down His inspiration. Glory. No one spills that Wine; you could catch it. It's a receiving set; not full of all kind of nonsense: 'Rikki Tikki' [local talent show -Ed.] all kind of—Aesop's fables and these things. It could strike and reflect through the Word, amen; come through this Bible here by the grace of God. Hallelujah.

Now watch! Elisha, a farmer but the man was walking. Do you think he knew of all those things and didn't try to find some time and say, "I'm sorry Elijah, I

don't mean to disturb you? Maybe you are taking a rest out here. Maybe you don't want to talk about this. It's alright if you don't want to talk about it but I was just thinking you know, how is it you knew how to bring that rain back out? You have to have a key to shut up the heavens." He said, "I was just thinking of that." He said, "You know, I don't mean to disturb you but when you prayed that day on the mountain you said, 'And Lord, according to Thy Word.' And I noticed you didn't say Jacob, you said Israel – the God of Abraham, Isaac and Israel. And you said, 'Lord, as You have shown me.' Was it a vision you saw?"

Let me tell you, he was interested. He wasn't trying to wear a suit like Elijah's own. He wasn't trying to go and learn to hunt like Elijah. Amen. But he wanted to walk close with God. He wanted the Spirit in the prophet. Hallelujah. Because he realized the prophet was just flesh and blood, born by sex like anybody else, but he knew it was the Spirit of God that made him what he was. It was the Spirit of God that was speaking through him. The reason they misunderstood him was because they misunderstood the Spirit working through him. It wasn't the acts of Elijah, it was the acts of the Spirit in Elijah. He knew he would catch that. Amen. He knew that was the dynamics. That was the dynamics. That was the thing he wanted. Glory be to God. Amen.

So he didn't want to go and start a next school like the prophets because he saw Elijah did not start that. Amen. See, Elijah had enough conviction and backbone not to be pressured into things he didn't want to be pressured into. He was a prisoner to the Word. When God said, "Go to Cherith," he could go to Cherith. When God said, "Go to Zarephath," he go to Zarephath. When God said, "Hide yourself," he could hide himself. When God said, "Show yourself," he could show himself. He had lost all will of his own. He couldn't lead himself. He was being led by God. Amen. He found confidence

in walking in the Presence of God; having a revelation of God's will.

Where do you find your confidence? In a group of people? Associating with a lot of people? Your bank account? Where do you find your security and your assurance? Is the Word of God real to you? Is the Presence of God in your life quickening the Word; opening it up to you, amen; sounding your place in God's economy? Is that the thing you hunger and thirst after? Like Jesus said, "I have meat that you don't know of. My meat is to do the will; it's locked up in the will of Him that sent Me." Amen. To see that will revealed because this is the confidence that you have the petition you desire of Him. Amen. If you ask according to His will. When you know the will you can stand and be persistent, perseverant, in spite of all obstacles. You don't care what comes or what goes. You're tied to something. Amen. Glory. Something had been revealed, Divinely revealed. Amen.

Now watch! And here was Elisha, he knew that man lived in a world of perfect faith. He knew that man, when he saw him go up like that, many times he appeared and disappeared. They said, "Maybe the Spirit of God may have taken him somewhere again." He knew that these things in that man's life that while some called it mental telepathy, Beelzebub, say, "The days of those things are over; God doesn't deal with people like that any more; we have the schools with the prophets here and these things," he knew that man was an outlet for God. That man was a channel. He was like a set that the ether waves, the invisible God, used to strike something in him, and manifest Himself, and show Himself out there that man could look at him and see what God was like. He was a reflector from another dimension. He was made up to catch God's thoughts. His life was zeroed in design by God. Amen. Glory.

Elisha grew up under that. And I want you to notice the type of science that he came into. Elijah was off the

scene, but look at Elisha; he was walking there with that same Spirit that was with that prophet. That same channel that the prophet was tuned into he was focused into that channel now, and that same Influence that was upon that prophet's life, was influenced upon them.

Let me tell you, outside of that same Influence upon the Bride in this Hour, we are not going any place. We are not possessing any gate. We're going to be walking with a bunch of Spoken Word books and the Bible and argue back and forth and talk about things we know nothing about. But if that Influence is upon our lives, we'll come into a realm of perfect faith. We will walk with a Divine revelation that we live in the Presence of Almighty God. Amen. It will not be strange for that same God to speak in the throne of your heart, (amen) because you have a receiving set inside of here to speak out God's Words. And whenever it come out like Micaiah's did, it would be exactly what Elijah had said. Amen. It would be the very words of Elijah being made plain. Why? Because it's the same Holy Spirit.

And I want you to know this, it was in that kind of time—We're called in a similar kind of time. We are called in a day when an age was full of 'hocus pocus'. [Trickery or deception -Ed.] Men were running after oil and blood. That blood was coming out of women when they were seeing their monthly periods and these things. They thought it was holy blood and they were taking it and plastering it up all over people in the prayer lines and saying, "But this is special. This is a miracle."

The Prophet said, "Oh, geed." [Local exclamation of disgust. -Ed.] He said, "You think what those men were doing there; big Ministers in the platform not knowing the Bible." Exactly. He said, "The women, something was wrong with her system and the blood was just coming out of other places in her body," he said, "and then these men were taking that and anointing people with it." He said, "When people get away from the Word they'll believe anything; any kind of sensation." See?

They run after the Sai Baba [One of India's spiritual leaders -Ed.] pictures and all these kind of statues crying, with this Mary; all kind of nonsense. People are running after all these demons that they deceive people with it. But whenever God speaks and moves, it's according to the Word. It's THUS SAITH THE LORD. Amen. It will never fail. Glory! And that's the thing that produces the Supernatural, friends. It's just this same Word being made manifest. It's just this same Word being anointed and inspired to people. Amen.

And look! So here in this realm Elisha's walking there and he became a channel and the Word is being inspired to him. And war, it was time of war in the country and Syria was warring with Israel. Brother, it was great warfare until the king of Syria couldn't even trust his headquarters. He would go in his own bedchambers with his men; it was the only place he thought he would be safe. He didn't even trust some of the men in the ranks out in the headquarters; out there in the Kremlin or the Pentagon or whatever place they called their headquarters. And he would get with his most trusted aids, like Saddam and them down in the bunkers underneath with certain men who they traced them back three or four generations before they got that position close there. They aren't taking any chances. Amen.

And brother, while he sat down there with those men at the table and these most trusted, most loyal aids, he is telling them, he said: "Look, our plan is such and such and such. You take up so much men but don't tell them anything. You just tell them to follow you. We want to make sure there is no leakage of information. We're going to keep this thing tight because we realize that our ranks could be infiltrated. We have some kind of bad apples in the bunch; they could be bought out by the Israelites. See, he's trying to infiltrate us and weaken us from the inside; trying to undermine the

system. The whole system is honeycombed over with all these double agents and these things.”

That is where his thoughts were. He said, “Tell us I pray thee, who is for the king of Israel right among us? One of you all have to be a double agent.” And they found, every time they had a secret council and they planned a strategy, they went there and they found that they never caught the enemy. Second place they went they never caught the enemy. Third place, they never caught the enemy. The king called a special meeting to interrogate his own forces now; to interrogate his own ranks.

He said, “Come on now, I’m not going and pull any punches here today. Which one of you—one of you all is a spy inside of here.”

Brother, you could imagine that day. One man had a little gumption to speak up.

He said, “No sir, not at all.” He said, “It’s a man.”

Now I want to show you something. I try to show you how God hid things in the Bible. It’s like a little story but it’s a science revealed there. Television was here when Adam was here. This man was not going and hiding under the king’s bed. This man was not in Syria. This man didn’t buy some microfilm from somebody. This man was looking and seeing the whole meeting because there was a hidden camera channeling back into a circuit and it was appearing on this man’s set hundreds of miles away. Amen. Hallelujah. And this man was getting it in technicolor, live like CNN, seeing them right there.

That right there is what science discovered. This what we are reading right here is what science discovered, friends. God had a channel He used to communicate his information through. And watch something! While he was seeing it there, he was seeing and hearing all what they were planning and then after he goes over to the king of Israel and told him, “The plan today is so and so.”

Now the king of Syria when he heard something like that was going on, the first thought in the man's mind was, "This man must be some kind of mystic. We don't need to kill this man but we need to get this man." He never said, "Go and kill him" you know. He said, "Go and fetch him. We are not going to destroy a unique instrument like this. This is high-tech spying. If the weapon falls in our hands, we could use the weapon for our purposes. We could take over the whole region. Not only are we going to use it for military purpose, we're going to use it for business, we going to use it for economics, we're going to use it for entertainment; we're going to use it for everything else." Isn't that what they are using it for today? They blundered into it? They got ahold of it?

God had the king of Syria—you see the king of Syria didn't know that God had a dimension where everything is recorded. The king of Syria never knew that. So we thought as far as they looked around on the outside, checked under the beds, checked the men, no hidden devices, no hidden tape recorders, no nothing, and everything is tops to the maximum security, he thought they were safe. But he never knew that everything was recorded. He never knew there was a man who could channel into the unseen world and this man was designed in such a way that he could stay from there and see through a channel.

Oh my! Before my time slips away, let me get a little quote here for you. *Why It Had To Be Shepherds* [1964-1221, para. 6-7 -Ed.] He says: "*It's proven that there is subjects of this earth, people, passing through this building now.*" *Television proves that. It's in another dimension; our natural eyes and our five senses cannot pick that up. It isn't that television manufactures anything; it only channels. You cannot make a move with your finger; you cannot bat your eye; but it's proven to be recorded forever.*

That is why on that chart there I have that fourth dimension running right across here. That fourth dimension, it picks up what is going on in the underworld. It picks up what is going on in this earth. It picks up what is going on in the upper world. It picks up everything. That's the all-seeing eye of God. God has a network and God has a group of angels called the watchers and they watch everybody on earth. Oh, we're going to get into it friends. And this is not made up and this is not trying to be mystical either. I want you to see something.

You see, the Age that we live in, things are around us but it's striking our five senses, it's not striking our faith sense. That is why we walk and stumble around things every day and we can't break into the Supernatural. He said, "Science will find God before you. Do you know why? You watch the scientific instruments and you don't realize what they are looking for; what they are trying to get a hold of. And what was coming to us through that Prophet, the whole world looked at that and say, "I don't believe that. Those things can't happen today, boy. Angels, seven of them? No, I don't believe that. How do you know that man is telling the truth? He went across there?"

See? Nothing down inside here. Nothing here to see in the Word either. But there are people... Let me tell you—That is why I was saying the other morning, I'm preaching to a crave. There are people designed to catch those things. There are people designed to move into that sphere. There are people, down in their soul there is a reality. Something always mystify them how they could dream, how they could remember that dream for years, how that dream becomes surpassed; how they could see those things. It mystifies them. Now look!

*It isn't that television manufactures anything; it only channels [it]. You cannot make a move with your finger; you cannot bat your eye; but it's proven to be recorded forever. I might be standing... Or a man in Australia,*

would have a ... television screen here, not only that but the ... man could speak, move his finger, bat his eye, or even the color of clothing that he's wearing, would be projected here on the wall; and he in Africa, Australia, around the world. See, there is a cycle of ether waves. I cannot explain it, but I know it's there. I don't think anyone could really explain it.

He's talking about the cycle of ether waves.

So television can pull this in and make it a reality by some instruments, that they could reflect it on the wall.

Now, that same thing was here when Adam was here. Television was here when ... Elijah set on Mount Carmel. It was here when Martin Luther, that young priest, threw the communion on the floor and said, "It's kosher. And the just shall live by faith." It was here then, but we are just now finding it. And it's also so, that in our presence tonight is God, Angels, supernatural beings that's unseen to our natural sense of sight. But someday it'll be a reality just as television is now, and just as common. Now, [that is] why I believe the Word [he says].

It would be just as common like television one of these days, very soon. We're so close to it. We're so close to it. Listen. *Who Is This Melchisedec?* [1965-0221e, para. 58 -Ed.]

*He was the Word. A theophany is something that you could not see. It could be right here [with you] now, yet you cannot see it. It's just like, well like television, that's in another dimension. ... People are moving right through this room now singing; there's colors also, but the eye is only subject to the five senses. Your whole being is only subject to five senses, rather. And you are only subject to what the sight has been limited to see. But there is another dimension that can be seen by a transformation by television.*

Television makes you see in another dimension and that is what a vision does to you – makes you see another dimension. That is what a dream makes you see – makes you see in another dimension. Now watch.

*Unveiling Of God.* [1964-0614m, para. 53-55 -Ed.] Speaking here about en morphe.

He said: *I may pronounce that wrong ... [the] scholars will know what I mean ... “en morphe”... That means that “He changed [Himself].” He ... come down. Now, the Greek word there means ... “something that could not be seen, yet it’s there, and then it’s changed, [that] the eye [could see] it.”*

The ether waves is here but the eye can’t see it. But it’s changed. It goes through a transformation by the television set and then the eye could see it.

*Like Elijah was at Dothan. ...the servant couldn’t see all those Angels around there, and God just changed, not brought the Angels down, but He changed the seeing of the servant. And there was the mountains full of Angels, and fire, and horses of fire, chariots of fire, all around His prophet. ... He changed the seeing. The ... thing is already there.*

*So that what I’m trying to say, that God that always was is here. The only thing He done when He become man, He changed His mask. See? ... He changed Himself to what He was, to what He is, [for] another act.*

But God is here, in another dimension, in a Theophany that you can’t see with the eye. Alright. Now I was reading this today and this is what I was kind of building on and it was something that happened in the prayer line. You’re going to find out that that was where some of the most Supernatural things were revealed and communicated. Because the preaching was just preaching but when he went to the prayer line, he went into the world of vision now. And when he went in the world of vision, he moved from the realm of flesh to the realm of spirit and then now by that Divine gift he was in a realm where he could reveal things that was, is and is to come.

He said, “Lady, I see you getting younger.” He goes into her past, then he comes back he sees her on the platform standing here, then he looks in the future and

he sees she is healed and he pronounces it. He's right there now. What happened? He breaks into a realm where there is no time. It's all present before him. She's right here and her past is right here as well. Now watch! He comes to the healing service.

[*The Water Of Separation* - 1955-0121, para. 30-37 -Ed.]

*Now, as the healing service [comes] right on... What happens? It's not me that does it.*

The woman is on the platform here. He's explaining it to the people. And catch this; listen closely.

*I have no way to control it. It's you that's ... doing it. It's your faith is what does it.*

And while I'm explaining this to you out of here, please don't just sit and just hear it through these senses. If you have a need tonight, just move right up into the Word because God is here, friend. He's right here tonight.

*...What happens? It's not me that does it. I have no way to control it. It's you that's ... doing it. Your faith is what does it.*

*All at once I feel myself getting weak, like I am right now. What is it? The anointing of the Holy Spirit is near. The Angel of the Lord, Whose picture you've seen. I guess they sold them out to you awhile ago.*

See? Talking about that picture with the Pillar of Fire, this picture right here. See?

He says: *I begin to feel that weakening, weakening. What is it? It's in ... another world. It's another dimension. Maybe somebody never seen it. That's the scientific picture of It.*

This Angel here, you see? Even the camera, God let the camera catch the other dimension. Those Seven Angels that came down there in the Cloud, he said, "Look at the Angels materializing themselves." Because those Angels were coming from Eternity. They were coming from where Jesus went when He was received out of their sight in a Cloud. Then he came and with his eyes—before he could bat his eye, because with his

eye he was seeing it. That meant they had left that dimension and they were in this dimension now where the eye could pick it up. But they were coming from Eternity. Now look!

So he says: *I begin to feel that weakening... Maybe somebody never seen it. That's the scientific picture of It.*

*Now, [he says] ... there is what begins to come down, and then the human begins to fade away.*

When that Angel begins to come in that Pillar of Fire, he say and the human begins to fade away.

*And you come into another dimension. And the people's faith is ... pulling at it.*

Now catch this.

*Now, it wasn't Jesus that healed the woman that touched His garment.*

*Now, it wasn't Jesus that healed the woman that touched His garment. She said, "That's what I want to do." She [was saying it] in her heart... There was no Scripture for it. She said, "But if I just touch His garment I'll be made well." So she slipped around and touched His garment and run back in the congregation, just stand there looking around. Someone said, "What makes you give out so quick brother?" Jesus said, "Who touched Me?"*

He say someone ask him many times, "What makes you give out so quickly? You got so weak."

He said: *Jesus said, "Who touched Me?"*

*He said, "... everybody's trying to touch You." the apostles said.*

*He said, "But strength went from Me." See? Now, that strength had went out somewhere. Somebody touched with a real faith. Now ... What ... operated that? Now, watch what Jesus said. He looked around over the audience to see where it was... [He was looking around.] ...that strength that was ... pulled from Him. He seen the woman. He said, "Thy faith has saved you now. That blood issue's gone."*

He was looking around to see because strength went out from Him. He was looking to see where the strength went.

*Now, what? "Thy faith has required..." See? Your own power of faith has pulled from the supernatural God the desire of your heart. [Your own power of faith. Has pulled from the Supernatural God the desire of your heart.] See? It's your faith that does it, not my faith. If my faith is doing it, I'd pull every little child out of that audience tonight, and bring them up here, and make them well...*

He said, "If my faith is doing it, if I do it, then I could bring every child up here and make them well."

*But it's not my faith ... [doing] it...*

Then why do we sit down and wait for some man. Why do we think it's a man, when the power of your faith could pull from the Supernatural God, the desire of your heart? If it's a man he could come and take you and from the time he touches you it will be finished with you; and anybody else he touches, it will be finished with them. But it's not that. Could you catch that tonight, you who have a problem; you who are sick; you who's sick in your body right now? Or is that a nice statement? Could your mind break in there? It's going to take the grace of God, otherwise you're going to stay there and probe and probe and pull and struggle and strain and you're going to fret and you're going to fuss and you're going to complain and you're going to murmur and you're going to fight up trying to get healed.

But watch! In her heart she had a desire: If I could only touch the hem of His garment. She had no Scripture saying that. That was her desire. And that faith, she begin to release it and she was pulling and she pulled strength out of Him until He said, "I feel weak." He felt it and He began to look for where the pull came from, and He found the channel where the faith

had pulled the strength and He pointed the woman out and He said, "Thy faith has saved thee."

*See? I would do it. But it's not my faith that does it; it's your faith that does it. It's not me that knows it; I'm just a man. But it's the gift of God. See? It's Him that does it. It's not me you're pulling at. It's Him you're pulling at. And He is in the supernatural, and your faith pulls like that. I just become a mouthpiece to Him. When He breaks forth something, shows a vision, then that's just something...*

This is what I am getting at:

*...[and] that's just something; and I'm in another, to the scientists, another dimension. It's the sixth sense, the fourth dimension...*

"When that vision breaks forth, I'm in that fourth dimension." Job had a channel of communication; how he could get out of the way and God used to come in. And if God would come in then God can communicate to him why he is going through what he is going through. He said, "If I could only see a vision for myself, to see that thing dead, I know I'll be delivered out of it. I was seeing for other people but I wanted to see one for me." You see?

Now watch! We're right here on this fourth dimension here that I have here, where God communicates. Adam had a channel of communication with God. Then something happened and it broke but then through the Blood, a way was made to come back. Now watch.

*...that's just something; and I'm in another, to the scientists, another dimension. It's the sixth sense, the fourth dimension, or whatever you want to call it, to me, the Holy Spirit. That's right. Surrendered...*

*Now, there's only one thing can happen now. Something has to happen beyond the senses of human beings to declare... [He's talking about the woman on the platform.] ...to declare to this woman what's wrong [with her] or what she's here for, if He will. I don't say*

*that He will, but I believe He will... That anointing is on me. ...this very Angel of God that you see this Light.*

He's talking about this Light here, you see?

*Even my faith is feeling like it's that thick.*

He said, "That anointing is on me and I feel it that thick."

*It's just that taking over. See? That's the reason I can feel faith pulling in the audience. Just where's it at, I don't know, but it's faith. As soon as you catch that, it's just something happens.*

Now you see that is why—Why am I going in this for? To stop you grabbing. He is explaining to us what happens. He's in a channel, that Pillar of Fire comes. He is the High Priest that can be touched with the feelings of your infirmity. That is why he says, "If I could only get the people to recognize His Presence, it's over. He said, "This gift never healed anybody. It's only to prove Jesus is present, and when they see He is present then their faith could rise; then they could receive what they have need of. Now watch!

*As soon as you catch that...*

He said, "That pull begins to come. That Holy Spirit is here, you see? Now watch!

*Now, lady, if you just walk right up here, I'll just talk to you just a moment. [He begins to talk to the lady.] ...talking to the people... [He says,] something [has to] happen. ..."Well..." Just guess something ... whatever you're here for, I don't know. See? And you know that I don't know it, 'cause I have no way of knowing it. But if God will reveal to me by His Son, Jesus Christ, according to His Word, that what you're here to ask me, or what I can do for you; if He will reveal it, would you accept that I have told you the truth, and this here Being, being the Angel of the Lord, would reward you for it?*

He's telling her, he said, "I don't have any way of knowing it. You're here for something. But," he said, "would you believe if He tells me?" See? "Would you

accept it to be the truth? And then that Angel would reward you for believing it.”

*Now, [he says] You see [it's], like a milling fire. See? That's what the scientists said that ... tested it... [the picture] ... It's an emerald light. ...I just want to say something to you now.*

He says: *You're conscious... [talking to the woman] ...that there's something going on. It's not by man. Isn't that right? It's some... Now, what it is, that feeling that you feel. It's not me; I'm just a man. ... That's what it is right there. It's in another world. Just like coming through here is ... radio, television pictures, coming right through us too. But it can't capture it. (You see?)...*

It's coming all through us. All those radio waves are passing through us. All those television pictures are passing through us, passing through the walls; passing through everything; passing through. The wall doesn't keep it out. It comes right through. He says, “But when it passes through me I can catch it. An image passing through me, I can catch it and see it before me.” Because there is nothing in me!

*...[you were] not made for that. But we are made to hold the Holy Spirit.*

The Holy Spirit can come through here the same way. That Angel of the Lord can come right through, (is that right?) and come right into your heart tonight. Amen. If you say, “Come into my heart, Lord; fill me now. Holy Spirit flow through me, flow through me Holy Spirit.” Amen. You were made for that – to catch the Holy Spirit, not that ether waves. You see?

*And in there It begins to draw a picture, like the ... tube in the television. Then it breaks forth to the human eye. And then I see by God's television, God's vision of what your trouble is. Then it's Him that's ... doing it. You believe that?*

He said that Angel, when that Angel comes right into him and he holds that Holy Spirit, that Angel begins now to put before his eyes a vision of the woman's

condition. Because he was made for that, to reflect that. He doesn't have to go to sleep to dream it. He was designed that when it comes there and strikes, the picture forms and he says, "I see you. You are getting older. You had some operations; so and so and so." He says, "A heavy set doctor examined you; they gave you up to die. They couldn't do anything for you anymore. Your sister told you I was going to be here in the city; I'll come to this meeting. Is that the truth?"

He's seeing it. Elisha was seeing the meeting assembled. He saw where everyone sat. He saw what everyone was wearing. He saw they pin the map on the wall. He saw the king pointing out the locations where to put the troops. He saw exactly what hour they were going to strike and set the ambush. He saw exactly what day they planned to do it. Why? Because that Angel of the Lord would come to him. "I will strike," and the vision materialized while it was going on. He says, what?

*...it breaks forth to the human eye. And then I see by God's television, God's vision of what your trouble is. Then it's Him that's ... doing it. You believe that?*

*Now, if He will reveal it, you'll accept Him... [He's still with the woman here.] ...to give you your desire. Between you and I, I see something bleeding...*

It already started to materialize. He said:

*...I see something bleeding, blood. And I see the examination shows that [there's] a tumor, a bleeding tumor. Very serious. That is true.*

*See how our heavenly Father knows things? He says: ...you understand now what that feeling is here? That's Him.*

He saw the woman being examined. He saw the woman had a tumor. He saw the tumor bleeding. See? It was very serious.

*Being that you're looking this way again, you're a married woman. And your husband is not well either. You believe that God can reveal to me what's wrong with*

*your husband? You do. Sure. He has piles. Is that right? And here's another thing. You're trying to get your husband to become a real Christian. Isn't that right? Does that satisfy you [that] He's here? Now, go and receive what you've asked for.*

What is it? It's that fourth dimension. He said like God's television. The Angel of the Lord brings it and it materializes so the eye can see it. And he's standing there wide awake and he's speaking it but it's in another world. Now what is it? Quickly.

*A Man Sent From God.* [Page 78-80 -Ed.]

*He said: There are some things that the angel told Brother Branham during this remarkable visitation which have been related from time to time in his preaching. One of those things concerned two signs...*

You know the two signs: the first one was to hold the hands and detect diseases in the body. The second sign was to go to the realm of the spirit and discern the thoughts of the heart.

*He said: Now the second sign, according to the angel, would be a gift that would allow Brother Branham to discern the thoughts and [the] deeds in the past life of the individual. Sometimes the revelation would come of some incident in the person's life that only the individual himself knew about, and the revealing of which would greatly strengthen the person's faith. We might add that [if] any sin that is under the Blood is never revealed, but in case the thing was covered over and unconfessed, it would be brought to light through this gift, thus usually bringing the person to an immediate repentance.*

*In connection with this sign, the angel made this significant statement – that the thoughts of men speak louder in heaven than do their words on earth.*

When the Angel was revealing this sign, when the Angel came in 1946, the Angel made this statement too. He said, "Now do you know what happens? Your thoughts speak louder in Heaven than your words on earth. Could we catch that? Could we entertain evil

thoughts? Could we conspire? Could we plan mischief? Let me tell you, you have to be really unconscious. Remember what the Holy Spirit said? “Carry out that and you will see. You will be a bum. Your wife will leave you. Your ministry will finish.” He was planning to run away in the woods. Is that right? Trick his wife and take her up there. It spoke louder in Heaven than his words on earth. Watch. This is a reality I want to bring to you to see, friends.

*How solemn an admonition this is, and how urgent it is that all of us be absolutely sincere before God and live a sober, honest life in the fear of God.*

*Still another thing that the angel said was that Jesus was coming very soon...*

Because that Angel came too and begin to reveal that sign. Do you know why? That was the last sign before the change. Remember, that Angel was sent to help him to understand his misunderstood life. He revealed those things out of the Scriptures. Now watch.

*...and that this commission was one of the signs of the nearness of [the] coming; that if Brother Branham would be faithful to this call, the results of it would reach out to the whole world and would shake the nations.*

Look where the Message has gone. Countries he never even went to – around the world Message churches by the hundreds all over. Look at this church here and he has never even come to Trinidad and look how we stand with a passion believing this Word. If he was faithful to that call! Watch!

*Finally, the angel indicated that by these signs God was calling all His people together into the unity of the Spirit, [and] that they should be with one heart and of one accord.*

Another portion from *A Man Send From God*. [Page 173-174 -Ed.]

*When the gift is operating, Brother Branham is the most sensitive person to the presence and working of the Holy Spirit and to spiritual realities of any person I have*

*ever known. [This is Bro. Bosworth writing this.] Under the anointing, which operates his spiritual gifts and when he is conscious of the Angel's presence, he seems to break through the veil of the flesh into the world of spirit, to be stuck through and through with a sense of the unseen. Paul wrote (II Cor. 4:18)... [We have been taking this Scripture back and forth.] "We look not at the things which are seen, but at the things which are not seen: for the things which are seen are temporal; but the things which are not seen are eternal."*

*Paul's words here indicate that we are now living in two worlds at the same time – the world of sense... [which is senses] ...and the world of spirit. The world of spirit surrounds, enspheres, and interpenetrates the world of sense.*

That is why they stood up right there and they looked around there and there were more with them that their eyes couldn't see until God by a transformation, let the boy see into the next dimension that the boy could realize that with them all the time are those angelic beings. This realm right here is what God opened up to the boy. They were down here in the stream of humans and God pulled the veil back and let the boy look into that next dimension. And know this: I told you that fourth dimension runs all the way through because the boy broke into the realm of vision. You see?

*Paul's words here indicate that we are now living in the two worlds at the same time... Both worlds occupy the same space at the same time. The material realities which we see with our natural eyes, exist in the midst of ... far better realities [that] are unseen by the optic nerve. The Scriptures teach us that the superior "eternal" realities compass us now. What sights might every one of us see at every moment of our existence, at every turn of our path, had we anointed eyes with which to see them!*

He said in the Millennium it will be more common than television to see the angels and see God and all these things. Think of it, friend.

*Paul says, "He that is joined unto the Lord is one spirit." While filled with the Holy Spirit, our spirit and God's Spirit are blended into one in the same way that the ocean and the bay are one because the ocean flows into the bay. Then it is that the glorious spiritual realities gain the ascendancy and become the most dominant. We see truth and spiritual realities through God's eyes. At such times future events seems to be present like a preview of a coming motion picture attraction. Jesus said, "The Spirit will show you things to come."*

He looked and he said, "I see Hitler dying a mysterious death." He said, "I see Mussolini dying a shameful death." He said, "I see they are going to elect a playboy President in the United States. I see a beautiful woman, cruel but wicked in her heart rise in America." He said, "I see America with debris and desolation, destroyed as far as the eye could see." It was all there in another realm. What was It? That Angel.

*I've Heard But Now I See.* [1965-1127e, para. 82-89 -Ed.]

Talking about Job, this man being a prophet. He had access to God's grace. Now there are three realms we live in now, the realm of vision, the realm of revelation and the humanistic realm. God is lifting His Church up in the realm of revelation where the gates of hell can't prevail and then he's going to lift her up in the realm of vision where it wouldn't be a revelation that the sleeping ones are here. You will see them but the world will not see them. It will be vision. It will be in vision. It's going up, friends. The Church must lift itself in the Power of God. And to get there he says, we have to teach deeper things and rub the make-belief out and come into something real. Because Jesus lived in a world of perfect faith; where He walked.

All I'm saying, when Peter and they were simple fishermen, tax collectors, publicans, different things and they were called under the ministry of that Prophet of Galilee Who was a mystic to the Sadducees, Who lived in two realms; Who was talking about the realms of demons, Who was talking about the realm of angels. Who was talking about the realm where God is – what if I ascend up there; Who was talking about the realm where the regions of the lost was. And then as they walked under the influence of that Prophet, do you know what happened? He lay down on the rooftop and the vision dropped down. He was in the prison and the Angel came. They lived in the same realm.

Because Elijah and Elisha was a type of Christ and the Church. And Elijah and Elisha and the Son of Man and the Alpha Bride, is just a type of the son of man and the Omega Bride in the last days. Where do you want to live, friends? Where do you want to live? What does it mean to you? How could you hear the Word, catch a glimpse? Time forbids us tonight, but to begin to see that realm; to see that Word open to move our soul into a higher realm that God can lift us up in a higher order.

Look at Joshua. He was under Moses, and he saw Moses living in two realms. And what happened? He came into that same realm. Do you think God called us to walk around with Bible and argue and read Spoken Word and this and that church and this church and church gossip and church confusion? No way. God called us to lift us into a Rapturing faith; Rapturing grace, amen; to become a channel for the Holy Spirit, that Supernatural Pillar of Fire, that Supernatural Holy Spirit.

You just need a little more from Him. That is all you need. You have enough to make you stop drinking and smoking; that is the problem. And you think you are filled, you're so filled but He just wants to give you a little more to keep lifting you up, lifting you up. Amen.

Hallelujah! Because the higher you climb in faith is the more you look away from this world. It's a faith ladder. It's a faith ladder you are climbing up in. God is bringing you up into a faith that you have never known – into a perfect faith. Job had access to God. Job didn't have a Bible to read. The Bible wasn't written then but he had access to God by revelation and by vision. That was before the Bible was written. See?

*He had a channel of communication to God, that he'd got by inspiration. He had a way of moving himself out, and letting God move in.*

*Now, notice, Job needed a channel of inspiration; he had it open. He had a channel to communicate with God by His inspiration. He had a way of moving himself out and let the Word of God move in.*

Where do you think all those things came from? It's the Word of God move in. How did he put those things together in the Word there with those Seven Trumpets and these things? It's the Word of God come in. It's a channel of communication. You have access to God by revelation or by vision.

I have to stop there for tonight. Sorry, I wanted to get Daniel 4 but I will leave it for Sunday. I just want to read a couple Scriptures before I close. Job 34, and you watch and see. Verse 21 and 22. Elihu, a type of Christ, speaking with Job. Oh thank You, Jesus.

*<sup>21</sup> For his eyes are upon the ways of man,  
and he seeth all his goings.*

*<sup>22</sup> There is no darkness, nor shadow of  
death, where the workers of iniquity may  
hide themselves.*

Look at that.

*<sup>21</sup> For his eyes are upon the ways of man,  
and he seeth all his goings.*

Now God was channeling that, like what the king of Syria was doing, straight to that prophet, and that prophet was communicating what was coming from the unseen world back to the king of Israel. Why? Because

in that fourth dimension, there is nothing that takes place that is hid from God. God records everything. Even from the time Lucifer was created in Heaven, he was being recorded, that when the very thought was in his heart, it was so loud that he was cast down. When we saw discernment in this day, I wonder if we half way pick up what we are seeing? I wonder what these Scriptures mean here? If we could grasp as it unfolds to us God's omniscience, but how does God's omniscience work? I'm talking about when God brings it to a vision. John saw all those things in the Book of Revelation and what he saw, he wrote what he saw. "Daniel, what you see, write." But it was being communicated to them.

Proverbs 5:21:

*<sup>21</sup> For the ways of man are before the eyes of the LORD, and he pondereth all his goings.*

Solomon and they, they became conscious that God was omniscient. Solomon had a gift of discernment. Do you know that?

Proverbs 15, verse 3. Look at this Scripture here.

*<sup>3</sup> The eyes of the LORD are in every place, beholding the evil and the good.*

Notice that? In every place! Now he's not talking about every place. Now don't just think geographical now. I'm talking about this chart here – every place, every dimension. There are seven dimensions. The world seen and unseen are considered those seven dimensions. The world seen are three dimensions and the unseen world are four dimensions.

And in every place the eyes of God beholdeth the evil and the good. Because there is the realm of demons—there is the realm of Satan where a lot of evil is taking place – the underworld where Satan is anointing those leaders in the ecumenical move to come together to enact principles into law that is going to bring a persecution; they're going to close down churches like these. Where is it going to come from? They are going

to be anointed by Satan. I will make Gog think an evil thought and put a hook in his jaw and pull him down to the valley of Jehoshaphat. How did those kings go out there and deceive Ahab? God let a lying spirit come and go in the mouth of Ahab's prophets. Is that right? Anoint them to prophesy a lie to deceive them, to take them to the battle to be destroyed. God sees into every realm what things—He gave you the Scriptures all around for it.

2<sup>nd</sup> Chronicles 16, verse 9:

*9 For the eyes of the LORD run to and fro throughout the whole earth, to shew himself strong in the behalf of them whose heart is perfect toward him. Herein thou hast done foolishly: therefore from henceforth thou shalt have wars.*

He was talking to Asa. But watch something. All he had to do was see the discernment, Hebrews 4:12, that operated in this Day and you know how God knew everything about everybody at every place but it was communicated to the Prophet by vision. How could he communicate by vision if it was not being recorded? It's being recorded and He's transmitting the image of it and the vision is materializing before his eyes just like you look at television, which is a transformation from one dimension to the next. And Psalms 139 and we'll close. Let's stand to our feet.

Now you see these Scriptures I gave you here, you could put them right inside of here in this fourth dimension because that fourth dimension inside here, God is recording everything that takes place in His creation. Whether it's in worlds beneath, whether it's in the worlds unseen or whether it's in the worlds seen, God is recording all these things. There is nothing that is hid. Look at Psalms 139. David had a great revelation here. Let's read it together. [Bro. Vin and congregation reads Psalms 139 together -Ed.]

*<sup>1</sup> O LORD, thou hast searched me, and known me.*

*<sup>2</sup> Thou knowest my downsitting and mine uprising, thou understandest my thought afar off.*

*<sup>3</sup> Thou compassest my path and my lying down, and art acquainted with all my ways.*

*<sup>4</sup> For there is not a word in my tongue, but, lo, O LORD, thou knowest it altogether.*

*<sup>5</sup> Thou hast beset me behind and before, and laid thine hand upon me.*

*<sup>6</sup> Such knowledge is too wonderful for me; it is high, I cannot attain unto it.*

*<sup>7</sup> Whither shall I go from thy spirit? or whither shall I flee from thy presence?*

*<sup>8</sup> If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there.*

*<sup>9</sup> If I take the wings of the morning, and dwell in the uttermost parts of the sea;*

*<sup>10</sup> Even there shall thy hand lead me, and thy right hand shall hold me.*

*<sup>11</sup> If I say, Surely the darkness shall cover me; even the night shall be light about me.*

*<sup>12</sup> Yea, the darkness hideth not from thee; but the night shineth as the day: the darkness and the light are both alike to thee.*

*<sup>13</sup> For thou hast possessed my reins: thou hast covered me in my mother's womb.*

*<sup>14</sup> I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well.*

*<sup>15</sup> My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest parts of the earth*

*<sup>16</sup> Thine eyes did see my substance, yet being unperfect; and in thy book all my members were written, which in*

*continuance were fashioned, when as yet there was none of them.*

*<sup>17</sup> How precious also are thy thoughts unto me, O God! how great is the sum of them!*

*<sup>18</sup> If I should count them, they are more in number than the sand: when I awake, I am still with thee.*

*<sup>19</sup> Surely thou wilt slay the wicked, O God: depart from me therefore, ye bloody men.*

*<sup>20</sup> For they speak against thee wickedly, and thine enemies take thy name in vain.*

*<sup>21</sup> Do not I hate them, O LORD, that hate thee? and am not I grieved with those that rise up against thee?*

*<sup>22</sup> I hate them with perfect hatred: I count them mine enemies.*

*<sup>23</sup> Search me, O God, and know my heart: try me, and know my thoughts:*

*<sup>24</sup> And see if there be any wicked way in me, and lead me in the way everlasting.*

If you are up in Heaven, He knows. If you're down in hell He knows. If you say the darkness is going to cover you, it will be as light around you. Whither shall you go or could flee from His Presence? God is infinite, friends. That fourth dimension, there is nothing in any realm whether it's the underworld, the upper world, in this world, there is nothing that you can do that has not been recorded. Your very thoughts tonight, the very way—as the Scripture says, “What think you of Christ?” No wonder It says, “Let the words of our mouth, and the meditation of our hearts be acceptable in thy sight, O Lord, our Strength and our Redeemer.” [Psalms 19:14 – Ed.]

Oh my! Think of it, friends. We walk so earthbound. We walk so blind. We walk so unconscious many times, but I trust as God help me to help you, together as we try to look into His Word and with these messages find

a clearer understanding that we can live in a more conscious realm where we can walk knowing... Don't leave that chart around, put it in your Bible; stick it in your Bible. And you are going to see that Jesus, as I said on Sunday, He lived in such a world; He was conscious at all times and because the Father, the Holy Spirit Who indwelt Him. Look at Paul says: Bring every thought into captivity. This is the realm for it. Every thought that passes through that mind for the Day, it comes through that filter of that Word. It is checked right there because you don't want any foolishness here. You don't want the birds to make a nest here.

That anointing that comes from beneath that tries to anoint you with those negative things, you want to burst through that realm where your thoughts could be in Heaven; could be reflected There. You could have fellowship with God through that channel; where you could come out and His thoughts could come in. Let the Mind that was in Christ be in you. Let Christ be your Head so you can think His thoughts. It could work your faith, your virtue, your knowledge, your temperance and these things, that great Capstone of Love, that Holy Spirit upon you, that wherever the Head goes the Body goes because the Head and the Body is united together.

And look at Jesus! That same harmony between the Father and the Son, while He walked and lived there, He saw that demon in the physical realm in Legion. He saw them when they left Legion and they moved out there and begin to walk in dry places trying to find a body after those swine died. He saw them in the soul of those Pharisees with their pretense and their long prayers and hypocrisy and these things; outwardly so religious; whited sepulchers.

He found them in the realm of His Own Church; among His Own believers – Peter and James and John, the same ones who were up in the mountain seeing this great glorious thing. He said, "Get thee hence, Satan."

He said, "You don't know what spirit you're of." He turned to Judas and said, "He that eateth this bread with Me shall lift up his heel against Me." Every realm that Satan was in He was conscious of it. He even met Lucifer himself in the wilderness. And then how conscious he was of that next realm of those Angels where He lived in.

That same ministry is what has come back to us in this Day. Do you know from His rejection until His ascension, is when the Angels came and ministered to Him; when He went into hell and preached to the lost; when He passed on into immortality? Do you realize that is the part of that Son of Man's ministry that is to be fulfilled today? We have seen His rejection. Next comes the public crucifixion. Next comes the resurrection of the sleeping saints. Next comes our change, our immortality. Next comes, is our Rapture that is going to go.

How could we walk earthbound and when we look at our scriptural itinerary, when we look at the program God has laid out for us in this Hour, how could we just walk in this realm here? Wouldn't you want to come out of that humanistic realm tonight, that God lifts you up in the realm of revelation; lifts you up a little higher, friends? You hath He quickened – made alive. Oh, you say brother, that is what it means? Yes, that is what it meant! What did you think it meant all these years? What did you think being raised up into heavenly places meant all these years; that the eyes of your understanding would be enlightened; that you would know the hope of your calling, the exceeding greatness of His riches and His Power towards you who believe? What is it, friend?

Search me, oh God. It must start with some clean thoughts. Right there in the meeting one time he said, "Brother, don't let the devil put that in your mind." He said, "That's just Satan trying to get you to disbelieve me. Right there he said, "Bro. Way, he fell down dead

because he had a bad attitude.” You say “That couldn’t be so while the Word is going forth!” They come right in the meetings sometimes, those spirits, and try to hold you, twist you away from It. But God wants to take you into something real, friends. God wants to take you into something real, something you could pull; something you could draw tonight. The power of your faith can pull that blessing from the Holy Spirit tonight, right down into your heart and your life. “Search me oh God, and know my heart; try me oh Saviour.”

[Song #61 - Songs That Live -Ed.]

*Search me...*

*...know my thoughts, I pray;*

See if there be some wicked way in me;

Hallelujah.

*...some wicked way in me;*

Oh, cleanse me from every sin, tonight!

*...from every sin, and set me free.*

Let’s bow our heads and close our eyes as the musicians play softly. Let Him search us, tonight. We just read in the Psalms He knows all things. The greatest battle is being fought right now in the human mind. That is where decisions are made. That’s the battlefield. But the devil is loosing all those bombs, trying to get you to deny that faith; seducing spirits trying to make you depart from the faith; make you drift away from that Word; entice you to believe his lie. He wants to hiss over you, that poison breath of his.

Let the breath of God tonight, blow through that mind and blow the flues out. Let the Word of God search it out, tonight. All his poison darts may have wounded you where he may try to hold that mind in captivity, holding you under the influence of all kinds of evil lustful thoughts; bring such worries upon you; make you negative; fill you up with condemnation and fear and torment. But arm yourself with the Mind of Christ, tonight. Pull down the strongholds of reasoning and

imaginations. Let the Mind that was in Christ be in you. Let God lift you up into a higher order.

You don't have to be bugged down. You don't have to walk with condemnation. You don't have to feel you can't be delivered from it. You can be delivered even tonight, right now, and walk out of this building different. It's just the devil trying to hold you under that influence. But He said, "In My Name you shall cast out devils." God's Holy Spirit is here to expose the evil works of that evil one to set you free. He has come to lift you up. He has come to take you higher.

You pray to Him tonight in your own way. You be honest. We know there is nothing that can be hid from Him; no little white lies, no hypocrisy; no make-believe. You just let Him filter your thinking, tonight. As a man thinketh in his heart so is he. Oh, that we could be a channel to think God's thoughts. This great Secret that was in the back-part of God's Mind will be put in the heart of the Bride. We could walk under the Headship of the Holy Spirit, a channel of communication for inspiration. We have access to God's grace by faith, by Divine revelation.

Oh, we could walk in that faith, live in that faith. Hallelujah. What a powerful church that would be, His every thought, every attitude. You'll be so set in order. We could get our innermost being to line up with the Word of God; get that subconscious moving in the direction of the Word; not just having a confession of word and knowledge in this first conscious saying, "Yes I believe" but down on the inside there's a demon of doubting: "I wonder, I hope, I'm not sure, maybe, could be." No, friend! It's the man in the engine room who controls the ship. You have to get that man on the inside to line up with God's Word; to let go and let God. If you can just move right up into His Presence, get that soul to line up, drive back all darkness, your understanding will be enlightened and will not be darkened. You will not be alienated.

Oh gracious God, we stand in Your great Presence tonight, Father here under the Influence of the great Holy Spirit, the Angel of the Lord, this great Pillar of Fire that is milling around in this place tonight. This Anointing, this Logos, this mystic Light, that You allowed the camera to capture on film to prove scientifically, there is another dimension. That same Pillar of Fire that met Moses and Paul is still here with the believers. Same as It was in the first exodus and the second exodus It's here in the Third Exodus leading Your people oh God, into the Millennium and to the great hereafter.

Oh God, in this Hour when we are getting ready to go to that theophany; when You are lifting us up in a higher order oh God, I pray tonight Father, as Your children stand here tonight in this meeting, sitting tonight and hearing the Word; seeing the Scriptures oh God, thinking about these things, pondering it in their hearts, Lord, let it go deep down on the inside. Let it change our focus if we are not focused correctly. Let it channel our minds, our thoughts, oh God, into the realm where we can come under the Divine Leadership and direction of the great Holy Spirit; where Lord God, we can walk looking to the Unseen, the Eternal things; where dear God, we can be so in line with the Word of God, with the Holy Spirit, where we can hear from that theophany from day to day; feel that perfection pulling us Lord to that perfect place, that Deep call unto the Deep, hallelujah; where truly we can confess that we are pilgrims and strangers here Lord, looking for that civilization, that City Whose Builder and Maker is God. Oh God where that great King Theophany lives and reigns supreme in that Immortal Land.

Our father Abraham met Him. Moses saw Him that day on the mountain. He came back in this Day identifying Himself, unveiling Himself; opened up the Seven Seals and brought Himself. He's even here tonight. Oh God, let the people's (Lord) faith rise up

where they can catch it. Like that mother putting that arm in the sleeve, holding the little toddler and putting his little arm as he struggles and struggles without success and cannot seem to break through, yet that great strong arm just guides him without any struggle with such ease and so effortless. So may this great grace of God just lift us up Lord, where there would be no struggle or strain; where the blessed Holy Spirit can cause us to climb up in this ladder of faith a little higher where we can see into these things! Surely oh God, we would be able to walk more consciously with greater faith; with greater confidence.

Lord, like Elisha walked, Lord. How he grew up in that world of faith. How he was trained and developed under the influence of that prophet! How he worked and lived in the realm of the Supernatural! How the apostles did it, Lord. How Joshua did it, because they were called with a holy calling; because they walked under a heavenly influence. God, so You called us in this Age to walk under the same kind of influence, same kind of ministry; same kind of revelation, Lord.

Oh gracious God, search us tonight Father. We might have walked Lord so unconscious, harboring all kinds of thoughts; battling with these things oh God; carrying them, not realizing oh God how detrimental it was to us; paralyzing our faith, blocking us out; can't seem to break in to that holy realm. But Lord tonight, search us we pray. In our hearts, see if there be some wicked way in us, then cleanse us from every sin. Let Your Blood go to work now. Let the Bleach be sprinkled now where there is confession being made, where hearts and lives are humbling themselves under the mighty hand of God; where people oh God, are casting down all their own ideas and their reasoning and their imaginations; where they are tendering their hearts and yielding and surrendering unto You, Lord. May the Supernatural move in tonight Father. Grant it we pray.

Let us grow in grace and in knowledge, Lord. Let us grow under Your Leadership, not any super dupers, not any carnal impersonations, but dear God just to be led by Your Own dear hand, step by step up the way, just growing and developing under the training of the Holy Spirit, that we can break forth into that great glorious reality that would pull us so close to that world; line us up oh God with those theophanies that we can truly reflect Christ, the Living Christ as great as He ever was, in this dark dismal Hour that we are living in.

We leave this place tonight Lord, going to our homes, may Your Holy Spirit cause us to think on these things. Open up the Scriptures; bring It to the minds of the people. Let this little chart which is just a little mental picture to help give a little visual insight so their minds can be correctly focused in the Word. Let it serve its purpose, oh God, that they can become more perceptive, more yielded to the Divine inspiration of the Holy Spirit and then walk with a clear understanding; their mind not muddled up or darkened in any way but they could have a clear perception of the unseen realities all around them, Lord. Oh God, may You grant it.

Take us safely to our homes. Watch over us and protect us. Be with us Lord. How we need that never-failing Presence. We are so weak without It. We don't know where to go and how to go without It, Lord. You said You would never leave us. That encourages our heart. Keep us close to You, Lord. Let us not stray away. Let us not be misled in any way but bind us with the chains of Your Word. Make us love slaves in prisons. Hold us with a short leash, Lord. Oh God, take away all restlessness from our spirits. Let us be able to find peace and rest and comfort just sitting at Your feet and learning to wait upon You, Lord. God may You grant it we pray, in the Name of Jesus Christ we ask it, amen. Amen.

“*I praise Thee Lord, for cleansing me,*” let’s just continue to sing it. You may have your seats. Let’s worship Him. Oh, lift your hands and praise Him.

*...for cleansing me...*

If you prayed sincerely, You believe that His Blood was applied to your confessed sins. You believe that the Holy Spirit blew away the darkness from around your mind. You feel the Word bathing down on the inside tonight.

Fulfill Thy Word, and make me pure within;

Blessed are the pure in heart for they shall see God.

*...make me pure within;*

Fill me with Fire, that Holy Ghost Fire. Take that kind of Fire in your bosom, tonight. Let that kind of Fire burn you; not the worldly fire; not the fire of lust. Take the Holy Ghost Fire into your bosom. Be filled with God’s passion, passion to know His Word.

*...where once I burned with shame;*

Grant my desire to magnify Thy Name, tonight. Hallelujah.

*...to magnify Thy...*

Oh, as a sign of surrender, lift your hands, “Lord, take my life, and make it wholly thine,” tonight. Without reservation, without reservation tonight. Hallelujah.

*...wholly Thine;*

Fill my poor heart and with Thy great Love Divine;

Hallelujah. Thank You, Lord.

*...Thy Love Divine;*

That Agapo Love, amen, you must have it to go there, friends.

Take all my will,

Oh, give it up tonight.

*...my passion, myself and my pride;*

Give it all up, tonight.

*my passion, self and pride;*

I now surrender...

*I now surrender, Lord, in me abide.*

O Holy Ghost, revival comes from Thee;

That's a promise – the revival of the just. Power coming to the Church just before its going; that Third Pull that's to do great things for us in our midst. Oh, give of yourself a little higher, tonight.

*...revival...*

Revival is that Life of Christ, friends, that Perfect Love.

*Send a revival, tonight*

Make it an individual thing. Oh, let Him start the work in you. Oh, come by here, Lord, come by here, tonight. Hallelujah.

*...in me*

*Thy Word declares Thou wilt supply our need;  
Hallelujah.*

For blessing now, O Lord...

*...blessing now, O Lord,  
I humbly plead.*

Hallelujah. Blessed be Your wonderful Name, Lord. Oh God, to live in the Spirit, to sing in the Spirit, to walk in the Spirit. We don't want to come out of this Spirit. Whatever we do we want to do it in Your Spirit, Lord. Not by might, not by power but by Your Spirit. Hallelujah. Thank You, Jesus. Thank You, Lord. Hallelujah. Praise His wonderful Name. Thank You, Jesus. Oh God we praise You. How great Thou art. How great Thou art. How great is Thy Word. Oh God, let that faith rise in our hearts; real substance faith. Put that key in the hands of Your children, Lord. Let us hold it as strong faith to use it (hallelujah) to unlock this great blessings; live a victorious life. Thank You, Jesus. Thank You, Lord. Hallelujah. Glory, glory, glory. Thank You, Jesus. Amen.

Oh, *teach me Lord, to wait down on my knees till in Your Own good time You will answer my pleas.* It's mounting up time, friends. Mount up with wings of an eagle.

[Song #57 - Songs That Live -Ed.]

*Teach me, Lord, to wait down on my*

*knees,  
Till in Your Own good time  
Oh, You answer my pleas;  
Faith can wait with patience.  
Teach me not to rely...*

*...to rely on what others do,*

Who wants to fly around in an airplane! Who wants to drive around in an automobile! We want to go up in that astronaut faith, friends.

*But to wait in prayer  
for an answer from You.*

Oh, they that wait upon the Lord,

*...upon the Lord  
shall renew their strength,*

Oh my, what a faith!

*They shall mount up with wings...*

Oh, what a time, Rapturing time; great Rapturing faith!

Oh, *they shall run and not be weary,*

Running over troops, leaping over walls. What a Super Church!

*...oh, not faint;*

*Teach me, Lord, teach me, Lord, to wait.*

*Oh, teach me, Lord, to wait while  
hearts are aflame,*

Super duper wasn't in every one. And when He says go, you want to go in the Power of His Holy Spirit.

*Help me humble my pride...*

Oh, a dying out that He could live in us, friends.

*...and call on Your Name;*

*Keep my faith renewed,  
keep my eyes on Thee,*

Looking to that Unseen.

*Help me be on this earth what You  
want me to be.*

Hallelujah. Thank You, Lord. Hallelujah.

*Oh, they shall run and not be weary,  
they shall walk and not faint;  
It will be God walking in them.  
Teach me, Lord, teach me, Lord,  
to wait.*

Wait until God takes over, until it is God walking with your feet, speaking through your lips, thinking with your mind, working with your hands; believing with your heart. The Guide will control you into that Word every time. Let God get in the control tower of your heart to control that speaking, control that watching, control that thinking and then you'll see a real Church on the move. Oh my! Praise His wonderful Name. We have to go. May God's Presence and peace be with us!

[Bro. Vin prays for a sister -Ed.]

Almighty God, we thank You for this great August Presence that is here tonight. We thank You for the faith of Your children. We thank You Lord for believers Lord, that is walking in Light, believing every Word and not ashamed to confess it. We thank You Lord for the experiences that You have given unto Your children to cause them to believe even in a greater way. We thank You for what You have done tonight in our midst here. God for the hearts of Your children who sat so attentively under the influence of the Holy Spirit. We thank You for the unction that You gave to preach the Word tonight.

We thank You dear God, for our dear sister here, faithful sister helping in the Sunday school and laboring here for many years in the Assembly ever since she came in Lord, taking an active part. Her battle is sickness back and forth, back and forth. Yet oh God so courageous, sick so many times but will not show it oh God; eating that pain and just putting a smile on her face and walking in the midst of the people and many not even knowing. But even as You have dealt with her recently Lord and showed her these things in her life, dear God, she has placed it before You Lord and even

confessed Lord God where she believed in her heart that she has failed You, Lord. Turning over every stone because she desired to walk on into such a perfect faith and walk on Lord into a complete deliverance.

How we appreciate that, Father! Dear God, as she has come forward here tonight to be anointed with oil even according to Your Holy Word, dear God, I lay my hands upon her and I condemn that sickness, I condemn that devil that have hindered her. And even oh God, as she believes tonight, her faith could pull that blessing from the Holy Spirit that is present here now, Father; God, know every power of the enemy will be broken, and may she walk forth out from under this dark cloud that has clouded her life, oh God, and tried to press her down and hold her in sickness. May it hold her no more but may she rise and be healed in the Name of Jesus Christ and walk on forth into the deliverance that You have provided for her. May she be made well and strong! May she prosper in health and with that health go forth to serve You, to serve Your people, to live a life worthy of the Gospel of Jesus Christ, which we believe she will do, Father, for You have saved her. We thank You tonight.

I pray for every brother, and sister sitting there in the congregation believing now, may the great Holy Spirit Who have ministered to us and Who is still here to minister while we've been here humbling ourselves, believing, trusting You. God, may they receive just as they have need of tonight, in the Name of Jesus Christ. Then Father, take us to our homes, rejoicing under the blessings of the Word of God and the promise that have been ministered to us by the Holy Spirit tonight, and may we rejoice, Father to know that we serve a God Who stands by His Word, to bring it to pass in the lives of His believing children. We thank You so much for it, in Jesus' precious Name we pray, amen.
