W. V. Grant Has Great Success In Dallas, Texas

By Pastor H. C. Noah

We have just recently closed one of the greatest Holy Ghost meetings in the history of Oak Cliff Assembly, in Dallas, Texas, with Brother W. V. Grant. For months the people have met each morning at 10 o'clock for prayer. The revival began in April and continued on for 7½ weeks, day and night, a number praying through to a definite experience.

People came from hundreds of miles, from a number of distant towns and were saved and filled with the Spirit in the old time way. Most of them were grown men and women and some of them were from 70 to 90 years old and had never been saved. They came and tarried until one o'clock in the afternoon and also until one o'clock in the morning, and received the genuine experience of the Holy Ghost as in Bible days.

They were filled with the Holy Ghost at home, sitting in their seats at the church, in the balcony, in the prayer rooms, at the altar and standing in the church. Some who had been seeking the Baptism for years received in five minutes. Among those filled with the Holy Ghost were: a Baptist minister, a Methodist minister's wife with a Ph.D. degree, some from a Bible College, members of Baptist, Methodist, Nazarene, Catholic and Church of Christ congregations, and many other laymen and teachers from other denominations.

There were around 643 and possibly more who were filled as on the Day of Pentecost. And a great number received a refilling. It is impossible to know the number who were saved and healed. Several persons who were completely blind, as well as some partially blind, were healed. Scars which had covered the eye-ball on some, disappeared instantly, and others were able to read fine print. People discarded walking canes, glasses, braces, etc. A little boy who had never walked in his life is still walking perfectly. Many stiff joints are now able to kneel in prayer, for the first time in years. Ears, without ear drums for many years, were restored. Arthritis, heart trouble, and twisted backs were healed; goiters left instantly; many growths disappeared; cancers left; many people were healed in the audience or at home or while talking on the telephone. We can hardly think of any disease or affliction that was not healed. God has been so good to us and the power of God continues to fall after the meeting has closed, praise the Lord.

U. S. Jaeger Has Fine Union Revival at Twin Falls, Idaho

By C. Haskell Yadon

We have recently had the privilege of cooperating with 12 Full Gospel churches, (which included the Assemblies of God, The United Pentecostal Church, Foursquare Church, and independent churches) of this community in a healing service conducted by Brother U. S. Jaeger.

This campaign was real from start to finish. Truly the Gospel came to us not in letter only, but in demonstration of the Spirit and power. We found Bro. Jaeger to be fearless in his preaching, humble in his spirit, and straightforward in all his dealings. No high-pressure tactics were needed, for God honored His Word.

Many definite healings took place. It takes no stretch of your imagination to believe in miracles when you see people whom you have known for 20 years, suddenly receive their hearing, or are healed of cancer. Such have we witnessed in these meetings.

To say the least, this community will never be the same. Our church was blessed and God's crowning blessing fell upon us the closing night. People were slain by the power of God across the front of the church and down the aisles. The rest went down before God on their knees until after midnight. Thus was the visitation God in that manner, naming ruptures, cancers, female disorders, arthritis, tumors, and numerous other afflictions, and glorifying God for complete, fully manifested deliverance. Many of those who testified to healings were personally known to me.

Each Saturday night, Brother Allen conducted a service which he called "Holy Ghost Night." At these services, people throughout the building received the Baptism with the Holy Ghost as they stood praising and glorifying God. There is no way of counting the number who received in this manner during these "receiving services."

The Revival closed on Monday night, February 12, in a blaze of glory, with all the balconies filled, and some unable to find seats. We praise God that He is, in our times, confirming His Word with signs following.

Great Outpouring in Oakland, Calif., Under Allen Ministry

(As reported by Dr. Cecil J. Lowry, Pastor of the Oakland Revival Tabernacle.)

The people of Oakland were unusually blessed by the God-anointed ministry of Brother A. A. Allen during a four-week Salvation-Healing Revival conducted at the Oakland Revival Tabernacle.

Splendid crowds attended throughout the meeting and many were present nightly from surrounding cities, some driving many miles to be in the meetings. Heavy rains seemed to affect the attendance but little.

Brother Allen's healing ministry was not news in Oakland, since he had been in a similar meeting in this city a year ago. Numbers who had received healing at that time testified from time to time during this meeting, revealing that these healings are still in effect.

Evangelist A. A. Allen did not always lay his hands upon the people who were healed. In fact, he encouraged them from night to night to believe God, and to receive healing, wherever they might be in the Tabernacle. Many amazing testimonies were given by those who professed to have received healing in that manner, naming ruptures, cancers, female disorders, arthritis, tumors, and numerous other afflictions, and glorifying God for complete, fully manifested deliverance. Many of those who testified to healings were personally known to me.

FOURSQUARE PASTOR REPORTS
HANSON REVIVAL IN ST. LOUIS

The theme chorus of Rev. Dale Hanson's meeting, "There's Revival in the Air Today," rings in my heart as I write. The very atmosphere around the Lyn Theatre, where the services were conducted, was seemingly charged with a revival spirit. The meeting gained momentum each day it progressed.

God's anointing is certainly upon Brother Hanson's ministry. We were privileged to be at the Osborn revival services in the large open "Charles H. Terry" baseball park, in Ponce, Puerto Rico. The picture below shows the Coe tent, measured from the outside stakes, was over 130', almost a quarter of a mile. The grounds had been previously pledged to circus equipment. Both the Coe and Roberts tents are larger than the Ringling Brothers big top as far as we know those are the largest circus tents. Note the sharp contrast in size. (The grounds had been previously pledged to circus equipment.)

At the Osborn revival, it was difficult to take pictures at night, as New York Station XEG, of 150,000 watt power, at Monterey, Mexico is one of the super-power stations over which Evangelist O. L. Jaggers broadcasts the healing message daily. (See schedules elsewhere in this issue.)

1. WORLD'S LARGEST GOSPEL TENT

A letter from the Smith Manufacturing Co., Dalton, Ga., declares that according to his measurements the Coe tent is by a slight margin the largest Gospel tent in the world. Since Oral Roberts has a prayer tent 90' x 130', Brother Roberts has the largest amount of tent equipment. Both the Coe and Roberts tents are larger than the Ringling Brothers big top as set up in Tulsa, Okla., when measurements were made of it. It has been recently learned that this circus tent has additional sections which they use when in great metropolitan areas, such as New York City. Smaller tent to right of large Coe tent belongs to Kelly-Miller Circus advertised as world's second largest circus. Note the sharp contrast in size. (The grounds had been previously pledged to circus on the last Saturday of the Revival.) Distance around the Coe tent, measured from the outside stakes, was over 1000 feet, almost a quarter of a mile. The presence of God to heal and bring deliverance was manifested throughout the revival. A number of outstanding healings were wrought in Jesus' name. The anointed message of faith stirred the church, and the revival will live long in the hearts of our people. Faith increased with each service and after the revival closed God continues to build faith in His word.

3. WORLD'S LARGEST CROWDS ATTEND HEALING REVIVALS.

The photo taken of the Jack Coe revival in Bartlesville, Oklahoma, (pop. 25,000) is typical of the great healing revivals. Daily attendance in some of the Osborn Caribbean revivals reaches between 20,000 and 30,000, which would total over 150,000 per week, and so far as we know those are the largest healing revivals the world has ever known.

Over 35,000 persons attended the Osborn revival services in the large open "Charles H. Terry" baseball park, in Ponce, Puerto Rico. The picture below shows an afternoon crowd. The crowds at night were naturally larger, but because of such large crowds and poor lighting in the Park, it was difficult to take pictures at night.

Badly Afflicted Ears Healed

As a child I always suffered with my ears, with such pain and soreness, that at times it was almost unbearable. Through the years, doctors were unable to help me. I partly lost the hearing of one ear.

On August 22, 1949, Rev. Richard Vincent, of Overland Park, Kansas prayed for me. As he prayed, I felt the power of God come upon me. It felt like a gush of wind passing through me which took my breath away. God healed me right there and I praise Him for it. I am still healed, and I can hear clearly and I feel like a normal person again. I thank God for answering prayer and for healing.

VELMER GARDNER AT HOUSTON, TEXAS

Evangelist Veler Gardner and his wife, just closed a three weeks revival April 15th with the Magnolia Park Assembly of God Church at Houston. The special blessing of God rested upon every service.

Brother Gardner preached the Gospel of Deliverance under the mighty anointing of the Holy Ghost.

The presence of God to heal and bring deliverance was manifested throughout the revival. A number of outstanding healings were wrought in Jesus' name. The anointed message of faith stirred the church, and the revival will live long in the hearts of our people. OGILVIE HEALING REVIVAL CAMPAIGN

"And ye shall serve the Lord your God, and He shall bless the bread, and the water; and I will take sick men out of the midst of thee" (Exodus 23:21)

For 22 days we have seen this portion of scripture as well as other portions of the World of God fulfilled before our eyes. I'm happy to report God's gracious presence in our midst during the ministry of our Brother and Sister Ogilvie. The spiritual tide gained momentum night after night. It was wonderful to feel the very presence of the Almighty fill the tabernacle as we saw His power manifested in saving by grace divine, reclaiming by love divine, baptism in the Holy Ghost, and healing by His infinite mercy, all in glory to His name. Believers came from far and near, some from 300 miles away, and were greatly stirred. Others came from different denominations and acknowledged the power of Pentecost.

Our prayers will follow Brother Ogilvie as he faithfully and earnestly labors for the Master. A warm welcome awaits you and your friends whenever you may be in our vicinity.

Stirring Results from Jack Coe Revival
Under Mammoth Tent

Ambulance Case Delivered

I had been suffering for 2 years, since May 12, 1949, with intestinal blocks caused from adhesions as the result of an operation. Dr. Johnson of Bartlesville, Oklahoma, sent me in an ambulance to Oklahoma City for examination. The University Hospital there said there was nothing that could be done for me.

I was brought in the ambulance to Brother Jack Coe’s tent revival at Bartlesville and after being prayed for by Brother Coe, God healed me and I have been eating and working ever since.

AMBULANCE DRIVER BEARS WITNESS TO HEALING

I want to testify that I took Mrs. Cora Hadley to the University Hospital in Oklahoma City, in an ambulance from the Moore Funeral Service, Bartlesville, Oklahoma. The doctors at the hospital there said they couldn’t do anything for her, so I brought her back to her home.

Later, I drove her in the ambulance to the Jack Coe meeting here in Bartlesville. After Brother Coe prayed for her, she was able to walk to a seat in the audience. She was in every service after her healing and was walking and looked as though she had not been sick.

I saw a number of sick people that I had taken in the ambulance to the meeting, walk away, healed.

The Coe Meeting at Bartlesville, Oklahoma

By C. H. Asher,
Pastor of Assembly of God Church

On April 18, after some difficulty, which included severely adverse weather conditions and problems connected with the erection of a brand new tent (said to be the world’s largest), Brother Jack Coe and party launched a great 20-day healing revival here in Bartlesville. With the cooperation of a number of churches in the area, we feel safe to say that this revival has stirred this city for Pentecost as nothing has ever done before. People from all walks of life felt the impact of the meeting either first hand or through contact with others as the meeting became the familiar topic of discussion throughout the city.

Although the weather was bad for a tent meeting, with torrents of rain pouring down many nights, which among other things greatly complicated the parking problem, the attendance was large from the start and the tent was packed out on some nights.

From the beginning the mighty power of God was present to save the lost, fill believers and heal the sick. Hundreds filled the prayer rooms in answer to the altar calls where workers dealt with them and helped them through to salvation and to the Baptism of the Holy Ghost. No effort was made to count the great number of those who passed through the healing lines but many outstanding healings took place before our eyes or were witnessed to during the meeting. Now three weeks after the revival has closed new testimonies are coming in of healings that are still holding good.

We appreciate the straight-forward preaching of Brother Coe, and the effects of his revival will long be remembered in this city. Surely only eternity can fully reveal the good that was accomplished.

Crossed Eyes Healed

My son fell when he was 16 months old and the injury caused the left eye to be crossed. We had arrangements three times to have an operation. Dr. Johnson of Bartlesville, Oklahoma said that was the only way he could be able to see properly again. We brought him to the meeting at Bartlesville. Brother Coe prayed for him, and Jesus healed him. His eyes are perfect.

Former Practitioner Mowes

I’m so happy about my great healing which I received in Rev. Jack Coe’s revival in Tulsa, Oklahoma, seven months ago! I had the Smith Clinic of Independence, Kansas, and also Dr. Square of Coffeyville, Kansas, check me; they said I had cancer and diabetes. My mind also was affected so that my husband had to get a woman to watch me so I would not take my life. After prayer by Brother Coe, I was healed. I was then sent back to Dr. Square, and he said the disease was gone. At that time, I only weighed about 100 pounds, now I weigh 110. I was Christian Scientist for 26 years, and a practitioner 19 years. In Brother Coe’s revival, I found I was not saved. I came home saved, filled with the Holy Ghost, and my body healed, for which I praise God. I am praying for Brother Coe and his work for Jesus.

(Ed. Note: We were happy to hear this remarkable testimony from the lips of Mrs. Mowes.)

I was operated on for appendicitis June, 1947 by Dr. Johnson, of Bartlesville, Oklahoma. I had been in bed since March 10, 1951. I was operated on a second time at the Washington County Hospital by Dr. Johnson, April 11, 1951. I was unable to walk until I was prayed for by Brother Coe in the Bartlesville meeting. I was brought to the meeting in an ambulance by Arnold Moore. I have been walking and praising God ever since.

From "The Flame," an authentic document
by Chaplain Henry F. Gerecke

IT WAS my joy to visit the sick until November 12, 1941, at which time I was ordered to Nuremberg and assigned to the 6850th Internal Security Department to be the spiritual advisor to the high Nazis there on trial.

Chaplain Carl Eggers was waiting for me to take over the work. He introduced me to the high Nazi leaders who were in their cells, being watched continually by the guards posted at their doors. How could I meet these men who had caused the world so much heartache, men who were the leaders in a world conflict that cost millions of lives?

Meeting Goering

Upon our entering his cell, Mr. Goering jumped to his feet and clicked his heels. I offered my hand. After introduction to all the others we called it a day.

This happened before court sessions began (November 20th). That night I had to have a talk with Jesus, asking Him to do something especially for me. I felt a great need of just what I knew God would give me. From that moment on I decided to love the sinner and hate his sins. I recalled, too, that God loves sinners. These men must be told about the Saviour, blessing, suffering and dying on the cross for them.

It should be stated that no defendant was ever ordered to let the chaplain in to talk to him. We usually asked whether we might visit with them. We often found notes in our cell, placed there by the guards, that certain men wished, to see us on our next visit with them. We usually asked whether we might make confession of his sins. With tears in his voice he said, "You have helped me more than you know. May Christ, my Saviour, stand by me all the way. I shall need him so much."

Ribbentrop Friendly

Mr. Ribbentrop was very friendly to my cause as long as I stayed off the subject of Christianity and the Church. The moment I struck that note I found him rather cool concerning the meaning of true religion and the fundamentals of Christian faith and service. However, as we moved along in our daily visits, he began to ask questions.

At the end of the trial the eight judges went into secret session for several weeks. During this session the defendants, having nothing else to do, were permitted to take their daily walk and to attend a devotional service every evening after supper. Thirteen met with me in these devotional sessions every day, and the thirteen always included Goering. It was gratifying to see the working of the Holy Spirit on some of these men.

By permission of the big four control council, the condemned men, upon their request, should have one more opportunity to speak with their wives. Those were difficult hours for the convicted and their loved ones, and for the chaplains.

Recommends Church

Mr. Ribbentrop pleaded with his wife that their children should be kept in the church and be brought up in the fear and admonition of the Lord.

This statement coming from Mr. Ribbentrop as it did, was especially interesting to me because at the beginning of our work we discovered that the whole family had withdrawn from the Church. Goering had asked his wife what their little daughter Edda had said about the whole situation. She replied that she had told him to meet Daddy in Heaven. By this time Goering was on his feet turning to leave and I saw tears on his cheeks for the first time. As I met him a little later in his cell, he said that he had died when he left his wife upstairs.

From that day on we were with the men almost day and night. Some of the men asked me to step in and visit with them four and five times a day.

EDITORIAL: • The MacArthur Controversy
• Are The IVH Testimonies Genuine?

At the present moment our nation is involved in a bitter controversy over the dismissal of General MacArthur by the President. Yet strangely enough the tragic causes of the present world situation, which are associated with the dismissal, are to a great extent forgotten.

MacArthur insists that if we are going to win this war, we must end half-way measures. He points out that we have been wantonly attacked by a vicious and unscrupulous enemy, the Chinese Reds, who have been killing thousands of our boys. As long as we give this enemy the advantage of a sanctuary to continue his aggressions, the present bloody and costly war will go on indefinitely. MacArthur further declares that no war may be won with appeasement and half-measures, and that we must go all-out if we are to win it.

TRUMAN'S VIEWPOINT
But President Truman insists that if we go all-out and defeat the Chinese Reds, Russia will probably enter the war and then we shall have a world-wide confrontation. The truth is the President is probably right, but the fact that he is right, is a shocking indictment of those who have permitted Communism to take over China. And what the President does not know is that things have gone so far, that we shall have a war with Russia anyway. War with world Communism is as inevitable as night following day.

MacArthur declares that no war may be won with appeasement and half-measures, and that we must go all-out if we are to win it.

MISTAKE NUMBER ONE
We speak of two vital decisions our statesmen have made which are the fundamental causes of our predicament ... both originating from the fact of naivete blindness to the essential evil of Communism. The first happened ten years ago. When Nazism and Communism double-crossed each other in 1941 and went at each other's throats ... each equally guilty of precipitating World War II by their connivance in the rape of Poland ... America was confronted by a grave decision of whether she should keep free of entanglement with either of these treacherous governments. Our statesmen were warned not to have party with either Nazism or Communism. Both regimes by their atrocious crimes against humanity had forfeited all rights of sympathy or help from decent law-abiding citizens of the world. To have affinity with either one was almost tantamount to having a partnership with Anti-Christ.

But short-sighted men, apparently not having faith in Divine Providence, followed the course of the lesser evil and chose to leave the Russian Bear a new "lend-lease" on life to the tune of eleven billion dollars. In the secret bargaining that followed, it is now revealed that Russia was given, among other things many of the fruits of our costly victory in the Pacific, for which she had paid little or nothing.

MISTAKE NUMBER TWO
Mistake number two was to follow quickly. With the war over, the Reds, opposing Chiang-Kia-Shhek, began a ruthless conquest of China, Russia, by Russia. Should America support Chiang, the Christian General, against this Russian-inspired aggression? MacArthur advised that we should, but he was not heeded. It was a fateful decision. Our leaders again decided to gamble. They contended that the Chinese Reds were "good" Communists, mere "agrarian reformers," and that if we would repudiate Chiang and show favor to these Reds, all would be well. In so many words they told Chiang to say his prayers and get out of China. The warnings of MacArthur were disregarded. The warnings of the Christian Church were ignored.

THE HOUR OF RECKONING NEARS
The history of the past year has revealed the folly of that decision. But unfortunate as this error has been, and far-reaching its consequence, most shocking is the evasion of responsibility of those who so grievously miscalculated. It is too late to undo what has been done, but there should be an establishing of responsibility for the present situation. Relieving MacArthur of his command will, at the best, only delay the grim reckoning a little longer. We venture to say of those who followed the policy of temporizing with Communism, that when they view the final outcome, their disappointment and disillusionment will be in that proportion that they have chosen to leave Christ and the Bible out of their reckoning.

AMERICA SHOULD BLAME HERSELF
Having said this all, let us add one thing more, which we believe is more significant than all that has been said thus far. We will make our greatest mistake if we blame Stalin, or Russia, or the Chinese Reds, or our own mediocre statesmanship for the grim situation in which America finds herself. Rather let America blame herself for not repenting of her grievous sins, and countless iniquities. God guides the destinies of the nations. He raised up the wicked Assyrians, in olden days, as the rod of His anger to punish Israel. So He has permitted Communism to threaten a world which has rejected Christ.

And we must not forget what the prophet Daniel said about incompetent rulers. There are times in the Providence of God that He doomed to give the reins of government into the hands of incompetent men, as chastisement upon a nation. "That the living may know that the Most High ruleth in the kingdom of men, and giveth it to whomsoever he will, and setteth over it the basest of men." Daniel 4:17. America's salvation will not be in her politicians, but in the depths of sincerity of her repentance and abasement before God. The alternative is judgment.

DIVINE HEALING CONVENTION SPONSORED BY THE VOICE OF HEALING TO BE HELD DEC. 11-12-13

World's outstanding Evangelists to speak. An opportunity to personally hear the men whom God is using in this world revival.

Location of convention to be announced soon.
Tallahassee, Capital City of Florida Shaken Under The Mighty Impact of Gayle Jackson's Revival

by B. R. Minton, Chairman of Committee

TALLAHASSEE, the capital city of Florida shall long remember and feel the mighty impact of the great Divine healing and Holy Ghost revival, which continued for three and one half weeks under the large gospel tent, which was erected at the Leon County Fair-ground.

Bro. Jackson's anointed ministry was superb. He preached only as a "God-sent" man can preach. Night after night he portrayed vividly and convincingly to our mind's eye, the eternal plan of God for soul and body. We watched with amazement as about 1500 filed down the sawdust aisles in response to his arresting invitations that were given at the conclusion of his messages. About 2500 received prayer for the healing of their bodies. Goiters melted away, deaf ears were unstoppled, blind eyes were opened, and diseases of all kinds were healed by the miraculous power of God, as Bro. Jackson laid his hands upon them in prayer.

The pinnacle of the meeting was reached on the last Wednesday night, when over 400 were filled with the Baptism of the Holy Spirit. Many were heard to say, (among these were ministers that had been preaching for years) "We have never seen it on this fashion before."

Many nights the large tent was filled to overflowing as people came for miles, and hundreds of miles, to enjoy the anointed ministry of Bro. Gayle Jackson.

Thirty-one full gospel churches cooperated in this great union revival, and they are all unanimous in thanking God for sending the Jackson party our way.

Blue Baby Healed

When Brother Gayle Jackson was here two years ago, my 2½-year-old baby was just barely alive. Several doctors told me that he would never walk. He had a hole in the upper portion of his heart, and instead of the blood passing to his lung, it passed back and forth. He was what is known as a "blue baby." The doctors also told me that he would eventually lose all use of himself as he grew larger. Furthermore, a heart specialist told me that if my baby received any help it would have to come from God, as there was nothing anyone else could do for him.

Thank God, Brother Jackson prayed for him and in less than two weeks' time he was a normal little boy, running everywhere. I am thanking God for all of it.

HERBERT E. CREEL,
Chief of Police, Altha, Florida

The Chief of Police of Altha, Florida was brought to the Gayle Jackson meeting in Dothan, Alabama two years ago. He had suffered with lock jaw for 14 months and 38 doctors had told him that there was no hope. After prayer, he was healed instantly and has never had any ill effects since.

He posed for the accompanying photo in Tallahassee, Florida, where Brother Jackson recently closed a meeting.

TEST CASE OF CANCER HEALING

I took this picture of Mrs. Sweatman of Biloxi, Mississippi, while I was in Pascagoula, Miss. She was healed of a terrible cancer two years ago in my meeting in Biloxi. Her testimony and picture have been carried in a previous issue of TVH. She has been completely healed now for two years. The cancer was on her nose, eating about half of the nose away, when she came for prayer two years ago.

This picture taken of her a few weeks back shows she is still well...perfectly well.

Rev. Gayle Jackson

(Congratulations TVH checks up on testimonies previously published. This is one example. The picture shows the scar where the cancer had been.)

CROOKED SPINE STRAIGHTENED

For some time I had suffered with a crooked spine...the result of a light case of polio which I had about 4 years ago, and it didn't show up immediately. However, it left a paralysis in some of the muscles of my back.

I first went through the healing line on Friday, April 27th. I received no relief, but attributed this to my lack of faith and understanding. I went through the line again a week later and asked Bro. Jackson to place his hand on my back as he prayed. As soon as he touched it, I felt my spine snap into place. I truly thank God for His healing power.

"What Hath God Wrought"

By ELOISE MAY RICHEY

RAYMOND T. Richey, sixth of a family of eight children was born September 4, 1893, on a large farm near Atwood, Illinois. As a boy and also as a man, he has always been a bundle of energy. From birth to manhood, he was never strong, never very well, but always busy at something.

At the age of eight years, when playing with one of his cousins in a big pasture on the farm, a stick thrown in the air came down on his nose, one end striking one eye and the other end striking the other eye. His eyes, always weak, rapidly grew worse.

When he was ten years old, the big farm was sold and the family moved near Chicago in order that the children might have better educational advantages. Raymond's eyes were so very bad, however, that he was able to attend school only a short time each semester and finally was unable to go at all.

At the age of fourteen or fifteen his eyes grew rapidly worse. Worry, occasioned by this and general poor health, brought on a complete nervous breakdown.

The small town where the Richey family moved when leaving the farm offered little in the way of amusement to tempt the restless, nervous, excitement-craving nature of the lad, but Chicago, with its gaiety, its frivolity, its fun, both innocent and otherwise, was only a short distance away and easily accessible by rail. It was in Chicago that Raymond forgot father's teaching and mother's prayers and with a determination and an energy worthy of a better cause, he sought for all the pleasure available.

Occasionally he would attend a church service somewhere. A few times he raised his hand with the evangelist and promised to lead a better life; but there was no change of heart, and so it was with his good resolutions, his handshaking, and so forth, profited him nothing.

DOOMED TO BLINDNESS

As the months passed, his eye condition had become so serious that he was not able to do work of any kind. For years, all his glasses had to be ordered for him abroad, but finally there came a time when even these thick glasses were unable to help his eyes, and he was forced to wear dark glasses, so that his eyes might be protected from the light. One day when he was a spectator at a basketball game, a stray ball hit his face, and when he turned toward heaven and cried, "Oh, God, my mother's God and the God of this Bible, if you will take me down to Fort Worth, Texas, where my sister is in college, forty years a Baptist minister, but Satan had the young man bound and when the altar call was given, he felt he should go and keep the promise made so solemnly to the Lord less than a week before, so he decided he "might as well go," and, putting on his hat, he went with them.

God spoke that night through the lips of Arch P. Collins, forty years a Baptist minister, but Satan had the young man bound and when the altar call was given, he felt he should go and keep the promise made so solemnly to the Lord less than a week before, but he could not. Others responded, the service was concluded, and Raymond T. Richey went home that night, more miserable than when he came.

**LETTERS To The Editors**

**A TYPICAL LETTER OF APPRECIATION FOR TVH COPIES GIVEN**

Dear Brother Lindsay:

The magnificent gift to South African readers means more than I can express. Here are some of the responses:

- Johannesburg: Can make up to 300 copies per month.
- Full Gospel 100: Received 1500 papers since January, beside paid-for copies, and they have gone out to all parts of South Africa, and the call is for more.
- Wm. Laggar: 15 Tamond Road, Durban, Natal. S. A.

Brother Laggar forwarded a number of letters of appreciation including one from W. F. Mullen of the Assemblies of God. He wrote in part:

"Thank you for the many copies of used numbers of TVH. I can assure you that every number is put into useful service and this way the message of salvation and healing is being spread all over the country. The magazines present the Bible truths and God's blessings in America and it is wonderful to see that the blessing is now beginning to overflow to other parts of the world. Keep up the good work." 

**CONCERNING THE USE OF WINE**

BY CHRISTIANS

I have read and re-read your splendid answer to "SHOULD CHRISTIANS DRINK WINE?" in your February issue. One phase of the question seems to be omitted—the method of manufacturing of non-alcoholic wine. The grape was squeezed out and cooked down to the proper degree of concentration or thickness. If you missed out this "must" you poured it into new wine skins or bottles and hung it in the darkness. When needed, this was taken from the bottles and thinned to desired taste. This method was used extensively in Bible days.

**SPECIAL NOTICE**

Evangelist O. L. Jaggers will begin a Tent Meeting in Dexter, Mo., July 1.

---

By Paul Zook, Chairman

It has been over two weeks since the big tent was taken down, bringing to a close six weeks of what we feel has been the greatest revival meeting and Divine Healing campaign to ever come to this city.

I have attended many of these meetings and have wondered as to the after-effects to the city and the churches, but I can speak from experience, that the revival is blossoming out and people are still writing in and telling of what God is doing for them. There was not a single night that we did not see results.

One of the most outstanding features of the whole campaign was the way God supplied the financial needs from night to night.

Brother Henry and his party are wonderful to work with in every way. Brother Henry is a very humble man of God. He very definitely preaches a well-rounded Gospel. Several nights he would not pray.

DOCUMENTED

HEALINGS STOP OPPOSITION IN OSBORN CAMPAIGNS.

STATEMENT BY THE EDITORS OF TVH

These highly documented cases of healing, witnessed by physicians and clinics, were secured by T. L. Osborn in Puerto Rico. They represent healing from SERIOUS ORGANIC AILMENTS, and document the condition of the patient before and after deliverance. Great throngs up to 30,000 attended the T. L. Osborn meetings, and this resulted in an attempted persecution by the Catholic hierarchy. But so remarkable were the healings that Catholic doctors themselves, were willing to submit their confirmation of the miracles. Because of the lack of space, photographs have to be greatly reduced, but the documents remain at TVH office for inspection by any persons interested.

ELEVEN-YEAR-OLD BOY HEALED OF BLINDNESS

(Eye Specialist’s Statement Below)

I am eleven years old and when I was two I had an infection in my left eye. My mother died and my father was very poor and also nearly blind, so he was not able to give me proper attention at the right time. As a result, I was later pronounced by two eye specialists, to be totally blind in my left eye.

I waited four months for my turn to come to be operated on, an operation to divide the nerve. In the meantime I came to Brother Osborn’s meetings and when Bro. Osborn told me to believe God’s promise, I did, and my blind eye was opened and I can see good with it. I thank God for His love for me.

LEG ULCERS HEALED

For a period of more than six years, I suffered from an infection in both legs. It was in the form of cancerous ulcers which covered the legs from the ankles up, and was continually draining. The pain was so terrible that I was almost unable to do anything, as I could not walk. During this whole period, I was treated by many physicians and specialists of the skin. Dr. Bou being one of them, of Stop 16 in Ave, Ponce De Leon, Santurce, and the last one who treated me for about three years. My legs were getting worse every day. I decided not to continue spending my money without receiving any results, and I terminated my visits to the specialist. A few months after, Evangelist Osborn came to the Island, to hold campaigns of Divine Healing. The first meeting held by Bro. Osborn was in our church, and I went into prayer line to be prayed for. Bro. Osborn prayed for me, and after that both of my legs began to dry until they cicatrized completely. Today I am perfectly healed! I was examined by the same specialist who had treated me for the past three years, and he declared me perfectly healed, and by written statement certified the same. Thanks to God for His miraculous power!

Dionisio Bonilla

I CERTIFY THAT the contents of this testimony are true, for I have been the pastor of Bro. Bonilla for about ten years, and I took him to the specialist, Dr. Bou.

CANCEROUS GLAND HEALED

DOCTOR’S TEST PROVES

For more than a year, I had an inflamed gland above my left breast. I suffered much from it, and saw several doctors. Doctor Conde, the last physician who examined it, pronounced it cancerous, and advised me to go to the Cancer clinic for tests. I did not go, but instead, I attended Bro. Osborn’s Healing Campaign in “Las Casas” Stadium. When Bro. Osborn prayed for the sick en masse, I laid my hands on the cancerous spot, and it instantly left. I returned to Dr. Conde the next day, and after he thoroughly examined it, he pronounced me perfectly healed. He also issued a statement to that effect.

WORLD-WIDE REVIVAL

LEAGUE CITY, TEXAS — O. F. CAPERS — Brother Capers brought the message "The Church and God's Plan for World Missions" as the keynote for a prayer meeting held in the local Salvation Army building.

ROMOLAND, CALIFORNIA - TOMMY HICKS - Evangelist Tommy Hicks has been with us for the past three and a half weeks in a Union Pentecostal tent revival known as "T. M. Hicks' Great Tent Revival to the City of Romoland." He came to us definitely led of God. The message of Deliverance stirred the hearts of the people, bringing the lame into the meeting and without someone holding me up, I could hardly believe their eyes when I walked.

Multi-stack of many families. This naturally resulted in a diversion of public interest. Nevertheless, during the early days of the campaign large crowds were assembled and filled with the Spirit, and a number of new people were brought to the power of the Name of Jesus. God certainly was present to confirm His Word.

JONIA, MICHIGAN - ERIC PLEGER — We were indeed favored of the Lord to have Rev. Eric Pleger take over for us here in Jonia. He is using his arms like any other normal person. He has just been called for a three years campaign in Michigan. We can always depend on him and his work. He also named their needs and how the Lord has answered them. Brother Pleger called people forth from the congregation to be healed. He also amazed people as people were saved, healed, and filled with the Holy Ghost. Letters to the mission are received outside, and there is no need for us to send them. The Lord is using his ministry in a mighty way.

ST. ELMO, ILLINOIS — CARL HAAS — Evangelist Carl Haas, who has been engaged in revival meetings in many states, it was not personal joy and privileges to have him with us in a revival campaign. His Holy Ghost anointed ministry in preaching the Word with signs following, and healing the sick, was filled with the Holy Spirit. Recently he purchased a new tent at the cost of $10,000 and will soon be in Salvation-Divine Healing campaigns during the summer.

DYERSBURG, TENN. — GLENN THOMPSON — We have just closed a three night campaign conducted by Thompson in Paragould, Arkansas. Many wonderful healings and miracles were wrought by the hand of God. Miss Dorothy Daniels, who had been a cripple since ten months of age, after being carried into the meeting and after prayer was offered, she got up and walked by herself, up and down the aisle. Brother Hicks came to us definitely led of God. The message of Deliverance stirred the hearts of the people, bringing the lame into the meeting and without someone holding me up, I could hardly believe their eyes when I walked.

LEAVEWORTH, WASHINGTON — RAYMOND OSBORN — The Assembly of God of Leaveworth, Washington has been visited with a heavenly visitation. On March 4th, Raymond Osborn, assisted by Brother and Sister Foster, came to us. Night after night, the spirit worked through God's people, ministers of Jesus Christ, who were taken into the Holy of Holies, and were burdened for the city. They were surprised and made to wonder, but God followed through, and all minds were set free. On Wednesday night, March 27, Brother Osborn stated that Jesus was coming back, but that those who were sealed for the altar on them and prayed. The gifts of the spirit were largely manifested in these meetings along with a taste for the judgments of God on those who manifested opposition. As far as we have been able to check, the percentage of those healed after prayer was the greatest ever seen.

More are reporting healing every few days. Numbers were set free from habits that had bound them. Truly this was a great revival of Deliverance.

SPECIAL TO THE VOICE OF HEALING

WILLIAM BRANHAM

Brother Branharm dedicated the new tabernacle at Grants Pass, Oregon, which is having its capacity doubtful to accommodate between three and four thousand people. Some three thousand people attended the Branharm revival service on Sunday night, although the town itself had a population of about ten thousand.

ABRAHAM TANENBAUM REPORTS

After twelve weeks in Philadelphia we have closed our camp, and are now on our way to our last engagement in our history. We prayed for around seven hundred persons on the closing night. During the last three weeks in the Poplar Theatre, we prayed for over one thousand people. This was our last meeting in our history. We have purchased a new 32 foot stainless steel trailer, which we will use to haul our tent and equipment.
Healed in Cerullo Revival…

TESTIMONY OF MRS. MADELINE WARNER

I was born with a mole on the side of my face and up until a year ago, when I was 53, this mole never had bothered me. In the past year it became very painful and ugly looking and it was starting to grow very rapidly. I also had a burning sensation in my cheek and neck. I was advised by several physicians to have it removed as it was cancerous. I had trusted God for many years for my body and I did not want to submit to any medical treatment.

On January 12, 1951 as Brother Rudy Cerullo prayed for me, I felt the power of God surging through my body. Praise the Lord, He had begun the work. The cancer had already loosened around the edges. After coming home from the meeting, I began to pray and it was then that the Lord told me to believe Him, that He had started the work.

As I prepared for bed on February 3rd, I felt something drop down on my dress collar. When I looked, a large piece of the cancerous mole fell off. A small piece was still there but a few nights later it too came off. The roots came out with both pieces, praise the Lord. It was truly a miracle.

The roots were so imbedded in my face that it left small holes and now there is a small brown birthmark where the mole was. I took the cancer to the doctor a day or two later and he just looked at it for about five minutes. He said it was the first miracle he had ever seen. His mother-in-law asked him if it had ever happened before in medical history, and he said not that he knew of.

Before my healing, the mole protruded about ¼ inch from my face. Now that the cancer has fallen off, my face is smooth and all that is left to remind me of the affliction is the skin discoloration of the birthmark. I am praising God for my healing. Truly it was done as only God can do it.

HOW GOD LED ME TO PRAY FOR THE SICK

By Rudy Cerullo

In Linden, N. J., two years ago, it was my privilege to speak to many veteran ministers. At that time my message dealt with the compassion of Jesus, and while talking on this subject I said, "Many are talking about what happened forty odd years ago, but as the new generation of ministers, we are crying for a return of this same thing, of those marvelous visitations of God's power among the people."

About this time, I visited the Healing Revival at Reading, Penna. where Brothers T. L. Osborn and Gordon Lindsay were ministering. It was in this meeting that my hunger for such a ministry was so intensified that I cancelled two scheduled meetings and sought God until I felt assured upon the promises of God and His Word; that I too could pray for the sick and they would be healed.

REV. RUDY CERULLO

In my first Salvation and Healing revival in the fall of 1949, God showed Himself the first night to be the God that answers prayer. I prayed for the sick that night and God healed a man who was deaf in both ears, and a girl who had been deaf in one ear all her life. From then on I was persuaded that the individual who dared to believe God with a "Thus saith the Lord" could accomplish more for God than the person who is afraid of public opinion.

Erickson Campaign Affects Large Area

By Rev. William Brannon, Chairman
Cassville, Missouri

We have come to the close of a great revival with the Erickson Party, which has literally shaken this part of the country.

Nine Full Gospel churches cooperated and we secured the largest auditorium available. It was filled to capacity, and hundreds were turned away from the meeting.

We were thrilled every night, as the power of God was mightily demonstrated through healings and miracles. Many were healed of incurable diseases. One woman was instantly healed of cancer of the breast. Doctors had been unable to operate on her because of her condition. A number were healed of epilepsy and testified throughout the campaign that their convulsions had ceased completely. Blind eyes were opened. cripples left their canes and crutches and walked. The deaf heard, and the dumb actually spoke as their vocal cords were released.

The most outstanding miracle that took place was the deliverance of a thirteen-year-old girl who attends our church. This girl was a hopeless wheelchair victim of polo and rheumatic fever combined. Physicians said she would live but a short life. As Brother Erickson was ministering to the sick, he turned and commanded her to arise and walk in the name of Jesus Christ. The power of God instantly surged through her little body, strength came into her limbs and she arose and walked. Needless to say, there was great rejoicing. This girl came the remaining nights of the meeting, walking normally, and enraptured the audience with her testimony.

Each night many came forward to be saved and many were filled with the Holy Ghost. One night in particular, fourteen received instantly as hands were placed upon them.

We highly recommend Brother Erickson, for he has a strong, straightforward, Scripturally-sound ministry. We are endeavoring to locate a large tent, so that we may be able to accommodate the crowds on Brother Erickson’s return visit.

HOW GOD CALLED ME TO THE MINISTRY OF HEALING

BY WARREN LITZMAN

Many have asked me the question, "How did you get into the ministry of deliverance?" or "What happened to you that caused you to start praying for the sick?" I have been asked concerning my ministry in many ways. I have always noticed that the person inquiring asked in an excited manner, expecting an exciting answer. For example, one lady once asked me to tell about the dreams and visions I had when God called me to pray for the sick. A minister asked me what sickness God healed me of when I started in the ministry of deliverance. Almost without exception, someone asks me to tell my life story. My answer is that God's Word led me to pray for the sick. The Bible promises deliverance for the sick, and therefore, the Word of God is my life story.

I have noticed that when I tell the people I have no astounding testimony, some of them become crestfallen. I have no scruples against those who have such wonderful testimonies; however, this just didn't happen to me.

These few words will tell you how God has healed hundreds through my ministry. A few years ago I was preaching, holding revivals. The ministry of deliverance was spreading like wild fire, and I longed to be a part of it. It seemed every time I heard one of the brethren in the healing ministry tell of his experience of inspired faith, I would leave disappointed, for I didn't have the prerequisites. Either the preacher was on his death bed and God healed him and spoke to him, or he was given visions of himself delivering humanity. I had never been sick, was perfectly healthy, and was not prone to dreams and visions. It looked hopeless. One day I read in Mark where "these signs shall follow them that believe." I began to study what the word "believer" means. As I did, I saw that I could be a "believer."

With this scripture and a theme from the life of one of our old-time preachers, "Preach the Word and hold on to God until the signs follow," I began to pray. I prayed hours each day. Often times I would pray at night after the services were over. At the same time I was praying, I preached at night. This left me quite weary. There were many weeks and months during this time that I became somewhat disheartened because I could see no change, but every time I did, the theme I had chosen checked me on, "Preach the Word and hold on to God til the signs follow." I found the more I preached the Word, the more power I received. Finally, one night I called for the sick in the church where I was preaching. I prayed for them and the signs began to follow.

In the past I have conducted campaigns in churches, tents, theaters, high school auditoriums, gyms, and city auditoriums. Some have been union meetings, some city-wide, and some local campaigns. The most wonderful thing about my story is that it has encouraged many others who are seeking reality. My admonition to all those that hunger is, "Preach the Word and hold on to God till the signs follow."
Why did Red China Invade Korea?

Condensed from the book "RED CHINA" by Dan Gilbert

(Those desiring to secure Dan Gilbert's up-to-date writings on prophecy, see announcement on this page.)

Chiang offered to send two of his best divisions—30,000 men—to fight shoulder-to-shoulder with American troops. Our Secretary of State in Washington declined this offer of help, the only really big offer that came from any of the United Nations. The alibi was that, if loyal Chinese fought on our side in Korea, it might "encourage" the Red Chinese to enter the conflict on the side of the Korean Reds.

In the United Nations and elsewhere, State Department officials talked of "persuading" the Red Chinese to keep out of Korea. They might as well have tried to "persuade" a coiled rattlesnake not to strike. They might as well have entered into an "argument" with a tornado or an earthquake!

They even offered "inducements" and "concessions" to the Chinese Soviets if they would "stay out of the Korean conflict." This reminds one of the practice of ancient superstition in the Orient. Whenever a volcano began to erupt, the pagan priests would have mothers go up and throw their children into the hot lava-as a "sacrifice" to the volcano. This was called "appeasement." To "appease" means to try to satisfy an evil force by sacrifice of that which is dear and precious beyond compare.

Under the false policy of "compromisers," the democracies have been led to sacrifice whole peoples to the beast-rule of Bolshevism. Poland was handed over to Stalin, in hope that he could thereby be "pleased" or "appeased." Spreading Sovietism was permitted to take over 13 other countries in Europe. Hundreds of millions of people were imprisoned behind the Iron Curtain.

While Stalin rushed supplies to the Red Chinese, the small trickle of American help to Chiang-Kai-Shek was deliberately CUT OFF COMPLETELY. This was supposed to "please" or "appease" Stalin. Probably it pleased him, but it did not appease him.

The truth is that some of the State Department "advisors" recommended that Korea be sacrificed to the Reds, just as was China. Only the determined opposition of General MacArthur prevented the policy of abandoning Korea from prevailing.

General MacArthur is our most famous Biblical figure recorded. He knows what lies ahead. He knows what Red China is REACHING for-on orders from Moscow.

In undertaking to seize Korea, Stalin is prepared to "go all out." That is, he will throw the whole of the Asiatic world into the fray—if necessary. First, he threw the Korean Reds into the battle. When they were turned back, he ordered the Chinese Reds into the struggle.

The Soviets want Korea as a stepping-stone to Japan. A SOVIETIZED JAPAN IS SCHEDULED TO BE THE FOUNDATION-STONE OF THE MILITARY EMPIRE OF THE YELLOW PEOPLE. This is what the RED CHINA INVASION PORTENDS. CHINA IS THE YELLOW TIDE WHICH ROLLS TOWARDS PALESTINE FROM THE EAST, IN CO-OPERATION WITH THE RED TERROR WHICH SWEEPS DOWN FROM THE NORTH.
Questions and Answers

QUESTION:

I have been reading your book "Bible Days Are Here Again" and will say that I am unable to find anything in the Bible to substantiate your theory of being able to pray for the sick and that they will be miraculously healed. I would have to say that if there is no need or occasion for miracles today. We read about miracles but don't see them, because they are not performed. If anyone uses Mark 16:17-18 as proof of power to heal, they should also be willing to drink deadly poisonous snakes. These signs did follow, I admit, but don't see them, because they are not performed. If anyone uses Mark 16:17-18 as proof of power to heal, they should also be willing to drink deadly poison and to take up serpents. These signs did follow, I admit, but don't see them, because they are not performed. If anyone uses Mark 16:17-18 as proof of power to heal, they should also be willing to drink deadly poisonous snakes. These signs did follow, I admit, but don't see them, because they are not performed.

ANSWER:

The tone of this letter shows the reader at the beginning what spirit it is of. If we were to disregard the letter, were it not that "something should be publicly said concerning those who seek to subvert the faith of the suffering who cling in trust of God's word. The Pharisees pleased with so great a miracle taking place in their midst? The answer is obvious. They had claimed that no miracles were taking place, and now they were exposed to the people as liars. This correspondent tells us that signs followed believers for a time and then ceased, and that God does not intend for any more to take place. The scripture that he gives in attempting to sustain this position is 1 Cor. 13:8-10, where it declares that when that which is perfect is come, prophesies would fail, tongues should cease, and knowledge should vanish away. Does it not appear that "knowledge has vanished away" on the part of this person. Any one who is so foolish to assert that the Perfect Age has come and there is now no need of healing, is to be in a state of aggravated blindness. Verse 12 of the context declares, "For now we see through a glass darkly; but now we know in part; but then I shall know even as also I am known." Any one can see that the whole reference is to another age than this. We indignantly condemn any such attempt to deny the sick and suffering God's loving bounty for them.

Actually, Christ in His last words, not only told His followers to minister to the sick, but He also commanded them to observe ALL THINGS WHATSOEVER I HAVE COMMANDED YOU: and Lo I am with you even unto the end of the world." (age R.V.) We see the choice of believing in the "ALL THINGS" of Christ, or in the disbelief of those enemies of the Saviour who could make light of what He said. The devil's first lie was "Yes, hath God said?" The great healing campaigns have literally caused tens of thousands to kneel at the cross and acknowledge Christ as their Saviour, (Continued on page 16)

ADDRESS DIRECTORY

We list in this directory the names of those who we believe have a proven Divine Healing ministry, and whose laboring in the vineyard is the voice of healing to unite in spirit the members of the body of Christ, and whose lives are above reproach.

We do not list the names of those who, while the public has been so interested in the voice of healing, have the public as their missionary. Such an attitude generally owes its origin to a lack of compassion, and a disregard of the broken in body, as long as it is the other fellow. We venture to predict that those who have no sympathy for the sick may find that, in time, suffering will come to the fore, and then perhaps they will be inclined to have more compassion.

QUESTIONS & ANSWERS — Cont.

We wish to report the excellent Kaplan healing campaign at the Tampa Bible Temple. The fiery, faith-building messages of Brother Kaplan, backed by miracles of healing made an impact on the church and the entire community. Many visited the church during this revival, including quite a number of ministers. The faith of the people was built up, night after night, to the place where we could see the unexplored possibilities in Christ.

On the last night of the campaign, people were asked to stand and tell what God had done for them. Among the testimonies of healing were deliverance from tumors, asthma, severe head pains, crossed eye straightened, deaf ears unstopped, backache, adhesions and various minor ailments. On the last night, one little girl who was blind in one eye, was able to see fingers and the color of a tie, after prayer by the church. At the same time, her mother knelt in repentance at the altar. Surely it was a time of rejoicing in the Lord. God wants to “do exceedingly abundant above all we can ask or think,” in these last days of deliverance.

LOUIS KAPLAN CLOSES SUCCESSFUL MEETING IN TAMPA, FLORIDA

By W. E. Bryant

We wish to report the excellent Kaplan healing campaign at the Tampa Bible Temple. The fiery, faith-building messages of Brother Kaplan, backed by miracles of healing made an impact on the church and the entire community. Many visited the church during this revival, including quite a number of ministers. The faith of the people was built up, night after night, to the place where we could see the unexplored possibilities in Christ.

On the last night of the campaign, people were asked to stand and tell what God had done for them. Among the testimonies of healing were deliverance from tumors, asthma, severe head pains, crossed eye straightened, deaf ears unstopped, backache, adhesions and various minor ailments. On the last night, one little girl who was blind in one eye, was able to see fingers and the color of a tie, after prayer by the church. At the same time, her mother knelt in repentance at the altar. Surely it was a time of rejoicing in the Lord. God wants to “do exceedingly abundant above all we can ask or think,” in these last days of deliverance.

DIRECTORY OF CHURCHES

We list in this directory the names of those who we believe have a proven Divine Healing ministry, and whose laboring in the vineyard is the voice of healing to unite in spirit the members of the body of Christ, and whose lives are above reproach.

We do not list the names of those who, while the public has been so interested in the voice of healing, have the public as their missionary. Such an attitude generally owes its origin to a lack of compassion, and a disregard of the broken in body, as long as it is the other fellow. We venture to predict that those who have no sympathy for the sick may find that, in time, suffering will come to the fore, and then perhaps they will be inclined to have more compassion.
Healing of Former Congressman Upshaw Stirs Nation; Los Angeles Times Reports Miracle

Those who have opposed the ministry of Divine Healing are having some sober moments as they realize that healing miracles are occurring of such a nature as to attract national attention. No doubt they feel bitter about it, realizing that their opposition is being discredited in the eyes of the people. Documentation of the miracles is so overwhelming that further denial of the fact of the miracles is useless.

Such is the case of the miraculous healing of former Congressman Upshaw, known to millions of people, once a candidate for President of the United States, and who was on crutches or bedfast for a period of 66 years. He was used in the William Branham campaign in Los Angeles last February, before the eyes of a large congregation.

We have received several letters from Brother Upshaw, since that time, and he is rejoicing and praising God for his deliverance. A letter concerning the miracle has been sent to each representative in Congress.

Below is a portion of the article printed in the LOS ANGELES TIMES, of February 19, 1951, describing the miracle:

"William D. Upshaw, 84, once for eight years a Representative from Georgia, yesterday walked briskly from the side door of Calvary Temple at 123 N. Lake Street. "From within could be heard the voices of more than 2000 persons as they sang of faith and salvation. "Two weeks ago they had seen Upshaw on crutches. He had used them for 59 years, and before that he had lain in bed or used a wheel chair for seven years. At 18 he had fallen on a wagon frame's crosspiece and injured his spine.

DISCARDS CRUTCHES

"And then in the Temple last Feb. 8, on what he said was the 66th anniversary of his injury, he had walked up to the pulpit where the Rev. William Branham was holding revival services. He had placed his crutches on the platform and left them there. "Upshaw long had been a revivalist, himself. In Congress he had been proud of being called "the driest of drys." He held a revival service in Washington within a month after he first went there as Representative of Georgia's 5th District in 1919. He was the Prohibition Party nominee for President in 1932.

"Speaking of his conversion shortly before he was injured at 18, Upshaw said he had at that time accepted Christ only in the spirit.

"'Now, he said, 'I have accepted Him both as my Healer and my Saviour.'"
FACTS YOU SHOULD KNOW ABOUT
The ATOMIC BOMB
FORERUNNER OF ARMAGEDDON
Condensed from Radio Message Delivered by Evang. P. E. Lowenberg

Rev. P. E. Lowenberg

The world today stands on the brink of Armageddon. Sure and certain doom like the sword of Damocles hangs over the head of civilization, and yet, as General L. R. Groves said, "Those from whom the warning should come remain silent." In such language did the man who headed the first atomic bomb experiment at Alamogordo, New Mexico, describe the silence of the Christian pulpit in this Atomic Age.

In a recent address, ex-Governor Earle of Pennsylvania said, "At least 90% of all Americans now living will be killed by atomic bombs within five years." The sober statement of this student of world affairs should cause every pulpit of the land to raise its voice to the highest pitch, crying in the language of Ezekiel, "Turn ye, oh turn ye from your evil ways, for why will you die, oh House of Israel. As I live, saith the Lord God, I have no pleasure in the death of the wicked, but that the wicked turn from his way and live."

The fond and feverish hope that by virtue of our strength we have some immunity from atomic weapons is being shattered. "There is no defense against atomic weapons," said Bradley Dewey, ex-president of the American Chemical Society.

In the face of these sobering facts, can anyone doubt that we are on the eve of the great and fearful Armageddon? With these incontrovertible facts before us, we are positively persuaded that the days of the Christian church upon earth are numbered. We unhesitatingly declare that Christ's second coming is virtually at hand. All available strength and every facility must be drafted and recklessly thrown into the struggle of this desperate last hour. At all costs, men must be aroused from their slumber. While other pulps remain strangely silent, we who love our Lord's appearing and the souls of men must lift up our voices like a trumpet, urging lost and dying souls to embrace Christ's blood-bought salvation before it is too late.

EQUIVALENT TO 1,000 M.P.H. WIND

At Alamogordo, New Mexico, the government, under General Groves, built a huge tower on the proving ground for the first experimental bomb. This tower was made of ten-inch railroad rails weighing 90 pounds to the foot. When that first bomb exploded at 5:20 a.m., July 16th, 1945, generating millions of degrees of heat, that steel tower made of railroad rails evaporated, turned into a cloud of steam, and was tossed seven miles in the air. Where the tower had stood, there now was a hole six feet deep and five thousand feet wide. For eighteen thousand feet in every direction, the ground had melted into glass. People 100 miles from the explosion could feel the heat wave. The air shock was felt 150 miles from the place. The earthquake was felt for 250 miles. The flash of light was so bright that a blind woman standing on a street corner in Albuquerque, New Mexico, 120 miles away, exclaimed, "What happened?"

On the morning of August 6th, at approximately 8 o'clock, a crew of Japanese anti-aircraft spotted a lone American B-29 about 18,000 feet high. They thought it was a photographic plane. As they watched it, they saw its belly open and a small package drop out, supported by a parachute. What happened then is now history.

RADIO-ACTIVE RAYS FATAL

But something far more sinister to be reckoned with than the actual explosion of the atomic bomb are the radio-active rays which are released. These are something like an overdose of x-rays. This produces a radiation burn for which, at present, there is absolutely no cure. The clinical symptoms found at Hiroshima include diarrhea, vomiting, fever, inflammation of the mouth and throat, emaciation, loss of appetite, epilation, pallor, petechiae, and finally death.

Secular magazines, such as "LIFE," and others have given the public a realistic picture of the physical aspects of the atomic bomb. The spiritual aspects of this fearful weapon have been left to the church to clarify and proclaim to the public, but the church has been strangely silent. Perhaps balancing the budget of winning favor with the worldly influential, or all the sweet chatter about the universal fatherhood of God and the universal brotherhood of man has seemed more important than to warn man of imminent terrifying doom. Dr. Charles C. Morrison of the "Christian Century Magazine" said, "I see more evidence of impending doom on the front page of my newspaper than I hear from the pulpit of the Church."

Down the ancient corridors of time comes the plaintive voice of the prophet of God. "Watchman, watchman, what of the night?" (Isaiah 21:11). The watchman's answer is two-fold: "The morning cometh, and also the night." It is true; the morning is come to the people of God, but night, fearful and dark is descending in frightful rapidity on a God-forgetting, Christ-denying world. As the storm signals announce the approaching doom, we raise up voices above the gathering fury and cry, "HIDE, OH HIDE IN THE SHELTERING ROCK CHRIST JESUS, FOR HERE AND HERE ALONE IS SAFETY FROM THE ENGULFING DOOM."

If every man who professes to be a minister of Christ for the next ten Sundays preached on the coming judgments of God and the imminent return of our Lord Jesus Christ, a revival of repentance and God-seeking would break out across this land such as we never dreamed possible.

We have no intentions here to go into the details of what constitutes an atom,
or how an atomic bomb is made. It is enough to say that this fearful weapon exists. As a leading scientist declared lately, "We have made our LAST great discovery. We have robbed God of one of His greatest secrets."

FORTEOLED IN WORD OF GOD

In his book on the atomic bomb, Dr. Wilbur Smith shows that the Greek word translated "dissolve" in II Peter 3:11 was the word "luo" which means to untie or unloose. He goes on to show that this is the word John used when he said "There cometh One mightier than I, the latchet of whose shoes I am not worthy to (luo) unloose." Our Lord employed this same word when He said at Lazarus's tomb, "Loose (luo) him and let him go."

Here is one of the many amazing facts of Scripture. Peter, the fisherman, certainly knew very little, if anything, about science or about the 92 elements which make up the atomic chart. Yet under the guidance of the Holy Spirit, he wrote of the elements shall melt with fervent heat—and all these things shall be dissolved...the heavens shall be on fire...II Peter 3:11, 12. Though molecules, atoms, neutrons, protons, and electrons were unknown by Peter, still he was among "the holy men of God who were literally cooked, the brain cells seared, and their eyeballs melted and running down their cheeks."

Captain Lewis, the pilot of the bomb-carrying B-29 said: "It looked as if the whole city were covered with boiling smoke. In three minutes it got as high as 30,000 feet. We could see below the flames crawling up the mountains and covering the bridges and tributary rivers. It seemed impossible to comprehend."

If all this was done by what is now called a mere firecracker, it completely staggers the imagination to think of what will happen when the dreaded H-bomb is released upon the helpless masses.

WE MUST ACT NOW OR NEVER

We need go no further. We have seen enough in these past few years to stir every professing Christian to the depths of his soul. We must awake to the doom of men and nations, and launch a Crusade for God and souls such as this world has never seen. We must do it NOW or NEVER. I call upon all Christians in Christ's Name, to humble themselves before God and plead with Him for the reviving of His church and the ingathering of lost souls.

The world totters on the precipice of eternal ruin. It has gone pleasure-mad. Moral restraint has been thrown to the winds; and yet, we still go through the motions of playing church. May God arouse us. Said Dr. Havener, "The situation is desperate, but the saints are not." God grant the saints may become desperate too, for the night is coming when no man can work. That night is upon us.

A rare photo of one of the Bikini Atomic explosions. The death mists arising from the underwater explosion is one of the most lethal phases of the explosion. This picture was not released until many months after the tests.
