THE SIGN AND TIME OF THE SUPERNOVAE **Sunday 8th June 2003.**

(Lord I see a world that's dying,

Do you see it?)

Lord I see a world that's dying,

(Wounded by the master of deceit.)

Wounded by master of deceit.

(Oh, grouping in the darkness,)

Grouping in the darkness,

Haunted by the years of past defeat,

(Oh but then I see you standing near me,)

But then I see you standing near me,

Shining with compassion in your eyes.

(Oh Jesus.)

Jesus shine down on me,

Let your light shine thru me in the night.

(Oh let's sing, lead me Lord, I'll follow)

Lead me Lord, I'll follow

Everywhere you open up the door.

Let me know your wisdom,

Let me know your wisdom,

Show me things I've never seen before.

Lord, I want to be a witness,

You can take what's wrong and make it right.

Daystar shine down on me,

Let Your Light shine thru me in the night.

Amen, blessed be His wonderful name. Let's just bow our hearts for prayer. What a blessed privilege it is, to be in His house today, in His presence. I've got a request on behalf of Brother Krishna Mc Allister. He is requesting prayer for a swollen leg and hip, due to an injury. We just want to remember him also. And if you have a special request upon your heart, let's believe in this finished work of our Lord Jesus Christ. Let's be sensitive to His divine presence, His unfailing words of promise of 'where two or three are gathered together in my name there I am in the midst.'

When people knew that He was around, something triggered a faith within their hearts. Some reached forth to touch Him. They knew that touching Jesus was all that matters. They broke through the hindrances of their own faith, all the inner doubts, all the fears and flusterations, they could catch that hope; they could move on the pulsation of the Spirit. Because that's the unique ability that God has placed in the heart of every predestinated seed, something that the Holy Spirit can strike. When the Spirit of God strikes that seed on the inside, it comes to life, faith takes a grip; nothing can shake it loose. Believers are the same in every age, because God's attributes were being expressed down through the age.

The Holy Spirit spoke in every age, hunting out those seeds and quickening them to recognize their day, to recognize the presence of God. The elect always recognized his presence; no matter what form He came in; no matter how simple He moved there's something about the Holy Spirit. I believe that great faith He put in the heart of the predestinated can sense the time of opportunity.

Our gracious Lord Jesus, we stand in Your presence, recognizing, oh God that You've made a new and living way for us to come; a channel of communication for inspiration, an access that we have, whereby we can come with confidence; because it is none other than the precious blood of Jesus Christ that You've shed; that we can approach the throne of grace with boldness; with confidence because of the sufficiency and the completeness of His great atoning sacrifice.

And to know that based upon that finished work because He went to the Father, He said, 'whatsoever you ask when you stand praying believe that you have received it and you shall have it.' And, God, how You encouraged us and motivated us to release the faith inside of our hearts, by telling us it is impossible for God to lie, that through faith and patience we inherit the promises of God.

Even by the oath of confirmation that you gave, witnessing the things of God to us, that our souls could be tied to the absolute of your infallible Word, knowing that you are immutable. You are unchangeable, dear God. We could have an anchor of the soul. An oath of confirmation can bring an end to all strife. We don't have to be tossed and wavering in our minds because this brings

settled peace, a peace that passeth all understanding. Even in the midst of the storm we know the anchor holds within the veil.

Almighty God, we pray today, Father, knowing, dear God, that you are a God who keeps all your promises. They are yea and amen. Let the Spirit of the living God, so drop that faith Lord, that inspiration in the hearts of Your believing children; they that stand here with needs, looking unto You, looking at that finished work. Knowing, oh God, that, that's the basis and the foundation for our faith. Because when you raised up our Lord Jesus, knowing He who was delivered for our offenses, was raised again for our justification. To remove all guilt and all condemnation showing unto us that, what you did on our behalf was accepted for us.

And that when we stand here praying you see us as Him. Lord, we lay aside all fears and all doubts now and we approach you with the confidence that comes from this revelation. And seeing it is Your willingness to give and to do these things for us, to give these blessing unto us, that's why You opened up the revelation, giving us an access, a channel, that faith can take a grip upon these things. And we can go to acting as though it already happened.

We thank you for that, Father. How the devil has robbed so many from that. But this is the hour, Lord that he will no longer be able to rob your children from these things because Your Holy Spirit is here making these things real. Because this is the Armour of God: the helmet of salvation, the breastplate of the righteousness that we have received. Oh God, the truth that our loins are girded with, dear God, the peace that our feet are shod with.

Oh God, that all these things we receive by understanding that finished work, Father. And now standing in the completeness of this, oh God, we can walk out of this place today rejoicing. Knowing oh God, that the devil cannot battle this. The only way he can get at us and overpower us, he has to undermine and destabilize our faith in this. But now we understand what it means to us to be clothed in the whole Armour that we might be able to stand and stand fortified, stand in an impregnable fortress of your revealed truth.

No wonder you said, 'the gates of Hell shall not prevail against the church of the living God'. Because Lord, when we stand as we are more than conquerors through Him who loved us and gave him

self for us, how shall He not freely give us all things? Oh God, when He offered up His own Son, hallelujah, to remove every obstacle, making Him the very propitiation that we can come before you, oh God. Because herein is the love of God: not that we first loved you but you first loved us and gave yourself to be the very propitiation for our sins.

Oh God, it is not what we feel. It is not what we try to work up our self into but it's what we believe and receive and confess. Hallelujah! Oh God, because this is the expression, Father that we have made our identification in this refuge, in this shelter, in this secret fortress. Oh God, in this city of refuge, where we fled for refuge and lay hold on the hope that is set before us, where our anchor holds.

Bless each and every one, Father. And may they receive that healing and that deliverance; oh God, and that divine revelation, and that baptism of the Spirit and that brand, new touch that they are seeking. And that which, oh God, they've come expecting to receive, believing this morning. Knowing that, we didn't just come oh God, to gather here for a tradition. But we've come Lord God, by your commandment and your admonition, that as we see the day approaching, we forsake not the assembling of ourselves.

And hearing this inspired song ministered to us this morning: It's time for the end time Daniels to rise. Why? Because we are seeing the handwritings on the wall, it's time for the awakened Esther's. Because we see, Lord God, the confirmation of these things, Oh God, that have been witness to us, the revelation to show to us, Lord, is time to enter into the presence of the King.

And we thank You, that You can give inspiration, oh God, to awaken us Lord, to give us power to rise and shine in this hour, Lord. As we see the Gentile kingdom going out we know, God, there is to be a gifted church, a Spirit filled church that would have angelic visitation. Lord, God, would have signs and wonders and miracles, great exploits being wrought by the faith that you have revealed in their hearts.

Because that is how it was, a people with such faith in their heart they would not bow to an image, to no pressure, to no evil system, Lord; because they worship the one true and living God that they are in union with. Blessed be your name. We thank you for that, Father. We pray oh God, that Lord Jesus, all these things

would abide within us and we would abide with in it. For you said, “If you abide in me and my Word abides in you, then you can ask what you will.”

How many times we quote scriptures Father but how little we meditate upon the Word; to realize the reality and the magnitude of what you have given to us; and how strong you have made it and you gave these unfailing words of promise. May it bring rest and peace and confidence and joy into every heart today? May Your Holy Spirit move among us, and minister to us? Knowing that things, oh God, I hold within my heart that you have quickened and inspired that you have done, oh God. We feel led, Lord, to speak this morning, that Lord Jesus, it might inspire faith in the God who is here in our midst.

Shake us away from little intellectual ideas and conceptions and God may You lead us into such a deep faith, by bringing us conscious of the presence of the living God, the present God. Let not your presence be unrecognized. Let your quickening power quicken us, to recognize these things, Father. We commit all things into your hands. Take into consideration every need.

Remember our brother Krishna at home, Lord. By faith in the name of the Lord Jesus Christ, we send the Word of healing to him. May the Holy Spirit minister the blessing to his heart, may sufficient faith rise up? And may dear God, Your inspiration move him up into that realm where he can walk out of sickness, and be restored to his health. And be made well for the glory of God, in the name of Jesus Christ; as we the church of the living God ask for this; in the precious almighty name of Jesus Christ.

Now Lord, speak to us out of Your Word. Remembering all our brothers and our sisters, which we never want to fail to remember. Especially when we get to meet with them and we see what you are doing for them. We see the effect of what is happening here, that it has upon them.

Lord Jesus, bless them today, Father, as they gather. There are needs, that not having a minister there, God, one to stand and look over them with that discernment but you are the great Shepherd and Bishop of our soul. May faith rise in the hearts of the believers when they assemble? And may that faith move them, Lord, in the order of Your Spirit; Lord God, in Your Word. To see all the things that they have need of be drawn down, pulled down

in their very midst; as the living Spirit of the living God will minister to them and do great mighty things among them. Grant it Lord. We ask these blessings in the name of Jesus Christ, amen.

Amen, praise His wonderful name. God bless you. I'm certainly glad to be with you again. We are on the verge of going out to the campaign; a campaign that comes at this junction in the Word where we are. I'd like to get to the book of Esther, chapter 1. And these things that are happening, these things that the Holy Spirit has been focusing our attention upon, we just want to stay under the influence of it.

And as we go out on our campaign, we go out anointed knowing where God has been dealing with us and what time He chooses to send us out. And when you learn to follow the leadership of the Holy Spirit, you learn to watch these things. Because if God has been speaking to you, speaking to you, speaking to you about certain things and then sends you out. Then it means to say, what He has been speaking to you about and the time He is sending you out, are all related. One of the things about God is that, His thing is not haphazard. He always works in the continuity of His Word. He always works in the continuity of His Spirit, amen.

Esther chapter 1; I'll just pick the places I would like; verse 10. Verse 1 to 9, speaks of the great feast of the great king Ahasuerus, when he gathered all his princes, from over one hundred and twenty seven provinces. When he showed forth the riches of his glorious kingdom and the honor of his excellent majesty. And then when that time was finished verse 10 says,

*On the seventh day, when the heart of the king
was merry with wine,*

His cup was running over. Amen.

*...He commanded Mehuman, Biztha, Harbona,
Bigtha, and Abagtha, Zethar, and Carcas, the seven
chamberlains that served in the presence of
Ahasuerus the king,*

*To bring Vashti the queen before the king with
the crown royal, to shew the people and the princes
her beauty: for she was fair to look on.*

Verse 9 tells us, that Vashti the queen made a feast for the women in the royal house, which belonged to the king Ahasureus.

So when these seven voices of the king were coming forth, she was in the midst of her own feast, taken up with her own programs, had the attention of every body around her and she felt that this was an interruption. She felt that she already had some important thing that she was doing. And so;

But the queen Vashti refused to come at the king's commandment, by his chamberlains: therefore was the king very wroth, and his anger burned in him.

Then the king said to the wise men which knew the times, (for so was the king's manner toward all that knew law and Judgment:

And the next unto him was Carshena, and Shethar, Admatha, and Tarshish, Meres, Marsena, and Memucan, the seven princes of Persia and Media, which saw the king's face, and which sat the first in the kingdom;)

What shall we do unto the queen Vashti according to law, because she hath not performed the commandment of the king Ahasuerus by the chamberlains?

And Memucan

The seventh one here, just like Carcas the seventh here in verse 10, a chamberlain. Memucan means dignity. Carcas means eagle. Look at the seventh one here. And the king is asking the question what shall be done?

For this deed of the queen shall come abroad unto all women, so that they shall despise their husbands in their eyes when it shall be reported, The king Ahasuerus commanded Vashti the queen to be brought in before him, but she came not.

And that is the influence upon all the churches today that is in the world. Womanpower; the spirit of woman's liberation rising up; women with their own programs; churches with their own programs. You don't see the headship of the Word amongst them, amen. That was the thing the king feared.

Likewise shall the ladies of Persia and Media say this day unto all the king's princes, which have

heard of the deed of the queen. Thus shall there arise too much contempt and wrath.

If it please the king, let there go a royal commandment from him, and let it be written among the laws of the Persians and the Medes, that it be not altered, That Vashti come no more before king Ahasuerus;

The king had to take some action here, some severe action.

...And let the king give her royal estate unto another that is better than she.

She was going to be stricken off the book, eternally separated from the presence of the king. Her name is no more mentioned in the book. It was only mentioned as a rejected woman.

And when the king's decree, which he shall make shall be published throughout all his empire, (for it is great,) all the wives shall give to their husbands honor, both to great and small.

And the saying pleased the king and the princes; and the king did according to the word of Memucan:

For he sent letters into all the king's provinces, into every province according to its writing thereof, and to every people after their language, that every man should bear rule in his own house, and that it should be published according to the language of every people.

Chapter2: 1

After these things, when the wrath of king Ahasuerus was appeased,

Twice here we read of his anger, his wrath. In this book of Esther it speaks more of the king's wrath than the king's love. Why is that so? Because in the very first chapter, we read of the seven voices of the king: when those seven voices thundered in the seventh day and the book is opened and the lion roars; it's time for Judgment. It's Judgment to the world friends.

After these things, when the wrath of king Ahasuerus was appeased, he remembered Vashti,

and what she had done, and what was decreed against her.

Then said the king's servants that ministered unto him, Let there be fair young virgins sought for the king:

And let the king appoint officers in all the provinces of his kingdom, that they may gather together all the fair young virgins unto Shushan the palace, to the house of the women, unto the custody of Hege, the king's chamberlain, keeper of the women; and let their things for purification be given them:

And let the maiden which pleaseth the king be queen instead of Vashti. And the thing pleased the king; and he did so.

Verse 16, chapter 2 says:

So Esther was taken unto king Ahasuerus into his house royal in the tenth month, which is the month Tebeth, in the seventh year of his reign.

And we get 10, 7 there again, watch. In the tenth month of the seventh year of his reign, here he takes Esther his chosen and she goes into the royal house.

And the king loved Esther above all the women, and she obtained grace and favor in his sight more than all the virgins; so that he set the royal crown upon her head, and made her queen instead of Vashti.

Then the king made a great feast unto all his princes and his servants, even Esther's feast; and he made a release to the provinces, and gave gifts, according to the state of the king.

May the Lord bless the reading of His Word? You may have your seats, amen.

This morning I want to just interject a little message here, to speak a little bit on the signs of the time. I'm going to call it, '**The Sign and Time of the Supernovae**'. I would have preferred to say Supernovas, but the English language is so confusing. They made Supernovae, the plural for Supernova. Because I think Supernovas sounds better. But I know, I have all these learned

people and somebody is going to come with their encyclopedia, and tell me that it is not Supernovas; it is Supernovae. So I'm going to use, their own word, **'The Sign and Time of the Supernovae'**. And I'm going to take for a little subject; **'Elected, called, anointed and placed, for such a time and for such a purpose as this'**: for such a time and for such a purpose as this.

We've been elected, we've been called, we've been anointed, and we've been placed. And this is something that God wants us to come to a recognition that He chose us in this day. We didn't choose Him, He chose us, and He called us. Those He foreknew He predestinated, those who He predestinated them He called. It was the Lord's doing, no man could come except the Father first draws him.

He anointed us because we cannot anoint ourselves. And He placed us positionally, in a position, where we can manifest the official authority of that position because outside of that position we have no authority. And outside that position, we cannot choose the place we want to come, He places us. None of the children of Israel were allowed to choose where they wanted to settle in the land. God placed them by birth. Their birth was predestinated. Their place was predestinated and fixed by God.

Ephesians I, says you are chosen and predestinated unto the adoption of children by Jesus Christ. Not by you, not by the will of man but by His own will. And all of this is the mystery of His will. And as this is being revealed to us, we are understanding God's mystery, the mystery of God's will concerning us. We are beginning to see ourselves the way He saw us, the thought He has concerning us because every one of us who make up His body is fixed in the body.

There's a feet age. There's a thigh age. There's a belly age. There's a chest age. There's a mouth age. There's an eye age. There's an age of the intelligence and He puts every one He wanted in a particular age. Every age has its own seed.

Paul didn't choose his age; God fixed Paul in that age. Luther didn't choose his age. God fixed Luther in that age. God allotted what Word will be fulfilled in what age. We didn't choose this age; God fixed us in this age. God had a Word allotted in this age and God predestinated us to meet the Word for that age because that was His thought concerning us.

And now we are understanding that we're in the bride age. We're in the rapture age. We're in the marriage age. And now we are understanding the seventh messenger, one like Eleazer, one like John, he's revealing the Bible; one like Moses, one like Paul. He's revealing the Bible, and his ministry has a special significance and he is sent to us. And the purpose he is sent to us for, it gives us an understanding of how we relate to him and what is God's will concerning us.

When Rebekah saw Eleazer, she understood things in her life that her father and mother couldn't teach her. When the children of Israel saw Moses, they understood things about God and His plan for them that they couldn't understand before Moses came. When the children of Israel saw Elijah coming in the time of the evening sacrifice they understood things and their hearts were turned back to the faith of the fathers. And they couldn't understand those things until that kind of prophet came to do that kind of work.

And the church in the last days could not even be called out, or get ready for a rapture, or be dressed in the Word, or be shown how to prepare for rapturing faith, until we receive the kind of messenger, because a reformer messenger could not do us any good. Is that right? So we are understanding something about ourselves. And that is important for us because self-realization and God's realization is connected together. Because any man who knows God or is born of God, comes to know who he is. That's why the name is sealed in your forehead and the name is written on His thigh because He had all His children in His loins.

And every one who will come out of His loins must come with His name. It is impossible - now, you can tack on a name but once you came out from those loins, you already have a name because your name is your life. Your name is identified, by the seed of the loins of the one you came from. Because coming from certain loins means, you will have certain characteristics, because every seed could only bring forth after its kind. I could only bring forth my children. I can't bring forth a next man's children. I could bless them. I could give them food, and clothes and shelter and transportation and help them and bless them and adopt them into my family, treat them like my own but they never came from me. Our relationship would just go so far because they don't have my

DNA. They'll prove that they come from another father. And I am not their real father.

But all God's children, the family in heaven and the family on earth are named after the Lord Jesus Christ. They were chosen in Christ before the foundation of the world and predestinated unto the place in the body. Is that right?

Now seven thunders were to wake up the Bride. All these things were mysteries in the Bible that there was a way you would know as you were known. But nobody knew how to preach that, to make you know as you were known. Because God left that for the last day, that when that which is perfect is come then that which is in part shall be done away. And that which is perfect shall make you know as you were known, because with that which is in part, you will still have amnesia.

That is why Luther, Wesley and Pentecost, (those who were in part) they still had amnesia. But now that which is perfect is come. When the headstone comes with shouting of grace in the last days; when seven thunders utter their voices; then the heart of the children will be turned back to the faith of the fathers. We will know we are not denominational children but we were in the early church, we were in the loins of the fathers, amen!

And like those children of Israel, who were coming out of Egypt to be restored back to the land of the fathers, coming through the Red Sea: justification; coming through the wilderness: sanctification; coming into Canaan: the Baptism of the Holy Spirit, they had to be able to declare their pedigree. They had to know where to camp and where their father's house was. And they couldn't even go to war to possess their inheritance if they didn't know that because that was the qualifications to go to war. Is that right? Why? Because your revelation of who you are, is what gives you prevailing power. That is the power to possess. Unconscious people can't possess anything.

That is why they who still had need to be circumcised, had to be circumcised before they could possess one inch of land. Because they must have the covenant sign displayed in them that they are Abraham's seed. Because that land was given to Abraham and they couldn't get one inch of that land if they didn't have signs that they were Abraham's children. And God gave that circumcision because Joshua, the Holy Ghost, nobody except

Joshua could circumcise. Joshua is the Holy Ghost who had to bring that circumcision. Hallelujah! Because Joshua knew the ones who were going over on that side, is that right? And Joshua knew the condition they had to be in to come and be placed because he had to place them. Is that right? And Joshua was Christ. Joshua and Jesus is the same word, oh my, Jehovah our Savior. And we see the mysteries of this salvation locked up in this great revelation.

So now these seven thunders had uttered their voices, now we are beginning to understand something about ourselves. For all the years you know about your physical self, that you lived and grew up in, under the old birth. When you come to the new birth, and the new birth is not when you join the church. The new birth is when God reveals to you your name is in the Book. The new birth is when God settles it in your heart that you have another father and then you could pray, 'Our Father'.

The same way you would approach your natural father, with the confidence that that's your father; and that came by a sexual birth and sex is associated with sin and death. That is what brought the fall and took man out of his inheritance. And if a man could have such faith and confidence in the natural realm that that's his father, by a birth associated with sin and death, how much more when a man gets the new birth, which is eternal. Is that right? Which brings faith, God's own life, and God's own faith because faith doesn't come without the new birth.

And that's substance faith and that can never fail. That can never leave the Word. Because if you can see so clearly with your physical sight; and that's a sight given to you and that can't even see beyond this curtain; but faith could look pass that curtain. Sight can't see beyond the curtain of time, but faith looks into the eternity and sees beyond the curtain of time. Is that right? Faith deals with the eternal. Then how much more powerful, would somebody by the new birth, having that faith and knowing that God is your Father. Is that right?

Now there was a way to know that. And down through the Bible, since the book is about, two families. Do you know that? The serpent had his children; he had his seed and God had His seed. They came to the flood and God wiped out Cain's children but the seed went over in the ark, because there were giants over

on the other side of the land, on the other side of the flood. Is that right? Showing the seed got over. And when Jesus came He said, "You are of your father the devil." Is that right? And He told the parable about the evil sower who sowed his seed and they will be growing all the way until the end time. And they'll bundle them in the last days. Is that right?

So then we realize, that this great thing, He said, 'let it grow but you will know the real ones in the end time.' There's a separating time, a harvest time. That's the age of the finished cycle. How many know harvest time is the finished cycle? Harvest time is the end of the age. Harvest time is when the seed comes back to seed. There is no further stage than the seed.

And the seed was the Son of man. He was the corn of wheat. And we are promised, the Son of man to come back in the last days. And that has come back and it has been thoroughly vindicated and identified, as the first sheaf that has been waved as the seed. The seed is not heir with the shuck; Harvest time; It is the rising of the Son; the waving of the first fruit; Christ is the first fruit; proving it to be here.

Then it means to say, we are now looking for the rest of that crop because we are here and we will know the grain. And when the first grain came, he preached the Bible differently to the way every other man preached the Bible. Because he could read the Bible and know that he was Eleazer. He could read the Bible and know he was Moses. He could read the Bible and know he was Joshua. He could read the Bible and know he was Mordecai. Is that right? He could read the Bible and know he was that seventh angel to bring the mysteries. Why?

How is it that Luther and they couldn't preach like that? It had to wait until this time. And when the seals were taken off the Book, the elect, 'in that day you shall know as you were known. You will know it is I in you and you in me'. Did He promise that kind of knowing? You will see face to face. So there's to be a church in the last days, when she comes to know who she is and what she stands for, she can do the greater works. These seven thunders were to do these things.

Now that's just junctions you know. I'm just laying out some Word for you, to give you a frame work to get your faith, but that's not what I am talking about. The reason that can be laid out is

because, that God is here. That's why those who don't know that God is here, can't lay that out. But the reason that is laid out that way, is because the same God who was there is still here.

And there are people who know themselves in the Word like he knew himself in the Word. Because there was a part of the Word that held his identity, that he had to know that was his - that was the real album. These were the hidden pictures of the family. Those were the little stories of the family record and the secret things in the family life. And when you find that, you start to realize, "This man, I'm calling my daddy all these years is not my daddy. My real daddy is this man over here." And you start to re-adjust your thinking. You start to wake up.

Well that is what the Bride has come to see. Because there are things in the Bible that have to be opened to bring us to see, "You really, really, really come from God, and God always knew you." Amen, you were lying there. And that's why you were different. And that's why you couldn't fit into that. And that's why you tried that and you got roadblocks, amen!

And you start to wake up and realize something; that not everybody is who you thought they were. And you don't get an inferiority complex with that because He makes that so strong. He lets you know, you are one in a million. And then, He lets you see the difference between you and them. Why you know you can't backslide, why you can't be lost. Why they can't know and they say, 'when the rapture comes then you will know.'

But you know, "No, I'm like Enoch. I have a testimony before I'm translated that I'm pleasing God now. I'm like Abel. I found the way to go back in the presence of the God, through a slain lamb." Amen. You know that. Glory be to God! You are like Moses, if death is coming, you know what to do. You don't bawl, "Oh God we will die, we will die." No, no, no, you know, 'get under the shed blood of a slain lamb, correctly applied and death can't touch you', amen!

You start to learn things: family secrets. You start to learn family secrets. You start to come back into the family way of life. You start to come back into what made the family a powerful family. Do you get what I am saying? Now that kind of knowing has come, friends. Now when I am speaking like that, that's not me, you know. That's why you know that kind of knowing is here.

Are you listening to what you are hearing? People don't talk this way, friends. You know how many years you wait in the message for man to talk this way? Only God talks this way. To hear a man talk this way, you have to go back in the message and read what the prophet said, to hear a man talk like that. That is nothing but the truth.

Because man talk about "Come in our group, and don't go in that group." And fight this and bring all their fear, and try to control this one, and politics to further their reputation and establish their program. That is how man talks. But when He comes, "Let My people go." That's our Shepherd and Bishop, the great Jehovah talking like that, amen! When He starts to shine the light, brother, He scatters devils, amen! That's right, because He comes in the volume of the Book.

You say, "Are you trying to say that that same voice is here?" Well then you are not a believer in the message. The Bride under her messenger becomes the final voice to the final age, 'the Spirit and the Bride say come'. It has to be the same Spirit that is saying the same thing the same way with the same emphasis. That's the way I believed it when I started thirty years ago and that's how I still believe it today. And that's how I know it's the truth. Because it is stayed the truth, it keeps unfolding, it keeps getting stronger. Amen, that's right!

'Esther's Awakening', because there was an unconsciousness of Esther. There were details Esther needed to know. You see the seven voices of the king spoke on the seventh day and the reason Esther was called is because Vashti was refused. But sometimes Esther didn't pay close attention to these details. Those seven voices of the king that spoke on the seventh day came after the great feast of the king. And that was happening after the Jews had gone back in the homeland, to rebuild the temple and wait for the Messiah.

But Esther needed to be focused on that, instead of just walking around, "I am Esther, I am Esther, I am Esther," and not seeing. No, no, no, after the Pentecostal church refused the seventh voice of the king on the seventh day; and the seventh voice of the king, Revelation 10, sounded between the sixth and seventh trumpets. And six trumpets rushed the Jews back to their homeland. And the seventh trumpet; the last trump of God is the

resurrection. And the book of Job is the resurrection, amen! And Ezra and Nehemiah are the Jews going back to their homeland. And Ahasuerus means lion king; it means chief authority. It means the prince, prince of life and prince of peace. It means head, the headstone, and the intelligence.

And he had seven voices. And at that time when that was being spoken Vashti was, brother, in the thick of things with her programs. With her own feast, building her schools, putting up her web sites, doing all these different things. Is that right? Trying to further her reputation and her influence, a beautiful woman, but only outward beauty. She was drowning in self-admiration, in the pool of her own activities that reflected her works. As she was taken up in herself, she couldn't hear the lovely sound in the seventh voice of the king.

No wonder today they argue. "We don't know what is the seven thunders. We don't know if the seven seals are opened. We don't know this." Why? If you find anybody like that in the year 2003, they have been drowning in their own program. He is saying that. He is saying that. They have been drowning in their own programs. They've been trying to further their own reputation, to spread their own human influence.

Because in that hour it showed Vashti had no self-crucifixion. She had no real respect and recognition of the king's authority. She didn't understand headship. She didn't understand the mystery of marriage and divorce. No wonder they still get married now three and four times in the message saying, "Oh yeah, I found a quote. And brother Branham told this brother this; told this brother that," and they go and get remarried. Unbelievers: Unbelievers but nice people.

Like the rich young ruler, in their body they are moral. In their spirit they are cultured and refined, but in their soul they can't follow all the Word. They love program. They can't separate and tear up the old mantel and say, "As the Lord liveth, where thou goest will I go." They can't do that. They have to be seen. They like dignitaries. They like celebrity. Oh my!

But brother, you watch the reality here. When is that happening? Between the Jews going back in the homeland and the book of Job, the resurrection. When is that happening? In the days after the seventh voice of the king thundered, in the seventh

day when that beautiful woman, (outward beauty) refused the king's message. Was there a beautiful woman in this age when the Jews went back in the homeland, in the days after the healing revival? Did God come and appeared and there was a blast and seven angels? Did seven thunders utter their voices? Was there a call for the Bride, amen, the queen, so He could show a real glory of the kingdom? He showed the little healings and the different things but He wanted to bring the real glory because the glory of the man is the woman, amen! The glory of God is Christ and the glory of Christ is the Church. Is that right? Did He find the church in that condition? Yes, He did.

How could I in 1987, a little boy preacher trying to preach sixteen years ago, how could those thoughts come to me? I always wanted to preach on the book of Esther but I couldn't preach, because the entire book - I didn't know where to go. So like any clergyman, you go to a commentary. You go to a Bible dictionary. You try to find some door that you could get yourself in. And then you find everyone is saying, "This book shouldn't be in the Bible. It's uninspired." And then, they're quoting the other learned people who influenced them, and saying, "Well you know it has been greatly debated; and well, it shows God's providence."

Amen, but on January the 23rd, amen, brother something happened. From January 21st something started to mill around in a little room. Not a fancy room; a little old room back there with a little old couch inside of it, with a little old table and a small tape recorder but God knew where that room was. And God came and said, "Go in the book of Esther." Amen, and I began to preach in Baratavia from January, (and you verify this in the library records if you want to check it) January 25th 1987, I started with; 'If I perish I perish'. All the way I was preaching and by that time I already preached five parts of 'If I perish I perish' and 'A Greater than Esther is here'.

But then something happened, 19th February 1987: within the next month, after preaching for a whole month going to close two months. One Thursday evening going to Baratavia, I was trying to study and get a little deeper, dig a little more into the book. Because after preaching five parts on 'A Greater than Esther is Here', I began to see so much in the book and realized, now I

could see why the reformers and they couldn't see those things, amen.

That's how I know the prophet said, "I give you sermons to dovetail all scriptures." That's how I know, the real understanding of what he came to do, is not to give people a bunch of explanations. Because he knew why it had to be shepherds. The same angel must come back to men, to lead them and show them where to find the Messiah that is hidden. Any genuine shepherd that is worth his salt is going to bring a Messiah he has found. Even when Philip could tell Nathaniel, "We have found the Messiah of whom Moses spoke of, the Lord Christ." The woman at the well came and said, "I have found the Messiah by the well outside there and He found me too. Come and see, isn't this the Christ?" It is always something you have to find. Even in Berea they searched those things to see what Paul was saying and they found it was so. Is that right? Glory!

And then I said, "I don't know why I'm going to call this message Supernova." The 19th February 1987, not knowing within three or four days, the scientists were going to see something that they had never seen in all the history of the universe. Scientists were studying the heavenly bodies.

How many know that the first bible was written in the heavens? Natural astronomers were studying their bible because 'day unto day it uttereth speech; and night unto night it showeth knowledge'. And then there was a certain part of the Bible, where a supernova was going to come forth.

How many know this Bible, a certain part of this Bible speaks of a Supernova? That's why I opened to Esther, and I'm speaking here about a Supernova, 'The sign and the time of the Supernovae' because there are many of them now in the year 2003. In 1987 they saw one back there. None of the ancient astronomical charts had any record of it. It went to all the great big observatories with the most learned astronomers, who had the most detailed records of their findings and sightings down through the history of astronomy.

Since Kepples and Newton and they, brother developed the telescope and began to make it a study, of studying the stars. That God in Genesis 1 said, He put it there in the heavens for signs and for seasons. Every nation on the earth today, brother, has their

Zodiac. Do you know that? And every one has the same twelve signs. Whether it is Christian, non-Christian, Hindu, Muslim, Buddha, Jew, they have one zodiac with twelve signs because God wrote that in the heavens.

Man tried to add in all kinds of different things. Man tried to reinterpret, but the original thing that was given, every book on astrology, every interpretation, everything would have to go back to twelve birth signs.

How many know that there were twelve stones in the breastplate - twelve birthstones? How many know there was twelve months in the year? How many know Jacob had twelve sons that were stars when God gave Joseph the dream? Is that right? How many know God told Abraham, "So shall thy seed be. The stars in heaven represent your seed, the spirit of man upon the earth? How many know Jesus is the bright and morning star? How many know God had seven stars in His right hand? How many know that those who are fallen and deceived by Lucifer are fallen stars? How many know Jude talked about wondering stars? Amen! But how many know the real Bride is, stars set in their courses? Amen, glory be to God!

How many know every star has a name? How many know Paul said, celestial bodies, they differ in glory; one star has one glory? How many know Luther's glory is not like Malachi 4's glory? How many know Wesley's glory was great than Luther's glory? How many know Paul's glory is greater than all those reformers, glory? Yes sir! If you watch the light of a man when he preaches, you will know where his light comes from. Amen, you'll know what kind of glory he has. Glory be to God!

How many knows Moses had a glory; and they wanted him to put a veil on because they couldn't understand that kind of glory? They wanted laws and commandments, "Do this and don't do this. Do this and don't do this." But then Moses came out looking like God and talking like God and walking down there and they said, "Put a veil on. That is too much for us. We can't handle that."

And the man's very church that he called out and was leading to the promise was trying to shut him down; when God wanted to show them, to give them confidence, that the same glory he had was in their midst. Oh my! Glory be to God!

Could you tell me this star isn't dying and exploding in brightness? Her light is becoming brighter and brighter and brighter and brighter. I was born to be a Supernova, a shining star in this hour. Sixteen years after, He came back around, amen! Glory be to God in the highest! Oh, thank You, Jesus! Glory be to God in the highest!

You say, "These people are worked up. There is nothing to this." If there is nothing to this, how is it that sixteen years after, not going back in the book for sixteen years, and after preaching about the evil society, secret society and their hidden agenda, how they plan to kill and depopulate and take possession, how with biological warfare and all these different things, amen 'The Planned Genocide', coming back from Europe, and the Holy Spirit said, "Go back to the book of Esther now." I came back and started to preach. And after a couple weeks, here come now the scientists, in all the history of the Universe, discovered things that man's eyes have never seen. They found a Supernova factory, where right now stars are exploding; amen, since they had the Hubble telescope that they never ever witnessed before. And they put it on the Internet, because it is one of the greatest findings of the century, amen!

And how did God open the book sixteen years ago? Amen, brother with a Supernova. And then He came back after here and open it again with more Supernovas. This time in multiplied form. And you know coming back and opening the book there, then went out in Grenada, went out in St Vincent speaking, "Esther, Esther get ready or perish. Get in the presence of the King." My! - To put the church in expectation, there.

They called from Dominica. They called from St. Vincent. They called from there and they said, "We have heard 'Esther's Awakening'. Amen, something began to strike them, amen, little Jews out in the provinces. Yes sir! Glory be to God in the highest! Something is happening. Something is breaking. A man caught a vision, amen, heard the voice of the prophet saying, "Sail on, sail on." Oh, glory be to God in the highest! It is not a make believe thing friends. It is the reality of the Bible. It never leaves the Word. It is always thus saith the Bible, in continuity, in the time and season. That's right. That's right, friends.

I have there a video clipping. But I am waiting for Him to tell me when to show it. I had the brothers set it up and they sent the note for me saying, it is ready to show. But I'm here preaching and He hasn't told me to pause as yet. Amen, to show you what human eyes had never seen before the Hubble telescope. The Hubble telescope was launched in 1990. And when they put it up, it had a flaw in the lens. They had to send astronauts out to correct the vision of the Hubble telescope; otherwise they would not be seeing anything.

And some astronauts, in the astronaut age gave man some of the greatest breakthrough and took them into sight and vision, into other galaxies, into the very edge of space. Amen, to study stars that they never knew and never understood or knew existed. Amen, yes Sammy! I know it connected. You felt the surge there. It's Him saying that. Glory be to God!

And brother when they went out there, those astronauts stepped out of that mother ship with their backpacks. Amen, and they began to fix the eyes of a blind, defective seeing Hubble telescope. They knew about correcting vision to understand stars, to see Supernovae, amen to bring hidden mysteries beyond human vision. Oh, thank You, Lord! Glory! As Brother Branham said, "I could take up the building and walk away with it right now." Amen, yes sir! My!

They stepped out there; they came back and the Hubble began to see. I believe this Bride, with telescopic sight, who had flawed because of men's false interpretations; didn't know what she needed to be focused on to be seeing; to really see it continue to unfold and she ended up getting blind defective sight. Seeing the seven seal isn't opened, seeing there is no man after this day and the other, trying to raise up some man to follow the prophet. And not realizing it is shepherds. It is wise men, which saw the star, amen. Astronomers with gifts, amen, who could be led by stars to the Word made flesh, the bright and morning star, the fairest of ten thousand. Oh, thank You, Jesus! Thank You, Lord! Think of it.

That's nothing but the truth brother. I dreamt that too. I dreamt that too that time and they wrote that song. I was walking down the road, and a crowd of people was coming and we were all singing a chorus, and they were saying, "Tell me more, tell me more." I said, "Brother Ulric, I had a dream," and I told the

church. ‘The earth is like a woman.’ The song was saying, and how ‘it was ravished by men and these things’. You know, and I began to type it. And then he came back the next service, he said, “I got the song.” Amen.

You see when David got a vision he had to go the right channel, who will open that. Well, I guess I am not a singer, so I went to the poet of songs. And what I preached and what I dreamt, he could write. I told him, “You were sent to work with me boy. You were sent to record these things because these things are Him.” And he understood that; so he could go in before God and say, “God, reveal to me what your servant dreamt. I’m hearing something inside of that.” He wasn’t ashamed because he knew who I was; and I knew who he was. Yes sir! Yes sir!

He said, “I got the song,” and he began to sing about those seven trumpets, ‘The earth is like a woman ravished by men.’ The same seven trumpets that people call the devil because they can’t see. Do you know why? They need some astronauts to get their vision focused. Otherwise they’ll keep seeing all kinds of earthly things, earth bound things but for the things they need to see, they need some astronauts to correct their vision.

That is what Jesus had to do with the blind man, amen in St. John 9, get his vision focused. The man was seeing men, like trees. He had to get his vision focused. That’s right, friends. If your vision is in the wrong channel this morning, you see this; you see that, you criticize. You see this negative thing and you get fearful. You see that, it stumbles you and you walk back. You are out of focus. Focus on the Word. Focus on the example God put before you. Focus on what the Holy Spirit had not failed to prove and identify down these thirty years. Focus on that.

Because to prove that’s a true reflector, it comes back to this Bible, it comes back to this message, ties it together and gives the sense. That’s right! I’ve said that down through these years and I’m still waiting for people to catch that because people hear it but they can’t catch that. Some got it already. I’m not talking about them but so many can’t catch that.

That is why God had to come and bring those messages, “Believe on whom God has sent.” Rally around the gift, it takes you into a golden age. Because that’s God’s way to get in the golden age, golden faith, deity, to get back the golden fleece. It

takes Jason and his Argonauts. Where is Jason? Amen, glory! My, my, my, think of it! Yes sir!

What was I doing in space? I was space walking a little while ago, fixing a few telescopes there. I guess that is what I was doing. Oh my!

So in 1987 they saw that. Then sixteen years after I had to go back to the book and then boom! Here it comes again. And then I said it in the pulpit last week. Brother Ken Renwick, I didn't know anything about it, he dropped the article. Well then I didn't even read much of the article. I read about maybe two thirds of it because I was in my bed. He came very early, and I was looking at it. And then I came to church.

And while I was preaching something struck me, and I just dropped it inside of there. And while I was dropping it in there; I heard myself saying, "The time - He marks the time." It opens with a Supernova. And when it comes back around sixteen years after, (not going in the book for sixteen years) He comes and marks it again. I didn't think anything of it.

But brother Edgar, he got on the phone with Brother Brian somehow, talking, and he was saying, "Brother Vin preached a message on Sunday. And he was talking about the scientists discovering this Supernova factory." Well Brian was part of the 1987 move there. Brian was the link when we used to go to Ohio. And so, Brian knew about the Supernova. He was the song leader in those days too and it excited him. And so, he went on the Internet and he found this movie that the scientists put there, about a thirty seconds movie of the stars actually exploding; what the scientists were seeing, (the stars) in their explosion.

When he saw that he said, "Brother, I don't know what to do." He said, "Something in me like I want to come back home but I don't want to make a wild decision. But I am so excited, I could just get on a plane." He said, "I'm going to pray." He said, "I'm going and pray and ask God what to do here." He said, "Because with this thing breaking..."

We stopped by him in Chicago, when I went to Poland. And when I went to Poland, you know, we were talking about all the different things that had been preached, about the Predators and Prey in the midst of the Gulf War and all these things, 'The End time Daniel's'. On the way back, we spent some time with him

there as well. Then we came home. And then when we came home I went straight to the book of Esther.

So when this thing happened, it was like - well he was there the first time, so he knew exactly what was happening. It was like, "Look at this. What is this?" And when this began to happen he was calling home about three or four times. And I'm not a computer man really; and Pablo wasn't home, so he said, "Pablo has to download this. Pablo has to download this. You have to see this." He said, "You have to see this." So finally they got it downloaded and I looked at it. But I felt okay; well, just to see it. You know, the scientists said, no man has ever seen it and the Hubble found it. Well praise the Lord!

The part of me that excites, I guess, got a little excited. But you see, I saw it here already. (Bro. Vin points to his Bible) This is the one that excites me because this is the one that reveals and interprets the light of that. That is saying something but the voice of what that is saying is inside of here. And when I saw God marking it that way, it struck me.

Because you know this very month - last month really, the month of May, is when it happened. The 27th of May they discovered it. And on the 15th of May, do you all remember, I was speaking here on, 'The Planned Genocide', part II and I mentioned about the total eclipse of the moon? And I quoted it from, 'Feast of the Trumpets', where he said, 'that's the loosing of that ecclesiastical spirit coming to block these things out'.

He said, "Watch the Son of man being driven from the church when the moon blacked out on the 30th of December 1963. The prophet went to the Bible; he said, "That's the Son of man being driven from the church." He said, "And that's the loosing of the ecclesiastical spirit, twenty years after the War. That spirit that had genocide among the Jews, that killed six million systematically, is now loosed in the ecclesiastical realm, and is going to bring a slaughter upon the elect.

The elect is going to escape that but the dragon is going to make war with the remnant of the woman's seed. But the elect is going to come through some real persecution; where that persecuted, hunted down group; after a short powerful demonstration, that persecuted hunted down group will go to meet

Jesus. She'll be pressed until she is all pressed out. Is that right? Is that what he said? That's right!

So then Israel, May the 14th, (I've been quoting that here) they had fifty-five years of their anniversary as a nation. You know that. Last month May 14th, that's Israel when they became a nation. Accepted by the United Nations, they have their own money, they have these things. Why? Jesus said, "When you see the fig tree putting forth its bud, you know that it's even at the doors. Is that right? That's it. That's it.

So this month of May - and right inside of there is where I have my thirty years too. Somewhere between, May the 14th and the 15th is where I had my experience in Santa Cruz, thirty years ago. It's strange. Now that doesn't make me anything. I'm not trying to make myself somebody with this. I'm trying to say why I have faith in Supernova and the book of Esther. Because I'm trying to say the book of Esther has never been revealed until it was revealed in this church, in the way it was revealed.

I'm not saying many men didn't get some insight on Esther. But I guarantee you; no man preached that between the sixth and seventh trumpet; and those things from Esther 1 to Esther 4 and these things, no man preached that. No man preached Esther is put between Nehemiah and Job and that was sealed in the secret. No man preached that. I guarantee that. If a man preached that, he heard me say that. No, that's right.

I've read all man's writings and I've never seen them speak anything about why that book is put there. And why her name is changed from Hadassah to Star because that's what revealed it to me. Something struck me back there saying, "Her name is Star." I was trying to understand the book. What is the key? How good learned minds that know Greek and Hebrew and study the Bible can't come in to it? Why is it closed up? So I know there had to be a key somewhere.

Now all my life - now, who knows that my children are named after stars? Paul Orion; Logos Cephas. Why? I'm always in the heavens, from a little boy. Because you have to follow how God dealt with you. You have to watch in your life, from small what you are attracted to.

That is why things like the wise men and the stars and these things, these are key revelations that I preach a certain way. If

somebody gets inspired over that, they heard the way I said those things because those were like my doors that were opening doors in doors. Birth path, follow your birth path and these things. I looked at these things.

So something said, "Her name is Star. They changed her name." Why? Because the Medes and Persians they were astronomers. They were an astronomers' society. So when they gave her the name Star, the ancient people never used to give names for namesake. You know they name Hurricane after people right? And they name planes and boats and things after people too. Like how we had one plane named Penny, one named Giselle, one name Hasely because of achievements and so on; marking and honoring certain people, by certain events at a particular time. Is that right?

Where did Moses get his name? You mean God sent a prophet, to whom He talked with face to face, and he got his name by an Egyptian woman, not a Hebrew woman? Pharaoh's daughter called him Moses, which means, I draw him from the water. Moses' mother didn't give him that name. Pharaoh's daughter gave him that name.

So watch. When you look you see, something said, "They named her Star." So I said, Star. Well star, every star is set in their course. Stars are placed in a certain position. That's a Bible. Then it dawned on me. Well look at the position in the book. It holds a key. Now you see how a theological mind can't get that? Which theological mind would go into astronomy and astrology to find that? It is irrelevant. It is like passing the wrong way.

You see why God said, "Pick up the cigarette pack." Which theologian would be looking for his Sunday morning message on a cigarette pack? That is why I say, God bypass religious people. Religious people know religion; they don't know God. But a lot of the things of God are in religion and religion is based on a lot of things of God. So many times it is be hard to detect religious people. But when you watch them, they're always stagnated because they have to observe a ritual. They have to keep a program. They have to be told to do this and then they do that. They have no leadership of the Spirit.

But a man, who is born of the Spirit, is like the wind bloweth. He goes where so ever he listeth. He moves by, something says,

“Go and stand up by the Furr’s cafeteria.” Something says, “Don’t move from there.” Something says, “Go down by this corner and stand up here and wait here.” Something says, “Keep walking, you are going to miss your plane but keep walking.” People who are led by the Spirit are different.

Now you see the prophet talked those parts and he taught theology, to get theological minds to understand the Bible too. But do you know that was a teaching, itself? What he was testifying - because the Word was coming forth by vision, by experience, by testimony, by song, by dream, by revelation, by his very own life, his behavior, the Word was coming forth.

That’s why you don’t just listen to what a man is saying alone. God told Hosea, “Take that woman and marry that woman.” The message was coming forth from the life of a prophet. God told Ezekiel, “Lie down on your side so many days.” That was a sign. That was part of the message. Is that right?

That’s why big theologians in this message said, “We have to preached the Word, not brother Brahman’s dream.” What? Could we preach Nebuchadnezzar’s dream? Could we preach Joseph’s dream? Could we preach Daniel’s dream? Dreams become part of the Word. A dream interpreted is vision. A dream is, God dropping down in man’s subconscious mind.

But again religion, religion, that’s the thing. And that’s going into this rapturing faith; people who know church and church programs, it troubles them. They are always questioning, doubting, checking back. That’s why the church many times can’t make any real progress with God. Because you see, you don’t follow and check everything because some of those things aren’t revealed, until you walk in a certain place.

But what God does, is He gives you revelation to know, “This is your duck, and follow your duck. This is your duck with that honk, follow your duck.” And when you know your duck, you don’t stand up and say, “But you are flying there. According to the duck map we have, we are not supposed to go on that route.” And look there’s a man with a truck full of cages, wants to give us a lift. Why do you want us to wear out ourselves? Why can’t we go in that cage? I’m not seeing anything wrong. The man looks like a good man. And the man’s wife is saying they are going to Louisiana.”

Brother leave me let me fly. Let me fly. Go in the duck van but let me fly. My father flew. My grandfather flew and my great grandfather flew. Enoch flew; Elijah flew; Jesus flew; and I have to fly. Yes sir! Lyrics. Yes sir!

I'm trying to help filter the thinking, to blow some religious flues out. Why? To give prophetic vision because this is prophetic vision; this is prophetic anointing, friends. This is not what those Pentecostals are talking about: prophetic nonsense. I'm talking about the Bride having prophetic insight. I'm talking about seven thunders. You have to be an eagle to talk about seven thunders. Outside of being an eagle, seven thunders is just a bunch of rattling noise to you. It is just a title.

But God's eagles between the Gentile eagle and the two Jewish eagles, 'where the carcass is there will the eagles be gathered together'. There is no more anointing after the eagle anointing. Brother, all the way to the new city is eagle anointing. When it breaks under that fourth seal, it is eagle anointing. Is that right? That's right, friends.

That's why the Spirit and the Bride could say the same thing because she has to be anointed with the same Spirit to say the same thing. Oh my! Sometimes I have to say it that way because there are some who still can't see it. Some need to get faith in it. I have to keep waving it to open some eyes. I have to help some to understand that these things are promised.

We just quote, "As Gabriel come to Daniel, the Holy Ghost will come to the Church in the last days." We like to quote it because it sounds nice; it sounds spiritual. But you know somebody showed the vision. I could interpret this but I can't make a star explode where only the Hubble could see it. Where that exploded (get this) no other telescope outside the Hubble could see that.

How many know the Hubble telescope came in the eagle age; and the other telescopes came in the reformer age? How many know the Bride in the Bride Age gets prophetic vision and the others have reformer vision? That is science. That isn't the Word, in that sense. But I am showing you back and forth what the Word is. It is right all the time. It is right all the time.

I think we should show that now. I think we should show that now. Now is a good time to show it. The brothers will give you

the opportunity to see what the scientists for the first time, have ever seen. I'm going to let them have two runs. They are going to give you one run, I'm going to read something, and they'll give you a second run and then we'll finish with that. But I want you to see it and I want it on the tape because the purpose for this is that I'm giving testimony here this morning.

I am saying all those messages on depopulation, all those things from September 11th 2001; I am saying that these things are true. And I am saying, these Supernovae following that total eclipse that came in May there, all that is connected because with the loosing of the spirit and the planned genocide that is coming, the Supernovae are exploding and have to become brighter. That is what I am saying.

I'm saying that God always shows things in the heaven before He shows it on earth. And I'm saying these two signs: the first one that came in 1963 the prophet revealed what that was. The second one that came, it also went to the book of Esther and revealed that too. Because nobody can deny, these things in the book of Esther have been revealed.

Outside of here, you find a book and tell me that you read that same thing in a book somewhere. In any Bible, any commentary, any dictionary, any message, any tape, bring it and tell me. You can't find it, to prove God gave a revelation.

And the testimony of it, I never used the word in my life: Supernova. I remember when I came there February the 19th five days before it actually happened and then I said, "I don't know why I'm going to call this message Supernova," I said, "But I'm calling it Supernova." I said, "I never used the word before" and it was on tape there and I preached it.

And when I preached that, to my awe, I saw an article a couple days after. So I said, 'maybe that was just a little casual thing.' So I even walked with my first Time Magazine, when it came out, and it went round the world, which I always refer to and maybe they could show that one first. The first Supernova, the article - with the Time Magazine article, where Time carried it because I gave you the testimony, I preached on it in the church.

I was going to Tucson to dedicate the church with brother Isaac and they. They re-modified it and so on and they were having a little dedication. I went out to Miami there, before I boarded the

plane. I went to a newsstand and to my surprise Time had the thing on the cover. And that really struck me. I said, "My goodness. What is happening here?" I said, "There is more to this than I imagined." Well since that time I...(Brothers shows the article on the monitor)

This is the article here. That was the Supernova in 1987. That is Time Magazine. And notice on the right hand corner there is a picture with Shamir and an article on Israel. And the cover was designed to show the Supernova. And then they showed Israel, the Spy Case Furor with the Prime Minister Shamir, who was the Prime Minister that time.

Remember he was the one that followed Prime Minister Begin. And they were the ones who were diehards to giving up any land and they brought that political kill. Because under my message 'Micaiah's Seventh seal vision', if you hear it again, the one back in 1984, you will hear me preaching and saying, how they killed Begin and Shamir politically like Naboth. And they got them out of power and then they begin to take greater control.

Well here, that article there, God had that to go on Time Magazine and send it across the world. And isn't it strange the exploding star - the only magazine that carried it was Time, 'for such a time as this', because it's for times and for seasons.

That was in 1987. That was preached back in the church. But I'm bringing that back like 'Mighty Gentile Warriors' because all these things keep going on. Isn't it strange how that keeps going on? You have to come back to it and it goes further. Why? Because it's telling you, it's not somebody hatching up anything. It is God, in sovereign grace coming down. Who sixteen years after was going to come back now and say, "The Angel told me in my ear, go in now because they are getting ready to discover some exploding stars." Maybe He did and I didn't hear and He just moved me into it. Something made me come back to Esther. And when that came back, exactly what happened that first time comes back the second time.

If they are ready for the second one, they could go ahead now - the one with the star factory.

(The brothers show the video with the supernovae exploding)

Awesome. Okay, that is fine. We don't want to get taken up in the natural astronomy but I put it there. Now I'll tell you why

that excites an astronomer. Something that excites an astronomer may not excite you but to show you what it is. ‘A single exploding star can shine brighter than an entire galaxy of several billion stars.’

A single exploding star, the light of that is brighter than an entire galaxy of several billion stars, a *single* one. Is this Bride going to manifest the power that created the universe? Is she promised to do that? When Malachi 4 stood there, wasn't that just like God in Genesis, greater than what Jesus did in the Gospels; when He said “Let there be” like it was back in Genesis? And what you have seen manifested temporarily, would be manifested in its fullness. Would this be the thing that would start the rapturing faith? That this mortal will put on immortality?

Do you mean to say, God in nature, which is His Bible, (I'm going to get to some things just now) give that kind of witness in the heavens, of such a people in the last days? Did He say, a super race, a super church, in His own image? Did He say, she is Him revealed? Did He say, if He hit sixteen thousand kilos cycles she must hit the same; to prove she is life of His life, Spirit of His Spirit, Word of His Word, that they are no longer twain they are one; it is He in her? He bruised Satan under His feet and Romans 16:20 says “And shortly you will bruise Satan under your feet. The God of peace will bruise Satan under your feet.”

In the course of a few months, (Hear this) a single exploding star can shine brighter than an entire galaxy of several billion stars.

In the course of a few months, it can give off as much light as the sun emits in a billion years. Do you get that?

When the power of God rises in this church, it will draw the sleeping ones from the graves. Not even sin will be able to stand among them. The same kind of love they have there on that side would be here before we get there.

And the book of Esther - in the days after the writing came into effect, and the law for genocide became legislation, and the evil society with the hidden agenda was planning to destroy an elected people who God had made an unconditional covenant with. Is that right? Through whom Messiah was to come and bring redemption all the way back to the Garden of Eden, they were the people he had planned to eliminate. Is that right?

And that Haman, that serpent, that deceiver, that dragon had a scheme to destroy the elected seed. But Esther the queen thwarted his evil plan and bruised his head under her feet. Did his destruction come by Esther? It was she. He said, "And who is it?" She said, "This wicked Haman here with his mischief has sold my people to be destroyed." And he was killed on the same gallows he had planned for them. Is that right?

And under Leo the lion, the enemy was crushed under the feet; and the king's wrath was poured out upon the enemy. Because when the king went outside to kind of cool his temper off, he was exploding and he came back. Haman was trying to beg the queen and something happened and he fell on the queen's lap, on the bed. Jesus! When the king saw this man with the queen on the bed, brother he shone like a billion suns. He said, "I just turned my back one second here, and you are on the bed with the queen!" And Harbonah drew the sword, put a bag over his head and took him away. He said, "Look the gallows here fifty feet high, put him on it." Is that right? Oh brother! Shortly God will bruise his head under our feet. Oh my!

So in a little article concerning this too, they said, 'These superstar clusters likely are forming in much the same way that globular clusters formed in the early universe.'

These scientists who studied that Bible, when they discovered these exploding stars, that who on dying, they begin to get brighter and brighter. And for a few months could shine and give more light than the sun in this solar system would give for a billion years. Brother, brother!

With one more ride, she'll shake this world then take her flight into the skies. 'Morning stars together sing, sons of God now shout for joy, arise and come that my Lord and King and full redemption now to bring.' Oh my! 'Have you considered His little Bride?' Oh, thank You, Jesus!

And they say these stars are forming in much the same way that globular clusters formed in the early universe, in the beginning when these kinds of stars started to form. And all you have to do is read Acts 2 to 28, and you'll see in the early times how these stars shone.

Peter was walking like that and the people realized he couldn't get to all of them. So they didn't go home fussing and saying, "I

was sick too you know but he was talking to somebody and I couldn't really get him to come and pray for me. Then I saw him jump in the car and he went away or he jumped on this man cart and they took off. You know, I guess it isn't my time."

He said. 'No, no, no'. He said, "They understood. They understood something." They weren't, "Give me, give me," and waiting for me. No. They knew, "I'm a believer. I know who that is. That is the channel through which the Word comes to me. I saw my life, sitting down under this Word. Today I know who I am. I might be sick in my body but in my soul I have faith. I know my scripture in the Bible. I see the Word give me a repellent. He says, "So I know this faith in me and that faith in him could connect. Amen if I could just touch him; if I could just step in the shadow, what ever it is." And that's how they got it.

And that's why the woman at the well, she said, "Well, I can't get an interview. I don't know any of the apostles. I never talked to any of them. I don't know which one to ask, all of them look so kind of rough. And you know, I don't know if they are going to pay any attention to me." No, no, she said, "I only have to touch the hem of His garment." Faith in people was moving them.

You know it is so hard that so many people stay sick and remain sick. And sit down under this message and hearing these kinds of messages and showing them in the Bible every time; and showing them that the message came to turn their hearts back to that faith.

That is the faith in the fathers, watch it in operation there, this same kind of faith ought to be in you. That is your pattern. If a man can look and find his pattern back in Paul and Peter and Philip and they, in the first church, in ministry, then can't the laity find their faith back in the pattern for laity? Because if the hypocrite Annaias and Sapphira found their pattern; and they were lying too in church and they were lying all over the place and they found their pattern too. Why can't we as believers now find the pattern? It ought to be. Don't you think? My!

Like He wants to get something over here this morning. If He's anointing this message this way, He wants to get it over. He wants it to settle down in somebody's heart with faith to catch it. So He says, "Can't you see it's me? I'm among you. Can't you recognize my presence? Can't you recognize My Word? Isn't this

greater than a chill running down your back? Isn't this greater than you just screaming and you getting goose bumps?" Look at the understanding this is giving you. Look at where He's placing you. Look at the continuity it is showing you. Look at the faith it is establishing you in. If you can't get goose bumps under this something is wrong. You must be bionic. My goose bumps haven't left me as yet. I'm having some of the biggest goose bumps I ever had; right now.

When scientists saw that, it struck them. They said, "Good, now we could understand Genesis. We could go back to the beginning. We could see when the first ones formed. We could begin to understand how they came into evolution, into their being. What process they went through, to make them shine with such intensity like that and that magnitude of strength."

Can you look at this last day bunch and understand the early fathers? Or you have to look at Luther and Wesley to understand the early fathers? You have to look at this bunch. This Alpha and Omega is the same. This is to reflect that and that is to reflect this. The unwritten part of that, this opens up. Amen. And the written part of this helps you to understand. That's exactly right, friends. That is seed, and seed. Did you get that?

The cluster is an object... There are some nice things here with this you know. I'm going a little further. This is in the house of Cancer. And in Cancer there is Ursa Minor and Ursa Major that speak of the sheepfold; two groups: the family in heaven and the family on earth.

So watch where all this explosion is coming from. And watch the time because in Genesis, and I want to nail down that here for you, stars were given for signs and for seasons. Let me not run ahead of myself. Just give me a few minutes. Relax a little bit. Today is a good day. We are getting ready to go into evangelism. When we leave here, we are going out in the fields to look for souls.

The cluster is in an object called ARP299 (that is scientific location, name that they gave to it) a pair of colliding galaxies, where regions of vigorous star formation.

What is it? - A pair of colliding galaxies. Things that belong to one galaxy and things that belong to another galaxy and these two galaxies are coming together; and colliding like they are merging

as one. How many know there is another dimension right here, another galaxy here, with all those stars shining so bright? In the Bible they are called celestial bodies, Theophanies. How many know stars are celestial bodies? They have a glory and all these stars there differ in glory. All have equal eternal life but they differ in glory. How many know that's the Bible too? Because death doesn't change your nature, it only changes your dwelling place. Is that right? Okay.

How many know we have Theophanies in that galaxy influencing us in this galaxy? And how many know what power we have to manifest is already in that Theophany; that we here are only reflecting what is there? And how many know that those Theophanies have to get into certain movement so we can have the right influence moving us in the Word because that's a Word body relating to this Word? And when we line up with that Word, we can reflect this Word. Because that Word and this Word are God's thoughts expressed, amen!

Wait, wait, wait, so you can manifest the authority without the Theophany? I thought what you do here, is reflecting what you are there. If you are unclean and vulgar here, your representation is below. If it is heavenly you have something up there. This life is a negative. Is that right? How many know your Theophany has the very same - you are in the very image of that same Theophany? Did Hope have brown eyes and brown hair; though the body was in the grave yet he saw her in the Theophany looking the same? And the Theophany is before the body. Showing that the negative was made off the positive. Is that right?

If you by revelation are catching it; knowing it in part; what you have to manifest here in this life; you are seeing your future being revealed to you in the Word; you are walking into it and your Theophany there knows all things; doesn't your Theophany know that Word there? And the reason that you don't know all things is because you bypassed that Word. Because the new birth links you up with that Word. And that perfection is calling you to that perfect place. That's why you crave to go back there. Is that right? And these vitamins are what grow you into a proper body to go there. You feed on the Word and you become the Word image here and you go to the Word body. Is that right? Then those who die go there. And those who live until He comes, their

Theophanies come here, and pick up these bodies, that have changed into that glorified condition. Is that right?

Some stars are beginning to show their true colors. Do you know that stars have light? Do you know light is broken up into seven colors? Do you know the true colors of white light are: red, orange, yellow, green, blue, indigo and violet? Do you know that's seven mysteries? Is that, seven steps? Is that seven voices? Is that seven virtues? 'I am The Way, The Truth and The Life. Without the way there is no going.' And the way is seven steps. Without the truth there is no knowing. The truth is seven voices. Without the life there is no living: seven virtues. Is that right? Is that the mystery of Christ? Is He the great diamond? My! And there is a Bride here that has all seven lived voices, thundering out in sweetness and purity. Is that right? Oh brother!

So Esther, as we say, watch her. She means star. And this star, all through the book in chapter 1, she is a little nobody star, an orphan. In Chapter 2, she gets chosen, gets a little brighter but nothing to draw any special attention. The highpoint of the book is chapter 4, where she begins to understand now, 'and who knows whether thou was brought to the kingdom for such a time as this, star.'

And that now, you are not just some little girl who won a beauty contest: Miss Medes and Persia. And they photograph you and put you in the magazine. No, no, no, you are here to save the race of your people, through whom Messiah is going to come. You are the last woman in the Old Testament. You are the queen. In other words, you are the final voice. And you will manifest even to half the kingdom, showing you are joint heirs. He is half and you are half. He's the Old Testament and you are the New Testament. And two halves make one whole. Is that right? You are the feminish spirit taken out and revealed in another body. Watch.

The cluster is in an object called ARP299, a pair of colliding galaxies where regions of vigorous star formation have been found in past observations since 1990.

That is when they sent out the Hubble. And when they sent out the Hubble, they began to observe things. Greater vision brought greater awareness. Greater awareness; things unseen that the

smaller telescopes that was discovered in the reformer age couldn't really get out there to see these great things. Now watch,

Observations with the NSF very large array, earlier showed a region near the nucleus of one the colliding galaxy, which had all the earmarks of prolific star formation.

As they focused on a certain region, they said, "We find in this region, there are some vigorous star formation. It's like stars are just exploding in that region." I wonder if that is in the Caribbean region. You see some of you, I already I lost some of you. From the time I get into revelation, I lost some of you. What is in heaven reflects what is on earth. Because all those stars in heaven are scattered across the earth somewhere in countries.

And you can't bring this light until you see yourself in the scripture. And this light is only shining, in the time when Hatach is reiterating the words of Mordecai, in the time when the writing was put into effect before the actual persecution came upon the people.

And in the year 2001, all these laws have been evoked, have been brought into effect, all these laws. They could arrest you, lock you away, have secret tribunals, military trials, no public trials, no family can see you; the public can't see you and they could confiscate your property. They only have to suspect you. They only have to say, "We have sufficient evidence." Then they gave themselves the right to go into any nation, any country, change whatever government, anything that they say, is a threat to the world, to deal with it. Think!

And all these things pass off. People get caught up in nationalism. "We belong to America." Misquoting, "I'm a true American." The prophet said the nation is already conquered and gone. They turned down Jesus Christ in 1957. That was her last chance; rejected the Gospel. An atomic bomb is waiting to destroy it. They can't repent. They go straight into that Jezebel system. That Jezebel system is the power behind the throne, guiding the nation to its destruction. She is going to fulfill everything of the first beast. The first beast is going to accomplish his will through that beast, like Jezebel worked through Ahab. Is that right?

That's the Bible and the message. You can't get away from that. You have to be an idiot, a denier of the Word, to deny those things because a prophet said those things by revelation. Because

if you are Elijah, Ahab and Jezebel has to be here; if Ahab and Jezebel had to be there, history has to repeat itself because he repaired the altar. He brought the rain back. Is that right? He anointed a church with his robe. That's right. Exactly. You can't make that miss because that's how he revealed it.

Even while he was preaching that, he said, "God has God called, God trained man to carry this message." Is that right? He said, "Because Elijah was coming down now. He was going to give them a second hand robe, but they will have a first hand God. That's right! Exactly right, my!

This is my thought. They focused on this region. What caused them to photograph this? For the first time ever, they found a region that has prolific star formation. Exploding stars so bright that it would light up more, in a few months, than what the sun would do in a billion years. And one will be brighter than a billion stars, brighter than an entire galaxy of several billion stars.

You mean to say, right here there are people sitting this morning, out in the region there, that believe these things, that have been thought these things, to look for these things. They have been posted since September 11th; and bringing, message after message, after message, showing them the working of this repeat performance of all diabolical, cunning and cruelty. Uncovered all those things in the Iraq war and all these different things that are happening according to the Bible; showing them the depopulation that is prophesied, in the fourth seal; power given to them to kill with sword, with famine, with pestilence and all these things.

And look how it is coming up now. The British Prime Minister is in a lot of trouble right now. Do you know why? Because of the lies that they told and deceived the people; and the American President said, they are waiting to bring it out when it gets closer to the election; that they schemed the whole world.

People, sitting down inside of here, think I'm crazy. People think that you are taking too much on yourself to say certain things. But if they have any sense, they will know you are watching the Bible. You are watching what a prophet said. You are not making that up. You are not trying to be mysterious. You're a close observer and you know there are two spirits. And whatever is happening on the earth is in the Bible somewhere. That's how I know the Bible. It must be written somewhere.

Because that's the way the prophet knew it. He said, "God doesn't do anything except it is written inside of here. He only works with what is in here. This is not an ordinary book, friends. Look, even this third bible and that first bible are together, in time and in season, in continuity. Is it a co-incidence that it blacked out again when you are preaching genocide? See what he said in 'The Feast of the Trumpets'. He said, "That is what it comes to. It's now loosed in the ecclesiastical realm, to do what it did in the political realm." He said, "God shows it in heaven when it is fixing to happen on earth."

Then Supernovas come out. Because out of Esther, you are showing that spirit is loosed and is coming and the bride is being warned and awakened, to get in there. And that's the time she explodes, boom, and they discover it at the same time. And not that, it is something there all the time but for the first time ever seen by human eyes.

It's a big thing for them in that field. What about for us inside of here, it is not a big thing for us? No, no, that's on every radio, every T.V evangelist? Benny Hinn preached that already? Morris Cerrello beat that so much, there is nothing more to preach on it? Turn on FM 98.1 or Radio 730AM, and you hear it everyday?

Then has the Bride found favor in God's sight? Is He whispering secrets in the ears of the Bride and not the flirts? Did he say such a thing? He would get the Bride close up and whisper secrets in her ear; give her the mind of Christ that she knows what He wants done with the Word?

It's for me to say and for you to judge. I'm not trying to convince myself you know. The kind of faith I have with these things, if I alone on the planet believe this, I'm in the majority. Do you know why? You have to get a different Bible than this one, to disprove these things. That is like when the prophet walked out with serpent seed. Do you think there was a man who could challenge him with serpent seed when he could see those things in the Bible? It can't happen friends. It can't happen.

This is to help you. This is to help you to realize what time you are at. And why you need to make decisions; and why you need to put yourself in order; and why you need to get desperate or perish. This is to tell you, whether you are ready or you are not ready; or if you think you're ready; or how conscious you are; or if

you think you are conscious. That is what these things are for. This is to say, “Examine yourself in this light.”

I don't know what light you examine yourself in, to think you qualify; but examine yourself in this light. Because this light is showing you the time and season, the behavior of the Bride and you can't beat your type. It says if that is Esther, in this season and this time behaving that way, are you behaving that way? It says, she got this understanding; a man reiterated those words to her, it broke her into that realm. He says, a man reiterated those words to you, have you broke into that realm? That's how these things are.

It says, are the laws in effect or are they not in effect? That is what it's coming to? Is it in the days after Vashti refused the headship of the king or not? Is this the continuing experience of the virgin bride who has been chosen after the rejection of Vashti or not? If in 1965, 'Choosing a Bride', after the Pentecostals rejected the message, then in the year 2003, what is it? Esther going in the presence of the king, is it that? Think!

They say, “the scientists found four objects in the dusty clouds that are likely young Supernova remnants. When they observed the region again in February 2003, there was a new fifth object, located only seven light years from the one of the previously detected objects. More observation from April the 30th to May 1st 2003; showed that this new object has typical characteristics of a Supernova explosion by a young massive star.”

In their bible, in the heavens, they see a star exploding. They say, “We have to call this a Supernova. It is young. It is massive. And the explosion makes it so bright, we have to declare it's that. Because it has all the characteristics of what a Supernova is supposed to be.” Natural astronomers, studying their astronomical bible, which is the same bible to this Bible; God wrote three bibles. Is that right? How many knows that?

Quickly, let me give you some words of the prophet here, to help you a little bit, to help your faith a little bit. On a message 'Show us the Father' the prophet's speaking, he said,

And there He came out. There was nothing. (El Ella Elohim. Nothing.) And then here come the Logos that looked like a halo hanging yonder. No man had seen God at anytime, now eye to eye. And here is the Logos. Looks like, it's a supernatural Being. It's a Halo. That's the Son of God... But it was the Logos that went out

of God. And there He was playing out there in space just like a child before the door. I can see Him draw the whole picture in His mind of the Kingdom and what it might be.

He said God came out now, the Logos; the Word that created in the beginning. ‘All things were made by Him and with out Him there was nothing made that was made.’ He said, “And I can see Him with the whole plan and the whole picture already drawn out in His mind.” So as He opened His mouth and begins to speak the Word that is forever settled in heaven, He’s going to write it in the stars as the first bible.

And the first thing I hear Him say “Let there be light.” And when He did an atom broke yonder

How many believe an atom broke yonder?

...And the sun comes into existence. I watched that sun burn for billions of years. The first thing you know, when to clinker He stood and watched it. It flew, it fell for a few million miles; He stopped it. Then another flew and He stopped it.

It flew for ninety-two million miles, He stopped it right there. That is the earth. The next one flew; He stopped it. That’s the moon. He was writing. He was writing. He was writing the Bible.

What? He was putting the solar system. He was writing His first bible. The first bible was written in the skies. Man looked up knowing that God was above. Look at the zodiac; it starts off with a virgin; ends up with Leo the lion.

Esther was the virgin. Ahasuerus was the king, the lion. The book of Esther, out of all the bride types, Esther was the only one who was the queen. Do you get that? And that’s where Leo and Virgo: the king and the queen, the virgin comes together to seal up the whole mystery. She is the last woman in the Old Testament. All these are truths that He revealed.

Everything in the heavens declares Him. Everything in the earth declares Him. Everything around Him declares Him. His people declare Him. His power declares Him. His son declared Him. And I’m declaring Him this morning.

My! ‘Where is He king of the Jews’ Listen. He’s talking about these wise men.

And now these men, they waited on the one and only true God and they worship Him in the light of the sacred fire...

Because that Bible is written in the heavens, we just read it here, out of ‘Show us the Father.’ He said,

They claim that before God does anything on earth, He always shows it in the heavens first. And they are right. (And they are right) Always, God shows it by heavenly signs first.

Since when did He ever do anything that He didn’t show a heavenly sign first? (The prophet asking the question.) Think of it in every age that you wish to, and God always does show signs in the heavens first before He does anything on earth. It comes from the supernatural, drops into the natural and is made manifest, every age, every time

Every age, every time - He does nothing unless He shows it in the heavens first. Why? Man was to look up knowing God was above, when God wrote that first bible. The same way it is in this Bible, it is in that bible. We are more trained to look at this Bible. Sometimes great things happen there. He let us look at it to mark it. Because sometimes people might say you are interpreting that here, but when it happened there who could interpret that?

You say, “You take this scripture and tie it to that scripture and that scripture.” But who could take that side and put it to that side and that side? Nobody can do it. Man could tamper with this, but he can’t tamper with that. No man could go up there in a spaceship and move a planet around somewhere.

But man could say this word doesn’t mean that in the original Greek and it means this in the Hebrew and in the Chaldees that meaning was lost. They could talk all their nonsense here with this. That is why Seventh Day Adventists and Jehovah’s Witnesses and they wrote their own bible.

Now we are talking about this uniting, this uniting time. So catch this now. He’s giving you all some scriptures here now. Jesus was here in this last scripture reading, which was Mathew 16. He was rebuking the clergy for not being able to discern the time or the sign of the time. Jesus in this day when He came back in the prophet was rebuking those ministers because they couldn’t see a sign of seven angels in the sky. They couldn’t see the moon blacked out, when the pope was going to Jerusalem. And all these things were scriptures and they were clergymen. And here the prophet said,

Now He always has been a great thing to the people, to be able to discern the sign and the time that you are living in because God writes it so plainly, nobody could escape it. They should have known what the time was.

He said in another place, 'if you had known me, you would have known my day.' It's a very great thing that we understand. See? Without understanding. And now we know that the God that made the heavens and the earth and so laid out His work. That He would describe His time by signs...

When God spoke the galaxies, it wasn't just throwing stars there, you know. There are stars that don't move. It takes thousands of years before they move a couple degrees. It has some that Jude called wondering stars. They're moving all the time. There are some that move in this constellation, move in that constellation, and move at different times of the year, you see them in different parts of the world.

And so all of that, is like a big clock because in the old days they told the time by the stars. Watchman what of the night? He is watching the heavenly bodies. And he is posting the city that he is made a watchman over, by letting them understand what time it is and what is happening. He could read the signs in the sky to warn them.

That is why a watchman has to be able to read what is happening other wise his people can't be warned. And if the people can't be warned, then they can't deal with the enemy that would come upon them because they need warning before they could prepare. They need adequate warning. That is why the best-sighted men had to be watchmen. They could climb up high and see far. Now watch.

And we see the time that we are living in. There must be something that somebody's overlooking somewhere. See? Because God would never let these things happen, without giving us a definite sign that we'd understand.

You mean all these things are planned, all these laws are passed and God wouldn't give us a sign? I find it very comforting to know, that the moon would come back in eclipse when certain things are being preached, to confirm that and you don't have to interpret that sign. When that total eclipse came and it was

revealed by the prophet; it was something that started and will go until it is fulfilled.

It was the pope going towards Jerusalem. He said, "The Catholics are going to get the Protestants into fellowship to bring them to form the image of the beast, to close down churches like these." Now that the laws are passed and the eclipse has come back and the message is, 'The Planned Genocide'. And that's the spirit being loosed in the ecclesiastical realm, and it's is happening now.

Then shouldn't we have understanding? And saying, "Esther wake up; it is time to get in there!" And then the Supernovas appear, for the first time seen by human eyes, on the edge of space where galaxies are colliding now. Do you get what I am saying? That is making sense to me. If I didn't preach this and I just preach this Word here, it is right. But this tells me, if this is right, shouldn't there be some signs in heaven? Isn't this major? Isn't the Bride looking for a squeeze; and it is prophesied that they are going to come and close us down for the last thirty something years - forty years?

And when those spirits let loose even before that, the Holy Spirit dropped down right here with the messages, showing to us those things: 'The Royal Seed Hidden in the House of God' 'Athaliah coming to kill the seed'; and all these things. 'Evil Counselors Behind the White House Throne'; 'Results of America's Apostasy', 'The Day the Towers Fell', 'Depopulation by De-weaponizing and Disease', 'Extermination for Expansion' 'To Kill and Take Possession', 'Predators and their Prey', 'The Planned Genocide', all have been that.

There must be something that somebody's overlooking somewhere. Because God would never let these things happen without giving us a definite sign where that we would understand.

And now here is the same today, the clergy we don't read it right. It's just like it was then, they didn't think that it was time. They thought that they were living pretty peaceful then, so they wasn't waiting for any Messiah. And Jesus said that His coming would be like a thief in the night, when the people would be unaware of His coming. But there were some of the virgins that went out to meet Him. Half of them had oil in their lamp and was ready, they were watching for that sign. And that's whom I am

speaking to. "He says, "To those who are looking for the sign now, the sign of His coming.

Ursa Major, the colliding galaxies that produce the Supernovas are found in Ursa Major. This is one of about three hundred galaxies located in this constellation. Ursa Major: the greater sheepfold, the church, the family in heaven. It means the assembled. There are seven great stars that are spoken of as the seven stars. How many know that all seven stars are in heaven assembled with their groups right now, the family in heaven? How many know there are no messengers on earth any more, all seven are in glory? Jesus is going to come to them first. Is that right? Ursa Minor: the lesser sheepfold; the family on earth known as; wait in him who cometh.

Now watch this. This one means, waiting on him who cometh. The other one means the assembled: the assembled who are waiting on him who cometh. These two constellations are two of the three constellations in the house of Cancer, which speaks of the possession, the reward of His sufferings; His purchased possessions. When He possessed the enemy's gates, when He shed His blood, when He slew the enmity, He purchased a people. He has His possessions. He holds them fast. It was the reward of His sufferings. He took their place. He suffered and died to pay the price. He laid down His life for his friends, the ransom price to take them back. Now He holds them.

The star of most interest in this house is the North Star. This certain star speaks for itself and is located in Ursa Minor. The North Star right now is located in those who are awaiting him who cometh. Is that far from the Word? Is the Lord in the midst of the called out; the ones who are looking for the change and the corporal body to come? Is that where He is? Was the King among the guests, checking robes, where galaxies collide before they cross into the wedding supper?

Think; think; put on your thinking caps. Don't get your minds blown. This is to clear your mind, not to blow your mind. The last constellation in that sign is Cancer. And that's where these Supernovas are being located, in Ursa Major.

And that's why I said, all these explosions, that's Theophanies friend, celestial bodies exploding. Do you know why? - Because there are a people on earth, who have to reflect that. There are a

people on earth who will reflect light that will be so bright. In a few months, it will be greater light than the sun would shine in a billion years.

We are getting ready to reflect some things here, friends. But it is happening in the heavenly realm, then it is reflected here; then it just drops down in this realm. That's why he met those angels first. Then he came back here about a month after and started to preach the seals. He linked with that first and then they came each day and anointed him for a particular seal. That's right! But he had to meet with them first.

This is the time to get a charge like that, which goes through a battery. This is a time where a believer knows; "He is putting strength in me. I can do all things because it's a strength that comes in me." Human strength that you try to preserve your life with, moves back. And now she's going to face this with the king's strength. "You'll speak and I'll perform it. This is going to be you and me in union; you ask it. What you say, I'll command it to be done." Oh brother! "You point out the enemy and I'll meet the challenge." Amen. "You'll possess every gate of the enemy."

I'm looking for it friends. I see it in the heavens; I see it in the Word; I see it in the time and season; I see it with continuity of the bride experience since she was chosen; since she had her own feast; since she got royal apparel; since she could drink royal wine with the king, in the royal banquet. My!

Astronomers have peered through a secretive cloak of dust to find five exploding stars in a region of space believed to be amongst the most energetic in the universe. They are calling it a Supernova factory. The first of its kind ever witnessed. (It's what you saw.)

To see that, a secretive cloak of dust, shrouded up in secret, in mystery. Their telescope makes them peer through that secretive cloak that hid this, sealed up behind there. And they witnessed it for the first time. And they said it is in a region of space to be among the most energetic in the Universe. You talk about energy in that place. Brother I tell you that they should have known what time it was. He said,

These signs are given by the Lord, 'Uniting Time' is given only to believers. The unbelievers never see it. They go right over the top of them. They don't see it.

As sure as it would be an Angel of God stand on the platform tonight, just as true as I am looking at you. And I could be looking at it or you could be looking at it. And I couldn't see it or I could look at it and you couldn't see it. Now you know that's scriptural; that's exactly the truth. You know Paul fell down but none of them could see that Light.

That Light was right there, when John stood there before the multitudes and thousands on the bank there, of clergymen and sages and great men. And John said, he bore record of seeing the Spirit of God descending like a dove and come upon Him and a voice saying, "This is my beloved Son in whom I am pleased to dwell." And nobody saw it but John. It was just for him.

Did you notice how vivid the signs for the wise men? They were Hebrews. They weren't really Indian astronomers; they were Hebrews. And when they looked toward Jerusalem, and knowing that they saw those three stars from each of their birth path, of Ham, Shem and Japheth of which race they come, each of them, and they seen them stars in their birth path. That was a sign to them, that when those stars were in line, the Messiah is on the earth.

It was a sign to them that when those stars were in line, Messiah was on the earth. It's a sign to us, when those stars are exploding and shining with that kind of brightness in that hour, brother it must meet what is written in the third bible here. Because there are three bibles and one Author and each bible holds the same theme of redemption from Virgo to Leo.

Oh my! No wonder they came, "Where is He? Where is He that's born King of the Jews? We've seen His star in the east and have come to worship Him. Where is He?"

Where are those exploding Supernovae on the earth? I've seen them in the heavens. The scientists have seen them. Where is this region in the universe that is so energetic; where stars are laying aside everything and coming to self-crucifixion and self-sacrifice: where there is going to be a power of deliverance for the people. Where is this on the earth? We have see the stars exploding in the sky.

Where is this people on the earth who is going to manifest light so powerful; that brother, for billions of years not even the sun could shine that kind of light, that they will manifest in a couple of

months. Where are they? It has been spoken by a prophet on the earth, it must be here; that a bride will be a super race, that she would be the super sign, that she will do the greater works in this hour. I'm sure not going to Jerusalem to Herod with that. I want to say that in Bethlehem here. Why little Bethlehem, amen!

They know that that infant Messiah was laying somewhere because God gave them a sign of the time, that God and man was uniting together...

Is this a sign, friends? Is this a sign or is this Brother Vin just making up something here? Could brother Vin make it up this good? Could I bring it where it needs to be brought? I've been speaking the Word, these things happen. I just paused on my message from last week, just to drop this in here because this goes with, 'The Planned Genocide'.

I dropped in this part here, with the exploding stars, for what? To give the little church comfort, to give the little church expectation, to tell you here what a natural astronomer is seeing in that bible. And look what a spiritual astronomer is seeing in this Bible here. They looked at a star and I'm looking at a star here. And I'm looking at a whole bunch of these Esthers. Did you hear the song this morning? 'It's time for these Esthers to awaken. It's time for the end time Daniels to rise', amen!

How many know Joseph was a Supernova? Was Joseph a star? Was Joseph a star? Did he see it in a dream, that he was a star? Amen, did he go through great sufferings? Was he rejected? Was he in prison when the baker died and the butler was saved? Was that a type of Jesus on the cross, where the bright and morning star died? Is that right? Where in His death He conquered death, hell and the grave. Is that right? When He rose with such power on Easter morning in such a glorified condition, He went right through the walls? Is that right? In a body with no sickness, no pain, no suffering. Never seen power like that. After He died, then you saw the brightness. Is that right? What He did that looked so great in the ministry before, couldn't even match what He began to do after the resurrection. Is that right?

Then Joseph, was he that type of Christ? Was he a Supernova? Then when he died - went through that season, he tried to come out of that galaxy. And he had to hold that place there and for two years he was dying and he learnt to possess his soul in patience. Is

that right? And then what happened? He began to explode. Is that right? Brother, the Butler saw it, the Baker saw it, and the prison office saw it. Something was happening in the prison; supernatural God; signs and wonders in the prison; interpretation of dreams. Visions of prophecy being opened up in prison to reveal restoration; one going back to the throne and one will be eaten by the fowls of the air, in the supper of the great God at evening time. Amen, in the prison, friends.

When he came out of the prison, he got shaved. Is that right? And when he came in the presence of the king did he get a new robe? Did he get a new ring? Did he get a new chain? Did he come in the second chariot? Did every knee bow and every tongue confess, when Joseph was coming? They had to bow their knee. Did he tell his brothers, "Go tell my father, you have seen the Supernova? You have seen my glory in Egypt. Let them see what I was raised up to be, the little old Shepherd boy. Look what God has made me here." Oh, thank You, Lord! While that glory shone, people were saved. His family was delivered. Is that right?

Was Samson a Supernova? Was Samson a Supernova? Was he dying? "Lord, let me die with these Philistines. Just once more Lord." Was he a Supernova? Did he know, before he could see this power he had to die? Was he willing to die? Amen, was he willing to pay the price? Did he understand that's how the power had to come?

That's what Esther couldn't get in the beginning, but that is what she caught afterwards. But Samson said, "Lord, let me die." Did he do the greater works? Did he kill more in that little space of time? Did he shine brighter than all the days? The Sam-son, a little son, a miniature son, is that what he was? Did he die with his hands stretched out speaking in tongues, amen, pushing the temple down, praying? Was that how Jesus died when He was slaughtering the enemy, spoiling principalities and powers? Was Samson a type of Christ? Oh, my little Supernova!

Was Sarah a Supernova? For twenty-four years she refused to die. But then in that hour, when Elohim came and turned His back, amen, when He discerned the heart; when He uncovered her condition, amen! And He said, "Is there any thing too hard for the Lord? That you can produce these greater works Sarah; that you would bring forth the promised son. I would make you. Nothing

is too hard for me.” And she judged Him faithful and she died to her own thinking. Did she get Dunamis? Did she manifest Dunamis? Did she come back young? Did she bring the promised son on the scene? She was a Supernova. In that hour brother, she shone the glory and power in a short space and time. Is that right?

Oh my! Was Jesus a Supernova? Oh yeah, He was the greatest Supernova of all Supernovas. Was Jacob a Supernova? Was he a seed of Abraham? Was he one of the stars in heaven? When Abraham had no children and God said, ‘so shall your seed be,’ He was one of those stars. And when he come down there to Peniel, and he faced his greatest battle, and he’s crossing back into the land of the fathers at day break, when the morning star came out, the darkest time before dawn, when the mighty angel descended and he got a hold of Revelation 10:1 and he wanted to know the new name. Is that right?

And he began to cry out. He said what do you want to know the new name in the seven thunders for? What is your name stinker? What is your name? He said, “Jacob,” he began to confess. He began to deny. He began to lay aside and he began to see his condition. Is that right? But did something happen? Did he prevail with God? Did he get an unseen power? Did he rise up and walk differently? Did he run from Esau or he walked over to meet him? Did he conquer his enemy? He wasn’t afraid. Is that right? Does Peniel mean see God face to face? Yes sir! He was a Supernova. Amen, he was bringing forth little Josephs, another Supernova. Amen, glory be to God!

Aren’t you glad to be part of the Supernova family? These Supernovae; behold the Supernovae in one of the most energetic parts of the Universe. Hallelujah! Glory be to God! Stars dying.

Is Esther a Supernova? Is she a seed of Abraham? Is she the queen? Is she going to manifest the king’s authority between Esther, Ezra and Nehemiah and Job; between the sixth and seventh trumpet, in the days after Modecai, when the seventh voice of the king spoke, when Vashti refused it; in that time when the writing came into effect that it was a genocide; and Hatach was reiterating the words; a Supernova rose up there?

Did Esther go into the presence of the king? Did she manifest the authority? Did she explode? Did her people get deliverance? Oh, thank You Lord! Glory be to God in the heavens! What is the

sign? Supernovae - what is the time? Brother a bride; a dying star, Esther means a star, a star who was dying to herself. But in the dying to herself, she was going to manifest the glory and the power of the king, even to half the kingdom. Hallelujah! - For such a time as this, for such a sign.

They knew that infant Messiah.

Their clocks was the stars... And when a certain star in a certain constellations as they were passing, he knew what time it was... they kept time by the stars.

Now, isn't it strange that these stars were exactly in line for three men and nobody else saw it? Just exactly in line. (Get this) Now you can be so in line with the Scripture. When those stars become in unity, united themselves together in this constellation, three men were also united at the same time. And you can be so united with God in His word, until these things become realities, and you can see them, and know that they are true...

When these things lined up in the sky and started to show it self, you can be so in line with God; and so lined up with the Word that you would be walking in the Word; in the continuity of the Bible. And what you are seeing is here is what the heavens are saying. Because when those three wise men came and said, "We have seen the star in the sky where is He?" He was right there. Is that right? They were so in line with the Word and the stars were so in line with them; and brother, it led them straight to the Messiah.

When the prophet saw that sign in the sky, twenty-seven miles high and thirty miles wide, he knew the Seven Seals. "Is this the thing I wondered all my life? Is this the thing I waited on? The healing never hit a spot. Could this be the sign, Sirs? Is this the sign of the end? What time is it Sirs?" He had to die. He had to die to his own thinking because now the intelligence was coming down.

He said, "I came back out, I was put at the head of the table. When I spoke, I commanded. I was white all over. I saw myself in vestures of authority. Amen, like a Chief Texas Ranger and an Indian Chief standing there, on that white horse with a military prance."

He said, "Notice all those chief authorities from the west. They brought me back and put me at the head of the table; the

Lord's Supper table at evening time." A change of ministry and when he spoke, he commanded. Because he was taking the place of the Lamb, the Lamb veiled in him was breaking the seals. Is that right? - A man so in line.

'Super sign' When them three stars lined up it was a sign (Let the musicians come please) it was a sign the Messiah was on the earth. They knew it. They believed it. And they were the one who saw the stars. The rest of them didn't see them... but they saw them in the way that God had presented them to them.

That's the way the Gospel is today. It can only be seen in the way that God presents it to you.

He presented this book of Esther to be a certain way. He presented that to me in a certain way. And He presented those things since September 11th, a certain way. And I see these things happening. And I stand here as a watchman in the tower. "Watchman, what of the night? The morning cometh and also the night." - The breaking of a new day friends.

If it's presented to you outside the continuity of the Bible, then it is not God telling you that.

If it is presented to you outside the continuity of the Bible, then it is not God telling you that. Is that why I have to show you between sixth and seventh trumpet, in the days after the seventh voice of the king, after Vashti rejected the Word, after a virgin bride was chosen, after the writing came into effect, after Hatach begin to reiterate the words of Modercai, then she went in? Is that the continuity of the Bible?

Is that the continuity from 1946, the great healing revival, Esther chapter 1; in 1963, the seventh voice of the king on the seventh day? In 1965: the choosing of a virgin bride. In the year 2001: the writing came into effect. In 2003 here, the words being reiterated; Esther waking up; ready to die. Ready to die. And wasn't it the second time, not the first time the second time. And when the second time came then there were many Supernovae, when He went back to the Bible the second time.

You know, I spoke some of these things before, even in this season. But this morning, I brought a message on it because of these other things that had happened. To nail it down for you, to say, "You see? It is not make up. You see how close God has come? You see where we are at?" If there is any thing, of virtue

and honest, am I trying to deceive you with this? Am I trying to make believe with it?

I know I spoke a little more than usual this morning, in the kind of first person part of it. But I'm doing that because I have to let you know, it's not a little fly by night thing that you are trying to understand. He knows my heart. I'm not trying to inject myself in that. Now why am I saying that? Do you know why? I'm sensitive to that. I've lived for thirty years sensitive to that. I've lived for thirty years sensitive to that. Do you know why? For me, nobody can move me. How can I see it so bright and somebody try to move me? You can't move truth with error.

I'm saying that because I want to get you to believe me. You say, "No way. I believe God, brother." We know that. When we make our altar calls and we baptize people, we know that. But that's not what the Angel said when He came, the Angel said, "Get them to believe you." He said, "That's why your pastor can't do anything for you, because you have to believe Him that he was commissioned and sent to you."

And how will you know if he is anointed and commissioned? When he speaks, he will speak what the prophet spoke and what the other prophets in the Bible spoke because the Spirit in one true prophet can't contradict the Spirit in another prophet. But the Holy Ghost - and if it is the Holy Ghost, He will teach you further on these truths.

When I say, it's not on eleven hundred and fifty-eight tapes. I'm not saying, I have more revelation than that. I'm not saying that at all. I'll be a devil and I'll be crazy to say that. But I'm saying, true to the Word, the Holy Ghost teaches you further on the truth. If you don't get further revelation on the same truths, it isn't revealed to you. You are parroting.

You say, "What are you saying?" Find where Jesus preached on Ephesians. Find where Jesus preached on Colossians. Paul was writing that off of his revelation that he got from what Jesus said, because Jesus came in the volume of the book. He opened the scripture and opened their understanding. He gave them sermons to dovetail all scriptures. But Paul said, as the Holy Ghost is now being revealed to sons of God, to the apostles and the prophets in this hour, the hidden wisdom that was sealed up in God. Because Jesus said, "I have many things to tell you but you can't bear it.

Howbeit when the Holy Spirit comes, He'll bring it back to your remembrance.”

But when I found that seventh day manna, in the sixth day manna that finished everything. Everybody's waiting for the seventh day manna to come, but tell it's in the sixth day manna. It unfolded yesterday. The manna; the heavenly food; that Angel food; the seventh one, was always in the sixth. Nothing came on the seventh day.

And under the sixth seal is where those trumpets were preached supernaturally. He never said the Church Ages were preached supernaturally. The seals were preached supernaturally, the vials were preached supernaturally but the trumpets were preached supernaturally. Do you know why? Because Revelation 10: the seventh voice of the King is between the sixth and seventh trumpet. And that is what the book of Esther opens with and begins to unfold the wrath of the king. Alaska almost sunk when the anger of the king burned, when Vashti refused the message.

Signs and seasons: “A sign of something or someone to come. The seasons speak of not what we call the four seasons of the year but cycles of time. It is appointed time. The stars were put for times and for seasons. Appointed time, from the verb to point out. Three times in Genesis again, after that it appears and each time it is connection with the promised seed.”

Genesis 17:21; “At the set time in the next year, I will come and Sarah will have the child.” At the set time in the next year: appointed time.

Genesis 18:4: “At the time appointed, I will return according to the time of life.” The time appointed.

Genesis 21:2: “And the Lord did visit Sarah in the set time of which He had spoke.”

Stars were to mark out with distinction, certain junctions and certain seasons of revelation in the heavenly body. That's why when they saw Saturn and Jupiter in the Constellation of Pisces, the men and they set out, not for Babylon, not to Egypt but they set out to Jerusalem. “Where is He, born King of the Jews? We have seen His star in the East.”

All down through the Bible friends, God shows these things in the heavens first and then on the earth. From the time He showed Genesis 15:5, “Abraham so shall thy seed be.” Genesis 37:9,

Joseph dreaming of his family, the sun, the moon and the stars. Numbers 24:17, Balaam saw a star rise out of Jacob. Matthew 2:2, “We have seen His star in the east.” I Corinthians 15:41, Stars differeth to one another in glory. Jude 13 - wondering stars. Revelation 1:16 and 20, Jesus has seven stars in His right hand. Revelation 22:16; “I’m the bright and the morning star.”

Heaven consists of the Word friends. The heavens declare the glory of God. Day unto day it uttereth speech. Those stars are saying something. Night unto night it showeth knowledge. Those stars hold the mystery of something on the earth, to happen, in the plan of God. They assembled, waiting on Him who cometh. Isn’t that beautiful?

He who holds fast His possession; the reward of His sufferings, the very North star Himself, in the midst of the ones who are waiting. And when galaxies are clashing, Supernovas are giving birth, that world and this world are blending in like that. God bringing His kingdom to flesh and Satan bringing his kingdom to flesh. Look where we are at friends.

It has been a little long this morning but it has been good. ‘The Sign of the Time’; God still describes time by sign. And according to the type of sign, you will know the type of event that is to happen. Is that right? Dying stars exploding and becoming bright, lighting up a place with such power, like Samson, like Esther, like Joseph, like Jacob, like Jesus, like you and me. I was born to be a Supernova, a shining star in this hour.

Let us stand to our feet. Let’s worship a little bit. I’ll ask the saints to sing that afterwards because it is so lovely. When that was written back there, the Holy Spirit gave a song that even marked it that we still sing today. And when it came back around the second time, the Holy Spirit came back and Sister Georgia couldn’t understand why she called it ‘This is the hour’. This is the hour; this is the hour. It came back friends.

We want to hear those two songs this morning. God is marking them. All this is part of the activity, a spiritual energy in this part of the Universe. ‘Things that are to be’, *Can’t you feel it among you? Can’t you feel those Theophanies mingling among you, giving you a charge of faith, a surge of the current of the spirit?*

Those two worlds are colliding friends and those Theophanies are already beginning to brighten up in such a way because this is the hour when that manifestation is to be shown through you and me as a witness a ministry of testimony after the doors are closed.

The cleansing of the sanctuary, remember we started this year with that, 'The Cleansing of the Sanctuary'. Look where this is going, friends. He'll anoint a church after the doors are closed. Do you see where it is? What were we looking at in 1987? It wasn't through those reformer telescopes but neither was it yet the Hubble. But what you are looking at now friends, there is no mistake to what you are seeing. There is no mistake in what you're seeing.

I just want to just get sober in His presence here this time. Where your heart could commune with Him, "Lord, this is you. You have shown us your grace and your favor." I believe He has friends. And when we sit, and we recognize as we listen, mixing with faith what we hear, searching the scriptures to see whether these things are so. Is it being presented in the continuity of the Bible? Yes it is. What time is it then? Something is going to happen here. God's strength will be made perfect in our weakness. All these things, friends, we started since last year coming over.

We are getting ready to go out in these meetings, to find some of our people, to call them. May the Holy Spirit today, find your heart in a place, where there's a crave, and there's a desire, there's an interest in the things of God. If as you search your own heart, you can't see that it's first place. You believe in Him. You try to live for Him but He's not first place. He's not predominant right now because you let so many other things come in and rob you of your time and take your attention away. You are more focus upon those things. Your energies are channelled towards getting those things, when you should be striving for the spiritual things; to get a hold of the unfailing realities that God is releasing even now.

As you search that in your heart today, in your soul, won't you line up? Won't you say, "Lord, I know I'm drifting in my mind. I know things want to come in my desire and pervert my desire. Lord, I know that I'm not where I ought to be and I can do something about it and I don't seem to have the zeal. I don't seem to have the conviction. Desperation seems to be so far from me. Only because I let other things creep up like termites and begin to

eat and undermined in my life. But this morning Lord, I want to refocus my vision. I want to re-evaluate myself, examine myself in the light of the Word because I see what you want to do and what you are fixing to do and I see it in the Word. I see the infallible proofs, Lord.”

Can He find a heart like that, that is willing this morning, a soul that is craving for these things? God bless you. I didn't mean for you to put up your hand. But those who raised their hands, God bless you, to know we have people like that here. Let us pray. I want to call brother Rojas to come and pray. Let's unite around the building, all in the Mother's room, in the side rooms, on the outside.

Why don't we at this time, in the desire, in the sacredness, in the sincerity of our heart, as we stand here under the effect of the Word friends, seeing where we ought to be, knowing if we ask for a bread, He will not give us a stone. Because that's His grace, when He could shine the light to pull us back in the middle of the road, where we might be drifting and walking away from Him. He can bring the Word to line us back up. That's His favor towards us.

That means more to you, than you can realize even now friends. Be sensitive. And may His virtue flow down into our hearts, as our brother would pray. And may He pour out His strength in us. Let our hearts and minds be centered upon that and let us believe Him for that, 'If two shall agree as upon touching anything'.

And as a believing church we want to unite our faith as part of a home family, a home church here in the house of God today. Because how can we even go out to try to get others in, if we ourselves are not lined up with the Word. How could He even use us to do something of that quality, of that nature, if we are not fully surrendered to Him? So let us believe and unite our faith with our brother. And may the Holy Spirit just fill us with that virtue and give us the strength we need.

(Brother Rojas prays)

You may greet each other. Greet your brother and sister, the strangers, the visitors, amen. You may have your seats. After we'll have a couple of announcements here.

This is a notice for saints requiring transport to and from the Airport in Trinidad are requested to see Brother Ellis or Brother Eddie Weston. Saints requiring transport to and from the Airport in Trinidad are requested to see Brother Ellis or Brother Eddie Weston. That's concerning the meetings in Tobago. If you need transport to go to the Airport and transport to come back, they are willing to help arrange something if you don't have your own transport that is. So you can see them by the grace of God.

Also we'll have a meeting afterward, our final little briefing before we go out. This is our last time. After the service is dismissed, you walk around, get to the restroom, refresh yourself a little bit and in the next fifteen minutes we would be able to talk to you in the room there, those who are going on the campaign.

We asked for some help to meet some expenses for the meetings. And we mentioned that we would take up the little offering today, which we can do at this time. Whatever you have you can give to help support the expenses. We incurred some expenses. We have to rent one or two things. And we have to get people who spontaneously have to pick them up and then help with some accommodation; help with some transport where it is necessary. We ask if you can help with that. That would be fine, greatly appreciated.

And the brothers who do that, the trustees can organize that right now, while we just sing a little chorus. And then we will have the Supernova song, amen. And after that, we will have Sister Georgia sing that song again and we'll close. May God bless you? And we ask that you would remember us (go ahead) in the meetings over there.

Wednesday night we have prayer here. Friday night we have prayer here. And also Thursday when you're at home, please remember the meetings, the three services. We would communicate with you, no doubt, so you will get a little word on what happened on Wednesday night, when you come back Friday in service, those who are not going. They'll tell you how things went on Wednesday and Thursday. We'll send a little report for you or something on what is happening. So you can at least be in touch and even can be directed in your prayer, to support the meetings in a special way, by God's grace.

So once again we are very happy to be here. To the strangers and the visitors if you have not been baptized in Christian baptism, that's not in Father, Son and Holy Ghost. Nobody in the Bible was ever baptized that way. The only scriptural way that people were ever baptized was in the name of the Lord Jesus Christ. Maybe you never noticed that. You have not been taught that. But a casual search in the Bible would verify that. The pool is open here, the robes are there to be furnished, and the Baptizers are here.

If there is any one that needs to be baptized in Christian Baptism; and have never been baptized and you are looking for something; God has been speaking to your heart; you've been attending the services; you're hungering for something more of God; we don't have baptism classes and all these unscriptural things. You hear the Word and you believe; the Bible says, "He that believeth and is baptized the same shall be saved."

God bless you. At this time we just want to turn over to the song leader. And remember the meetings after for those who will be on the trip. I trust that you really appreciated the Word this morning, and being here, amen. God bless you.
