FOREWORD

This is a sermon preached by Pastor Vin A. Dayal and is published through the freewill offerings of the members of the Third Exodus Assembly.

It is intended to edify the reader and make clear the Bride-Promises of God, which were revealed through the ministry of God's Prophet-Messenger, Bro William Marrion Branham, for the Elect in this Day. It is not meant to promote any special doctrine or person, save, the Lord Jesus Christ and His Divine Word.

The original video and audio recording can be accessed through our website www.thirdexodus.org

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

Excerpt:

When you think, friends, these last couple months, we've been preaching here in the Book of Revelation for you, tying it in with the Old Testament, bringing out some of these things that you can see vividly. And we try to go back into the history, comb some of the histories and see when the epidemics came out and followed the wars, how things happened. And seeing Brother Branham said, "When I went through the history book with the Church Ages," he said, "I found a pattern unfolding all the way down. I saw the messenger, I saw how it came geographically; I saw how it came scripturally. I saw the place, I saw the time, I saw the war; I saw the judgment how it came. It's there in the history."

Do you know why it has to be there? To confirm the Book of Revelation because the Book of Revelation is here; and the times that's come down through the Ages is past. You can't go into the future to get the knowledge of the past. You have to go back to the past to find what happened there because that's where the prophecy is fulfilled. He found Columba. When he came down to Columba and St. Patrick, he said, "The Holy Spirit came up: Columba." When he came to Irenaeus and Martin and Polycarp, he said that the Holy Spirit dropped on Irenaeus. And he gave reasons why, too. Is that right? Then the Pillar of Fire came and wrote it on the wall. He said, "I could take the history book and begin to show you how it comes and where we are standing."

SUNDAY 26TH NOVEMBER 2000

BRO. VIN DAYAL

...so bright as this Day, this glorious Day.

Amen, 'Christ is revealing Himself unto me', as the parents come for dedication.

Is revealing Himself unto me

He opened mine eyes...

He opened mine eyes and

Now I can see,

His Word is becoming a reality,

In this Day, this glorious Day

Let's lift our hands and give Him praise. Father, we give You praise. We give You honor and glory because truly, there's never been a day like this Day; there's never been a Light that shined so bright, Father. And to know that You didn't leave us in darkness, You made us children of Light so that we can walk in the Light. And what a joy it has been to see the chains of sin fall off, when the cleansing power of the Blood breaks every molecule of sin and looses us, oh God, Father, that we could stand fast in the liberty, oh God, to have fellowship with You, Lord, to enjoy this restored fellowship and favor. We rejoice in Your Presence. We give You glory and praise today. Oh, blessed be Your wonderful Name.

Let this Light shine deep down into the innermost parts of our beings, dear God; let It reflect out; let It bring honor and glory that, Lord God, men could see our good works and glorify the Father Who's in Heaven. We thank You, Lord. Blessed be Your wonderful Name.

May You bless Your children today, oh God, Father. Lord, pour out Your Spirit in such a great way, dear God. Draw hearts and lives closer to You. Break every fetter of darkness, and let that Light prevail again. Let that Blood cleanse again, Father. Oh, may You grant it, Jesus. We thank You and praise You. Thank You, Lord, hallelujah, amen.

We want to welcome you in the house of God today. There's never been a day like this Day. We believe we could say that for every time we come into His Presence, because with each opportunity that passes away and goes into history and we come down just to maybe the last ones and twos, the openings that God gives to us, how we want to capitalize upon it. May God richly bless all that is in His House today, and may there be an expectation in your hearts. We know we get what we expect when we come in the House of God. Amen? He is able to do the exceedingly abundantly above all that we would ask or even think.

We have Brother and Sister Ellis Joseph here, would like to dedicate their baby, little baby girl. And I don't know, God always seems to inspire them, and you know, just bless them. I never cease to be amazed at how God just gives to them names for their children. The little girl is called Prevail Victorious, amen. Prevail Victorious. And this is our sister's – eleventh now? Twelfth? Amen. He's a man like Jacob; he has twelve offspring, and we are certainly happy for him. I believe he is the top scorer in the church. Amen. He has the record, amen. Praise His wonderful Name. He's a mighty man and a great servant of God among us, for which we are grateful.

Our God was so gracious to give our sister such a safe delivery and everything came through so wonderful. And God just seemed to inspire the nurses. You know sometimes, you know, with the type of spirit in the system today and the frustration, especially in the Ministry of Health, you know, sometimes they see a

woman coming and she has that amount of children, you know, it's like they have all kinds of remarks and things to say. And this time it seems like God just made – people were running and wanted to help and get involved. You know it just shows how God can stand for you. And when God stands for you, He could make it such a great wonderful thing even to encourage you, amen, you hold on to His Word and you walk in His Truth. We just want to dedicate little Prevail Victorious.

The Bible says,

¹ Blessed is every one that feareth the LORD; that walketh in his ways.

² For thou shalt eat the labor of thine hands: happy shalt thou be, and it shall be well with thee.

³ Thy wife shall be as a fruitful vine by the sides of thine house: thy children like olive plants round about thy table.

⁴ Behold, that thus shall the man be blessed that feareth the LORD.

⁵ The LORD shall bless thee out of Zion: and thou shalt see the good of Jerusalem all the days of thy life.

Let's just bow our heads for prayer.

Almighty God, we bow our hearts with thanksgiving and praise unto You for our precious Brother Ellis and his dear wife, Father, many years ago You sent him among us, and dear God, he has become a pillar in this assembly; Lord, has enriched, Lord God, this little part of the Church of the living God with his life, with his testimony, with his dedicated and faithful service. And Father, we respect him highly and we stand, oh God, with great admiration, Lord, for the way that they have carried themselves down through these years. You know when people walk in among us and we have saints like these with this caliber, Lord God, we can tell their testimony to others. We can present them, dear God, as trophies of Your great grace.

Lord, when we walk on this compound and we see even the buildings that we have here, we see his great contribution, Father, and how he has spearheaded building programs, and Lord, fought so valiantly against every economic resistance there might have been along the way to see what stands here today, Father. And dear God, we rejoice with them, Father, that You have blessed them. And truly, oh God, with the coming of this little girl and the inspiration of the Word in their hearts, dear God, You've inspired them to call her Prevail Victorious. Lord, what a testimony, what a sound of triumph, dear God, that we've come out of this dark dismal world, where Satan thought he was going to bring every man, woman, boy and girl under his power, Lord God, and under his evil influence, causing them to be subjects in his kingdom to worship. But here are these, oh God, Father; Lord, who will not be in submission to the enemy but who have rose triumphantly; for You said the gates of hell shall not prevail against us but we shall prevail, we shall be victorious. We shall be overcomers in this evil Age.

And dear God, we pray that You continue to bless my brother and my sister, Father. And Lord, give them health and strength and may You provide and supply their every need and cause them to stand strong in this Hour, and Lord, to raise the children that You have given them, Father, for the glory of God. May their home ever be together and unified. May their lives ever shine bright. May Lord, the entire household, Lord, like Joshua said, "As for me and my house we will serve the Lord"; [Joshua 24:15 - Ed.] that they will serve you everyone, Father, and dear God, truly that will be to Your honor and to Your glory, dear God. And Lord, may they be lacking in nothing, we pray.

And dear God, even this little Prevail Victorious that You have given unto them, Father, as they have raised the others to serve You and we see them, oh God, in the House of God involved in the service of God, so dear

God, we pray as the revelation grows stronger in their hearts, Lord God, and the knowledge of the Lord is inspired to them, Lord God, You will give them all that it would take to raise this little one for Your honour and Your glory.

Lord, we thank You for giving our sister a safe delivery. She trusted in You as the holy women of God, she believed You, Father. And dear God, You stood by her side and she gave respect, oh God, to You and to Your Word. And we thank You for faithful mothers, oh God because they are the backbone of a home, they are the backbone of a nation. Though most of it is gone, Lord, through sin in the world today, we rejoice when we see these that stand, Father. We take our hats off to them and we bow as it were in respect, dear God. And Father, we salute You, dear God, Who have preserved them, oh God and kept them as a testimony of this great heritage and this great Message that You've given unto us.

Now may You bless this little girl, dear God. We commit her into Your hands for a life of service. By faith, we place her beneath Your precious Blood, dear God. May she be safe and secure in Your divine Presence, sheltered in that place of safety in this Age, dear God, when pestilence, the sword, hunger, and Lord, the beasts of the earth is given to Hell and Death that he could slay a fourth part of the earth. Father, but we know there is a place of safety where no matter how much power they have, and what is given to them, they cannot touch these, oh God, that are sheltered in the place of safety. Oh hallelujah!

And so dear God, may Your Holy Spirit surround this child, Father, and may You give her that inoculation of the Holy Spirit, that immunity, oh God, for You said, "Even unto you and your children, even as many as the Lord thy God shall call." And so let it be, Father. In the Name of Jesus Christ, we dedicate her unto You for a life of service. May she bring glory and praise to Your

Name, and may truly, oh God, her life, Lord, prevail victorious and be the testimony in the song of triumph in the heart of the entire family. Grant it, dear God. We thank and praise You. We dedicate little Prevail Victorious today, in the Name of the Lord Jesus Christ for a life of service, amen.

Amen, so I would give you a little exhortation and we will be fine, amen. Let's just have a word of prayer before we read.

Gracious Father, we pray that You'll bless the reading of Your Word now, as we have come and gathered today to hear what You would say unto us. You've spoken in these Last Days, You said, "In the days of the Voice of the Seventh Angel when he shall begin to sound the Mystery of God will be finished. It shall be Light at the Evening Time. Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the Lord and he shall turn the heart of the children back to the faith of the fathers lest I come and smite the earth with a curse."

Oh God, what a Day we are living in, Father, to hear Your Voice saying "Come out of Babylon. Come out of her, My people, because her sins are come up into Heaven; and strong is the Lord Who judges her." And how grateful we are, dear God, to be called out to walk in this Light and come in, oh God, to hear more of this great Message, so that we might know how to live and be prepared in this Hour that we are living in.

Speak to us out of Thy Word, Father. May the Light shine bright. May You bring understanding to our hearts of the Day that we are living in; of the preparation that You have made to get us ready to leave this world; of the judgments that are fixing to be poured out. Oh gracious God, may You speak so expressly and so clearly today that surely, oh God, it will bring the saving knowledge of Your grace to those, Father, who have not yet found that place of safety or who might be ignorant

of the hour, and the time, and the things that are happening according to the Scriptures.

May the Light shine and give the light of the knowledge of the glory of God in the face of Jesus Christ on these things; for You said that the God of this world hath blinded the minds of the people, he has put an ecclesiastical veil, Lord, a traditional veil upon the hearts of the people. I pray you will rip away every veil that is hiding You from them, Father; and You will cause them to look and behold the great mighty God unveiled today; and to see Your great plan, Father; and give them a heart to receive and to walk in these Things. And may You strengthen Your Church and keep her, Lord, in the rhythm of the Word. Grant these things, we ask, as we look to You now, in the Name of our Lord Jesus Christ. Amen.

Let's open and turn to the Book of Revelation. We'd like to read out of Revelation and St. Matthew. Matthew 24 we'd like to read first. I was speaking on those two Scriptures last week. I'm just going to read them to sort of connect our thoughts to where we were last week, but really I'm speaking in another place. But just to connect your thoughts and have you seated, I'll just read these two short places.

Matthew 24, and we had from verse 3. We'll take it from there again by the grace of God. Everybody goes to Matthew 24 for the End-time, when you speak of the End-time and the Last Days and the signs and the warnings of the Spirit that the Lord Jesus Christ gave, because He was asked three specific questions and He answered them specifically, directly to what He was asked when they asked about His coming and they asked about the end of the world. So here we have direct reference to things specifically dealing with the coming of the Lord and the end of this civilization. What a great thing it was.

Verse 3 in Matthew 24:

³ And as He sat upon the Mount of Olives...

He was in the city of Jerusalem before. He had spoken about not one stone remaining standing on the temple, that great place that the people revered so much; and then it shook them that He would say that it would be destroyed again. It had been destroyed back in Nebuchadnezzar's time, and they had rebuilt it under Ezra and Nehemiah and they and Zerubbabel. And now here it was to be destroyed again. And so, as He sat on the Mount of Olives the disciples came unto Him privately saying,

...Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world?

He had spoken more of His second coming than anything else when He was on the earth. And so they wanted to know about the second coming and the end of the world. He had spoken of the end of the world and they knew that this civilization was going to come to an end because the Book of Daniel had said that God was going to destroy the kingdoms and set up His own Kingdom.

Verse 4:

⁴ And Jesus answered and said unto them, Take heed that no man deceive you.

⁵ For many shall come in my name, saying, I am Christ; and shall deceive many.

And the earth is filled with that today, even this morning.

⁶ And you shall hear of wars and rumors of wars: see that you be not troubled:

Such times, when so many will die in war, and bombs, and killings, and ravaging of people; and invasion and destruction of cities, He said, "But don't be troubled because that is to happen."

...for all these things must come to pass but the end is not yet.

7 For nation shall rise against nation and kingdom against kingdom.

And we read of that every day. It fills the news today.
...and there shall be famines,

And right there you have one, two, three Seals already: deception; war and bloodshed, wars; and then now famine. The Fourth Seal:

...and pestilence – the Fourth Seal.

...and earthquakes in diverse places.

There are more earthquakes in the last hundred years than at any time since creation.

8 All these are the beginning of sorrows.

Revelation chapter 6: this is the Seals; this is the opening of the Book. In chapter 5 the Lamb took the Book. In chapter 6, He is now going to loose the Seals. And from verse 1 and 2, the white horse rider; He loosed that Seal, saying, 'deception'. The Second Seal, He loosed that Seal saying, 'wars and rumors of wars'. Third Seal, He loosed that Seal: 'famine in the earth'. The Fourth Seal, verse 7:

7 And when he had opened the fourth seal, I heard the voice of the fourth living creature say, Come and see.

8 And I looked, and behold, a pale horse:

First, it is a red, a white, a black; and it was all mixed together and now a pale horse.

...and his name that sat on him was

Death,

Now he is being named.

...and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword,

That was the Second Seal: wars and rumors of wars.

...and with hunger (Third Seal), and with death (Pestilence), and with the beasts of the earth.

May the Lord add His blessings to the reading of His Word. You may have your seats. Four things: sword, hunger, death, and the beasts of the earth. I want to take for a title this morning— Last week I was speaking on *The Four Horses Of Death* [Sun 2000-1119-Ed.], if you remember, and I was dwelling a little bit on pestilence. I want to take for a title this morning, **“THE COMING GLOBAL EPIDEMIC”**. **“THE COMING GLOBAL EPIDEMIC”** because according to the Bible, epidemics that we have had down through history of pestilence that killed millions and millions and devastated civilizations in different parts of the world – one time in Europe, next time in Latin America, different times in Africa; then here in the Caribbean, then in different parts of the world, in China; and you can look back through history and see how epidemics ravaged the earth, ravaged countries; destroyed civilizations.

And as you look at these things down through history, you realize that as great and as devastating as the historical accounts have been; and the statistics showing how epidemics and these things wipe out more people than war with military weapons and armies and everything else; you have cases of so many people being destroyed under an outbreak of disease, of pestilence in the earth.

And yet, now that we are living in an Age that is different to what civilization has been, maybe in the past couple thousand years, maybe the past four thousand years or so, civilization has been on a slow evolution, bringing it right back to the great Scientific Age that existed when the Bible says, “As it was in the days of Noah so shall it be.” The time of Nimrod was not like the days of Noah. The time of Jesus was not the days of Noah. The times of Luther and Wesley were not like the days of Noah. But this Age is like that Age. Because science, wisdom, population explosion, all these things – women becoming fairer, all these things are signs of

the Last Days, signs of the End Times; a generation of atheists.

People have gone into all types of philosophies. Nations with weapons of mass destruction, atomic power, atomic energy like they had in the days of Noah, that could have shaken the earth out of its orbit, that even today the earth is not in its correct position where it was set upon its axis in the beginning. To know that when God created the world there was no rainfall, dew came up; it was a different way plant life and botany life were sustained. So that when Noah came and began to preach about rain, it was strange. It was unscientific. It couldn't be proven because it was not known, it didn't exist.

Like we talk about asteroid showers today, meteoric showers that are going to devastate the earth. And science has tried to conceptualize the impact and the destruction if it strikes, let us say, maybe certain coastal cities, or certain populated cities in-land, what type of damage it can do. Because they are a hundred times more powerful than an atomic bomb being landed. And they try to conceptualize, if you saw those pictures [movies -Ed.] they have advertised like *Armageddon* and *Deep Impact* and these things, *Asteroids*; and they try to think of it. And they talk about the volcanic activity that is on the increase in the earth. Since man has gone into outer space and the scientists have tracked these things by satellite and they have documented and called it the chain of fire, where they realize that all volcanoes are linked. It is a chain all through the Aleutian Islands and out into the Pacific, what they call a 'Ring of Fire' that goes around the planet.

And man wonders how the earth that was void and without form, and darkness upon the face of the deep, in Genesis, how it became a beautiful Eden that brought new life. A planet that was devastated and dead, as it were, like Mars and the moon, that when

they landed on the moon and they thought that they were going to find life, it was just rock and sand and nothing. Then they spent billions and billions of dollars to go to Mars, all the equipment that they sent there, rather, and they picked up samples of the soil and the rocks and photographed them from different sides, and they studied the chasms and the valleys and different things; and then it was just like the moon. And yet they thought, "Well, it looked like maybe it had life there one time."

They can't seem to figure out what it has become because they are looking for another planet with life, because they've realized that this one can no longer sustain life. It has become overpopulated, just like the jails today. They build a nice new maximum-security prison, let us say, in those countries to try to put a grip on crime, and "We're going to harness crime and we're going to control crime"; but then what do we have today in almost every nation? Bulging prisons, until now the prison populations around the world have become so huge. You have to get uniforms for them; you have to get beds for them; you have to get lights for them; you have to get food and water for them. And it is growing every day. And cells that were made to hold three and four people are now packed with eighteen and twenty people, because the prisons haven't grown but the population has grown.

Then you see the kind of epidemics like there in Mozambique a couple days ago, sixty or seventy people were found dead in prison just like that – strange. You hear of the type of disease that is rampant inside of there, in those places. We have our own problems. Every country has its own problems around the world; infested with all kinds of diseases, and there is no real program for rehabilitation. And so, you find the type of society until now people outside in areas in the civilized world, free, when you go into their schools, the schools sometimes have no water. And then the schools have

rats. And then you see people where they don't even have running water maybe in their home; and you see the conditions that some live under, where there are floods and different things. Some of them don't even have toilets in their homes; so much that- some streets don't even have lights, they can't afford to give people out there – maybe they could but because of corruption, whatever. I'm not on that, I'm just trying to paint a picture to show you the world.

Because when you leave your home with your carpet on the floor and you try to make your home nice and you paint your walls, and you put up, like people in the world now, they put up their Christmas lights and different things. And then they drive a good car, and they come out to the service and go back home, that is the world for them. That is the environment they live in. They're not going into St. Ann's [Mental Institution in Trinidad – Ed.] to see what is going on inside of there. They are not going into the hospitals to see what's inside there, to see the kind of diseases and pest house. They don't go into the jails to see the kind of criminals and what goes on out there. So to them a great part of their own nation they don't know. And because they don't know, it doesn't exist to them. When they look and they talk of the world, they talk of the world that they're exposed to. And they don't know the inhumane conditions and they don't know the kind of diseases that are rampant. They don't know the breeding ground for those things; and the AIDS.

And we were talking last week of drinking and buying bottled water. In our days we didn't have that. Neither in our days in elementary school, in prison, or in Junior Secondary School and Senior Secondary School we had anything about 'AIDS awareness' or giving out condoms and all kinds of different things. Now it's at all levels. They want to give out condoms in the jails. You have man with man and woman with woman, and you want to give out condoms in the jails. See? Until legislation

has brought it down to sexual preference, until now the forms that you fill out when you are going to a next country have male, female, and a there's a next box. Because now you have transvestite and transsexual and different things, and "shim" [slang for gay - Ed.], and whatever you have inside of there.

You have all kinds of species. Sexual operations are on the increase. People no longer feel they're successful as a man so they could become a woman. Sometimes a man wants to change his identity for insurance purposes or money making things; all types of different things are going on today. People are seeing all kinds of movies that Hollywood is making, bringing out all these things to blow the minds of people, you know, turn them onto a new plane; while Satan through his influence is reshaping the world, bringing it to be hell on the earth, a satanic Eden. And people can't understand that because it's looking the way it comes.

Now you have programs designed to educate you and they tell you now [that it's okay] as long as you don't have too many sexual partners, try to limit your partners. And these are educated people. This is science. These are policymakers. This is a lifestyle that has come forth where sin has become legalized. And the court is paying people and giving money, and leaving money in people's will to their homosexual mate: house and land and car and money. And they're letting them adopt children – the world today; but many times you do not see that kind of world. You read it in the papers, and you laugh and turn the next page, and you forget it by the time you get into the sports. And you think well maybe that is just one isolated thing there.

Three signs of the End-time in Genesis 18: Abraham, the called-out group; Lot, the lukewarm church; and the Sodomites; when Elohim came down in an Investigation Judgment before He burned the world with fire; when Abraham was being caught up in the mystery of how they'll be changed in their bodies. It wasn't any

transvestite, it wasn't a sexual operation, it was the act of being changed because of Rapturing Faith, because Elohim said, "Shall I hide these things from Abraham?" It was the opening of the mysteries to him.

And while he was going to do that, here were the Sodomites right at the same time saying, "Bring out those men you have inside there." The greed and the lust to practice, to operate, to find some new flesh, some strange flesh; the appetites that can't be quenched no matter how nice their clothes are, no matter how nice their shoes are, no matter how refined and cultured they looked, no matter how many degrees in education they have, down in that soul is a lust for strange flesh. It's a sexual demon that has a man in an insane condition driving them for sexual gratification, regardless of what it is. Because too much in this Information Age has blown the minds; the human minds can hardly keep up with the change, and handle the volume of information and the kind of graphic images that the Internet can provide to plant seeds in the subconscious minds of people. It's the Age, friends.

And do you know what happened? And the devil has also invaded the churches, bringing the Gospel down to church war. This church is slinging mud at the next church; this minister is fighting down the next minister and Satan is just running rampant. And then on the next side, radical to that, you have a social Gospel trying to give them all the pleasure they could give them in the church just to keep the members, to keep their membership. Until religion has become a form and a ritual with no meaning, a dead empty thing you can just go and do to give you some sense of false security, saying, "Well, at least I'm not the only one doing that, a lot of people are doing it. If I'm going down, then a lot of us are going down together. And I don't think all of these people will be lost, and at least I find safety in the majority." It doesn't work that way, no sir. It doesn't work that way.

God has called a people out. God has separated a people! God has awakened them. God has brought them to a realization. God has shown them graphic images in the Book of Revelation, amen, more graphic than Hollywood could make it, with more drama, more excitement, more real; because it's prophecy, it's the Spoken Word of God that would come to pass, that this civilization will be annihilated. The strongest warning that was given to any generation came forth from a Messenger, an Angel at Supper time, whose face shone like the sun. Hallelujah! And out of his Message, a Voice went forth, even calling at the end the fowls of the air to come and feed upon them. Think of it, friends.

Satan would like to disorient everybody that he could and make all this look like science fiction, but this is reality. This is prophecy in the Bible. And these things happened before but on a small level. In this Age, it has taken on global proportions because we live in an interconnected world. When influenza killed seventy million people after World War I in 1918, they say it took about four months to get around the world. They say today that would take four days; with air travel, with food coming from all around the world, it would take four days. Because back there they were traveling by ship; the fastest you could get to another country far away was months. See? Today you could be in Tokyo and in New York on the same day. You're somewhere in Africa, but you could be in England in some hours. You come from Australia, brother, in a few hours you're in Los Angeles. And you can move from continent to continent.

And brother, the whole world has come to such place that man cannot even begin to visualize. And the devil has done everything he could to keep people away from the Book of Revelation, saying nobody can understand it; getting the people lazy minded because they don't want to look at it. Then some people think it's too horrifying; and in this Age where nobody wants to be

shaken up, they don't want their comfort zone to be invaded, everybody has built their own little comfort zone. Let me tell you, the world is in for a very rude awakening; because everything that can be shaken will be shaken off, and only those things which cannot be shaken will remain.

And friends, let me tell you, that's this Time. That's this Message. That's the coming of this Message. That's the Rock cut out without hands. That's the coming of the Lord. When that Rock came, It came in judgment. It came to break up every kingdom of the world, and that breaking up and scattering was an act of judgment. It was a removal of the squatter who had destroyed the thing. And that's why when the Book is taken into the hand of the legal Owner, He is getting ready to remove the squatters. He is getting ready to drive them away because they're possessing this place illegally. That's why the Elect have to be taken out so that the atomic bomb could be released. She has to get to safety because that thing is to cremate this generation so the righteous could walk out on the ashes of the wicked just like it was in Sodom back there. That's reality. That's reality.

So look here when we are looking in the Bible, Jesus says earthquakes, pestilences, famines. Do you notice how that is grouped? Each one is linked to the other one. Famine causes pestilence to increase. Pestilence can bring famine; destroy everybody who is needed to work the land. Earthquakes will destroy and bring famine and bring pestilence. It is not just words. Jesus is speaking about His coming. And if He is speaking about His coming, if He is saying those things, He has to be looking at Scripture because His coming was prophesied from way back in the beginning. Because in Genesis 18 when He appeared to Abraham that's the mystery of His coming until the promised Son came. Is that right?

Did you think of that? He is talking about His coming. They asked, “Lord, when is Your coming going to be?” And He said, “There will be wars before My coming.” How many know that Angel descended after the Second Woe? There was woe, woe – Fifth Trumpet, World War I; Sixth Trumpet, World War II. Revelation 10 the Angel descended; the coming started to be revealed. Is that right?

How many know earthquakes had to do – back in the days of Noah the fountains of the earth were broken up. Earthquake had to do with the Rapture of the Church at the first coming. Sure. An earthquake sank Sodom and Gomorrah, put it into the sea. He is talking about His coming. Why do you think God burned that place? Do you know the kind of diseases? Do you think you can have all that immorality and not have disease? “How do you know it had disease, Bro. Vin?” And as it was in that day, so it is in this Day. That is to repeat itself. Do you see what we are talking about?

Watch, I want you to watch how this thing is linked in the Word. Remember when I was taking this, we were looking at the beginning of the Gentile dispensation, how Babylon came in and took over. And it was in that hour those things were to hit that nation that rejected the vindicated prophet. They rejected Jeremiah’s message. They rejected Isaiah and they; Amos, Zephaniah, Hosea. And here it was going to come. God said, “My four severe judgments”. And I took those four severe judgments and showed you over here when mystery Babylon, that Roman Catholic system, is coming to take over the world again today. And the last thing it takes is the Jewish nation, and that is what it is going for now. Is that right? Glory!

Then if that is happening, then watch these same four things mentioned under your Sixth Seal. They are given power to kill one-fourth part of the earth. You see five people die, ten people die, a hundred people die, two hundred die, two thousand die, a million die. Can you

imagine what a billion people look like? You've never seen that amount of people in your life yet. Do you think Trinidad has a lot of people? That is 1.3 million. If you go to China you can see a billion people. If you go to India you'll see a billion people; you see people wall to wall, you see the size of the country. America has 240 million; that's a joke. That is not a lot of people in comparison to a billion people.

And these things that we are talking about, friends, because of a lack of spiritual discernment to see how these things are unfolding many are in a sedated attitude; because to them these things that they read are not really happening, and the world is such a nice place. That's a mind that has been caught in the snare and brought under the influence of the propaganda of the media, where Satan has isolated people and put them into a fictitious world from the reality of what the Bible tells us in this Hour. That's why you see churches don't have desperation. That's why you see the prayers of people are not sincere. That's why you see people cannot make a separation from unbelief. Do you know why? Because of lack of the realization of how far late the Hour is, and they live in a sense of false security. And to prove what I'm saying is the truth, you watch anytime that any little major thing seems like it's going to happen, you see them, they all get nervous and excited because they know it's the End-time, and they want to get ready, and they're trying to get Rapturing faith in two days.

And in times like these, when they can't see something in their nation or the world looming and hanging over them that could snuff their life out in a few seconds, brother, they're in an attitude. They hear like, "Well, I have an hour for this so go ahead." See? And that is the attitude people have because they don't realize what it is, friends. Let me tell you, it takes a spiritual ruggedness to walk in the realm of revelation, knowing what is happening, purposed to be about the

Father's business, getting your priorities right. And brother, when you look at things going this way and that way, you know exactly where those people fit because they are not your examples at all. All of them that are speeding and running helter-skelter like they're enjoying themselves, they are not in the revealed Word of the Hour. And the ones who are in the revealed Word of the Hour and are caught up in the church wars, and church group, and promoting their man, and personality cults and these things, you see where Satan has come into the Message and already taken them captive, because that is contrary the behaviour of the ones in the Message especially in this late Hour.

You say, "Well, what ought we to be seeing, Bro. Vin?" When you look around the Church, you ought to be seeing people with a hunger for lost souls. You ought to be seeing people desperate and trying to walk sincere because they know we are at the end of civilization. You ought to see the people who, when they see the Word breaking and the Word opening they begin to get desperate; a desperation sets in, that if they don't have the Holy Ghost, people are seeking the Holy Spirit. Sure! You ought to see people becoming contented, becoming contented because they understand the time. And they know there is no great big thing to go in the world and get your barrel full. What are you going to spend it on, and what are you going to do with it afterwards? And how long you'll keep lying and saying, "I will use it for the Gospel"? Do you understand what I'm saying?

You want to come to a reality to know what time it is, because, how much opportunities do you have. For you to do these things you have to have a clear, precise, definitive revelation. You have to say, "The reason I can do that is because I have all these opportunities left; because these Scriptures are not yet fulfilled, and that means that people are just trying to get people excited because we aren't that far advanced; so therefore we can

do this because this proves, you know, that we're in this season here." But the people who're doing those things don't even know where to start. Most of the time they're the people who don't know where they are at, and what is promised, and what is going on. Am I making myself clear so far?

Let's read a couple more Scriptures so I can get to what I want to bring to you. And you watch this with me. So keep my trend of thought here. I'm still on those four horses: sword, hunger, death, beasts of the earth; those four severe judgments: the sword, hunger, pestilence and the beasts of the earth. And I want to show you how these things work and how it's promised in the last days. Let's go to Revelation 9. Now this is the Fifth Trumpet here. We are into your Fifth Trumpet here. We will start with the 13th verse of chapter 8, the verse just before that so it will help you.

Revelation 8 verse 13:

13 And I beheld, and heard an angel flying through the midst of heaven,

And that same word that is translated 'angel' means eagle.

...saying with a loud voice, Woe, woe, woe, to the inhabitants of the earth by reason of the other voices of the trumpet of the three angels, which are yet to sound!

Four had already sounded. One sounded, and hail, blood and fire struck the earth, began to burn up the trees. The second one sounded; it struck the sea. It began to destroy ships, and fishes began to die and stink and everything else. The third one struck fresh water, fountains and rivers. The fourth one struck the atmosphere and the light began to diminish because the place began to get polluted where you could hardly even see the sun, the moon, and the stars. And now the last three were going to strike, and it was going to strike – notice – not the habitation but the inhabitants now. Not the habitation – the inhabitants. We are the inhabitants of

the earth. Watch. And these last three Trumpets are connected to three woes. And look at the Fifth now; Fifth, Sixth and Seventh.

¹ And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.

Now think. You have a key to your car and to your house; you know what a key is used for. But the bottomless pit is not a physical place, it's a dimension; it's a spiritual location. So this key is not a physical key that a man can make. You have a key to music; you have a key to science; you have a key of knowledge. A key is something that can open up something to you. And that's why to open up certain things you need to have a key. If you're doing mathematics, you need to learn certain formulas to solve certain things. If you're doing certain science and chemistry and different things, you need to have certain keys to unlock that world. If you're in the laws of mechanics, there is a certain key to unlock that world. If you're in the laws of electricity, there are certain keys to unlock that. Well this is a key of knowledge here, something that can go into one dimension, go into another dimension, because there are things that are locked up in that dimension.

Don't you know there's a place where the wicked dead go? Don't you know there's a place where the saints go? Don't you know that one section cannot cross over to the next section – a gulf is fixed? All that is spirit, right? That is not a place on this planet here. That's spirits in a next dimension; that's beings. Don't you know one day Paradise will be emptied out, the Sixth Dimension, and all those people for two thousand years, six thousand years or how much it is, they'll come back? Don't you know Willie and Leon, all of them are coming back? [Brothers who died – Ed.] Sure! People that can't come back until the time comes for them to come back. Don't you know Moses and Elijah are locked up –

when I say locked up [they are] in a dimension there – but they are coming back too? Sure. Think.

Now watch. Many times in the Bible you know what God does, He takes you into another realm, like Daniel. In the Book of Daniel it opens up and shows you angelic wars: Prince of Persia withstanding the angel; Michael coming on the scene. You see that in the Book of Daniel. In the Book of Job you see God saying, “Satan, touch his body but don’t take his life”. God is opening up things in the unseen realm to you. You see Him in the court of watchers, saying, “Cut down the tree”, meaning Nebuchadnezzar, “but in seven years bring him back.” You see counsel in Heaven saying, “Let that lying spirit go and deceive Ahab.” And many times God opens things. We see those fallen angels telling Jesus, “Don’t torment us before our time; don’t put us in that place; don’t cast us into the deep. Please don’t let us go back there. No. Let us go in the swine. We want to stay on this side. We don’t want to go and get locked away there.” You see that in the Bible many times, telling you that there’s another world, there’s another dimension. Is that right? Amen.

So here now, a key is being given, and He opens the bottomless pit. See? That is what you use a key for, to lock and to open. And that place couldn’t be opened without that knowledge being given. How many know electricity couldn’t be harnessed without that knowledge being given? Is that right? Man couldn’t go into outer space without that knowledge being given.

*2 ...and there arose a smoke out of the pit,
as the smoke of a great furnace; and the sun
and the air were darkened by reason of the
smoke of the pit.*

All this is mysterious. All this is mysterious. All this is in the sounding of the Trumpet. When that Trumpet sounds and you know when it is happening, then you can understand what the opening of the pit is bringing; what the smoke is. Watch what the smoke does. The

smoke doesn't do just anything, you know. The smoke darkens the sun, the air, by reason of the pit. Light begins to be diminished.

³ And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power.

⁴ And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree;

My, my, my, my, my! Let's read together the last part of the verse.

...but only those men which have not the seal of God in their foreheads.

Now locusts normally eat leaves, a natural locust, but these were commanded, "Don't eat the grass and the trees. Don't hurt botany life, hurt men. You're commanded, you're being loosed; you're being ordered to do what? Torment men". They're tormentors. Do you know what the word 'devil' means? Tormentor. It's a spiritual locust here. It's not a physical locust because you don't need a key of science to open a bottomless pit in a next dimension to bring out a locust. You can find them all over, in the forests anywhere, see, natural locusts. It's not a natural locust. It's a whole plague, an invasion, because locust in the Bible was always used to signify invasion, war, and these things. Remember Gideon when he saw those Midianites? He said, "They are like grasshoppers. They've come to destroy the economy of the nation." Remember Joel saw the army of locusts moving forth when God was bringing judgment on the land? God used the image of a locust to pre-figure the invasion that was coming to take the nation into captivity. Exactly right.

But here now these spiritual devils, watch. But they are commanded now not to hurt the grass, or any green thing, or any tree...

...but only those men which have not the seal of God in their foreheads.

⁵ And to them it was given that they should not kill them, but that they should be tormented five months:

This thing that is going to strike those men is not designed to kill them. It's designed to torment them. God is not thinking about bringing their lives to an end by the torment. He is not thinking of expiring them physically, He is thinking about tormenting them for five months. It's a torment.

...and their torment was as the torment of a scorpion, when he striketh a man.

⁶ And in those days shall men seek death, and shall not find it;

While they are under this torment, while they are being afflicted by this invasion, while this thing is tormenting them for five months and there is no relief of pain, of agony, of distress; there's no cure, there's no removal of this thing; man is screaming and prefers to die than to stay under that plague for five months. This is something that the Bible is saying.

But watch this. This is not something that is just happening haphazardly. This is being sent to certain people, people who do not have the Holy Ghost. This is specifically – now follow me, I'm getting a little deep here. How do you receive the Holy Ghost now? What is the Holy Ghost? What is the Holy Ghost given for? And how do you know you have the Holy Ghost? And can you get the Holy Ghost under nine hundred and sixty-nine or a thousand denominations? Or do you get the Holy Ghost under the revealed Word for the Age, because this Message is the Baptism of the Holy Ghost? Outside of the Elect in this hour, who else gets the Holy Ghost other than the Jews? Who else gets the Holy Ghost other than the Jews; other than the 144,000, who else gets the Holy Ghost? Who on the planet in this generation is going to get the Holy Ghost?

I'll tell you who: the Elect in the Bride, and the Elect 144,000. There is a calling and sealing under the Seventh Trumpet and there's a calling and sealing under the Seventh Seal. Nobody else gets the Holy Ghost. So are we narrowing down somewhere?

⁷ And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the faces of men.

Now before some of you try to figure me out and jump ahead of me and get your minds all messed up, when those angels fell what did they become, what realm did they operate in? Demonology in the physical realm and demonology in the spiritual realm. Some became cancers, tumors, cataracts, different things – diseases. They became the agents that produced these things. Then some were lust, envy, jealousy, malice, hate, revenge, pride. Is that right? Demonology in the realm of a man's body, and demonology in the realm of a man's soul. So the same demon that brings sickness is the same demon that makes a woman cut her hair; it's the same demon that makes a man preach false doctrine to deceive. Am I correct?

You see, because I know when I hit the Scripture here, many of you, the first thing you think about is supernatural devils unseen to the eye: Hitler and Eichmann and they, in the political realm. Over there they're killing with smoke, gas, and fire. When they come in the ecclesiastical realm, what are they killing with – smoke, gas and fire? Are you getting me now? The same demon that makes a woman or a man commit fornication is the same demon that makes her cut her hair, wear a plunging neckline and then walk and shake herself in a certain way to entice the man. And the man gets under the same spirit and ravages the woman too. So the same demon that makes a woman – because remember when she's cutting that hair and paints her

face it is to make herself appealing. And when she wears that garment, the result of that is what? Sex.

You see how when you talk about demon power, you just can't get to using quotations in your mind and not seeing what you're talking about. Because these same demons that killed one-third of the Jews, this same plague of locust, these supernatural chargers, devils, is the same demons that makes a woman cut her hair. The Bible says they have hair like women, to do what? To torment woman who cut their hair. A woman who cuts her hair does not have the Seal of God, right? A woman who liveth in pleasure while she's alive is dead. Cutting her hair is what? Dishonoring her head, rebellion to authority. Are you getting me?

Sisters, you see where, if you carry yourself what you call fashionable, what you call modern, what you call appealing, what you think is making you more attractive, you better know first what spirit is anointing you? Because I'm showing you... I'll define it a little clearer for you when I show you when that Fifth Trumpet was, and when World War I started, what that war was fought with, and when science began to increase. And you will see all those things: the smoke, the Industrial Age, the Chemical Age. How many know that in World War I chemical weapons – gas – was the major weapon that was never used before but was used in the war? And then forty years after – less than forty years – twenty years after when they went to World War II, the atomic bomb which was never used before was introduced now, that in less than half a generation they were into the science that invented the gas had split the atom, because it was progressing.

Don't unplug from me here, this will help you a lot in school. You do Social Studies? You do Science and Geography and History? You walk out in the world today, to understand how this world came about; you're interested in economics and making money? Then listen to me. The things I'm talking here will open your

understanding and bring you to the real world. Because the world is not Kentucky and the food court in the mall; that is not the world, you know. The world is not Grand Bazaar mall [A mall in Trinidad – Ed.] you know, and Tommy Hilfiger and these things. No. You know where Tommy Hilfiger came from, and Polo, Ralph Lauren and all of them? From Adam and Eve when they took the fig leaves; right there it came from. That is the origin of it, when they tried to cover sin. That's the first thing that God ripped off from them to clothe them with lambskin, to show them that it would take something more than what they could try to dress themselves up in to please Him. Sure. Now watch.

⁷ And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the faces of men.

⁸ And they had hair like the hair of women,

Isn't that strange? God is describing demons here, and in one place, it's bringing torment where men cannot get cured and they're crying for death. But yet the torment is only going to last for five months, and then it seems like all of sudden the locust is no more tormenting them. Then it's like they're preparing for battle, the same locusts; another view of it now. And then they have hair like women, another scene of the same locusts. The same devil influences your politics, the same devil influences your false religion, same devil influences your fashion, same devil influences the war, you know. It's not a bunch of different devils; it's the same devil, you know. This is his bag.

And all of this is happening at a certain time because that Fifth Trumpet marks time. Feast of the Trumpets was a certain time between the Feast of Pentecost and the Day of Atonement. That is a certain period of time when all of this here – you will see those women cutting their hair out in the streets there, you will see war

taking place, you will see that industrial pollution coming up; you will see that disease coming on the earth. It will be there. All those things will be there, the influence upon a generation. I'm going to show you that all those things are here today. They are here.

9 And they had breastplates, as it were breastplates of iron; and the sound of their wings was as the sound of chariots of many horses running to battle.

“Prepared for the battle; running to the battle.”
Watch.

10 And they had tails like unto scorpions, and there were stings in their tails: and their power was to hurt men five months.

11 And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon - which means destroyer.

These locusts contrary to natural locusts in nature have a king, and that king is the one who is the king of the bottomless pit, the angel of the bottomless pit.

12 One woe is past; and, behold, there come two woes more hereafter.

And let's drop over to another one in Revelation 16, because all of that is this generation. From the time he begins to move there on that Fifth Trumpet, watch where that thing's moving, and watch where it is going, and watch the connection now. That's the Trumpets; this is the Vials. I took the Seals just now. Just now we had the Seals: pestilence; the fourth part of the earth they had power to kill.

Revelation 16 [verse 1-Ed.]

1 Then I heard a loud voice from the temple telling And I heard a great voice out of the temple saying to the seven angels, Go your ways, and pour out the vials of the wrath of God upon the earth.

² And the first went, and poured out his vial upon the earth; and there fell a noisome and grievous (or a foul and painful) sore upon the men which had the mark of the beast, and upon them which worshipped his image.

Are you catching something so far? Both sides they are commanded that they should not hurt those who have the Seal of God. When this judgment is coming we see again God is specifying that the ones who are being judged with this thing are those who had the mark of the beast and those who worshiped the image.

Now, my friend, the Seal of God and the mark of the beast is something that comes up in this generation. The Seal of God is the Baptism of the Holy Spirit, and to reject it is to take the mark of the beast. And this generation has rejected the Holy Spirit. The same Holy Spirit that came performing miracles when everybody was saying, “Oh, young Rabbi, we will accept it. Come over here; come over here”, when He began to reveal Truth, they rejected the Voice of the Sign and called It the devil, and crucified It, and they were indicted for rejecting this Message, this Capstone revelation of Jesus Christ.

Remember denomination is something you join. Remember the New Birth does not put you in a denomination. “By one Spirit we are all baptized into the Body”; and the Body is the believers in every Age, he that has an ear to hear what the Spirit is saying to the Church. Because the revelation comes to one man in every Age; and then when that Seal opens and that mystery unfolds, it does what? It seals away the Elect of the Age and a plague falls. There is no way to be sealed away in the Body of Christ outside the Message of your Age.

[Brother Vin comments on the time and matters to be attended to after the service – Ed.] Because I’m in this, I want to bring this to you to show you when that Trumpet sounded things

began to happen in the earth. The world began to change. Maybe you don't know it, you do not study history; but just let me read one or two things for you quickly, and you will see what I'm speaking of.

On a message called *God's Provided Way Of Healing* [Chicago 1954-0719A para.42- Ed.] he says,

What is a cancer? ... What is a disease? We'll deal on that for the next five minutes now. What is a cancer? What caused that thing? Let's take a cancer, or anything you wish to take: tubercular, pneumonia...

Remember all these were epidemics that [had struck - Ed.] already. Do you know what science is beginning to realize? All the antibiotics didn't eradicate what they thought they eradicated; all these things are resurfacing. Now follow me if you have any spiritual understanding. Watch something. Are there new diseases coming? There is nothing new under the sun. Where does disease come from? Demons, right? There are no new demons being created, okay? If it's a demon behind the disease, and medicine doesn't heal and has never healed, as long as the demon is in existence that disease is there. The name is what science gives it, so they call it cancer, but it's a devil. Even to the fever, Jesus cast out the devil. Alright? Deafness, blindness - which is like organs not functioning, you wouldn't call it a disease - yet He rebuked the deaf and dumb spirit. Is that right? Epilepsy is a devil; He rebuked that devil. Okay.

Then these devils that were manifesting all those plagues in Egypt upon the people are still here. And then all those plagues of Egypt are still here too. And they were to be here, and no matter what science invents, science is not going to remove it because antibiotics is poison that kills germs. Medicine is not a healer, it is a killer. It kills germs so healing could take place. Healing is building tissue. If you get a cut, there's no medicine to heal that. The medicine keeps the [cut -

Ed.] clean so the healing process can take place, because healing is already in the body. Is that right? Okay.

So that's like antiseptics and things, you use that to clean something, keep it clean. God opened up those things to them and they use it and it has helped mankind greatly. But all the things that they said they eradicated are beginning to resurface. And when they begin to look at these microbes and these things they say they've developed a resistance even against the antibiotics. And they don't understand that because that's a life. That's something you don't see with a physical eye, you have to see it under a microscope. But it is far more deadly than an F-16 bomber you could see flying and dropping an atomic bomb. That little thing under the microscope has wiped out more people in history than that F-16 has ever wiped out and will ever wipe out.

Do you know how many AIDS is wiping out every day? You know that toll is growing, and growing, and growing, and growing. Do you know they keep watching it under a microscope all the time, and they keep trying this and trying this and trying this and trying this? Do you know that Ebola shows up and disappears, and shows up and disappears, but while it's here man is bawling and wants to die and can't die? And then it disappears; and it shows up in a next part of the world again, and shows up in a next part of the world again. And I was reading where they said that there are as many viruses as there are stars, but they were able to identify only about five thousand. That tells you how many there are that they know nothing about.

Watch the world, friends. And I'll show you when your senses are getting excited with all these things that Satan is putting out before a lot of you all; and the things you're hearing in school that you didn't go to school to hear neither to learn, but you're going out there and it is taking your mind off what you're going to school to learn, and it's carrying you into something

else, let me tell you, some of you don't even know that you might be a carrier. You might be a walking host and you don't know. And when your life changes, you say "I think I want to settle down and get married now, yes. I've played the fool long enough." You don't know what you might give to your husband or your children, because you thought you were having fun on that night, and you were being nice because you got a new dress; and you combed up your hair a certain way. And the things you see you want to experiment with, and it's because it's the kind of killers that you don't see with the physical eye.

If I scare you it will do you good too, but I'm not trying to frighten you; I'm trying to bring reality to you. I'm trying to bring a subject that maybe you don't look at sometimes; that you feel is not in the Bible. I'm trying to show you that it's in the Bible. I'm trying to show you under the Trumpets it's one-third part of the earth; over here it's the whole earth. Under the Vials it's the whole earth, not one-third part; it's the whole earth. That's why I'm saying, **"THE COMING GLOBAL EPIDEMIC"**.

Geologists are looking for California to sink, looking for 'the big one'. The volcanologists are looking for the big eruption. The economists are looking for the big crash. And all the medical scientists are looking for the big plague, the big virus, the super virus that they know is going to hit because they have the history of bubonic plague, of influenza that went around the world even before the rock was thrown up, even before the Seals were open, even before the Message was rejected. And yet you're seeing after the Message was turned down, you're seeing man rotting. You're seeing fowls are being called to eat them in the Last Days. You're seeing under the Fourth Seal, this Age – not Luther, Wesley and Pentecost. The bubonic plague was back in Europe in the Reformer Age. It's not under the Third Seal that they have power to kill one-fourth part of the earth. Under

the Fourth Seal it says they have power to kill one-fourth part of the earth.

Pestilence, Jesus said, 'and pestilence in the Last Days' – He puts it between famine and earthquake. Which earthquake do you know is more devastating? There are two major earthquakes to hit: one will hit California, and one will cleave the Mount of Olives. And every other earthquake before that is just working for those two major earthquakes. Do you get what I'm saying? So you see Caracas got hit, Turkey got hit; this place got hit; Japan got hit. They say somewhere over in Russia got hit, and you're seeing so many people dying. Remember that is just shaking so that what could be shaken would be shaken off; but the real major one is when that rock was thrown up. It's tied to the West; tied to the west coast, a coastal city after the Son of Man was being revealed.

Then pestilence is being put right there between famine and earthquake. All those things are under that Fourth Seal. All those things are tied to this Message because this Message brings what? The Seal of God. This Message is sealing away those that are to be sealed up.

How many know the Sealing Angel is a type of Pentecost? How many know Pentecost was the result of the Son of Man being revealed? He loosed the Holy Ghost. Is that right? How many know Ezekiel 9 repeats in the Last Days – the sealing before the judgment? How many know when these things begin to strike, those people, it can't touch them? Because like Israel was in Goshen, Israel under a prophet at the end of his message was moving them into a place of safety because he saw the wrath and the form it was coming in. He knew there was going to be boils. He knew there was going to be fleas. He knew there was going to be frogs. He knew there was going to be darkness. He knew there was going to be death. He knew because he had the

Intelligence; he was the mouthpiece, he was the one pronouncing the judgment.

You saw *'The Ten Commandments'* [The movie - Ed.] and you saw the kind of plagues because a prophet stood there commissioned, with two signs to confirm the commission; and when they turned it down then he took water and poured it on dry land. Two signs: one in the hand, and knowing the secrets of the heart. Then when that was turned down, take a rock and throw it up and watch judgments begin to move in the earth.

Hear some of the things, young people, which were spoken by this Prophet there. [1954-0719A para.42 - Ed.]

What is a cancer? What caused that? Let's take a cancer, or anything you wish to take: tubercular, pneumonia, whatever you wish to, any disease. Diseases are germs.

Let me pass something here quickly, as our time's a going. Listen, did you know the Bible predicts that in the last days, that there'll be a germ warfare? That diseases will break out upon the people, and will fall on everyone without the baptism of the Holy Spirit? But with the Angel or who had charge over these plagues was given orders to touch no one on whom the mark was. Why, how much, kind of teachers have we got to be, brethren, to get the church in order to be in that condition?

He said "What kind of teachers we ought to be, brothers, to get the Church into that condition where they are sealed away under the power of the Holy Spirit; where they could walk in a world linked up with God, where these things that are predicted to come will not be able to touch them." He said to get them immune. He said,

My arms are sore now, from where the doctors has punched needles in, to try to inoculate me from yellow fever and so forth. I told them I didn't need it. But they wouldn't listen to me. But I'll tell you what God's going to do. God's got a serum, and it's called the Holy Ghost.

And when that serum goes in, it'll inoculate you in the last days.

He was going overseas and they were giving him those things. He said, "I don't need that, I've got the Holy Ghost. I've seen my position in the Word. I'm walking in the will of God. It's God in me." Amen! He said, "According to the Word of God that thing can't touch me, amen. Do you know why? Because my health is for the glory of God; my health is to carry the Message. If I have calluses on my vocal cords, it's because of crying out against unrighteousness, amen, because I want to love Him with all my heart, all my soul, all of my mind and all my strength." I don't want to use my strength to run and play. I don't need my body to go and pose on the beach. I want to carry myself so that everything I have will be poured into this Message for the Kingdom of God and the glory of God. My time is God's time; my health is God's health; I am a steward. And if God gives it to me, I want to give it back in His service. Amen. I don't want to be chasing this woman, chasing that woman, chasing this man, chasing that man. No sir! You're looking for trouble; looking for trouble. Listen. [1954-0719A para.44 - Ed.]

But look, friend, the time is coming that when there is rising up a church. If we can't have faith for Divine healing, how are we going to have for the Rapture?

He said, "You'd better..." And catch this. If these things are on the road, he said, "You better have faith for divine healing then." We're in an Age that pestilence is on the increase, is more widespread. They say we have better food; so they say, but we know we don't have better food. We might have better hospitals. We might have better medicine. We might have better-trained doctors. We might have better beds and better health care and better health insurance. But do you know something? We have more sick people. How come? They say, "We have to get a better hospital, so we'll increase this. We have to get a better this and a better

that; and we have to get better doctors.” And we have more sick people, and they’re losing the battle. Some of these small, little, quack doctors around the place who’re full of pride mightn’t admit it, but big doctors in the bigger world, they say, “We are losing the battle.”

You know when you throw all your years into study, and you’ve specialized in a field; and you don’t just want to be a doctor to make money, you want to be a doctor to help humanity, to rid the world of disease. In other words, you enlist in an army of doctors to go and fight the cause against sickness, and hold the flag and the serpent on the pole high. And you want to go in there and put your lifetime; and you studied, and you got your books and you took the course, and you went to the best university and you graduated with top honors. And you come and open a modern office, and you’re talking about God. And you’re using medicine, and you’re using health, and you combine all the resources – the old-time medicine and western medicine and eastern medicine, to find the blend that maybe you can give a good dent against sickness.

And after you do that, when your years are over and you are about to go into the grave too, you hear all of that, the enemy you thought was dead that whole army is more enraged because of the amount of medicine you shot at them. And the way you toxified people with all kinds of things, and you got them more sick and made them a breeding ground for other types of things; and then to find out that all of that medicine on the shelf isn’t good.

Friends, let me tell you something. You see, the thing is you don’t make God’s Word a laughing stock. You don’t exalt your knowledge above God’s Word. If a man wants to glorify God and exalt God – you see when you try to take away from that, you make Jesus Christ taking those stripes and dying in vain. And that was God Almighty in the only way, and in the greatest way,

and in the most loving way, to bring a man back to health. He took that and He went that way.

And then somebody comes out there because they find some effect that they put on a guinea pig, and it worked on the guinea pig. God made a guinea pig and God made a man. All man isn't made up like a guinea pig. That's why medicine kills one and the same medicine might help the other one. Do you know why? Because in different family lineage there are different weaknesses, different strengths; different things have been bred in coming down. But who wants to go all there when they're studying medicine? You're going to study medicine; you're not going to study about God.

But you see that is why the Word is the most important thing. You come back to the Word, you come back to the origin, you come back to Truth; you come back to where sickness comes from. It had a beginning, it must have an end. And the end is when God brings the end because only God could annihilate the devil. Then when God annihilates the devil, He gets rid of tumors, cancer, cataracts, jealousy, envy in the lake of fire. Then in this hour God is saying, "Church, you live in this Age, Satan is going to come with everything. And because the greatest Light was shone and man has turned it down, it'll come and sweep the earth. And epidemics that were so great," he said that, "cancer will be like a toothache to what is on the road."

And listen. Listen. I'm closing. When you see He said, "The only way of safety out of this, I'll open the Word to you. I'll loose the Holy Spirit again. I'll raise you up to see your position in the Word. I'll put these keys in your hand. I'll bring you to live in a place where you don't have to have fear against these things. You will know what My security is when I put My mark upon you because My very Word, I'll give you the consolation of the Word, showing where I told My angel don't touch them who have My mark." Amen!

And then here is a Message showing you how to come in by Water, how to come in by Blood, how to come in by Spirit, how to come in to a New Birth; how to grow up, how to line up with God; how to come back into a new body, much more than a body with sickness, a new body, to put on immortality. I'll bring you from faith to faith. I'll bring you to a Rapturing Grace. When I start to open the mysteries and turn your heart back, I'll show you that you existed before the devil and will exist after him, amen, and all these Scriptures will tie. You will have dominion over this very earth right here. I'll give you Revelation to let you know who sickness comes from and where it comes from (Amen!), and you don't have to be afraid."

Now watch. Notice, I took those two places: that torment with those demons being loosed, that virus coming there for five months; then to the people, it was breaking out into their bodies and upon the whole earth. And both places it's tied to the Seal of God and the mark of the beast.

I don't have time. I'm going to close, so I'm going to throw something out here for you.

Hear what It says: "Don't hurt the trees or hurt the earth." You go to Revelation 7, which is when World War I stopped. The Fifth Trumpet is World War I; woe, woe, woe. Over here, they were hurting the earth. He said "Hold those winds", that they don't do what? "Hurt the earth, hurt the tree, and hurt the grass." Don't let them hurt it anymore, because in World War I, poisoned gas was invented when man began to work by science to kill, it began to destroy botany life that God put there for man to live on planet earth.

Now watch how deep this goes. How many know that cutting down the trees – deforestation – is destroying the planet? Man burning down acres and millions of acres to plant patchoi, bodi [vegetables -Ed.], shifting the balance, until they're trying to replant the earth with trees now. They have [those campaigns -Ed.]: "Everybody

plant a tree; everybody do this.” Right? Because all the carbon monoxide being loosed in the atmosphere is heating up the planet bringing global warming, greenhouse effect. That’s causing the ice caps to melt, causing the seas to expand. You know all the industrial waste that they dump into the oceans is killing all the fish and all these things.

Now watch. Every time man invades nature, he says when you tamper with nature, what happens to you? It backfires. [Seven Church Ages, page 127 -Ed.] What does he mean by it backfires? The prophet used to talk in a language. He wasn’t an educated man. He said, “You tamper with it, it backfires on you. You try to rearrange the molecules of something and you breed a monstrosity. You bring a weaker race. You feed them those polluted things and you make a bedding ground for more disease.”

He said “Now look what man has been doing.” They start to hybrid the chicken for it to grow fast; they start to hybrid the crops so they will grow fast. That’s botany life and bird life. Then they throw all the industrial waste there in the ocean, then the fish start to pick up these diseases and get toxic; and all of that is coming up the food chain. They take the insecticide and they spray all the bugs with pesticide and they kill it. Then the fowls pick up all that and it goes into the eggs, and then man starts to eat the eggs. And then all these traces start to come up because of eating the fish, eating the eggs, eating these different things, coming right up into the body. See?

And then the type of food they’re eating engineered by science, which the scientists exalt themselves saying, “Hey, we can rearrange the molecules in this thing. You know we can splice this gene over here and we can cause it to grow faster and grow bigger. What! Look how many people we can feed with that.” Sounds good, but when God created that, God didn’t just create a tomato, you know. But what science does is they

break down what a tomato consists of: there are so many vitamins in this... Now how did they get in there? God made it with that. To eat that, it produces a certain thing because your body calls for a certain thing. God made a grain of corn. Why did He make it in that form; why did He make it to grow at a certain time of the year; and why did He make it to grow in a certain climate? Why? God was providing food for man whom He put on the earth here.

But when man started to multiply too fast, when man started to invade nature and destroy it and rearrange it, and started to build cities where it shouldn't have cities; where man doesn't realize that- A man sees "Here's a good highway for business. We'll buy that out and we'll put up this big factory here. We'll pay the politicians some money; they'll pass the bill. We studied business." But then that now starts to kill a lot of things in the area. It starts to destroy life in a certain place and it starts to shift the ecological balance in the earth. Well, nobody thinks about that. They just think about how much money they're making and how fast the business is growing; how many things they can do now, how many more businesses offshoot from that one, and they're seeing success.

And after a while, they see this disease starts to come up in the children, this thing starts to come up here; this thing starts to take place over here. More people are dying of respiratory disease because they breathe in this thing here. Through drinking water people get polluted because they pick up this thing over here, this amoeba inside of them here; pick up something else there in the food. And the next thing you know, when they tamper with nature, nature is hitting back at them, because it's not just nature, it's not just a thing growing there, you know. That's a system; and down to the smallest worm, when God made that and put that there, that performs a certain function. Do you know that?

And when you kill certain of those things, there are certain flowers that can't grow anymore; certain things cannot grow anymore. Certain birds start to die out because they have nothing to feed on; and then you find that whole system starts to break down; but nobody knows what it is there. They come on earth and they meet it like that. Well now what do they do? They killed out all the natural things there to bring a motor car, a washing machine, and the earth is flooded with all that man has invented and made. And the real things that God made and the real environment, they destroyed that. So man now is taken up in a world that he has made that is not designed for him to live in. He has to become perverted to live in that perverted world. And that is exactly why that has been built, because Satan has gotten a hold of him and perverted him.

You see when you desire this career and this ambition over here; and you want to go after this here and get out of your place; and you see your place as nothing, that's low; that is keeping you down. See? Who will respect you? Nobody respects you; they laugh at you and say, "Girl, get some sense." And you start moving out of your place. You don't see you will commit adultery down the road. You don't see where you're going to drift out into; you don't see how your dressing is going to change. You don't see what will happen to your health. You don't see the influence that will come upon your children, because the time that you are supposed to be there to have them around close you and give them the love and attention, brother, some boss on some job is overworking you and killing you because the company has a deadline to meet. And your children are growing up in front of the television, growing up in front of this here; out in the street playing with the neighbors' children, learning other vices and different things because you don't have time for them. And that is why orphanages have started to increase; homes for unwed mothers have increased, because the

time when they needed certain things, you were too busy in that time. That's the time you were trying to make the extra dollar and seeing progress in your life, because you're looking in the wrong place for your example.

And the same way it happens there in that way the same way it is with the world, the same way in politics, the same way in religion, the same way in everything; until the whole thing is so deformed that there's a way that seems right unto a man but the end is death. And for life to come back, it could only come back through this Message, because this is the only provided way for everything. That's why nine hundred denominations can't bring back a New Birth; not one could produce a New Birth. They could give you all the religion, they could give you all the satellite service, they could give you the television evangelism. They could give you the rock concerts; they could bring down Fred Hammond, they could go on 94.1 FM, they could have excursions, they could go to Spektakula Forum and have 'Glossolalia' and all these things; but none can bring a New Birth and give the inoculation, the Baptism of the Holy Ghost; not from the Catholics to the Pentecostals, not one. Amen! No Hindu, Buddhist, Muslim, nothing can bring that thing!

It is a lost civilization, it is gone—perverted! The only thing is to come back to the Word of God; come back to Truth, come back to reality; come back to a real awakening and where the consciousness is, if there is to be health. Because, let me tell you, even with all the health and fitness, the health of this world is going to deteriorate with such rapidity because you can't live in sin and pump iron and be healthy. You can't have three or four sexual partners, drinking rum, and then run around the gym; and then wear a lambada shorts on carnival day, gyrating on people.

You see where they're going to have this big thing here? Look at the paper all week exalting this thing

they're going to have here. Did you see this morning? They're holding their heads and they're bawling. You see, it's in front of the people's eyes every day. Read the three or four papers before the week; even the day before I was shocked they gave that the front page, full front page. I said, "Look at the kind of news they're putting: Forty thousand people going down there to celebrate a birthday party." And they bring down some dancehall star and they have forty thousand people—big front page in the paper. And then they talk about, "We have a worthy newspaper and we stand up here; and this is no garbage paper", and they try to be so ethical and everything else. See?

This is the society, friends. This is what goes on in the world. And that's why it's time people wake up. Don't ever let anybody make you ashamed of this Word, and the true religion that God has given you, because this is to take you out of the world. This is to inoculate you with the Baptism of the Holy Spirit. This will bring you back to decency, give you faith; you could walk with dignity. You could face God in an hour of judgment, and sing and glorify Him. You wouldn't be hiding and calling for the rocks and the mountains to fall upon you; you wouldn't be an insane man being tormented and wanting to die. They can't touch you if you have the Baptism of the Holy Ghost.

Did the Bible say that the whole world will have the mark of the beast? Then do you see the global proportion of the thing? All your Inter-religious Organization, your Ecumenical Move, your World Council of Churches, everything's going back under Rome the Beast, and the Protestants, the image. You see the ones who are getting this? Then you go to Revelation 7 says, "Hold the winds that we might"—do what? - "seal them with the Seal of God in their foreheads."

Oh my, I'll have to hold you a little bit and I don't want to do it. But you see the thing is just after World

War I, when World War I was breaking, the Baptism the Holy Spirit and the baptism in the Name of Jesus Christ was being revealed back into the Church. You know that? Yes, sir. And after World War I, influenza struck the world and killed more than World War I killed; killed more than World War II killed. A germ – pestilence, killed more than the atomic bomb and the poison gas killed. The pestilence killed more than the sword. They ride together, but each one is activity in a certain sphere too.

They are on the lookout every day. There are men in the laboratories, every time some sickness comes up; because a lot of people carry these viruses; and they just fear contact with different people, especially in a global age today where food is coming from all over the world to be handled and packaged and everything from all over, that one could hit [strike -Ed.] a person, and you could get like, a mutant. They begin to mix, and they come out with something more lethal. And do you know why they are afraid of it? It's coming.

Do you know why the volcanologists are looking for that big one? The earth is to be burnt. Do you know why they are looking for California to sink, all the earthquake seismologists and they are watching constantly; always on the Richter scale, to see where is shaking and where's not shaking, trying to find the epicenter all these things; watching how the continental plates are moving and so on? Do you know why they're watching constantly? They know the big one is coming too. Do you know why all the economists are watching with all this electronic banking and cyberbanking and the market becoming global? And every time they're watching the market and they're watching the stocks, do you know why they're afraid? Because they know the big one is coming. That's... And do you know why the Bride is looking above, as we heard the song this morning? She knows It's coming too. Jesus is coming

to take us back, amen! It won't be long, soon we'll be gone. Hallelujah!

It's demon power, friends, it always was demon power. What brought the fall in the Garden of Eden? What broke the unity between man and God? Demon Power. Where does sickness come from? From that very fall. What is behind it? Demon power. When Jesus met them and He fought with them, going into a ministry of divine healing, what did He go up against? Demon power. When He went over in the Word and began to preach, what was He dealing with in all those Pharisees? Demon power. When Paul went out there and saw that white horse rider riding 'the mystery of iniquity doth already work', do you know what he was dealing with? Demon power.

Do you know what you and I are up against? Demon power. And if we don't walk in the realm of this Word and the realization of Truth, and the Hour, and the Scripture, and the mystery unfolding, we'll just be church people with a false concept of the world. That's why the Word opened to let you see we have heard a Trumpet sound that declared spiritual war. We were delivered because a man waged war on organization. We can be healed this morning because a man brought us back to the Fountain of divine healing. Amen! We can be sealed with the Holy Ghost because a man brought back the true mystery of the Baptism of the Holy Ghost; what It is; what you're looking for, how do you know you have It, what results It brings? We know where to go in this Hour of judgment because a man opened the only provided place of worship, the only place of safety. Just like Moses brought his people into a place, just like Noah brought them into a place, just like Elijah went into a place; just like Jesus told them what was coming and to flee, so we have been warned also, the same way. That's why these things that are moving, friends, spiritually, physically – the realm of activity of demon power has been like never before.

Let us stand to our feet. God bless you. I am sorry I cut it short but I just had to – But watch what I was doing.

Your Fourth Seal is what? This Age. The last three Trumpets are what? This Age. Your Vials are what? This Age. Under your Fourth Seal – pestilence. Under your Trumpets he said, “Watch those demons being let loose; watch the torment coming.” Under your Vials watch that pestilence shoot across the whole earth. The big one, friends, you’re looking at it in the Word. If I had a little time, I would’ve taken you back into some history and show you.

Let the musicians play softly. I’ll give you just one quote here. He says:

...Oh I wish now we were starting in for about a three-months teaching service, so we could get into the Book of Revelations and tie it in with Daniel, the great vision.

This is *Seven Church Ages*, 1954 [1954-0512 para. 25, 27-30 – Ed.]

How the Book of Revelations, how It’s made up, and Daniel ties in with It. Isaiah ties in with It. All the Old Testament ties in with It. And It’s the Book of the Revelation of Jesus Christ...the Book of the Revelation of Jesus Christ. (Catch this.) And then, in there there’s Seven Churches, Seven Plagues, Seven Seals, Seven Trumpets. Now, a trumpet represents war, a seal, a mystery unfolding; and a plague is what follows every war.

And by God’s help, and with the book of history...

Did you get it? That’s why I was telling you the other day; I told the brother, “Go and do the history, brother. What’s the matter with you?” Seven Church Ages have been opened to us; brother, everything that is in that Book of Revelation we can see where it comes because the history has been defined. We know when the Age started. We know who the messenger was, we know what this mystery unfolded. We know who he fought

against in the Scriptural war. We know what plague hit. You're going to find it in history. It's in there. Listen.

And by God's help, and with the book of history, I can prove to you that we're living at the Seventh Trumpet, for the Seventh Plague, and the Seventh Seal to be opened, and the Seventh Vial to be poured out. When the sixth one sound... We'll get on that maybe the sealing away. When the First World War, why, that Sixth Trumpet sounded exactly according to the time God spoke of it, exactly, geographically, following the seal before that.

You see, those are keys the Holy Spirit was dropping down there. Do you know the Church Ages came historically? Do you know it came geographically? Do you know it came chronologically? Do you know it came scripturally? Sure. You always hear me say it over and over: Paul, Irenaeus and Martin under that First Seal; Paul in Jerusalem and Asia; Irenaeus and Martin in France; Columba in Europe; Luther in Germany; Wesley in England. "How it crossed the English Channel," he said, "come over into the United States; going back out to the Pacific, going back to Japan and China and going back East." Think of it. And each messenger was put geographically too. If the Church Ages came geographically then the messengers had to be put on the earth.

That is why I do what I do, friends. I always say, God fixed this Church in the earth, in the region; and that is why we have to wake up and see where He put us. Because when the Church Ages opened, you realize that every man is fixed. When Columba was back in Jerusalem, it had no more Light to come there because the Light was going from East to West. Because when the last messenger comes, it must be on the West Coast because it shall be Light at Evening Time. It has to be Sunset Mountain, Sunset Peak; a setting of history and prophecy. That is why it had to be a coastal city, Los Angeles, the last one on the West Coast before it goes into the Pacific Ocean. Civilization followed the sun,

and the Gospel came with civilization. And judgment can't come until Light has come; and if the Light comes geographically then judgment had to come geographically. That is why the earthquake, the big one, is fixed in the West. It has to follow the Message going out. It can't drop in Trinidad. Do you see what I'm saying? You see, that's why we need revelation where we're walking.

I don't want to tell my dreams on the pulpit but I had two nights of dreams; one on the first night and one on the last night. This morning I got up; I was dreaming we had a service. In the both of them we were having service; and there was such a nice atmosphere among the people, such a sweet Spirit. And like God was moving and people were staying back and worshipping God; like they were getting a hold of reality, it was coming down close. And I remember there was a young girl, she had gotten up and she was giving like a poem and she was saying, "Oh yes, we have love in here, but then there are some who really need to get all that hardness and that bitterness away from them."

When you think, friends, these last couple months, we've been preaching here in the Book of Revelation for you, tying it in with the Old Testament, bringing out some of these things that you can see vividly. And we try to go back into the history, comb some of the histories and see when the epidemics came out and followed the wars, how things happened. And seeing Brother Branham said, "When I went through the history book with the Church Ages," he said, "I found a pattern unfolding all the way down. I saw the messenger, I saw how it came geographically; I saw how it came scripturally. I saw the place, I saw the time, I saw the war; I saw the judgment how it came. It's there in the history."

Do you know why it has to be there? To confirm the Book of Revelation because the Book of Revelation is here; and the times that's come down through the Ages

is past. You can't go into the future to get the knowledge of the past. You have to go back to the past to find what happened there because that's where the prophecy is fulfilled. He found Columba. When he came down to Columba and St. Patrick, he said, "The Holy Spirit came up: Columba." When he came to Irenaeus and Martin and Polycarp, he said that the Holy Spirit dropped on Irenaeus. And he gave reasons why, too. Is that right? Then the Pillar of Fire came and wrote it on the wall. He said, "I could take the history book and begin to show you how it comes and where we are standing."

It never ceases to amaze me. I was telling Brother Stewart the other night; I said, "I used to be crying." I said, "I used to go in the cane-field and cry and cry and cry." I came in the Message, Brother Sammy and myself, we used to read the Church Ages Book, live in it; and we always quote, "Out of the Ages come the Seals, and out of the Seals come the Trumpets, out of the Trumpets come the Vials; until the whole thing is opened wide before our wondering eyes. And we, edified and purified by His Spirit, are made ready for the coming of the Lord." And wave after wave, down through the years, how God has come and – This Book of Revelation, I always say, thinking in pictures. And I stood up there and it came to me, Revelation 1, 2, 3: go back in Genesis here. Revelation 4: go back in Kings here. Revelation 5: go back in Jeremiah here. Revelation 6: go back in Genesis here. And on and on like that to Revelation 22 and find the Scripture in the Old Testament for that, Scripture in the Old Testament for that, Scripture in the Old Testament for that, Scripture in the Old Testament for that, Scripture in the Old Testament for that.

Brother, let me tell you something, what a time we are living in! And do you know what the great thing is? When man didn't believe in miracles, healings, all these things, the New Birth, the Prophet came back. They said, "You are trying to bring an Apostolic Age." He said, "As long as He is calling the Apostolic Age is going on."

And that Apostolic Age is “As many as the Lord thy God shall call, even unto you and to your children.” Do you know something, this is an hour, if people want the Holy Ghost they can get the Holy Ghost. And this is an hour you’d better get the Holy Ghost. You’d better know you have the genuine Holy Ghost. You say, “I have the Holy Ghost.” And you have bitterness and strife, you have hate? You can’t submit to the Word? Don’t fool yourself, friends, not that kind of church Holy Ghost we are talking about. That won’t stand up against these things. That’s why when one little sickness comes, people die; people are falling apart left and right; they don’t even have faith. Because they realize they claim to have the Holy Ghost and they don’t even have faith. The Holy Ghost brings faith. The New Birth brings faith, and not mental faith, spiritual faith that the gates of hell cannot prevail against.

The mark, you have resisting power to resist the devil in the real world because all kinds of things are flying around. Brother, you better have the Holy Ghost. You will depend on It to stay healthy, because the things we’re eating every day would kill a rhinoceros, it would floor an elephant. You better have faith. And don’t let it be gluttony, be like Stonewall Jackson, “I don’t take a drink of water unless I give God thanks for it.” When you open up that bottle of water or that pipe there, you say, “Father, I thank You. You promised that these things will be sanctified by the Word of God and prayer. We have need of it as long as we’re in this body, Lord. We know what we eat today is not even fit for human consumption, but dear Jesus, You promised because You know the strength we get from this is to be used back in Your service to advance Your Kingdom, Lord. And Lord, when I’m going down and I feel kind of weak, and I reach a stopping place, just renew my strength because You promised that You will renew our strength, and we shall mount up with the wings of an eagle; we shall run and not be weary, we shall walk and not faint.”

In your heart today, my friend, my brother and sister, all it takes today is faith and sincerity. God gives the Holy Ghost to them that obey Him. Blessed are they who hunger and thirst, they shall be filled. Ask; He said the reason you don't receive is because you don't ask. Know that the Holy Spirit, friends, is not just a little statement. It's not just a little feeling in your life. It's Jesus Christ wants to live in you, that you and God can walk together in this Hour. He can be your shield; He can be your exceedingly great reward.

We have some notes of thanks here. [Brother Vin reads the notes of thanks and a prayer request- Ed.]

Let's just bow our heads for prayer. We just want to remember this request for the newborn baby [of Brother and Sister Hollis Nunez- Ed.], and if you have a special request in your heart. And I trust that you're crying out for the Holy Ghost and more of the Holy Ghost, this morning. We've come to the end of the service. And for those of you who didn't think it would be this long, we thank you for your patience, especially the family of the betrothed couple, being here maybe for the first time and that you could've sat and heard the Word of God. Now let's just pray as we bring this service to a close.

Thank You, Jesus. We bow our hearts in Your mighty Presence. We look to You, the God who says He is the God of the Amen. When we read these things, Father, what is coming upon the face of the earth, what is going to strike this generation, to know that there is no hiding place. We see under the Sixth Seal, great mighty men, captains, men who knew the battlefield, men who knew war, when they saw the wrath of the Lamb, they began to cry for the rocks and the mountains to fall upon them. They said, "Who is able to hide us from the wrath of the Lamb?" And dear God, when we think, Father, that even brave men like that who have been on the battlefield, who God, know the power and the capability of the weapons of these great scientific inventions; weapons of mass destruction and

what they're capable of; men who knew of disease and different things that they kept hidden from the public lest they cause people to panic, suppressed the information, sedated the people with false news and propaganda, oh God, while they feverishly tried to work in the laboratory to find cures, to find different things, dear God, fighting a losing battle.

But Lord God, when the Seven Seals opened, no media place, no communication network could suppress that information, because the Holy Spirit opened the Word and revealed the Truth that cannot be suppressed, revealing and shining the Light of the Hour and the things that are coming upon the face of the earth. That's why, dear God, when we see the Time that we are living in, and we see You reveal Yourself in this Age as the God of the Amen, the God of the Unfailing Promise, the God of Finality; we see You reveal Yourself as the Faithful and the True Witness, oh God, the One who is reliable and dependable; we see You reveal Yourself as the Author of the creation of God, Lord God, the beginning of that very creation; knowing that we are the continuation, and dear God, we are coming into a very glorified condition in this Hour. Lord, how it rejoices our hearts because we see what You have provided, Father.

When we see the kingdoms of this world falling apart, and we see You promised we will sit with You on Your Throne because Your Kingdom is fixing to be established upon the face of the earth, we rejoice, dear God, with joy unspeakable because we realize what it is to know You, Father, as You have revealed Yourself in this Hour. We thank You, Lord. It gives us a strong consolation. It gives us a hope steadfast and sure. It sets us upon a Rock that we shall not be moved. It brings us into the hiding place, it brings us, oh God, into the Refuge; and Lord, we are grateful, Father, that all that we have need of is provided for us in this Refuge. We think of how Noah was shut away in that place of

safety before the wrath struck; and how Moses and the people were shut away in the place of safety under the Token before the wrath struck, dear God. We think of Elijah entering into a secret place, Lord God, before the judgment and the wrath struck.

And so dear God, even in the time of Ezekiel, dear God, when the Sealing Angel moved through the land, as the prophet said You are moving through the churches in this hour because of the things that are coming upon this generation. Almighty God, Father, we run with haste today to the place of Refuge, oh God. We run looking for that Rock in a weary land, that Shelter in the time of the oncoming storms of judgment. Oh God, may we be so quickened, Lord, to the realization as the Scripture breaks, as the mystery unfolds, as the Light, oh God, shines on the Scripture, and the handwriting on the wall is being made plain to us, oh God, that we can see Babylon is fallen, the world is falling apart, oh God, and Lord, destruction is going to come upon this generation. But dear God, we thank You today, Father, that there is a Promise, Lord, there's an order given: "Touch not those who have the Seal of God upon their foreheads." We think, oh God, of that Angel with the Seal of God coming to call those names in the Book, and seal them in their forehead; writing the Name of my God, the Name of the City of my God and my New Name on our foreheads, Father.

Lord, we thank You for that, oh God, to know we are part of the family; that the very Name on the thigh is the same Name written on our forehead. And dear God, we understand the connection that we came from Your loins. We are part of you, dear God, we are Your children, Your expressed attributes birthed into Your family. We didn't join this Message; we didn't join this Church, oh God. But dear God, we are born by predestination, oh God. You chose us and predestinated us unto our placing, oh God, and we thank You for that, dear God. Oh Lord, make that the portion of every

hungry heart here today, that they can live with this assurance, they could live with this realization. Grant it, oh God. We realize, Father, what a privilege it is to have this Message. Oh God, we embrace it even tighter today. We treasure it, oh God, and we thank You with joyful lips, Father, that we didn't choose You but You chose us, oh God. Lord, we glorify You today, Lord, to know that it's not by our might or our power but it's by Your Spirit.

And Lord God, I pray You seal away, oh God, every name that was written in that Lamb's Book of Life, Father. They would cross that chasm, those who have not yet crossed; those who have not yet found that place, those who have not yet come into that experience where the old things have passed away and all things become new, making them a new creation where they no longer walk by sight but they walk by faith, dear God, quickened and raised up into heavenly places, the believer's position, oh God, full of grace, full of glory, full of power; their lamps trimmed and filled with oil. May You grant today that that will be the reality, oh God.

And Lord, when we think, Father, that is the kind of people You can use in this hour to wind up this Commission. And Lord, as we go forth in the foreign field in this region, oh God, going out there in St. Vincent for the meetings; and here dear God, from this Church, this headquarters that we have here, Lord God, where we preach and teach these things that have been opened up to us by the Seventh Angel, Lord God, showing us that the end of all things is come; Lord, we pray that we'll have a group here under the unction and the power of this revelation at a post of duty, not shirking that responsibility, but praying because they know what it is. They understand the warfare. They understand what it takes to face the challenge. And Lord God, shoulder to shoulder, back to back, Lord God, as an army, as a force, as a unit, dear God, they'll come in rank and file and they will take their positions,

Father, that dear God, the work can be successful over on the other side.

And the brothers, oh God, that would be going tomorrow, Lord, like a first unit launching out, Lord, like the pioneers, the rangers, dropping down from the sky into the battle zone, Lord we pray, that they will be so anointed. They will be so focused, dear God, that the Holy Spirit will be so quickening them and inspiring them and leading them, there will be unity and harmony and cooperation among them. Lord God, that Your Spirit will begin from the very first day, from the moment they land there, oh God, to begin to identify. You said You will stand and go with them, Lord. You will give them a clear way from the moment they land at the airport. Your Prophet said all those devils come to wait, but I pray, Father, as they go they have the King's Scepter and they flash their badges, hallelujah, oh God, they've come for the sheep, dear God, knowing, Lord God, that they're anointed and commissioned and no gate could stand before them. Lord, we pray that Your Holy Spirit, Lord, will so move with them, Father.

Lord, even the rest of things we have to do and see over, Lord, after the dismissal of this service, we pray Your Presence will be with us and continue to be with us. And Lord, You will see us through everything that has to be done, that the work of the Lord can go forth, Father, in an orderly way, in a proper way, in an effective way, in an efficient way, Father, that You can be pleased, dear God, we could work under Your Headship. Your Intelligence can govern and influence and direct us in all things.

And dear God may in the services that would be here during the week be one in prayer and backup support, dear God. And may the Holy Ghost that we spoke of, this Angel with the Seal of God, move Father, that no angel, no demonic spirit, no fallen angel, coming to anoint and afflict with disease and pestilence would be able to come against Your children because they will be

fortified and protected under the Blood, with the inoculation and immunity of the Baptism of the Holy Spirit. May you grant it, Lord. We pray and ask it, Father, in the Name of Jesus Christ.

If there be any, oh God, today, sitting and hearing these things, realizing oh God, they sit in some cold organization, some man-made system where they don't hear these things, some traditional religion, oh God, Father, where they just go and go through routine and ritual, but their soul is crying for reality, how I pray, oh God Father, You will deal with them, oh God; that they will come to recognize, Father, You have promised a Message in the last days which You have sent by a Prophet and that's how we can walk in this Light. And may they come to recognize that these sayings are faithful and true. Grant it, dear God. We commit all into Your hands, Father.

We pray You will have Your Own way. We pray You will lead and direct everyone, dear God. May the workers be attentive. May the deacons at the door be attentive. May the ministers in the service be attentive, oh God, to give assistance, to help, to make themselves available, Father, and not wait for formality and ritual; but as a church conscious, as a church sensitive, as a church aware, dear God; as the Word put us on guard, on the alert, dear Father, we can move, Lord, by the nudge of the Holy Spirit, dear God. May you grant it, Father, so that You can work Your will in and through us, and help could come to all those who desire and are hungry to know and desire to learn and that want to receive these things, Father; to know how to prepare and make ready, how to enter into Your Kingdom, Lord, that they could be instructed and directed. May as You see fit to order the service, oh God, what You will do from here is up to You, Father. We just want, Lord God, to ask that You watch over us and You order everything, and that it be pleasing and acceptable in Your sight, Father. Let Your will be done.

Even that dream I had God, Lord God, it sure encouraged me, Father, to see the Lord, the church, Lord, getting under a certain atmosphere. Lord God, I pray that it would be like what I saw in that dream, Father. And Lord, we would be mounting higher and higher and these things would make us more sensitive, oh God, and more aware, Father, as we study the messages and the emphasis the Holy Spirit has been giving, oh God, and the things that He's been showing and alerting us to, that Lord, as we look and see, Lord, we will see that these things are not made up; that they'll be reality and the days to come, Lord, men will be saying, "We heard that in the service. That was told. Look I am reading it here, look it's happening here." Lord, because it will be all around them because this is the Hour for these things, Lord. It will be on the increase and we know that is 'Thus saith the Lord'. So Lord God, may You have Your Own blessed way and may You undertake and make hearts hungry for Your Holy Spirit, Father. We pray and we ask these things, in the Name of Jesus Christ, amen and amen.

Thank you, Jesus. You may have your seats. God bless you. As we get ready to go...

Blessed Assurance Jesus is Mine,
Oh what a foretaste of glory divine
Heir of salvation purchased of God...

[Brother Vin makes an announcement to those traveling to St. Vincent - Ed.] And remember as we say, it is not an excursion. Behave like a soldier; behave like one who's conscious, one who has been alerted and sensitized to the objective and the purpose of our mission. And let's all be in rank and file, in one mind and one accord.

And those of you who are staying here, please don't say, "Well, the minister and they are gone over there and maybe I could stay home tonight." Please don't do that. Don't do that please. Please try and come out and especially hold the fort here and pray us up and give support to the service and stand at your post of duty,

knowing we are out there in the battlefield in the campaign. When we see these things here and going out there, we want to warn every man and give everyman the reason of the hope that has come to us in this Hour; because there is a hope given to us through this Message. We want to spread these tidings around and give it to everyone, this great assurance of the Lord Jesus Christ in the Last Days.

May God bless you. You who are not a Christian; if you want to know more of these things, and you want to see some literature so that you can read some of these things that you can know more about it; there're deacons at the door. There're ministers here that can sit and talk with you, take you up the hill. And please when we are in the service, even you who might be a lay-member, you may say, "Well, he called the officers by the door." You are a worker in the assembly too. And if you sit down next to somebody there, you realize they are being blessed by the Word, you realize that the Holy Spirit has really touched their hearts or something, amen, you make yourself available. Be a real sweet Christian; be salty. That's what it's all about, friends. That's what the Word must produce inside of us. That's the true sign that you're really Spirit-filled. You're sensitive to the Holy Spirit. The Spirit can deal with you and work in and through you. That's what we are desiring to see.

And don't – because we say the service is dismissed – run through the door. You sit there tonight, wait and say, "Lord, speak to me. I'm still waiting here. The minister preached, but Lord, I tried to follow, and there are certain things that stayed with me; there are certain things that it seemed like You spoke to my heart. There are certain things that You nudged me concerning them, Lord; Lord, I want to see in my heart and settle those things with You before I leave this place today." I want to take my Christianity seriously, friends.

The things we are seeing and God is showing us in His Word, remember you will see for yourself. You will see it round about you every day. It's like you're reading the newspapers. It's real to you. I'm showing you that the things you read and see many times and don't give emphasis to and importance to, and don't realize where those things fit in the Word is why you keep going on the same way looking for something down the road. But I'm trying to show you these things are in the making; it's moving all over. Because you don't study those things; but the people who study it, who try to get weapons, medical weapons of medicine in the great armory to fight and wage warfare against disease in hospitals, in medical seminars, educating people everywhere around the world, trying to bring a greater health in programs and televisions, how they fight on different fronts, fighting a losing battle. They know it. They are admitting it. They are on the retreat. It's like a no hope situation. Do you know why? Because the Bible predicted that, friends.

And think of these things written in this Bible thousands of years ago, yet you open It, and you read the news, and it's happening right there. And because of the Message that we are under, we can read it. If you go around, people can't even open the Book of Revelation, much more to start to preach in it. And so many places people talk about the Seals and these things...Like somebody was telling me some minister was trying to throw off on me in the message, preaching. He said, "Ah, I don't preach these Vials and the Trumpets and those things; I preach faith." Could you imagine that kind of ignorance in the pulpit? He's trying to get people sealed – sealed from what? What is so urgent that they must be sealed from? What is the place that they must run into safety because of what is going to get a hold of them? What is it? What is coming that we are warned of? What is coming against people who don't have that Holy Ghost? When you know what is

coming, you know why you need to have the Holy Spirit. Then when you know what is coming, it's not going to be the Holy Spirit to just jump around in Church. It's the Holy Spirit that could give you faith for divine healing. It could give you the power to walk with God and live in the Presence of God. When you realize and you're saying, "Saints live right, live clean"; you understand why live clean. You understand why live right.

You understand when you're mixing up with people you don't even know, half the time. You're letting some boy touch you up and kiss you up and you don't even know him. You just know he has curly hair and he smells like some perfume parlor or something, stand up there talking. See? You sit and you watch them there, and then you're going through some little thing there naïve, and you want to give in to somebody. You don't know what some people do. You don't know what family they're from. You don't know their background. You want to get married and you don't know what runs in that family. Let me tell you something, sexually transmitted diseases, some of the greatest forms of pestilence, that's where it moves. Do you know why pestilence follows war? Because in war they ravage women; and that is not skin disease now, sex mixes blood, saliva, chemistry. We could go very, very far with some of these things. I don't have the time this morning to show you.

Remember when I preached on *Hereditary Sins and Sickneses* [1997-0929 - Ed.] and that Russian family married to the Spanish family? And the Spanish family had never known there were certain diseases in their ancestors, back for hundreds and hundreds of years. And then they came and married here and those diseases in that family came through here. Remember those young girls who were going blind, and wearing thicker and thicker glasses? And it was Gonorrhoea and Syphilis coming down. You want to play you can't

control your hormones; you want to play you get a little excited? You want to play you're getting too old; you want a boyfriend so you just go outside in frustration and get one? No wonder you'd better get the Holy Ghost, it's what you need to get. Amen.

...all the day long

Blessed assurance, oh, Jesus is mine.

Oh what a foretaste...

The Coming Global Epidemic, friends; global proportions. Millions will die – millions. We have not even talked about the insanity yet that it will drive some of them into. He said, “Wait till I open those plagues and those Thunders, you will see what those scientists are mixing in those test tubes, what those people were dreaming.”

This is my story today

Oh, and this is my song

...all the day long

This is my story, this is my song

Praising my Saviour *all the day long*

As the musicians just keep playing softly, I didn't pray for the baby. If the parents are here, could they bring the baby?

Perfect submission...

You see, many times parents sit in a meeting, they send a prayer request. Let's get away from this kind of thing, friends. This is for people who are not in church. This is for people who maybe are somewhere where you can't get to them. When you're here, the Bible says you call the elders. If you approach God with faith He will not disappoint you.

Almighty God, we stand here as believers in Your great mighty Presence, desiring oh God, with all that is in our hearts to rise up and to live by every Word that proceedeth out of Your mouth. Lord, we do not want to have affairs, Father. We do not want to look for the easy route, but dear God, we want to be lead by Your Spirit. We want to know, dear God, if we have a situation that

we cannot face, we still do not have to run; we can come to You and ask You to help us and give us the strength to face it, Father. And so, dear God, as we stand here today renouncing all fear, putting all these negative things behind, Father, knowing oh God, that Jacob tried different things, dear God, but dear God, You forced him into the open to acknowledge, oh God, Father, what he was and what You are, Father, because it was a purpose in Your heart to change him and to make him a prince with power before God. It was not to diminish what he had but it was to increase, Father, and to raise him up to another level.

And so, we are believing, oh God, as sons of God, as daughters of God, Father, we could be lead by Your Spirit. And when circumstance comes, Father and many times, even though, God, we see that we are weak, dear God, we think of Your Prophet and his wife, he said, "Honey, we don't have the faith, you will have to go and take the operation." But yet something down in there kept praying, oh God, and the Angel said, "Stand to your feet"; because you know how to test to the final point, dear God, that You could come on the scene, oh God, and change the circumstance. And so we believe that You can, Father, even in this situation.

I pray you strengthen the faith of my brother and my sister, oh God, Father, they would stand with that unfeigned faith, with that faith as a grain of mustard seed, oh God, knowing that You Who gave them this child, gave them a child to enjoy health and to prosper in health. And if You love them to give them children, and Lord, if they love You to surrender their lives to You, to submit to the teaching of Your Word, to grow up that they could raise this child to serve You, to be real parents, how much more are You willing, oh God Father, to give them victory when they would exercise their faith, regardless of what would come against that child because they have a commission to raise that child. And anything that would come as a hindrance,

Lord God, they are empowered in the office of parents to possess every gate and go on to the objective. And I pray today Father, that God, they would have victory and that the child would be delivered from this hernia, from this condition. May You touch the child, may You make that child well, Father. And may You strengthen the faith of the parents, dear God, and may You give victory. In the Name of the Lord Jesus Christ, we pray and we ask it, Father, amen. Amen.

Perfect submission, perfect delight...

God bless you. You are dismissed. Remember, be out here for service in the week.
