.....[Congregation sings, just once more Lord].

Just once more Lord,

Oh, just once more Lord,

So we can see your power moving once again,

Just once more Lord, just once more Lord,

Oh, just once more Lord, just once more Lord,

Oh, so we can see your power moving once again,

Just once more Lord.

Oh, just once more Lord, just once more Lord, Hallelujah,

Oh, so we can see your power moving once again,

Hallelujah, oh, just once more Lord, hear our cry Lord, just once more Lord, so we can feel your power moving once again, just once more. Amen, one more time, just once more, He is a prayer answering God tonight, oh, He will hear the cry of every sincere prayer, just once more Lord, so we can feel your power moving once again, just once more Lord, Amen, all together now, let's lift our hands and one voice like Samson, standing in the midst of the pillars, oh, he could sense that God wanted to move again. Just once more Lord, he was willing to pay the price, so we could see your power moving once again, just once more Lord.

Let's just bow our hearts. Just expressing these words in song tonight, Father. Just once more, it activates the faith within our hearts. Because we know where it came from in the Bible. A picture of ourselves standing here in the last days. Lord in this hour of restoration, how you send a prophet. A seer Dear God, who was able to look into the pages of the Bible. And find these pictures and cut them out Lord and wave them before us. That he might inspire the promise of this hour to us. That he might minister unto us and bring us into the understanding of your plan for this age. That we could see there is a promise restoration, Lord. That there is of necessity a return of dynamic power, **that** come back into the church in the last days. And Lord to show us that we should cry for it. That there was a new crop that was to

grow out after the eyes was gone. And Lord how we can sense in our hearts, even as your Holy Spirit down through these past four months, Lord have anointed our faith, Dear God, have raised us up into a realm, that Dear God we could feel that spirit coming back upon us Dear God. Bringing us into a willingness Lord, Lord that we can see what the cost is going to be, we can see what the price is. And instead of trying to evade as we have done down through the years, Lord we could get under this burden, oh God and find that willingness to pay the price, Lord. Even if it is to die like Samson cried, Lord let me die with the enemy. Lord, I pray tonight Father, that this great picture will burn, once again in our hearts, Lord this great realization will be quickened to us Lord, that we will know that this is your divine promise. This was put with a specific purpose in the pages of the Bible, Lord that we could see that this is a scripture Lord, that we as the elect of God, Lord ought to be anointing and bringing to life out of the pages of the Bible. That it could be made manifest in our very own lives. Father I pray tonight that even as we express this in our hearts...from our hearts before you. Lord it would come up before you as a sincere prayer, even as Samson prayer had come up before you in all sincerity, Dear God. A sincerity with a faith and expectation. That Lord, that you was going to move once again. That under that second outpouring Lord, in that latter rain, oh God, there was going to be a restoration, Lord when that rain begin to come down upon them, shower after shower, he went forth and he did greater works in the end than he did all his life. Oh God, we know that heaven and earth will pass away but that word could never pass away. Because Joel testifies of it, Revelation 10:8-11 testifies of it. Malachi 4:6 testifies of it. Oh God, Mathew 24:28 testifies of it Lord. All these promises in the Bible, Lord for the end time. Lord Genesis 18, Lord that you will return according to the time of life. Hallelujah, that there was to be a second ride. Oh God, thou must prophesy again, even like Ezekiel Lord. When they say prophesy again thou Son of Man and the dynamics of the spirit the breath came to the body and it became a mighty marching army. Oh God, so we come tonight Lord, gathering together, believing that we are at these times, Father.

Believing oh God, that Father that we can move into that channel of faith and begin to walk and confess what your word

says, Lord. If we could ask according to your already expressed desire, this is the confidence that we have the petition, that we ask of thee, because we are asking Lord according to what your word, what your will has already declared to us Lord and Lord you are ministering things to anoint and quicken our faith, that we might apprehend these things. That we might cease of it Lord and refuse to turn it loose, I pray tonight Lord, Lord that your Holy Spirit, Lord would just inspire that faith into the hearts of your children, your Holy Spirit will drop down here in our midst Lord and hearts and minds would be quickened Lord. Those that are seeking Lord your divine promises, you've promised blessing Father, those who have been contending for the things, Lord, fighting pressing their way through, tonight Lord the channel will open up in such a way, oh God, that they will be lifted up Lord, into that spot Lord where they will know, Father the things that you have promised Lord. There is no doubt concerning it that they walk away from this place tonight with that deep satisfied feeling, that blessed assurance, may you grant it tonight Lord. We've come with that kind of anticipation. Lord we have come with that expectation in our hearts; we have come with that anticipations, because Lord you have built our faith into that place Father, we've seen the power of true confession, we've seen "Thy Faith," we have recognize the value of these things Father, oh God, we see the faith that could operate the word. We see oh God, the corn of wheat must fall into the ground and die, oh God, otherwise it will abide alone, but it could discover its true potential, oh God, it could discover them untapped resources Father. If it is willing to die and pay the price, oh God, may you grant it, astronaut faith for this hour.

Move us up into that realm tonight, Lord I pray, you will cause people to walk in this victorious, overcoming faith, Hallelujah, they will break into that realm, Lord, where they go beyond the sound barrier. Oh thank you Jesus, may you grant it tonight, bring us into that one mind and one accord for these things Father, give us that spiritual discernment that you've been speaking to us about, that we could discern the body of the Lord, Dear God we can know how to approach, your gifts Father, with reverence, we can know how to come in harmony with each other. Dear God, that you can take the headship and that headship Lord, that vindicated word can come and settle down into the control tower, that you can control,

Lord, our seeing, our speaking, our acting, that we will be so much under the control of the Holy Spirit, Lord God, that same harmony that existed between the Father and the Son will be reflected here between the Bridegroom and the Bride. That we will no longer be twain but we'll be one Father, may you grant these things Dear God, for it's truly Oh God, these are the conditions, to see another Book of Acts, to see a continuation, to see the Holy Spirit have the preeminence and the oversight and the leading and Lord God, as you have open up these things Father and we know that we must work by these spiritual laws to achieve these spiritual things, then Lord may you put it into every heart, tonight, that we could enter into that place and take our place, fight for that place, Father, and refuse to be shaken from that place. Oh God, that the body could be fitly joined and compacted together, in the measure of every part, the measure that every joint supplieth, for the more effectual working of the body, then we will see the sick be healed by a word, oh God, we will see the blind eyes open we will see the captives delivered Father, we wouldn't be praying oh God and wondering if it will be but we will know it is Dear God. May you grant it Lord, measure it down close Father, as your prophet say that's how the church can come into greater power when we measure close. Measure it so close that all unbelief would be robbed out, all make belief would be robbed out that the church truly could be lifted in the power of God, that we could see apostolic times flowing out. Lead the souls of your children to believe, to walk into these things to confess these things. Grant it tonight Father, let that atmosphere, be here, oh God, let us have that attitude of approach, let us be conscious of the unseen world, that your Angelic beings are here, theophanies, Hallelujah, these things oh God, that are to be can be. Hallelujah, may you grant it tonight, remember those in St. Vincent and Grenada Lord and those in Suriname and Guyana those in Tobago, those in Dominica. Lord that is gathered together like us Father, in the Name of the Lord Jesus Christ, God you are doing something for us and we are recognizing it Father, give us a clearer understanding of these things. You've been speaking to us about the "Gifts and Callings," and "Understanding the Operation of Gifts," that we could know how to get out of the way, how to yield. What we must yield unto the recognize Lord, the measure

that you have dealt each and every one of us and how to work with that measure.

That we could truly see a church Lord, breaking out of the humanistic realm, a church walking in the realm of revelation and vision. Where the gates of hell cannot prevail against them. May you grant that Father, may you bless each and every one that is gathered here tonight, those that are on there way may you hasten their footsteps, may as we sit under the presence of your Holy Spirit, may oh God, your spirit be able to minister freely, minister to every need that we have tonight, would you grant that tonight, Father. We ask these things, Lord, expecting that what we ask, Lord, we would experience the realities of these things. Even in the course of **the** service, grant it we pray in the precious and Mighty Name of our Lord Jesus Christ, to whom we give honour and glory tonight, counting it a blessed privilege to be here in your house Lord, counting it a blessed privilege, oh God, to have your presence among us, to know oh God, it is not by might or by power but is by your spirit, it is not him that willeth or him that runneth oh God, oh Jesus to know you are here to bring these things to pass in this hour. To know that great is your faithfulness. Thank you Jesus, have your blessed way among us, tonight, Thank you Jesus. Thank you Lord. Amen. God Richly Bless You.

Want to welcome you in the house of God tonight for service, like to open up in Ephesians Chap. 4 again. When you come in the house of God, remember you, not...you coming to create that atmosphere, you don't want to drop back down, if you can't keep up, you just pray and ask God for strength to keep up. If you can't break through, remember your confession is what going to cause you to break through. Remember God don't have another thing, God want you to begin to believe and work with what He has given you. But it is going to take faith to move God. Faith is expressed, by its works. And the works is to confess to create that atmosphere and to step out, to begin to prepare for these things, remember faith have expectations connected to it. Remember when you confess it brings the spirit of expectation upon you. That's right! And remember these things are already expressed and revealed in God's word. Every inch of ground they had to get they had to fight for it. But it is already given and God revealed to

them what was given and what they had to fight for. And not only that He give them the strategy and not only that but He come down and He was leading them Himself as the captain, the intelligence into the very battle. That's right! My!

Ephesians Chap. 4 Verse 7. I was reading this; remember I was reading this last week with Psalms 68:18, where He was talking about, how He ascended on high and He had led captivity, captive and He gave, receive gifts for men, the rebellious also and the Lord God might dwell among them, just want to continue there taking back up from Verse 7 and continuing from Sunday morning also, we have been speaking there a little bit on discerning the body.

But unto every one of us is given grace and that grace is the enabling and the empowering of the spirit,

We are.....he is given grace, every one of us, not some of us, every one of us, is given grace, you say, "But I ain't have that." Well you are not in the body. This is in the body; you want that you contend to be in the body. They had no inheritance in the wilderness, but they had to Journey all the way and cross Jordan, to get into Canaan. Is that right? [Congregation says Amen]. That's it. You have to get in the body, because these things are in Christ. We are blessed with all spiritual blessings in heavenly places, in Christ. Not in Abel country, not in Third Exodus Assembly, in Christ. That's why you have to go beyond Abel country. Abel country is Longdenville, Trinidad. We have to go beyond there to come in this word. Ephesians, every one of us is given grace. According to the measure of the gift of Christ. This grace, the enabling and the empowering of the Holy Spirit, the exercise of special gifts for service. Grace, Paul just use the word grace, but grace comes from Charisma. Charisma is the gift of God. That God has given that's why he goes on to say according to the measure of the gift of Christ, be given grace according to the measure of the gift of Christ. And Christ is the anointing the logos the pillar of fire that was divided up and come into them.

Putting them in a body, put... giving them power for service. The baptism of the Holy Spirit, the dynamics that come upon the mechanics.

Wherefore he sayeth, when he ascended upon high, he led captivity, captive and gave gifts unto men.

Is given grace is given gifts, is given a measure of the gift of Christ. He is talking about one thing there. Now that he ascended, what is it, but that he also descended, first into the lower parts of the earth. He that descended is the same also that ascended up far above all heavens that he might fill all things, this God this logos had to become flesh and come down on the earth and then even went so far to the very lowest part of the earth. Think of it, what condescension, bringing us redemption, in the dark of night, down from His glory. My God and savior came and Jesus was His Name, came down, why to settle the sin question, to redeem a people, to take them out of Egypt. To bring them back to Canaan, Amen.

And he....and he gave, still talking about, is given grace. Is given a measure, gave gifts unto men and he gave.

Some apostles, some prophets and some evangelist, the men is the gifts here. He is giving them gifted men.

And some pastors and teachers for the perfecting of the saints.

If he give them, them gifted men, he is interested in perfecting them. Because these men have, is connected to the maturing, the perfecting of the church. That word perfecting means to equip for service, so a people can be equipped for service. Could build them up in faith and virtue and knowledge and temperance for service. For the work of the ministry, for the edifying of the body of Christ. Till we all come in the unity of the faith. And the knowledge of the Son of God, unto a perfect man, that speaks of a complete man, a mature man, a full grown man, when I was a child I thought as a child, as new born babes we desire the sincere milk of the word, but God give us gifts so we didn't stay babies. God give us gifted men so we didn't stay children. But we come to a perfect man. Meet belongeth to them that are full age, we come to maturity. We come to a ripen faith. A perfect faith. Unto the measure of the stature of the fullness of Christ. May the Lord bless the reading of His word, you may have your seat.

Let's turn to Romans 12, so every one is given grace, in other words every one is enabled and empowered by the Holy Spirit, every one is given special gifts for service. Every one is given a measure of the Holy Spirit. Every one is made by a new birth, a member of the body, by one spirit we are all baptized into one body. And then if he make you a member of the body, there is some faculty that you have, some gift, something you empowered with, if He make you a hand, you have a sense of touch, if He make you a eye, you have the gift of sight. If He made you a tongue, you can speak. Amen. He put something in you, He made you that in the body. And if He made you that, then you going to see something in your life, operating for the benefit of the body. And once you gifted and empowered and given that **enablement** for that then the revelation of God's will must follow that.

How could God make you part of the body, you don't know what part you are and you can't fulfill the service, He design and put you in the body for. Is that right? [Congregation says Amen]. If He, if He puts you in the body, you must know what that is for. If He make you a hand, you must know, what, how a hand will serve the body. If He made you a eye, you will know that the body depends on your seeing ability and then you will always want to make sure, that you maintain a condition, where the body can be able to move around, without bumping into things and without ah, you know, being in a state of ignorance, where it can't see where it is at, it don't know it's location, it don't know what time of the day it is, it don't know what is happening, but if the eyes are functioning then the body could have, ah, leadership. The body can get from one place to the next place. Without falling down and bumping into things and, you know, stumbling around in the dark. So, when God make you to be part of His body, when He ordained you to be part of that body, now what about if I had hand and I realize that this hand don't resemble my next hand. And this hand, you know, it seems like one hand is a woman hand and one hand is a man hand, I says something wrong here. Because when you look at the body, hand must be a pair.

What about if you end up with two left hand, you say my goodness, **that** is a freak, you ought to see the body and the members of the body, you know, belong to that body. Because your body started off as a seed. Your body is part of a living

organism; your body is a living organism as a matter of fact. These things come through into the body by birth, unless is artificial, these things originally were part of the body to begin with. Is that right? [Congregation says Amen]. Then if this body is a type of Christ, body, you can't come in and join Christ after. You always have to be considered part of His body. And when it is time for the body to have that part, you had to be born. How many know there is a feet age? [Congregation says Amen]. How many know there is a thigh age? [Congregation says Amen]. A chest age, a mouth age, a eye age, a mind age. How many knows that? [Congregation says Amen]. The body come through seven church ages. And each age had a word. Is that right? [Congregation says Amen]. And Luther couldn't manifest our word, neither are we called to manifest Luther word. We are called to manifest more than that. We have different prophesies, is a different time, to prove we are in the body. Is that right? [Congregation says Amen]. How did they prove they were in the body, they operated and did what the body had to do for that age. You could of claim you was in the body in Luther age and not become justified? [Congregation says No Sir]. You could prove you in the body in this age and don't come to adoption? [Congregation says No Sir]. Is that right? [Congregation says Amen]. It have to be here. Where was the healing? In the body. Where was the working of miracles? In the body. Wasn't all these things in the body of Christ? [Congregation says Amen]. Does it belong to the body of Christ? [Congregation says Amen]. That's why in the operation of those things, it is not like it is to come, is the body to line up with the word and take its place.

Because it always in the body, this gift was in me was in the world while I was a sinner. Is that right? [Congregation says Amen]. Yet I couldn't save not one soul, would it been a sinner in the world. Is that right? [Congregation says Amen]. That's right! So when you see these things. The things that you looking for, the healing the deliverance, the operation of gifts, the rapturing faith. All of that belongs to the body, when the body, could come into one mind and one accord, when the body, could take its place. When the discernment of spirit begin to operate in the body and they can discern the members of the body. Is that right? [Congregation says Amen]. If you have fear and superstition and

unbelief, you can't come into harmony with a next member, you have to believe them. But when two shall agree as upon touching anything, thing is going to happen. Is that right? [Congregation says Amen]. But if you all stand there and you all can't agree, nothing is going to happen. And if you have to approach the gift with faith and you have fear and you are wondering, you are not going to get anything. And if you don't see any gift and you are trying to approach that and saying you have faith and faith could approach that with faith and you don't have any gift, there, then you, you are trying to bluff something. Because your faith will show you the gift there and your faith will let you know that's a gift in the body, that's part of the same body and you will recognize you all are members of the same body. Because the same spirit works in you all, the same confession of faith is in you all, the same doctrine is in you all. There is a unity, you all are knitted together by love. Is that right? [Congregation says Amen]. That's right!

So, Romans Chap. 12. Let's just read a little bit here. Tonight I want to take for a little thought, "Gifts, Administrations and Operations in the body of Christ." The reasons the apostles had so much of these things, because they knew these things. Because we are reading the apostles teaching. When you read the scripture, you see, how they saw the body. If you and me don't see the body so, we can't rela.....we could only relate to it, how we see it. But the reason they thought this is because when they looked at one another they knew one another. Is that right? [Congregation says Amen]. Even though Paul speak things hard to understand, Peter knew that man is in the body. Even though that man was persecuting the church and they had to run from that man. They know that's in the body. Why, the same way, they say we see the Holy Ghost come in Cornelius house like it come on us. In other words, I don't understand my experience, if I doubt what come on them. Peter say I see what come on them is the same thing come on us in the upper room, the same way. Is that right? [Congregation says Amen]. That was Peter confession. When you meet certain people, you does know they have the same Holy Ghost you have. And then you meet people who claim they have that Holy Ghost and you know they don't have the Holy Ghost you have. That's right to. That's right to. You see the problem today

is too much of claim Holy Ghost without Holy Ghost. And that's why they does claim these things, but faith don't follow it. The evidence of a New Birth is faith in that life. Is that right? [Congregation says Amen]. That's right!

Romans Chap. 12. Look at this. verse 3, verse 1 & 2, He's talking about offering yourselves a living sacrifice, holy and acceptable unto God. And verse 3, He says.

For I say, through the grace, given unto me,

Didn't just now he says, every one is given grace. Now he say, when I speak, I' am speaking by this grace, He has given me.

To every man that is among you, not to think of himself more highly than he ought to think, but to think soberly, according as God hath dealt to every man the measure of faith.

Didn't he say God, every one of us is given grace, a measure. And here again he is saying, God dealt every man a measure. Every one of us, every man, in other words there is no member in the body that don't have a measure. You're getting that. These are the things that we need to grasp, because real faith, you can't have this without real faith. I' am talking about faith, I' am just preaching messages to stimulate your faith. Remember if it ain't have nothing inside of there, them messages can't do nothing to you. You have to have something for it to strike. Is that right? [Congregation says Amen]. That's right!

According as God hath dealt, hath dealt, to every man the measure of faith, for as we have many members in one body and all members have not the same office. So, he is contrasting, so, as, we are many membered, so we, being many are one body in Christ. And every one members one, of another, we are members one of another. In other words if we all have faith, if we all have the same spirit, if we all have the same new birth, we can't be in this discord, we have to be in one accord. No man hateth his own flesh. Is that right? [Congregation says Amen].

Having then gifts

Because every man is given gifts.

Differing, according to the grace, that is given to us,

Every one having then gifts, differing according to the grace, the enabling power for service that is given to us,

Why, because we are members of one body, if we are members, our grace have to be different. If you is a hand, you can't do what a eye does do. If you is a eye, you not going to do what the ears does do. So, you will have, now the same life does move the hand the same life does move the ear. Its all joined by one spirit. You, your body have one spirit. That operates that body. But that same life does make each one bring out there own unique, ability. It is all united under the head. Now I' am not so much trying to teach that as more as I' am trying to, say all these things the word have been bringing to you, it goes with this. That's why **I have** been saying love, love, love, one mind, one accord. I' am trying to say, people will be different to you, but you have to get into one mind with them. You can't look at them through how you want them to be. You can't prefer and rather, because Sunday we see that, that is carnality, that is a baby thinking. Carnal mean immature, carnal mean you ain't grow up yet. You understand what I' am saying? [Congregation says Amen]. You have a baby vision of God plan. Well when you still a baby, God don't use babies to fulfill His word. Babies is to praise God and them things. Goo, Goo, Dada, and you make a sound and make Papa happy; he pick up give him a little toy to play with and these things.

But you have become a man, **you have to become** mature. For God to send you out in service. God is not going to send out children. God equip men. Watch, **if we are children**, Children in malice but grown ups in understanding.

Having then gifts, differing according to the grace that is given to us. Whether prophecy, let us prophesy.

Now, you see how he is begin to break down these things, the same thing we just reading here in Ephesians, now we reading in Romans and he is opening what the body is. And the measure that has been dealt us, the proportion of faith. He, he is dealing with these things. Having then gifts differing according to grace that is given unto us, whether prophecy let us prophesy. According to the proportion of faith. In other words you don't sit down and criticize somebody because they have a small portion. God make them part

of the body, is to put them under a little eye glasses and say my, I find that to simple. You ain't went down in this and you didn't go down in that and you ain't tie this and you ain't bring that over here, I pray thee tell me how you does do that. That is a measure have to be dealt you to do that. And that is why, people have become analyzers, they become critics, they become comparers they become different things and then many times instead a they bless and encourage and lift up what God do, in a small measure through one person, they kind of put no value to it, because their eye on the big thing. And if.... and they don't understand it's a body with many members. And right there, they paralyze themselves. They paralyze themselves. He say prophesy, but you could only prophesy according to your.....to the proportion of your faith. And your faith is not what you ask God for, your faith, is what is dealt you.

It was not left for them to ask for certain things. It was for God to set in the church. The children of Joseph come and say, give us that portion. We, oh you.....this one over here, have to much of people with iron chariots and it is a narrow place. He say well if you is such a great person, you go back there and conquer that and develop that. And God order man back to their place. Is that right? [Congregation says Amen]. Uzziah wanted to go over and be a priest, but God order him back to his place. Is that right? [Congregation says Amen]. God does order you to your place. Kora wanted to go into a place he wasn't called for. Is that right? [Congregation says Amen]. God say no you can't go there. He thought was politics make Moses and them go there. He didn't know God had set. So he start to stir up people, to see his view, making them think it is a political move. And not knowing he was, he was digging a grave for them. You get what I' am saying? [Congregation says Amen].

Or ministry let us wait on our ministering.

You don't just want to run and become a minister; you must see a gift in your life, to say something. But you have to wait for that, wait until God make it clear. Wait until you get the anointing to go with it. Wait until you get a message to be given to speak, otherwise, you going to be running without a message. And then you going and you not anointed. And is just letter and information. You get what I' am saying? [Congregation says Amen]. That's

right! Let us, he say our ministry; let us wait on our ministering. How many know they minister in courses in the Bible? [Congregation says Amen]. How many know it had fallen Zechariah lot to burn the incense, but how many know the day when his lot came is the day the Angel came to him? And the Angel met him in his lot while he was executing the priest office. Is that right? [Congregation says Amen]. You think you does change shift? You take my shift; I go take your shift. Wednesday night is teaching, we've been doing some teaching Wednesday night, teaching does kind of burn little bit because it kind a get things down fine and divide and you know, break it down and let you see. So sometimes, you know, people want to do allot of things but they don't know the scriptures and when you quote the scriptures, they never even spent five minutes, meditating on them scriptures. How could you be in a body, wanting to do something for God and you ain't meditating on the scriptures. You have to know them scriptures. He that showeth mercy, he says, ah, or he that teacheth, on teaching.

Wait on your ministering or wait on your teaching. A teacher don't get he message the evening he go to preach, you know. A teacher have thing, because, a teacher, have to bring it out all.....a teacher have to break it down. A teacher have to break it down, a teacher have to make it clear a teacher have to type out Genesis to Revelation, is a teacher. A teacher have to set under the anointing of the Holy Spirit the prophet say and divide that word and lay it out so clear, otherwise, you ain't called to that, you confuse the people. They don't know their age, they don't know the approach to that, they don'tbecause preaching can stir them. Oh, they get charge up, we going and take it now, no you ain't ready to go and take it yet. You been told what it is and you getting excited that you have that. But teaching tell you make sure when you go in the store, you have enough money to pay for that. Otherwise you go walk back out empty. Teaching will tell you where the store exist. You..... You take off in a speed and you don't know. You hear about healing, but then you don't know it have certain things that go with it. Say Brother I believe God heal me and after one day, you can't confess no more. While the message power of confession was being preached, you confess two days

after that, next message come and preach, you stop confessing, because your mind switch on something else. No, no, no, see. That is playing church. Real things. You catch this, you catch that, you catch this, then you pray over it Lord, show me, I hear it for the congregation, but I have a need and that applies to me, so now bring it down personally for me, Lord how I going to work with this, for me, this is my season, how to apply this, I get the lamb and I have the blood. But where to apply this, how to apply this, what to apply this with. If you don't go there you will only be hearing general. Remember right now, I' am preaching general. And everybody here is different, everybody case is different, no two people case is the same here. I may speak on something, five percent it will go to a person, ten percent another will get that, twenty percent another will get in their area. But if I meet you one two one, I could spend two hours on your thing alone, but because we here in a collective audience, then, then in speaking the word is going forth general because it is speaking to everybody.....

.....like sometime we go to eat, Brother this one don't eat shrimps because they allergic to that. This one don't eat this over here, this one, you know, don't drink that because that does burn, their stomach, well when we get there. You know it have food on the table but then it have many things that others ain't taking, because, you know they taking what they need and what go down with them. Is that right? [Congregation says Amen]. That's how it is. So he's, he's he's, showing here how God deal every man a measure of faith and how, you minister according to the proportion of faith. Some people, do you know some people have more faith than they know they have. How many knows that? [Congregation says Amen]. How many times you hear the prophet say, lady you have more faith than you thought you had, He healed you five minutes ago. He say, you don't have to come in this line. You can rejoice, he say, lady faith is a subconscious thing. You was sitting there praying Lord have that man call me and right then, you was healed. He say faith is not out here in this realm, no and that's what....that's where many times people can have faith, but they ain't stepping out as they should. And that's why when the teaching comes, the word ties down, you start to see places, I can work with that. Because that's

me he is talking about, I used to think that but I didn't know that, that was in the word.

I didn't know them scriptures, oh the way he said it bring it together so clear, but I was believing it that way. But because I never hear nobody say it that way I, you know, I was kind of waiting there to step out. Then you start to operate in you real proportion of faith, otherwise you have faith, so sometimes these things come and show you. You ever see you go to buy something and you go to buy that thing and you have the money to pay for it. But you don't, you don't realize that you can buy that. And then when you check your money you say you know I thought is this what I had? But I had a hundred in my wallet and I had some money in my pocket, but I was only checking the my money in my pocket. But I realize I could pay for that, because this I was keeping back some money to travel home but my friend here will take me home. And if I put that money with this, I could pay for it and go with it. You have it. Or he that exhorteth. Do you know exhortation is a gift, in the body? [Congregation says Amen]. That's right! Exhortation don't just mean somebody coming in a pulpit and give a exhortation, you know. Brother that gift does operate in the pulpit, outside the pulpit, everywhere. Sometime the spirit of exhortation come upon you, you ain't preaching to that person but you exhort them. That's right! And the spirit drop down there and give you the few words and that's it. That was enough for the case, you ain't giving no whole big message and no set of scriptures, he just give you a word of exhortation right there for the person. That's right!

He that giveth let him do it with simplicity;

How many know giving is a gift? [Congregation says Amen]. He that ruleth with diligence. How many know there are diversities of administration. Ruling is administration. That's administration. You have ad... you have people who does administrate and you have people who does operate. You have operators they out in the field, you have administrators who sit down and plan the thing. And then they delegate responsibility and then people carry out that portfolio and they do that. That's right! Man who have a business, he sit down there he plans his business, he knows what he is going to do, he do this, he know how much stock he is going to take. He know the season, he know

is Christmas season, big commercial season, there, he know to bring in this stock, this is to sell, this is to sell, this is to sell, this is to sell, he know how to invest his money at that time of the year in particular stock. Is that right? [Congregation says Amen].

And then he know I does do a extra employing at that time because it is a busy season, and he goes and employ certain people to. And then he have them now operating in sales and different things, cashing, doing different services, that relate to the product he is dealing with. Well it takes one gift there to rule to watch to over see, to plan the thing that's one, that's a different gift to the other one, who is carrying out and, and am, you know operating in that gift. That is why you have administration and labour. We does call it the admin building, why, it is there is sit down and do things, we don't have singing practice up there, we have our meetings there, we don't have the Sunday School there but the Sunday School teachers could sit down there and plan there Sunday School things. The deacons don't function from up there but they go there in the meeting and they sit and they over see and they plan, what they going to do, that's right. It's administration.

Remember Joseph in the Bible, Is that right? God tell Moses build the tabernacle, you know Moses ain't sow a curtain? You know Moses ain't beat out one piece of furniture? Is that right? [Congregation says Amen]. But Moses had the plan, Moses had the pattern. Is that right? [Congregation says Amen]. Bible say and Solomon, build the house, but you know he ain't cut one stone. But it didn't say this one build the house and it didn't say a bunch of people build the house. It say Solomon build the house. Why, he is given the commission. Didn't God tell Elijah, anoint Jehu and anoint Elisha. Is that right? [Congregation says Amen]. But who anoint Jehu? Elijah? No. Elisha? No. Elisha had a servant that he sent to do it. But he is doing that to fulfill what God tell Elijah. Because that was given to Elijah, but they are in Elijah's ministry. And as far as God is concerned* Elijah did it. Because they are operating out of that ministry. You see how people does get complex to work with a ministry. And you see who people does get a false individuality, to say, no, no, is I do this not he do that. Is I do this and this one do that and all of us do that. Because a person does feel that they not getting the credit, if they

say that one person do that. Because they thinking still on a shallow level and God thoughts higher than their thoughts. And God does reward every man. They don't lose no reward, God does give them, their reward. But when you don't have largeness of heart and when your thinking not filtered. You can't see how it operates. That's why, when we learn these things and these things operate through us, we are maturing.

When these things not operating in us, we still babies. Babies want attention. Adults is interested in getting God job done. You get what I' am saying? [Congregation says Amen]. Babies want attention, but adults is interested in getting the job done. Does that make sense? [Congregation says Amen]. That sound like the word? [Congregation says Amen]. you know sometimes you does take things for granted in a church, but you does really realize, you does **have** teach things you know. I' am talking, I' am just talking to you tonight. You does have to teach things. Is like children in a house. You have to teach and explain. And bring that close. And then sometimes it shakes, sometimes it burns. But when it **places** the body come **stronger**. When the vision comes clearer it work smoother. The Holy Spirit flow better. And then you see, God can do more among a people. Who is growing up. Look at this next one, he that showeth mercy, we already had prophecy, ministry, teaching, exhortation, he that giveth, he that ruleth, he that showeth mercy, with cheerfulness and then he goes into love, let love be without dis..... **Abore** that which is evil, cleave to that which is good, be kindly affection one to another with brotherly love, in honour preferring one another. Just just now, in honour prefer one another. Don't think about getting honour, prefer one another, in honour. What did Jesus tell the Pharisees, He say you **like to sit in the uppermost city in the synagogue**. You like the honour of men. He say, but what to do, sit in the back and when they put you up there, cause they that humble themselves shall be exalted. And they that exalt themselves shall be made abased, he say and he that want to be the greatest and..... let him become the least and serve. You want to be great, start to serve, start to serve.

Isn't it amazing that how the people who like to serve, because to serve you have to be more interested in somebody needs than

you own. And to serve, you have to have love, to be more interested, you have to.... selfishness have to go from you, to start to serve, because you rendering your strength, your time, your energy, your skill, for the enjoyment and the benefit of someone else other than your self. You are becoming their servant; you are elevating them by taking the lower place to serve them. My, I'll stop there, I want to read something for you, before we go on a little further. Because we think of this gifts and administrations and operations in the body. I' am preaching this because I' am looking for this. And I' am conscious the first way to start to see it is to start to speak it. And when you start to speak it and prove it by the word and prove it is for now, then people can know that is God's plan, then when you know that's God's plan, you can expect that. Then when you can expect that, that's God's plan, then you get your self in condition and readiness to receive that. Amen. How many knows the church must have all five offices and nine gifts, before it go in the rapture. [Congregation says Amen]. How many know that is in the church. [Congregation says Amen]. It does come back to, well I don't see. Your seeing have nothing to do with the word.

Serpent seed was always in the word before you see it. Water baptism was always in the word before you see it. God send a prophet was always in the word before you see it. Jesus is God was always in the word before you see it. When you see it, it didn't become so, it was always so. But this is a thing that... how people does look and think, well I ain't see this and I ain't see that. Well you have to know what you looking for. You have to search the scriptures. You have to find where the promises are laying in the Bible. And then when you see that God promised that and He promised that for this time and He show it in shadows and types all through the scriptures and He show what the early church was and He show this is restoration. Then you know what have to be here. Then when is not another seed being planted but bringing the original planting back to original seed. Then you know once is the original seed coming back, Alpha is Omega, it have to be here. Because it is not another tree, the tree never went out of existence it just get eaten down, but the life of the tree was preserved it went down in the root and start to come back up. So whatever the church was in the beginning, the church have to be here at that end.

Because when one came forth, from the root in this day, he manifest everything. Is that right? [Congregation says Amen]. To prove it was here. So I believe that, and I have taken these last few months and have tried to stay, in a certain place preaching holding there, only because I believe God tell me that. Many of you say you believe it and bear witness with it, and I know if God tell me that and you are part of the Bride it is put there for me to preach to. You will have to bear witness with it. Cause many..... boy my faith is being increased. And the way the word is coming and the way I seeing these things and you know this open up to me and when I begin to see that, I really see all that goes with it. Well the reason you seeing that there, now instead of getting away from that I' am staying there and trying to hold there and then trying to find well this need a little more opening. This understanding need to get down a little deeper in the church. This faith need to be ripened a little more here, where it begin to get operative. People not just saying I have it, no they starting to display it. They starting to walk in it. They starting to confess it. And then now, you start to see the atmosphere changing among the people. That's right! And that's when the Holy Spirit can drop in. Because now the people are going forth to produce these very things. And where is it coming from, out of their very own life. That is where it is coming from, out of their very own life.

As the prophet says the eagle always had wings, but he...the thing was he tried it out. So when he took the gun and he say I could shoot you right there. The eagle watch him and my, this hunter, I wonder where he come from. He thinks I born and grow up on this branch. He say let me show him a thing or two. And the eagle kind a and while he talking the eagle sense that air current coming around. He say now is the time I' am going to show him some dynamics here. I'll make him **run up**, drop that gun, run around that tree and start to scream and cry for God. Isn't that what he did? [Congregation says Amen]. Why, because he saw one who knew their position, who knew the ability, who try it out. You know why? Because he was a eagle to and on the platform he could show them Pentecostals the same thing. Brother and that only confirmed back his faith. Because he knew I posses that. He say the eagle ain't have to take a long run and try to take off. The

eagle know he built to poses a law to fly. And he know God make me for the firmament and because I made for this environment and not the ground, I don't study the ground too much, I does only study the ground for landing and picking up food, Amen.

But this up here, I does study this for flying and using my gift and operating and maneuvering because I' am the king in this realm. Here I' am in my element, no bird, no human being, no animal on the ground, no lion, tiger, zebra, elephant, no rainbow trout, whale, Brother no shark nothing could touch me here, when I speak here everybody keep quiet, I was built for this realm. Well we are built for a realm of faith and when we get in that realm, no Baptist, no Methodist, no Pentecostal, no Jehovah and Seventh day Adventist, no Catholic and no Anglican, Amen. When you get between the Gentile prophet and the Jewish prophets. Amen. When you get under the second fold of the seventh seal, you find your realm Brother. Nothing can't shake you from there. Why? That's a piece of land marked out. And you were predestinated of all the ages to come in and live inside of there. That's your inheritance. That's your place where you walk and live. My! Glory be to God. There you can show all what you are. [Brother Glaude says eh...]. [Brother Vin says I hear a Amen in that]. A **man might be** groaning in his utterings but I hear a Amen in that. I hear faith connect Amen.

On a message called fundamental foundation for faith, listen to this. Man was made as a secondary God on the....on earth. He is explaining something here about man. He is trying to show the church how the church is supposed to have all these things in the last days. The prophet say you know why these things don't happen in the church many times and multiply and be in a greater measure among the people, it is not being thought. And that's why I take the privilege to teach these things. Not just to mention and drop it off in services but to come down and start to teach you what gifts is, calling is, how these things operate where these things is in the Bible. Proving to you these things are here, proving to you a real believer is conscious of these things in his life. If you are living in victory, you not....you not trying to be moral and is not self will holding you, have to be faith. You have to have discernment, once you under temptation. Because satan ain't just

coming with women test and man test and alcohol test and all kind of different things like that, satan coming quoting the word too. Is that right? [Congregation says Amen]. That is why people does waste their time. Sometime they preaching about this, all kind of carnality. Woman and man and all kind of different things. Sure. Because, that ain't keeping the real Bride out friends. The Bride tell she have to watch that in the last days. See.

You know Balaam and them get in that? [Congregation says Amen]. You know the people of Noah get in that. They get into that after they was deceived with false teaching. The doctrine of Balaam produced that. Is that right? [Congregation says Amen]. That was the product of the doctrine. The doctrine bring them into false union. That's why Balaam prophecy was perfect, but his teaching was wrong. Then you had to discern this man had a gift. This man knew the approach to God, this man had the same sacrifice like Moses. This man used to get visions from God. This man had angelic visitation. Yet this man didn't have virtues with the gift. Yet this man wanted recognition, yet this man wanted power and money. Yet this man make himself, where he didn't have resisting power to resist the temptations, this man could be pressured into things, this man could think that God wouldn't mind. But this man didn't really have a clear revelation of who God is. And that God was infinite, a God who knows every flee that bat his eye, he didn't come into that kind of God.

Friends that is where good people can be talked into things. Good people can be pressured into things and become compromisers. You know why? Because their vision of God is not to clear. Happened to Gehazi, happened to Judas, happened to Joseph Brothers. Sure. Man was made a secondary God on earth; he was given the power to control all things, all elements of the earth. That was Adam; Adam was given these great powers. But then the power that he was given to make himself is where he fell. And Adam could speak to the winds and it would stop. He could speak to the trees and they will obey him. He could speak to the wild life, it will obey him. He could speak to the waters, **ever what it was**, everything obeyed Adam. Now that is the beginning of man. That's what God gave him power over, everything on earth. Now through the fall he lost that power. Then he becomes unconscious of the fact, after losing his relationship and friendship,

fellowship with the Father. Then he lost that and all of his great channels became clogged up and he couldn't get through. Now what Adam was in God, Christ has redeemed us back to that. All the five offices was in Adam, you know. All the nine gifts was in Adam. Adam had discernment of Spirit, he know everyone of them animals, this is a dog and this is a fox and this is a wolf. They could be related but they all different. Then he had a word of knowledge to call their name. You is dog, you is fox and whatsoever he called them that was their name thereof. Is that right? [Congregation says Amen]. Then he could mark out their boundary, he could look at that bird and say. You is bird, you is bird, you is bird but you is a migratory bird, he say you is a carnivorous bird, he say you is a domestic bird. You is a owl, a night bird, you is a **queue** a **flightless** bird. You is a duck you is a water bird, you could watch their feet, you could watch the beak, you could watch the kind of wings. Because when you watch the characteristic, you know what it is. Remember when I tell you I went Germany, that time and I went in the castle and the.....the **countess** was there. And the minister had carry me because the **countess** mother was dying. And they was praying for her to come back and then he was telling me boy I believe she will get better. And I went there and I sit down with them, I had just finish preaching on dietary laws here before I went there. And on dietary laws what I' am explaining here I preached all that on dietary laws. Showing you that every bird that is make up or every animal that is made up, if it is make up to live in a hole if it is make up to live in a tree if it is make up to, wherever it is make up to live, if it is a flightless bird whatever it is, you can know it, because they all have their different things.

A eagle will have talents a hawk have talents that is to rip meat so when you look at it you know this a carnivorous bird. You could see the characteristic of it. And when I looked there it had the painting on the wall and it had some fowls and I find that very strange. And then I asked a question to know if that is a sign for me, I asked the Brother I says, how old is she. Cause the age is the same number on the picture with these fowls. And then when I saw that I say where God give her grace and I saw where she was sick and I knew the law, the punishment fits the crime. And I look at her daughter who marri..... a young 30 something girl, living

with a eighty one year old man and I look at the boy he is a pervert I could see that in the boy, he had that characteristic too. And so when I saw the woman was dying with cancer in the female organ, I tell them I say and she is going to die, I say and she is not going to live. I say no, He says why you saying that and I start to explain to him that revelation.

And I told you he called me about a month after and tell me, he say you were right, she died after that. He say and I preached the funeral. Because everything have a characteristic, you see God does make thing by design and when if you have wisdom, spiritual wisdom you know what to look for, in a thing that you looking for. In other words, you see people have a motor car and then they put up a man does have a old Morris miner a Vauxhall. And he put a Mercedes Benz thing on it. Well if you know, you know, no, no, no, you not just going by that little sign there. You know what a Benz is you open that engine; you know this is English engineering. You know this is German engineering. That means you could tell. You get what I' am saying? [Congregation says Amen]. Well everything have its mark of identification. Every human being, no human being have the same thumb print. No human being have the same voice print. Even their eye now they say, they want to scan people eye when they going through things because they could nobody don't have the same retina and these things. And everybody have their unique make up. And every specie of God is that way too. They say no two zebra have the same stripe. So when you know what to look for, you can identify things. And that's where when one person who don't have that and can't see they does be uncertain and a person who can see that can know definitely that is wrong. That is not the word. That's a wrong spirit there. That's why men who had to judge prophecy and these things, had to sit down there, how they judging that, I feel in my heart that wrong. No, no, no, you can't feel, you have to see that in a plan. You have to know the plan. And you have to be looking at that through the plan. And say no, no, that is a left side. That wrong, we already have the left side. It can't have two left side. You know what to look for. That is where a lot of people does get trap in deception, because they not close observers. But the elect have to be a close observer. Amen. Listen a little more. Now what Adam was in God, Christ has redeemed us back to that.

Now think, as I say when you read the book of Acts you see the potential of the last day Bride. When you read the book of Acts you know what is inside the church sitting down right here. That's right! Then if that is sitting here right here. How does all these people from away come over here and say Trinidad have oil you know, Trinidad have natural gas. We going and dig for it and they take certain geological test. And they to dig and they say, we just find so much wells here. Andso much of barrel per day. How they know that? You have people who study that. They know they know the geography of the place. They have maps to show where that thing run. They.....that thing cover up with water you know. But they know where the veins for these things run.

They know the other countries on the coast of Venezuela it have certain lakes there, it have certain. They know a certain region. They know the plates in the earth, they know how it is, they know where it is. They know where it connected. And so when they go and they start to make their test. They know quickly with a certain test, we not going to waste no time here digging and spend months and end up with nothing. No, no, in a couple days we going to know what they have with no reaction. Well the prophet say give me five minutes with a man. Let me start to talk, I know the things to press. I'll tell you if that is the Holy Ghost or not. Because you not just on talk, talk. It have ways you does get to man spirit. He say I does say some things to get people vex. I does say somethings to get some happy, I does say some things to get some sad. See which way the spirit lead. Find the birth path. See, which way their make up is. That is right! And you can go to a person. Like I was saying the other night. The things that blow through and blow people away, under the message. And they get in the camps and they spend years and come back out and realize they was wrong.

Could you imagine, yet some people, they could spot it from a mile. You know why? They could detect the difference. So they, they ain't lose years under false teaching. Under man spirit under all kind of politics, they ain't lose years under that, no. They could...they know how to test that. He say, Adam never had to be sick, he never had to die, he never had to worry. He never had a heartache, he never had fear. He just climbed up into the arms of

the Father and just like a child everything was his. And whatever he asked, why, he just got it. Everything obeyed him because he was God's child. And the child is heir of all things. Now when man fell, he lost this. And now what he lost in the fall, Christ came as a redeemer. He say did you ever stop to think what Christ redeemed for us. He give us everlasting life. He brought us back to the eternal fellowship and relationship to God. And His sons and daughters, to restore back all that Adam lost in the fall. Now when Christ redeem back the church and Holy Ghost come, to bring us back to the original where Adam was. **En't** man start to have prophecy and speaking in tongues and interpretation and discernment of spirits and all these different things.

So then, they, Adam had to have that, ok well then didn't Moses have that. Didn't Elijah have that. Exactly right! They had it. Moses had healing, Moses had discernment, Moses had vision. Elijah had that, Abraham had that. Well where they get it from. Didn't the other nations have to? [Congregation says Amen]. How many know Uriah the Hittite was a Hittite. But he come over in Israel. Right? [Congregation says Amen]. When Solomon go and build the temple, he send for a Gentile over there who could of cut stone that no Israelite could of cut and go to help build the temple. Is that right? [Congregation says Amen]. They was proselytes in Israel. Because they had, though they was among them heathen nations, gentiles they had gift there too. But they come in the commonwealth of God. And then you had Balaam and all them who born in the Euphrates River, who could access God too. But can't stay with the word. Because Israel was a type of the real Bride, the elect that is called out. But all those things was among the people. Isn't among the Baptist have gift today. among the Methodist and the Pentecostals have gift. among the Catholics have gifts. If you can't see them in that, you don't know the Bible. You sitting down here as a Trinidadian. They have. But the real ones in the body. Cause it have gifts in the body and gifts out of the body. How it could have false prophets and false christ in the last days. Sometimes when you watch, you ever see some of them men, have ten thousand people in their meeting sit down Televangelist..... And they could work that crowd.

They have the gift to work that crowd. Brother they come in a church like this, this too small for them. They ain't wasting time with this. And if you go out there, you can't control that crowd. Even though..... in the body like how they controlling that out there. That's right!

You are a Christian, could play music. You is the best musician? You are a Christian with the Holy Ghost you could go and take lessons from one of them fellas out there who don't have no Holy Ghost. Is that right? [Congregation says Amen]. That's right! It is how you think, it is how you think, these things is not complicated, all you need is revelation. But those gifts it not working according to the plan for the age. Those gift working for their own ambition their own pride their own self. It had that in every age. Now the thing of it is, listen, since he has restored man back to this place. Man in the fall has lost his conscious of what; Father put him here on earth to do. In other words all the plumbing as it were in his.... In our brain and the outlets, the faith has been clogged up, with business affair with home life, with domestic things, it's all become so clogged up with that, until God can't operate through those channels that he made a man for.

Adam had all these channels, God, the reason God could a bring that to him, God know discernment go operate in this man. God know faith is going to operate in this man say. Storm stop, wind, go back here, I don't want this tree here, I move this tree and put it there. That is faith to move mountains. That is St. Mark 11:23, if you have faith like a grain of mustard seed. Adam had that. That is discernment of spirit. Adam..... Adam had that. Adam had love for God and lay down his life for Eve to and cover a multitude of sin. Adam had wisdom, Adam know seasons. Adam know the stars in heaven. He name them, the planets. He could of read the first Bible. He was inside of it and when man fell, the channel get clogged up. But when the second Adam came who the first Adam was a picture of. Did he have it in him? [Congregation says Amen]. Did he have all the channels in him? [Congregation says Amen]. Did he had all the gifts and the offices in him? [Congregation says Amen]. Exactly right! Didn't he come and take the faith and speak to the same storm and they say what manner of man is this? Didn't He walked on the water and show dominion? [Congregation says Amen]. Didn't He have

discernment of spirit? [Congregation says Amen]. Didn't He tell the people their name when they come before him? [Congregation says Amen]. Exactly right! It was in..... real man that God make is to operate with gifts. Man was made to be the temple of God. Man, God was to in dwell man. And this is God personality, he is faith and virtue and knowledge. He is healing, working of miracles, he is faith, he is wisdom, he is discernment. This is God. So he does make man to operate in man and through man. Did you see how foolish it is when a man say the gifts ain't here. I could..... it ain't supposed to be here. This is man, this is the man God make. It all became so clogged up, until God can't operate through those channels, that He made a man for. Then instead of man work by God wisdom. What He do? Work by his own human wisdom. Is that right? [Congregation says Amen].

Instead a man had love for his Brother and put himself in his Brother place, man now was studying to scheme his Brother, kill his Brother. Didn't Cain do that? [Congregation says Amen]. Yet having religion at the same time. Isn't that right? [Congregation says Amen]. You see what happen to these Catholics here? God pull the veil little back and show the kind of filth behind there. Isn't it strange, everyone of them, they come up all over the world. They had one come up in Spain too, a man come up with a video, yesterday paper, with a video, a homosexual lover. Could you imagine that? And with all these pedophiles here. Up to now nobody ain't come with a woman yet. If, if the problem is to get married, if the problem is that we getting trouble we can't get married. Well then you might see a man getting a problem with a woman. But it is only men and boys. Her sins have reached up to heaven and strong is the Lord that judgeth her. Cause every abomination, came out of her. The cage of every hateful and unclean bird, the habitation of devils, the hole of every foul and evil spirit. That is what the Bible says. That is what the Bible says.

And she rules the world, she got the kings of the earth in her hand. And they say well the priest gone back to their monastery. To kind of rehabilitate and kind of look over himself a little bit and try to find back his path. See how they play that. Open up your Church Age Book and see that the prophets was showing what was he was going on in that place. You see God does need to do that

little bit to buy some time for the Bride. Put them on their back foot little bit. Like they try to polish their image and cover up a few things and get busy because they don't want to get exposed and kind of use the international press to kind of you know, tone it down and instead of make it black, throw some white thing and make it kind of grey. Touch the image and you know, refurbish the image a little bit. But we don't need that kind of touch up job here, no sir, all things are passed away and all things become new. Being born again, not of corruptible seed but of the incorruptible is what we want.

My! Let me go a little bit again. He say it get clogged up with business affair. Didn't he say, in Christ the mystery of God revealed, oh church why do you hunger and thirst? It is your Father trying to reveal this to you. But you let your Job, your house, your car, your family these different things, keep you out of it. Listen, now when God made the human body. He is going a little further now, when God made the human body, every little part had it's place to play, the teeth, the tongue, the eyes, the nose. God does everything in there to make it perfect in operation. To make the man to live. Because of the nature of environment, God made for the man and the nature.....what is the use making a nice beautiful flower, with a scent in it, if the man can't smell it. What is the purpose of painting the colors of the rainbow and all the nice sunsets and sunrise? And all the different kind of green and different color flowers, if man wasn't going to have eyes to see it. You understand what I' am saying? [Congregation says Amen]. So God make up the man, in a world, for two worlds and he equip him with senses, because in their God is doing what? He is designing the body, because His real church is going to be a body. And he is laying the foundation for the mystery of what that church is. Look how far we have come in this day, to where people just want to join a church, come and hear a service and go home and come back for a next one. And the church have a little program to keep them entertained and to go along like that. You see where civilization have carried the thing, but look back there in the Book of Acts, when the body was the body, when the church was at its height, in the very beginning right there and look what that church was. And look at what God could of do and look at the kind of things that was wroth, through the church, by God being

able to come in and move, people Ananias get up and go down this way here. Go into that street, he say Peter, you go up here to this man Cornelius, some men is at the door waiting for you here. Paul, you don't fear, no man life in this ship is going to be lost. You will bear witness of me in Rome. Philip you leave here, go in the desert and wait a man is going to pass there. Look at.....

That church, Brother look at them members. And today we want God to do the work through computer and telephone and we want God to do the work through different things like that. And printing a tract and giving it out and we want the work to be done through that. That wouldn't be a restoration, would it? [Congregation says No sir]. It would have to be the people come back in the same kind of condition. It will have to be the same kind of people. And that's why they are children of the Fathers, because children is a product of the same kind that the Fathers was. And the same faith and the same spirit have to come back upon them and work through them to bring these same things to pass. And that's why..... sitting under this message, people, Seven Thunders was to do what? Wake up the Bride. What it was to do. Open a mystery to bring a power in the church. Seven Thunders is Just about a cult is not about a personality thing it is not just about some man explanation, it's a mystery to open up to bring a power that Christ will come back and live in his church and manifest everything we read in this Bible.

No man could say they have them Thunders and just sit down there and wonder. No sir, that Thunders is in your heart, Brother it is stirring you to the very promise, making you confess those things, show you, your name in the book, take away your amnesia, make you know as you were known. Show you as God in that day you know I in you and you in me. And greater is he inside of you than he that is in the world. Let you know you are a Son of God in the presence of God again..... did you know in greatest battle ever fought, he say, I' am blowing the flu's out. He say it was clogged up, man brain clogged up everything, thoughts clogged up, with civilization, carry you and educate you, put all that inside of you, then you start to deny God. This time God trying to teach you about a sunset, moon, rain, show you himself in nature. Show you the mystery, of His whole plan in creation. Like

Job catching the mystery of the resurrection in the midst of trial a flower and a tree preaching to him. Yes sir! While learned men sit down there, condemning him. And trying to make him a sinner and make him feel guilty. And the very tree was testifying he'll rise off the **asheap** and prophesied. That's why in this age we come back to the intelligence. The Bride has the mind of Christ and she knows what he wants done with the word and the same harmony, as was with the Father come back and she have thus saith the Lord, or keep still, because she is a prisoner, bound in the chains of the word.

And that ain't to come, 37 years the message doing that, because the potential was in the people. Who come predestinated in the world, just like the prophet a little sinner boy out there with the potential, was in him, that's why the Angel could come and talk to a seven year old boy he packing water to a moon shine still, show him vision of the Ohio bridge being built and men falling off and dying. And God ain't say,..... I going behind a sinner and reveal all these great things, no God know that's a seed in the Bible. That's one of my attributes there. Well the same way God knew you and the same way from a little child, he hovered over you. And he was drawing you and he was stirring you and he was quickening you and he was trying to press you in, to the reality of these things. Amen. And sometimes you sitting under a ministry and you can't get there fully and God have to root you out and put you under another ministry that can bring you in there. Yes Sir! Because it take the right type of water to bring you to life. It take the right type of stone just to cut you, to put you in your place. That's right!

Even though you get hatch out under a hen, when it can't learn to fly, he have to take you away from a hen and teach you, and let you see one who could fly, if you don't know how to fly. That's right! That's right friends. That's why people need to wake up, because it is not just church. It is not just movements, it is not just men, is not just these things. Holy Spirit, quickening ripening. You could be sitting under this message and ain't growing, if you have life in you? You could be sitting under this message and you ain't getting ripe, you could be sitting under this message and your faith ain't getting perfected? No way, son and daughter of God and God is proving His word to keep you walking and keep you

pressing. And you taking your bear and you taking your lion. And you seeing your power increasing and you see your understanding that you have been called by a prophet, anointed and placed. Amen. And you walking in the vision. It does even make you prophecy. David prophesied, he say I'll cut your head off, he didn't have a sword, I'll cut your head off and I'll feed you to the fowls. He prophesied, first they find him playing music, he could play music, he could prophesy. Is that right? [Congregation says Amen].

You think he didn't have them gifts, he had them gifts. David and them had them gifts under the Old Testament, prophet Samuel walk up there, boy must be spend, maybe hear one tape and a little horn of oil fall on the man head, but that was enough, you, you hearing it for twenty years, you hearing it for twenty years and you can't find your place. You ever read any where after that Samuel, spend time and he only playing, walking with a walk man and playing Samuel what Samuel say in he ears. No sir! Let me tell you, Samuel only confirmed who he was. You get what I saying. That's right! He was what he was **even** Samuel didn't come. Like Samuel was God plan, Samuel was God provided way. Samuel was come in the time and season when he was ordained to come and that boy was laying there with that gift inside of him. Hallelujah, because Samuel didn't even know who he was and he tell Samuel who he was. God tell Samuel who he was, God reveal to Samuel, didn't God do it for Elijah to. Elijah didn't even know, had a predestinated man there plowing, learning to plow a straight line. Yes sir! And Brother, wasn't that eagle in the barn yard, already a eagle? [Congregation says Amen]. That's right! But when they get their confirmation, their faith exploded and she flew to the barn yard post and when the mysteries start to unfold, she flew up in the air. Because she had the potential before that and she know, something strange with this bunch of chickens around me. Amen. She was a different kind of bird among them barn yard chickens. But when she heard a real eagle, she begin to set her wings and fly up into another realm of faith. Oh my! That's why believers are rugged, that's why believers have attitude. That's why believers have vision, Amen. Because the Holy Ghost speaks to you. Glory be to God in the highest. Let me tell you, God, God was even sending mediums. He say, sonny, you want

me to tell you when you born, you born at five a.m. April 6th 1909. That's right! And say you will never be successful in the East, you have to go West. You know why? So when the time come the Holy Spirit could show you, gifts and callings. He could understand the scripture. We know Paul, we know Jesus these are servants of the most high God. Bible to open up scriptures, just like he went beyond the curtain of time. He say but why I didn't feel no sensation, them women hold me. He say here you like the Angels. Hallelujah, Amen. Glory be to God.

So all that that wasn't a theophany. So why you here, because you was a leader, you gathered to your people to open scriptures, scriptures that needed to be opened. Because they put in the Bible for a purpose. Yes Sir! How we ought to have faith. How we ought to have faith. How we ought to believe and say Father, I' am sitting here, I used to think it was a man, but now I understanding a little better it is not a man. Now I understanding it is you Lord. Talk to me because these things are here you have to speak and stir my soul that's why faith does come into me when I sit and hear that word, Amen. No man can give me faith, faith come by the word when the Holy Spirit, but man is God agency, Lord I realize the greatest battle for a man is to believe another man, but I' am breaking through them veils now, I' am rising above now, because my mind is being enlightened and I understand your plan. I begin to understand your plan. I can't make small what you make a certain size. Who am I to diminish it?

Yes Sir! You are the one who deal every man a measure of faith. You are the one who makes man to minister to the proportion of his faith. You are the one who hold man in the wilderness, Amen. On the back side of the desert, emptying him out. Until you get him ready for his ministry. You are the one who break a vision and make man see his nothingness and say, woe is me. Before he could be prepared and sent. You are the man, you know how to train man. You know how to call man. You are the potter who break the vessel and remold it. You are the same God. Sometime before man could come into their ministry they does have to find oak trees. For the kind of ministry they call for. How could Tommy Osborn come into a ministry of the one of the most powerful evangelist in the field in this age? A

prophet..... He lock him..... get this, you' all does miss it so many times. He lock himself up in the room, make his wife nail up the door. Staying there for seven days, fasting no water, no nothing, waiting there before God for God to talk to him. When he saw a prophet operate in the supernatural, nothing happened. That is man trying to come into the supernatural, without knowing the way. That is just man desperate, that is just man desperate understanding to. That is just man work up in the mind.

When it comes to the prophet man who could look back into his life, say Tommy but you can preach, you are a great preacher you are a excellent preacher. He say I know what you need, go sit down under that oak tree. He say which oak tree, there ain't no oak tree there. He say that bald headed man sitting in my porch there. Go, go round with him. Walk around with him, watch him operate. Let him teach you the techniques, let him teach you the approach; let him teach you how to use the word. He say next time, he say he spend about a year with Brother Bosworth. A prophet directing to a man, who could part to him and the approach to the scriptures. Pertaining to divine healing. The next I met him he was having tens of thousands of healings, he say, he is, he's one of the greatest most powerful evangelist, I have the book right here, on the field. He say, because Brother Bosworth sat and thought him the approach to use the word. He ain't say go back and up yourself for fourteen days. God will talk to you. Is God call you. Go with a man who knows. That was more scriptural than the next thing. That was apostolic, that was apostolic, in the Bible. That is what Paul did. That is where Elijah take Elisha. That is Moses took Joshua, that is why David went with Saul. Read your Bible, read your Bible. Some of you super dupers. If he didn't listen and go with Brother Bosworth, he would of be still trying to fast and pray to get something.

But like the mechanic, take some good advice. Take some good advice; you see supernatural things a person doesn't even see, when you know a certain way that is revealed to you by God that's supernatural. That's not your way. That's God way. You were just thought by God how to operate by God laws. And you operated and you make it work and you prove it. And then you have the key, you know how to do it. Then when a next one come

you can show them how to do that same thing. You mean this is what divine healing is. Didn't he teach us the approach to divine healing? Didn't he teach us there is no power in no man to heal. He say prayer don't heal, Fasting don't heal. He say no man have power to heal. He say and I don't even believe in healing, I believe in praying for the sick. He say the Angel never send me to heal nobody, Angel tell me I was born to pray for the sick. Because Jesus already healed them. By His stripes you were healed. It's a finish work on Calvary. Yet you have all these people saying touch the radio, do this here. And the power of God. And this thing will flow to you right now, wherever you are. Like it is some man, making people feel, he can do them things.

Gifts is to stimulate faith, gifts only stimulate faith. And when God reveal a man and the approach to the word and that he find in the scriptures, because you can't take any scripture and do it. You have to find the scriptures. And tie them together, you find the chemicals that relate to that promise. And you begin to operate with those chemicals and you create the atmosphere for the Holy Spirit to manifest that word. And every part of the word is like that. And listen here. I' am closing, a the time is up **let me finish the quote here**, man when he fell all the channels had clogged up. When the church fell, the channel get clogged up. They come up in the reformer age and you know what they come up with. Bible school, monastery, all kind of different things. Plan to make man minister, how to dress, how to walk in the pulpit, how to bow, how.....all kind of different things and they clogged up the channels. And then this fella you know, he is kind of influential and has a big job and a good education, so they put them in the city, where a lot of rich people is. Because they tell themselves the rich people want somebody educated because they're going to feel embarrassed to come to a man preaching there and can't even talk proper grammar.

Then they take this man poor, get saved and have a gift to preach. He does scream and shout and run on the pulpit and run down the, the, isles. So they don't want to upset them people, they take him and they put him on the country side with a few poor people and farmers to preach to them across there. So they move around man in their place you know, and they playing a political game. Well you see God don't operate so, God does get a farmer

to come and bust the heights of all these big rich people who in their comfort zone, who think their money is power to take the sword and chop them to pieces and let them know, you trusting in uncertain riches.

By of me gold tried in the fire. You poor as poor can be. That's right! And then make that man in he three piece suite, hug up this man in he dungarees over here. Yes sir! That is what, that is what God does. Then when that happen you see the church start to get revival. You see the church start to get revived, now watch. He say now, when God made the human body, every little part, had it's place to play. The teeth, the tongue, the eyes, the nose, God does everything in their to make it, make it perfect in operation, to make the man to live and if God so, pattern the man the body of man, how much more has he patterned and set in order the body of Christ, the church. Is God make the man and pattern that. You know, you just can't, when you have a complaint you just can't walk in by any doctor. You know a doctor say, I just can't touch that. I'll refer you to a specialist. And when you go, he is not a body specialist, you know. He is either a eye specialist, either a brain specialist, either a heart specialist or something, he, he is just confined to one little part of the body.

So do you see when it come to understanding the body of Christ and you get down let we say to just the working of miracles, them is big, big, big revelation. When you get down to gifts of healing, when you get down to gift of knowledge. When you get down to gift of wisdom, these is big, big revelations. Because a natural doctor will take one member of the body, spend a life time and he can't even specialize yet in it. So he is just a general practitioner, he does just give you a prescription drugs you go and buy off the counter. This man is a brain surgeon, this man, he is a heart surgeon, he do triple, bypass and different things, Brother when he cut you open there, there and he taking out valve and everything. He working with a whole team of doctors. He have that whole operation plan out, map out in his mind even before he go and do it. He done take you through different observation; take you through different test, different things and when you come out. You come out of that hospital and you going and start to function, perform, back in your job in your environment like if nothing happen.

He is gifted for that. He tear open your own skull and when he get down to your brain and he start to give you brain scan and these things, he find but your thoughts ain't a certain way man. He get down to your heart, when the heart specialist get down to your heart, he say but your heart full of unbelief. You see, when you get under the word too and you watch a man who could take the word and start to get down into that human spirit and find you. Sometime your nice big, polish up Christian life, which you think is nice life and you real there with God. When you done you, like a Brother tell me when I was preaching on "The Ministry of Angels." He say after this morning, I see myself like Balaam. [Congregation laughs]. All the time he seeing himself like Moses. Holy Spirit drop down in the service and that word went straight to the human spirit, he see himself like Balaam he say oh God, I like Balaam. Like when I was preaching in **Harrie** Zimbabwe and I was preaching there on Abraham and Lot, Brother this minister come out there, boy he says oh God, he say oh God, he say tonight, he say I like Lot, the horror upon him, he see himself like Lot. When the Holy Spirit start to take the traits son of God, son of God all the time. You see what it, what it takes to really walk in a certain sphere with God. My! I tell you. So if God pattern the man the let the musicians come for me please. How much more has he pattern and set in order the body of Christ the church? If God design man body, he certainly designs the body of his son the church. And he designed us to come together in heavenly places in Christ Jesus and have those supernatural workings of God, outlets, through gifts of the spirit. Such as prophecy and wisdom and knowledge.

Like one of my minister friends today call me from Miami and he is faced with dividing a multi-million dollar inheritance..... Father died, big inheritance, it had all kind of money off-shore, here, money in Miami, money in Latin America, money in different places. And he believe in me, he believe I is a servant of God. He believe I know the word, because many times in the past, when something happen he does call me. And God just give me grace to speak to him. Timandra and them was listening to me on the phone. She was I say this a minister friend of mine he is just

faced with a multimillion dollar thing here. He is sitting there with a bunch of lawyers and bankers and different things. But he wants a word concerning making certain decisions. I say, you know what I preaching right now?

Sunday I was preaching discerning the body, last week I was preaching Gifts and Callings and Administrations. Isn't there a man among you with wisdom, you can call. When you have a matter to judge. Somebody who can look, when they look they see the thing in the word, they don't just see human beings,..... I say you know what you doing, I say you under Joshua commission. God giving you experiences right now. To divide the inheritance for your church. That is the first place I went. I say all this is necessary, don't feel no pressure, no tension. God ordained you to pass this way. I say when you getting to divide inheritance and then I start to go in the book of Joshua and explain, how some people inheritance fall together.

Like Simeon and Judah and them. And so then they had now, apart from casting the Lots, now he had to get the lines to divide that thing down. Because sometimes you have a clear boundary like a rock, or the sea coast or a certain tree, some landmark there. But then if it fall into pasture lands or something, somebody now have to make a boundary, drive a stake down, somebody have to get the rule and measure out with the surveying lines, to correctly divide the thing.say, say so don't get no trouble, dividing an inheritance is not just a easy thing. Sometime it have.....it does get meticulous. Because sometimes you get there into offices and gifts, because discern..... prophecy a word of knowledge is prophecy. Prophecy is prophecy. A person could stand up and prophesy yea, saith the Lord, so and so and so, yet that is prophecy. You judge that, then a prophet stands there with a gift of knowledge, you don't judge him, because it is by that same knowledge and wisdom you come back to judge this. You see, that is why he give a man wisdom to sit down and judge, he have a judge to judge. Well you does judge with revelation gifts. You don't judge with a healing gift to judge a prophecy. You see, no. [Brother Vin Laughs]. That's why Joseph say Pharaoh, you could save the world. Elijah tell the woman your debts are paid. I'll teach you to take your oil and I'll teach you how to work, because the way I' am teaching you to work, the objective is to get you out

of debt. And make sure you don't ever go back into debt. So he say don't borrow one and two vessels, borrow not a few. Go to all your neighbors, some neighbor, you don't talk to have bigger vessels than the one you does talk with. Go out there and get as much vessels. And he is teaching her how to come out of her condition. How to see her situation change, when he needed to use the gift of healing, **Naman** had the leprosy, he had a gift of knowledge to, to know what to do. Where to go and dip. He say let me go by and he say no, I'll tell you where to dip. You need to dip in the Jordan and you need to dip seven times. And you shall be well. From **death** he enter into prophecy. But he choose that place because he had discernment of spirit he know it have pride in there and this man have to humble their self and then he didn't want no money because he know this is for the glory of the God of Israel. But **Gehazai** couldn't read all that. So the money became a snare. That's why, what you call to operate in is all around you. But you know what it is, is a yielding, is a yielding.

He says, they have the gift to play music, they yield to that. They have the gift to sing, they could yield to that. He say, you have, this one call you to preach, he could yield to that. He say my gift is seeing visions, I could yield to that. You all call for something different, sometimes your gift fall in a realm of operation. Not administration. Sometime God divide severally, he give you a ministry and when he give you a ministry, he give you a ruler ship with the ministry. In that you not working with someone, you going out and start something. So when you go out and start something.

You could tell this one do this and don't do that. When you go to work with someone, what is already started, they have to tell you what to do. That is normal that is natural life, spiritual life. these are principles in the word. This is not complicated. And that is where conflict comes many times, because people don't study these things. Study the dynamics, we looking for it but how you come into it. Study rapturing grace to take place but how you does get the faith to come into that rapture. How it does work..... how the faith does get perfected, how God set it up. The only way it have to be in your measure. Because what you, what you have is already given. They cast the

lots not to give them a piece of land you know, to reveal where their portion was. Because they was being placed by birth.

They was being placed by birth. Can't you see that? [Congregation says Amen]. You could see that? [Congregation says Amen]. Are we going to be a baby church all we life. Goo, goo and da, da. Can you You start to see the character of faith. Well what about wisdom now, you could start to see the character of that. What about knowledge now, you could see the character of that. What about discernment of spirit? Or you just want to see faith, faith, faith? It have some things Joseph say he say build so much bands. Do it this way, stir up that, take seven years, buy up all the lands. Don't invest the money in horses and chariots and things, invest the money in land. And employ farmers. Because famine coming. And this is not a ordinary famine, this will destroy the whole world. And he started to give pharaoh a plan, pharaoh only had a dream about famine, you know, pharaoh had no plan to save the people from the famine. But Joseph now after the gift of interpretation. Open up the mystery of the dream. Reveal the symbols and show what God, had sealed up in the dream in symbol form. Interpret the prophecy, then now, wisdom have to come now, to bring a plan to save the people, how he going to save them. In other words I know famine coming. Your dream say seven years of plenty, seven years of famine. Seven years of plenty coming first, he say well we have to capitalize on this. So when the seven years of famine come we have enough to go through. So we going to do this, pharaoh say, he say who is wise like you. He say you is the man I need. Gifts of the spirit, **Bezelel**, God tell Moses, I'll anoint **Bezelel** and a holy he say with such wisdom, they'll build heavenly things.

Things that a man never build yet on earth. I'll give you the vision. And I'll show you in the heaven, I'll show you a altar of incense. I'll show you a mercy seat. Man ain't understand what mercy seat is, this thing is called place of propitiation. A man gift, I'll anoint him to build that, that a people will have mercy in my presence. Man say..... God can man a gift to go in the word and take material and build a revelation, a concept so man could come out of guilt and condemnation. And people can walk in a church and say, boy them people have confidence a

boy. Until they think them people is like proud and lifted up, or boast full, no their sins so gone and they so cleansed because a man was anointed to build a mercy seat. Brother a man was anointed to sow priest garments. When they look at priest they like when the Angel show Joshua in the temple, ragged clothes everything, he say take out these filthy garments from this man, get a turbine. Put it on this man here. Get a new coat put it on this man here. Get bells and pomegranates, when they done they have a priesthood who know how to approach God you know go into the holiest and come back out with a blessing for the people.

Paul take men, Gentile man and all, make them into a priesthood, sow garment for them by the word. And then say commit all these priest clothes to faithful men. That we go have a whole race of priest here. Sure. I want you to see grace has been given. Grace has been given, to go, God tell Jeremiah, I'll show you great and mighty things, that you don't know of, I start to walk you in the word, I'll carry you in places in spirit, I'll open up doors, I'll unfold things to you, I'll bring my presence and my mystery down so plain, that things you thinking is ordinary and you walking, I'll show you behind what you walking and you doing, is a influence on your life. That is from above that your steps is really ordered by me and that it is I through not your wisdom, but my leadership, leading you into a plain path. When you find yourself in the promise, you realize it was not within man to direct his steps. It was the Holy Spirit that brought you from flesh all the way to become word. He is brooding upon a church; God is brooding upon a church. The Holy Spirit is coming down and brooding upon a people to raise them up. Transforming, he is..... have you ever seen the sun rise have you ever seen a flower grow. Great mysteries happen in silence. Right before your eyes, is a paradox. He say we does make more noise to full a bucket of water. The sun does draw billions of gallons everyday and you don't hear a sound. Send down such showers of rain, thunder and lightening. And yet it draw up all that.....you say when it draw up that water. While you was chatting and carrying on and talking about chicken and chips, he say I was drawing up all that water here. And when that rain pour out all this grass and all this tree, bearing fruit, that is where it coming from. It happening all around you and you can't see it. A man does talk

they want miracles, that is miracles, that is miracles. But in God's realm that's just natural, we call a nature, is natural for God but supernatural for us. Man can't explain them things. They write libraries of textbooks and they can't put it together good yet. They get meteorologist, weather prophets with telescopes, satellite out there, trying to tract **whims**, trying to see how they start to heat up the place. How, how they affect the tide how they affect the climate, they try to study it, it to big for them to study. One little aspect of God. Yet the spirit of God does come in men and start to talk. And all explain, God does come down, by another intelligence. I just love him tonight, I' am, I' am looking for this great supernatural church.

I have a email I wanted to read for you. Just let me read it. It came from Sister Sharlene in Dominica, remember Sharlene who was here. Brother Charles daughter who give the little poem here, am just showing something, we sit down here, it is happening here, it is happening out there. When the tapes go out, from the time the service is done here. Sunday, Wednesday, it go out Monday morning. Sunday, Wednesday and they sit down there in the week and they hear the same word we hear. And the Brothers had called; they say we had listened to "Thy Faith" they say we was like drunk about the service. Went over by Brother Daniel for lunch we couldn't come out of it, you know later in the week the email came.

She say I writing one email to all of you, because I may not get through to writing each of you separately and still I want to keep contact with all of you. A few people have this email so they will know it is the truth that I' am saying. Today we listen to message from Brother Vin which is titled "Thy Faith," and I really enjoyed the message it just ministered to me. Like someone would say I claim it as my confirmation. Being in this message has really tested my faith. Taking stands that I would have otherwise been afraid of taking. But by faith, I' am moving up to where eagles dare, as the song goes. I' am claiming my victory over sickness also. I have been sick for a long time, why no doctors have answers.

Done X-rays and test and still they are not sure. But I just laid it all at Jesus feet and claim my healing. That was just before I got into the message, I gone to Martinique for a final scan, M.R.I.

Which was said to be very detailed and would give a clear understanding what was wrong. I went for that scan which was funded by my past employer, God bless them and for some reason I paid less than expected, than expected. I was supposed to pay \$1000 U.S. Dollars, but I paid \$400 I just can't explain, I came down with the scans, but not the results which was supposed to be faxed to my doctors here, that was since September 6th 2001. And still no results, but for some reason since I had already laid it at the feet of Jesus I never bothered to check the doctor after I gave him the scan and stuff. He said he would call and find out about the results. Which have not come, but I asked my self the question, whose report do you believe. When I serve a God that has already healed me. People say I' am not ready for healing, or I don't care about my health. But I know I' am healed in Jesus name. Healing takes a process, we all know and I' am moving in that process. And today listen to that message, "Thy Faith" I just saw myself, in many ways and that answered the question why the doctor's results are still not known. God is showing me that my faith, should not be laid in the wisdom of man but in Christ, you know as I grow deeper into this message, poor little thing, she, see how fast that work is being done. Just come in the message here, some months ago. You know as I grow deeper into this message, I realize why I was always seen as different. Some how I could never really fit in with other people who were in the world, we would talk and stuff, but deep down, you knew there was something different between you and them and day by day I' am seeing why.

Though God made us different, when I met Brother Nigel and Brother Marvin and the saints from Trinidad, St. Vincent, Grenada and alike. I knew that I fit in somewhere. I knew I was not alone with my family there were people who talked like we did. We were not just thinking and talking about something that did not exist, before we came to this message when we came from church we would come home and discuss the message that went forth. Talking about when they was in the organization. And the question will always be asked why they never get directly to the point. What is it that was preventing them from saying things as it is. But now when we listen to a message, we can identify with it and we have no reason to question it. It is so clear and in line with

the Lord, God, all we do is to apply it to our life, we always prayed for a day like that to come. And that day has arrived, thank God. Thank God that we never got trapped under denomination, we always found it difficult to swallow, when I start talking about this message, I just keep flowing and can't stop. I feel so free and now there is no doubt in my mind that this is the true word of God. It is all according to God's word and there is no second thoughts. Hearing one thing today by one person and another thing coming tomorrow and contradicting what the person today said. I feel the spirit of unity and oneness of spirit, though we may appear different and physical, we are the same in spirit and I feel it.

I just pray to God to free me from fear. From all fear, like the word of God says he has given us the power to put all things, fear included under our feet and I claim that power, there is much more than I could share. But words can't just explain how I feel. I thank God for you and how he has brought us together in love. Just a while ago I was going through a newsletter, I received about Brother Branham's ministry and I saw a couple songs from Third Exodus Assembly and I smiled when I saw a song written by Sister Carol Alexander, she blesses my heart, you know, Sister, God Bless You, ever since that day we met on line, there was the connection right there, I told you things that I was surprised to see myself writing, cause like I said, I' am much to myself, the quite Angel. On of my school teachers call me, I just felt the love through the words you wrote and when I saw you in person it was like my heart leaped for joy, I say that's my Sister. The same goes for the other Sisters I met, I just seem to be able to identify myself with them and like I told Shelly, I have finally met people like myself. Who thought the same thoughts and talk the same talk and stood on this foundation of Jesus, no matter what. Thank God, I never doubted myself and that he has allowed me to meet some of his true followers. Doctor said I should have been dead when I was young and it's a miracle of Christ that has me here today and the love of family that I thank God for everyday, especially my dad. People say I' am a daddy's girl and I' am proud to be, when I see all that my dad has done.....

And is doing for me, much more for my heavenly daddy who has promised me all things. Joy, happiness, you name it. People say that I' am like a little child for my age, because I always tell

my Father my location. And does or goes nowhere without his approval. Certain places, I would, just would not go. Because I know my dad would not approve. I've been told I should make my own moves, but it is the same with God. He gives us His word to guide us. And reveals how he wants us to live. When we commit all to him. He gave us life for His glory, not for our fleshly pleasures. And that I can identify with. And I thank God for my daddy who has brought me up in such a way, that I' am now able to walk with

Christ and take a stand for him. Now I can fully, fully rely, on Jesus Christ knowing that even if my dad may fail me, now Jesus is always there to see me through. Like Jesus when he was of age, to go about his Fathers business, God has dealt with me in ways I just can't explain. He brought people in my life before I got into this message to show me, that the only true peace can come from him. I use to seek friendship from people that my dad would not always approve off. But he allowed me to see for myself and today these friends have just drawn away slowly and I see my dad was right, but like God he gives us his word, which, we at first, take fore granted until worst situations arised and we have to turn back to the word which never changes for refuge for my God is wonderful, I have been tied to Him for so long, think I better stop now. Like the song say I don't want to say good-bye I just want to say until. God bless you for allowing me to share my testimony, I just could not keep it all inside. Isn't that wonderful, so when Sister Sharlene and the saints get the tape and they sit back in the church there and they see hear the testimony, bless the saints here and to Sister Sharlene, God Bless You my Sister, God Bless all the saints there in the house hold of faith. May God keep you all faithful, pressing the battle until we all see you all soon. Amen.

The saints in St. Vincent, we baptized Last week and couple more new families came to the services, this week. They was so excited because they see a great thing moving, among them there. The Brothers in Grenada when they went into a the other one who believed and wanted to be baptized. And to see some couple years ago when we went there, Campaign, they had a gentle man who was a believer he used to attend a church in the mainland there and when he met the Brothers, Brother Bishop and they had spoken with

him, spend time with him. He was so moved and affected and and then somehow it seems like some cold water was thrown upon him, refused everything. And then he came and died and there is more believers in the land. **On that little Island up there** and then these Brothers went over and God led them to this..... And then when they came back, she begin to call up her family invite these people home by you and let them talk to you. All you go out in the service, because she realize it have something. And so they have, had gone back this weekend. To follow up on that, to meet these people again to talk to them. These things are moving friends and here we are trying to stir you, to a place Trying to take your thoughts on a higher level, lead you into deeper thoughts and higher objectives. To bring you to a place to see the hour we are living in and by and through the members of the Bride body, God will fulfill all that he have promised. God trying to change your view of seeing yourself as a little Trinidadian, to see your election and your calling, to see God's foreknowledge and His predestinated mystery concerning your life. To understand why he called you under this message and what he deposited inside of you and under the ministry, that you sit, how he is cultivating this and raising you up to take a place. Grasp these things tonight. And watch and see the Holy Spirit will have more room in your life, when he get them flu's blowed out, to operate through you. Then it wouldn't be by your might and your power, but He teach you to yield and obey, and submit. That His Holy Spirit could come down. Lord prepare me to be a sanctuary, pure and Holy tried and true, with thanksgiving, I'll be a living, sanctuary for you. A living tabernacle of the living God. A stone cut out, previously marked out by a design, being brought in this hour, to take its place. A house that God is to fill with His glory and the presence of God would dwell in the midst of His people.

Hear how this little Sister write; hear how the faith she expressed. Hear the understanding already being enlightened. You know something they have no preacher among them, they just hearing the tapes. They just sitting..... the tapes. The Brothers went out, talked to them, had services, come back they learn to stand on their own. They as a small group come together. They come here something happen to them. When they went back

they refused to sit down and just go back to church and go back home. Brother Sammy was there out in Tobago this weekend. Couple weeks ago the Brothers went Brother Bishop and Brother Nigel and Brother Marvin and them when they start to go out and testify, Brother Melville went, then Brother Sammy went this week..... and they have about three people waiting to be baptized, now this coming Sunday, going and talking to people. Brother call me he says they came back from where they went, talk to some people, people begin to show a interest. Their faith begin to rise. Brother Sammy confirmed, he says, call me this morning too, he says. It seem like the people is catching and rising up with faith. Faith, brings faith. Love brings love. When people come in among people and see they desperate. See they focus. It robs off, it affects them. They say I hear that Brother talk I hear that Sister talk. I see the convictions some of them have. Say oh God, I want to be like that. How could come and..... sit and not be affected friends, if you have life in you..... God is preparing his church.

Lord prepare me, let's just sing that, to be a sanctuary, pure and holy, tried and true, with thanksgiving, I'll be a living, sanctuary, for you. Oh sing it again, Lord prepare me. Let that be your prayer tonight, I hear about this great temple of God. Stones cut out according to a pattern, being brought together. Lord make me a lively stone building up that spiritual house, a habitation for the spirit of God in this hour. An Ephesians at the end of the age. With thanksgiving, I'll be a living, oh, sanctuary for you. It is you Lord, who came and saved, oh the heart and soul of every man, it is you Lord, who knows my weakness, oh, God give me strength which I don't have. Lord hear my cry, Lord prepare me. Oh, I want to be your sanctuary Lord, pure and holy, oh tried and true. With thanksgiving, I'll be a living not a dead one a living sanctuary for you. Oh lead me on Lord, oh from temptation, it's everywhere in this hour, purify me from within. Oh, my God fill my heart with your Holy Spirit, like Isaiah in the temple Lord, take away all of my sin, Hallelujah. Oh, Lord prepare me, to be a sanctuary, oh pure and holy, a tabernacle that God could fill with His great mighty presence in this hour, Amen. Hallelujah, with thanksgiving I'll be a living sanctuary for you. Oh Sister you sing, it is you Lord who came and saved, the heart and soul of every

man, it is you Lord, He is still that savior tonight, who came and saved, oh the heart and soul, of every man. It is you Lord, let Him deal a measure to everyone tonight, it is you Lord, oh let His Holy Spirit just move in that heart tonight, who knows my weakness, get you fit for service, give me strength that I don't have. Oh everyone now, Lord prepare me, to be a sanctuary, pure and holy Lord a holy church a church filled with the Holy Ghost, quickened by the spirit. With thanksgiving, I'll be a living sanctuary for you. Oh, come on Brothers, lead me on Lord, from temptation, like Joseph, we want to stand, Amen. Purify me, from within, oh and fill my heart Jesus, fill my heart with your Holy Spirit and take away all of my sin. Oh Lord prepare me to be a sanctuary, pure and Holy, oh my God tried and true with thanksgiving oh I'll be a living sanctuary for you. Amen, one more time, Lord prepare me to be a sanctuary, as Brother Simon Scott comes, amen. Want to ask him to ask God blessing, dismiss us tonight, pure and holy, oh tried and true, with thanksgiving, I'll be a living, oh sanctuary, for you.

Thank you Lord.

Brother Vin says Amen. You love Him? [Congregation says Amen]. We so appreciate His grace, Amen. As I strive daily Lord to see your word, perfected, help me be so deeply sincere from within, for I know this is my time for consecration. And may God keep you in His presence. Continue to bless you, and as you grow in this understanding, one of the things you going to find that is a

must, is to get in His presence to pray, I had a little meeting last night with Brother Vishnu and Sister Zelena. Is that you, I'm seeing there? Could you just stand where you are and Brother Vishnu, where is he now. He didn't come tonight? He didn't come tonight? Anyhow, she and her husband I had a little meeting with them yesterday, they have come in for about four months and I find them to be real fine, ah Brother and Sister, Husband and Wife.

She just travel all the way by herself tonight, to service and am, they desire to make here their home church and when they came the deacons met them and says I think you should sit down a little bit and that's our policy that you know they sit and you know really hear the word a little bit, because we really want ah, them to be satisfied, whoever, comes, let the Lord move in their heart, let the word be the influence, let them feel see, because sometimes you just come through the doors, you don't know what is happening. So it is good you come and you sit and hear and then after we had the little talk yesterday, find, them find them to be a real fine couple, now the reason I didn't say it before the service I was looking there it was looking like you and then I wasn't sure because I was looking for the Husband and I not seeing him, so that's why I said before the service that let me acknowledge and so we want to give them the right hand of fellowship and, and just say Brother and Sister in the sense of a general sense, but our Brother and our Sister here in the assembly and they fellowship with us make here their home church and they come in among us and we do everything we can to make them feel comfortable and that God send them in among us, will even make us a stronger body and that God would help them take their place and am the body can be more fitly joined and compacted together in the measure that every joint supplieth, so Sister tell your husband tonight I did mention it in the service and we really glad to have you and officially welcome you and ah make you part of the local assembly here and that we could fellowship together in the local assembly as around the family table we sit and that we do things together as a body as a family here by the grace of God.

And all our Brothers and Sisters who have been baptized in water baptism there came and they took that great stand ah, to be part of the assembly. And am we really appreciate what God is

doing. We just want to be faithful we just want to be loyal and I' am certainly just preaching these things to try to help you realize that God call you for something greater. To give you confidence in the word of God that you are part that's why he called you. He's put something in your life, he have dealt you a measure. Learn what your measure is, learn how to cultivate that measure. That measure can continue to abound in you and bring out all the potential within it and that, that can be a great blessing where God have sent you in to fellowship and you light up this place and people could come in amongst us and see not just a bunch of people, but to see a body a real body with stones cut out, each one with a rock confession, each one take their place.

As I strive daily Lord to see your word perfected. As I strive daily Lord to see your word perfected, sing it as you go on your way tonight, driving your car, keep humming it all the way, when you get up in the morning, get up with a song on your lips, giving God thanks going forth to serving. Remember to let's come out and pray, that God will wrought great things through prayer. We keep the work knitted and built up in the faith. So I can rise up on the wings of faith and soar the heavens wide. So I can live in heavenly places far beyond the clouds and skies. So I can see like a eagle the things God sees from up above. Just to follow in the way of the dove. Oh seeing Lord you've given me a part to follow and you showed me just what I was called unto. Lord prepare me to be always in your service, a true service unto you I want to do. So I can rise up on the wings of faith and soar the Heavens wide, oh so I can live in heavenly places far beyond the clouds and skies so I can see like the eagle the things God sees from up above, just to follow in the way of the dove. Oh one more time, seeing Lord you've given me a part, God bless you keep you faithful, see you Friday the Lord's willing. And you showed me just what I was called unto, Lord prepare me to be always in your service, a true service unto you I want to do.
